Mills County Schools - City

# The Goldthwaite Eagle

Thursday, April 5, 1979 ★ Goldthwaite, Mills County, Texas 76844 ★ Vol. 85, No. 52

## Relays Big Success After Five Hour Delay

Mills County voters will go to the polls Saturday, April 7, to elect representatives to the City and School positions.

### SCHOOL TRUSTEE ELECTIONS

The list of candidates on the April 1 ballot in Mills County are as follows:

#### GOLDTHWAITE CITY ELECTION

The voters will choose two trustees for 3-year terms, from the following list of candidates:  
Bobby Wilcox  
Gary Holcomb  
L. B. Johnson  
Don Humphries  
Harlan Jernigan

Incumbent trustees, Troy Berry and Nathan Carothers, are not running for reelection this year.

The School Election for Goldthwaite will be at the Goldthwaite High School building.

#### MULLIN CITY ELECTION

There two candidates running for the 1-year unexpired term. They are Larry Minica, incumbent, and Rodney Carlisle.

Two trustees for regular 3-year terms will be elected

from three candidates - John Reeves, and two incumbents, Guy Leverett and Wayne King.

The election will be held at the Mullin School house.

#### STAR

Two regular 3-year terms are to be filled at Star. The candidates for these are Darrell Head and Charles Parker.

Alvis Lee is the candidate for the one 1-year unexpired term.

Bill Winter is the candidate for the 2-year unexpired term.

Election to be held at the Star School house.

#### PRIDDY

There are four candidates running for two regular 3-year terms at Priddy.

The candidates on the ballot are:  
J. C. Partin, incumbent  
Melvin Pax, incumbent  
Elton Bufe  
Robert Tiemann

The election will be held at Priddy Elementary School building.

The Eagle Relays were delayed for five hours while recovering from the rain that fell Thursday morning. The meet got underway at 1:00 o'clock with the field events. We had Ricky Johnson, Brent Dennis, and Bart McFarland in the long jump. Tim Coronado, Gary Mullins, and Jim Smith were in the shot put. Kenny Saathoff and Steve Schwartz were in the high jump. Jim Smith, Jeff Stevens and Gary Mullins were in the discus. Jeff placed sixth in the discus with a throw of 113' 5".

The 400 meter relay (Tony Corona, Steve Coronado, Mike Connolly, Jett Johnson) placed second with a time of 46.8, while Cisco placed first with a time of 46.6.

In the 400 meter race, Jett Johnson placed first with a time of 54.3. Steve Coronado placed third with a time of

55.5. Carson Padgett also ran the 400 meter dash.

The 110 hurdles was won by Sanders from Jim Ned, with a time of 16.2. Steven Schwartz won third with a time of 17.0.

Bart McFarland and Tony Corona ran the 100 yd. dash. James Adams won the event with a time of 10.56.

In the 300 Int. Hurdles we had Steve Schwartz, Kenny Saathoff, and Ricky Johnson. Saathoff placed third with time of 43.00.

The 1600 meter relay proved to be the exciting event of the evening. The Eagles posted a winning time of 3:44.

This was not the Eagles best time of the year, but I think it was due to track conditions. The Eagles kept the mile relay trophy at Goldthwaite.

Albert Duran, Joe Balencia, and Troyce Wilcox ran the mile. Albert placed seventh in the mile.

The Eagle coaching staff would like to salute the Lions Club and all the workers for a fine job. A special thanks to Dale Allen and all his workers for the special help they gave us in helping us remove the water from the track.

Track season is rapidly going by. The Eagles will travel to Mason Friday to enter the Hill Country Relays.

The Eagles will compete in district track at Brownwood on April 19.

Again, we appreciate the support of all the Eagle fans.

The team totals are as follows:

1. Early	88
2. Wylie	76
3. Goldthwaite	72
4. Cisco & Jim Ned	ea. 56

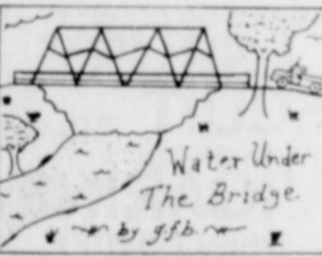

Jett Johnson

### Jett Johnson Running For First Place

Pictured above is Jett Johnson, senior at Goldthwaite High School, winning first place in the 400 meter race at the Eagle Relays last Friday. Jett also ran the mile relay which placed first at the meet. The mile relay team includes Kenny Saathoff, Steven Coronado, Mike Connolly and Jett.

### Baker Open House Sunday, April 7

Open house will be held in the new home of Mr. and Mrs. O. N. Baker of Mullin, Sunday, April 7, from 2:00 to 7:00 p.m. Hostesses for the open house celebration are Judy Hughes and Vada Shipman. Everyone is invited.

Mills County looks better this year than this writer can remember in the past eight spring seasons.

The fine abundant rains and the lack of killing late frosts are wonderful blessings to our area. The farm and ranch situation looks very promising hereabouts, and if outside influences such as fuel and governmental interference, remain in the background, things for the future seem pretty bright.

