Included in the display is a painting of the old Jarrett home in Big Valley; a view of the Colorado River at the Oglesby crossing; the Center Point crossing on Brown's Creek; a portrait of Mr. and Mrs. J. Sr. Citizens Meal Program

Begins Tuesday

The Senior Citizens Meal Program in Mills County will hopefully get off to a flying start next Tuesday morning, October 25th.

4-38 These meals, nutritionally balanced and planned by a 12-100 nutritionist, will be served at 11:45 each Tuesday, Thurs-

day and Friday. Mrs. Ethel Kunkel of Priddy has been hired by Hill **Country Community Action** as cook and is already at work getting everything ready for the big day.

Senior Citizens, 60 years of age and older, are eligible to participate in this program, which is funded through a federal matching grant and is administered locally by the

H.C.C.A. Agency. In order to keep the program, there will be a nation box to take whatever you wish to contribute toward your meal. All of this goes back into the nutrition program. A contribution of 50 cents or more per meal

has been suggested. Anyone desiring a meal needs to call in their reservation the day before, to be assured of a meal.

Right now we are prepared to serve 50 meals each Tuesday, Thursday and Friday. The number to call for reservations for meals and for transportation in case you cannot get there, is 648-2638. Volunteers are needed to

help serve the meals, so if you are interested in this volunteer service please call the above number.

Armadillos **Move Down** To Class A

According to recent University Interscholastic League ruling, San Saba has been moved into Class A.

The Armadillos, long time rivals of the local Goldthwaite Eagles, will also be moving into District 10-A. The district will have eight teams, with no deletions from the present list.

Another AA area team, the Hamilton Bulldogs, are mov-ing down to Class A, but will move into the district to the East, with China Springs.

A complete schedule for 1978 will be published in next week's Eagle, pending the outcome of the district draw and the finalizing of the other games of the schedule. It will be very possible that some of the district games will be played on the same field as this year, because of

the new selection, and the

family life, the death of the church, the end of a nation and of life on the earth. Selfish n e s s is selfdestroying. Those who live to minister, inherit earth and heaven. Those who live to minister see their lives mys-. teriously joined to the power of him who "gave his life a ransom for many." Their companionship with the meek servant son of God become close and real. Those poor in spirit who are willing give and lose their old opiate lives; those find the great adventure in the new life of the amazing grace of God.

The suffering servant narrative is the most powerful part of the Old Testament. The suffering Savior narrative is the most powerful part of the New Testament. Here the great throbbing open heart of all of life is seen. Here lies the power for the transformation of all of life. There is no alternative to humble serving love. It is the only way to make a go of a

marriage, a family, a church. Humble serving love is the only way to make a go of a

nation, and of the world. The present is heavy with the multiplicity of the insatiable demands of those who came to be ministered unto. "We deserve" we hear too often. Yes, "The labourer is worthy of his hire" (Luke 10:7); but there is labor so important that it merits a lifetime of toil, and even one's life blood, without

any hire. Needed are persons who came to minister, ministering families, basin and towel churches, the higher selfless partiotism, world citizenship

of mercy and good will. After Jesus taught how the cruelly secular portion of mankind live as those who came to be ministered unto and to exercise proud authority, he said, "But so shall it not be among you: but whosoever will be great among you, shall be your (Mark 10:43) minister.
