BOVINA, TEXAS

VOL. VII, NO. 30

WHITTLIN'

BY DOLPH MOTEN

Never mind what Mark Twain said, we want to talk about the weather.

Cold weather. And it's been just that kind since back before December 21, which was first day of winter... officially. Our only consolation is that it's been cold almost everywhere in the country. This isn't only area where folks have been made unusually uncomfortable by cold weather.

And in a way, that's a disadvantage. If this were only area so hit, we could be getting nationwide publicity about that bad shape we were in due to cold. But that isn't even the case since low temperatures have invaded all around.

People talk about, and television weathermen tell about, one spell moving out and another moving in. They're ahead of us if they can figure where one spell ends and another begins. As far as we're concerned, there has been only two kinds of spells--cold and colder.

After temperature drops near zero mark, it gets hard to tell difference between spells which was here yesterday and "new" one which moved in today. Another disadvantage to the present streak of cold, in addition to the aforementioned, is that it isn't spectacular, not even here. While almost everyone will agree that it's bad and that it's been real cold for a long time, oldtimers will point out that they've seen it a lot worse. They leave impression that they sincerely believe that winter will eventually pass over, spring will come, and we won't actually be marooned in an area-sized deep freeze.

Amart alecks have pointed out from time to time that Rhea Community, which is just a few miles north of Bovina, is just a mile and a half from Alaska line. Always we have doubted that theory until now. Perhaps someone should check and see if Alaska hasn't moved closer than that to Rhea.

Frozen water lines have become so common during this spell that you can't get any sympathy at all when you tell about having one. Besides that, some water lines have been frozen so long it's almost old-fashioned to possess same.

Sure, it gets cold almost every winter. But it doesn't get as cold as it has been lately and stay that way so long.

We've been handicapped by the cold in that film in our camera won't work as well in severe cold as it will otherwise. This inconvenience has made for some poor quality pictures. At best, our photography is poor. When we're saddled with handicap of film which functions improperly, it's almost more than we can overcome.

Too much cold too long hurts business in general. In this community, where the economy is based on farming, business has a tendency to get slack when it's too cold to farm. And when the ground is frozen too hard to plow, as it has been, it's too cold to farm.

Two things which are noticeably unaffected by cold weather are turkey shoots and politics. In a brief visit to turkey shoot at Oklahoma Lane Saturday, we observed that a sharp cold wind was doing little, if anything, to hurt enthusiasm of shotgunners who were going about the sport as if the weather were a pleasant 72 degrees.

At same time, politics is keeping its heated pace in spite of cold weather. Every day, we get more mail from candidates who point out their fine qualifications for offices which they are seeking.

No: that it has anything to do with cold weather, but we almost feel sorry for individuals who write "copy" for a statewide candidate.

It must be a difficult task to write a mailing piece to be distributed across state which will put the candidate in a good light in all areas. We don't envy the writers' jobs.

While we may have sounded bitter up to now about the extended cold spell, we aren't really. There was not a single

(Continued on last page.)

APPLICATIONS ACCEPTED HERE--

Poll Tax Deadline One Week Away

Deadline for paying 1962 poll taxes is fast approaching--it's only a week away.

Last day an individual can pay \$1.75 and qualify himself to vote in this year's elections is Wednesday, January 31.

Poll taxes are being handled in Bovina by City Secretary Virgil Tritsch at city hall.

He accepts applications for poll tax, with payment. This is turned into office of Lee Thompson, Parmer County tax assessor-collector, which mails poll tax receipt to the applicant.

Tritsch said early this week that some 32 poll tax applications had been taken here. The rush is expected to be on, however, during remaining week before the deadline.

"Over 100" poll taxes were sold by Tritsch last year which was an off year from an election standpoint.

Voters this year will get full benefit of their poll tax cost. Elections slated are city, school, primaries and general election this fall in addition to possibility of called elections.

Number of poll tax applications accepted at city hall is not indicative of number of people in Bovina precinct who have paid their poll taxes. Many have no doubt qualified themselves as voters at same time they

paid county and state taxes at courthouse in Farwell.

Funeral Monday For John Lide

Funeral services for John Lide, 32, Bovina farmer, were conducted Monday afternoon in First Baptist Church in Bovina.

He died Sunday at 11:20 a.m. in Parmer County Community Hospital in Friona. Mr. Lide had been a resident of Bovina for four years, moving here from Lockney. He

had been seriously ill for about a year.

Rev. John Ferguson, pastor of the church, officiated at the services.

John Wiley Lide was born May 9, 1929, in Amherst.

He is survived by his wife, Joyce; one son, Gary Lee; two daughters, Brenda Joyce and Janice; his parents, Mr. and Mrs. John W. Lide of Amherst; one brother, Edwin Lide of Bovina; and one sister, France Meyer of Tennessee.

Pallbearers were C. E. Trimble, Scott Levins, Harry Charles, Joe Moore and Jim Humphrey and Buddy Barnes of Amherst.

Burial was in Bovina Cemetery with Claborn Funeral Home, Friona, in charge of arrangements.

Isham High Bidder For State Land

State Highway Department-owned property at intersection of Third Street and Highway 86 is expected to change hands soon.

Though approval of sale of the land has not been granted as yet, by state office in Austin, sealed bids for the property were opened at a January 11 session in office of District Engineer O. L. Crain in Lubbock.

High bidder, according to Lloyd Killough, maintenance foreman here, was Lynn Isham of Bovina.

Formerly used by highway department here as headquarters, the property consists of less than two acres of land--about a quarter block--and a 30 by 70 foot metal building.

Killough says that a formal announcement of sale of the land will probably be made when state approval of the sale is given.

Paula Howard Candidate For Area FHA Office

Miss Paula Howard has been selected from Bovina F. H. A. Chapter to be a candidate for Area First Vice - President.

