Pam Lindsey Receives \$8,500 For Reserve Champion Steer At Houston

Pam Lindsey, a member of the Mullin 4-H Chapter, brought high honors to Mills County last week by exhibiting the Reserve Grand Champion Steer of the show.

The 1135 pound Angus steer,

named "Joker" earned Pam a healthy \$8,500 at the auction held in the fabulous Astrodome in Houston. The Grand Champion steer, a Charolais, brought its exhibitor \$30,000.

The steer was purchased by Pam from Fred Hartman of Wood River, Nebraska.

Pam is the daughter of Mr. and Mrs. Bill Lindsey of Mullin.

Other Mills County 4-Hers helping to bring honors to the county were: Cowboy Love, 4th place Brangus heifer both in the scramble class and junior heifer class; Randy Lindsey, 5th place Shorthorn steer; Bridget Meier, 14th place Charolais-cross steer; Brenda Geeslin, Becky Lindsey and Debbie Lindsey with non-placing steers.

Hardin Receives 9 Year Term; Cagle Gets 3

Charles Hardin was sentenced to a nine year term in the Dept. of Corrections at Huntsville last week after pleading guilty to two charges before District Judge William O. Breedlove in a hearing in the 35th District Court of Brown County. He pleaded guilty to the theft of over \$50 in connection with the theft of an outboard motor at Lake Brownwood and also to jailbreak in connection to his escape from the Brown County jail recently.

Kay Cagle was assessed three years in the Dept. of Corrections at Huntsville before District Judge Don Busby in a hearing in the 27th District Court recently on charges of revoked probation, burglary and jail break.

The pair were arrested recently by Mills County law enforcement officers for the burglary of the Star and Mullin Schools.

Volunteer Fire Department Celebrates 75th Anniversary

Fire Chief Charles Conradt notified the Eagle Office Monday that the Goldthwaite Volunteer Fire Department is celebrating its 75th anniversary as a fire fighting unit. The volunteer fire department was organized in Goldthwaite on Tuesday, April 5th, 1898 with 19 members. Officers elected were Leonard Doughty, president; H. A. McGruder, secretary; Albert Wilcox, treasurer; Joe A. Price, foreman; Leonard Doughty, assistant foreman;

Holland Frizzell, property manager; and L. L. Gray, the assistant property manager. Monthly dues were set at ten cents. Five members constituted a quorum for transaction of business. Members were instructed to hold themselves in readiness to respond to the fire alarm. Fire drill was begun at once. The present fire department has approximately 30 members. Roger Horton is the assistant fire chief.

Council Gives Phone Rate Advance Okay

Goldthwaite City Council unanimously approved, on the third and final reading for the proposed General Telephone Co. rate increase.

The boost will go into effect April 1 and will amount to approximately a 13.26 per cent increase for local customers. As the phone company initially proposed most of the increase would have been passed on to businesses in Goldthwaite with very little passed on to residential phone users. The Council offered a compromised rate that will be assessed fairer to Goldthwaite citizens.

The phone company needed the raise to bring its rate of return to 6.93 per cent. In other Council business, Mrs. H. B. Curtis of 1007 Sixth Street in Goldthwaite told the Council of her plight to remedy what she termed hazardous exhaust fumes entering her house from large diesel trucks when unloading at Duncan's Liquid Feed and Fertilizer.

She has contacted the area mission and contamination of Texas and reported to the Council that she has not yet heard from

the state health department on the matter. John Mauney, at present a law enforcement officer at the City of Stephenville, was present at the Council meeting and proposed that the Council initiate a law enforcement agency in the city of Goldthwaite operated by the city.

He said that the city of Goldthwaite is "lagging behind and is the only city this side of Central Texas that does not have a law enforcement agency. It would be a great benefit to our community." Councilman Lester Geeslin commented that the present lawlessness is at such a small level that such an agency is not necessary in Goldthwaite.

Councilman Jim Smith said that it is a very important matter and should not be rushed into. The Council concluded that in the future the question of a law enforcement agency for the City would be left up to the voters of Goldthwaite.

Councilman Smith recently attended a lower Colorado River Authority (LCRA) meeting in Austin and told the Council that the electricity generating company is

seeking a substantial increase in the wholesale power rate charge for city use of electricity.

The increase would be used to build new electric generating plants to meet the increasing demands by electric customers in the large area served by the LCRA. Smith told the Council that LCRA was not granted the increase for the development of the new plants then electricity would surely be curtailed in the future.

City Manager Don Petty reported on the status of the Sanitary Land fill for Goldthwaite and said that only one agency, the Texas Water Quality Board, was left to give approval for the project. Six other agencies have approved the new dump ground facility.

Petty said that he expected the go-ahead soon. Clarence Miller of Goldthwaite was hired by the Council as an electric lineman. The Council will meet one week later in April, April 9 instead of April 2, for their regular meeting and will canvass returns of the April 7 election.

Jaycee Circus Scheduled Here This Weekend

When the Fisher Bros. Circus appears in Goldthwaite this coming Monday, under the sponsorship of the Jaycees, it will represent one of the very few show fields that has never had to be publicly censored. This is not to say that the circus world has never made mistakes or had to clean its house. Occasionally censorship has been necessary, but it has always been self-imposed.

