Water Under The Bridge

by G.F.B.

Snow is for the little people. There is nothing more enjoyable to a mother and father than the squeals of joy exhibited by their children upon awakening and finding that a few inches of snow has fallen during the night.

But for the other segments of society, it might be pretty for a while, but then it turns into another one of nature's nightmares.

Slick, icy streets, frozen and broken water pipes, and a depressed feeling usually accompany a snowy cold spell that we just witnessed.

The lowly livestock on the ranches hereabouts took a lot of punishment in the cold spell. For five days the thermometer did not venture above freezing and with grass already scarce, and feed prices and feed availability at such terrible stages, it's a wonder that more livestock was not lost in the cold snap.

But, usually after a snow and cold spell such as we had, the spring is early and very green.

The winter dove season seems to be well received from a hunter's point of view.

Most of the hunters I know have been out a couple of times and report that the birds are big, fat and plentiful.

Texas Department of Parks and Wildlife says that the winter season might not be opened again next year, simply because it takes several seasons to evaluate the results of the split season.

Since many of the doves are migratory at this time of the year, studies will have to be evaluated from other states to see if our hunt has any affect on them.

Even if it is only for one year, it was worth all the excitement and sport. Just have to wear that extra pair of socks and a couple of extra shirts to thwart the cold weather.

With all the talk about high prices of groceries and meats that has been developing in recent years, I decided to do a little research on the subject the other day.

From my vantage point at the check-out counter, I saw a lady shopper shove a cart into the slot by a cash register. She nonchalantly unloaded a giant box of washing powder, a family-sized tube of toothpaste, a four-pack of toilet tissue, a carton of cigarettes, a loaf of bread, a half-gallon of milk, a pound of bacon and a package of lunch meat.

"I'll swear, I don't know how we're going to eat if food prices get any higher," said the lady shopper. She waved the package of lunch meat in the air. "I have to feed my family this stuff," she said. "We just can't afford to eat steaks and chops or roasts anymore."

I got a quick look at the label on the package and went to the meat counter to check it out. The package contained six ounces of lunch meat, and sold for 45 cents. That comes to about \$1.20 a pound, if my arithmetic isn't acting up on me.

In the same meat case, chuck steak was 89 cents a pound and so were some other cuts of beef and pork. Even choice T-Bones sold for only \$1.39 a pound. That gave me something to think about.

So, Mrs. Shopper, take a closer look at your cart's contents the next time you start to complain about high grocery prices.

Five-Day Freeze Worst In Many Years

Snow People —

This king-sized snowman was built in Goldthwaite Friday by Mr. and Mrs. Jeff Stewart and Troy Ratliff. Numerous snowmen were seen all over town and

scenes as the bottom picture show were also common. Snow "rolling" and snow ball fights happened all the time.

Temperatures took a downfall as Mills County and other counties across Texas experienced several days of severe winter weather this past week.

About four to six inches of snow was recorded across the county. The snowflakes began to fall late Wednesday evening and continued falling through most of Thursday. It began melting Friday evening when the temperature reached 40 degrees. The low temperature reading for Goldthwaite was 6 degrees on Friday, according to Glen DeWitt.

Prior to the snow, sleet fell covering the ground with ice to intensify driving conditions. Schools across the county and state closed for the winter spell.

Temperature reading for January are as follows:

	Low	High
Jan. 6	28	36
Jan. 7	30	30
Jan. 8	20	32
Jan. 9	19	20
Jan. 10	17	25
Jan. 11	16	25
Jan. 12	6	40

Conradt Jarnigan Speak At Banquet

The annual Goldthwaite Eagle football banquet was held last Saturday night at the American Legion Hall.

Guest speakers for the evening were Mike Conradt and Gaylon Jernigan, both fine college football players from Goldthwaite.

Mike is graduating this year after being a kicking specialist with the Baulor Bears, and Gaylon has seen a lot of action with the San Angelo State football team. Both boys played their high school football for the

Eagles.

