The Bridge  
By G.P.B.

A first-grader recently proved how practical school children are these days. He slipped in the hall of his school and skinned his knee. A teacher offered psychological first-aid with, "Remember, big boys don't cry." The lad replied, "I'm not gonna cry, I'm gonna sue."

A young author sent a manuscript to an editor with a letter stating, "The characters in this story are purely fictional and bear no resemblance to any persons living or dead." A few days later he received his manuscript back with the pencilled notation to his letter, "That's what's wrong with it."

### Predator Control Meeting

Producers in Mills County are encouraged to attend a Predator Control Meeting on December 9, 1974 in the District Court Room in the County Courthouse beginning at 6:00 p.m. The purpose of the meeting will be to make plans for using aerial hunting of predator animals. The Texas Predator Control Service has allocated 30 hours of helicopter time for use in Mills County. It is necessary that forms of agreement be completed and signed by all landowners who desire the helicopter service over their land. We are not certain how much of the county the helicopters will be able to cover, but we must have a permit completed for all who desire the service. We encourage all who are interested to attend the meeting. Those producers who signed agreements for aerial hunting last year will not be required to complete a new agreement as the old agreements are still in effect.

### G'waite Wins Over Star In Basketball Play

The Goldthwaite girls took a 51-35 victory over Star last week. Carolyn Schwartz scored 31 points during the game, with Sheila Thomas coming in second with 10 points. High scorers for Star were Teresa Newton, 15, and Pam Hamilton, 12. Goldthwaite's A team boys pulled off a 73-39 win over Star last week with Terry McLean scoring 19 points; Thomas Hall and Ray Frazier 10 each. Jimmy Witty was the high point Star boy with 14 points. The local B team boys came through with a 44-33 win over the Star B team. Score by quarters in this game were as follows:

	1st	2nd	3rd	4th
Goldthwaite	10	20	33	44
Star	8	21	25	33

## Lions Club Sets Stage For Annual Santa Claus Day Affair

The annual Santa Claus day festivities were discussed at the regular meeting of the Goldthwaite Lions Club Tuesday night. Lions president Tom Cody Graves pointed out that the date for this year's "kid pleaser" is December 14. A parade is planned to bring Santa Claus into the downtown area with the ultimate stop the courthouse where free candy and goodies will be given to each and every child who comes down the line. Any organization, business or individual may have a float in the parade, beginning at 2 p.m. on Dec. 14th. The parade will start at the First Baptist Church and will proceed to the courthouse. The residents of Hillview Manor Nursing Home volunteered to sack all the candy for this year's Santa Claus visit. President Graves publicly thanked the residents for this effort in helping. A committee of Lions will be canvassing the business district for donations for the candy, and this year, because of the sugar situation, a lot more money is needed. Anyone may donate by contacting Lion Graves. Charles Studer gave a report on the Blood Services Mobile Unit that will be in Goldthwaite on January 1. Again this year, as in the past, the local residents have used considerably more blood than has been replaced in the blood bank, and local citizens are sincerely urged by the Lions Club to donate blood if at all possible. Lion Paul Henderson, local Highway Department executive, said that the railroad crossing barriers were receiving "top priority" by the Texas Highway Commission and that a traffic study will be conducted on December 12 to determine the best method of adequately assuring safety at the crossings of the Santa Fe Railroad and Goldthwaite streets and highways. The next Lions meeting will be a Ladies Night and caroling. The annual event, set for December 17, begins at 6:30 p.m. with a bus trip to the local nursing homes for a spot of caroling. Couples are also urged to bring two gifts, one for a boy and one for a girl, unwrapped please, for the needy of our community. The trouble with being punctual is that nine times out of ten, there's nobody around to appreciate it.

### Signing of Proclamation

## Farm Bureau Marks December As Farm And Ranch Products Month

The local county judge has proclaimed the month of December as "Give Meat, Poultry and Dairy Products Month" in an effort to bolster the sale of some farm and ranch products that are currently in an economic slump. Signed November 25, 1974, the proclamation by Judge Egger urges the giving of certificates for the purchase of those products as holiday gifts. He signed the proclamation in cooperation with the local county Farm Bureau and other groups that are coordinating a campaign encouraging the gift idea. The proclamation notes that selection of holiday gifts "often poses problems." It says the statewide promotion of gift certificates for meat, poultry and dairy products "presents a happy solution to this annual dilemma" and added the giving of these foodstuffs "expresses the true spirit of the season." These products are in abundant supply at this time and are "good buys" at the stores, the proclamation noted. Judge Egger said the use of the gift certificates "not only solves the problem of what to give, it also represents a timely boost for producers of these essential foods." The campaign to encourage the giving of certificates for the purchase of meat, poultry and dairy products is being coordinated statewide by the Texas Farm Bureau, Texas Department of Agriculture, and other groups. They are providing the gift certificates to stores which do not have their own and are also furnishing colorful gift envelopes. For those who wish to send a check or money order, Farm Bureau will provide an attractive message card explaining the gift idea along with a nice gift envelope. These are available at the local county FB office at 1012 Fisher Street, in Goldthwaite.

## 'World Of Christmas' Homes Tour Planned December 14

Five beautiful homes of Goldthwaite will be open December 14, 1974, for a Christmas Tour of Homes. Proceeds will go to the fund for landscaping the courthouse plaza - the project of the Goldthwaite Garden Club. Tickets are \$1.00 and are available from any Garden Club member and will also be sold at the homes. The homes to be visited are: Mr. and Mrs. Frank Bridges, 1810 Horton St., Mr. and Mrs. Ronnie Rush, Horton St., Mr. and Mrs. Roy Wilkins, 2000 Fisher St., Mr. and Mrs. Buddy Morgan, 406 Stuart St., and Mr. and Mrs. Malcolm Jernigan, 1113 Lee St. The committee for the tour of homes includes Mmes. Paul Henderson, chairman, C. A. Keeler, and Jack Elms. Refreshments will be served in the home of Mr. and Mrs. Roy Wilkins. The tour will begin at 6:00 p.m. and last until 9:00 p.m. The tour may begin at either house.