There is a lot of time given to the statistics regarding how many farmers there are in comparison to non-farm workers nowadays. One farmer can feed a lot of people in today's United States. And that's probably the one single factor in the decline of the nation's economy as a whole. The industrialized society is not the best atmosphere for the world. The good Lord, in his infinite wisdom, set man out to be a tiller of the soil. This was an initial act. Family units are generally much stronger when "farm raised." Now that's just a generalization, we know, but we challenge you to disprove it. The generations past were farm oriented, and there was no lack of energy for worthwhile thought. Seemed like the busier the bee, the sweeter the honey.

## Goldthwaite Garden Club Spring Clean-Up Campaign April 9-13

The annual Spring Clean-up Campaign for the City of Goldthwaite will be conducted April 9 thru 13. Goldthwaite Garden Club members are in charge of the annual clean-up.

City officials are cooperating with the club and will have trucks available to pick up trash, rubbish and debris on Thursday and Friday, April 12 and 13. Persons needing trash and rubbish picked up on those days should call the City Office in advance.

### Hoe Down April 7 At Sr. Center

The regular first Saturday night pickin' 'n grinnin' bunch will be performing at the Goldthwaite Senior Citizens Center in Goldthwaite, Saturday, April 7, beginning at 7:00 p.m.

This program is sponsored by the Mills County Fiddler's Association. Everyone is invited to attend.

### Landrum First In Hurdles

Pictured above is Stephanie Landrum winning first place in the hurdles at the Eagle Relays Friday. Her

time was 11.49. She also won the long jump with a jump of 15' 8". Stephanie took high point honors at the meet.

### Eaglettes Have Best Day At Eagle Relays

The Goldthwaite Eaglettes had the best showing of the year at the Eagle Relays. They scored 73 points to be nudged out of runner-up by three points.

Stephanie Landrum was the high point girl. She won the long jump with a jump of 15' 8". She also won the hurdles with a time of 11.49.

DeAnna Henry took second place honors in the high jump with a leap of 5'0. DeAnna also placed fifth in the triple jump (30'8").

Molly Winters brought home the silver for the second straight week in the 400 meter dash with a time of 66.1. Molly also placed fifth in the high jump.

Melanie and Sheila Vaughan and Angela Beavers made the finals in the 200

meter dash. Due to the "no-false start rule", Melanie was disqualified. Angela placed fourth and Sheila was sixth.

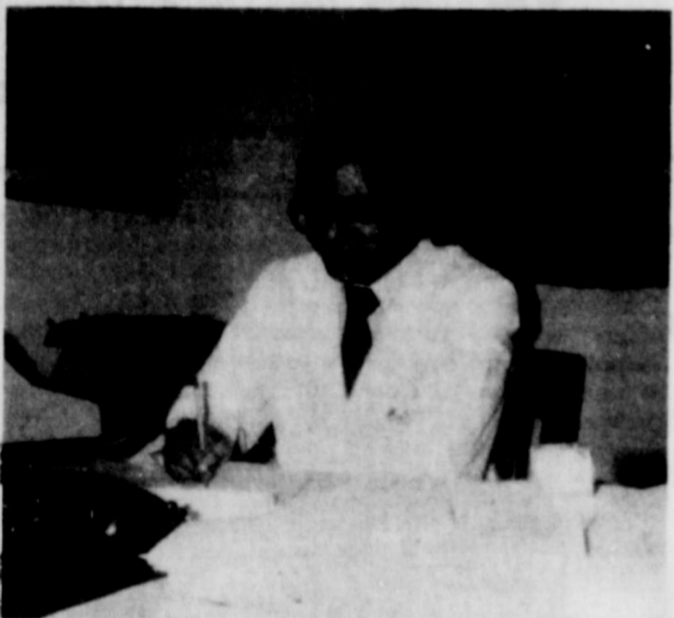

Cynthia Berry ran fifth in the 800 meter run in a 2:44.4. Beverly Carothers placed sixth in the 1600 meter run in 7:17.14.

The 800 meter relay team of Sheila Vaughan, Melanie Vaughan, Angela Beavers, and Stephanie Landrum, placed second in a 1:57.21.

The 1600 meter relay team of Cynthia Berry, Molly Winters, Melanie Vaughan, and Stephanie Landrum placed third in a 4:31.46.

The Eaglettes will compete in the district 10-A track and field meet in Brownwood on Friday.

## Dr. Vijay Koli Assumes Duties In Practice Of General Medicine

DR. VIJAY N. KOLI  
... Childress Associate

Dr. Vijay N. Koli, a native of Bombay, India, has assumed duties in the practice of general medicine at Childress Clinic and Hospital in Goldthwaite. He joins Dr. M. A. Childress, Dr. Douglas Dennis, and Dr. Nirmal Mazumdar, other staff members at the medical facility.

Dr. Koli, 35, plans for his family to join him here sometime in May. They are currently residing in England where Mrs. Koli, also a physician, is a senior resident at the large hospital in Leicester, about 100 miles North of London. The couple has two children, a girl 4 1/2, and a boy 3 1/2.

Dr. Koli is very pleased about his association with the local hospital and is looking forward to the social and friendly atmosphere of this small Texas community.

