early January, many Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service, or will be personally interviewed by the Service's field staff.

Accurate estimates have always been of great importance to producers and are even more important in light of the supply-demand situation facing agriculture

Data collected in this

From mid-November to survey will provide an accurate picture of agriculture for each county and for the state of Texas. Each farmer or rancher receiving a questionnaire is urged to fill it out carefully and return it promptly to the Agricultural Statistician in Austin. Individual reports are confidential and used only for state and county estimates.

HEARING TESTS ARE IMPORTANT

If you have a hearing problem of any kind you owe it to yourself to have an

Electronic Hearing test made to find out why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time.
We explain in plain Eng-

lish what can be done to help

you, then you make your decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids), just because they waited too late to do something about it .. don't let this happen to you. Mrs. Joe Treadway will hold a regular Hearing Aid Workshop at the Mauney Court in Goldthwaite, Monday, Nov. 14th; from 1:30 p.m. to 3:00 p.m. We invite you to come in for your free test. We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save you money. We are licensed by the State of Texas to fit and dispense Hearing Aids. We are always close by when you need us. We are in the Hamilton office every Friday to run special tests and assist you in every

If you need batteries or supplies when Γm not here barayou may get them at the Mauney Courts.

## Norma Collier Named To 'Teacher Of The Year'

The Plano Education Association has named Norma Collier "Secondary Teacher of the Year" for the Plano Independent School District.

The selection was based on educational background professional development, and civic responsibilities. Having served for the past

three years as team leader of tenth grade mathematics at Williams High School in Plano, Mrs. Collier says that she tries to accept each student as the individual he is, and her goal is to help each student develop to his full potential.

Mrs. Collier graduated from Goldthwaite High School and received her Master's degree from North Texas State University. She has also taught in Houston, Brownwood and Plano.

Mrs. Collier has been active in professional organizations, serving most recently as treasurer for the North Texas Council of Teachers of Mathematics. Mrs. Collier is the daugh-