Local chapter will attend the area meeting in March at Amarillo at which time officers for this area will be elected.

Miss Howard was nominated at the local meeting of F. H. A. girls recently at Homemaking Cottage.

Also discussed at the meeting were plans to sell cook books as a project. The books contain over 2000 recipes which United States Home Economics teachers contributed to the book.

BILL CLAYTON

Bill Clayton In Race For Representative

Bill Clayton, farmer and businessman from the Springlake Community in Lamb County, has announced that he will campaign and seek election as State Representative of District 91, composed of Parmer, Lamb, Bailey, Castro, and Deaf Smith Counties.

Clayton, a resident of Springlake for the past 31 years, is a graduate of Texas A&M, is a well-known civic leader in Lamb County and was the county's delegate to the Na-

(Continued on last page.)

Bandy Infant Buried Here

Kimberly Anne, one-week-old daughter of Mr. and Mrs. Don Bandy, died Friday in Parmer County Community Hospital in Friona.

Funeral services were conducted Saturday afternoon at First Baptist Church of Bovina with Rev. John Ferguson, pastor, officiating.

Survivors include the parents and grandparents, Mr. and Mrs. Boye Taylor and Mr. and Mrs. G. A. Bandy, all of Bovina.

Burial was in Bovina Cemetery with Claborn Funeral Home of Friona in charge of arrangements.

Mrs. Burchel 3rd Grade Teacher

Mrs. Evelyn Burchel was employed this week as teacher of a third grade section in Bovina Schools.

Mrs. Burchel moved here from Morton, where she had also been a third grade instructor.

She replaces Mrs. June Ebersman who resigned.

WEATHER

by

WILLIE

Looks like more of the same, not much moisture this week. Long range moisture between January 30 and February 21. Early spring. --Willie

THIRD STRAIGHT WIN--

Mustangs Get Happy

Bovina Mustangs, playing with an unusual substitution, maintained their perfect district record with a 49-45 win over

Happy in an important contest there Friday night. Happy and Bovina were co-favorites for district championship.

Though the teams will meet another time in round robin district play, Mustangs now have an edge over the Cowboys in the

standings. The unusual substitution was in coaching department. Girls Coach Malcolm Kennedy took over Mustangs' reins for the game in place of Coach Hallie Gee, who was ill.

Kennedy didn't fair as well with his own troops, however, as the powerful Cowgirls downed Filles 39-17.

Don Cumpston and Donnie Young paced Mustang attack with 17 points each. David Lawlis had nine, Jerry Frazier four and Buddy Turner two to round out Bovina scoring.