Mike is the son of Mr. and Mrs. Charles Conradt of Goldthwaite and Gaylon is the son of Mr. and Mrs. Hawley Jernigan of Goldthwaite.

Coach Leslie Johnson presented awards to the varsity players on the 1973 Eagle squad and Coach Randy Baker presented awards to his B-Team players. The other Eagle coaching staff member is Danny Spradley.

The Eagle pep squad was the sponsor of the event.

35th Annual Stock Show This Weekend

Reset From Last Weekend

Mills County's 35th annual Livestock Show will be held here this Friday and Saturday, Jan. 19 and 20 at the Mills County Show Barns.

The show was reset from last week due to the snow and bad driving conditions.

Plans have been completed and the show will be ready for opening Friday morning, according to announcement by W. V. Horton Jr., president of the Mills County Livestock Raisers Association.

Four new categories have been added to the show in 1973. They are horses, rabbits, broilers and turkeys.

The horse competition in particular has stimulated a lot of interest among the horse enthusiasts of Mills County and promises to be one of the highlights of the show. Over 40 horses are entered in the different classes in the horse judging.

Business people and individuals are especially reminded of the sale at the Mills Co. Commission Co. Saturday night. This annual event is the end result of the show and is what all the entrants have worked so hard to achieve. President Horton urges all who can to support the sale.

A total of 290 entries have been received for the show.

All livestock must be in the show barns by 8:30 a.m. Jan. 19 and remain until 4:30 p.m. January 20, according to show officials.

Joe Woodrum Guest Speaker At Bible Class

Minister Joe Woodrum of the Church of Christ in Goldthwaite will be the guest speaker at the Men's Downtown Bible Class on Sunday, January 21. The session will begin at 9:30 and go until 10:30 a.m.

March of Dimes Mothers March Set For Monday

The annual Mothers' March for the March of Dimes will be held in Goldthwaite on Monday night, January 22, it was announced this week by Mrs. Clyde Kerby, local campaign director and Mrs. Chuck Todd Mothers' March chairman.

Mothers are asked to assemble at the Commissioners' Court Room of the Mills County Courthouse at 6 p.m. to begin the work. This will be the central point of the march and the mothers will cover all areas of the city in their canvas.

In 1972, the local chapter helped numerous persons with specific problems. The chapter furnished transportation and special shoes for a local child with metatarsus adductus and furnished shoes for another child. The chapter bought insulin for a six month period for a child in Mills County. The

Official program for the two day show is as follows:

**Mike Conradt
Graduates At
Baylor U.**

WACO, TEXAS — Baylor University granted 385 degrees at the close of the fall semester December 22.

The number represents a 13.2 per cent increase over the 340 degrees awarded at the end of the 1971 fall semester.

The list of degree recipients includes 299 for bachelor's degrees, 51 for master's degrees and three for doctoral degrees. Thirty-two School of Law graduates who received their degrees in November are included in the number.

Charles Mike Conradt, son of Mr. and Mrs. Charles E. Conradt, 1613 Hanna Valley Road, Goldthwaite, received his bachelor of science in physical education degree in recreation.

Wood impregnated with liquid resin and irradiated with gamma rays becomes a product with the beauty of wood and the strength of plastic.

Garden Club To Join Arbor Day Celebration

The members of the Goldthwaite Garden Club along with other Texas Garden Clubs will observe Arbor Day Friday, Jan. 19.

The local club has tentative plans for a tree or shrub planting ceremony on the Court House Plaza.

Arbor Day has a special significance in our pollution-conscious age. This special day is proclaimed as a day for planting trees, but if anyone miss planting a tree on Friday, it can still be done through February, if the trees are barerooted and any time if they are balled or canned.

Trees furnish juicy fruits and delicious nuts. Essential wood and paper are gifts of trees.