### Livestock Show

The Mills County Livestock Raisers Association is making preparations for the annual Mills County 4-H and FAA Livestock Show in January. Thurman Head, president of the Livestock Raisers Assn., has asked for contributions from Mills Countians to offset the cost of putting this show on. The money is spent to help the youth of Mills County. A member of the Livestock Raisers Assn. will be coming around soon to take your contribution.

## Water Storage, Night Watchman Topics Discussed By Council

Erosion of the walls of the off-channel reservoirs in the City of Goldthwaite water system drew much comment at the City Council meeting Monday night. Councilmen heard that large rocks placed on the dams are likely to be the only life-saver the city has at its disposal to save the reservoirs. Wave action causes the erosion, and already some of the structures are several feet narrower than they were when originally constructed. The main problem with the structures is that because the reservoirs are not "constant level" no baffles can be constructed to stop the costly wave action. City Manager Don Petty was instructed by the Council to try to find the right kind of rocks to hold the walls in place. Due to the size of the two reservoirs, located near the Colorado River, the scope of the project is immense, requiring many truck loads of rock to repair the structures. In other council matters, the council reviewed the night watchman situation. In order to avoid paying overtime, the Council unanimously voted to add another man to the "beat" and have one work three days and the other four days a week. Night watchman John Martin was at the meeting, asking for vacation pay that was not paid him this past year. The council unanimously voted to pay Martin the vacation pay. A new and greatly enlarged patrol route was also adopted at the session, giving better fire protection to almost all parts of Goldthwaite, instead of the small downtown area. Regular "key punching" stops will be set up, with the night watchman having to cross Fisher St. at least four times every hour in the course of the patrol. The council had received several applications for the newly created position, and the city manager was to contact the one he felt would be best suited for the job. The council heard the particulars on the drawing of an ordinance to prohibit the automobile wrecking yard to infiltrate the city limits. An ordinance will be drawn up authorizing the city to remove vehicles if there are more than two on the premises not in running order, therefore constituting an illegal wrecking yard. Fines may also be levied against those who further resist the order. Councilman Donald Padgett made a motion, seconded by Councilman Ancle Morgan, to get the city to remove a junk automobile off the city street on Third St. in downtown Goldthwaite. Padgett said the car is a nuisance and certainly an eyesore. The motion carried unanimously. The council voted to light the beautiful Christmas lights already in position in downtown areas. The increase in cost, which was considered nominal, was greatly offset by the beauty and atmosphere created by the lights, according to the council. CM Petty read the regular monthly operations report to the council. The operations report total was in the red, with \$29,552.89 being collected and \$30,400.27 being disbursed. The main reason for this is that \$4900 in insurance was paid last month. Insurance is paid once a year and is workmens compensation and liability insurance premiums. The Council heard a report on the railroad crossing barriers that have been requested. The Council received an okay on the proposed speed limit set at the last meeting for trains coming through town. The limit, set at 40 miles per hour, was accepted by the Santa Fe railroad. The barriers are to be a cooperative effort between the railroad and the Texas Highway Department, with the railroad paying 10 percent of the cost, and the Highway Department 90 percent of the expense. The Highway Department will come and conduct a traffic study on December 12th to determine the best possible way to handle the warning signal situation, which may lead to barriers at intersections. Office manager Dale Allen gave a report on the Goldthwaite Volunteer Fire Department. Allen stated that the department is desperately in need of members and the minimum for a volunteer fire department is twenty. The local department would like to ask any men who have been firemen in the past to rejoin and others to join this worthwhile organization. The consensus of the council was in support of this membership drive. Four new fire phones in homes were authorized by the council. Anyone desiring to join the fire department is urged to contact Allen at the city office.

## Motorcycle Accident Results In Severe Injuries To Rider

According to report received Monday, the Thanksgiving Holiday weekend was unusually quiet and slow for Mills County. One minor accident occurred Wednesday and an accident resulting in injury to one person was reported Thursday. On Wednesday a private drive and U.S. 183 was the scene of a minor two-car accident. A 1964 Buick driven by Jay Sims of Goldthwaite pulled out of a private drive in front of a 1974 Chevrolet driven by Naomi Robbins of Copperas Cove. The vehicles sustained only minor damage. Thursday, on Farm Road 574 six miles west of Goldthwaite, David Vaughan of Tullia, Texas lost control of his 1974 BMW motorcycle as he attempted to go around a curve. The accident resulted in severe lacerations and bruises on and about Vaughan's face. He was taken to Childress Hospital by Wilkins Ambulance. Mills County law enforcement officers investigated.

## Figures Released On Judicial Activity In Texas

The Texas Civil Judicial Council released figures recently on the judicial activity for the reporting period of January - June 1974 on the county, justice of the peace, and municipal courts of the state. An analysis of the statistics gathered during this reporting period indicates a very large number of cases filed in these courts, amounting to a crushing burden for the judges of these courts if the rule of law and the principles of equal justice under the law for all citizens is to prevail in our judicial system. A special interim report of the Texas Civil Judicial Council shows that 47 new cases were filed in or appealed to the county court of Mills County during the first six months of 1974. This total included 34 criminal and 13 probate cases. All of the justices of the peace in the county submitted reports to the Civil Judicial Council for all or a part of the January - June, 1974, period. The statistics for these courts show that a total of 883 cases were filed, including 728 misdemeanor cases involving traffic offenses, 145 non-traffic misdemeanor cases and 10 civil cases.

## Teenage Movie Sat.

The "Green Berets" starring John Wayne will be shown at the Mills County Youth Center this Saturday night, beginning at 7:30 p.m. The movie, including cartoons, will be shown to any Jr. High or High School students who want a night out at the movies. Admission will be 50 cents, and it is the hope of sponsors that the movies can be shown on a regular basis.