"Childress Clinic and Hospital can create a fine reputation as an area medical facility," Koli said. "There is warmth and care here, not like in a larger medical unit."

Although from India, Dr. Koli's English is very good, but recognizes the fact that some may not be able to understand perfectly at first. "It will just take a little time," he says. "It certainly is no barrier to me," he added.

"My goal here is to join in the combined effort with the staff and doctors to look after the needs of this community. We're really getting to be an

area-wide medical facility," Dr. Koli commented.

Dr. Koli's father was in the fishery business in India. He, therefore, studied zoology, but received a scholarship from the Indian government to study medicine in Russia. It was while attending medical classes in Moscow that he met and married his wife, Malathi.

He spent seven years in Moscow, studying under some of the most renowned

Russian physicians.

The medicine there is always a little behind the western world, according to Koli. They seem to wait for others to make the discoveries and then they use the information there. This is particularly true of advances in medical appliances and technology.

Jokingly, Dr. Koli quickly asserts that he is not a communist.

Following his study in Moscow, Koli returned to India for a short period, then traveled to England for further studies in general and internal medicine. He studies geriatrics (medicine affecting older persons) under one of the two most respected doctors in this field throughout the world. He remained in England for almost seven years. The socialized medical system of England poses the biggest difference between English and United States practices. There is no need to save money for medical emergencies in England. A General practitioner sorts out the cases and assigns them to specialists in England. Here, Koli says, the GP has access to the hospital to actually participate in the treatment. He likes this system very well.

## Schedule Of Worship Services For Holy Week

The Holy Week Worship experiences as outlined by the Mills County Ministerial Association include five noon meditations, to be held in the Community Room of Mills County State Bank and a Good Friday worship service at the First United Methodist Church.

The noon meditations will begin at 12:05 p.m., Monday through Friday, and participants are encouraged to bring a sack lunch and eat together after the close of the service at 12:30.

The Rev. Ernest Roper, pastor of the Mullin United Methodist Church, will bring the message at the noon service on Monday, April 9.

Other leaders are: Tuesday - Bro. Doug Holtzclaw, pastor of the First Baptist Church, Goldthwaite; Wed-

nesday - Rev. George Matthews, pastor of the United Methodist Churches at Star and Center City; Thursday - Rev. Don Valsak, pastor of Zion Lutheran Church at Priddy; and Friday - The Rev. Ben T. Welch, pastor of First United Methodist Church in Goldthwaite.

The Good Friday service will be held at 7:30 p.m. at the United Methodist Church of Goldthwaite. The Rev. Robert Blackwell, pastor of the First United Methodist Church at Lampasas, will bring the Good Friday message. Pastors in the Mills County Ministerial Association will assist in this service.

Everyone is invited to take part in all the above worship services.

### Businesses

### Burglarized

March 29

Two Goldthwaite business establishments were broken into in the wee hours of the morning last Thursday. The break-ins occurred at Johnson Feed and Supply, and at Johnson Brothers auto station.

According to Sheriff H. G. Brooks, about \$50 in cash was taken from Johnson Feed and Supply. Nothing could be found missing at the feed store, as the thieves were presently looking for money for their effort.

Entry was gained to Johnson Brothers by cutting a chain at the front door. The Johnson burglary was made possible by the thief or thieves prying open a rear window. They left a blue metal bar at the station. Concrete leads have developed in the burglaries, according to Brooks.

### School Board

### Agenda For

April 9 Meeting

The Goldthwaite Board of Education will meet Monday, April 9, 1979, at 6:30 p.m., in a regular board meeting. The agenda at press time follows:

- Approval of minutes of previous meeting
- Approval of current bills
- Financial Statement
- Canvass votes for election
- Organization of Board
- Use of Gym
- Committee of Improvement for 5-year plan
- Board of Equalization
- Bus Route-Mr. Winters
- Tax Rate
- School Counselor & Mechanics

Prod. Ag. - General Mechanics

Co-op Vocational

### ASCS News

Lee Roy Schwartz, chairman of the Mills County ASCS Committee, reminds area farmers that it is imperative for farmers to sign-up to participate in the 1979 farm programs to be eligible for program benefits. The sign-up period (Feb. 15 - April 30) was designated for farmers to file an intention to participate in the 1979 set aside program with

the ASCS Office. Farmers must sign to be eligible for price support loans, target price, and disaster payments for barley, corn, grain sorghum, and wheat on participating farms and on other normal crop acreage grown on the farm. Farmers must also sign-up voluntary diversion options for corn and grain sorghum during this period. However, there will

be no advance voluntary diversion payments for 1979. Farmers who planted wheat for 1979 harvest now have another option to consider—They may graze or cut hay on their wheat acreage. Wheat grazed or cut for hay under the special acreage grazing and hay program will qualify for the same deficiency payment rate as wheat harvested for grain. Sign-up

for this option ends April 30. Farmers will soon be receiving deficiency payment checks for corn and grain sorghum farms participating in 1978. Secretary Bergland recently announced that farm storage facility loans will bear an interest rate of 10.5%. Interest rates on 1979 crop commodity loans will be announced at a later date.