Trees can screen ugly sights and act as noise and wind barriers. They are guardians of our life. They release oxygen to replace the constant used supply. They add moisture to the air and they filter dust and other pollutants.

Man can exist as long as perhaps five weeks without food and without water for possibly five days. But without air, our life expectancy is less than five minutes.

"For years," the researchers

say, "man has observed how trees cleanse the air, but he had remained unaware of how important trees are in this role."

"In all instances, tree plantings curb the movement of particulate matter."

Every family can become a part of the green revolution. The arms are a shovel and a spading fork. The ammunition is a tree. The enemy is air pollution. D-Day is Friday.

Local Garden Club members urge citizens to plant a tree or shrub in their own garden or yard to help beautify our town and to help fight pollution.

**Gus Kirby, Lifelong Resident,
Passes Away January 9th**

BY LARRY DANIEL
COUNTY AGENT

This is the week for the big annual event of many boys and girls — the 35th Annual Stock Show for 4-H, FFA, & FHA members. A total of 290 entries from 190 boys and girls are entered in the agriculture division of the show. The homemaking division entries have not been received.

It is hoped that all Mills Co. residents will come by and view the work that many boys and girls have done the past year. The presence of spectators helps in many ways.

The Mills County Program Committee is still actively involved in collecting donations for predator control in Mills County. Many producers have responded but approximately two thousand dollars is still needed to keep the trapper hired for 1 year. Donations may be mailed to the Committee, Box 248, Goldthwaite.

A very special workshop will be held January 25, 7:00 p.m. at the Mills County State Bank. The Extension Service is holding an Income Tax and Record Keeping Workshop for farmers, ranchers and other individuals. The workshop will be conducted by James Denton, Extension Area Economist-Management Special-

ist, from Stephenville. All phases of income tax filing and record keeping will be covered with time for questions and answers. There is no fee for the workshop. For more information, contact my office.

The new "Farmer's Tax Guide" is available at my office. The publication gives information on filing farm and ranch income tax returns. The tax guide is indexed so producers can easily find information on specific subjects such as selling a farm, sale of breeding animals, depreciation, involuntary conversion and other topics.

Whether you have your return filed by a tax practitioner or do it yourself, this new publication will be useful. The tax guides are free and available at my office.

This time of year is good for collecting soil samples and sending them in for analysis of soil for needed nutrients of soil. Many producers each year fertilize without use of soil sample information and in many cases they waste much needed fertilizer and money.

The idea of fertilizing according to your neighbor is very wrong because soil needs vary from field to field. Soil samples are easy to take and cost only \$2 per sample. Soil sample boxes may be obtained from my office.

The case of the disappearing paycheck and what to do about it.

Some people learn the hard way. Paychecks disappear fast.

Day-to-day living expenses eat up a lot. And maybe part goes in the savings account for this year's vacation or another immediate goal.

A good chunk of that money seems to disappear by itself.

So it's no wonder that when it comes to long-term goals, or when an emergency comes up, there simply aren't funds to meet the need.

Unless there was a nest egg building up all that time.

A good way to build that nest egg is with U.S. Savings Bonds. The easy way to buy them is to sign up for the Payroll Savings Plan where you work. An amount you specify will be set aside from your paycheck and used to buy Bonds.

And while you're going through grocery bills, car repairs, vacation weekends, kids' toys and nights out on the town, you'll know you're saving money too.

That's good to know.

Now E Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

San Saba Peak McCarty Rites Held Here

BY: MRS. DUTCH SMITH

On January 15, 1973

Well Christmas has come and gone again and 1972 is gone. It really is sad when the year is gone and there is so many things I had planned to do but didn't. But that is all in the past now.

We had all of our children and grandchildren home for Christmas and we had a wonderful time.

January has been real cold. When it was cold it was real cold and when it was hot it was real hot.

The snow was terrible out here and the roads were simply terrible. They were bad before the snow but now they are . . . well what is the use of talking about that.