### Win Over San Saba

Goldthwaite Junior High "A" and "B" team boys and girls played their first basketball game of the '74 season this past Monday night. The games were played against the San Saba teams at San Saba.

The "B" team boys defeated the San Saba "B" team 16-14. They pulled the win off in the final minutes of the game. Wesley Head scored 6 points for Goldthwaite while Kenneth Sauthoff scored 4; Carson Padgett 4; and Johnny Derrick 2.

"The boys played a fine game," commented Coach Danny Spradley. "This was the first game for the boys and they were determined enough to win to come from behind and pull off the 16-14 victory."

Goldthwaite's "A" team boys defeated San Saba 34-26. Jett Johnson scored 13 points for the Eagles; Jim Smith 10; Mike Connally 6; Owen Hall 4; and Brian Lawrence 1.

At half time the Eagles were ahead of their opponents 18-5. They seemed to have cooled off following the first half of play, but managed to stay ahead of San Saba. A good game was displayed by the group offensively and defensively.

The Goldthwaite "B" team girls took an 18-4 victory over San Saba. Cheryl Elliott and Katherine Lewis both scored six points each. Two points each were put on the board by Peggy Long, Kristi Miller and Beverly Carothers.

The local Junior High "A" team girls scored 38 points to San Saba's 23. Ruth Ann Johnson scored 16 points; Shelia Vaughan 8; Nicola Davis 6; Terri Slagle 6; and Darla Watson 2.

HOLIDAY GUESTS -

Conducted December 1**

Funeral services for Mrs. Maude Ebel Chamberlain of Lometa were conducted Sunday, December 1, 1974, at 2 p.m. in the South Side Church of Christ in Lometa, with Minister Emmett Lilly officiating. Interment was in the Lometa City Cemetery. Arrangements were under the direction of Wilkins Funeral Home.

Mrs. Chamberlain, a member of the Church of Christ, passed away Friday, November 29, 1974, at 4:35 p.m. in the Childress Hospital in Goldthwaite.

Born April 10, 1879, in Oakwell, Texas, she was the daughter of Thomas Brewer and Ethel Benick. She was married to James D. Chamberlain in Hope-well, Texas. She has lived in

Lometa since 1913. She was preceded in death by her husband, James D. Chamberlain, on February 13, 1953.

Survivors include two sons, Charlie Chamberlain and Brewer Chamberlain, both of Lometa; one daughter, Mrs. W. A. Sellars, Houston; two grandchildren; and a host of nieces and nephews.

Palbearers were T. A. Gardner, Everett A. Kirby, Everett O. Kirby, A. B. Carothers, Carol Dooley and G. T. Brister.

Son, telling his father about how great is his friend who never worked a day in his life: "Gosh, dad, he's really cool."

"No wonder," snapped his father, "there are no moving parts to generate heat."

MR. AND MRS. GLYNN ROY JOHNSON

**Debra Swindle, Glynn Johnson  
Exchange Wedding Vows**

Debra Lea Swindle of Pasadena and Glynn Roy Johnson of Goldthwaite were united in marriage Friday, November 15, 1974. The 7 p.m. ceremony took place in the Assembly of God Church in Goldthwaite. Bro. Jack Vaughan officiated.

Parents of the bride are Mr. and Mrs. Hilton Swindle of Pasadena. Nancy Holland of Goldthwaite is the mother of the groom.

The bride, given in marriage by her father, wore a long white formal gown accented with an empire waistline. Her bridal bouquet consisted of red and white carnations.

Lena Johnson, sister of the groom, served as maid of honor. She was attired in a blue and white formal gown trimmed in red.

Fredy Johnson, brother of the groom, acted as best man. Wedding music was provided

by Ken Leonhard.

The couple is at home in Crane, Texas where the groom is employed with Crane Well Service. Grandparents of the bride are Mr. and Mrs. W. N. Swindle of Goldthwaite; Mr. and Mrs. M. T. Anderson of Tou; and Mr. and Mrs. E. A. Marwitz of Indian Gap.

Grandmother of the groom is Mrs. Fred Sullivan of Goldthwaite. -- Laughlin Studio Photo

We have experienced some very cold weather, and being the first of the winter it really hurt. The health in our neighborhood is satisfactory.

W. P. Oxford of Dallas visited Mr. and Mrs. W. W. Ratliff Sunday.

Miss Florence Jones has been enjoying a visit with relatives and friends in Austin.

Mr. and Mrs. Jimmy Partin and son visited their grandparents, Mr. and Mrs. Charles Perry and Mrs. Sallie Partin, during the holiday.

Mr. and Mrs. Floyd Cook and Mr. and Mrs. W. W. Ratliff were last Sunday visitors of Mr. and Mrs. Wayne Ratliff. They enjoyed a fish dinner and all the trimmings.

Holiday guests of Mr. and Mrs. O. L. Harris were Mrs. Winnie Mae Brown and Robert Lewis Harris and daughter Ramona.

Mrs. Pearl Chambers and grandchildren spent Thanksgiving Day with Mr. and Mrs. C. V. Whatley. Mrs. Whatley attended church and Sunday School at the Baptist Church.

Mr. and Mrs. William Crawford and Letricia and Ranesa were visitors of Mr. and Mrs. A. L. Crawford.

Mr. and Mrs. V. T. Stevens were Thanksgiving dinner guests of Mr. and Mrs. Lem Price and family.

Holiday visitors of Mr. and Mrs. Lewis Stahnke included their grandchildren and great grandchildren of Austin.

We had nice weather Thanksgiving for everyone to go fishing and hunting.

Mr. and Mrs. Shipman were Thanksgiving dinner guests of her niece, Mrs. Sallie Brown, and supper guests of Mr. and Mrs. Stone Shipman.

