Living Christmas Tree To Be Bigger and Better This Year

The combined 84 voices of musicians from the communities of Friona, Hereford, Amarillo, Bovina, Muleshoe, Dimmitt, and Broadview, New Mexico will herald the coming of the Christmas Season as they present traditional and modern selections in the 1999 Living Christmas Tree again directed by Jim Parker.

Performances will be in the Friona Junior High Auditorium, Friday, December 3 and Saturday, December 4, at 7:30 p.m. and Sunday, December 5, at 2 p.m.

No tickets are being distributed, and admission is free; however, donations to help defray the costs of new lighting and decorations will be welcome.

Local performers are excited to have the addition of the twenty-four voices from the Texas Plains Chorale of Hereford and several voices from surrounding communities combining to make the largest number of choir members in the four-performance history of the Living Christmas Tree, and promising to be the best yet. Child care for children 5 years old and younger will be provided at the 10th Street Church of Christ during each performance.

Construction of the "Tree" will begin at 8 a.m. Monday, November 29, at the Junior High Auditorium. Decoration of the "Tree" will begin at 8 a.m. Tuesday, November 30. Anyone in the community

who would like to participate in getting the "Tree" ready for the performances is welcome to join the crews who will be working on those days.

WITH THE YEAR, decade, century and millennium quickly nearing their end, we are being inundated with lists of "the most important," or "most influential" people of the century or millennium.

One list that caught people eyes last week was the announcement by the *New York Post* of the poll conducted by the newspaper for the 50 "Most Evil Persons of the Millennium."

It was no great surprise that Adolph Hitler nailed down the number one spot on this poll. It might surprise you who the number two "most evil" person of all time (oops, pardon--just the past millennium) was, are you ready...Bill Clinton.

Clinton tallied a total of 1664 votes, which was quite impressive, given the fact that they were all write-in votes! The other "candidates" had been chosen by the *Post* editors and were listed on the ballot.

Some of the folks Clinton beat out for his lofty position included Josef Stalin, Pol Pot, Dr. Josef Mengele, Saddam Hussein, Adolf Eichmann, Charles Manson, Idi Amin, Genghis Khan, Jeffrey Dahmer, Benito Mussolini, Ayatollah Khomeini, Ted Bundy, John Wayne Gacy, Fidel Castro, Jim Jones, Timothy McVeigh, Slobodan Milosevic, Mommar Khadafy and Jack the Ripper.

These are some pretty heavy hitters! Well, the "Prez" has been noticeably anxious about his "place in history." Opinion: Congratulations, Bill, it appears that a jury of your peers has you pretty well pegged.

As none other than Abraham Lincoln once said: "You can fool some of the people all of the time, and all of the people some of the time, BUT you can't fool all of the people all of the time." That's pretty evident in this poll, don't you think??

And, if the readers of the *New York Post* are to be trusted, then Hillary (Hil-Rod to some) could have saved a lot of tax money and a lot of nasty in-fighting if she had paid attention to the above poll, which came out exactly a week ago.

If you were surprised to see our president as the second-most evil person, how about Hillary in the 6th spot?? That's what the poll participants said, and again, she was a write-in. Hillary beat out the same people that Bill did, except for Stalin, Pol Pot and Dr. Mengele.

These same nationwide pollsters also voted for the 25 most influential people of the millennium, and here are some of their choices:

1. Thomas Edison; 2. Albert Einstein; 3. Christopher Columbus; 4. Abraham Lincoln; 5. George Washington; 6. Galileo; 7. Isaac Newton; 8. Benjamin Franklin.
- Also, 9. Henry Ford; 10. Martin Luther King, Jr.; 11. Michelangelo; 12. Winston Churchill; 13. Alexander Graham Bell; 14. Mother Teresa; 15. Charles Darwin; 16. Jonas Salk; 17. Orville Wright.

- Also, 18. Franklin D. Roosevelt; 19. Mahatma Gandhi; 20. Nicolaus Copernicus; 21. Madame Curie; 22. Marco Polo; 23. Thomas Aquinas; 24. Sigmund Freud, and 25. Wilbur Wright.

