McCULLOUGH "Everything To

**Build Anything**"

## Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect

to pay for such a talented little car. In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

#### Numbers speak louder than words.

The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic

inches Fuel economy: about 25 mpg, with the standard engine and transmission,

in our highway tests. Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck. Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day. All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one. Chevy's new little car is open for business. Look into it.

## Young Homemakers Start Activities For New Year At Ice Cream Social

new year was an ice cream social in the park last Thursday.

This informal family party and was a huge success, according to Janell Sherwood, reporter.

After games, ice cream, cake and cookies, the chapter held its first business meeting. Linda Miles, president, introduced all those present and called on Thresa Black to outline the year's program for the new members.

The first order of business was the Area IV Convention to be held in Abilene on Saturday, September 26th. The Mills County chapter has quite a stake in this convention, not only because the chapter is competing for the Outstanding Chapter Award, but also because Thresa Black is a vice-president nominee. Besides elections, awards, and business meetings, there is a banquet for Young Homemakers and their husbands at 6:30 p. m. that night.

All those who are planning to attend should call Linda Miles before September 12th, and a baby sitter will be lined up for the day. Departure will be from the High School at 7:30 a. m. on September 26th.

September is Young Homemakers of Texas Week (September 20-26) and the membership drive will continue through that week.

Plans for October were discussed and set in motion. The next regular meeting will be October 1st, at 7:30 with a book review by Mrs. Hoyt Cockrell. Hostesses for the meeting are