### Star School Honor Rolls Released

### Funeral Services Held For Laura Nelson Sunday

Funeral services were conducted Sunday, April 1, 2:00 P.M. for Laura Margaret Nelson of Goldthwaite. The services were held in

Wilkins Chapel with Rev. Ben Welch officiating. Interment was in Lower Big Valley Cemetery.

Miss Nelson, 81, was born March 11, 1898 in Big Valley. She had lived in Mills County most of her life. She was a retired school teacher, and a member of the Methodist Church. She passed away Friday, March 30, 1979 at Childress Hospital.

Survivors include two sisters, Mrs. Evelyn Weaver and Mrs. Nancy Bohannon, of Goldthwaite; one brother, Hugh Nelson of California; and a number of nieces and nephews.

Pallbearers were Harlan Jernigan, Dr. Tom Cody Graves, Johnny Vaughan, Walter Weaver, David Bohannon, and Robert Weaver.

### Heritage Happenings

#### Celebrates 84th Birthday

Ty-Bo and Coby Tyson helped their great, great Uncle, Lynn Medford, celebrate his 84th birthday at the Heritage Nursing Home.

#### New Faces At Heritage Home

Introducing: Imbard (Linda) Whipple, Aide, born in Germany. Linda met and married her husband there. He is an officer in the military. They reside in Copperas Cove.

Ann Branson, L.V.N., from Mullin, Texas. Ann has two sons and one daughter. Linda and Ann take pride in their work, cooperating with others to make our staff very efficient.

Even though we may not get to plant our garden, we refuse to complain about the good rains. We have some fellows who claim to be the best gardeners in Mills County. We sure would like to see for sure.

We want to thank all our volunteers who were with us in the month of March. You make our days so much happier.

Mrs. Lemke and Mrs. Barnett brought their 2nd Grade students to put on a program for us about spring. We certainly enjoyed it and encourage all teachers to do the same. We certainly appreciate your coming.

Our birthday party was hosted by the members of the W.M.U. from the First Baptist Church. Everyone enjoyed it and especially our honorees — Evelyn Marler, Lena Epperson, R. H. Oglesby, Minnie Stark, John Straley, Etha Boyd, Julius Kauh, Lynn Medford, Robert Rushing, Mary Patterson, Guy Rudd, Pearl McCasland, Kenneth McPheeters and Thomas Self.

We want to welcome to our home, Mrs. Elsie Stucke, Jesse Mays, William Magner, Y. C. Paschall, Minnie Knight, Harvey Gavett and Bernice Kerby.

We are looking forward to the Easter Bonnet Parade, Thursday, April 12, at 2:30 p.m. The Downtown Bible Class singing on Thursday, the 12th, at 6:30. Also the Birthday Party, Tuesday, April 17, at 2:30.

We express our sympathy to the family of Laura Nelson.

#### HEARING TESTS ARE IMPORTANT

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find out why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time.

We explain in plain English what can be done to help you, then you make your decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids), just because they waited too late to do something about it... don't let this happen to you.

Mrs. Joe Treadway will hold a regular Hearing Aid Workshop at the Mauney Court in Goldthwaite, Monday, April 9, from 2:00 p.m. to 3:30 p.m. We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save you money. We are licensed by the State of Texas to fit and dispense Hearing Aids. We are always close by when you need us. We are in the Hamilton office every Friday to run special tests and assist you in every way.

If you need batteries or supplies when I'm not here, you may get them at the Mauney Courts.

### Hill County Farm Bureau Newsletter

Troy Berry, President

There is a gasoline shortage. Some of us feel like our granddaddy did 100 years ago. Governor O. M. ... in 1880, after a committee appointed by him had reported no prospects of oil in the state. "Gentlemen, accept your report and urge the committee. I want to say to you that the word in your report is a lie! Do you think God Almighty would let a great country like this not provide a way of life for its people? In the very heart of things your report is a lie!"

**FUEL RATIONING** - The Farm Bureau has sent a letter to all 535 representatives and senators, urging approval of the President's proposed standby rationing plan. Adequate priorities are being established for agricultural production and distribution. The proposals include three contingencies: (1) restrict weekly fuel consumption; (2) restrict public buildings; and (3) restrict advertising. In addition, a proposal for rationing items are a couple of items discussed by the Texas House of Representatives of interest to us.

HB 1609, by Cavez (Agriculture & Livestock Comm.), would require an employer to file certain information if he hires an alien; it also provides for a minimum wage of \$2.9 an hour for agricultural employees; and extends the workers' compensation law to include farm and ranch workers.

Farm Bureau opposes. Its policy states: "...state laws to regulate farm workers should contain no minimum wage provisions ... prohibition against workers' compensation laws..."

HJ 62, by Smothers (Constitutional Amendments Comm.), would provide for four-year terms of office for representatives.

Farm Bureau opposes. Farm Bureau policy states: "state senators should be elected to terms of four years, and representatives to a term of two years."

A reporter was interviewing an old codger who was celebrating his 100th birthday. "What are you most proud of?" he asked.

"Well," said the man. "I've lived 100 years and haven't an enemy in the world."

"What a beautiful thought. How truly inspirational," commented the reporter.

"Yep," added the centenarian, "outlived every last one of them!"