The circus world has never waited for public disfavor before eliminating objectionable features, and circuses have never

carried for very long any type of feature, regardless of whether it was a big money maker, if the "Family Trade" objected to it. Therefore, when you or your family attend this fine, old-time family Circus, everything pre-

sented with the show will have a "G" rating all the way from the Midway attractions, including the Animal Side Show, to the Big Top performance. Another pleasant surprise will be the lack of extra added price for reserved seats; every seat is a ringside seat, and no charges are made for any choice seat inside the Fisher Bros. Circus Big Top.

The performance is a well-balanced entertainment designed for the "Young-at-Heart" of all ages. Featured are many well-trained human and animal performers in a pleasing one hour and fifteen minute performance. There are accomplished aerialists, jugglers, acrobats, and very funny clowns. Animals include elephant, dogs, ponies, monkey and other exotica.

Everyone is urged to attend this "G" rated entertainment when it comes to town. Purchase your Fisher Bros. Circus tickets from any member of the Jaycees. Come early so that you will miss nothing, and remember: "Every child should see a Circus at least once a year."

Miss Love Gatlin introduced the guest speaker, Rev. A. E. Mild, pastor of the Zion Lutheran Church of Priddy, at last week's meeting of the Goldthwaite Mills County Retired Teachers Association. The group met in the Community Room of the Mills County State Bank.

Rev. Mild talked about his experiences as a teacher, minister and a POW while serving as a missionary on the Island of New Guinea. Rev. and Mrs. Mild served on the Island for more than twenty years. He brought a very interesting program to the group.

O. B. Hale, president, presided over the business meeting. A nominating committee was appointed and new officers will be elected and installed at the May meeting. Refreshments of cake and ice cream were served by the hosts, Mr. and Mrs. Oran Carothers and Miss Love Gatlin, to twenty-three members and three guests.

The guests were Rev. and Mrs. A. E. Mild and Mrs. Annie Armstrong. Mrs. A. J. Warren is a new member to the group. The May meeting will be in the home of Mr. and Mrs. George Reese on May 4, at 6 p.m.

Steen Hardware Burglarized Last Week

Steen Hardware located in downtown Goldthwaite was burglarized last Thursday night with over \$500 worth of rifles, ammunition and knives being taken.

Also burglarized was the Goldthwaite High School cafeteria where food was taken. Mills County Sheriff Horace Brook's office reported the loot was found in two locations.

Some of it was found in the brush behind Phillip Carr's Cafe in Goldthwaite and some was found behind the Church of Christ in Goldthwaite.

Sheriff Brooks said the burglary was suspected to be two boys who ran away from the Camp Pecan Bayou Boys Ranch in Mills County Wednesday night. Brooks found a duffel bag at the Church of Christ that allegedly had the two boys names in the bag.

The boys apparently stayed two nights in the Church of Christ nursery, as evidence of the stay was found by Sheriff's officers.

Brooks reported at press time that no trace of the boys had been found.

CORRECTION

In last week's issue of the Eagle on the Public Schools Week Page the name of two elementary teachers were left out by mistake. They were Glenda Lemke, second grade teacher and Lee Ruth Campbell, sixth grade teacher.

Rev. Mild Speaker At RT Meet

YH'ers Invited To Participate In Fashion Review

The Mills County Young Homemakers have been invited to participate in the second Annual Natural Fibers Fashion Review to be held in Fort Worth on March 10, 1973.

It is being held in conjunction with the Southwest Farm and Implement Show. Those entering must make their own garment and must model them at a special showing. The garment should be made of cotton, wool or mohair and not less than 50 per cent of a Natural Fiber.

Judging will be based on construction, style, use of natural fibers and utilization of accessories. Gifts will be awarded to the winner and two runners-up in each division with a special award going to the overall winner.

Entering the contest from Mills County are Sara Jane Rudd, Francis Carlisle, Bonita House and Janell Sherwood.

Schwartz is the daughter of Mr. and Mrs. Milton Schwartz of Goldthwaite. Following is a list of the all-district girls and boys:

GUARDS: Rawlston and Stevens of Dublin; Sadler and Johnson, Valley Mills and Flanary and Locke of Glen Rose.
BOYS: Baley, Mayfield, Lindsey and Lowry, Hico; Conger and Rhodes, Glen Rose; Louis, Burns and Tischer, Valley Mills and Joyner and Jurney, Dublin.

Schwartz Named All District; McLean Honorable Mention

The Goldthwaite Eagle Basketball team placed one girl on the district team and one boy honorable mention on the squad. Carolyn Schwartz led the girls team in scoring last season and was named all-district forward.

Terry McLean was named to boys honorable mention list. He is the son of Mrs. Charlene McLean of Goldthwaite and Miss

**FROM THE
STATE CAPITOL**

By CARM LARY, JR.
State Representative

The House Committee on Revenue and Taxation met Monday to hear testimony on House Bill 433 and after a full hearing it was reported favorably. Attorney General John Hill several members of his office, and members of the Comptroller's office attended the meeting to testify in favor of the bill. Having been employed at one time in the Attorney General's office, I am extremely familiar with the conditions prompting the writing of this bill. The Attorney General's office reports that delinquencies arising from the Limited Sales, Excise, and Use Tax are steadily increasing, amounting to \$12,171,658.81 last year. People familiar with the situation believe that this amount is only the tip of the iceberg. They judge that this is only a small part of the money not being remitted to the State.

