

Water Under
The Bridge
by G.F.B.

Every time we think we've seen the clever posters found in the various cafes in the hunting and fishing areas of the Lone Star State, we come across another. You'll get a chuckle out of the following:

INSTRUCTIONS YOU MUST HAVE ON YOUR HUNTING TRIP:

First you need a fast car—you can beat the other hunters the best spots. That will give you a chance of being killed before you get out in the woods. Save some other hunter some ammo and the mess of shooting.

Be sure to shoot at anything that moves. If it's not a deer you're always a chance it might your mother-in-law.

Now, when you bag a deer, sure and shoot all the shells have left into it. This will sure to splinter all the bones and bust all the entrails.

Don't bother to wash or wipe out as the blood and manure will improve the flavor. Besides, the locker plant operator will be disappointed if you bring in a clean one.

If you decide to skin it, sure to roll it around in the salt, leaves, and pine needles. Then wrap it in newspapers as they will stick well, and printers ink has the delicate flavor of rubber.

Now bring it out to the car, now it over the hood as close as possible, so will get ALL the heat and, and so people will be sure to that you got one!

On the way home, stop at a store, so you can tell the other liars how you killed it. Be sure to stretch your kill at least a mile.

Be sure to stay there until you are sure the location you want to hang your deer in has been closed for the night and the operator is sound asleep. Call him now and tell him get right down, as you must get your deer into the cooler before it spoils.

He will no doubt have a couple hundred hanging around. So be sure he cuts yours first, and makes it all into choice steaks and chops.

"Biggest Ever" Deer Season Opens Saturday In Mills Co.

Deer season in Mills County opens Saturday, November 18 and a large number of hunters and deer are expected to turn out. The limit here is two deer, either sex, and antlerless deer by special tag only. Approximately 1,600 special antlerless deer tags were issued in Mills County for the 1972 season.

Local game management officer, Bennie Schriver, said he expected more hunters and deer on the ground Saturday than in other previous years.

'Schriver reported that approximately 1,500 deer were killed in Mills County in 1971 and he anticipates an even larger number to be harvested in 1972.

G'waite Headstart To Begin Jan. 3

Goldthwaite Public School made application for and was granted a full year headstart program according to Supt. Gilbert Davis. The program, which has been conducted in the summer for the past couple of years will now run during the school year beginning January 3, 1973. Parents with children age four (4) or older who are not in school and who are interested in the program and qualify by the O. E. O. guidelines should contact Supt. Davis soon. Only a limited number may be entered in the Headstart program so parents are urged to act now.

'The deer are in good physical condition due to an abundant supply of acorns, pecans and other deer forage which accounts for a large number,' Schriver said. Turkey season in Mills County comes concurrently with the deer season. Limit is two turkey gobblers or bearded hens, which have beards protruding through the feathers. Due to above average turkey hatch hunting should be excellent throughout the season.

Quail season in Mills County opens December 1 with the limit being 12 per day and 36 in possession.

Dr. Childress, James Reese Attend Meet

Dr. M. A. Childress and James Reese, both of Goldthwaite, attended the West Cross Timbers Council for Health Resources Development in the Hico Hospital Tuesday, October 31. A brief tour of the Hico Hospital was followed by a luncheon held in the Coffee Cup Cafe. A business meeting followed. Guest speaker for the event was Mr. Carroll Gregory of Austin, who is Zone III Supervisor for Medical Care Service Section.

Amy Sanders, daughter of Mr. and Mrs. Roger Sanders, and George King, son of Mr. and Mrs. Wayne King, were crowned the Halloween Queen and King from Mullin Grade School October 28, 1972. Amy and George are both first graders at the Mullin School.

15.91 Inches Rainfall In Mills County

A rainfall report for the past three months of 1972 as recorded by official weatherman Glenn Dewitt is listed below:

September	4.55 inches
October	1.53 inches
November	.65 inches
Total precipitation for the year	is 15.91 inches.

General Telephone Seeks Rate Increase

General Telephone Company of the Southwest officially requested the Goldthwaite City Council for an increase in local telephone service rates on November 8, according to A. E. Powell, Brownwood acting division manager. Jimmy Bennett, Brownwood division service office manager, met with the council to discuss the company's proposal. Information concerning the application was furnished to the city officials prior to the council meeting, Powell stated.

The last rate increase in Goldthwaite was January 1, 1968. Bennett told the council that because of the continuing increasing costs for labor and equipment the rate increases are needed to allow General Telephone to earn a fair and reasonable return upon local investment and enable the company to keep pace with customer service needs.

Members of the city council tabled the request for 30 days for further study and to see what the customer reaction will be.

He reminded the council that utilities, unlike other companies and businesses, are not free to adjust prices immediately each time a higher cost of operation is incurred. 'In fact we are generally granted increases only after considerable time has elapsed since the higher costs were incurred,' Bennett said.

Class of Service	Proposed Rates
Business One Party	\$16.65
Business Extension	1.75
Residence One Party	6.80
Residence Two Party	5.65
Residence Extension	1.25
Rural Business Multiparty	14.25
Rural Residence Multiparty	6.25
Rural Business Four Party	16.65
Rural Residence Four Party	6.80
Semi-public	16.65

An adjustment in rates would also be applied to PBX, PA3X, and key system users in accordance with the provisions of the Texas general exchange tariff now in effect. City officials were provided detailed information in the rate brochure which explains the price commission guidelines that permit utilities to raise prices.