Sounds to us as though these pollsters have a pretty good idea of who's influential or not, and for that matter, who's evil and who's not.

None of the "national media" has quoted this poll, but thanks to the Internet, we are sharing it with our readers. Happy Thanksgiving!

A Thanksgiving Memory

by Frank Sherer

One remembers gay Novembers
When we spent Thanksgiving Day
With the old folks in the country
In the good old-fashioned way.

On those frosty, festive mornings
Flakes of snow would often fall,
And the latchstring on the outside
Welcomed anyone to call.

Smoke curled upward from the chimney,
Stretching skyward like a spire,
And the scent of pine logs burning
Lent a fragrance to the fire.

From the kitchen came aromas
Of the good things cooking there...
Turkey roasting in the oven,
Pastries all prepared with care.

Far away the sound of church bells
Ringing clear across the miles,
Bidding all to come and worship
Midst the warmth of friendly smiles.

Though the time and scene have shifted,
Memory still finds us there,
Giving thanks to God the Father
For the blessings that we share.

Tie Takes Week 12 Contest, Grand Prize Winner Soon!!

The Week Twelve contest was one of the easier of the year it seems. Even Texas Tech won their game against Oklahoma.

The best entries came from five contestants that picked 12 out of 14 correct. Unfortunately only three of

the five ended up in the money.

Gilda Garner of Bovina and Travis Lockmiller of Clovis tied for the first place spot this week. Each was 15 points off on the Dallas 9, Arizona 13 tie-breaker.

Gilda and Travis will

split the 1st and 2nd place money, each one receiving \$15.00.

Dorothy Harris of Bovina edged into 3rd place with her 12 correct and 16 points off.

Doyle Garner of Bovina and Del Ray Sudderth of Austin were the other 12 correct players but they were 20 and 36 off the tie-breaker and finished out of the weekly money.

The point total race for the grand prize of \$150 enters the final week on a "who knows" note. "Who knows" who will win. Tied for the lead with only 14 games to pick from are Bobby Joe Johnson, Jerry Roach and Del Ray Sudderth. Only one back at 113 is A. M. Wilson, with Matt Hromas and Al Kerby, Jr in striking distance at 112.

Look for a tie among the leaders with the 13-week tie-breaker totals used to determine the final winner.

Maybe not. Maybe one player will win outright with a brilliant performance in Week Thirteen. Who Knows? We'll let you know next week. Good luck and good pickin'!

AN OKIE TUB....Elton Venable, right, with the help of his granddaughter Amy and a truck driver, load a 500 lb. cast iron bathtub into the cab of a truck tractor. The truck driver bought the antique tub from Marie's Used Values and was taking it to Oklahoma City.

ALL-TOURNAMENT MEDALS were earned by Sergio Nieto, left, and Jason Stone for their performances at the Morton tournament. The Mustangs defeated the Shallowater JV, Dora N.M., and the Lubbock Coronado JV to win the title. photo by k'dawn scroggins

"Be Thankful For What You Don't Have!"

It is Thanksgiving. I should be happy and grateful but I am feeling guilty.

This year my kids and I have decided to give thanks for the things we don't have. We are already thankful for what we have.

Maybe you haven't noticed but there are a lot of things people want us to feel guilty about these days. Politicians and the national media lay guilt trips on the American people daily.

We don't save enough money. We are too fat or too skinny. We have a gun or two in the closet. We don't do enough for the children and the old people.

Most of all we are cruel when it comes to the

Crime Stoppers Report

The following was submitted by Crime Stoppers board member Tracey Fields.

Parmer County Crime Stoppers held their monthly meeting on November 17 in Bovina. It was decided to offer a reward for any information on the vandalism of the Farwell/Texico Lions Club trap range.

Crime Stoppers recently submitted a "most wanted" poster to Amarillo Crime Stoppers to be broadcast on KAMR. The subject was wanted for four outstanding felony warrants. Within two weeks the subject was apprehended by Amarillo Police and is currently in Parmer County jail.

