## D & B Reports Business Population In Mills County Up Eight Per Cent

### BRrrrrrr! It Sure Got Cold

BRrrrrrrr, it sure got cold in Mills County the past week. In fact the month of January this year may have made somewhat of a record, weatherwise.

The temperature dropped to an official 9 degree reading on Friday, January 28, and to a low of 10 degrees on Saturday, January 29, which is the coldest weather recorded here in a number of years.

Most of the month was cold with 16 days having a low for the day temperature reading of 32 degrees or below. On January 22 and 23 the temperature dropped to 18 and 16 degrees respectively.

Rainfall for the month measured .74 inch and snowfall of 2 inches was recorded.

Today, Mr. A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 85 businesses in Mills County. He said figures obtained from a physical count of the Dun & Bradstreet Reference Book for January, 1966 totaled 85 manufacturers, wholesalers, and retailers in this area as compared with 79 in January, 1965 — an increase of 8 percent for the period.

Mr. Hemphill noted that each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to nearly three million business concerns — to the corner grocery store, worth a few thousand dollars, as well as to businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and re-

tallers who seek or grant commercial credit, but it does not include some of the service and professional businesses, such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added, 9 changes were made in the Dun & Bradstreet Reference Book listings of Mills County businesses, including 3 names added, 3 names deleted, and 3 changes in the ratings of continuing businesses. The changes occurring in Mills County are higher than the rest of the country where a change of business significance is counted about every five seconds.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the principal Mills County communities during the past year.

Reference Book Listings in January, 1966	Reference Book Listings in January, 1965	Percentage Increase
Star	2	--
Priddy	13	8.3
Mullin	5	--
Goldthwaite	64	8.5

When the owner or officer of a business enterprise, or his accountant, fills in and mails his financial statement to Dun & Bradstreet, it becomes a part of the credit report on his business and a factor in determining the credit rating of his business. Mailing the statement, rather than waiting for the Dun & Bradstreet reporter's call, means a concern's important suppliers will quickly have the latest facts on which to make credit and sales decisions.

When the Dun & Bradstreet reporter receives a business man's financial statement in advance of his periodic call, he can make a more detailed analysis of the financial condition of the business and discuss its operation more intelligently.

Back of each listing of a business in the Reference Book is Dun & Bradstreet credit report. The report includes the following: a record of how the business is paying its bills; a history of the business (who owns it, who runs it, and how long it has been operating); a description of what the business does and how it does it; a financial section which usually includes the latest financial statement.

While credit reports are primarily used by business men who want to evaluate the credit risk of a business before shipping or selling, insurance underwriters, bankers, and other professionals also use reports.

## Auction Sale After Stock Show Has Good Response From Buyers

There was unusually good response from interested community stock show boosters-buyers for the club hogs and lambs that were offered for sale this year after the Mills County Livestock Show, Charles Conradt, chairman of the sale committee, reported.

In fact, the response was so good that several club show boosters failed to get an animal when the hogs and lambs ran out before the list of buyers

was filled, according to Conradt.  
Both hogs and lambs brought good premium prices.

The committee expressed satisfaction with the sale results. Arrangements had been made in advance for buyers for all hogs and lambs that were to be offered for sale.

"Business and professional people responded in a splendid way to support the sale for the benefit of club boys and girls," Conradt, stated. Those who failed to get in on the buying this year will be given another opportunity next year, the committee reported this week. Other members of the sale committee were: Sig Jernigan, Don Geeslin, Joe E. Langford and Y. B. Johnson.

Following is list of buyers at the 1966 show:

## Good Attendance Would Help School's Financial Situation

Good attendance of Goldthwaite school students would help the school's financial situation, Supt. LeRoy Beard announced this week.

There are over 500 students enrolled in the Goldthwaite school system.

If each day 487 students came to school the state would

pay the salary of one additional teacher. This teacher is already working in the Goldthwaite school system, and is being paid from local funds, according to Beard.

With the help of parents and students this expense could be lifted from the local school funds and be provided through state funds.

Supt. Beard stated that this is not asking parents to send a sick child to school, but to encourage all students to attend classes except in case of illness.

