

Games Scheduled For Oil Belt Race; Cisco Ruled Out

Members of the executive committee of the Oil Belt district met at Eastland Monday night and worked out a schedule for the district for the football season of 1932. The committee met under threat of an injunction on the part of Cisco when school authorities of that city threatened to have an injunction ready to prevent the committee from meeting to formulate a schedule without considering the Cisco team. The injunction did not materialize, however, and the meeting was held without any interruption. The Eastland board of education acted as hosts to the committee at a dinner at the Connellee hotel, following which the business meeting was held at the hotel. An invitation was sent to Cisco to have representatives of the school present at the dinner and to sit in as observers at the committee meeting but they declined the invitation. Coach Jefferies of Wichita Falls, formerly of Cisco, was present at the meeting to try to get some games scheduled between the Oil Belt teams and the Wichita Falls eleven. He asked for a date with Ranger on Nov. 11 at Wichita Falls, but a decision on the proposition was postponed until a decision on the time and place for the Eastland-Ranger game is made. Representatives of the two schools will meet in Ranger this afternoon to determine where the game will be played as both schools want the game on their home grounds. Nov. 11 has been tentatively decided upon as the date, though it is possible that this may be changed. The complete schedule, with the exception of the Eastland-Ranger game, follows: Oct. 21—Eastland at Breckenridge. Oct. 22—Abilene at Ranger. Oct. 28—Brownwood at Breckenridge. Nov. 6—Abilene at Brownwood. Nov. 11—Breckenridge at Abilene; Ranger vs. Eastland. Nov. 18—Brownwood at Ranger. Nov. 19—Eastland at Abilene. Nov. 24—Breckenridge at Ranger. Nov. 25—Brownwood at Eastland.

Commissioners Elected Tuesday

A good representation of the voters of Eastland expressed their preference for the candidates for city commission yesterday when 706 votes were cast. The election was held without excitement following a campaign in which most of the campaigning was done quietly. The results of the election were as follows: On the special ballot for filling the place vacated by the resignation of Marshall McCullough, Morris Keasler received 375 votes while Donald Kinnard received 306. The two vacancies on the commission will be filled by Neal A. Moore, who received 394 votes for his re-election, and Frank Castleberry who received 448 votes to place him in office as a new man. Tom Downtown received 281 votes and Rev. H. C. Franklin received 258.

Robey Makes a Statement About City Election

The city election is over and the Citizen's Ticket lost. Because of my activity in behalf of the losing side, I think it proper to make a statement for publication. We contend that the other side adopted our platform and even promised the people more than we did. In any event the two main issues, reduction of taxes and gas rates, were the same, in each platform, but the other side claimed they had a better method of doing about this reduction. The other side convinced a majority of the people who voted that the "Regular Candidates" could better bring about the issues and principles we were all fighting for, and I believe that no stone should be thrown in the way of the city commission as now elected from doing this work, or any other work for the betterment of Eastland. While the fight for the principles we stand for has just started, but results is what we want; and the winning ticket claims the result can be brought about best by their method, and I believe we should be fair and give them every opportunity to live up to their platform promises. Personally, I am not sore at anybody and will be glad to lend a helping hand. Chas. C. Robey.

Yo Yo Contest At Mickey Mouse Club Saturday

A Yo Yo contest will be one of the features of entertainment for the Mickey Mouse Club members at the Connellee Theatre Saturday morning. Last Saturday's show was an exceptionally good one and the program this Saturday is even better. The serial and Mickey Mouse comic alone are well worth the price of admission.

CISCO ELECTION

Candidates of a "Citizen's" ticket were elected to posts on the Cisco city commission Tuesday. J. R. Burnett was re-elected, and new board members are W. R. Winston and H. C. Henderson. Defeated candidates were J. W. Stamps, W. J. Donovan, Geo. Fee and W. R. Simmons. F. E. Clark, F. V. Wright and J. E. Spencer were named to the board of school trustees. Rev. and Mrs. Shearer left Tuesday for Fort Worth where Rev. Shearer will enter the Harris hospital for a few days. Mr. W. B. White left Wednesday for Lubbock where she will undergo a major operation.

Army's Highest Medals Are His

When Col. Gordon Johnston recently was awarded the decoration of the "Purple Heart" for heroism, another even greater distinction was being conferred upon him. For on that occasion he became the only living man to hold the four highest awards which the United States Army confers. These, in addition to his most recent decoration, are the Congressional Medal, the Distinguished Service Medal, and the Distinguished Service Cross. Colonel Johnston now is stationed at Ft. Oglethorpe, Ga.