Eagles Defeated 55-6

Friday night the Hico Tigers over powered the Goldthwaite Eagles 55 to 6, in a District 11-A football contest on Eagle Field.

Field for the final game of the season. Game time will be 7:30 p. m. Valley Mills and Goldthwaite are pretty well matched, except Valley Mills has a little more speed behind them than the Eagles,' commented Head Coach Les Johnson.

Goldthwaite managed to cash in for one score during the night. Lee Browning fell on a Hico fumble at the Tiger's 20. Fullback Larry Elliott raced to the goal line from that point. The PAT failed. The Eagles took the opening kickoff and fumbled. The Tigers quickly marched in for a TD with Galen Lindsay going for the final four steps. Goldthwaite fumbled the ensuing kickoff. Again the Tigers scored on a 19 yard play. Hico added two TD's in the second quarter and two in the third. In the final period the Tigers connected for the two final touchdowns of the game.

Quarterback Club To Meet

The Goldthwaite Quarterback Club will hold its regular meeting every Monday night at 7 p. m. in the Goldthwaite High School Building. At the meeting a film of the preceding Friday night's football game will be shown.

Thanksgiving Worship Service Scheduled Tues.

A joint Thanksgiving Worship Service will be held in the Goldthwaite United Methodist Church on Wednesday, November 22, at 7:00 p. m. Rev. Dan Connally, pastor of the First Baptist Church, Goldthwaite, will bring the message.

Goldthwaite will meet Valley Mills Friday, November 17 on Eagle Field.

EAGLE-HICO POSES—Larry Elliott, 32, scored the only Goldthwaite touchdown last Friday night as the Eagles went down 55-6 to the Hico Tigers. Right, Andy Cook, 27, was the one of the bright spots for the Eagles when he picked up some nice yardage. The game was marred by disputes and penalties. The Eagles' final game will be played against Valley Mills Friday night at 7:30 p. m. — Laughlin Studio Photo

MISSED! Come Saturday morning, there will be several misses on the first day of deer season opens. Deer hunting is rated about 2nd behind football being the best sport in our county.

Deer hunting is great, not only the sport but also the good eating it provides. However, there is also a serious side to any good 'thing' which is the danger involved with gun accidents. Accidents while deer hunting are caused a majority of the time by either foolishness or inexperience. The main thing is that a deer has four legs and not two and at no time should a gun be fired at a 'noise'. A very important factor in deer hunting is knowing where your fellow hunters are in the pasture. That way you can prevent from shooting in their direction.

Hunting is a good sport but a slip of the finger could possibly ruin every aspect of enjoyment or recreation of the sport. Be careful and considerate while hunting.

A little extra involvement has been added to the Mills County Livestock Show for this year:

January, 12 and 13, 1973. Four new classes have been added to the show this year which should increase the number of 4-H's FFA and FHA members participating.

The new classes added are as follows: Rabbit Fryers (three rabbits per entry); Turkey Hen; Turkey Tom; and Broilers (three broilers per entry). The classes are all meat classes. Weight limits on each of these classes are as follows: Rabbits Fryers—3-4 lbs. Turkey Hen—13-20 lbs., Turkey Tom—22-30 lbs. and Broilers 2-4 lbs.

All 4-H's, FFA, and FHA interested in these above classes should contact their supervisors about the new classes.

Also, the County Show will have the Horse Show included in its schedule this year. It was deleted last year but has been reinstated for this year. The halter classes for the 4-H, FFA, and FHA Horse Division of the County Livestock Show are as follows:

1. Geldings and Stallions under five years of age.
2. Geldings and Stallions five years of age and over.
3. Champion and Reserve Champion Horse.
4. Mares—under five years of age.
5. Mares—five years of age and over.
6. Champion and Reserve Champion Mare.
7. Showmanship—Participants will be selected from halter classes by the judge and brought back to compete in this class.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—The State Legislature which convenes January 9 will be vastly different from the present one which has served through the 1971 regular and four special sessions.

There will be 77 new faces in the 150-member House and 15 new members of the 31-member Senate. (Five of the House newcomers have served before the 1971 session, and six present House members will be serving in the Senate).

Dolph Briscoe, of course, will succeed Preston Smith as governor, and Bill Hobby will preside over the Senate, succeeding L. Gov. Ben Barnes. Rep. Price Daniel of Liberty will become Speaker of the House, replacing Rep. Rayford Price of Palestine.

Basically, the House is expected to be a more liberal body than the present one, and the new Senate considerably more conservative.

Republicans, women and blacks increased their strength in the House; and the GOP added one more senator, for a total of three. There will be 17 Republican state representatives—seven from Dallas, seven from Houston, two from San Antonio and one from Midland. GOP senators were elected in Dallas, Houston and Fort Worth.

The House, which now has a single woman member, will have five (including two blacks) in January. Mrs. Betty Andujar of Fort Worth, wife of a physician, is the new woman senator. She is a Republican.