Damaging greenbug infestations do not occur at regular intervals in any predictable pattern. Whether we will have an outbreak of greenbugs this year, only time will tell. The preferred hosts of greenbugs are wheat, oats, barley and rye; although they may occur on any number of other grasses and grain sorghum.

The so-called greenbugs and aphids, approximately 1/16 inch long, have light green bodies with a dark green stripe down their back. The legs are green, except for the feet which are black. Greenbugs may be winged or wingless, with both forms in the same colony.

Greenbugs give birth to living young, and all offspring are females. The optimum temperature for greenbug reproduction is approximately 75 degrees F. Newly born greenbugs may begin reproduction in as short as seven days or as long as 30 days, depending on weather conditions and temperature. One female can produce about 80 offspring in a 25 day reproduction period. There may be 20 or more generations in a single growing season.

Greenbugs can reproduce at temperatures as low as 55 degrees F. At this temperature, natural enemies of greenbugs are not actively reproducing. This allows build-up of greenbug infestations. Temperatures of 40-50 degrees F or less reduce greenbug reproduction and activity. Some greenbugs are killed by overnight temperatures of 0 degrees F; overnight freezes do little to greatly reduce the population of greenbugs. Continuous temperatures of 20 degrees F or below for seven days or longer often reduce population by 90 percent or more.

Greenbugs suck plant juices and inject a toxin into the plant during the feeding process. This toxin causes the plant to turn yellow and enough toxin will cause the plant to die. This damage often occurs in localized spots. As infestations increase, plants die and greenbugs move to uninfested plants, enlarging the affected area.

Control: Insecticides needed for control will depend on the number of greenbugs, the vigor of the plants, the time of the

## CTCOG Receives \$33,474 For Law Enforcement Training

Governor Dolph Briscoe announced his approval of a \$33,474 criminal justice grant to the Belton-based Central Texas Council of Governments for area law enforcement officer training.

CTCOG will contract with the Police Academy at Central Texas College to offer two 320-hour certification courses to 50 area officers and five 40-hour seminars to an additional 125 officers. The seminars will cover fingerprint class, organized crime and vice, intermediate traffic and police instructor training.

Grant funds will also be used to purchase a 16 mm projector

which will be used for presentations at the Police Academy and which will be available for loan to area law enforcement agencies. Pamela Crenshaw of Central Texas College will direct the project.

Money for the grant comes from the Criminal Justice Division of the Governor's office. CJD administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

The CTCOG grant was among 43, for a total of \$6,385,327, which Governor Briscoe approved after he received recommendations from the Criminal Justice Council Executive Committee.

### Hillview Manor Highlights

A HAPPY THANKSGIVING WEEK - included Paul Williams, Jerome White, Danny Hurley, Paul Jones and Richard Romo who came to sing for us on Wednesday afternoon. We are looking forward to a Christmas program to be presented by these young men and others from New Horizons Ranch in December.

MULLIN FHA MEMBERS - Melinda Warren, Thresea Alldredge, Liza Hart, Pam Rigby, LaFreta Pyburn and their sponsor, Mrs. Capps, surprised us with a visit and a gift of delicious, homemade cookies.

ANOTHER HIGHLIGHT - was singing with the Mens' Downtown Bible Class Tuesday evening . . . with our own Etha Boyd and Henry Egger leading some of the songs.

AND THEN THERE WAS - our monthly movie with popcorn Wednesday evening - a special event

we always enjoy; and Thanksgiving Dinner on Thursday to which families of all our residents were invited.

FINALLY FINISHED - the interior painting just in time for everything to be fresh and pretty for the holidays. Another improvement we are enjoying is our flat entrance road between the old entrance and the Waco highway which leads to additional rear parking space.

AND NOW - our thoughts are turning to Christmas. We thank the First United Methodist Church of Goldthwaite for the stockings stuffed with candy, cookies and fruit. Our Christmas party will be December 20 when Norman Duren assures us Santa plans to be in this area.

## Mullin Community News

By: Lorene Holland

Thanksgiving Holidays have come and gone, and everyone is back on the job again. We had a cold day, but lots of traveling on the highway.

Gayla and family came in for the holidays, and they said the traffic really got bad after they reached Austin. They left for home at noon yesterday and they told me to think of them about five p.m. yesterday. They should have arrived home about that time and they were going to be a tired bunch.

The children of the late Mr. and Mrs. Lark Reid met the past weekend at the Brownwood Motor Inn for their yearly family reunion - or I believe they call it their Christmas party. The oldest son, Jimmy, was unable to attend due to illness. The other children, which included Ollie Lee, Eva Bell, Ida Anna, Pete, Helen, Auda Vee, Deanie, Charles and Whit, were all there. A number of the grandchildren were also able to attend. They all had a big time together, but very little sleep. They all carried prepared food and they really had a feast.

Mr. Fred Ethridge is in the hospital at Goldthwaite at this time.

Funeral services are pending at this time for Floyd Masters. Floyd has been in a home in Brownwood for a number of years, and he passed away at the home.

Ruth Tullios had Mrs. Sam Tullios as a luncheon guest on Thanksgiving Day. In the after-

noon her grandson, Sam Tullios of Waco, visited in her home. Mr. and Mrs. Doug Spinks and Kelly had all of the Spinks family in their home on Thanksgiving Day for a big turkey dinner with all the trimmings.

Visitors with Mr. and Mrs. Ernest Chesser during the holidays were Mr. and Mrs. Pete Chesser, Gayle and Larry and their families, which included five great grandchildren, also Tommy Sears and a friend, all of Ft. Worth.

Mrs. Fred Mosier and Artie Mosier were luncheon guests of Mr. and Mrs. Dale Mosier and boys on Thanksgiving Day.

Visitors with Mr. and Mrs. Howard Ethridge during the holiday were Mr. and Mrs. Jim Ethridge, Randy and Brad of West Columbia, Mr. and Mrs. Tommy Ethridge and Deborah of Houston, and Mr. and Mrs. Marion Ferguson and Stephen of Ft. Hood.