The child's regular attendance does make a difference in his progress as well as that of the entire school, he pointed out.

## 1,063 Poll Tax Receipts Issued

One thousand and sixty-three poll tax receipts for 1965 were issued to Mills County residents, it was announced this week by H. G. Brooks, Mills County tax assessor-collector.

The office experienced heavy traffic of citizens coming in to pay their poll tax during the last few days before the January 31 deadline.

This year's poll tax payments show an increase over last year when 890 were issued for 1964. In 1963 1,450 were issued while in 1962 the number was 1,041 and six years ago 1,566 were issued.

Principal speaker will be Mr. Ivan Baugh, associate professor of music at Howard Payne

Back when today's adults were growing up, one out of every ten babies died before its first birthday. Now, advances in medical science are saving millions of young lives each year. Yet the cost of the better medical care available today is actually less than the best care you could get when you were a child!

The reason: new treatments and new medicines developed by the medical profession and the pharmaceutical industry.

A dramatic case in point is mastoiditis in children. Surgery was often able to save the child's life, but sometimes left him with a deaf ear. Nowadays, the doctor is often able to cure him with perhaps \$25 worth of potent new medicines, and thus save the expense of an operation and hospital stay.

But most important, these new drugs are saving children's lives—by the millions. Once, the four most deadly child-killers were diphtheria, whooping cough, scarlet fever, and pneumonia. Nowadays, the number of deaths from all of these causes combined is actually less than the number of children killed by accidents.

And medical progress continues. Today, the dollar you spend for prompt and proper medical care buys more than ever before—and may well represent one of the really extraordinary bargains of your life.

## Community News From Mullin

By MRS. JOHNNIE HOLLAND

The weather situation suddenly changed from nice spring like weather to winter weather. We have had temperatures to about five degrees in the early morning and that is plenty cold for me.

News in Mullin is scarce due to the bad weather; however a few people have had some visitors.

We had our daughter, Gayla and family visiting with us; also they visited with her parents, Mr. and Mrs. Howard Ethridge and Brenda.

Mr. and Mrs. Grover Dalton visited last Tuesday and Wednesday in Waco with Mrs. Dal-

ton's niece, Mrs. Emily Sharp and family. While there Mrs. Alta Starnes, a sister of Mrs. Dalton came to be with her daughter who had just recently had surgery, so they had a nice visit with her also. I might add that Mrs. Starnes writes the article "Look Up and Live" in the Fort Worth Press each day.

Tommy Ethridge, Claire and Inez Kirkpatrick all of Tarleton State College, Stephenville, were home for several days between semesters.

Mr. and Mrs. T. C. Chaney are home from a two weeks visit in the state of Illinois with their son, the Rev. Charles

Chaney and family. Charles and wife have a little new daughter, Jena Marie. She has two little brothers to welcome her.

Mr. and Mrs. A. H. Daniels and Mrs. Bonita Sharpe all of Waco visited here Sunday with Mrs. L. J. Vann and Mrs. W. H. Baskin. Mrs. Bob Hughes also of Waco accompanied them and visited with her father, Mr. Frank Shelton, Dew and wife.

Mrs. T. C. Chaney has completed vocational nurses training in Brownwood. She plans to work at the present time for Hickman's rest home in Goldthwaite.

Mr. and Mrs. Jimmy Smith of Goldthwaite were guests of Mr. and Mrs. Gerry Locke and Kevin Sunday.

Mr. and Mrs. Jerry Beihl and daughter of Brownwood visited Saturday night in Mullin with Mrs. Beihl's grandmother, Mrs.

# State Senator J. P. Word Announces For Re-Election

State Senator J. P. Word of District 12 has announced that he will be a candidate for re-election in the May 7th Democratic Primary.

Word, who lives with his family in Meridian, was elected to the Senate in 1962.

Seventeen counties have been added to the ten which Sen. Word has served the past four years.

"I welcome the opportunity to work for the people of Mills County as well as for those in the remainder of this senatorial district," said Word.