The Senate's only woman member at present is Miss Barbara Jordan of Houston, a black, liberal Democrat who was elected to Congress November 7.

Black membership of the House will increase from two to eight.

\$19.2 MILLION IN AID SOUGHT
Governor Smith went to Washington last week in search of \$19.2 million in additional federal social service funding.

Texas has received \$34.8 million in federal matching funds for social services to eligible citizens during the fourth quarter of the 1972 fiscal year.

Smith argues people involved received the same services throughout the year, and the state is entitled to compensation for the first three quarters of fiscal 1972, as well as the last quarter.

The funding will be important in determining whether the next legislature will have to pass a substantial tax bill.

TAX LINE CAN BE HELD—
Texas Research League predicts a major tax increase can be avoided next year if lawmakers can keep reasonable controls on spending.
Spending, says TRL, probably can be held within bounds of a

\$750 million raise over the next two years—unless federal court rulings require sharp increases in funds for public schools.

An increase in revenue from existing taxes is estimated at \$375 million. A \$40 million surplus is expected to be available at the end of the fiscal year, and federal revenue sharing may provide the state as much as \$315 million during the biennium, according to TRL. That is within \$20 million of the new spending projection.

Texas Highway Department is due to ask a two-cents-a-gallon gasoline tax hike next year, which would add another \$70 million to key revenues in addition to earmarked road-building purposes.

WARNING TO HUNTERS

Texas has a law on its books which makes it a felony to carry prohibited weapons such as firearms of any type or character, or a knife with a blade of more than five and a half inches in length into any place where alcoholic beverages are "sold or consumed." Penalty is five years in the penitentiary.

This law also provides that all licensed premises must display a sign warning all patrons of the existence of the statute.

Particular attention is being called to this law since liquor, as well as beer has now become legalized in many areas of the state.

So, if you want to stop for a cool one, or a six-pack, while enroute to that hunting site, leave that gun (unloaded) in the car. Don't even think of taking it inside a beer tavern or any place serving or selling liquor of any kind.

And treat the deer-skinning knife or other long blade with the same respect. The scabbard is legal, but what's in it is not.

News From Your COUNTY HOME DEMONSTRATION AGENT

By WEEDON WASH Home Demonstration Agent

Many of us are sewing knit fabrics for our winter wardrobe. Simply using a small ruler can help you determine several important characteristics about a

knit fabric.

The knit's stability is important. Moderately stretchy and very stretchy knits require more purlous stay-stitching where the care in construction, including scrupulous stay-stitching where she does not want the seams to stretch.

Stability can be determined by gripping the knit fabric and ruler in your left hand, four inches from the raw edge. Next, stretch the fabric toward the right and measure how much it stretches.

If the stretch is no more than half an inch, the fabric is stable; up to one and one-fourth inches means it's moderately stretchy and more than that means it's very stretchy.

After determining the stability in this way, check the back of the envelope to see if the fabric's stretchiness is suitable for the style chosen.

In addition to determining the knit's stability you can also check its recovery ability as well.

After stretching the knit, let it go with your right hand. If it springs back to its original shape immediately, it has good recovery ability and won't 'grow' during construction.

If it doesn't snap back right away, then special care in sewing and handling will be necessary.

Also, shrinkage is easily converted from percent to inches per yard with the ruler.

By knowing the shrinkage, you can decide whether to allow additional yardage for shrinkage in washable knits.

THE MILLS MINISTER

BY: ERNEST ROPER, pastor
Mullin Methodist Church

MAY I SERVE GOD?

In the twenty fifth chapter of the Gospel of St. Matthew we have the story of the final judgement. Jesus is coming near to the end of His earthly ministry. He is giving some of His final teaching to the disciples and the multitude gathered about Him. In this account of the final judgement Jesus reveals the fundamental principle underlying the final appraisal of life. Here it is in positive terms. In the end, when the Son of man shall come, and before Him shall be gathered all nations: He shall separate them one from another, as a shepherd divideth his sheep from the goats, the sheep on his right and the goats on his left. Then the King shall say unto them on His right, Come, ye blessed of my Father, inherit the kingdom prepared for you. For I was hungry, and you gave me something to eat; I was thirsty and you gave me a drink; I was a stranger, and you took me in; naked, and you gave me some clothes, sick and in prison, and you visited me. Then said these on His right hand: When did we ever see Thee hungry, or sick, or naked, or in prison, or thirsty and ministered unto Thee? We do not understand what you are saying. The King replied: In as much as you did it unto one of the least of these my brethren, YOU HAVE DONE IT UNTO ME.

Then to those on His left the King shall say: Depart from you cursed into everlasting fire. For I was sick, hungry, thirsty, naked and in prison, and you did nothing to help me. You just passed by. Then will those on the left say: Wait just a minute! When in all of life did we ever see Thee in any of the conditions of which you are talking? Then the King will say: In as much as you did it NOT unto one of these brethren of mine, you did it NOT unto me.

Here it is vividly portrayed. The final appraisal of life is con-

ditioned upon service to God by serving His children. This is your opportunity and my opportunity to be great. Jesus said: If you would be great, be a minister and servant. The Son of man came to minister unto men and to give His life that we might have life more abundant.