Holiday visitors with Mr. and Mrs. W. T. Anderson were the following: Mr. and Mrs. Mike May and Keyla Dawn of Plainview; Mr. and Mrs. H. T. Vaughn, Valerie and Chris; Melissa Collier and Greg Carrigan, all of Houston; Mr. and Mrs. Doug Collier of Waco; Mr. and Mrs. Herman Eilers, Billy, Troy and Tracy of Burleson; Nathan Anderson of Roanoke; Mr. and Mrs. Willard Anderson and Nancy of Dallas; Mr. and Mrs. Billy Ray Anderson, Carolyn, and Ramona of Ft. Hood; Mr. and Mrs. Coy Cline, Kim and Jayson of Brownwood; and Willa Donawho and Tammy of Goldthwaite.

The ones who weren't present for the holidays called their parents, so they had a very nice Thanksgiving - lots of work with that much company I'd say.

Lots of deer hunting has been going on in and around Mullin. I haven't heard of too many that have been killed, though. It seems to be a bit slow this time. I guess it is all in my thinking, but somehow I just don't like deer meat. I have a roast to cook. I'm really going to take some of the expert advice I've had and see if I can cook it just right.

Thanksgiving guests in the home of Mr. and Mrs. Stone Shipman were Mr. and Mrs. Elbert Frazier of Gustine; Mrs. Lucille Karnes of Goldthwaite; Mr. and Mrs. Mack Frazier and Shane of Priddy; Mr. and Mrs. Howard Runnels, Christy, Sheri, Craig and James of Priddy; Theresa Jewel of Star; Mr. and Mrs. Pearl Shipman of Goldthwaite; and Mr. and Mrs. O. N. Baker of Mullin.

Monday night Mr. and Mrs. Ed Poe were guests in the Stone Shipman home. Mrs. Poe is Mr. Shipman's niece.

## Extension Highlights

By Judy Beavers  
Mills Co. Extension Agent

In the holiday baking season, homemakers are searching for ways to substitute for expensive cane sugar.

Honey, molasses or sorghum, and cane syrup are available agents that will work well as white sugar in baking. Some general guidelines for substitutions will help homemakers achieve economical and high quality - baked goods.

**Honey** - For one cup of sugar, use one cup honey and one-fourth cup of honey used.

**Molasses** - For one cup of sugar, use one and one-half cups molasses or sorghum and reduce liquid one-fourth cup for each cup of molasses and sorghum used.

**Cane syrup** - One and one-half cups of cane syrup is equal in sweetness to one cup of cane sugar.

In cakes and cookies, replace sugar with syrup, measure for measure, and reduce liquid one-third. Cakes and cookies made with corn and cane syrups are not as sweet as when sugar is used.

Many a small boy is the kind of kid his mother wouldn't let him play with.

Employers always seem to want alert young men between 25 and 35, with 40 years' experience.

Bulls cannot distinguish red from any other color. They are, in fact, color blind. They do, however, deeply resent matadors calling this visual weakness to their attention and to the attention of thousands of spectators.

With the upsurge in traffic, our national flower is fast becoming the cloverleaf.

MARY NELL BAIRD

### Engaged

Mr. and Mrs. Bobby Baird of Route 1, Mullin, announce the engagement and approaching marriage of their daughter, Mary Nell, to Ronnie L. Wetterman, son of Mr. and Mrs. Ed Wetterman of Goldthwaite. Mary Nell is a 1970 graduate of Priddy High School, a 1973 graduate of Tarleton State University, and

is presently employed as a Decorating Consultant with the Sherwin-Williams Company in Brownwood. Ronnie attended Goldthwaite High School and Howard Payne University. He graduated from Basic Law Enforcement Training in Abilene and is presently employed as a patrolman with the Brownwood Police Department. The wedding is planned for the latter part of December.

### Deathbed Drama

It was a scene fit for the movies. Old Mr. Watkins lay dying. His will was rushed to his hospital room, ready for signing. But as he was in the act of inscribing his name, his strength failed him.

"Help me finish," he whispered.

A friend stepped to the bedside, held the dying man's hand, and helped him complete the signature.

Was the will valid? A court ruled that it was indeed, even though Watkins had not been able to finish the name himself. The court said there could be no doubt, under the circumstances, that the signature was his own voluntary affirmation of the will.

Sooner or later, death overtakes us all. Yet, people persist in waiting until their final moments to make a will.

Obviously, this heightens the chance of a slip-up. Consider another deathbed case:

An elderly widow also felt her strength ebbing while she was part way through her signature. But instead of asking for assistance, she merely lay back and said:

"I just can't sign it now."

She never did finish. In due course, her heirs tried to establish the validity of the will on the basis of the partial signature. But this time, their efforts were in vain. The court said the widow's own words indicated that she did not consider the document complete.

In a third case, a man had already lapsed into unconsciousness by the time the will was brought to his bedside. Here too a friend held his hand and guided his signature.

Afterward, everyone agreed that the will had been drawn up in accordance with his instructions. Nevertheless, a court found the man's will null and void. The signature didn't become his, said the court, merely because his hand was in physical contact with the pen while his name was being written.

"There was no magic in his touch," said the court. "Both its power and the intelligence necessary to direct it were in a state of suspension."

## Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

**Q) I saw a story in the paper giving the average deductions taken by U.S. taxpayers last year. If I keep my deductions below these figures, will it keep me from being audited?**

**A) No.** IRS computers screen all individual returns for error, not just those with higher than average deduction figures. Sophisticated mathematical formulas are used to rank returns by error potential and those having the highest probability of error are selected for audit.

**Q) When should I report interest earned on my Series E Savings Bonds?**

**A) You should report interest when the bonds are cashed or report the annual increase each year.**

For more information, see IRS Publication 576, "Tax Information on United States Savings Bonds." It's available free by writing your Internal Revenue district office.