We have had so many of our friends pass away and some were dead and buried before we knew it.

Our son, Johnnie Smith, Margaret and Cliff spent last week end with us.

Dutch and I were supposed to stay with our grandson, John Smith in Gatesville this week end. His parents, with the Chili Smiths, flew to Florida.

John stayed with their neighbors. The Gatesville Co. Show will be next weekend. John will be showing his calves.

Dutch and I played 84 with some friends in town Saturday night.

Oh yes, Thursday night, January 25 will be our night to sing at the Hickman Nursing Home in Goldthwaite. We would like for anyone who likes to sing to come and help us. I know you would enjoy it. It will be on the 4th Thursday. Mark it on your calendar, but don't do like I do, forget to read it.

Well today is a beautiful day. I hope it stays that way for a while.

Our boys and girls are leaving for college. Our grandson Jesse Loyd Ball has enrolled in Baylor.

Our neighbor David Lewis has gone back to Killeen Junior College.

It's A Girl

Mr. and Mrs. Stanley Don Yeager of Goldthwaite proudly announce the arrival of their baby girl, Deonna Dawn. The little lady was born at Childress Clinic and Hospital on Sunday, January 14, 1973 at 11:30 a.m. She tipped the scales at eight pounds, twelve and a half ounces.

Maternal grandmother is Mrs. J. P. Slaughter of Goldthwaite and paternal grandparents are Mr. and Mrs. A. B. Yeager of Goldthwaite.

Maternal great grandmother is Mrs. Joe Sutherland of Kerrville and paternal great grandfather is Floyd Medford of Goldthwaite.

Rites were held Monday, January 15, 1973 at 10:00 a.m. in the Wilkins Funeral Chapel for Miss Aletta Dean McCarty of Rt. 3, Box 176, Rusk, Texas. Rev. D. G. McCarty officiated. Burial was in the Mt. Olive Cemetery under the direction of Wilkins Funeral Home.

Miss McCarty passed away Saturday, January 13, 1973, in Nan Travis Hospital, Jacksonville, Texas.

Born in Goldthwaite on December 2, 1936, she was the

daughter of Travis Oral McCarty and Mary Lou Kerby McCarty. Her church affiliation was Methodist.

Pallbearers were Joe Bailey Kerby Jr., Earl McCarty, Roy Hooker, Jerry Don Hitt, Mike Luikie and Bailey Kerby.

Survivors include her parents, Mr. and Mrs. Travis O. McCarty of Rusk; paternal grandparents, Mr. and Mrs. L. E. McCarty of Priddy; maternal grandfather, S. R. Kerby of Houston; and several aunts, uncles and other relatives.

**THE MILLS
MINISTER**

Rev. E. C. YOUNG, Pastor
of the Star and Center City Uni-
ted Methodist Churches.

I was very much interested in
learning not long ago that a per-
son with an average appetite
consumes about four hundred
pounds of solid food each year
and about the same amount of
fluids. This is interesting be-
cause our health is so vitally
dependent on what we eat and
drink. There was a time when
people ate what they could get.
In primitive days, for instance,
the hunter in the forest might
eat a wild turkey one day and
bear the next. There was no
planning in advance what the day
would bring forth in the way of
food. But it is different now. The
matter of our daily food has
been brought to a science. Huge
sums of money are expended on
the menus and programs of diet-
etics which pander to our
palates and stomachs.

Years and years of research
have made vast strides for the
physical well being of man. But
the soul has health and disease
just as truly as has the body.
And God intended that we should
be sound and well both in soul
and body. For the two greatest
blessings we can enjoy are
spiritual and physical health. Yet
millions are suffering from
spiritual dyspepsia to day be-
cause they persist in feeding their
souls on worldly food. And a
fast which subsists on what is
forbidden by the tables of the
world must inevitably suffer de-
cline and death.