Self Culture Club Holds Thanksgiving Program Recently

The Self Culture Club met on Thursday, November 9, in the Fellowship Hall of the First United Methodist Church, for their Thanksgiving program and guest day.

Mrs. T. J. Collier was program director.

Invocation was given by Miss Love Gatlin.

A quartet composed of Mr. and Mrs. Thurman Head, Glynn Collier, and Wallace Johnson sang two numbers, "Count Your Many Blessings" and "Come, All Ye Thankful People."

Mrs. Collier introduced the guest speaker, Rev. Gordon Talk, pastor of the First United Methodist Church.

Rev. and Mrs. Talk toured the Holy Land recently and Rev. Talk showed the group slides of the historical buildings in Rome and told the Christian background on each of the slides.

A delicious tea plate was served to a number of guests and members.

Elected Criminal Attorney

Emory C. Walton was elected as the Criminal District Attorney of Eastland County, Texas, at the General Election on November 7th. He is presently serving in that capacity having been appointed to the position by Governor Preston Smith in July of 1971.

Walton moved to Eastland in March of 1968 from Abilene, where he was the first assistant city attorney for the City of Abilene. He was appointed as assistant county and district attorney of Eastland County on April 1, 1968, and in November of that year he was elected as the County Attorney of Eastland County which office he filled until his appointment as the Criminal District Attorney.

A native of Mills County, Walton attended school at Star and graduated from Mullin High School. He served in the Air Force and afterwards was graduated from North Texas State University. He later was graduated from Baylor University Law School after which he moved to Abilene.

Walton is married and his wife and him have two daughters, Melinda and Karen Sue. He is the son of Mrs. Lyda Walton of Goldthwaite and the late Mr. John Walton.

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q I borrowed \$750 last summer to pay my son's college tuition. When I figure out whether or not I can claim him as a dependent, may I include the tuition loan in total support I furnished him?

A Yes. Amounts you spend on your son's education are included in total support furnished by you, even though you borrowed the funds. If your son had borrowed the \$750 and spent it for tuition, that amount is included in total support furnished by him.

A handy worksheet to help you compute total support for your child is IRS Form 4679, "Child and Disabled Dependent Care Computation." This form is not required with your return, but may be kept for your records. It's available from your local Internal Revenue office.

Q I spent \$3 at a church-

sponsored bingo game. Is this a deductible charitable contribution?

A No. Amounts you pay to play bingo or engage in other games of chance are not deductible contributions. They are wagering losses.

Q I just sold my house. I understand that I can reduce the taxable profit from the sale by taking into account additions made to the basis of my property. To what "additions" does this rule apply?

A The basis or cost of property should be increased by adding to it: the cost of improvements and betterments having a life of more than one year, purchase commissions, legal fees such as the cost of defending and perfecting title (including title insurance), legal fees for obtaining a reduction of an assessment levied against property to pay for

local benefits, certain finance charges, interest and taxes you have elected to capitalize and all other capital expenditures. The adjusted basis is subtracted from your sales price to determine the gain on the sale.

For more information, see IRS Publication 551, "Tax Information on Cost or Other Basis of Assets," and IRS Publication 527, "Tax Information on Selling Your Home." They're available free by writing your Internal Revenue district office.

Q Who has to file Federal estate and gift tax returns?

A A quarterly Federal gift tax return, Form 709, is required for the quarter during which a taxpayer's gifts for the calendar year to date to any one person total more than \$3,000.

In the case of the estate of a citizen or resident of the United States, a Form 706, "United States Estate Tax Return," must be filed by the executor or administrator if the value of the gross estate was in excess of \$60,000 on the date of death.

MR. AND MRS. BRUCE PERRY

Bruce Perrys Celebrate 70th Wedding Anniversary

Mr. and Mrs. Bruce Perry celebrated their 70th wedding anniversary Sunday, November 5, 1972 at their home in Goldthwaite.

The honored couple was married on November 5, 1902 near the Caradan Community at the residence of Billy Gray. They were married by Goldthwaite Justice of the Peace, H. T. White and their marriage license was issued to them by Whit Smith, who was County Clerk at the time.

Mr. and Mrs. Perry have lived in and around Goldthwaite most all their married life.

Mr. Perry, a retired farmer and dairyman, was born near Cameron, Texas, June 6, 1884. He is the son of the late H. C. Perry and Ardella Melissa Hill Perry.

Mrs. Perry was born near the Caradan Community on June 23, 1887. Her parents were W. E. Gray and Louisa Tubbs Gray.

The couple attribute their long married life together by encouraging and standing by each other and always putting God first.

Mr. and Mrs. Perry joined the Methodist Church at Bethel in 1903.

The couple have one son, Fred O. Perry of Fort Worth and three grandchildren, Kenneth Perry of Grand Prairie and Freddy Dale Perry and Mrs. Earl Wayne (Normajo) Reynolds, both of Goldthwaite.

Many friends called during the afternoon to help the couple celebrate their anniversary.

Mrs. Evie Denton of Goldthwaite, who was with the Perrys when they were united in marriage, was special guest at the anniversary celebration.