**Q) I earned over \$25,000 last year. Can I still use the short Form 1040A?**

**A) Yes.** You can earn any amount and still use the short Form 1040A. However, all your income must come from wages, salaries, tips and not more than \$200 in interest and \$200 in dividends. In addition, you may not itemize deductions on the short form.

If you did not receive Form 1040A in the mail and want to use it, a copy may be obtained at any Internal Revenue office, most banks and post offices, or you may use the order blank in the Form 1040 package to obtain a copy.

**Q) What transportation expenses are deductible?**

**A) You may deduct as a charitable contribution unreimbursed out-of-pocket transportation expenses directly attributable to services you render to a charitable organization. If you use your own car, you may use the rate of six cents per mile instead of actual expenses to determine your deductions. Parking fees and tolls are deductible in addition to the six cents per mile.**

Transportation expenses necessary to get medical care are also deductible in the same way. However, these expenses are subject to the three percent rule for medical expenses.

Transportation expenses in connection with your job, employee education and moving may also be deductible.

## Services For Alice Moreland

### Pearce Held In Coleman

Funeral services for Mrs. Jess R. (Alice) Pearce, 80, were conducted at the Stephens Funeral Home Chapel in Coleman at 3:30 p.m. December 1, 1974, with the pastor of the Coleman Presbyterian officiating. Interment was in the Coleman City Cemetery.

Mrs. Pearce was born in Shenandoah County, Virginia, in 1894, the daughter of Isaac Thomas and Emily Shuff Moreland. At age 7 she moved with her family to Mills County, Texas to a farm in the Pleasant Grove Community where she grew up.

She attended both the Pleasant Grove and Kelly Elementary Schools, Goldthwaite High School and Baylor College at Belton, Texas. She taught school in Mills County for a few years before her marriage to Jess R. Pearce of Coleman in 1916. She made her home in Coleman until ill health forced her to move to Odessa to the home of a daughter in the late 1950's.

Mr. and Mrs. Pearce operated an abstract company in Coleman for a number of years. She supervised some of the projects to give employment to women during the 1930's. At the time her health failed she was a clerk and buyer for Sturgen Gibbs Department Store in Coleman.

In 1961 she entered a nursing home in Evant, Texas where she passed away early Saturday morning, November 30, 1974. She was a Presbyterian.

Her husband preceded her in death in 1953. Survivors are a son, Jess R. Pearce, Pipe Creek, Texas; two daughters, Mrs. Jean Candler, Ballinger and Mrs. Bobbie Hinds, Midland; eight grandchildren and nine great grandchildren. She is also survived by a brother, Walter C. Moreland, Brownwood; three sisters, Mrs. Blanche Featherston, Goldthwaite; Mrs. Virginia Bailey and Mrs. Maggie Faulkner, both of Arlington.

Relatives from Goldthwaite attending services for their aunt were Mae Featherston, Margie and Lloyd Manuel, Jessie and Madeline Moreland and Herbert and Mte Faulkner.

**UNITED STATES DEPARTMENT OF AGRICULTURE SOIL CONSERVATION SERVICE**

**BENNETT CREEK WATERSHED PROJECT, TEXAS**

**Notice of Negative Declaration**

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; part 1500.6 (e) of the Council on Environmental Quality Guidelines (38 FR 20550) August 1, 1973; and part 650.80(x)(3) of the Soil Conservation Service Guidelines (39 FR 19651) June 3, 1974; the Soil Conservation Service, U. S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Bennett Creek Watershed Floodwater Retarding Structure No. 3, Mills, Lampasas and Hamilton Counties, Texas. The environmental assessment of this federal action indicates that the project will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with the project. As a result of these findings, Mr. Edward E. Thomas, State Conservationist, Soil Conservation Service, USDA, First National Bank Building, Temple, Texas 76701, has determined that the preparation and review of an environmental impact statement is not needed for this project. The project concerns a plan for providing flood protection to the flood plain of Bennett Creek and installation of Floodwater Retarding Structure No. 3. The environmental assessment file is available for inspection during regular working hours at the following location: Soil Conservation Service, USDA, First National Bank Building, Temple, Texas 76701. No administrative action on implementation of the proposal will be taken until 15 days after date of this publication. 12-5-ttc

Secretaries gathered at Golden Bull Monday to encourage discussion on the penal code which was given by Dis- Judge William O. Breed after the invocation given by Myrick, the meal, prize drawing with Eve- Judge Breed introduced by Melissa

Breed explained that many other laws the penal code are ever changing things. Judge reported that efforts to codify and make uniform the penal code dated back to 1879, and 1925. Judge assured the secretaries that the laws have not changed, and the definitions of the offenses allowed have been narrowed into modern language common understanding. Before changes, there were many words, now there is definition for both judges to guide them. Breed believes that the offenses are the however, in some instances punishments have changed, occasionally the offenses lowered to misdemeanors

Breed further informed a group that defendants accused of crimes before January 1, could choose to be under the old laws or the new.

The hand that tips the bottle . . . Meet Al Coholic, America's biggest drinker. Al, a 46-year-old professional from one of the Pacific States, consumed at least 3.06 gallons of absolute alcohol in 1970 (that's only the average for people 15 years and older in his part of the country). Al gets 43 percent of his kicks from distilled spirits, 19 percent from wine, and 38 from beer. But he's not alone in tipping the bottle, according to the National Institute of Alcohol Abuse and Alcoholism. The average national consumption for the same time period was 2.61 gallons of absolute alcohol (the total amount of alcoholic beverage would, of course, be much greater and would vary depending on the type of alcoholic drink consumed).

