Council To Survey Area For Annexation

The City Council meeting in regular session Monday night in the City Hall authorized City Manager W. C. Barnett to contact a surveyor to get approximate cost of making a survey of some property with the view of annexing it to the city limits. This action was taken after the council received a written request from three property owners to the north of the city limits to have their property taken into the city. The three property owners are, W. G. Saylor, Robert Burdette and RV Geeslin.

In considering the matter of annexing certain parcels of land owned by the three, the council deemed it wise to check the possibility of taking in some additional property in the general area in order to square the north and northeast boundary lines of the city limits.

City Manager W. C. Barnett presented a report to the council of receipts and disbursements for the various departments of the city during the month of February.

Other routine matters were discussed and taken care of.

We had a nice visit at the W. E. Murray home in Mullin last Tuesday. Necy was one of six finalists in the THDA Scholarship contest.

Judges for the contest were Miss Mary Cothran, District Agent from District 5; Mrs. James Cave, State THDA 4-H Committee Chairman from Fisher County; and Mrs. A. E. Hodges, 1st Vice President of THDA from Hereford.

Others who were there during the Judges' visit were: Mrs.

A. L. Reese, Mills County THDA Chairman, Mrs. Walter McFall, Home Demonstration Council Chairman, Mrs. A. G. Wasserman, 4-H Leader from Mullin, Mr. A. R. Whisenant, Superintendent of Mullin School, Mr. and Mrs. Glynn Sanders, who is President of the Community Improvement Association, Mrs. Pearl Hickman, Necy's grandmother, and Annette and Guy Leverett, sister and brother-in-law of Necy.

Two of the girls Necy worked with as Junior Leader helped serve. They were Johnnie Sue Brewer and Terri Jones, The girls wore garments that Necy helped them make in 4-H.

The Murray home looked beautiful. Necy and her mother did a great deal to prepare for the judges visit.

We feel that Necy has a good chance of winning the \$500.00 scholarship. She was very gracious and presented her work to the judges well.

We will know the outcome of the contest by April 1.

HEARING AID BATTERIES GO UP

The manufacturers of Hearing Aid Batteries announced a price increase on all batteries effective March 1st, but at the same time promised to make a better battery. The popular 675 battery took a jump from \$2.40 to \$2.70 per box. This means the user of a Hearing Aid will have to dig a little deeper, unless they wake up to the fact that the Aid they are wearing does NOT have to have a special made battery that only the Company that fitted the Aid can supply. There is NO Hearing Aid Company that makes its own batteries. Some of the Hearing Aid Companies put their name on the batteries, but the batteries are the same.

We have always saved you money on your batteries and will continue to do so even with the price increase. Most Glass Aids, and behind the ear Aids uses size 13-41-675, or 76 batteries. Our price to you is \$2.25 per package mailed anywhere Postpaid rather than the \$2.70. You can pick up your batteries in our Field Clinic or order by Mail. If you do not know the size of your battery send us an old one. We will keep a record of it, then when you order we will know what size to send you. Why pay more when you can get the same for less? We don't care what kind of Aid you wear, we have batteries for it at a big savings.

We can also save you money on your repairs. We will tell you what it will cost before it is repaired. We can save you from \$50.00 to \$75.00 on your new Aid. If you pay over \$300.00 for an Aid, you are paying way too much.

Mr. Joe Treadway will hold his regular Hearing Clinic at the Mauney Motel in Goldthwaite Monday, March 10th from 2 p. m. to 3.

If you have a hearing problem of any kind, or you need repairs, or batteries, come to see us, we can save you money. You may order your batteries by mail. Send your order to

We have big news for every retail businessman...

Expect our call!

Within the next few weeks a man from our bank will visit your establishment. Watch for him. He'll be bringing you details about a new charge account service that offers you and your customers more prestige, more solid advantages, than any charge plan in existence. It's called BankAmericard, and it could be the single most important traffic-and-profit builder in the history of your business.

BankAmericard will soon be offered, not

only to our bank customers, but to every credit-worthy individual in this community. Simultaneously we will kick-off probably the biggest campaign of advertising ever devised to launch a new product or service here.

Almost before you know it, you can expect a clear majority of shoppers in your area to be carrying and using BankAmericards.

Our man will be calling on you soon. Don't miss him. His is the knock of opportunity.

**A&M Singing Cadets To Appear
In Brownwood, Friday, March 21**

Blend sixty balanced voices into a precision ensemble, add an essence of joy and dash of gusto and you have the Singing Cadets of Texas A&M, who will present a concert at the Brownwood High School Auditorium Friday, March 21, 1969, at 8:00 p. m., under the sponsorship of the Brown County A&M University Mothers' Club.

Announcement of the concert by the Cadets was made this week by Mrs. F. Scott Lanford, of Blanket, president of the Brown County A&M University Mothers' Club.

The Singing Cadets have been making musical history for many years in the Southwest. They are under the direction of Robert L. Boone, Music

Coordinator, at Texas A&M University. Mrs. June Biering serves as accompanist.

Boone attributes a large share of the credit for the success of the ensemble to the fact that his proteges are young men who sing from their hearts "for the pure joy of singing."

Competition is keen for places in the men's chorus, and the roster includes students from all the schools and departments on the campus, as well as military and non-military. The experience of singing together is the only common bond in campus life for many of the Cadets.

One of the secrets of the

Singing Cadets' power is their desire to please in the audience. The repertoire—which is as varied as their individual tastes—consists of medieval, spirituals, classical, modern and hit songs. Mrs. Lanford pointed out making the announcement.