A woman's fingernail file is an excellent tool for sharpening fishhooks. The file is simple to use and will sharpen hooks faster than conventional sharpening stones, claims Raymond Shaw of Rehoboth, Massachusetts. Never sharpen a hook by filing back and forth; always move the file in one direction many times until the point of the hook feels sharp.

A DAY of THANKSGIVING

... A time to pause and give thanks for this great land carved from a wilderness by our forefathers. A land intrusted to us to guard and care for . . . A land that has provided us with our growth and strength. Let us give thanks now for this land and at the same time pray for guidance in protecting it so that future generations may also enjoy its abundance twofold.

Provisions of the new "Widows Equity Act" may be important to a number of VA beneficiaries, Jack Coker, Waco VA Regional Office Director, reported today.

Approved into law by the President on September 21, 1972, the new Survivors Benefits Act was designed primarily to bring benefits for survivors of military retirees in line with those covered by Civil Service programs. Many of the new provisions bear directly on VA benefits, Coker pointed out.

One provision guarantees a minimum annual income of about \$2,100 to current widows of military retirees who are receiving VA death pension. Widows of military retirees who are on VA pension roles should be on the alert for Department of Defense announcements on procedures for applying for the new benefits.

Also affecting VA benefits is a provision in the bill that all annuities under the Act are specifically included as income for VA benefits. However, benefits under the Retired Servicemen's Family Protection Plan (RSFPP), which is being superseded by the Act, are not considered income for the purpose of VA benefits. This provision is important to those now participating in RSFPP because they have the option under the new Act of continuing under the old provisions, dropping them in favor of the new plan or continuing coverage and supplementing it with coverage under the new plan.

Widows who are eligible for VA Dependency and Indemnity Compensation (DIC) are eligible under the new program if their husbands elect to participate, to receive a supplemental annuity in addition to DIC.

Mullin News

BY MRS. JOHNNIE HOLLAND

The Baptist Church closed a very successful revival last night. Nice crowds were present each night. We had a real nice shower of rain about 8:30 last night. It has cleared off and we have a pretty day in Mullin except it is too windy. I don't like too much wind. Mrs. Dew Shelton is in the Methodist Hospital in Houston where she is to undergo major surgery this afternoon (Monday) at two o'clock. Her daughter, Jane and sister, Vena Black and Mrs. Melvin Murphy are all down there with her. Her address is Room 77 - 2A, Methodist Hospital; Houston, Texas. I'm sure she would enjoy cards from friends here.

A District Wide Festival of Faith for the United Methodist Church will be held in the City Coliseum at Brownwood on December 3 from 3 until 4:30 p.m. Bishop McFerrin

Stowe will bring the message. Recent visitors in the Will Plummer home were: Mr. and Mrs. W. H. Plummer and daughter of Lubbock; Bobby Plummer of Henderson; Mrs. Willie McCombs of San Antonio; Mrs. Maude Dempsey of Brownwood; Mr. and Mrs. E. W. Vandevender of Burleson; Belve Bean of Comanche; Bertie Carlisle of Abilene; and Mrs. Jessie Dempsey and Kay of Dallas.

Mrs. Dempsey fell recently injuring her shoulder and just a few days later she fell and broke her hip. She is doing nicely.

Mr. and Mrs. G. H. Locke visited the past weekend in Houston with their daughter and family. Mr. and Mrs. Richard Phillips and Ken.

A large crowd was present for the Senior Citizens Thanksgiving dinner at the Community Center last Monday. The Senior Citizens of Goldthwaite were dinner guests of the Mullin group.

FIRST AID CLASS—(Above photo shows a group of first aid students practicing the blanket lift of an injured person in order to slide a stretcher under the

injured victim. The lower photo shows Roger Horton and Randal Ratliff demonstrating the correct procedures in lifting and carrying an injured victim with a stretcher

made of two long poles and a blanket. The course was held at the First Baptist Church Youth Center. (Laughlin Studio Photo)

First Aid Class Successful

Twelve Goldthwaite area first aid conscious citizens took part in the Red Cross sponsored First Aid course here November 9-13. The course, taught by Hilton Gilliam of Brownwood, qualified the participants for Red Cross Standard First Aid Certificates.

Participating were Charles Con-

rad, Sharon Duncan, Jimmy Don Elliott, Buzz Hammond, Dorothy Humphries, Dorothy Smith, Annie Ward, Randal Ratliff, Ella Ruth Morgan, Roger Horton, Max Shepherd, and Betty Yates. Buddy Morgan helped with the instruction. He is an employee of the Texas Highway Department here. He is

also First Aid Chairman for the Red Cross in Goldthwaite.

The class first viewed a film describing the correct procedures in administering first aid and then the group practiced the methods. Most all common injuries were covered by the instruction.

Mullin News

BY: MRS. JOHNNIE HOLLAND

M. S. Savoy of Fort Worth was a short time visitor in Mullin a day last week.

I just heard a nice report from the Senior Citizens Dinner. The lady talking with me said she never saw so much good food in her life. The Mullin group plan to return the visit in December for a Christmas dinner.