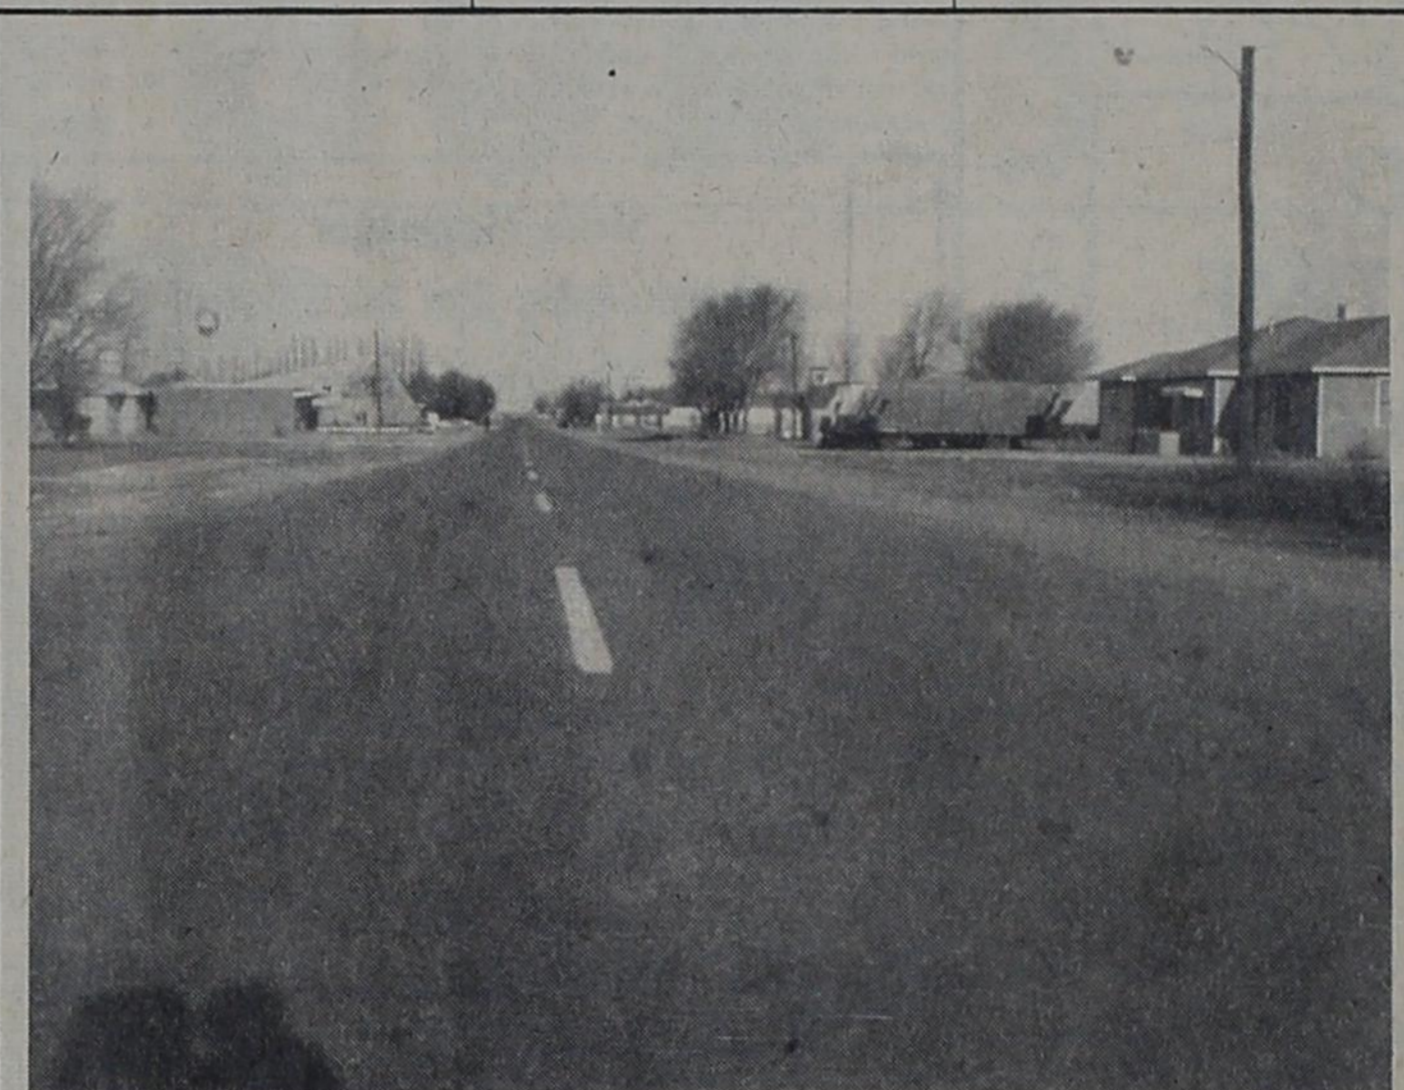

Though Mustangs were slight underdogs going into the contest, they led all the way. At end of first quarter, score was 10-3. At half, Cowboys had narrowed the margin to 24-15. At end of third period, Mustangs were outfront by only three points, 33-30.

This was third consecutive victory for Mustangs and put them in driver's seat for district championship--though the road to the throne is a long one yet.

Strong defensive ability by Cowgirls proved to be undoing of Filles in their game.

Bovina's girls battled the favorites on near-even terms for first half and trailed only

(Continued on last page.)

SLATED FOR IMPROVEMENT -- This is Third Street, looking north, which is one of three roads in Bovina slated to receive curbs and gutters and additional paving in next few months. Mayor Emmett Tabor estimates curb and gutter will be in by April 15 with paving to follow this summer.

CURBS, GUTTER BY APRIL 15--

Detail Work Continues On Street Improvement

Headway is being made on details for improving three roads in Bovina, Mayor Emmett Tabor reports.

Scheduled for improvements of curbs, gutters and additional

paving are FM Road from Highway 86 to south city limits, Highway 86 from west city limits to east city limits and Third Street.

State Highway Department has agreed to provide additional paving -- from gutter to gutter -- when curbs and gutters are installed at expense of city and property owners.

"I figure curbs and gutters will be in (on all three roads) by April 15 if we don't hit any

snags," Tabor says.

Ralph Douglas of Muleshoe, who is Bovina's city engineer, says that plans for curbs and gutters are almost complete and ready for state approval.

It's possible that state approval could be granted within next couple of weeks. Next step, after state approval is given, Tabor says, is to advertise for bids and then let the contract.

"The curb and gutter work will go fast when it gets

started," Tabor points out. After installation of curbs and gutters, state is scheduled to follow with additional paving this summer. Money for the projects here was appropriated late last year.

State's cost for widening the highway and providing the additional paving has been estimated at \$72,000. Same work for Third Street and FM Road 1731 will cost an estimated \$60,000.

Ponies Stop Hart Attack

Bovina Mustangs put notch No. 4 in their district gun last night as they blasted Hart, 58-39, here.

Filles pulled their record up to an even 2-2 with a 41-35 verdict over the Hart lassies.

Ponies were favored to win, but you couldn't tell it at end of first quarter as visitors owned a 9-15 lead. Mustangs quickened their pace in second period and pulled out front to stay. They were ahead 26-22 at half and 46-29 at end of third period.

Sharpshooting Don Cumpston was big weapon in Bovina's scoring attack as he looped in 21. David Lawlis accounted for 15, Buddy Turner had 13,

(Continued on last page.)

Alan Head Hurt Monday

Alan Head, former resident of Bovina, was seriously injured Monday night in a train accident near Clovis. He was hospitalized at Memorial Hospital and is reported to be in critical condition.

Head is a brother of Mrs. Hubert Ellison, also a former resident. He is employed by Santa Fe.

BANG-BANG-BANG--Business was booming at Oklahoma Lane turkey shoot Saturday afternoon at community center there. C. L. Lillard, far left, back to camera, is on firing line. Judge Harold Carpenter, with pad, is second from left in background. Art Mast is to Carpenter's left. At right, holding shotgun is Jimmie Charles. Proceeds from promotion were used to pay on indebtedness on community center building.

DELTA KAPPA GAMMA--

Teachers In Sorority

MRS. MYRNA HAMMONDS

Two Bovina teachers are new members of Delta Kappa Gamma teachers sorority.

They are Mrs. Myrna Hammonds and Mrs. Doris Carter. They were initiated at a meeting Saturday at Hereford Country Club.

Mrs. Eloise McDougal, formerly president of District 9, Texas State Teachers Association, performed initiation ceremonies.

Representing Delta Chapter from Bovina were Mrs. W. E. Williams and Mrs. William Thornton.

Other counties represented were Deaf Smith and Castro.

MRS. DORIS CARTER

LAST WEEK--

38 Indictments By County Grand Jury

Parmer County Grand Jury returned 38 indictments after hearing some 60 witnesses in a two day session last week.

Gene Davis, 38, alias George Evans, and Nellie Mae Thompson, 30, were indicted for the slaying of Jesse Dawkins Dec. 8.