That is why Jesus was always
more concerned about the soul
of man than He was about His
body. The body is only good for
three score and ten or four
score years at its best. But the
soul must live forever. And to-
day, unfortunately, the Bible doc-
trine of repentance which is
more vital to our soul life
than food to the body is too
often barred from consideration.
As Jesus tells us in the words
so plain and simple, "Except ye
repent, ye shall all likewise
perish." But how many persons
do you suppose, of all those whose
names have been entered on
church rolls this year, were ever
truly repentant of their sins?
Here, for instance, is a
church which holds a ten days

revival. At the end is pro-
claimed a great success. There
were many accessions to the
church. But how many of those
souls, do you suppose, experi-
enced true repentance for their
sins, and felt their need of the
sinner's Saviour? How many of
them felt hell yawning at their
very feet and cried out like the
Publican of old, "God be merciful
to me a sinner?" How many
of us who read this mes-
sage have ever known true repen-
tance, and without which our
names can never be written in
the Lamb's Book of Life?

In the account from which this
message is taken, Jesus as usual,
was surrounded by a multitude
who were anxious to hear the
great truths which fell from His
lips. Among other things He was
impressing upon them the vital
need of repentance. Someone
asked Him to explain the Mas-
sacre, by Pilate, of a number
of Galileans who were offering
their sacrifices. "And Jesus
answering said unto them,
Suppose ye that these Galileans
were sinners above all the Gal-
ileans, because they suffered
such things? I tell you, nay: But
except ye repent, ye shall all
likewise perish or those eighteen
upon whom the tower in Siloam
fell, and slew them, think ye
that they were sinners above
all men that dwell in Jerusalem?
I tell you, nay: But, except ye
repent, ye shall all likewise
perish." Luke 13-2, 3, 4, 5. Jesus
did not hesitate to tell them
their need of repentance, in so
many words. Nor did He hesi-
tate to tell them the consequen-
ces if they did not repent.

**Final Rites
Held For
Leticia Lucio**

Final rites were conducted for
Leticia Lucio of Mullin Wednes-
day, January 10, 1973, at 4 p.m.
in the Wilkins Funeral Chapel.
Interment was in the Goldthwaite
Memorial Cemetery. Wilkins
Funeral Home was in charge of
arrangements. Rev. Bernardo
Moraga officiated.
The infant lived only a few
hours after birth January 9, 1973.
Survivors include her parents,
Juan and Guadalupe Lucio of Mul-
lin; three sisters, Mary Linda,
Neida and Gloria; two brothers,
Joe and Johnnie; paternal grand-
father, Agustin Lucio, Mexico;
and maternal grandparents, Fe-
lipe and Eva Estrado, Menard.

FHA News -

BY: SUSAN DERRICK

The Goldthwaite FHA Chapter
met Tuesday, January 9. The
theme for the month was "Stable
Home - Stable Life". To
carry out the theme there was
a panel discussion on the sub-
ject of working mothers and the
effects their job has on their
families. The panelists were:
Mrs. Cornelia Boykin, Mrs. Judy
Wigley, Mrs. Tommie Sue Boy-
kin, Mrs. Sue Cockerum, and Mrs.
Priscilla Muse. Some of the to-
pics of discussion were: Do you
like your job? Is your job con-
venient to you? Does it require
a lot of time away from your
family? Do you feel that your
family would be better off if
you did not work? Does your
husband help you at home?

The panel discussion was fol-
lowed by the business meeting
with vice-president, Carla Ta-
tum, presiding.

The project for the month of
January is a Mother-Daughter
Luncheon to be held sometime
during the month. A committee
was named to organize this pro-
ject.

Several other committees were
named to prepare for the FHA
Banquet to be held in February.
It was also announced that the
girls should give their Secret
Brothers something and let them
know who they are.

Benjamin Franklin was the
first Postmaster-General of the
United States.

George Washington laid the
corner stone of the White House.