### Mullin Scouts Blue Ribbon Camporee At Camporee

Scouts of Troop 111, Hill County, Texas were big winners at the recent Camporee at Camporee at Camporee. Troop 111 were won by the Coon Patrols as they led in First Aid and contests. Camporee Trail projects for Scouting skills. Scouts had prepared for the Comanche Council event by putting on two consecutive performances at the Lethco Scoutmaster and James May is Scouting Advisor.

Council attended and participated in the two day gathering. Attending from Mullin were Kelly Spinks, Shane Kalka, Tim Hart, George King, Derek Kirbo and Chris Smith. Two members, Mitch Howe and Freddy Hughes, were unable to attend. Troop 111 is sponsored by the Citizens Group of Mullin. They are Mack Frazier, Tom Shelton, Joe Rigsby, Mrs. Judy Hughes and Clint Shelton.

# The Moline Menace

by Bob Altenloh

STRETCHING THINGS ...

On November 7, 1938, I sent a long poem called, "Recondite Ravings After a Prolonged Perusal of a Dictionary", to the magazine, THE SIDNEY MAIL, in Sydney, Australia. On the 21st of November of 1938, I received a rejection slip. This year while digging about in some old papers, I found the little printed slip. My imagination went into fourth gear. The slip didn't have the address of the magazine so I wrote the Chamber of Commerce at Sydney. I was going to send the magazine another poem called "Lilacs". This is forty

years later! In the letter I planned on telling them that since they rejected my piece of November 1938 I have had time to think it over and decided to try them again. If this poem wasn't acceptable they would surely get another piece of my work about forty years from now. (Because it takes time to write these, would be added). I could almost hear the editor from here. "Just how long do they live in Texas?" I pictured medical men arriving here from Australia to find out what I'm eating! The Chamber of Com-

merce graciously replied saying, "Unfortunately the magazine entitled "The Sydney Mail" is no longer in existence as it went out of publication on the 28th of December, 1938."

Just think! If they had accepted my poem a month earlier the magazine might still be running today! Or is that stretching things a bit? One thing I never do is stretch things. Well ... maybe the readers' minds... just a little.

Even the poem "Lilacs" has a story. I was very moved by a piece of music called "Lilacs", written by the late Sergei Rachmaninoff, certainly one of the world's greatest pianists and composers. He was then living on West End Avenue in New York, in a huge apartment. I decided to send him a copy. It was an artistic and personal thing and I didn't care if it was published or not.

Rachmaninoff liked the poem so well that he wrote me a nice letter and sent his autographed picture. Of course I framed the picture and hung it above the piano. Years later when he died I was greatly saddened, for here was a man who appreciated lilacs, little lavender poems written by a greater hand than ours...

## Job Quitters Face 2 Month Delay For Food Stamps

Primary wage earners who quit their jobs will find their households barred from the food stamp program for two months under the new food stamp rule, Asst. Secretary of Agriculture Carol Tucker Foreman announced today.

"This rule will prevent primary wage earners from quitting their jobs in order to get food stamps," Foreman explained.

The rule applies to food stamp applicants subject to the program's work registration requirements. Under these requirements, all able-bodied, unemployed household members between the ages 18 and 60 must register for work and accept an offer of suitable employment. If a food stamp participant who is registered for work fails to accept or continue an offer of suitable employment, the entire household is automati-

cally disqualified from the program. The new rule expands this provision to disqualify households whose primary wage earner quits a job and then applies for food stamps.

Foreman said that the new rule is consistent with the desire of the Administration and of Congress to assure that those not in need of food stamps not receive them, while doing more to get stamps to those who truly are in need such as the elderly and the working poor.

The rule, which implements a provision of the Food Stamp Act of 1977, was published in proposed form last November and drew 235 comments, most of them favorable. It was scheduled to be published in final form in the Federal Register of March 23, 1979.

## New Arrival

Chad and Dane Seward proudly announce the arrival of a new baby brother, whom they named Ryan Lane. He arrived on March 7, 1979, at St. David's Hospital in Austin, Texas, weighing 4 lbs. 7 ozs.

Parents are Don and Judy Seward of 10210 Slaughter Creek Dr., Austin.

Maternal grandparents are Mr. and Mrs. Pat Carswell of Moline.

Paternal grandparents are Mr. and Mrs. John Seward of Star.

## Personal

Mrs. Luther Roach had her two sons, D. K. and S. D. Roach, as visitors Sunday. They were on their way back from New Mexico. Her daughter, Gloria Hawkins, spent Saturday and Sunday with her.

## American Cancer Society Research Grants In Texas

Scientists at North Texas State University will take a second look at a rejected Chinese anti-cancer compound in their search for chemicals with greater cancer-killing potency and less harmful side effects.

Dr. Robert E. Lyle, Prof. and Chairman of the Chemistry Department at NTSU, said new studies will be

made to produce a compound similar to Camptothecin, a chemical agent made from the bark of trees grown in mainland China and used there, experimentally, to treat cancer.

Dr. Lyle and his colleagues are seeking ways to overcome the poisonous side effects of powerful chemicals such as the antibiotic, adria-

mycin, commonly used to treat cancer in this country. His research is supported by an American Cancer Society grant.