Radio Station Owner Arrested, Lottery Charged

BROWNSVILLE, April 7.—Bond for Will Horwitz, Houston theatre man and owner of Radio Station XED at Reynosa, Mexico, was set at \$10,000 Tuesday by E. K. Goodrich, United States commissioner. Horwitz, Mrs. Horwitz and three other persons were arrested on charges of violating the federal lottery law. The charges grew out of the alleged advertising of lottery tickets of the state of Tamaulipas, Mexico, over the Reynosa radio station. Officers who made the arrests searched Horwitz' home at McAllen and filed a liquor charge against him. Bond in that case was set at \$500. Mrs. Horwitz' bail was fixed at \$5,000. Efforts to make bond here were unavailing, and bonds for Mr. and Mrs. Horwitz were made out and sent to Houston by plane to be signed there. Others arrested were Milton Hall, manager of Radio Station XED, Manuel D. Gonzales and Manuel C. Guerra. They had been unable to make bonds of \$5,000 each. Five young women employed as stenographers and in other capacities at the station were placed under appearance bond of \$250 each as material witnesses. The editor of a Reynosa newspaper was placed under \$500 bail.

Desdemona Man Indicted Here

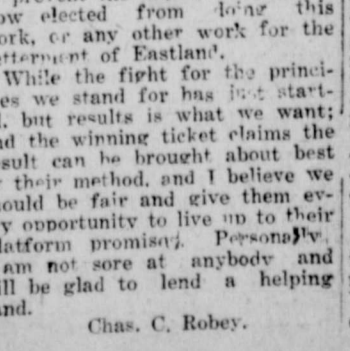

H. L. Forrester, school teacher at Desdemona, has been indicted here by the 88th district court grand jury on a charge of murder, in connection with the fatal shooting of Frank Gregory, 19-year-old Desdemona youth, November 8, 1931. Forrester was arrested November 9, and charged in the boy's death, but the grand jury, convening two weeks later, no-billed him. However, the spring grand jury of 88th court took up the investigations again, the indictment, returned March 16, resulting. Forrester was re-arrested last week. He has been released under bond to await trial. Officers in their investigation of the case said they learned the youth called at the Forrester home on the night of the shooting, about 30 minutes after Forrester and his wife had retired. He had told Forrester he called in reference to certain remarks school teacher made about one of the high school girls. Officers said Gregory ignored requests to leave, and the school teacher went into the house, and returned shooting. Gregory was shot in the left side of the head, dying instantly. A .38 calibre pistol and five empty shells were found in the teacher's room after the shooting.

Sunshine Grocery Robbed Sunday By 2 Mexicans

The Sunshine grocery in Eastland, owned by F. L. Drago, was reported to have been robbed by two Mexicans about 8:30 Sunday morning. The two men came into the store and engaged Mr. Drago in conversation and drew his attention to the back of the store. One of the men stayed and talked with Drago while the other slipped to the front and took the money from its place of concealment behind the counter. The loss included \$18 in money and about \$150 in checks. The identity of the men is said to be known and it is thought they will be arrested in a nearby town today. Mr. and Mrs. Tom C. Wynn visited Mr. Wynn's sister, Miss Minerva Wynn and brother, George Wynn in San Angelo last week-end.

Threatened by Kidnapers

Three messages threatening the kidnaping of 5-year-old Wilmott Lewis, Jr., above, were reported to have been received in Washington by the child's father, Sir Wilmott Lewis, correspondent of the London Times. The third note was said to have presented a demand for \$1500.

Eastland County Taxpayers Paid \$1,438,137 Taxes

AUSTIN, Tex., April 7.—The taxpayers of Eastland county paid the county, its cities and school districts a total of \$1,438,137 taxes during the year 1931, according to reports filed with State Auditor Moore Lynn. The report showed the county collected \$817,818; cities, \$323,114; common school districts \$59,153; and independent school districts \$238,050. Out of these collections, there was applied \$331,992 to interest and sinking fund. The report showed the total bonded indebtedness of the county and cities and districts to be \$12,599,440. These figures did not include state taxes paid by the county; nor automobile license fees nor the four-cent gasoline tax.

Pythians Meet At Gorman Lake

Members of Abilene Knights of Pythias lodge, which will be host to the annual convention of the Grand Lodge of Texas, K. of P., May 9, 10, 11, Tuesday heard plans of the Gorman lodge to assist in pre-convention entertainment. Fulton Robinson, chancellor commander of the Gorman unit, with Edward Smith and H. H. Tullig, visited Abilene to announce a state-wide K. of P. picnic, to be given at Bass Lake, Gorman, on the week-end preceding the convention, May 7 and 8. Pythians of south and east Texas on their way to Abilene will be asked to attend. Pat M. Neff, of the state railroad commission and Senator Tom Connolly, who have been asked to attend the state convention, also will be invited to speak at the picnic. Robinson said arrangements have been completed for the drill team of the Azotes Temple, D. O. K. K., of Fort Worth, to be at the Bass Lake celebration.