Troy N. Berrys Celebrate Silver Wedding Anniversary

Mr. and Mrs. Troy N. Berry were honored on their Silver Wedding Anniversary with a reception given by their children on Saturday, December 30th from 2 until 5 p.m.

The memorable occasion was held in the Fellowship Hall of the First United Methodist Church in Goldthwaite. The Hall being decorated entirely in silver and white. All decorations were created by their children.

Approximately 100 friends and relatives attended to extend their congratulations and best wishes to the couple.

Receiving the guests were the honored couple and their children, Darrell, Dudley, Delbert and Donna Dene.

The guests were registered at a table decorated with a spray of snow flake mums and several white candles in a silver candle holder.

The rest of the Hall carried out the theme of white mums with silver holders and white candles. The cake was identical to the original wedding cake except it was only in silver and white. There was also a table set up to display pictures of the wedding 25 years ago and a clipping from the paper. The same theme was fol-

lowed as Mrs. Berry wore a flowing aqua blue formal as she did in her wedding and a corsage of two white orchids.

Entertainment was provided by Mr. Thurman Head who played music that was popular during the period in which the honored couple said their vows. The opening number was "Always" which was also the song used during their wedding.

Mr. and Mrs. Berry were married November 29, 1947, in the Baptist Church in May, Texas with Rev. Charles Noble officiating.

Out of town guests registered from Ulysses, Kansas and from Texas. Texas towns were El Paso, Sheffield, Corpus Christi, Edna, Columbus, Corsicana, Arlington, Memphis, Irving, Blanket, Comanche, Dallas, Evant, Lampasas and Goldthwaite.

If you want your children to grow up to be successful and have a happy adult life, your example may have as much affect as your admonition. Start by setting reasonable goals for yourself, your spouse and your children, and remember, that praise is a necessary ingredient of success and self-affirmation.

Mullin Community News

BY: MRS. JOHNNIE HOLLAND

We have a beautiful, sunshiny day today (Sunday) after, I heard the worst spell of weather all over the state since 1918. I remember the spell in 1918. It was a bad one. We still have snow, but it is melting rapidly. I hope we don't have another one like this for a while.

Don't forget the cemetery meeting Saturday afternoon, January 20, at 2 o'clock at the Community Center in Mullin. All interested people are asked to attend.

Funeral services were conducted last Friday afternoon at Eola for Gid Wallace. Mr. Wallace was the son of the late Mr. and Mrs. Black Wallace, all of Mullin. He passed away at his home suddenly on Tuesday afternoon at 5 p.m. Gid grew up in the Duren Community and was well known here. He was the brother of Mrs. Vesta McCormick who lives here in Mullin now.

Mrs. L. J. Vann celebrated her 99th birthday on January 17, at the Hickman Home where she is now staying. We surely hope all of her friends remembered her birthday. We failed to get it in the paper last week to remind you to send her cards.

Jack Davee of Ozona is critically ill at this time. He is suffering from cancer. He is the son of the late Joe Davee and Mrs. Davee who now makes her home in Midland. Mrs. Davee, Jack's wife, is the former Juanell Spinks, daughter of Mr. and Mrs. Frank Spinks of Mullin. Her parents and her brother, Freddy Ray, and wife are in Ozona at this time. These people are all former Mullin people, and are well known here.

Word has been received in Mullin telling of the death of Mrs. Hazel Garcia. Mrs. Garcia was the youngest member of the late John Carlisle family. She died enroute to the hospital. She was a niece of Mrs. Fred Mosier and Mr. Tip Carlisle. Her home was in Downey, California. She, at one time, attended school here in Mullin.

Mrs. Grace (Perkins) May of Chicago, Illinois; also her daughter and family, Dr. and Mrs. Jeff Rosmond and Jessie of California have been here visiting with Mr. and Mrs. Ernest Chesser, Mrs. Jim Tullos, Mr. and Mrs. Fred Ethridge, Mrs. Addie Hart and other relatives. They all had Sunday luncheon

with Mr. and Mrs. Fred Ethridge. Dr. and Mrs. Rosmond are enroute to the East Coast in North Carolina where he has employment in a hospital.

