Two Good Reasons for **Feeding Creep Chow**

The calf, of course, gets the benefit of the extra energy, protein and other nutrients in Purina Creep Chow. He needs them if he is going to reach market weight quickly and bring top price. Purina research shows that creep-fed calves average 40 to 60 pounds heavier at weaning.

But mother cow also benefits from creep feeding. She isn't "suckled down" as heavily by a creep-fed calf, therefore, she is in better condition during the breeding season. Creep feeding can make a dollars and cents difference in the conception rate of your brood cows.

To learn more about how Purina Creep Chow can help you increase your herd production, drop in. We're at the store with the Checkerboard sign.

By MRS. HENRY LONG

The Mullin Senior Citizens held their second meeting of the new year, Friday, January 31, from 2:00 until 4:00 o'clock, at the Mullin Community Center. A large crowd attended, including three visitors, Mrs. A. M. Densin and Mrs. Cooper Gunter of Zephyr and Mr. Grover Poer of North Bennett. We always welcome visitors, also new

members. There were various kinds of work, singing and different kinds of games played by both men and women. Refreshments of cookies and coffee were served to the group.

The next meeting will be held at the same place on February 13, for an all day meeting. Bring a covered dish and join The meeting will be from 11:00 until 4:00 o'clock. Anyone who does not have a way to come to our meetings may call 985-2526 and Mrs. Mildred Anderson will go for you. If you have craft of any kind bring it and demonstrate it at our next meeting.
