Massive Election Law Reforms May Go Before Texas Legislature

By VERN SANFORD
Texas Press Association

Pressure from the courts may move the Legislature to massive election law reforms next year.

At least two major Texas cases could have far-reaching consequences for the state election processes and political system are pending in three-judge federal courts.

In one, Corpus Christi, San Antonio and San Marcos plaintiffs challenge the constitutionality of the annual voter registration requirement and the January 31 registration deadline. They ask reopening of registration after the June runoff primaries to allow voters until October to qualify for the November general election. More than 30 states already have a general election sign-up extension, and no state requires as

early a close-off of registrations as Texas.

A second case tests validity of the candidates' filing fee system. An El Paso candidate for county commissioner and a Tarrant County candidate for county judge won places on the May primary ballot through court action when they pleaded they could not afford to pay the stiff filing fee.

A third case attacks the constitutionality of the statute denying aid to illiterate voters in marking ballots.

Secretary of State Martin Dies Jr. acknowledges a great many changes are needed in the state election code. He is compiling a list of needs with an eye on court decisions and plans to contact legislators about them soon.

Die indicates he is inclined to favor the recommendation that May-June primary dates be shoved back until August and September (as some 14 states now provide).

He also tentatively likes the idea of making voter registrations good for four years.

And the state, believes Dies, "is going to have to reach the conclusion candidates cannot continue to completely finance primaries."

Maxwell Kirkpatrick First In County To Sign Contract Under GPC Program

FIRST TO SIGN UP—Maxwell C. Kirkpatrick, seated at left signs the first Mills County Great Plains Conservation Program Contract. Charles Studer, seated at right, SCS District Conservationist, V. C. Bradford, standing on left, Mills County ASCS Committee Chairman and Bill Bishop, Brown-Mills SWCD Director observe the contracting procedure. A copy of the contract is maintained by the County ASCS for use in certifying that there is no duplication in cost-share assistance between the GPCP and ACP within the County.

The Great Plains Conservation Program is now a reality for Mills County farmers and ranchers. Maxwell C. Kirkpatrick is the first to develop a conservation contract for cost-share assistance under the new program for the county.

The GP Program is a natural for farm and ranch operators who have a need for large amounts of conservation work to be done in a short period of time, Charles Studer, District Conservationist, at Goldthwaite, points out.

The new program is set up by the county GPCP Committee with representatives of the various agricultural agencies of the county, including the Agricultural Stabilization and Conservation Service, Farmers Home Administration, Extension Service and the Soil Conservation Service serving as members. The permanent county committee invites all organizations interested in agricultural and total conservation resource development to consult with them in selecting a list of practices for the program.

Highlights of the first GP contract on the Kirkpatrick stock farm located near Mullin, will include converting 106 acres of cropland to Kleingrass for pasture, and controlling brush with seedbed preparation for range and pasture seeding. Cross-fencing is planned for grazing management.

Deferments during initial establishment of grass seedings, and development of a planned grazing system after grass is established are two of the management practices to be applied by Kirkpatrick. He plans to complete establishment of all cost-share items in his contract within the first six years.

The contract was then set up for an eight year period to allow for two years of management following establishment of the last cost-shared seeding, Studer reveals. Management items which must be applied are proper use on grassland, cropping systems, and grazing systems. The length of a GP contract must extend beyond the establishment period of these practices, Studer further states.

The conservation contract as set forth in the GP conservation program provides for all Federal cost-share funds to be set aside for use by the producer as he has planned to do the work. As conditions change and the need arises for addition to the planned program, the contract may be modified by mutual agreement between the producer and the SCS. The contract binds the SCS work unit staff to allow priority to demands of technical assistance need for carrying out all planned work in GP contracts.

The new Mills County program involves close working relationships with all present programs being administered by FHA, ASCS, and Extension Service. Studer states that a Great Plains Conservation Program which involves all agencies as co-workers has been found to be more effective in counties to the north and west of Mills County having had the program for six to ten years. He hopes to utilize the other counties' experiences in Mills County.

The GP Program is administered by the Soil Conservation Service in connection with regular Soil and Water Conservation District program activities on a conservation need priority basis.