Today's Health News

Smoker's wrinkles... More bad news for cigarette smokers. Both men and women with long histories of smoking have faces that are more severely wrinkled than those of nonsmokers, according to a recent study. Dr. Harry W. Daniell, an internist in Redding, Calif. examined, photographed and rated the "crow's feet" of 1,104 subjects. He found that the associa-

tion between smoking and the prominence of wrinkles was even stronger than the association between prolonged outdoor exposure and wrinkling. Also, the wrinkles were deeper in later years of life even if the subject had smoked heavily only during youth, before wrinkling generally occurs.

Farmcast

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Calf Prices Above Parity... Stalk Destruction... Deadline Nears... SAD Help Is On The Way... Turkeys... Time Nears.

Calf prices, the Texas Crop and Livestock Reports Service notes are above parity by almost \$3 per hundredweight. Effective parity for calves is \$44.90, average market price in Texas is \$47.70. But both calves are above effective parity levels. All other farm prices remain below parity.

The all products index of prices received by farmers and ranchers is 15 percent above a year ago; the livestock index is 20 percent above last year while the all crops index is four percent above last year.

Cotton showed the biggest decline in price of all crops. The average cotton price in the state is 21.6 cents per pound. This compared with 26 cents one year ago. Effective parity for cotton is 56.06 cents per pound.

In other crops, wheat showed a gain of 21 cent compared to a month ago with an average price now at \$1.96 per bushel. Corn was up five cents at \$1.42 per bushel compared to a month ago. Grain sorghum also showed a nickel increase at \$2.16 average per hundredweight.

Hog prices were down slightly in Texas compared to a month ago. Average now is \$26.80 per hundred pounds compared to \$27.70 a month ago. Effective parity for hogs is \$31.10 per hundred pounds. Beef cattle averaged \$33.40 per hundredweight, still well below the effective parity of \$37.40 per hundred pounds.

Egg producers continue to have pricing problems. Effective parity for eggs is 56.8 cents per dozen.

COTTON stalk destruction deadline is not far off for 44 north central and east counties. Stalk destruction deadline is Nov. 30. Officials urge farmers in those counties to destroy stalks as soon as possible. Recent rains throughout most of the area will keep farmers from getting into fields in the immediate future.

But when a break in the weather does occur and fields are dry enough to work in, farmers can through early stalk destruction reduce carryover of pink bollworms and other cotton insects. In other areas of the state, regrowth of cotton stalks is a problem, and such regrowth should be destroyed.

SAD but true, help is on the way. SAD is St. Augustine Decline and it has been found in 15 counties throughout the state. It is a virus disease of turkeys, and there is no cure for it.

A new variety of St. Augustine Grass—FLORI-TAM—should be available to the public perhaps next year. The Texas Department of Agriculture in charge of seed certification in Texas and has certified producers who are now growing out 42 acres of the new variety. The grass is also resistant to chinch bugs and brood-patch.

FULL impact of the new pesticide legislation signed into law recently won't be felt for a few years yet, but it will affect every Texan. Rules and regulations as they apply to states will have to be studied and implemented. States will have a great deal of power in controlling the use of pesticides.

THANKSGIVING time is getting closer, and Texans can be assured of plentiful supplies of the traditional turkey. Special programs promoting and featuring turkeys produced in Texas will be aimed at consumers.

The turkey industry in Texas is cooperating with the Texas Agricultural Products-TAP-program to acquire Texans with the quality of Texas turkeys.

THE FAMILY LAWYER

Cure Guaranteed!

Gerald was a born skeptic. When a doctor suggested surgery for the stiffness in his left arm, Gerald demanded a flat guarantee of good results. The doctor, confident of success, gave the guarantee.

But the operation, through no one's fault, turned out to be a failure. Gerald duly sued the doctor on grounds of "breach of contract." And, even though the doctor had done nothing wrong medically, the court ruled that Gerald had a good case.

A doctor, like an engineer or a carpenter, can make a legally

binding guarantee if he is so inclined.

Nevertheless, since medicine is not an exact science, this seldom happens. Courts point out that doctors often do and should give "therapeutic reassurance" to their patients without intending to make a positive guarantee.

"The doctor's reassurance that his patient will be all right," said one court, "must not be converted into a binding promise by the disappointed or the quarrelsome."

In another case, a doctor re-

marked to his patient that a certain treatment would "make a new man out of you." When the treatment was tried with less than complete success, this patient too claimed damages for breach of contract.

But the court found no basis for liability. The judge said no reasonable patient would read into the doctor's comment a positive assurance that he would indeed become a new man.

A special problem has arisen in connection with sterilization procedures that fail to prevent the later conception and birth of a child. Even assuming that the doctor has given a firm guarantee, has the patient actually suffered any harm by having a baby?

Some courts have simply recoiled at the idea that a baby is a liability at least, if mother and child are healthy. Denying one such claim, a judge said:

"The cost was outweighed by the blessing."

Funeral services were conducted for T. A. Stevens of Hutchinson, Kansas, on Monday, November 13, 1972 at 2 p.m. Burial was in the Democrat Cemetery. Services were held in the Wilkins Funeral Chapel. Wilkins Funeral Home was in charge of arrangements. Rev. Ernest Weedon of the Broadway Baptist Church conducted the services.

Mr. Stevens passed away November 11, 1972, at 6:20 p.m. in Hutchinson Hospital in Hutchinson, Kansas.