H. B. 433 requires the filing of certain designated type bonds or securities covering the collection of both State and local sales, excise, and use taxes. This measure will not affect the vast majority of the businesses now operating in Texas. It is aimed at those people who have been failing to pass on to the State Treasury those sale taxes they have collected from the consumer. It is particularly targeted at those persons who collect taxes from the public with absolutely no intention of passing them on to the State.

H. B. 88 passed the House Thursday. It allows for apportionment of fault in any liability based upon negligence. This bill

does away with the current law which does not allow any recovery to plaintiffs who may be only slightly at fault from defendants who may be greatly at fault. Also engrossed this week was H. B. 8, another measure of reform. Under this bill, candidates for Speaker of the House will be required to report their contributions and expenditures.

**JUNIOR GIRLS HOLD
CROSS COUNTRY RACE**

Mickey Ynostraza was the 1st place runner in the Junior High girls two mile cross country race held recently.

**STATE
Capital NEWS**
By BILL BOYKIN

AUSTIN, TEXAS — "Future financing of public schools in Texas is the most talked about, but least understood, problem in the state today," Sen. Pete Snelson told the West Texas Press Association at their winter meeting in Midland.

"The courts have said that the wealth of a school district cannot be the criteria for future financing," he explained. "And all future school financing in the state is affected by the court suit on the Edgewood district of San Antonio. Public school financing has been challenged in the courts in 30 states."

He compared Edgewood with Odessa's school district. Odessa has 24,984 pupils, 1,119 teachers with a starting salary of \$7,445. Edgewood has 22,134 students, 805 teachers with a starting salary of \$6,900. This is not the "equality" promised under the 14th Amendment, the courts have ruled — and the U. S. Supreme Court is looking at the appeals on this and other state cases.

The U. S. Supreme Court decision will write the next public school financing formulas in Texas, Snelson added, which might force a special session of the Texas Legislature — after this 63rd regular session has adjourned.

He speculated on the future of school districts — pointing out that ideas have ranged from a "statewide school district" to more "consolidations of school districts" — utilizing all districts in counties and statewide "property assessment at true market value."

Snelson, vice-chairman of the Senate Education Committee, quoted an El Paso newspaper clipping which said: "We are watching the demise of public education in Texas."

"The wealth of Texas as a whole will determine our future laws on public education," Snelson concluded — and asked these questions: "What will be the effect on the state tax structure? What will it do to consolidation of 1,100 school districts?" and "Will there be room for local enrichment programs?"

CONSTITUTIONAL PANEL — Legislators have until the end of the week to lodge their objections to the 37-member Texas Constitutional Revision Commission selected by the state's top six officials.

In order to reject the slate, a majority of both houses would have to signify their objections with the Secretary of State. Apparently, a relatively small number of objections will be lodged, although complaints on equality of the representation on the Commission were lodged by blacks, Republicans, women, youth and a West Texan. Mexican-Americans were also among signers of the objection petition.

Former State Supreme Court Chief Justice Robert W. Calvert was named chairman of the Commission which must report its recommendations to the Legislature by November. Mrs. Malcolm Milburn of Austin, former Republican vice chairman, is Commission vice chairman. The Legislature will sit as a constitutional convention next year, using the Commission's work as its starting point.

The Commission includes four Republicans, four women, three blacks and three Mexican-Americans. Neither group was satisfied with its numerical representation, although individuals named by the selection committee generally drew commendation.

Calvert is expected to call the group together soon after the

Legislature's "veto period" expires. Members were warned they may as well be prepared to block off at least half their time for the next year the revision task.

NEWSMEN'S BILL — Hearings on the "free flow of information" bill commonly called the newsmen's privilege, was changed to March 6 at 2 p.m. in the Lieutenant Governor's committee room.

SALES TAX RECOMMENDATIONS — Tens of millions of dollars in sales tax collections are not finding their way into the state treasury, a Senate committee reported last week.

Former Sen. Joe Christie said the final report of the interim committee to study the sales tax reveals "glaring deficiencies in the way sales taxes now are collected."

Christie said the report is not meant as an attack on the office of the comptroller, the state's chief tax collector, but as an effort to suggest better and more efficient ways to get maximum yield out of the lucrative and sensitive sales tax.

In the committee's opinion, the state lost at least \$18.2 million in 1971 due to faulty administration of the levy.

Committee members offered these recommendations: Employment of more auditors to monitor payments by business firms to the state.

Authority for cities to pursue in the courts collection of sales taxes once they are declared delinquent by the comptroller.

Requirement that business firms post bond to insure payment of their sales taxes.

Sens. O. H. (Ole) Harris and Oscar Mauzy, both of Dallas, served on the committee and will co-sponsor legislation to carry out the report's recommendations in the Senate.

The report charged Comptroller Robert S. Calvert has "pursued a policy which encourages sales tax delinquency" and has refused to demand adequate assurance of payment from new and consistently delinquent taxpayers.

The proposed bonding requirement passed the House last week but failed to clear the Senate.

COURTS SPEAK — The State Supreme Court upheld lower court rulings that former Crystal City School Superintendent John Briggs was due a \$21,000 contract settlement due to removal from duties in 1970.

The High Court also said a Houston hotel is responsible for loss of a purse a customer left in the restaurant.

A San Antonio grocery store owner who sold a magazine that may have been "unpleasant, uncouth and tawdry" should not be fined for violating pornography laws, the Court of Criminal Appeals said.