The next Crime Stoppers meeting will be January 19 in Farwell. Anyone is welcome to attend.

Crime Stoppers will pay a reward of up to \$500 for information leading to the arrest and indictment of the person or persons responsible for any crime and you don't have to give your name.

Call 1-800-774-TIPS or 806-481-9178 with information on any crime.

environment and saving all living animal species.

As American people, we are buried in the information age. Information is the number one industry in America today. The politicians are slowly driving the manufacturing industry to cheaper labor foreign countries.

I am feeling guilty because I haven't hopped on for the rise in the Dow-Jones even though I don't have a clue how it works. I was going to get into the stock market until I found out you needed quite a bit of money.

One area that can really make you feel guilty is junk mail. I admit that I like junk mail. Instead of getting off of junk mail lists, I get on as many lists as I can.

To me it is easier to just throw junk mail away than to try and get your name off junk mail lists. Besides, I feel like my U.S. Post Office mail delivery person needs to keep her job a while longer.

I am doing my part for America by receiving a lot of junk mail. Experts say that someday we won't even need the post office because of the Internet, the World-Wide Web, and cell phones that keep you in touch with your computer 24-hours-a-day.

I think the elimination of the post office is at least a half a generation away so in the meantime I am doing my patriotic duty for the U. S. Postal Service.

It is very easy to increase the amount of junk mail you receive. Subscribe to one magazine and soon you will receive offers from dozens of others offering one issue free and no obligation if you don't like it.

Order one merchandise catalog and for a while you will receive all sorts of neat catalogs from which you can purchase grapefruits to exercise bikes from the comfort of your own home.

If you don't order from a catalog, they will eventually stop sending it after about 100 issues and nasty

reminders on the front page that this is your last issue.

The most prolific junk mail machines are political fundraising organizations and political magazines. A couple of years ago I ordered a small book from an organization called Citizens Against Government Waste (CAGW).

Since then my political junk mail has expanded to include every liberal, conservative, libertarian and wacko organization on the Eastern Seaboard.

I feel personally responsible that the U. S. has lost the Panama Canal. I am guilty of not caring enough that people were forced off welfare.

It is my fault that people in Kosovo, Iraq, Rwanda and other non-tourist spots are living in tents. Their only entertainment seems to be chucking rocks at soldiers or whacking each other to pieces with machetes.

The least we could do is buy them some guns and rubber bullets so they could have an equal chance to win whatever it is they are fighting for.

I feel especially guilty this Thanksgiving because no matter how hard I try, or how much I pray, I just cannot find it in my heart to like Billy Jeff and Hill Rod Clinton. In fact if I am not careful my dislike for them will fade into hate and we all know that hate is not good. Especially at Thanksgiving.

I feel guilty because I cannot for the life of me understand why the Atlanta Zoo would pay the Chinese over \$10 million to rent two Panda Bears for 10 years.

Lun-Lun and Yang-Yang will live in a new, \$7 million habitat in Atlanta. Atlanta is renting the giant pandas as part of a project to learn why the endangered animals show little interest in mating while in captivity.

They are spending \$17 million-plus to figure out why these Chinese bears do not prefer to have sex in public? I am feeling pretty guilty for the bears.

What started this most recent guilt trip was a letter I received from Robert F. Kennedy, Jr. this week. He was asking for my help. Can you imagine a Kennedy asking for my help? Pretty high cotton stuff for Parmer County.

Young Mr. Kennedy was pleading for help on behalf of the Natural Resources Defense Council (www.nrdc.org) which is headquartered in New York City.

It seems that the Japanese and the Mexicans are plotting against Gray Whales. Little Bobby wanted me to send him at least \$10 and write to the chairman of Mitsubishi and the president of Mexico so they will not build an industrial salt operation in Baja, Mexico.