The breakdown of drinking Americana reads something like this: 82 percent of professional men and 81 percent of the women drink, and of these groups 18 percent of the men and six percent of the women are heavy drinkers. Business people are close behind at: 81 percent of men, 30 percent heavy drinkers and 70 percent of women, nine percent heavy drinkers, followed by salespersons: 79 percent of men with 27 percent drinking heavily and 79 percent of women, but with only one percent serious drinkers. Among laborers, it's 75 percent and 27 percent of the males, but only 42 percent and nine percent of the females.

Age is also a factor. Among both men and women the percent of drinkers declines with age—the highest number of heavy drinkers among men are between the ages of 30 and 34, and 45 to 49—among women 21 to 24, and 45 to 49. For both sexes, those middle years are pretty risky!

What can a physical do for you? It can literally add years to your life, says Edward J. Kowalewski, M.D., head of the family practice division of the University of Maryland School of Medicine. By working from a relatively simple form that contains a variety of basic facts about you, such as your blood pressure, smoking habits and cholesterol level, your

doctor can show you how much risk you run of succumbing to each of the most common causes of serious illness and death among people of your age, life style and physical condition. And then he can tell you how to take defensive measures—to fight the things that can make you ill or cause your early death.

"Sophisticated diagnostic aids, miraculously effective medicines and an ever-widening knowledge of general health patterns throughout the United States make it possible for the ordinary family doctor not only to treat those who are ill, but to help healthy people stay that way," says Dr. Kowalewski. It's all part of something called preventive medicine.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas delegates will be heading for Kansas City, Mo., this week for a new kind of Democratic national convention.

Most of them are just as glad there has never been one like it before and hope that there will never be another.

The "mini-convention" or 1974 Conference on Democratic Policy and Organization was mandated by the 1972 Democratic National Convention.

Its job is to produce the first national charter or constitution in history for a major American political party.

It will also serve as a forum for discussion of national issues. Four panels will meet December 6 to discuss four general areas, in identifying the issues of greatest concern to the Democratic party.

The party charter will be

adopted after debate by 2,038 delegates December 7, and issue panel moderators will make their reports and addresses December 8.

Gov. Dolph Briscoe is chairman of the Texas delegation, which includes as ex-officio members all members of the Democratic congressional delegation.

Texas liberals, unhappy with selection of Briscoe in a telephone poll, named Ms. Billie Carr of Houston, a national Democratic committee member, their chairwoman.

Prospective candidates for the Democratic presidential nomination in 1976—including U.S. Sen. Lloyd Bentsen of Texas—are expected to make strong bids for attention at the Kansas City sessions.

VOTES CANVASSED—Canvass of the statewide general election vote reconfirmed Atty. Gen. John Hill as the top vote-getting incumbent. He polled 1,170,253 votes to win over Republican Tom Cole, with 379,108 and the Socialist Workers Party nominee, with 30,577.

Land Commissioner Bob Armstrong came in second in the canvass with 1,136,321, and Agriculture Commissioner John C. White third, with 1,125,577.

All the incumbents scored more than a million votes. High Republican vote-getter in the canvass was treasurer candidate Robert G. Holt, with 559,402.

Votes for governor and lieutenant governor will not be canvassed until the legislature convenes in January. The House of Representatives takes care of that. The Board of Canvassers canvasses the other races, including legislative, congressional and judicial.

COURTS BUSY — During January-June, 1,716,697 cases were filed in or appealed to county, justice of the peace and municipal courts of the state, according to Texas Civil Judicial Council.

Fifty-three per cent of the county court criminal cases and 38 per cent of the civil cases were dismissed or settled before trial.

Justice of the peace and municipal courts received \$26.4 million in revenue during the six-month reporting period.

The council reported 184 of the 254 constitutional county courts have judges who are not attorneys. Only six per cent of 934 justices

of the peace are attorneys, and about 65 per cent of the 215 municipal courts (in cities over 5,000) are licensed lawyers.

RATE HIKES OPPOSED — A group backing utility regulation asked Attorney General Hill to investigate allegations of irregularities in rate practices by Southwestern Bell Telephone Company.

At the same time, the chairman of the Texas Coalition for Utility Regulation said no city council should grant phone rate increases while questions raised in a suit at San Antonio against Southwestern Bell are pending.

The \$29.6 million damage suit by a fired Bell executive and the family of a deceased executive alleges the company kept a separate set of books for use in getting rate increases and indirectly channeled money into political campaigns.

State Rep. Roy Blake of Nacogdoches also advised city councils to refrain from rate increases until the charges have been proved or disproved.

NEW INDUSTRIES MULTIPLY—Twenty-six new industries which may have a \$121 million annual impact on the economy located in Texas during October.

About 2,300 jobs will be generated, and another 2,259 indirectly created. The industries will produce \$7.4 million in federal taxes a year, \$445,734 in state taxes and \$537,287 in local taxes, according to Texas Industrial Commission projections.

Plants are planned in Palestine, Bryan, Columbus, Morton, Summerfield, Ranger, Longview, Freeport, Marshall, Donna, Waco, New London, Tenaha, Brackenridge, Clear Lake City, Hous-

ton, Corpus Christi, Austin and Fort Worth.

VETS DAY CHANGE BACKED — Veterans Day would be returned to November 11, under legislation backed by Governor Briscoe and sponsored by Rep. Lindon Williams of Houston.

Forty-two other states already have enacted similar bills. Federal legislation changed the date from November 11 to the last Monday in October.

NEW APPROACH BACKED — Governor Briscoe is backing the so-called "weighted pupil approach" to determine spending for public schools.

The formula would take the place of a specific allocation of dollars per classroom teacher unit. Money would be divided among schools in line with time of pupils spent in different types of classes. More "weight"—and more money—would go to the executive types of instruction. Briscoe announced 60 meetings will be conducted over the state December 2-19 to detail tentative proposals developed for restructuring state school finance systems in 1975.

Meetings are slated in Edinburg, Corpus Christi, Kilgore, Amarillo, Victoria, Houston, Huntsville, Mt. Pleasant, Lubbock, Austin, Fort Worth, Waco, Abilene, Beaumont, Richardson, San Angelo, Midland-Odessa, San Antonio, Wichita Falls and El Paso.