Robert Traylor, 29, and Bobby Traylor, 27, were indicted for transporting a witness across the state line. All are Negroes.

A breakdown of indictments returned showed 17 for burg-

lary, 8 for theft, 3 for obtaining money by worthless check, 2 for murder, 2 for transporting witness across state line, 5 for forgery and passing forged instruments, 1 for removing mortgaged property from county, and one for child desertion.

District Judge E. A. Bills presided at the grand jury session which began Monday morning and terminated at 8 p.m. Tuesday.

County Attorney Hurshel Harding acted for District

Attorney Jack Young who was attending funeral services for his grandmother.

No cases were tried and no guilty pleas were heard.

Hugh Moseley, county clerk, stated that he expected a petit jury to be called sometime in February to try the criminal cases requiring a jury. No date for calling the jury had been set Wednesday afternoon.

Civil cases will be called for the next court session.

Bovina Couples To Falcon Lake

Several local couples recently returned from a fishing trip to Falcon Lake in South Texas. Those making the trip were Mr. and Mrs. J. D. Kirkpatrick, Mr. and Mrs. T. C. Wiseman, Mr. and Mrs. Don Murphy, Mr. and Mrs. Grady Sorley and Mr. and Mrs. Keith Garner.

Wesleyan Service Guild Honored With Tea, Sunday

Members of Wesleyan Service Guild of Methodist Church were feted with a tea Sunday afternoon at Methodist Church. The occasion was given in recognition of Guild Month throughout Methodist Churches and was hosted by Woman's Society of Christian Service. Mrs. Billie Sudderth opened the program with a welcome address and Mrs. Margaret Caldwell, guild president, gave the response. Mrs. Jimmy Charles, accompanied by Miss Verna Marie Estes, sang "Teach Me To Pray." Miss Estes also played background music during the afternoon. Presiding at the tea table were Mrs. Vernon Estes and Mrs. Mark Charles. The serving table was laid with a white lace cloth over blue and centered with Guild Emblem which was adorned with white carnations enhanced with gold foliage. Silver and crystal serving pieces were used. Refreshments of tea, coffee, cookies and nuts were served to those present. Honored guests present were Mrs. W. E. Williams, Miss Rita Caldwell, Mrs. Bedford Caldwell, Mrs. William Thornton, Mrs. Harold Morris, Mrs. Dean Hastings and Mrs. Margaret Caldwell. Members of W. S. C. S. present were Mrs. Jimmy Charles, Mrs. C. O. Edens, Mrs. John Dixon, Mrs. Leon Ware, Mrs. Vernon Willard, Mrs. Jimmy Clements, Mrs. Warren Morton, Mrs. Amos Shockley, Mrs. Mable Newberry, Mrs. Billie Sudderth, Mrs. H. L. Ivy, Mrs. Vernon Estes, Mrs. Jimmy Ware, Mrs. Earl Ware, Mrs. Ralph Roming, Mrs. Wilbur Charles, Mrs. Mark Charles, Mrs. L. M. Grissom and Miss Lola Grissom.

"Religions Of World" Womans Club Program

Highlighting afternoon meeting of Bovina Woman's Study Club Thursday at home of Mrs. A. B. Wilkinson was a program on "Religions of the World" presented by Mrs. Warren Morton. Assisting Mrs. Morton was Mrs. I. W. Quikkel who presented, "Philosophy of China." Preceding the program, Mrs. Ovid Lawlis, president, conducted a business session in which the group decided to abandon their annual March of Dimes pancake supper and contribute to Cancer Drive later this year. Mrs. William Thornton's resignation was accepted and Mrs. Lee Sudderth was accepted as an associate member. A nominating committee was appointed to nominate officers for the coming year. Committee members are Mrs. Buck Ellison, Mrs. Clarence Jones and Mrs. Wilkinson. Following the program, refreshments of cookies, nuts, coffee and tea were served by hostess. Attending were Mmes. Bud Crump, Reagan Looney, H. D. Bradshaw, Clarence Jones, Buck Ellison, Dolph Moten, J. R. Caldwell, Jesse Walling, Amos Steelman, Warren Morton, Ovid Lawlis, Billie Sudderth, Earl Stevenson, I. W. Quikkel, A. L. Hartzog and the hostess.

Mary Coffey Joins Rainbow

Miss Mary Coffey of Farwell was initiated into Rainbow Girls organization Monday evening at initiation ceremonies at Masonic Lodge Hall. Several guests from Muleshoe and Farwell were present for the meeting. Following the meeting refreshments of cookies and hot chocolate were served by mother advisor, Mrs. Roy Crawford. Taking part in the initiation ceremonies were Patricia Crawford, Judy Crawford, Tonya Vee Ivy, Maurine Hammonds, Linda Johnston, Carla Meachum, Donna Kay Dunn, Linda Langston, Vickie Rogers and Sherri Hutto.

C. of C. Women To Portales

Several Church of Christ women went to Portales Friday to work at children's home there. They spent the day mending, and ironing for the children. Those going were Mrs. James Boardman, Mrs. Billy Marshall, Mrs. Joe Pinner, Mrs. Howard Ellison, Mrs. Harley Riddle and Mrs. Thomas Rhodes.

Quilting Club Has Luncheon

Special guest at Quilting Club Thursday was Joe Bob Johnson, representative for Cancer Society from Lubbock. The group met for an afternoon of quilting and a covered dish luncheon in the home of Mrs. Bill Bradshaw. They discussed the coming cancer campaign and quilted for hostess. Present were Mrs. Reagan Looney, Mrs. Tom Rhodes, Mrs. W. J. Parker, Mrs. J. R. Caldwell, Mrs. E. H. Moody, Mrs. Lloyd Killough, Mrs. J. E. Owens, Mrs. Levi Johnson and the hostess. Officers elected to serve for the coming year are president, Mrs. J. E. Owens; vice president, Mrs. Levi Johnson; secretary-treasurer, Mrs. Tom Griffith; and reporter, Mrs. J. R. Caldwell. Next meeting will be February 1 in the home of Mrs. J. R. Caldwell.