Word authored the re-districting bill which was enacted by the last session of the Legislature in so far as it pertained to Senatorial Districts.

"I authored the bill and fought for its passage, first because I believed it would best serve the needs of the people in this area by maintaining a district that is predominantly rural, and second, because I wanted the opportunity to represent the people of Mills County," he added.

"Fully recognizing the importance of farming and ranching in this district I believe that we must continue our efforts to attract industry to the cities and towns of this area. I pledge that I will continue my campaign to get industry located in this area," said Sen. Word.

"I am married to the former Bobby Warren of Meridian and have three children, two boys, "Rusty", age 10 and "Jimbo", age 7, and a daughter, Amy, who will be three years of age her next birthday. I have an intense personal interest in our quest for excel-

lence in education because of my young children. I am convinced however that in our endeavors to achieve excellence in higher education we cannot afford to ignore our public school system. We must have excellence here also if we are to truly excel in higher education."

"In an area such as this senatorial district, your Senator must be prepared to serve the needs of the farmer and rancher, the business man, the working man and those in retirement," said Word.

"I feel that I am acquainted with the needs and problems of the people of this district. My goal has always been to do what is best for all citizens, and this I will continue to do. If at any time I can be of service to anyone in the district, I will be more than willing to do so.

"When I made my first an-

SEN. J. P. WORD  
... Seeks Re-Election

nouncement for election to the Senate, I stated that I disapproved of deficit spending, and thought that we should live within our means. Our state government has operated in the black since I entered the Senate, and this is among the accomplishments of the Legislature that have been most gratifying."

Sen. Word is a member of the First Methodist Church in Meridian where he serves on the Board of Stewards.

A member of the VFW and American Legion, Sen. Word served in the Army in Korea 18 months in 1951 and 1952.

An active, working member of the Meridian Volunteer Fire Department for the past fourteen years.

He graduated from Meridian High School in 1946, and later graduated from Baylor University School of Law.

Sen. Word was elected County Judge of Bosque County in 1958 and served four years in that capacity.

His wife, Bobbie, and his two sons, Rusty and Jimbo, are good campaigners and will be working with him in his bid for re-election to the Senate.

"I have never been in a campaign where I had all the money I felt I needed to spend, and I assume this one will be no different. I have never been willing to wear another man's collar and I do not intend to start now. I hope and believe that if you will check my qualifications and my record since I have served in the Senate I will have your support. I pledge to you that if elected I will endeavor, to the best of my ability, to serve all the citizens of this district," said Word.

## STATE FAIR PAIR ELECTED TO OFFICE

State Fair of Texas directors have elected a new president and a new executive vice president/general manager, the first time in history that both positions have been filled at the same time. Mr. Robert B. Collum, left, succeeds C. A. Tatum Jr. as president of the nation's largest annual exposition in terms of attendance. Mr. Joseph B. Rucker Jr. is the new executive vice president/general manager, succeeding James H. Stewart who retired at the end of 1965. James W. Aston was re-elected treasurer and Arthur K. Hale will be secretary again in 1966. Dates of the 1966 State Fair of Texas in Dallas will be October 8 through 23.

### Vesta McCormick

Mr. and Mrs. Pete Miles and little son of Odessa have been here visiting with her parents, Mr. and Mrs. Ray Lindsey and at Star with his parents, Mr. and Mrs. D. T. Miles.

The Baptist Church has been conducting a study course, "John's Witness To Jesus" each Wednesday night.

Mrs. Fred Mosier has gone to Los Alamos, N. M. to help take care of a new grandson, the son of Mr. and Mrs. Wayne Mosier.

Mrs. Emma Hart is in Gatesville with her daughter, Mrs. Loyd Hancock. She is seeing her Dr. while there.

It is my understanding that Rex Bessent is back in school for the last semester at Howard Payne. He was one of the boys in the bad car wreck in December. I think it is wonderful that he is able to be back in school, and not have to lose a lot of time.

Word has been received by relatives in Mullin of the death of Mrs. Dan Weston of Trinidad, Colorado. Mrs. Weston was 84 years old and has been ill for quite awhile. They are former residents in this area, and will be remembered by Mullin people.