SHORT SNORTS

Berl L. Handcox, an Austin city councilman, will become director of the Governor's Office of Equal Employment Opportunity January 7.

The Governor announced he will ask the legislature to double the state share of cost of instructional television in the classroom to a maximum of \$1.50 per child for the school year.

Attorney General Hill held a university may delay furnishing names of its seniors to a citizen for a month while its code file is being used for registration and reports to state agencies.

U.S. Civil Service Commission is helping develop a proposed centralized personnel policy for Texas.

Add Limestone, Nolan and Upton counties to those requested for disaster area designation due to drought and other adverse weather.

A Weekly Report Of Agri-Business News

# Farm-facts

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

It's That Time Again... From Huge to Just Modest... Feed Grain Supplies Continue to Decline... A Meeting in December.

**IT'S TIME** for the annual count-down on the farm... About 75,000 Texas farmers and ranchers are receiving now the annual crop and... This report is important. Therefore, it is important that these questionnaires be filled out as accurately as possible and returned as quickly as possible.

The estimates will be used in establishing a complete picture of Texas agriculture. It's as important for the producer as it is for the consumer.

The figures are also used in determining county by county agricultural statistics. Incidentally, the 1973 county-by-county farm statistics are now available for Texas.

Agricultural producers in Texas lead the nation in cooperation in this type of crop and livestock questionnaire response. These questionnaires now being mailed out should not be confused with the 1974 census of agriculture to be taken by mail early in 1975.

**REMEMBER** the predictions earlier this year of a "huge" crop of wheat for 1973 and 1974? Well, now that the figures are in and now that Mother Nature has done her thing, the wheat crop is still a record-but of only modest proportions.

Fact is, the current production estimate for the nation is now just four per cent above last year's record crop; this is well below expectations. In Texas, the latest wheat estimate is 52,800,000 bushels. This is just about half of what the state's wheat farmers produced in the previous year.

Despite the record harvest throughout the nation, total wheat supplies will be six per cent less than a year ago. As for prices, producers are being told that they can expect strong prices for the balance of the 1974/75 crop year.

**FEED GRAIN** supplies, a big item for Texas livestock producers as well as a crop which provides a good amount of income for the state's agriculture economy, are down more than 20 per cent from last year.

Texas is the nation's leading state in grain sorghum production as well as cotton. If present indications are followed through, there will be a big expansion in sorghum acres in Texas during 1975.

This increase is brought about by declining prospects for cotton next year. As much as a 40 per cent reduction in cotton acres is seen for Central Texas during 1975.

Back Up The Future  
The future of the battle against cancer depends on research. The American Cancer Society needs your contribution to help finance this crucial campaign.

You, And You, And You  
It will take YOU, and YOU, and YOU to help put an end to cancer. To protect yourself and your loved ones, the American Cancer Society urges an annual health checkup and your generous support for its Cancer Crusade.

Some people change their ways when they see the light, others only when they feel the heat.

A hopeful young lady visited a computer dating service and listed her requirements. She wanted someone who liked people, wasn't too tall, preferred formal attire and enjoyed water sports. The computer followed her wishes to the letter. It sent her a penguin.

A mother carefully poured six glasses of soda pop large, one-calorie bottles, children and their friends being filled.

As she finished the last he looked up and with an expression asked, "I was got the calorie?"

A group of Americans were being guided through the ancient castle in Europe place," they were told, years old. Not a stone been touched, nothing nothing replaced in years."

"Well," said one woman "they must have the sword I have."

Said the circus man the human cannonball can't quit! Where will another man of your caliber?

BRIDAL SHOWER --  
There will be a bride honoring Marianna W. bride-elect of Jesse B. the Star Methodist Church Hall Saturday, the 14th ember, from 2 to 4 p.m.

Meanwhile, the 1974 crops of feed grains--corn, grain sorghum, oats and barley--are now estimated at only 165 million tons. Old crop carryover at 22 million short tons is the lowest since 1952. Corn production estimates are 18 per cent below last year. The grain sorghum crop, estimated nationwide at 609 million bushels, is down a third from a year ago.

All these facts point up the reason why feed prices to dairymen and cattle feeders and poultry producers have risen so sharply.

A MEETING to inaugurate a special Christmas-giving program of meat, poultry, and dairy products will be held in Austin in early December. At that time, complete plans for the promotion program will be announced. Idea is to give meat, poultry, and dairy products as gifts this Holiday Season.

**Judge Signs Proclamation**

OFFICIAL PROCLAMATION BY  
CECIL EGGER, COUNTY JUDGE  
MILLS COUNTY  
GOLDTHWAITE, TEXAS

**GREETINGS:**  
The statewide promotion of Gift Certificates for Meat, Poultry and Dairy Products presents a happy solution to the dilemma of what to give for Christmas. The giving of these foodstuffs expresses the true spirit of the season. Furthermore, these products are in abundant supply at this time and are good buys.

The Mills County Farm Bureau and other agricultural groups, including County Extension Service, have developed a program encouraging the giving of gift certificates for meat, poultry and dairy products. The use of these certificates not only solves the problem of what to give, it also represents a timely boost for producers of these essential foods.

NOW THEREFORE I, as County Judge of Mills County, do hereby proclaim the month of December, 1974, as "GIVE MEAT, POULTRY AND DAIRY PRODUCTS MONTH" and urge all citizens to take advantage of this unique gift idea. I further urge local news media to promote this positive approach to helping relieve the distress of these segments of our farm and ranch community.

Signed: Cecil Egger  
Mills County Judge

The following was printed on the salary receipt of the new employee: "Your salary is your personal business. It is a confidential matter and should not be discussed." The employee returned the receipt with this note: "Don't worry, I won't mention it. I'm as much ashamed of it as you are."