His research team is now remodeling adriamycin, substituting a chemical bond of nitrogen rather than oxygen to hold the molecule together. It is thought that the bad side effects of adriamycin are due to "fragments" of the substance which break off during the antibiotic's passage into the cancer cell.

A less toxic analog of the Chinese compound, Camptothecin, will also be sought, using experiments made four years ago by Dr. Lyle and other scientists at the University of New Hampshire and Albert Einstein College of Medicine in New York. These tests were suspended in the United States after it appeared that the compound, although extremely active against the cancer cell, was too toxic for human consumption. However, reports indicate that tests in China continued.

Chemists at North Texas State, also exploring chemicals that cause cancer have found clues to why some known carcinogens found in food, do NOT always cause cancer. Their studies have shown that nitrosamines can be so chemically bonded in the digestive tract that their cancer-causing ability is "shackled." Ordinarily nitrosamines, which can be formed from nitrates used to preserve food and amides produced by the digestive tract, are among the most potent carcinogens. Now it appears the body may disarm them.

## American Lung Assn. Warning To Smokers

Pregnant women who smoke put their unborn babies at risk. So do women who've quit smoking even before pregnancy.

New evidence from a major study indicates that a mother's past smoking has an effect on her later pregnancies. Financed by the National Institutes of Health, the study involved 50,000 pregnancies at 12 hospital centers. Dr. Richard L. Naeye of Pennsylvania State University, director of the

study, said it is not clear how long the effects of smoking continue after a woman quits.

As a result, he advised women who plan to have children to give up smoking as soon as possible, long before pregnancy.

Some aspects of the study, which involved collecting data over a ten-year period, are still being analyzed. However, some conclusions are available already.

Past smoking in the

mother is related to the presence of unusually large areas of dead tissue in the placenta, where the fetus is attached to the inside of the womb. Smoking is also related to a condition called placenta praevia, in which the placenta is attached too low in the womb. This can lead to dangerous complications throughout pregnancy and during the birth process itself.

Women who smoked throughout pregnancy, the study found, experienced premature separation of the placenta from the womb. Other adverse effects were spontaneous abortions, stillbirths, and premature births. A much higher percentage of babies of smoking mothers died from crib death than did babies of non-smoking mothers.

A publication of the American Lung Association, "Smoking and the Two of You", outlines the urgent reasons why pregnant women should stop smoking and suggests ways to help them. Contact your local Christmas Seal people for a copy. It's a matter of life and breath. For the unborn generation.

### New Arrival

Mr. and Mrs. Herman Dewayne Griffin of Goldthwaite are the proud parents of a son, David Dewayne, born Sunday, April 1, 1979 at 2:17 a.m. in Childress Hospital. He weighed 6 lbs. 15 1/4 ozs.

Maternal grandparents are Mr. and Mrs. George B. Brown of Bertram.

Paternal grandparents are Mr. and Mrs. Herman K. Griffin of Brownwood.

Maternal great grandparents are Mr. and Mrs. Maxie Milton Blackmore of Leander, Texas.

Paternal great grandparent is Mrs. Arvella Hall of Roosevelt, California.

## Simmons Appointed To U.S. League Of Savings

Robert H. Simmons, vice president of Southern Savings and Loan Associations, with headquarters located in Brownwood, has been appointed to the 1979 Service Corporation Committee of the United States League of Savings Associations. The appointment was announced by Joseph T. Benedict, president of the League and chairman of the board and president of Freedom Federal S&L Association in the state of Massachusetts.

Southern Savings and Loan Association has one of their branch offices in Goldthwaite. Mrs. Ruth Dennard is the local branch manager.

The U.S. League is the principal trade organization for the savings and loan business and represents over 4,400 associations throughout the country.

Savings and loan associations are the second largest type of financial institution in America and specialize in attracting savings accounts for investment, primarily in mortgage loans on residential property. Currently savings associations provide ap-

proximately twice the amount of funds for home mortgage financing as all other lenders combined.

### Sgt. Michael R. Grba

#### Member Of Best

#### Engineering Squad

SGT. Michael R. Grba  
...Plumbing Specialist

Sergeant Michael R. Grba, son of Mrs. Nona Grba of Evant, Texas, is a member of the best civil engineering squad in the Air Training Command (ATC).

Sgt. Grba is a plumbing specialist at Reese AFB, Texas, with the 64th Civil Engineering Squadron.

Unit personnel were cited for overall excellence during the past year.

The sergeant is a 1974 graduate of Evant High School. His father, Nick Grba, resides in Goldthwaite.

The neighborhood kids were on the front lawn when a fire truck zoomed past with the station mascot sitting on the front seat. The children began discussing the dog's duties in connection with the truck.

"They use him to keep the crowd back at a fire," a five-year old girl said.

"No," said another, "they carry him for good luck."

A six-year old boy brought the argument to a halt. "They use the dog," he announced firmly, "to find the fire plug."

## Extension Highlights

by Danny Long  
County Agent

### Extension Highlights

Fertilizing pastures this spring offers many benefits to Texas forage producers, says Dr. Neal Pratt, forage specialist for the Texas A&M Extension Service.

