### World Famous Harlem Stars To Play Here Thurs. Jan. 13

The hilarious Harlem Stars are coming to Goldthwaite. Billed as the greatest and funniest basketball team in the country today, the Stars tour the world making fans laugh.

When the name Harlem Stars is mentioned, hoop fans get ready for an evening of entertainment. Fans will see a fancy

exhibition — razzle-dazzle ball handling, intricate routines, both planned and impromptu comedy and all sorts of "shenanigans." Their opponents will be a group of local "Stars."

The Harlem Stars are unique in the fact they never try to run up a huge score against opponents. It is their policy to keep the game close devoting much time to comedy stuff.

The Harlem Stars enjoy playing basketball every day even if they have to travel hundreds of miles to do so. The Stars began their season in Alaska the last week in September and will hit between thirty-six or forty states and the following other countries: Mexico, Canada, Australia, Japan and some parts of Europe. The round horsehide is the magic carpet that has taken these basketball jesters to all parts of the world.

### Water Under The Bridge

by G.F.B.

Maybe we should change this to ice under the bridge this week, or at least ice on the bridge...

Was wondering what happened to our "winter" and now I know. It just wanted to make its presence a surprise and catch us all with our mittens down. Things were extra pleasant during December and especially for the holiday season. For a while there I thought maybe we would go right into spring.

There's a little story of a child who was crying one day on a picnic in the park. Seems the little tike had prayed for a nice day. She asked her mother, "Why does the Lord not make a nice day when I pray for a nice day?"

"Oh," the mother responded easily, "suppose some poor farmer prayed for rain on the same day? Do you not suppose he needs the rain as much as you need sunshine?"

The thoughts of winter were not helped this week when we received our new phone books. The picture on the front cover is a broad sweeping view of a Texas piney woods highway with a solid blanket of blue-bonnets along the roadway.

And here I sit. The only thing blue around here is my nose.

The 34th annual stock show this weekend should be a fine affair, as usual. Everyone who can should make a special effort to attend this show. Agriculture still plays an important role in the Mills County economy, and the shift to livestock has increased in recent years. Besides, do it for the kids if for no other reason. I'll see you there.

### HEARING TESTS ARE IMPORTANT

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids), just because they waited too late to do something about it... don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Clinic at the Mauney Motel in Goldthwaite, Monday, January 10th, 1:30 P. M. to 3:00 P. M.

We invite you to come in for your free test. We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.

## LETTERS TO THE EDITOR

Happy, Texas  
December 17, 1971

Dear Editor:

First may I say Thank You for now we are receiving our Goldthwaite Eagle on Thursdays and never before has this happened.

Pertaining to your column, Water Under The Bridge, I cannot understand how you've lived in Mills County and not heard of Trigger Mountain. By now I feel sure you've been informed many times, but I am compelled to tell you this.

As a former resident, let me tell you as a child, it was our home, our entertainment and our church. If you drive out northwest on the highway from G'waite, you will see a round mound distinctly taller than any thing else—Man, that's "Trigger Mountain", then about one and a fourth miles southeast of there, was the Trigger Mountain Baptist Church. Never did I think I would live to see the day it would be moved away and fenced in, but that's progress, I guess.

There was Sunday School and Church each Sunday morning and Training Union and church each Sunday night, and usually the pastor was a ministerial student from Howard Payne. We happened to live about four and a half miles southeast, so many a Sunday night, during a summer revival, my Daddy would hitch two ole horses to the wagon early and we would go to church, gathering up all the neighbor kids on the way. We would sing all the way. The revivals were always heart stirring and people talked and visited after church and no one knew what a hurry was. To play pranks on each other was the thing then.

Just last week we were visiting in your nice town and ran across the county treasurer and

we joked about those after church activities. I assure you, we had just plain fun and no mon...

Rev. L. L. Hays kept the church on the upward trend. Incidentally we were married by him in those days. He was well known.

If the church kids could get together on Sunday afternoon and go jogging on top Trigger Mountain, that was great. One more thing that made this extra special to me was my grandparents lived at the foot of the mountain and we knew there we could get cool water and plenty of goodies.

The name of Trigger Mountain will always ring a bell with me and stand out as the happiness of my childhood, and I could write a book and not get started.

Merry Christmas and Happy New Year to all.

Thank you,  
Mrs. Isabelle Kennedy  
(Charles)

Sections of major importance to farmers and ranchers include farm business expenses, depreciation, capital gains, casualty and theft losses, involuntary conversions, and soil and water conservation expenses. MRS. CHARLES STANLEY KILBORN

**Kathryn Dannielle Newton And Charles Kilborn United In Marriage**

Kathryn Dannielle Newton and Charles Stanley Kilborn were united in marriage December 31, 1971 at 6 p. m. in the Hodges Chapel of the First Christian Church of Lubbock. Minister Dwarman D. Newton, cousin of the bride, performed the double ring ceremony.

The bride is the daughter of Mrs. Alvis Newton of Lubbock and the groom is the son of Mr. and Mrs. Charles E. Kilborn of Coleman.