The Court of Criminal Appeals further held a defendant's testimony in court cannot be discredited by a conversation heard in a police station, since this would tend to circumvent the Texas prohibition against using oral confessions as evidence.

WELFARE BUDGET — Lt. Gov. Bill Hobby asked additional date from the Welfare Department to justify its case for major budget increases.

Hobby complained the department is asking for 2,851 new staff positions at a time when the federal government will take over cost of public assistance payments to some 275,000 aged, blind and disabled. While more Texans may qualify for state Medicaid coverage under the new federal provisions, Hobby said, he is not convinced the number of recipients of the medical care will be doubled as estimated by the Welfare Department.

Texas Research League, meanwhile accepted Governor Briscoe's request to make an analysis of the impact of new Social Security amendments on state finances and welfare programs.

SENATE REFORM ACTION — The Senate will pass "meaningful legislation" on the topic of ethical conduct in government, Lt. Gov. Hobby told the House Rules Committee last week.

Open meetings legislation passed by the House will be on the Senate calendar soon, Hobby said, along with a House bill to limit tax and spending conference committees to adjustments in bills.

A lobby control measure will be heard by Senate Jurisprudence Committee March 13. Hobby stuck by his guns: that he wants advice of 150 citizens at an "ethics conference" this month on ethics, lobby and campaign regulation.

SHORT SNORTS
The Senate confirmed appointments of Joe Christie of El Paso to the Insurance Board, Maj. Gen. Thomas Bishop of Austin as adjutant general and Joe Golman of Dallas to the state board of cos-

metology.
Attorney General Hill filed suit in federal court to force release of \$138.4 million in 1973 and \$165.7 million in 1974 by the federal government for use by the state and cities of Texas in building waste treatment plants for pollution control.

Forty-two private colleges want \$16.4 million (nearly four times what they are now getting) in state tuition grants.

Governor Briscoe has been suffering from a painful virus infection in both eyes that required bandaging and bed rest.

AG OPINIONS — Atty. Gen. John Hill held two bills to reinstate the death penalty for murder would be unconstitutional if enacted.

In other recent opinions, Hill concluded:

Financial requirements of a proposed state officials' code of ethics are constitutional, although there are some "problem areas" with the bill.

The Legislature's extending the Governor's Committee on Human Relations beyond Feb. 1 is valid even though a bill to bring about the extension was not passed until after that date.

Amendments to the budgets of counties under 225,000 population can be made at any time prior to and during the affected tax year.

APPOINTMENTS — Gov. Dolph Briscoe appointed Brig. Gen. James M. Rose of Austin special assistant to the governor for military affairs.

Other recent appointments made by the governor include:

Dee J. Kelly (reappointment) to the Texas Turnpike Authority board of directors; E. R. Friedman of Dallas and Hugh Sticksel Jr. of Amarillo to the state board of optometry; Jerry Puckett of Fort Stockton to the Texas Civil Air Patrol Commission; and Walter G. Tibbitts of Dallas to the governor's division of planning coordination.

**THE
FAMILY
LAWYER**

Prisoner at Large!

Security was so lax at a state penitentiary that prisoners could get whiskey, drugs, and even guns without too much trouble. One night a hardened criminal stole a gun and made good his escape.

He was recaptured within a few hours, but not until he had invaded a nearby home and shot a housewife in the leg. In due course, she demanded damages from the state.

"They run that jail too carelessly," she charged in court. "Escapes are common. Furthermore, they knew that this particular criminal was dangerous. Therefore, the government is to blame for my being shot."

The court agreed, and the woman won a substantial verdict.

Injuries inflicted by escaped prisoners are leading to a growing number of damage claims against either prison officials or the state itself. The law says penal institutions must be run with fair regard for the safety of those outside the walls.

Nevertheless, the authorities are not to blame if the escape could not reasonably have been prevented. Nor are they liable, even though negligent, if the injury to the outside citizen was not reasonably foreseeable. Thus:

Another escaping prisoner, commanding a passing automobile, caused the driver to suffer a fatal heart attack. But in this case the prisoner had a good record, with nothing to forewarn officials that he could be dangerous if he got loose.

Accordingly, when the victim's family filed suit for damages, the court turned them down.

What if an escapee steals a car and then, driving recklessly, knocks down an innocent pedestrian?

In such circumstances, courts have generally rejected the victim's claim for damages, even though prison officials were to blame for the escape. Reason: although officials should have foreseen that the prisoner might run away, they could scarcely have foreseen that he would also be a bad driver.

**U.S. Food Prices Compared
With Those Of Europe**

COLLEGE STATION — The U. S. housewife may have rising food prices to contend with, but she still has a few advantages over her European counterpart, according to Dr. Randall Stelly of the Texas Agricultural Experiment Station.

In the U. S., for example, an average income family spends about one-fifth of its income on food. In Italy and England, however, a third of the total consumer income goes for food. Similarly high figures hold true in other European countries as well, with France spending a quarter of her average income and Germany, 30 percent.

It also takes proportionally less work to buy food in the U. S. than in Europe, Stelly said. Paying for a pound of roast beef takes 20 minutes of work in New York but more than an hour and 20 minutes in Moscow. The same amount of beef costs 54 minutes of work in London, 85 minutes in Paris and 70 minutes in Munich, West Germany.

