100% Linseed oil base MAXWEAR HOUSE PAINT

Durable-Resists Weather Abuse

100% linseed oil base assures you of a long wearing, durable finish. Maxwear, withstands the abuse of varying weather conditions to give you long lasting protection. Self Cleansing-Stays Bright

The full gloss, self cleansing finish looks better longer. Mildew resistant, too . . . retains its sparkling white, fresh appearance to keep your home looking its "Sunday best"

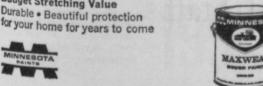

Self Priming—Easy-To-Apply

No special primers required on new or badly weathered wood surfaces. Use self-priming Maxwear as the prime coat and the finish coat. Best of all, you'll need only one coat to cover surfaces in good repaintable condition.

Budget Stretching Value Durable • Beautiful protection

Buy a little place in the country with the money you save on Gas Air Conditioning.

Now you may not get a place just like this for the amount of money you save on gas air conditioning, but you can tell you've saved some money. Gas air conditioning's economy is a big advantage. It's economical to keep up, too.

Fewer moving parts in gas equipment mean fewer repairs, less labor and maintenance costs. Find out about gas air conditioning your place in the country or in the city. Call your air conditioning contractor or LONE STAR GAS.

Help hogs pile on pounds fast...and at low cost!

WITH YOUR OWN GRAIN FOR TOP RESULTS Purina Hog Chow and your own grain, fed as recom-

FEED PURINA HOG CHOW (CONTAINING TERRAMYCIN

mended, is a great pork-making combination. Hog Chow is the end result of many years of constant

Purina Research. Purina scientists constantly work

at further improving the ingredient combination of this famous Chow-but they find it's darn hard to do! One of the ingredients in Hog Chow is Terramycin This broad range antibiotic inhibits growth of many disease organisms in the intestinal tract. By inhibit ing these organisms it helps the growth rate and

promotes the efficient use of feed in making pork. If you've never fed Purina Hog Chow, try it next time you finish a bunch of hogs. Research Farm records show hogs fed the Purina Way reached market weight at less than five months and produce? pound of pork from 3.26 pounds of total feed. Cost is

remarkably low, too. Pay us a visit. Let us tell you more about Hog Chow with Terramycin and the Performance-Proved Purina Hog Feeding Program.

and a community facility. In gram. The aims and expectations of the Head Start Program are as

ant role in the Head Start Pro-

To help children learn to work and play independently, at ease about being away from home, and able to accept help and direction from adults;

Learn to live effectively with other children, and to value one's own rights and the rights of others;

Develop self-identity and a view of themselves as having competence and worth;

Realize many opportunities to strive and to succeed-physically, intellectually and socially; sharpen and widen language skills, both listening and speak-

Be curious-that is, to wonder, to seek answers to ques-

Strengthen physical skills, sing large and small muscles; Grow in ability to express inner creative impulses — making ip songs, painting handicrafts,

Grow in ability to channel in ner, destructive impulses - to turn aggression into hard work, talk instead of hit, understand the difference between feeling angry and acting angry, feel sympathy for the troubles of others.

These goals will be met by the experiences which the prochildren. There will be many things to work with which stimulates explanation, creation, organization, questioning, verbalization, mastery, and physical older boys and girls who will enourage, restrain, protect, provide, give affection, and conerve as the various secretaries stantly, by word and action, open up new vistas to these children about the world of things and people. There will be someone to talk with, to play with and work with, to learn from; there will be music and Life, Mrs. Fred Reynolds; Local rhythems and time for fantasy

The Head Start centers started Monday, June 5 with 17 five will go to school in Goldthwaite

be conducted for eight weeks.