It seems that the salt plant is being built in a lagoon that is "the last lagoon remaining on our

The Women's Center of the Don and Sybil Harrington Cancer Center and Baptist St. Anthony's Health System will conduct a breast cancer screening clinic at Parmer County Hospital, 1307 Cleveland Avenue in Friona on December 15.

Breast cancer affects one in eight women. The key to winning the battle against cancer is early detection by having an annual breast exam, mammogram and performing breast self-exam each month.

Participants will receive a low-cost screening mammogram. Each woman will receive a breast health risk appraisal and individual instruction by a registered nurse in breast self-examination.

planet where the majestic Gray Whale can breed and give birth in peace."

I'm not going to send Robert Kennedy, Jr., any money and I am not going to write the chairman of Mitsubishi or the president of Mexico. See, what I really feel guilty about is that I don't care if Gray Whales multiply or not.

If every Gray Whale in the sea disappeared tomorrow, I can't see that it would affect my life or the lives of my loved ones. For that matter, I have the same guilty feelings when preservation of Bengal Tigers doesn't hit my urgency button.

We don't need the Gray Whales for food. Heaven forbid if you are caught eating one. So why do we need them. I say just let them swim around out there and have sex and babies by themselves and if they become extinct, well, so what.

Finally, Kennedy's letter says there are 21,000 whales in the Gray Whale population. There is no way they know that.

Hell, we can't even agree on how to count the humans on land for the 2000 census, much less how many whales are in the water.

I am going to spend my \$10 whale money on something for one of my kids. I had rather spend \$10 to save a Wal-Mart than a Gray Whale any day.

Hey, I'm feeling better already. What the heck!

Hand me a couple of slices of bread, some white meat and that quart jar of mayo!

Give thanks for your blessings and especially for all the things you do not have!

Cotton News

from Plains Cotton Growers, Inc.

Plains Cotton Growers and other industry groups have never given up on the prospect of a cottonseed assistance program and that dedication appears to have paid off handsomely. The winners will be High Plains cotton producers and cotton gins.

Congressional negotiators working on putting together a final Omnibus spending package identified some \$111 million that they then earmarked for cottonseed assistance and a proposed Step 2 marketing certificate program for Pima cotton.

Thanks again is the phrase that needs to be stated and restarted to all members of the House of Representatives and the Senate as they finalize details of an Omnibus Budget Bill (H.R.3194). Key to

Clinic Set Dec. 15 In Friona

The Women's Center of the Don and Sybil Harrington Cancer Center and Baptist St. Anthony's Health System will conduct a breast cancer screening clinic at Parmer County Hospital, 1307 Cleveland Avenue in Friona on December 15.

Breast cancer affects one in eight women. The key to winning the battle against cancer is early detection by having an annual breast exam, mammogram and performing breast self-exam each month.

Participants will receive a low-cost screening mammogram. Each woman will receive a breast health risk appraisal and individual instruction by a registered nurse in breast self-examination.

the effort has been House Ag Committee Chairman Larry Combest and Ranking Member Charles Stenholm in the House and Senator Thad Cochran. Texas Senators Kay Bailey Hutchison and Phil Gramm supported the concept in the Senate and will help get the measure through that body and on its way to the President.

Thanks are in order because the improbable, but needed, prospect for a cottonseed assistance program has been fulfilled.

The beneficiaries of the program will be the producers who rely on cottonseed sales to cover the expense of ginning their crop and to gins that have stretched themselves to the limit, and in many cases given up their own profit margins, in the face of low cottonseed prices.

Language in the Omnibus Bill identifies some \$111 million and directs the Secretary of Agriculture to utilize this money for the purpose of providing either directly to producers or through the first handler of the cottonseed a supplemental payment to offset the current price situation.

Additional instruction and detail for the cottonseed assistance program will likely be sent to the Secretary of Agriculture next week. Apparently the assistance will be made available on all cottonseed produced in conjunction with the 1999 growing season.

Additional details will be provided as they become available.

Tentative agreement on China's accession to the World Trade Organization will provide the U.S. cotton industry unprecedented level of access to Chinese markets and significant reductions in the level of subsidization the Chinese government provides to its growers.