Bridge Club Entertained

Winning prizes at Thursday Afternoon Bridge Club which met in home of Mrs. Jimmy Charles Thursday were Mrs. Bedford Caldwell, high, Mrs. Vernon Willard, low, and Mrs. Leon Crissom, traveling prize. Following an afternoon of bridge refreshments of fruit salad, chocolate pound cake, coffee and tea were served to guests. Those present included Mrs. R. E. Wilson, Mrs. Johnnie Horn, Mrs. Leon Grissom, Mrs. Bedford Caldwell, Mrs. Jim Hemke, Mrs. Dolph Moten, Mrs. Leon Ware, Mrs. Vernon Estes, Mrs. Vernon Willard, Mrs. A. M. Wilson, Mrs. Durward Bell and the hostess.

Celebrate B'day

Terry Sherrill, son of Mr. and Mrs. J. E. Sherrill, and Mike McCallum, son of Mr. and Mrs. Dean McCallum, celebrated their birthdays with a party at the Sherrill home Wednesday afternoon. Traditional birthday cake carried out a circus theme. Those present for the party were Margaret Minter, Candy Turner, Cindy Read, Al Kerby, Pam Wilson, Larry Mitchell, Steve Sherrill and Nancy Mitchell.

Federation Theme For Club Program

"Applied Knowledge Is Power" is title of program to be presented to members of Bovina Woman's Study Club Thursday afternoon at 3 p.m. at club house. Mrs. Ovid Lawlis will present "General Federations Womens Clubs as an International organization," Mrs. H. D. Bradshaw, will give, "International Projects of Federated Clubs" and Mrs. A. B. Wilkinson will give "Steps Toward Equal Rights for Women." Hosting the meeting will be Mrs. Earl Stevenson and Mrs. Bradshaw.

Two members of the Laz-buddle FFA have entered four head of livestock entries for the 13th Annual San Antonio Livestock Exposition, Feb. 9-18, at the Joe Freeman Coliseum, according to Scott E. Windham, vocational ag teacher.

Windham announced that members entered are: Tony Haber, showing 2 Duroc barrows, and Jimmie Dale Seaton, 1 Duroc and 1 Hampshire barrow.

Their entries are among more than 5,000 head of livestock and horses which will be at the Exposition. An all time high of \$160,000 in premiums, prizes and purses is offered, according to president E. W. Bickett, who also announced Saturday, Feb. 10 will be "Rural Youth Day" with some 35,000 rural youngsters expected to attend if good weather prevails.

THE HIGH PLAINS FARM AND HOME

**NEWS FROM THE
FARM BUREAU**

BY RAYMOND EULER

"The editorials reflect a zealous and almost fanatical patriotism and an active effort to awaken the public to the dangers of Communism. The whole subject matter is controversial."

This was the statement made by the Regional Forester in giving Don Caron, Ranger, U.S. Forest Service, Okanogan,

Washington, his choice of discontinuing his off-duty anti-Communist activities or being fired from his government job. Sources of the information he was distributing were American Legion, American Bar Association, Congressional Record, House Un-American Activities Committee, Senate Internal Security Committee and the FBI.

The above is from the editor of the Waterville (Washington) Empire-Press.

We are hopeful that by this time Senate Bill 39 has been passed by the House in Austin. This is the bill concerning irrigation gas for farmers. Many farmers have been in Austin in the past week and this week working in behalf of this bill, sponsored by Andy Rogers and Grady Hazelwood in the Senate where it passed. Farm Bureau offices in the area, and the Farm Bureau Office in Austin have given full support to passage of the bill.

Harry Hamilton, your president, will be with the group in the capitol Monday, on this subject, and then he will be in a membership rally for Farm Bureau in the same city Tuesday. This is his second trip in ten days.

On crop referendums; In one Texas Community there were 28 votes cast for the quotas and one against. Over half the votes cast were Negroes who represented a total acreage of less than 60. The one vote against represented approximately 20 acres. Three of the voters represented a total of 6 acres. The mention of the colored people voting heavily is mentioned only with reference to the fact that they were probably brought or sent in to vote.

It is generally known that these referendum votes are sometimes cast under the direct surveillance of householding the elections and that sometimes soliciting is done at the polling places. Farm Bureau does not believe this is an equitable method of determining the will of the people.

Your directors will meet January 29 and February 5. You are welcome to attend, in the office in Friona at 8:00 p.m.

Though traffic signs they disobey,
Kids always have the right-of-way!

Floyd Reeve, Friona FFA, with his grand champion barrow at the Hereford Junior Livestock Show Friday. The 190 pound Duroc was also named champion of the breed. Also taking top honors in the show were Cleatus Rhodes and Janie Lane with their lambs and, Max Reeve with his Poland China, Jim Roy Wells won first in the heavy steer class with his black Angus. All are Farmer county entrants. Numerous other awards were won by Farmer entrants.

HD Agent's Notes

BY MISS ETTIE MUSIL

Watch for moths and carpet beetles all year around. Now that we keep our houses warm all year, the pests can thrive at any season to damage our wool rugs and carpets.

Regular care with the vacuum cleaner is the first step in controlling these damaging pests. It prevents dust, lint and hair from accumulating and offering extra food for the beetles. Vacuuming can remove the insects themselves and their eggs.

Thorough vacuuming means going back and forth with the vacuum cleaner seven times or so in the same place. Don't fall to vacuum under heavy furniture too. I saw a very sad sight in Seymour a few years ago when I was called to investigate a beautiful carpet.