Mr. and Mrs. J. B. Harper and Mr. and Mrs. M. L. Ethridge visited last weekend in Fort Worth with Mr. and Mrs. M. S. Savoy and attended the stock show.

Mrs. Joe Carmichael of Hobbs, New Mexico has been quiet ill suffering from what we know as sleeping disease. She is home from the hospital now, and improving. She was the former Sharon Shelton, daughter of Mr. and Mrs. Doc Shelton.

### Mrs. O. D. Weston Dies In Colorado

Funeral services for Mrs. O. D. Weston, 87, who formerly lived in Mullin, were held in Trinidad, Colorado, Tuesday. She passed away Monday after a long illness.

Mrs. Maude Cook Weston was born in Erath County and married to O. D. (Dan) Weston in Mills County May 2, 1901. She was a Baptist.

Mr. and Mrs. Weston moved to Trinidad in 1946 after ranching near Knickerbocker and other West Texas areas nearly 40 years.

**Still more new cars and diesels, too, for Santa Fe.**

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2½ times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight power is in new high-horsepower units—and more keep coming to move our trains on fast, dependable schedules.

How can we help you? Just call your local Santa Fe Agent.

**EAGLES TIED FOR NO. 2 IN DISTRICT PLAY—EARLY OUT**  
The Eagles, in an easy victory over the Early Longhorns, kept up with second placer in district play with a score of 62-52.

In the victory over Early Jim Tanner meshed 16 points followed closely by Del Sears with 15 and Mike Conradt with 14. The Longhorns' Glenn Fortner took 19 points for his records. Rebounds were taken by Jim Childress, Jimmy Tanner and Owen Yarborough. Tommy Head aided by good defense.

The Eagles have a 4-1 record and may be district co-champs by defeating the rest of the district teams. Next in line for the Eagles and Eaglettes will be Santa Anna at Santa Anna. Tip-off time will be 7:00 p. m. with the Eaglettes playing first.

Name	FG	FT	Pts.
Sears	7	1	15
Childress	4	1	9
Conradt	7	0	14
Tanner	7	2	16
Jones	2	4	8
TOTAL	27	8	62

**EAGLETTES DOUSED**  
The Eaglettes dropped a season disappointment to Early by the slim margin of 28-27.

Debbie Langford was high point for Goldthwaite with 11 points. Miss Lewis was high for Early with 12 points.

Ball losses and violations plagued the Eaglettes throughout the game. It was a see-saw lead with Goldthwaite by 1 point over

Early at the first quarter and Early by 1 point at the half. The score read 24-22 at the third quarter with Early leading. The final score was 28-27.

Early must be defeated by Santa Anna and Burnet, and the Eaglettes must take the rest of their games for the district to be shared. The Eaglettes now have a 3-2 record.

The game with Santa Anna is slated to be a close game with either team coming out on top.

**EAGLES TOPPLED BY M-F PONIES**

In what may have been district play-off Goldthwaite was defeated by Marble Falls 57-52.

Butch Forehand was high for the Ponies with 28 points. Del Sears managed 19 to be high point for the Eagles.

Good ball control by Mike Conradt, Owen Yarborough and Tommy Head helped boost the Eagles' score but field goals weren't enough. The Eagles actually defeated Marble Falls from the field but the Ponies showed their "eye for the basket" with 20 out of 25 from the free-throw line.

Goldthwaite replays Marble Falls February 15 with the game scheduled to be one of the most heated matches of this season.

Langford high point with 13 points. Valda Phinney was leader for Marble Falls with 20 points.

The game was close throughout the game with the Eaglettes coming back to win after a 9-1 handicap in the first quarter.

The defense combination of Marsha Lee, Mary Muse, and Melissa McLean slowed the scoring efforts of the Ponies, in the second half, so that the Eaglette forwards could take the lead and keep it there. The Eaglettes sometimes only lead by 2 to 3 points but kept their heads "above water" to defeat Marble Falls. The game at Marble Falls with Goldthwaite proves to be a real thriller with much support needed from the Goldthwaite fans.