Some of the key cotton provisions included in the deal are an initial 3.4 million bale tariff rate quota for raw cotton imports increasing to more than 4 million

bales by 2004. The initial tariff rate quota is close to the highest level of raw cotton ever imported into China. China has also apparently agreed to end all agricultural export subsidies.

The only apparent downside to the deal is the 5 year quota phase-out that was included. The cotton industry along with the U.S. Textile industry had pushed for a ten-year phase-out period.

It will be a severe test for the U.S. Textile industry as it adjusts to the expected increase in textile imports from China. It is hoped after additional scrutiny that the addition of a four-year special safeguard provision for textiles will provide some relief to the U.S. Textile industry.

February 28, 2000 is a date all licensed pesticide applicators should have circled. This is the renewal date for many private and all commercial and noncommercial pesticide applicators in Texas.

Licensed pesticide applicators must earn a minimum number of continuing education units (CEU's) that help them stay abreast of the latest changes in regulations, new products and application technology.

THANK YOU

We would like to thank all the people who came by, brought food, sent cards or flowers or just kept us in their prayers during the loss of our precious mother, wife and grandmother. There are no words to express the heartfelt gratitude that we feel. Especially for all the ladies who volunteered their time to take our mother to her treatments in Lubbock. You are truly very special people! Our family is very blessed knowing that our little mother was surrounded by all the love and support you showed her and us during her illness and during our time of grief. A very special thanks goes out to all the ladies who prepared the wonderful meal for our family at the church the day of the funeral and to those who brought refreshments to the Rhea Community Center after the services. Also, to Bro. Gary Morgan and Bro. Manny Longoria for the beautiful services they provided and to everyone who helped in the services. God Bless You All!

FRIONA/BOVINA DEVOTIONAL PAGE

482 *Facts About The* **BIBLE** BY JOHN LEHTI

This is a dramatized version of facts taken from the Book of Judges, intending to show some of the customs of these ancient and traditional times.

JEPHTHAH

JEPHTHAH HAS TOLD HIS ONLY DAUGHTER THAT SHE MUST BE SACRIFICED TO THE LORD AS THE PRICE OF HIS VICTORY OVER THE AMMONITES, NOW...

JEPHTHAH'S DAUGHTER AND HER FRIENDS GO UP INTO THE MOUNTAINS FOR TWO MONTHS TO MOURN...

THE TIME HAS NOW COME TO RETURN TO MY FATHER!

IN THESE ANCIENT TIMES NO MAN TAKES BACK HIS WORD WHEN HE HAS VOWED IT TO THE LORD...

WHATSOEVER THOU HAST PROMISED TO THE LORD, MY FATHER, THEN DO SO!

SO BE IT!

AND SO JEPHTHAH CARRIES OUT HIS WORD-- THE VICTORY THAT HE HAS WON IS INDEED A DEAR ONE...

AND FOR HUNDREDS OF YEARS THEREAFTER THE GILEADITE MAIDENS GO UP INTO THE MOUNTAINS, ONCE A YEAR, TO MOURN AND WEEP IN MEMORY OF JEPHTHAH'S DAUGHTER. ALL OF WHICH HAS BEEN RECORDED IN JUDGES, CHAP. 11

Scooter's Scoops

By SCOOTER RUSSELL

We at least go a few clouds and colder temperatures this week, but our chance for some moisture "slid by." The wind made it seem much colder, but it does feel like it ought to, by this time of year.

NEWS AROUND TOWN...

We received word that a former Bovina resident passed away this past week. He was Reverend Ralph Aday, 72, of Granby, Missouri. He died of cancer in the Neosho Hospital near his home.

Brother Ralph pastored the First Baptist Church in Bovina back in the early 1960s.

He was survived by his wife, Wanda; two sons, Paul and his family live in Atlanta, Georgia and he is minister of music at the First Baptist Church. Son Phil and his family live in Lawton, Oklahoma, and he is a dentist.