In one corner of the living room we found a mass of wool balls. Yes, moths and carpet

beetles had truly had a feast completely ruining about one square foot of carpet. These pests had their feast day under a heavy television set. There was nothing more this homeowner could do for the ruined spot of carpet.

However, we did treat the rug well to control the rest of the carpet. Entomologists advise a five percent DDT oil solution on rugs and carpets every 12 to 18 months. For a 9 by 12-foot rug of average weight, you will need 1 1/2 to 2 quarts of spray. Rug pads of animal hair or wool, will need spraying on both sides unless they have been treated previously.

When spraying wall-to-wall carpeting give special attention to edges and parts that have been under a piano, sofa or other heavy furniture piece. Call on good expert help of a carpet-cleaning or pest-control firm if you have doubts of cleaning expensive rugs.

If possible rotate rugs and carpets occasionally to make sure all areas are exposed to regular cleaning, light and air.

Livestock Producers Meet Feb. 1 In Hub

County livestock producers will meet in the Hub Community Center Feb. 1 at 1:30 p.m. to hear a report on livestock feeding in Arizona and California and to discuss other pressing business.

Other main subjects to be considered are market cattle testing (or back-tag testing) and aims of the Southwest Animal Health Foundation.

"The foundation is interested in eradicating the screwworm fly in the southwest and with the cold winter which we are having, this will be a most opportune time to start on the project. The cold weather will mean that a smaller area will have to be treated with the steril fly," Deryl Coker, county agent, stated.

Market cattle testing must be undertaken in order to maintain the recently acquired brucellosis-free status for the county. At least five per cent of the female stock which is over three years old must be tested each year for a period of three years or at least 15 per cent of the cattle during a three year period. Market testing will prevent another complete county-wide testing and re-certification.

Farm Record Book Workshop Starts

A series of county-wide farm record book workshops will be conducted in Farwell, Bovina and Friona on January 29-31. Record books will be furnished free by each of the three banks in the county, Security State Bank in Farwell, First National Bank in Bovina, and Friona State Bank in Friona, each purchased 100 "Texas Family Account Books" for use by farmers in the county.

These account books will be discussed by Texas Extension Area Farm Management Specialist, James Murphrey of Amarillo in each of these meetings. "Many of us have been looking for a record keeping system and this workshop will give you an opportunity to start. Record keeping is very important for we need to know what we are doing," Miss Ettie Musil, home demonstration agent, said.

The first meeting will be Monday at 1:30 p. m. in the district court room in Farwell. The second meeting will be in the Bovina school cafeteria on Jan. 30 at 2 p. m. The last workshop will be conducted Jan. 31 in the Friona State Bank community room.

Additional information concerning the workshops may be obtained from county extension agents Miss Musil and Deryl Coker. The workshops are open to all interested persons.

Or you may be a furniture mover within the room. This may help in the care of the carpet. One more caution for care of carpets. Don't use soap on rugs. For quick treatment of spills, use a neutral detergent. Work up a lather to clean the rug without the water soaking into the rug. Soap leaves a film on carpet fibers that attracts dirt.

By the way, speaking of fibers reminds me of a story we had featured in the January, 1962, of Farmer-Stockman. If you have not seen and read the story you will read about Mrs. W. M. Massie, Mrs. W. T. Magness, and Mrs. Cordie Potts.

Katherine Randall, Home Editor of the magazine, wrote a fine story of an interesting program we had in the home demonstration clubs last year. She quoted Mrs. J. D. Sanders, Mrs. Vernon Symcox, and Mrs. Dee Brown that made her story interesting.

Since the story appeared in the magazine I have heard many nice comments about the story.

In the home demonstration clubs this month club members are hearing programs "Your Poll Tax and You." We are all concerned with the number of homemakers who have never voted or voted a few times. It is not only our privilege but our duty to vote wisely after careful study of the candidates for office.

In writing the short story about the poll tax for the clubs I learned much about the poll tax that I had never thought about before. Where does the money from the poll tax go? Out of the \$1.75 collected, \$1 goes to public schools in Texas, fifty cents goes into the state's general revenue fund, and twenty-five cents stays in the county for county purposes. The only penalty for not paying the poll tax is the denial to vote, January 31 is deadline to pay your poll tax or apply for exemption.

**(Cont.) Use An Ounce
Of Prevention If
You Feel - - -**

If you feel a slight soreness or notice any redness anywhere on your foot, don't wait for the situation to worsen. Protect that area with a small corn pad or a flesh-colored bandage. If your foot troubles don't respond to simple treatment of this sort, see your doctor. When your feet are swollen, you can make them feel better fast this way: Sit on the edge of the bathtub; hold your feet directly under a stream of warm water; scrub them gently with lather and a nailbrush. Then let the water continue to run on them, in alternate doses of hot and cold, for two or three minutes. Dry thoroughly, and complete the treatment with this exercise: Sit on a chair, and cross the right ankle over the left knee. Grasp the elevated foot with the right hand, the ball of the foot under your thumb and your fingers over the toe joints. Work fingers up and out in a rotating motion, applying firm pressure. Repeat with the left foot. Or try a home treatment with an electric foot massager. All through the year, give yourself weekly pedicures; at holiday time, perhaps you'll want to splurge on a salon pedicure.

NOTICE

January 31 is the last day to pay your county and state property taxes without penalty. Starting February 1 a 1 1/2 percent penalty will be assessed and it will increase each month.

Also, January 31 is the final day for paying your poll taxes. Poll taxes can be paid at the tax assessor's office in Farwell or at Dan Ethridge's office in Friona. Application blanks for the poll taxes are available at the Bovina City Hall.

If you mail in your payment for taxes, make sure that you have included the extra \$1.75 for poll taxes. In the past, some folks have thought their poll tax payments were included in the amount assessed for property taxes. This is not the case since it up to each and every taxpayer whether or not they want to vote.