"One of the most attractive advantages of a sound fertilization program is to improve the quality of pasture this spring and summer," notes Pratt. "While fertilizer helps produce more forage, it can greatly improve quality through the growing season."

With last year's drought fresh in mind, forage producers should fertilize pastures for insurance against dry weather. With uncertain rainfall later this summer, fertilization would be desirable.

Producers can use fertilizer to replenish hay supplies by harvesting excess pasture growth during spring and early summer. Hay supplies last year were severely limited, so farmers and ranchers should plan toward rebuilding hay supplies.

Producers may wish to fertilize a pasture as a basis for rebuilding forage supplies and beef cow numbers, since increased forage is needed before expanding herd numbers.

To benefit from pasture fertilization, additional high quality forage should be used.

A soil test is the best way to determine fertilizer rates needed for optimum growth. Extension agents and fertilizer dealers have forms available for submitting soil samples for analysis.

## Scent Facts And Fancies

Some 17,000 smells have been classified. Among them is the most expensive ingredient for perfume: pure French middle note jasmine, which sells for \$197 an ounce.

Only a tiny amount of any substance—as little as one thirty-billionth part by weight in a given weight of air—is needed to stimulate your sense of smell.

The nerve endings or sensory receptors for smell cover a limited area in the upper part of the nasal cavities, but these receptors are so arranged that air is drawn over them when we breathe.

## CANCER ANSWER LINE

American Cancer Society  
M. D. Anderson Hospital  
and Tumor Institute

## Understanding Immunity Essential to Cancer War

An improved understanding of the body's built-in immune system may provide a key weapon against cancer in the next 5 to 10 years.

Scientists began to suspect the body had a way to identify and combat disease agents when Louis Pasteur proposed the germ theory of disease just over 100 years ago.

Today our understanding of that defense mechanism—the immune system—and how it relates to cancer is expanding rapidly.

While many important questions remain, it is known that the bone marrow produces cells called lymphocytes (lim-fu-sites) that play a major role in rejecting foreign agents in the body. The intruder might be a bacterium, virus, cancer cell or even a transplanted heart.

In simple terms, when the intruder enters the body, lymphocytes recognize the invasion by means of biochemical identification markers and sound an alarm. Every cell and microorganism is believed to have at least one identification marker.

The lymphocytes stimulate the production of antibodies, chemicals which lock on to the foreign substance and simplify the job of specialized scavenger cells from the white blood cells that actually devour the invaders.

But what happens when a cancer cell invades? Does it have a way to silence the immune system's alarm? Was the cancer patient's immune system defective in the first place? Can specific vaccines be developed to boost the patient's defense?

These are but a few of many questions researchers around the world are in-

vestigating.

Explains Dr. Jordan U. Gutterman, associate professor of medicine at M. D. Anderson Hospital, "While we have learned much in the last 10 years, I think it's going to take another 5 to 10 years to make a major impact on cancer treatment."

The advantage of using the body's immune system to destroy cancer cells, he explains, is that it is a very natural system.

Unlike other major forms of cancer therapy such as surgery, drugs and radiation, immunotherapy avoids unwanted damage to normal cells in the process of getting at deviant cancer cells. In the future, immunotherapy may not only play a major role in controlling cancers, but actually be used to prevent cancers before they can establish themselves among healthy cells, predicts Dr. Gutterman.

## PUBLIC NOTICE

Central Texas Manpower Consortium (CTMC), a prime sponsor of the U.S. Department of Labor, periodically solicits proposals from organizations, agencies, institutions, and other deliverers of services in order to contract out specific functions required by its operations.

Effective April 1, CTMC will develop an inventory of potential deliverers of services which have expressed an interest in writing. All such organizations, agencies, institutions, and other deliverers of services who wish to be placed on the inventory, must submit to CTMC, P.O. Box 727, San Saba, Texas, 76877, within 30 days from the date of this notice, the following information:

- (1) Name and address of the organization;
- (2) Type of services and activities capable of providing;
- (3) Types of services and activities provided in the past, with number and types of people served and documentation regarding effectiveness of these services.

# Mullin Community News

By Lillian Plummer

Mr. and Mrs. Alton Runnels spent the weekend at Euless and Bedford visiting their daughter and family, Mrs. Alta Dean Bufe, and with their son, Glendon Runnels, and family. They also saw Dennis Pyburn, Mrs. Runnels brother at Fort Worth.

Mr. and Mrs. Charles Covey and baby of California visited his parents Mr. and Mrs. Ed Covey. Charles is in the navy, stationed in California.

Miss Artie Mosier has been going to Temple for tests and treatment. Mrs. Charlene Rance went with her on Friday and Mrs. Claud Kaylor took Artie today (Monday).

Mr. and Mrs. Bo Musgrove have returned to their

home in Cleburne after spending a week with Miss Artie Mosier.

Visitors during the past week with Mrs. Margaret Toliver were Mrs. Jimmy Nixon and children of Austin, Mr. Jack Frazier of Waco, Mmes. Ernest Obenhaus and Ouita Grierson of Brownwood.