Mrs. Earl Tolley of Lubbock was organist. Ben King, also of Lubbock, was soloist.

**BRIDE'S GOWN**  
Given in marriage by her brother, Kenneth D. Newton, the bride wore a formal empire style gown of white velvet. The cuffs and waistline were featured with lace and accented with seed pearls. The veil of white silk organza trimmed with rows of lace formed the chapel length train. The bouquet consisted of a white rose cascade carried on a white Bible.

**ATTENDANTS**  
Mrs. Jenetha Silver of Las Vegas, Nevada was her sister's matron of honor. Bridesmaids were Miss Janie Newton, Las Vegas, Nevada (sister of the bride), Mrs. Robert Priddy, Copperas Cove, and Miss Carol Johnson, Austin. Miss Jodi Silver niece of the bride, acted as junior bridesmaid.

The attendants' dresses were formal length gowns of two shades of blue. The bodice of light blue crepe radiance and the skirts were of royal blue velvet. A sash of the light blue accented the waist. Their bouquets consisted of three long-stemmed white roses with royal blue streamers.

Larry Craig of Arlington served as best man. Groomsmen were Joe Newton (brother of the bride), David Jarrett of Lubbock and Ron Lewis of Portland. Ushers and candlelighters were Gary Don

McKay (nephew of the bride) of Odessa and Mike Houk of Lubbock.

**RECEPTION**  
The reception was held in the Green Room of the First Christian Church. Mrs. David Jarrett and Miss Pam Thornton, both of Lubbock, served at the bride's table. Mrs. Don McKay of Odessa, sister of the bride, presided at the guest book. Mrs. John Houk of Lubbock served with miscellaneous help.

The bride is a 1970 graduate of Texas Tech University with a BS degree in Elementary Education. The groom is a 1971 graduate of Texas Tech University with a BBA degree in Personnel Management. He is presently employed with Georgia Pacific in Lubbock.

The couple is at home at 1919 9th Apt., No. 6, Lubbock, Texas.

**AFL-CIO To Support Yarborough**

Organized labor leaders of Texas have set as political priorities for 1972 the defeat of President Nixon and support of former U. S. Senator Ralph Yarborough for any office he seeks.

AFL-CIO State President Roy R. Evans announced the goals were adopted by his organization's executive board and the COPE administrative committee in a recent meeting held in Austin.

It is "quite possible," Evans said, the AFL-CIO will make no endorsements in next year's race unless Yarborough is a candidate. He noted a two-thirds majority of delegate strength is necessary for endorsement in a COPE convention.

Lt. Gov. Ben Barnes and Dolph Briscoe of Uvalde are announced gubernatorial candidates.

Evans listed the lieutenant governor's race as the No. 3 priority of labor; the House Speaker's race No. 4 and congressional, state Senate and House contests No. 5.

He unveiled a voter registration goal of six million by the 1972 general election.

In a September poll of AFL-CIO convention delegates, Evans reported 201 felt Yarborough should run for the U. S. Senate, while 120 preferred that he run for governor and 26 for neither office.

He said 298 labor delegates would prefer Yarborough to 33 for Barnes in a governor's race between the two, while 294 would pick Yarborough to 47 for Briscoe.

The labor delegates liked Sen. Hubert Humphrey for president, giving him 313 straw votes to 2 for Alabama Gov. George Wallace and none for President Nixon. A random poll of rank and file union members showed 87 for Humphrey to 51 for Wallace and 38 for Nixon. AFL-CIO convention delegates gave Yarborough 350 votes for senator to 3 for Sen. John Tower, and the former senator 316 to 13 over Democratic senatorial hopeful Harold (Barefoot) Sanders of Dallas in the poll.

**Community News From Mullin**

BY MRS. JOHNNIE HOLLAND

It is raining in Mullin again today (Monday). We have the promise of more rain and colder weather. It is nice that we have all the ways of knowing ahead of time about the weather, so we can prepare for it. I remember when I was a child about the only way to detect just what was coming was to look in the north, and if it was all blue and black in that direction a "blue norther" was on the way, and some of them were just that.

Holiday visitors in the home of Mr. and Mrs. G. W. Chancellor were Mr. and Mrs. Walter Kemp of Weatherford, Mr. and Mrs. G. Earl Hutchings and Katherine Kemp. Also Rev. James Rogers, Nate Rogers and Delton Whisenhunt.

Mr. and Mrs. Carroll Lockett and Leighton of Lubbock have returned to their home in Lubbock after spending several days here with his parents, Mr. and Mrs. Bert Lockett. They all spent some time during the holidays with Mrs. Callie Nelson of Winters.

J. T. Hart has been moved from the hospital in Gatesville to a nursing home. His address is Riverside Nursing Home, Gatesville, Texas 76528. Some cards from friends here would help him since people do not

get to visit with him as they would like to.