Car license tags go on sale February 1. Be sure and bring your title and last year's license receipt.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL * OUR STRENGTH

Prior to the time when the plow came to the high plain of Texas and all of the land was in good heavy native grass, surface drainage was not a problem. Rain falling on the grassland gradually moved to natural draws or playas lakes and did no damage. The story today is quite different. With most of the good land plowed, there is very little material of any kind to slow the water so it can soak into the land; consequently some of our best land is being scoured and gullied.

We have two partial solutions to the problem which supplement each other - one is to provide ground cover to slow down the runoff water, and the other is to develop a drainage system for moving the runoff water from the nearly level high plains county to the playas or draws so that it does not cause erosion.

The usual procedure to move excess water off the land without erosion is by using a system of diversions and grassed waterways. The waterway is the key to developing a good drainage system. It must be established first since all of the remaining system will empty into it. Without it there is no place to start to properly drain the land without erosion.

This year the ASCS office in Farwell has increased the cost share for building grassed waterways. They have increased it from \$45.00 an acre not to exceed 50% of the cost to \$80.00 an acre not to exceed 70% of the cost. This is an excellent opportunity for farmers to build, and establish to grass, some badly needed waterways.

Sugar Beet Acreage Unrestricted In '62

The U. S. Department of Agriculture announced on December 28 that there will be no governmental acreage restrictions on the 1962 crop of sugar beets.

The decision was based on a number of considerations. Late estimates indicate that sugar production from the 1961 sugar beet crop will be about 2,525,000 tons, or approximately 200,000 tons less than anticipated at the beginning of the harvest.

Secondly, the inventory of beet sugar at the end of 1961 will be close to 100,000 tons less than at the beginning of the year. Thirdly, there are

major uncertainties regarding the beet sugar quota which may be effective for 1963, the year during which most of the 1962 crop of beet sugar will be marketed. In view of these uncertainties and other considerations, the USDA said the maintenance of sizable stocks of beet sugar appears prudent.

Available processing capacities of beet sugar factories limit production regardless of other restrictions.

Although the present Sugar Act expires June 30, 1962, it is understood that preferred consideration will be given to

legislation when the next Congress convenes.

Acreages of the 1961 crop of sugar beets - estimated at 1,120,000 planted acres--were also unrestricted. However, acreages of the preceding six crops were restricted.

WITH THE COUNTY AGENT

DERYL COKER

It is good to get home from California, although I did have to leave their sunshine and come back to this cold weather.

The trip to Arizona and California was a very educational one, and all who attended from Farmer County learned a great deal about cattle feeding. One thing for sure we all found out, that there are other people who know how to feed cattle.

This is one thing in which we have in common with cattle feeders of Arizona and California, and that is we are after the same thing, Money!

Lot-feeding in Arizona and California has increased 700% and 500% respectively in the last 15 years. Even with this large increase in cattle feeding, California still has to ship in 450,000 head of cattle annually for slaughter. California ships in 1 1/2 million feeders each year with approximately 1/3 of them coming from Texas. Arizona feeds roughly 935,000 Texas cattle.

We visited about 17 feedlots and saw over 200,000 head of cattle on feed. All of the feed lots were very efficiently managed. Every feed lot that we visited had a nutritionist hired who worked on a fixed rate (so much per ton of feed or so much per head of cattle).

These nutritionists were checking or running an analysis on feeds being used every two weeks and in some instances were checking the fecal material to see just how much energy was being taken out of rations being used. By doing this they could change rations according to the price of feed to obtain the lowest feed conversion possible. In no instance did we see milo being used as the only source of grain. Most of the feed lots were using a 50% milo and 50% barley ration.

In every instance they said straight milo would raise their feed conversion. The T & C Cattle Company at Phoenix were adding Kelated Trace minerals to their ration to obtain a better feed conversion. The major feeds being used were barley, milo, cotton seed meal, cotton seed hulls, alfalfa hay, vegetable and animal fats, silage, citrus and sugar beet pulp, and potatoes.

The Cliff Dobson Feedlot at Phoenix were using water tempered grain. This was achieved by adding 20% water by weight to the grain for a period of 12 hours. They seemed to think it was as good as steam rolling. All of the feed lots were grinding their hay instead of feeding in the bale as we do. Fats were added to the ground hay to eliminate the dust and also increase the palatability of the ration. The fat also has a nutritional value.

All of the feed lots were feeding a fairly high concentrate ration. This was being done to get away from some overhead. Government grain in the Phoenix area was bringing 2.14 per hundred off of the railroad cars and barley was worth 2.57. One thing for sure, the milo that we looked at in California was of very poor quality and by no means is this type of grain going to help our grain markets.

In Arizona and California the climate is hot and dry, so they are not confronted with muddy lots and most of them have shade. This climate could be an advantage to them.

Most of the feed lots use a growing period for calves that weigh 400 to 450 lbs. These calves are on a fairly high roughage ration until they reach a weight of 600 to 650 lbs. At this weight they are put on a high

energy ration and marketed between 900 and 1000 pounds.

The main reason for this growing period is that they are able to grow certain roughage crops the year round, such as alfalfa hay. Certain vegetable crops, such as carrots and potatoes, are also grown the year round. These vegetable crops can be fed to cattle when they cannot sell them, thus they can obtain some cheap gains.

Most of the fat cattle are marketed at Los Angeles, Los Angeles is a very good market for fat cattle. There are 30 packing houses in Los Angeles.

Most of the cattle feeders don't like to feed heifers and when they are fed, they are sold at a weight of around 750 lbs.

It also seemed that it was easier for them to finance a cattle feeding program. One feed lot at Shafter, California, would finance and feed your cattle if you would put up a \$30.00 per head equity, so they wouldn't lose any money.

Since they have too pay shipping cost on cattle and most of their grain, it would seem that they would have to have some advantages. These advantages would appear to be (1) climate, (2) a market (3) less money involved in buying and storing feed when both barley and grain sorghum are used (4) experience and good management (5) good financing. But the additional shipping cost of cattle and grain should offset their advantages and let us feed cattle cheaper.