Even buying such a basic as bread requires 13 minutes of work for one pound in Moscow

and 12 minutes in Paris but only about half as much in New York. Another way of looking at the total cost of food is the "food basket," a figure that shows the theoretical weekly food expenditures for a family of four. In 1969, the latest figures, a U. S. food basket costs \$32 and required 12 hours of work. France's cost was close to the U. S., \$31, but required almost three times as much work, 36 hours.

In England the basket actually cost less, \$29, but took 27 hours of labor by the breadwinner. Russia, on the other hand, ranked among the highest with the basket costing \$56 and 82 hours of work needed.

Another plus the American housewife has going for her is the quality and ease of U. S. products. American food quality is the highest in the world, Stelly said, and often the easiest to prepare. Preprocessed foods that only have to be heated and served and specially prepared mixes are common in the U. S. but rare elsewhere, he added.

Mullin Community News

BY MRS. JOHNNIE HOLLAND

Funeral services were conducted last Monday afternoon at Pearlard, Texas, for Mr. C. D. Harvey. Mr. Harvey died enroute to a hospital after a sudden illness. He was the husband of the former Eva Faye Boland, daughter of Mrs. John Boland and the late Mr. Boland. Eva Faye is a niece of Bert Lockett and is well known here, as the Boland family one time lived here and she attended school here. Mr. and Mrs. Bert Lockett, Mr. and Mrs. Autry Keating and Mr. and Mrs. Carroll Lockett of Lubbock all attended the funeral services Monday.

Mrs. Ruth Tullos is home after visiting two weeks in Waco with her son, Rex and family, and grandson, Jimmy Rex and family. She stated she had a most enjoyable visit, but was glad to be back home. She is one of our Skip-bo players, so some of us really did miss her.

A big crowd was present at the singing at Ridge Sunday afternoon. In fact the largest crowd I have ever seen there. They had lots of good singers, so they did a good job of entertaining. The day was beautiful, so everyone came. I'm reminded of a book I'm reading as I write about the singing. The setting is in the hills of Kentucky. These hill people do many of the same things we do such as have singings and sing out of the "Stamp-Baxter" books, but our school system is much, much better than theirs. The title of the book is "The Enduring Hills" and it is real good. I hope their schools have improved down through the years.

Mr. and Mrs. Howard Ethridge visited the past week-end at Leander with Mr. and Mrs. Jimmy Ethridge, Randy and Brad. Brad returned home with them to spend the week with Paw Paw. This is his first time to do this. I just didn't think he would at all, but late Sunday afternoon I had a telephone call and it was Brad calling to tell me that he came home with them.

Mrs. Dew Shelton is home after spending a week in a Brownwood hospital with the flu. Her sister Venia has retired from her job in Goldthwaite and is now helping out at the Shelton grocery in Mullin.

The teachers at Mullin attended

a teachers meeting last Monday at Lingerville. Lingerville is in Erath County, North of Dublin.

The old Baptist Church in Mullin (located on the highway) is being torn down and moved away from Mullin. It has been here a long time, so we will all have to get used to a vacancy where it was located.

Mr. and Mrs. Gilbert Chancellor of Truco, are here visiting with Dick Kemp and other relatives and friends.

Funeral services were conducted an afternoon last week in Brownwood for Mr. Warren Clark. Mr. Clark passed away in a Temple hospital after a long illness. He had worked for the Santa Fe Railroad for a longtime. His wife was the former Alma Crockett, daughter of the late Mr. and Mrs. Jule Crockett. All of the older people here knew Mr.

Clark and his wife. Interment was in Greenleaf Cemetery at Brownwood.

Mr. and Mrs. Henry Gibbard have both been quiet ill, and have both been in the hospital in Goldthwaite. Also Mr. Harry Warren has been ill and he also has been in the hospital at Goldthwaite.

CHAPPELL HILL NEWS

BY PEARL CRAWFORD

We are enjoying some pretty warm weather. Some farm work has been started and several folks have sheared goats. Fruit trees are now in bloom.

W. P. Oxford, Mr. and Mrs. Lynn Oxford of Dallas, Billy of Killeen and Mrs. Jimmy Partin and son were visitors of Mrs. W. P. Oxford.

Mr. and Mrs. Steve Ratliff and children of Mason spent the week end with their parents, Mr. and Mrs. W. W. Ratliff.

Mr. and Mrs. William Glynn Crawford and Leticia of Fort Worth spent the weekend with Mr. and Mrs. A. L. Crawford and Mr. and Mrs. W. A. Bufe.

The health in our neighborhood is fair and we wish all the sick folks a speedy recovery.

Recent visitors of Mr. and Mrs. William Daniel included Mr. and Mrs. E. J. Cox, Mr. and Mrs. Fred Daniel and family of Imperial and Mr. and Mrs. Duane Horton and family of Ft. Worth.

Mr. and Mrs. Pearl Shipman visited Mr. and Mrs. Albert Evans Monday.

Mrs. C. V. Whatley visited her mother, Mrs. Berta White and Mrs. Bessie Brown Sunday.

Mr. and Mrs. O. L. Harris attended the Wagner farm supply sale at Shive Saturday.

Consider sheets when decorating on a budget—they're economical, colorful and versatile. Today's sheets are available in a wide variety of colorful solids, prints and designs.

Home decorators should find several possibilities to fit family tastes and fancies.