Those interested in further details of the GP Program may contact the local SCS work unit office, the County Agent, ASCS, FHA, Vocational Agricultural teacher, your local banker, Production Credit Association, and the National Federal Land Bank Association officials.

\$314.50 Needed For Park Fund To Carry Program For This Year

W. P. Duren, chairman of the park committee, announced Monday that an additional \$314.50 is urgently needed for the Mills County Park Fund.

This will provide the funds needed to insure a caretaker through this year.

Minimum requirement for the maintenance job is \$1,200.

Park Fund contributions to date this year total \$885.50, the chairman announced.

The committee is urging those who have not sent in their checks to do so now so that the job may be completed.

Members of the committee have hopes that enough interested parties will come through with enough support to put the program over the top again this year.

Checks should be made out to the Park Fund and may be turned in to Duren at the Mills County State Bank or they may be given to any member of the park committee.

The committee has a goal of

Two physicians from the state health department, one from the livestock sanitary department and three from Brownwood joined Dr. J. M. Campbell here Monday for a visit to the border of Brown and Comanche Counties, where four patients are suffering with fever which is pronounced by the physicians to be Malta Fever, a disease contracted from bugs off of goats. The bugs were found in

a cave in Mills County, in the neighborhood where the fever patients live and the parties had been in the cave prior to contracting the fever.

Work was begun Monday on the modern front on O. H. Yarbrough's dry goods store building. When completed this front will add largely to the appearance of the store and give much better show window space.

Mrs. J. B. Barnett and sons, J. B. and Malcolm Barnett, and Mrs. M. M. Miller and Mrs. M. A. Greene of Holly Springs, Miss., are visiting Mr. and Mrs. R. H. Patterson in Mullin. The ladies are sisters of Mrs. Patterson.

Fire was discovered on the roof of O. E. Smith's home in the southern suburbs of town Friday night. Just as the church services were dismissed at the Assembly Tabernacle, the wild cry of fire sent many helping hands to the roof of the Smith house and the blaze was soon extinguished and it is one of the unsolved mysteries how the roof caught fire, as there was

not a flue near the fire and unless a match and mouse started the fire, it can not be solved.—Mullin News.

Community News From Mullin

By MRS. JOHNNIE HOLLAND

I'm sorry to have missed sending in the letter last week. I had to go to DeLeon and spend a week. My brother was in the hospital there, and also at West Texas Medical Center at Abilene. So it was necessary for me to be there with my mother.

So much can happen while you are away. I was especially saddened by the death of Mrs. Lula Bureson. She was an aunt of my late husband.

Gayla, Jim, Randy and Brad visited with me a short time this morning. They came unexpected Sunday afternoon. Also, Mr. and Mrs. Tommy Ethridge of Bryan are here to visit several weeks with his parents, Mr. and Mrs. Howard Ethridge and with her mother in Comanche. They will both teach in the Bryan school system this coming year.

Mr. and Mrs. Albert Evans have recently moved into their new home which they bought from Mrs. W. H. Baskin. They have painted it all new inside and out, so it looks quiet nice now.

Debbie and Vangie Hillman, daughters of Mr. and Mrs. Myron Hillman of Waco visited here three weeks with their grandparents, Mr. and Mrs. J. L. Hillman. They have a little new

sister at their home — Sheri Dawn. Also Mr. and Mrs. Aubrey Louis Hillman, Jill and Jayson of Haden, Colorado have been here visiting in the J. L. Hillman home.

Vesta McCormick is visiting at Kermit in the home of her brother, Hollis Wallace.

Recent visitors with Mrs. L. J. Vann at the Hickman Nursing Home and with Mrs. W. H. Baskin were Mrs. Ralph Hull of Wolfe City, Mrs. A. H. Daniels, Bonita and daughter Beverly of Waco, and Mrs. Joe Fletcher of Wallfirth.

Mr. and Mrs. J. L. Hillman visited recently with his brother, Graves Hillman who is a patient in the hospital at San Saba.

Mrs. Effie Wigley and I attended the Methodist revival at Center City last Monday night.

Mrs. Lena Leineweber passed away shortly before noon today (Monday) in the hospital at Goldthwaite after having been ill for a long time. She has spent the past two years in the Heritage Nursing Home in Goldthwaite.