Their daughter, Susan, and her family live in the

Atlanta area and their youngest daughter, Shanon and family live at Kingwood, Texas.

The Adays had four grandsons and four granddaughters.

Funeral services were held in Granby and he was taken to Hobart, Oklahoma for burial.

If you would like to send cards, Wanda's address is 2950 Old E. Hiway, Granby, Missouri, 64844.

Patricia Martinez, daughter of Jimmy and Lola Parsons, underwent surgery in an Amarillo hospital on Monday. It was found that she had a malignant tumor on her brain stem and only part of the growth could be removed. Our thoughts are with this family.

Keith Garner has been moved to a room out of ICU at Northwest Texas Hospital in Amarillo. Keith sustained multiple injuries in a two-vehicle accident near the Cockerham place and had to be taken by helicopter to the hospital after he was removed from the wreckage by the "jaws of life." Garner underwent surgery on a broken leg and ankle. He's got a long way to go but is improving some every day, according to friends.

Cecil Bunch of Clovis, a former Bovina resident, suffered a ruptured gall bladder recently. He underwent surgery and is getting along real well. Friends said he is back home.

Cecil preached at the Bovina Church of Christ for several years and has many friends in this area.

Gaylon Rhodes' mother, Maybian Rhodes, recently underwent heart by-pass surgery and has been in St.

Anthony's Rehab for some time.

Her family spokesman said she is getting along real well. Mrs. Rhodes lives in Dimmitt.

Ben McCain came from the Los Angeles area to visit with his parents, the Les McCains. He said it is always good to come home and he plans to stay several days before returning to California.

Kevin Smith, son of Billy and Suezey Smith, was injured on his job. He works at the Sugarland Feed Yards near Hereford and had roped a cow or was trying to. Somehow the horse got spooked and Kevin jumped off, and in the fall, broke his wrist.

This is Thanksgiving week and we have so much to be thankful for, and this little poem says it all...

THE BEST THINGS IN LIFE ARE FREE:

"When we count our many blessings; it isn't hard to see that life's most valued treasures are the treasures that are free.

"For it isn't what we own or buy that signifies our wealth.

"It's the special gifts that have no price; our family, friends and health"...Have a wonderful Thanksgiving week with your family... Scooter

Parmer County Sheriff's Office Makes Drug Arrest

According to a release from Sheriff Walt Yerger, the Parmer County Sheriff's office made a drug arrest in the Lazbuddie area.

On Tuesday, November 23, at about 7:40 p.m. the Sheriff's office and the Parmer County District Attorney investigator conducted a search on a house on FM 1172 in Lazbuddie.

As a result of information developed by the DA's office a search warrant was

obtained. Using a visual search and the Sheriff's Office drug dog, the officers found about one ounce of marijuana, miscellaneous drug paraphenalia, a police scanner, a shotgun and a small amount of cash. The items were seized.

A female suspect, Vicki Chilton, 42, was arrested at the scene. Charges are pending against a white male who fled the house just prior to the officers arrival.

Cannon AFB Elves Gearing Up For Bazaar

Santa's workshop is now in full-swing getting ready for Christmas...and his elves at Cannon Air Force Base are getting ready for one of the highlights of the eastern New Mexico holiday season--the 11th Annual "Ultimate" Christmas Bazaar.

Traditionally held the first full weekend in December, this year's bazaar is scheduled for Saturday, December 4 from 9 a.m. to 6 p.m., and continues through Sunday, December 5 from 10 a.m. to 5 p.m.

It will once again be located in Hanger 208 which accommodates the large number of vendors expected while leaving ample room for a snack area in the back corner. As always, it will be free and open to the public.

Cannon Air Force Base is located approximately six miles west of Clovis, New Mexico, just off Highway 60-84. It is home to the 27th Fighter Wing.

For additional information on the 11th Annual Ultimate Christmas Bazaar, contact Pat Grah at (505)784-6381.

HAPPY THANKSGIVING!

In the spirit of peace and brotherhood we wish you and yours a joyous feast.