Sheets make numerous decorating accessories—indicating their versatility.

For example, they make excellent cafe curtains and full draperies. In fact, a home decorator can achieve complete window coordination by cutting a motif from a sheet and appliqueing it onto a window shade.

Chair and sofa cushions, extra pillow and throw pillow covers all can be constructed from sheets.

They're ideal covers for round and oval tables since they're wide

enough to form circular, floor-length tablecloths, turning to bedroom accessories, dust ruffles add a dressy appearance. To make dust ruffles, cut an old sheet the size of the box springs. Cut the ruffle from a new sheet, allowing enough width to reach from floor to top of the box springs. Attach ruffle to old sheet and place between springs and mattress.

In addition, sheets make attractive quilts. A decorative sheet is used as the quilt top, with machine stitching around the major motifs—as in doing quilted upholstery.

A luxurious appearance can be accomplished simply with creative thinking and a little effort.

The Hall of Fame for Great Americans was established in 1900 on the campus of New York University.

HEARING TESTS ARE IMPORTANT!

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing Test made to find why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids), just because they waited too late to do something about it . . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the Mauney Motel in Goldthwaite, Monday, March 12th from 1:30 P.M. to 3:00 P.M.

We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids.

We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Building) every Thursday and in the Hamilton office every Friday to run special test and assist you in every way.

Cost Of Cancer Quite Staggering

The dollar and cents side of cancer is quite a story—but it could have a happier ending if we did some math.

Although he is not a mathematician, L. B. Burnham, President of the Mills County American Cancer Society Unit, has some numbers that are pretty staggering: "The direct cost of diagnosis, treatment and care of cancer patients this year will probably total some \$3-billion! And, American workers will lose about \$250-million in wages because of cancer while their disability will cost industry some 72 thousand man-years of productivity."

All of this would just be a pretty big bill and a lot of statistics if there weren't something to be learned. "We know that many forms of cancer are curable if diagnosed early and treated promptly," he said, "and we've been convincing business leaders that it is in their own best interest to help us educate their workers to cancer's warning signals and safeguards."

Although the Society is best known for its support of research, it does a crucial job of educating the public and ACS employee education programs offer one way. "Businessmen and union leaders across the country are cooperating, we're happy to say."

There is another job of education that the ACS undertakes. "It's the difficult one of alerting people to the danger, indeed the utter disaster, of following unproven methods of cancer diagnosis and treatment. As I explained, cancer must be caught and treated early, it's one disease that doesn't go away or get better in time. Therefore, when misguided people waste this precious time with something that hasn't been proved scientifically—well, they're throwing their lives

away." It's hard to put a price tag on cancer quackery but in one large state, California, authorities estimate that health frauds and those of the community when cancer strikes.

"Education, service to the cancer patient and of course, research, are what the American Cancer Society is all about, and I hope this April everyone in Mills County will be part of the effort by giving the Society's educational and fund-raising Crusade the greatest support in its history. After all, our theme is everyone's theme: 'We Want to Wipe Out Cancer in Your Lifetime.'"

In order to help frightened or uncertain patients and their families, the ACS maintains up-to-date files on unproven methods. At

the same time, the local unit of the nationwide voluntary agency is ready to show a family how to marshal its resources and those of the community when cancer strikes.

"Education, service to the cancer patient and of course, research, are what the American Cancer Society is all about, and I hope this April everyone in Mills County will be part of the effort by giving the Society's educational and fund-raising Crusade the greatest support in its history. After all, our theme is everyone's theme: 'We Want to Wipe Out Cancer in Your Lifetime.'"

THE MILLS MINISTER

BY ANDREW E. MILD, Pastor
of the Zion Lutheran Church of
Priddy

Ash Wednesday is the beginning of what is known as the Lenten season. It is the six weeks before Holy Week which is given to the emphasis on the last weeks of our Lord on earth. Traditionally, most of the Christian Churches have observed this time for special services and emphases.

For some, this has become a time of sentimentality and somewhat brooding over the suffering of our Lord. They say, "Isn't it a shame that those people had to treat Him so badly?" And this is missing the point of the season entirely.

The disciples of Jesus had basked in the sunshine of popularity as they followed their Master for almost 3 years. They were connected with the many miracles which Jesus performed. They were also connected with all which the religious leaders of their day opposed. Jesus was the one who had offended them in so many ways so often. He and His followers were their enemies, and they must be eliminated.

For a considerable time Jesus and His disciples were moving away from the populous centers in order to avoid the fatal confrontation. But now suddenly

Jesus made an announcement which fell like a bomb amidst His disciples. "BEHOLD, WE GO UP TO JERUSALEM!" It seemed like an insane thing to do. His disciples questioned the wisdom of such a move. Now Jesus gave His answer to those inquiries: "All things written by the prophets concerning the Son of Man shall be accomplished."

So then, this season which we call "Lent" is the season where we look at those who were involved in the events of the last days of Jesus before His crucifixion, and also how He met the challenge of His destiny in His earthly life. It is then that we can each ask ourselves the question, "How am I meeting the challenges facing me? How am I fulfilling God's purpose in life for me?"

If our lives are to be meaningful to ourselves and others, then they must be lived purposefully. Jesus knew why He was on earth. He knew what the course was that had been prophesied many years before. He never deviated from that course. We as His followers also dare not deviate from the course which our Master has set forth for us when He said, "Come, take up your cross and follow me." We too, at times have our Jerusalems to face. Are we doing it in the spirit of Jesus?