Everyone who went, agreed that we could beat them at cattle feeding.

This will not be done over night, but in time, we probably can.

Every farm feeding and feed processing installation has its own problems, says W. S. Allen, extension agricultural engineer. He advises anyone interested in such installations to get all of the assistance and information available before large investments are made. A good starting point, he adds, is the local county agent.

67 Attend 4-H Meeting

Forty-five boys and girls attended their regular Lazbuddie 4-H Club meeting Jan. 18 at 7:30 in the Lazbuddie School Lunch Room. Along with the enthusiastic members attending were 22 parents and friends.

Danny Miller, presided during the business meeting. Each club member will help in the county March of Dimes drive in the Lazbuddie community.

Adrian King was elected reporter following the resignation of Johnny Mabry. For other business the club voted to sell subscriptions to the county newspapers and Amarillo Globe-Times. These newspapers have promised a commission that will be used for club expenses.

Club members divided into small subject matter groups of 4 to 6 members. Each group asked an adult leader to assist them, following training by both County Extension Agents.

Subject matter groups will meet in addition to the joint 4-H meeting each month. Schedule of the groups will be planned by the trained adult leader and group members to their convenience. Members and leaders of these groups include:

Beef Cattle - Tommy Wilson, Bobby Redwine, David Nelson, and leader Harold Wilson

Sheep - Darrell and Gary Matthews, Adrian King, John King, Troy Steinbock, and no leader at this time.

Swine and Crop - Charlotte and Larry Davis, Sue Hassell, Danny Miller, Gary Coker, Johnny Mabry, Charles Ramage, and leaders Roy Miller and Gerald Ramage.

Home Beautification and Gardening - Jimmy and Johnny Broyles, Dale Blackstone, Larry Davis, James Gulley, and leaders Mrs. Ralph Broyles and Mrs. Freeman Davis.

Foods - Cynthia Harvey, Katie Blackstone, Judy Koelzer, Charlotte Davis, Sue Hassell and leader Mrs. Davis Gulley.

Foods - Marsha Schumann, Karen Johnson, Nedda Foster, Janice Miller, Cheryl Ramage, Jill Mimms, and leader Mrs. Gerald Ramage.

Clothing - Cynthia Harvey,

Extension Range Specialists G. O. Hoffman and B. J. Ragsdale rearing stockmen that now is a good time to complete the stockpiling of winter feed reserves and to delay brush control by the individual tree treatment method until trees and brush are fully dormant or two to three weeks following frost.

POLITICAL CALENDAR

The Farmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary.

FOR DISTRICT CLERK: Dorothy Quicquel

FOR COUNTY JUDGE: Loyde Brewer (Re-election)

FOR COUNTY TREASURER: Mabel Reynolds (Re-election)

FOR COUNTY CLERK: Bonnie Warren

FOR COMMISSIONER, PCT. 2: Charlie Jefferson (Re-election) Jack Patterson

FOR COMMISSIONER, PCT. 4: G. W. Crain (Re-election)

JUSTICE OF THE PEACE, PCT. 1: Roy Thornton (Re-election)

JUSTICE OF THE PEACE, PCT. 3: W. J. Parker (Re-election)

FOR STATE REPRESENTATIVE, 91st District: Bill Clayton

The following political announcement is made subject to the Republican Primary May 5, 1962:

FOR U. S. CONGRESSMAN, 18th Congressional District: Frank Hinkson

160 acres. Good water. 5 miles of Texico-Farwell. \$137.50 acre. 29% down.

160 acres. Good water. 5 miles Texico-Farwell. Good 2-bedroom house. New water system. \$225.00 acre. Cash or some terms.

Have two 320-acre farms 5 miles of Clovis. Good water. Make us an offer.

2-bedroom house in Texico. Four years old. \$5,000. Good Terms.

2-bedroom furnished house, 2-car garage. In Texico, \$5400. Good terms.

Bill Clayton--
tional Democratic Convention in Los Angeles in 1960.
In declaring his intentions to seek election in the Democratic Primary for State Representative, Clayton said his main interest is to serve the District in respect to better government and sound financial management, with fairness to all.
He said that he will strive to cooperate with all concerned in working for the progress and betterment of the District and State.
Clayton is married and has two children, Brenda, 10, and Tommy, 6. He is a Deacon and Training Union Director in the First Baptist Church at Springlake.
He has served as president of the Lions Club at Springlake.

belongs to the Olton Masonic Lodge and has actively worked in many farm and business organizations.
Clayton said he will actively campaign and will try to see personally as many voters as possible in the District.

Ponies--
Jerry Frazier three, Tally Kelson four and Laurence Kriegel bucketed two.
Kay Looney was high scorer for Fillies in their winning effort with 17. Marilyn Brandon made 11, Lynn Looney nine and Judy Strawn four.
Karen Lehenbauer was defensive leader for Bovina's girls.

Whittlin'--
attempt made to complain, as such.
As a matter of fact, we're appreciative that during past six weeks we haven't had a job selling ice cream freezers, air conditioners, deep freeze units, convertibles, swim suits, sun dresses, straw hats, motorcycles, sandals, croquets sets, sun glasses, lots in Alaska, or hammocks.

like to live leisurely?

Clothes Drying lets you loaf through the laundering!

Live a little... and allow yourself the luxury of efficient, dependable Gas clothes drying! For all its advantages, economical Gas coddles your clothes a whole year for no more than the price of a good clothes basket! Lets you laugh at ever-mounting piles of laundry because whenever you do decide to get with it... ZOOOP! and you're through, faster than a West Texas jackrabbit. If you don't know the phone number of a Gas appliance dealer, call us. We know 'em all!

fuel for a growing empire **Pioneer Natural Gas Company**