Born March 15, 1892 in Newburg, Texas he was the son of Robert W. Stevens and Lucy Priar Carter Stevens.

He was married to Dora Henry on June 1, 1913, in Comanche. They moved to Hutchinson, Kansas from Houston, Texas in 1967.

Mr. Stevens, a member of the

Baptist Church, was a retired farmer, rancher and carpenter.

Survivors include his wife, Mrs. Dora Stevens, Hutchinson; two sons, Ray, Hutchinson and Odell, Kern; two daughters Mrs. Irene Hendri, Seattle, Washington and Mrs. Martina Donaho, Houston; ten grandchildren; four great-grandchildren and one brother, Silas Stevens, of Zephyr.

Pallbearers were Ruel Donaho, Earl Aten, Mac Stevens, G.W. Stevens, W.W. Henry, and Charles Donaho.

We are still Pilgrims

We no longer give thanks around a rough wooden table in a forest clearing. Our problems and rewards have taken different shapes too, but they are basically the same.

We are still making a pilgrimage, the same search for a fuller and more fruitful life under freedom of religion. And we are still thankful for the faith that sees us through adversity and guides

us on that pilgrimage.

Thanksgiving Day was named for its meaning—the day that we come together to give thanks for our faith and our full life . . . and to remember that we are still pilgrims.

This Thanksgiving Day, give your thanks, strengthen your faith, enlighten your pilgrimage, at your place of worship:

TUB To Open Saturday And Sunday

The TUB (Teen Union Building) will be open again this weekend to members and guests after a successful opening last weekend.

Some fifty were on hand Saturday night and about 35 were there Sunday afternoon to play pool, table tennis, shuffle bowling, pin ball, and table games.

The TUB will be open Saturday from 7 to 11 p.m. and Sunday from 2 to 5:30 p.m., as was the case last weekend dancing will not be permitted.

To date some 75 membership cards have been issued to teenagers from the Goldthwaite area. Cards can be purchased at the door by those who have not already done so.

Youth from the Mullin, Priddy, and Star communities are also invited to become members.

The following gifts and donations have been received since last week and are much appreciated: TV set Mrs. Jane Hamilton; ping pong table, Wendell Tucker; \$8 cash, Gordon Talk; paint (\$65 worth), Mr. and Mrs. Kellis Landrum; card table, Lois Hudson and Ann Murray; \$25 cash, W. P. Duren and \$25 cash, Dr. T. C. Graves.

Not mentioned last week is the donation of the building space by Mills County State Bank.

Adult chaperones who gave their time this last week were Mrs. Johnson and Mrs. Jack Earl Long.

fore starting back across the street. Moreover, he was a vigorous 10-year-old, the kind of youngster ordinarily well able to cross alone.

Denying damages, the court said the driver could not fairly be blamed for assuming that the boy was "on his own."

Furthermore, the victim himself may be guilty of negligence. Thus:

An 11-year-old boy leaped onto the running board of an ice cream truck, out of the driver's line of vision. When the truck began to accelerate, the boy fell off to the pavement.

In the lawsuit that followed, he acknowledged that he had been aware of the risk he was taking. Turning down his claim, the court said:

"All the essential ingredients of contributory negligence were present."

There have been a number of these "Pied Piper" lawsuits in which a street vendor has been held liable for tempting a child into jeopardy. However, some courts have rejected such claims, at least when special circumstances come into the picture.

Consider another case, also involving injury to a youthful ice cream purchaser. This time, the boy had walked some distance around the rear of the truck be-

cause he was not strong enough medicine to pull the Eagles through last Friday night but the pep squad leaders say that this week the game against Valley Mills will be a victory for the Black-Gold Team.

B TEAM ACTION—Gary Featherston carries the pigskin into the end zone for the Goldthwaite Eagle 'B' Team in the game against

Dublin last Thursday. The Eagles won easily, downing Dublin 60-0. The 'B' Team plays their final

game Thursday (tonight) against the San Saba 'B' Team. The 'B' team is coached by Randy Baker. —Laughlin Studio Photo

'B' Team Destroys Dublin, 60-0

The GHS 'B' Team won their seventh game of the season last Thursday night by downing Dublin 'B' 60 to 0. The young Eagles probably had their best game of the year, both offensively and defensively, stated Coach Randy Baker.

The defense was outstanding allowing the Lions only four first downs. Also every member of the Eagle clan played defense well, changing their defense from down to down on signals from Defense Captain Richard Covington.

The Eagles are now 7-2 for the season and both losses were to teams they have beaten. They will close out their season this Thursday night against their toughest opponent of the year, AA San Saba 'B', who are undefeated for the season.

The Goldthwaite 'B' Team this year has scored 252 points to their opponents 52. They got 60 of those points last Thursday night against Dublin.

In the first quarter Chuck Shaw

went 60 yards on the Eagles first offensive play for the first TD. On the Eagles next possession Byron Landrum scored from 35 yards out and Scott Johnson added the extra point to make it 13 to 0.

Guenaro Siller got the Eagles next score from 4 yards out. Again Johnson booted the extra point to make it 20 to 0.

During the second quarter, Gary Featherston got his first TD of the night from 3 yards out but the try for extra point failed. Shaw scored from 40 yards out on a great run to make it 32 to 0 at half-time.