Marvin Rudd Services Conducted March 4th

Final rites for Marvin Rudd of Goldthwaite were conducted Sunday, March 4, 1973, at 3 p.m. in the Wilkins Funeral Chapel. Interment was in the Goldthwaite Memorial Cemetery. Rev. Dan Connolly officiated. Wilkins Funeral Home was in charge of arrangements.

Mr. Rudd passed away March 3, 1973, at 12:15 a.m. in the Heritage Nursing Home in Goldthwaite.

Born March 12, 1881, in Bowie County, Texas, he was the son of the late W. D. and Sarah Frances Tally Rudd.

Mr. Rudd, a member of the First Baptist Church, was married to Anna N. Spence on June 15, 1912, at Comanche, Tex. He moved to Goldthwaite fol-

lowing his marriage and lived here until 1946. He moved to Temple where he lived until his return to Goldthwaite in 1971.

Mr. Rudd, a retired barber, is preceded in death by his wife on September 20, 1971 and his son, Marvin Spence, February, 1935.

Pallbearers were S. E. Cloniger, J. Omer (Hoggie), Luther Ray, Herman and Pat Rudd and Gilbert Davis.

Survivors include two daughters, Mrs. Dorothy Nell (Clay) Wilson of Houston and Mrs. Virginia Ruth (H. L.) Long, Fort Worth; four brothers, Guy and Jim of Goldthwaite; Gus of Energy; Bill of Hamilton; one sister, Mrs. W. W. (Dna) Lacey, Bovina and five grandchildren.

Former Residents Of Big Valley Pass Away

Two former residents of the Big Valley Community recently passed away. They were Mr. and Mrs. Roy Bynum of Pecan Wells.

Mr. Bynum passed away on February 10, 1973, and Mrs. Bynum passed away March 1, 1973.

Services for Mr. Bynum were conducted at the Hamilton Church of Christ and services for Mrs. Bynum were held at the Riley Funeral Home in Hamilton with Minister Marvin Porterfield officiating. He was assisted by Dr. George Tolbert. Burials were in Pottsville Cemetery.

Pallbearers for the couple were the grandsons.

Survivors include their children, Vernon Bynum of Leander, Mrs. V. J. Donihoo of Grand Prairie, Otto Bynum of San Saba,

Raynard Bynum of San Angelo and Finley Bynum of the home; sixteen grandchildren and eleven great grandchildren.

Social Security News

Q - My brother has been getting monthly disability payments from social security since 1968. I recently read in the paper that disabled people under 65 will soon be able to get Medicare. Is this true?

A - It is true that people under 65 getting social security disability payments will soon be eligible for Medicare coverage. Starting in July of 1973, your brother and other disabled people who have been getting social security disability benefits for at least two years will be eligible for Medicare.

Q - My wife is 66 and a high school teacher. Last summer when she wasn't teaching she got monthly social security checks. We'll report her total wages on our income tax return. My wife thinks that's all she has to do. Is she right?

A - No, she must also file an annual report of her earnings with the Social Security Administration by April 15, 1973. This report is entirely differ-

ent from an income tax return. The people at your social security office will be glad to help her complete the annual report.

Q - I'm only 16, but I want to looking for a part-time job. Do I need to get a work permit before I come in to get a social security number?

A - No, you don't need a work permit, but you should apply for a social security number as soon as possible. The Social Security Administration must screen every application against the national files in Baltimore, Maryland, to make sure that duplicate numbers aren't issued or that an applicant hasn't been issued a social security number before. This process may take several weeks.

Q - I am getting social security student benefits, and I will be 22 in March. Will the recent social security changes affect my benefits in any way?

A - Yes. Instead of ending with the month in which you reach 22, if you are a full-time stu-

Kennon McLean On Dean's List At Texas Tech

Kennon McLean, son of Mr. and Mrs. Charlie McLean of Goldthwaite, was among the 2,377 students in the College of Arts and Sciences who qualified for the dean's honor list for the 1972 fall semester at Texas Tech University, Lubbock.

To qualify for the honor list a student must be enrolled in 12 hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 grading system.

dent and you have not completed the requirements for or received a bachelors degree from a 4-year college or university, your benefits will continue under the new law through the end of the quarter or semester in which you reach age 22. If your school is not operated on a quarter or semester basis, benefits can continue through the end of the course in which you are enrolled when you reach 22 or, if earlier, through the end of the 2nd month following the month you reach 22.

FHA Chapter Holds Annual Banquet

The Goldthwaite FHA Chapter had its annual Parents' Night Banquet Monday, February 27th. The evening began with the invocation given by Susan Morrow and the Welcome by Carla Tatum. Mr. Johnny Truitt gave the Response.

This was followed by the meal which was served by the Senior FFA boys. They did an excellent job and were appreciated by everyone. Next on the program was the introduction of the FHA officers: President, Elaine Harper; Vice-president, Carla Tatum; 2nd Vice-president, Liz Truitt; 3rd Vice-president, Rose Sapien; Secretary, Gall Berry; Treasurer, Susan Morrow; Reporter, Susan Derrick; Civil Defense Co-chairmen, Kathy Gist and Martha Williams; Song leader, Sally Saylor; Historian and Parliamentarian, Melissa Coats.

