#### Ridge Singing Held Sunday, August 29th

By MRS, HENRY LONG

The singing that was held at Ridge, Sunday, August 29th, was a huge success. The house was filled and running over with several quartets, trios, and duets. There was plenty of good class singing also.

A delicious lunch was served at the noon hour under a large tent that was set up for the convenience of the people. The folks that owned the tent were from Waco and a nephew of Mr R. H. Pack of Goldthwaite. Many people attended the

singing. The fartherest distance traveled was from Houston. Others came from Fort Worth, Santa Anna, Tow, Brownwood, the late C. R. # MY BABY **PURINA** CREEP CHOW?

Most cows can't produce enough milk to satisfy their calf's energy, protein and nutrient requirements. Calves dropped in the fall cannot eat enough hay, nor can spring calves eat enough grass to fill these needs. It takes more than mother's milk plus hay or grass to bring top dollar on today's calf market.

Creep feeding can solve this problem for the cow-calf operator who is after maximum returns from his brood cow herd. Purina Creep Chow provides a palatable and properly balanced ration for the growing calf.

Come in and visit with us about the many advantages of creep feeding your beef calves. We have everything you will needfrom highly-fortified, growth-stimulating Chows to free building plans for a practical low-cost feeder.

It is about time for 4-H members to begin work on some project. Foods and Nutrition is a favorite project and one that is soon to begin. This project helps 4-H members to develop leadership talents and to develop confidence in speaking to a group. They also develop skill in buying foods and in planning, preparation, and service of nutritious meals. Members also develop an enjoyment of food and food preparation.

Project groups are conducted for all age groups from 9 to 19. Each group studies nutrition and learns to cook several nutritious dishes. The culmination of the project is a County Food Show in which each member prepares a dish and displays it in an appropriate table setting. Taking part in the foods project helps members to gain experience in cooking and preparing for the foods division of the Mills County Livestock Show which is held in January of each year.

There will be a meeting of adult foods leaders on Thursday, September 16, at 7:30 p. m. in the office of the Home Demonstration Agent. This will be especially helpful to new leaders, but information given will be new to experienced leaders.

There is now a 4-H Club in Goldthwaite, as well as Mullin, Star, and Priddy. Each of these communities will have foods groups. Everyone is invited to take part in 4-H work. If you are not now a member, plan to attend the next meeting in your area and to select a project

For further information contact the organization leader of your 4-H Club or the County Home Demonstration Agent.

In all the counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and