Mr. and Mrs. Joe F. Ivy of Dallas spent the coldest night of last week with his mother,

Mrs. Jewell Baskin.

Mr. and Mrs. Bob Parker and Donna Jean of Kermit visited here last weekend with her parents, Mr. and Mrs. Grady Hancock and also with her parents. Mrs. Parker has been in the hospital in Goldthwaite, but she is out and doing better now.

CHAPPELL HILL NEWS

BY PEARL CRAWFORD

Oh yes! We sure had some cold time winter weather. First rain, ice and then snow. The temperature was below freezing for eight days. Friday morning a number reported Zero. Mr. W. W. Ratliff reported 6 inches of snow. Zero degrees Friday morning, January 12 is about right for this neighborhood.

At this writing we have some snow and ice and a little sunshine. We do have water for house and stock.

I saw Mr. and Mrs. James Blackburn and daughter of Abilene at Goldthwaite. They were on their way home after visiting her sister at Gatesville. They are former residents of this Community.

Mr. and Mrs. Albert Vahenkemp of Killeen and W. P. Ledbetter were at the old home one day last week. We are glad to report Mr. Ledbetter's health has improved. He was able to talk and visit with A. L. Crawford.

Mr. and Mrs. William Cook and son from Denton visited Mr. and Mrs. W. W. Ratliff.

Billy Oxford of Killeen spent the week at home feeding livestock.

We express our love and sympathy to all who lost their loved ones. Folks who have sickness, having to go to the Homes and hospital during the weather.

William Daniel has been making the roads to feed his livestock and his grandson Don Cox has been helping him with the work.

Mr. and Mrs. C. V. Whatley visited Mrs. Berta White at the Heritage Home Friday. They reported folks at home were doing nicely.

Mr. and Mrs. Omer Grimes of San Angelo and Mrs. O. H. Por-tor of Goldthwaite were last Sunday visitors of Mr. and Mrs. Hugh Nowell.

Sunday visitors of Mr. and Mrs. O. L. Harris included Mr. and Mrs. Ray Vance Harris and family, Mr. and Mrs. Warren Harris and daughters and Mr. Lewis Harris and daughter of Fort Stockton.

At this writing we have warm sunshine, some snow and mud. Our good ole neighbor, Mrs. Clemmie Wilcox passed away. The Old Ivy Home hasn't been forgotten.

George and I thank Mr. Ratliff who helped us get out of the snow.

Services Held For Mrs. Julia Brown Thursday, January 11

Social Security News —

(EDITOR'S NOTE: This is another in a series of articles on the new social security law that has been prepared by Glen McNatt, manager of the Brownwood office.)

The new amendments extend Medicare protection to persons in receipt of social security or railroad retirement disability benefits for at least 24 consecutive months and who are still disabled. This provision becomes effective with the later of: (1) July 1973, or (2) the 25th consecutive month of an individual's entitlement to disability benefits; Medicare protection will end with the month following the month in which a notice of termination of disability bene-

fits is mailed to the beneficiary, no matter what the month in which the disability is held to have ended.

Medicare coverage is extended to persons who are either insured or entitled to monthly benefits and to their spouses and dependent children, if hemodialysis or renal transplantation is needed due to chronic renal (kidney) disease. Eligibility for such coverage begins with the 3rd month after the month in which a course of renal hemodialysis begins and lasts through the 12th month after the month in which an individual had a transplant or dialysis terminates. This provision will be effective July 1, 1973.

Persons eligible for Medicare, either for supplemental medical insurance or for both hospital and supplemental medical insurance, may choose to have their covered health care provided by a Health Maintenance Organization (HMO), a prepaid group health or other capitation plan that meets prescribed standards. This becomes effective July 1, 1973.