President Elaine Harper introduced the special guests: Tom Cody and Carol Graves, president of Young Homemakers; Dale and Wanda Allen, Area Secretary of Young Homemakers; Mr. and Mrs. McCoy, Honorary members of FHA.

Mr. and Mrs. Thurman Head were presented with an honorary FHA membership. Also introduced were FHA Beau Robin Reid,

his mother, Mrs. Dale Reid and FHA Chapter Parents, Mr. and Mrs. Cecil Derrick and Mr. and Mrs. Spot Saylor, who were unable to attend.

Special awards were presented to Susan Derrick for being Betty Crocker Homemaker of Tomorrow. Cindy Shaw received an award for being FHA'er of the semester.

Elaine Harper reported on the contestants in the "Make-it-yourself-with-Wool" Contest. They were Camille Bryant, Melissa Coats, Cindy Johnson, Carolyn Schwartz, Becky Watson, and Laquita Williams. Carolyn, Becky and Camille each won a piece of wool. Melissa and Laquita went to State and Melissa finally came in the top ten in the national competition held in Washington, D. C.

It was also reported that Area FHA Meeting will be held in Brownwood on March 16 and 17th. Rose Sapien will run for office either as Area President or Historian. Cindy Johnson and Elaine Harper will participate in the Area Chorus and Cindy will go on to State Chorus in April. Carla Tatum then gave an outline of the FHA projects of this year.

Guest speaker was Del Barnett. He gave a very informative speech on the subject, "Stable

Home - Stable Life." He emphasized many important points that should be considered in raising children and he made some valuable comments on the subject. This was followed by a very talented musical group composed of Ricky Stacy, David and Steven Schwartz and Ken Leonhard.

The evening ended with the singing of the FHA Prayer Song.

Pilot light peril . . . The pilot light on your stove or heater may be out of sight, but don't let it be out of mind or a serious burn could result. This warning comes from Hollis S. Ingraham, M.D., New York State Health Commissioner, who explains that within a matter of seconds flammable substances such as tile paste, lacquer thinner, natural gas and kerosene, placed even many feet away from a pilot light may vaporize and ignite, causing a flashback.

"If the cleaning fluid or household substance you're using is labeled 'flammable' be sure to keep it away from the pilot light area," says Dr. Ingraham. "If you turn off your pilot light, make sure that it is relighted only after the working area has been well ventilated."

Final Rites For Loula Swindle Conducted March 5

Funeral services for Loula Swindle of Goldthwaite were conducted Monday, March 5, 1973, at 2 p.m. in the Wilkins Funeral Chapel. Interment was in the Indian Gap Cemetery. Rev. Dan Connolly officiated. Wilkins Funeral Home was in charge of arrangements.

Mrs. Swindle, a member of the Baptist Church, passed away Sunday, March 4, 1973, at 5:30 a.m. in the Childress Hospital in Goldthwaite.

Born September 9, 1882, she was the daughter of Gilliam Gainer and Mattie Williams Gainer.

She was married to Robert Fielder Swindle August 1904, in Indian Gap, Texas. They moved to Goldthwaite from Priddy in 1938. Mrs. Swindle's husband preceded her in death August 1970.

Pallbearers were Bernard, Charley, Hilton, Wayne, Bobby, and Larry Swindle.

Survivors include one son, W. N. (Newman) Swindle, Goldthwaite; one daughter, Bobby Lou Swindle, Goldthwaite; one grand daughter, Mrs. Meiba (B. C.) Jones, Energy; one grandson, Hilton Swindle, Pasadena; seven great grandchildren; two sisters, Mrs. Ed Heath, Hale Center and Mrs. Marvin Boyd, Snyder and two brothers Bill and Bob Gainer, Sweetwater.

WE'RE CONCERNED...

Hello, I'm Carol Scroggins, and I would like to help you learn more about the products in our stores and how these products can help you get the most from your shopping dollar.

We believe you should receive a dollar's worth of value in products and services for every dollar you spend. Consumerism and the consumer are very important to those of us involved with supplying food and related products. That's why we have established a department of consumer affairs to assist you.

In the weeks to come I will help by sharing with you some of the basics of good food selection for best economy and nutrition, by suggesting menu ideas and recipes, by answering your questions, and by showing you how we will be working to keep in tune with your concerns. Our store offers you low prices while not skimping on quality or service.

There are ways to cut your food expenses while maintaining your family's good nutrition. Here are a few of them:

1. Plan before you shop! Read our food ads to find the best food buys, keeping in mind your family's likes and dislikes—if they won't eat it, it isn't economical at any price!
2. Buy when supplies are plentiful! Fruits and vegetables are less expensive in season, oranges are in good supply now, and are an excellent source of Vitamin C. Plan to use oranges in unusual ways, such as in salads.
3. Buy a brand you know represents quality responsibility! Our brands often offer savings of 5, 10 or even 20 per cent over national brands. Read the labels to know what you are buying, and buy according to grade, content, and intended use.
4. Buy a less expensive cut of meat, such as Beef Chuck Roast! A different cut, and a different method of preparation, add variety to your menu. Beef's not all steak, you know. Use poultry, fish or a meat substitute instead of beef. Cheese is an excellent substitute for meat, and a good source of calcium as well.

I'm looking forward to working with you in the weeks to come.

We invite your comments, questions and inquiries. Send them to:
