Predator Problem Nears Emergency Stage In Texas

Representatives of some agricultural groups testified in Austin that the predatory animal problem is nearing the emergency stage in the livestock industry. This testimony was presented to the Wildlife Sub-committee of the Environmental Affairs Committee of the Texas House of Representatives.

Chairman Fred Agnich called the meeting to organize the subcommittee into a hearing body to determine the actual damage predatory animals are causing

livestock and wildlife industries in Texas. Mr. Agnich said because of the evidenced problem with predatory animals the committee plans to conduct at least two field hearings, at which time they will hear testimony from livestock producers as well as environmentalists as to their losses and the problem as they see it. The hearings will be conducted in Fort Stockton, Texas on Wednesday, October 10 at 10:00 a.m. Meeting places will be announced at a later date.

The Wildlife Sub-committee of the Environmental Affairs Committee is made up of Fred Agnich of Dallas, Chairman; Ben Grant of Marshall; Ben Atwell of Dallas; Tony Dramberger of San Antonio; Jimmy C. Edwards of Conroe; T. H. McDonald of Mesquite; and Ed Watson of Deer Park.

City Council Continues Work On Electrical Crisis With LCRA

The Goldthwaite City Council, meeting in regular session Monday night, again appealed to electrical users of the city to do everything possible to conserve electricity.

Mayor Ray Duren, having attended some 12 meetings in Austin in the past few months, told the council of the plight of LCRA (Lower Colorado River Authority) in recent meetings with the Railroad Commission of Texas and with gas producing companies.

The power wholesaler asked the city to pass an addition to the contract that the city has to purchase electricity from LCRA.

Mrs. Charles Studer Hired As 5-County Migrant Teacher

Friday, Mullin, Star, Goldthwaite, and Lometa school districts are cooperating in a student enrichment program that is

administered by the Educational Service Center, Region XII, in Waco, and funded through Titles I. This program is specially designed to meet the needs of the pupil who has moved with his family from school to school in order that his parents could find agriculturally related work. As a result of his moving, the child often has difficulties realizing his highest potential and fitting into the mainstream of local customs.

The program will provide extra help in the area of language arts; reading, spelling, and English. The teacher and/or teacher aide will work particularly with the non-English speaking student to help him overcome language barriers. Beside language arts instruction and communication skills, the student will receive help in expanding his life experiences and concepts.

The teacher will be able to determine each child's special needs through examinations, and conferences with the student's parents and regular teacher. In some cases, the migrant teacher will work in the regular classroom in close conjunction with the classroom teacher. In yet other cases, the migrant teacher will take the student into a separate place for more individualized attention.

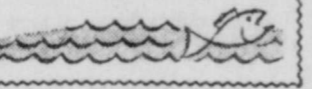

Marge (Mrs. Charles) Studer has been hired to fill the position of the migrant teacher. In order to explain the program more fully, Mrs. Studer will be contacting the parents of students who have moved into this school district within the last year. She will travel to each of the schools that are cooperating in the effort in order to be of service to qualified students.

IMMUNIZATION CLINIC SET SEPTEMBER 30

Water Under The Bridge

by G.F.B.

If the little sprinkle we had hereabouts last Wednesday inspired the "Water Under The Bridge" in last week's Eagle, then the generous rains witnessed the days following should bring about a whole section devoted to "Water."

And rightly it should be. The rain, justifiably called a "Million dollar Rain" came at a most opportune time as many of the pastures in Mills County were getting pretty arid, to say the least. And as if you didn't notice, the grass turned green in just a matter of hours, almost as if painted with a brush.

When a football team wins, it's easy to boost them from week to week... but when one loses, it's not so easy. But that's when it's needed most, when the boys and coaches are down in the dumps and morale is at a low ebb. That's the time to tell them that we're behind them all the way in their endeavor, win, lose or draw. Our Eagle team this year is a young one, with little experience in the necessary positions. But if we lack support for these youngsters now, they will remember it in years to come, and that's a fact.

1973 Maxim — "It isn't the people who want something for nothing that's causing all this trouble... it's the ones that have already succeeded in getting it!"

MILLS COUNTY FOOTBALL — Eagles Blanked 41-0 In Season Opener

The Goldthwaite Eagles opened the 1973 season with a humiliating defeat at the hands of long-time rival San Saba last Friday night by a 41-0 tally.

The Eagles, unable to muster any sort of offense during the game, were held to only four first downs and a total yardage of less than 20 yards. San Saba racked up over 400 yards of offense and 19 first downs.

Larry Elliott, big 196-pound Eagle fullback suffered a recurrence of a back injury sustained

in the Ranger scrimmage two weeks ago and could be out for the season.

HAMILTON HERE FRIDAY NIGHT

The Eagles play their first home encounter this Friday night against the Hamilton Bulldogs. Game time is set for 8 p. m. Hamilton edged DeLeon's Bearets 7-6 in their game last Friday night in DeLeon, coming from behind in the second half to score the victory.

Star Tigers Defeated By Oglesby 8-6

The Star Tigers were defeated in their first game of the season by Oglesby, 8-6.

During the first quarter of the game neither team could manage to score. Rain began to fall in the second period of play and continued throughout the rest of the game.

Tiger Bill Brown was caught in the end zone for a safety at the end of the second quarter leaving Star trailing at the half with a 0-2 score.

Star scored in the fourth segment of the game when Jimmy Witty ran a twenty yard pass

from Bill Brown into the TD zone. The score now was in favor of the Tigers 6-2, but not for long. Oglesby also managed a TD in the fourth quarter which ended the game 8-6 in favor of Oglesby.

In this first game of the season the Tiger defensive line looked much improved over last year's efforts according to Coach Grant Tidwell.

Star will play Sidney at Sidney this Friday at 8 p.m. for their second game of the season.

Mullin Falls To Carbon

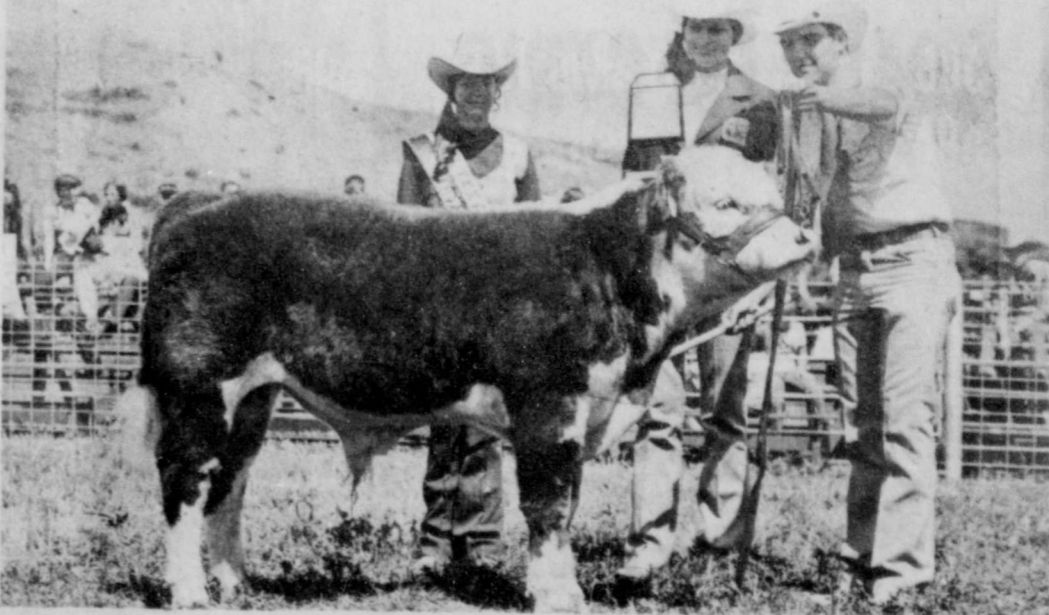

Last week the Mullin Bulldogs lost their first game of the '73 season to Carbon, 32-19.

Scoring for Mullin during the game were Robin Dean, 2 TD's and Tony King, 1 TD. Craig Smith was credited with the extra points.

Thursday (tonight) the Bulldogs

go against Santo at Mullin. Game time is 8 p.m.

Starting quarterback for Mullin this week will be Danny Whisenhunt. He was unable to participate in last week's game due to injuries suffered in a one-car accident several weeks ago.

On Tuesday, September 12, the Goldthwaite High School Pep Squad was organized. There were over 80 students present and we are looking forward to one of the best pep squads we have ever had.

There has been a steady stream of cotton wagons and trucks to the gins and on to market this week and the receipts have been heavy in all the cotton growing states. Receipts at Goldthwaite cotton yard for the season up to the time the Eagle was put to press were 725 bales and most of

it was high grade.

One of the outstanding events in the history of the Mullin High School was the "get acquainted" social sponsored by the P.T.A. last Friday evening. The cooperative spirit of the Mullin patrons was manifested by the large number present. The faculty this year consists of Supt. Tolbert Patterson, Misses Laura Nelson, Sybil

Guthrie, Mildred Mills, Clemmie Mae Hancock, Marsaete Sammy and Oleta Fisher.

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town or village as are necessary to pay the principal of and interest on, when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on their general obligations hereafter issued subject to the restrictions provided by law."