Proper use and care of appliances insures their greatest value. The following are general rules of thumb for small electrical appliances:

+ Always use the appliance's own electrical cord.

+ Connect cord to appliance before plugging into wall.

+ Don't use extension cords.

+ Unplug immediately after use.

+ Clean after each use.

+ Don't use scouring pads or cleaners on non-stick coating.

+ Don't put cold water on hot griddles, saucepans or fry pans—it may cause warping.

+ Store appliances under cover or keep free of dust.

"Other small appliances require special-care tactics. They include blenders, can openers, coffee makers, toasters and waffle irons."

For blenders—don't overfill jar, clean by filling with water, detergent water and running at low speed or by removing blades.

Can openers—with damp cloth remove cutter wheel assembly and clean occasionally.

Coffee-makers—wash interior thoroughly, use brush for spaces.

Toasters—empty crumb tray frequently, never use fork to lodge particles.

Waffle iron—brush grids with pastry brush, they don't require washing (the brown film helps prevent sticking). If sticking is a problem, recondition by covering grids with unsalted vegetable oil and letting them heat for about 10 minutes.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

Up, up and away? ... Sheep On Feed Declines ... Rice Quota Vote Set ... One Million Visitors ...

At first glance, it might appear that farm prices are "up, up, and away". Although prices to farmers do show increases, production costs are also rising so the net result is not as rosy for agricultural producers as it could be. Remember, too, income in rural areas is still about a fourth under the rest of the economy.

The Texas Crop and Livestock Reporting Service notes that Texas farmers received price increases for almost every commodity recently. Only calves and sheep are above effective parity, however.

Calf prices at \$47.40 per hundredweight are \$1.60 per hundred pounds above parity. Sheep at \$12.30 per hundredweight are \$1.20 per hundred pounds above parity. Beef cattle at \$34 are \$4.20 under effective parity. Hogs at \$29.50 are more than \$2 under effective parity.

Crop prices show an even greater parity discrepancy. Cotton at 21.2 cents per pound compared with an effective parity price of 57.20 cents per pound. Grain sorghum at \$2.79 is below effective parity by 65 cents per hundred pounds.

Egg prices at 50 cents per dozen are up eight cents from a month ago, but still almost eight cents below parity.

The index of all farm products was 20 points above last month and 13 percent above a year ago.

Farm production index prices paid by farmers was up seven percent from a year ago.

A 22 PERCENT decline in sheep on feed is noted in Texas. Drylot sheep feeders with a lot capacity of 2,000 head or more had 90,000 sheep and lambs on feed for slaughter on Jan. 1. This is 22 percent under a month ago, but five percent above the number on feed this time last year.

Current intentions to market are: January 50,000; February 32,000; and March 8,000. Marketings during December were 58,000 head.

COMMERCIAL slaughtering plants in Texas produced 194,000 pounds of meat during November, which represents a decline of six percent from the previous month, but nine percent above the total produced in 1971.

Nationwide, production of red meat was one percent above a year earlier.

RICE allotment for Texas for 1973 is 516,132 acres. Nationwide, the rice allotment was increased 10 percent. A referendum will be held among producers Jan. 22 to 26 to determine if marketing quotas will be in effect. Two-thirds or more of the rice growers voting in the referendum must approve the quotas to make them effective.

TEXAS livestock interests will be represented during the annual Mexican National Livestock and Industry Exposition in Mexico City Jan. 20 to 28. More than 1,000,000 visitors are expected to attend the activities.

Texas will have three exhibit spaces at the exposition. A total of 14 breed associations in the state will be represented. The Houston Livestock Show and the San Antonio Livestock Show will also be involved. The Mohair Council of America will be in charge of a display of textiles.

The Texas Department of Agriculture marketing personnel will be in charge of the entire Texas exhibiting