Our sister, Mrs. "Dink" Wheeler of Rankin spent a few days with Mrs. Elsie Weatherby and she also came by for a short visit with me on Sunday.

Guests of Mr. and Mrs. W.T. Anderson were Mr. and Mrs. Willard Anderson and Nancy of Garland, Mr. and Mrs. Herman Eilers and children of Burleson, and Mr. and Mrs. Cloy Cline and children of Brownwood.

The Mullin Cemetery Association meeting will be held at the Methodist Church, Saturday, April 7.

Guests of Mr. and Mrs. Dew Shelton were Mrs. Billy Hobbs and Mandy, David Hobbs and a friend, Jane and Mandy were on their way to visit Mr. and Mrs. Guion Hobbs of College Station.

Mr. Whitt Reed of Ft. Stockton spent Saturday night with his sister, Mrs. Eva Belle Roberts.

Mr. and Mrs. Claude Williams visited recently with their son and family, the Johnny Plunketts, of Lamesa. They also visited cousins, Mr. and Mrs. A. L. Mitchell of Goldsmith, Mr. and Mrs. O. F. Barton and friends in Odessa.

Mr. and Mrs. Pete Chesser of Ft. Worth visited with Mr. and Mrs. Ernest Chesser and Mrs. Belva Cobb Saturday and Sunday.

"The wise man does not lay up treasure. The more he gives to others, the more he has for his own."

## Local 4-H Group Enjoys Art Program

The Goldthwaite 4-H Club met March 26, 1979. Shaun Sides, president, called the meeting to order.

Sarah Clark called the roll. Chad Beavers read the council report. Twenty-seven members were present.

Jackie Reese gave the program "Beginning Art". We drew spheres, cones, cylinders, and hemispheres with charcoal sticks.

Then the meeting was adjourned.

## Saathoff Hurdles

Kenny Saathoff is pictured going over the Intermediate Hurdles at the Eagle Reals

held here Friday. Saathoff was the third place winner in the event.

## Goldthwaite Schools Make Good Showing At UIL Contest

A number of Goldthwaite students participated in the U.I.L. Literary Contest held in DeLeon last Saturday. Following are the entries and results.

### ELEMENTARY U. I. L. CONTESTANTS

STORY TELLING: Mindy Long, 3rd grade, first place; Debra Graves, 2nd grade, second place; and Tammy Covington, 2nd grade, no place.

PICTURE MEMORY: Della Rae Johnson, Julianne Saathoff, Kim Musgrave, Michelle Robbins, all 5th graders; Keri Miles, 4th grade; Alternate-Carla Bruce, 5th grade. They won 2nd place as a team.

POETRY READING: Charles Kilpatrick, 6th grade, second place; Tassie Long, 5th grade, third place; and Didi Blackwell, 5th grade, did not place.

SPELLING: Jill Ward, 6th grade, made 100, placed first; Kathy Schriver, 6th grade, made 99; Joy Childress, 6th grade, made 98; alternate Shelley Miles, 6th grade, made 99. They placed 2nd overall.

### JR. HIGH CONTESTANTS

The Goldthwaite Junior High School participated in the U.I.L. Literary Contest. There are four events in which Junior High may compete, and there was a full roster for each event. Of the twelve contestants going, seven placed. All the students are proud of this record.

NUMBER SENSE: Britt Reese placed 5th and Darryl Schriver placed 6th. Also in this contest were Daniel Montgomery and Wendell Tucker, alternate.

READY WRITING: Cindy Knight placed 3rd and Rayma Gatliff 4th. Susan Moreland also represented Jr. High and Pamela Whitson was alternate.

ORAL READING: Susan Moreland placed first with her reading of "The Demon of the Gibbet" by O'Brien. Also reading were Stephanie Ross, Kay Taylor and Junior Phillips, alternate.

SPELLING: Michelle Cagle placed 1st with a perfect paper. Shelli Hollingshead placed 5th. Darryl Schriver also entered, and Pamela Whitson was the alternate.

All of these students participated in elimination tests prior to the contest. They spent many hours in preparation and deserve a hearty congratulations from the community.

### HIGH SCHOOL PARTICIPANTS

Several of the Goldthwaite High School students came home with outstanding placements in the U.I.L. Literary events held last Saturday in DeLeon.

## Blood Drive For April At Star School

Thursday, April 5th, is STAR DAY for the Mills County Blood Replacement Program.

The blood drive will be at the Star School for the April Drive, and several residents in Star have already taken action to inform their community of the time, place, and most important of all—THE IMPORTANCE OF THE DRIVE.

Join Jim Ethridge, Mrs. H. G. Lee, Mrs. Karry Harper, and Mrs. H. W. Boykin in their efforts to make Star Day, April 5, a big success.

## Public Notice

Lower Colorado River Authority, in accordance with provisions of the Public Utility Regulatory Act of Texas, hereby gives notice of the Authority's intent to implement new schedules of electric service rates in areas served by the Authority, effective April 25, 1979, or as soon thereafter as permitted by law.

The rate changes are expected to increase the gross revenue of Lower Colorado River Authority by 14.5 percent.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected wholesale customer and retail municipality, and is available for inspection in each of the Authority's public business offices.