In the second half the Eagles got things going again when Featherston scored from 5 yards out with Johnson adding the extra point to make it 39 to 0.

The Eagle defense forced the Lions to punt on their next possession and Siller returned the punt for 55 yards. Landrum ran the 2 point conversion over to make the score 47 to 0.

Johnson kicked two field goals

to add to the Eagles score. Featherston scored his third TD and the final score of the night for the Eagles on a pass to End Ricky Wiggins and then a pitch out to Featherston that covered 50 yards. Johnson added the extra point to end the game 60 to 0.

'B' EAGLES TO PLAY FINAL GAME TONIGHT

The 'B' Squad closes out their season Thursday night (Tonight) against San Saba 'B' Team. The game will be played on Eagle Field at 7 p. m.

Kilpatrick, Cockrum Attend Nurses Meet

Sara Kilpatrick and Sue Cockrum, both from the Childress Hospital in Goldthwaite were among those present at the West Cross Timbers Council For Health Resources Development meeting held in Glen Rose recently.

After the luncheon-business session the group toured the Nursing Home and Hospital facilities.

Eight hospitals and five nursing homes from an eight county area were represented.

J. R. Horton Buys \$2,300 Bull

J. R. Horton of Goldthwaite purchased a \$2,300 bull at the Weldon Edwards Performance Rainbow Sale at Clyde, Texas November 1.

A uniform set of high quality two-year old and coming two-year old bulls were up for sale.

Bidding was strong and active throughout the 100 bull offering, with the 99th bull selling for one thousand dollars.

The majority of the bulls were purchased by commercial cattlemen.

THE FAMILY LAWYER

Pied Piper

Little Tommy raced across the street to buy a strawberry cone from the ice cream truck. But as he started back, he stepped into the path of an oncoming car. Tommy was seriously injured, and his family sued the ice cream company for having failed to warn him of the danger.

At the trial, the company protested that its driver had no obligation to take care of other people's children. But the court ruled otherwise. Ordering the company to pay damages, the judge said:

"The sense of haste is purposely aroused in the children by the tinkling of bells and flashing of lights. The responsibility of one who provokes into action the natural recklessness of children ought (to) be proportionate to the danger he creates."

There have been a number of these "Pied Piper" lawsuits in which a street vendor has been held liable for tempting a child into jeopardy. However, some courts have rejected such claims, at least when special circumstances come into the picture.

Consider another case, also involving injury to a youthful ice cream purchaser. This time, the boy had walked some distance around the rear of the truck be-

cause he was not strong enough medicine to pull the Eagles through last Friday night but the pep squad leaders say that this week the game against Valley Mills will be a victory for the Black-Gold Team.

It's A Girl Personal

Mr. and Mrs. Del Barnett of Goldthwaite proudly announce the arrival of Holl Lorene, born at Childress Clinic and Hospital, November 9, 1972 at 4:35 a. m.

Mrs. Helen Holden from Bakersville, California has been visiting in the home of her father-in-law, Mr. and Mrs. W. Holden.

The little lady tipped the scales at seven pounds, two ounces and she is welcomed home by her brother, Lance.

The state of Pennsylvania sold the greatest number of hunting licenses during 1971—a total of 1,166,634. License tags, permits and stamps sold in this state totaled a gross amount of \$8,587,242. The gross total amount for the 50 states was \$108,597,570. Most of this money goes toward the perpetuation of our wildlife.

Sugar for hiccups . . . Maybe the embarrassed hiccupper can at last forget all the "cures" he has tried in the past: holding his breath; having a friend yell unexpectedly in his ear, or putting his head in a paper bag. A recent experiment has shown that a spoonful of ordinary table sugar, taken dry, will cure the hiccups. Three doctors report that the simple sugar cure worked on 19 of 20 hiccuppers. Three of them suffered a recurrence of the annoying problem within 10 to 24 hours after the first sugar treatment, and all three responded to repeated doses of sugar. The experimenters, Dr. Edgar G. Engleman of the University of California School of Medicine and Drs. James and Barbara Lankton of the University of Miami School of Medicine, report that while the sugar treatment apparently has been known by some lay persons, a review of medical literature in the past 10 years failed to turn up any mention of it.

But not honey . . . Contrary to popular belief, honey won't do much to relieve a sore throat. In fact, honey as a "cure" for anything is just another old wives' tale. Honey gained its long-standing reputation as a medicament because

it does taste good and was used to make many of the old preparations palatable. Actually, it is nothing but a solution of sugar with not enough vitamins or minerals to be nutritionally important. However, honey also contains sufficient pollen to cause allergic reactions in some people.

Swimming pool eyes . . . Everyone who swims often in fresh water, whether it is chlorinated or not, tends to develop itchy red eyes—conjunctivitis. This happens even to those people who are not especially sensitive to chlorine (as people sometimes are) and even if the level of chlorine in the swimming pool is kept at the normal level required to kill germs in the water. Although it is irritating at the time, there is no evidence that this sort of conjunctivitis can lead to permanent eye damage, even in professional swimmers. As a preventive measure before swimming and as a soothing one afterwards, a few drops of methylcellulose in the eyes often help.