Mrs. Jewell Baskin has returned home after spending about two months in Hamilton with her sister and husband, Mr. and Mrs. George Golightly. It was really nice to talk to her again. Jewell has been a lot of help to me in writing this letter, and I appreciate it very much. She grew up here and knows everyone that ever lived here, so she has willingly helped me out lots of times.

Mr. and Mrs. James Driskell of Zephyr visited Sunday night with Mrs. Ruth Tullos.

Mr. and Mrs. Glynn Lewis and Mrs. J. L. Hillman ate Christmas supper in Brownwood with Glynn's mother, Mrs. George Lewis. Another son, Dick and family of San Antonio were also present; also Mr. and Mrs. Melvin Bowden. Mrs. Bowden is the daughter of Mrs. Lewis.

Also Mrs. Hillman spent the holidays at Cherokee with her sister and husband, Mr. and Mrs. Bill Kuykendall. She also had New Year's dinner with Mrs. L. L. Wilson.

Mrs. Lonnie Muriel Gilbreath is in the hospital in Brownwood, and she is quite ill. She is suffering from a heart condition.

Work towards the improvement of our Community Center in Mullin started this morning, so we can all look forward to a better place to have our community affairs from now on.

What a boon eggs are to family menus because they can be prepared in a dozen tasty dishes for a quick meal or they can be prepared well in advance of their need.

You'll find a wide variety of sizes and grades of eggs from which to choose. Most retailers feature USDA Grade A or better eggs in at least three sizes. Select several sizes and use as best suited for your purposes.

For example, if your children like boiled, baked or fried eggs, but eat only half of what you serve, then use the medium or small eggs to meet their needs.

If you are scrambling a large platter of eggs, you may find it more economical to use a half dozen large eggs than a dozen small or medium eggs.

Freshness counts in the palatability of eggs in the main dish, but when you are cooking a cake, custard or casserole, use the eggs you've had the longest in the refrigerator. Your final product will be just as tasty.

A good way to plan ahead for holiday meals, is to boil a dozen top quality eggs together, sav-

ing fuel and time. These hard-boiled eggs will keep for a week or more in the refrigerator. You can refrigerate them in the shell, but if the shell is removed, protect the eggs with a film wrap.

You can prevent dehydration and darkening of the cooked egg white by keeping the eggs in a closed container covered with water.

Hard-boiled eggs are handy for snacks for the children and for canapes to serve to unexpected guests.

Inspection and grading of meat and poultry are two separate, but related, programs within USDA's Consumer and Marketing Service. The inspection program covers wholesomeness and proper labeling. To pass inspection, meat and poultry products must be from healthy animals and birds which were handled or processed under strict sanitary conditions, must not be adulterated, and must be truthfully packaged and labeled. The other program is grading for quality. Grading is a voluntary service to meat packers, poultry processors, and others who request it and pay a fee for the service.

## Size And Color Of Print In Insurance Policies Are Misleading

"The large print giveth, and the small print taketh away." That old joke about insurance policies has often had a good deal of truth in it. Many a crucial clause has been tucked away in typographical obscurity.

But in recent years, the size (sometimes even the color) of the print in insurance policies has been widely regulated by statute.

For example, a common requirement in the field of health insurance is that the exceptions must be printed at least as plainly as the benefits. Take this case:

A man disabled by rheumatism tried to collect on an insurance policy that promised, in large lettering, to pay benefits for six months. But down in the fine print, the policy cut the payments to only one month for certain diseases—including rheumatism.

Was the man bound by the one-month limitation? A court decided that he was not. Because of the substandard size of the print, said the court, that part of the policy simply had no legal effect.

Even if the print is large enough, it will ordinarily not carry as much weight as language that is typewritten or handwritten into the policy.

Another case involved a life insurance policy in which the words "Double Indemnity For Fatal Accidents" had been inserted by typewriter.

Later, double indemnity was held to be payable, even though there was conflicting language in the printed portion of the policy. The court said that words specially inserted were more likely to be correct than words buried in a standard form.

Of course, anything that clarifies an insurance policy also puts a greater responsibility upon you as the policyholder. The clearer the policy, the less grounds you have for arguing that you did not understand what kind of protection you were getting.

Accordingly, it makes good sense to examine a policy at the time you buy it, rather than

waiting until you have suffered a loss. Not even large print, not even a special notation, can tell you anything unless you read it.

**Retirement.**

**The end of work, or the beginning of worry?**

Most people look toward retirement as a time of relaxation and enjoyment. And it can be if you prepare for it. But if you don't, it can be a time of worry and discontentment. A time when you can look back and think of a million ways that you could have saved, but didn't.

Well, there's no better time to think about retirement than now, while you're working.

One easy way to save on a regular basis is by purchasing U.S. Savings Bonds through the Payroll Savings Plan where you work.

Now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/4 % when held to maturity of 5 years, 10 months (4% the first year). That extra 1/4 %, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Buy U.S. Savings Bonds. They'll help make your retirement just what you want it to be.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

**Take stock in America**  
Now Bonds pay a bonus at maturity.