Visitors with Mr. and Mrs. W. T. Anderson were Mr. and Mrs. H. T. Vaughan and family of Houston; Mr. and Mrs. Stephen Johnson of Plainview; Mr. and Mrs. Coy Cline and Kimberly of Brownwood and Mr. and Mrs. Doug Collier and family of Goldthwaite.

Mr. and Mrs. Billie Hobbs, Gulian, Gregory, David, and Mandy of Brownwood were weekend visitors here with Mr. and Mrs. Dew Shelton and with Mr. and Mrs. Fred Ethridge.

Mrs. S. M. Casey and her daughter Thelma are spending some time here in their home in Mullin.

Warren, all of Mullin; Mr. and Mrs. Roy Routh and family of Ballinger.

Mr. Virgil Conner had the pleasure of having all his seven children present. They were Rev. and Mrs. Loyd Conner of Marfa; Rev. and Mrs. Floyd Conner of Corpus Christi; Rev. and Mrs. Sherman Conner of Dumas and their families; Mr. and Mrs. O. D. Conner of San Angelo; Mr. and Mrs. Everett Melton and Jackie of Temple; Mr. and Mrs. Ralph Wright and children of San Angelo; and Miss Odessa Conner of Miles.

The day was spent taking pictures and visiting. Mr. A. W. Spinks of New Mexico received a prize for traveling the farthest and Mr. Virgil Conner received a prize for being the oldest one of the family present.

Mrs. Ada Duren, the only living relative of the late Mrs. J. W. Spinks, was an honored guest.

Everyone departed late in the evening after spending an enjoyable day and hoping to be back the second Sunday in July, 1971.

Who would believe it?

When Ben Franklin flew his kite in 1749 he found that the kite string would conduct electricity to the earth. It's hard to believe man's conquest of electrical energy since then! The Brazos System now provides low cost dependable electric service to even the most remote of areas. If you are looking for a source of electric power beyond the "outer loop" ... don't go fly a kite ... SWITCH US ON!

By MRS. JOE GREEN

Marion Griffin left for Steph-
ville College, Sunday, to at-
tend school. We will miss her.
We have known her since she
was a little girl. It don't seem
she is old enough to leave

home and go to college.
Hilda Mae Frank was home
over the weekend visiting her
parents and brother.

Mr. and Mrs. Ace Kincheloe
visited us yesterday afternoon.
Also, Emmet Kincheloe visited
us yesterday.

I just talked to O. B. Hill. He
said he thought Myrtle was do-
ing better today. We all hope
she continues to do better.

Raymond Booker is improv-
ing. We are all proud to hear
he is doing better.

Some of our neighbors are
shearing goats and hauling in
hay. It sure has been hot out
this way. It has been 100 degrees
several days and we are sure
needing rain out this way.

Lois Eckert is one of the luck-
iest people. She won a \$10.00
certificate at Yarborough's Sat-
urday afternoon.

Mr. and Mrs. Jim Green visit-
ed Mrs. Bert Ball Sunday after
church at Star.

I had a phone call from my
sister in San Antonio Friday.
My brother-in-law will have to
go back to the hospital for more
treatment and maybe surgery
again. Sure hoping he doesn't
have to have surgery again.

I haven't heard from my
mother and sister in Odessa. I
feel like they are about the
same.

Mr. and Mrs. Floyd Green
have been on a vacation. They
went to Arkansas. We had a
letter from them. They were
fixing to go up into the Ozarks.

Our granddaughter has gone
to a twirling school.

Dear Sir:

Please renew my subscription another year. I had forgotten my bill was due the first part of July.

Thanks,
Charles E. Higgins,

Baton Rouge, La.

Dear Sir:

The article published in the Goldthwaite Eagle, dated July 16, 1970 under the heading "THE TALE OF TWO SYSTEMS," made true statements but it omitted the statements that concern most of us locally and that is the increase in cost of local telephone service. Since 1932 (date in article) the local cost of telephone service has risen 500%.

True, the Postal Service has much to be desired, but the publicity of % increases does not always give a true picture to the public. The percentage increase of postage on second class mail has been great — Yes, the postage of the Goldthwaite Eagle has increased over 100% — from about 1/4 cent per copy to about 1/2 cent per copy; and still they talk about high postal rates.