Eastland Man's Brother Dies In New Mexico

T. J. (Tom) Haley has returned from Carrizozo, New Mexico, where he went to attend the funeral of his brother, John A. Haley, who died at his home there Friday, March 18. The Lincoln County, New Mexico, News, which was founded by John A. Haley and which was edited by him until the time of his death, in a lengthy article on Mr. Haley's life and death, said among other things: John A. Haley was born in Johnson county, Texas, near Clarence on Oct. 24, 1868. He was educated in the public schools of Texas and at Howard Payne College, Brownwood, became a teacher and went to New Mexico to follow that profession. He had resided in New Mexico nearly 40 years, during which time he had been prominent in educational, political, fraternal and newspaper life of his county and the state. He was a Democrat and served as deputy collector and treasurer of Lincoln county from 1896 to 1899. Later he was appointed to fill an unexpired term of county school superintendent of Lincoln county and in 1908 was elected to the position. He served his party in various capacities, being a delegate to many state and national democratic conventions. He had the honor of nominating William H. McDonald of Carrizozo, who was elected the first governor of New Mexico. Appointed by Woodrow Wilson as postmaster at Carrizozo Mr. Haley served in that capacity from 1913 to 1922. He was a prominent member of the Knights of Pythias, was past grand chancellor of New Mexico and had been a member of the national supreme lodge, and an active member of the American Red Cross.

Another Start At The Beginning

The International Sunday School lesson made a new start last Sunday, starting with the creation of the Heaven and the Earth, and the creation of man "In His Own Image." Why did He do that? His question was interestingly and intelligently answered by Judge J. E. Hickman in his talk to the Men's 9:49 Bible Class, and it proved to be a new version to many of his hearers, who expressed their pleasure in having heard him. Judge Hickman knows the Bible as very few laymen do and his talks are always interesting and instructive. He talks to the Men's 9:49 Bible Class every Sunday morning at the Methodist church auditorium. Besides his lectures the class is pleasantly entertained otherwise, often by expert talent in instrumental music, singers from out of town, the male quartet of the class and the enthusiastic singing by the class of 100 voices or more every Sunday. It's a big treat that every man is invited to.

Developments In Rubber Industry

New developments in the rubber industry this year are following closely the general trend of automotive improvements, according to C. T. Lucas of the Lucas Service Station, who just returned from Dallas where he attended a tire dealers' conference sponsored by The B. F. Goodrich Rubber Company. "Tires of improved flexibility and lower pressures providing additional motoring comfort and safety are rapidly gaining widespread favor," Mr. Lucas said. "The Goodrich company just introduced low-pressure tires for small cars and colored tires for large automobiles, which already have wide acceptance. These, together with the new Goodrich Safety Silvertown tire, introduced early this year, follow the lines of beauty, comfort, silence, economy and speed so exemplified by latest automobile design." More aggressive merchandising methods combined with increased appropriations for newspaper advertising are policies stressed by Goodrich officials at the conference. One of the most effective presentations of merchandising aspects offered by any organization was made by Goodrich, according to Mr. Lucas. The entire 1932 program, including a characteristic study of the retail tire business, was dramatized by a cast of Goodrich staff employees in a three-act play which has carried the Goodrich story to its entire sales organization.

BRECKENRIDGE, April 5.—W. H. Bybee, 26, of Panna, was assessed a life term in the penitentiary today by a jury in 90th district court here on a charge of murder in the slaying of Deputy Constable Ollie Parks at a dance hall here last month. The jury's verdict was returned at 9 a. m. after receiving the case at 10 o'clock last night. Trial of Harry Roberts, who was shot through the knee by officers at the scene of the slaying of Ollie Parks, was set today for May 6 in the 90th district court at Breckenridge. Roberts has been confined in the county jail since the slaying. Dr. E. R. Townsend and father and mother left a few days ago for Dallas, where Mrs. Townsend is taking treatment in the Baylor hospital. They were accompanied by Mrs. Dr. E. R. Townsend. Mr. and Mrs. J. M. Armstrong were Fort Worth visitors Monday.

Negotiating With Kidnapers?

Rear Admiral Guy Burrage, (above), retired, and two other prominent residents of Norfolk, Va., were reported to be acting as intermediaries between Colonel Charles A. Lindbergh and a man who says he has the flyer's kidnapped son. The baby was said to be held aboard a boat on Chesapeake Bay, pending payment of \$50,000 ransom.

Ft. Worth Man Preachs Sunday At Local Church

W. B. Landrum, one of the leading laymen of Fort Worth, will address the congregation at the morning service at the Methodist church Sunday, April 10th. Rev. Shearer especially urges the men to be present and bring some friend. Mrs. W. B. Landrum, the Central Texas Conference president of the Woman's Missionary Society, will speak at the evening hour. Mrs. Landrum was at one time the district secretary of Mexia district, and for several years served the conference as corresponding secretary. She is considered one of the best woman speakers in the state. Every one is extended a cordial invitation to attend these services.

Mickle's Merge Santa Anna Store With Store Here

The Mickle Hardware and Furniture Company, which owns and operates stores here and at Santa Anna, is this week consolidating the Santa Anna store with the one here. J. R. Carlisle, formerly of Eastland, but who has been in Santa Anna as manager of the store there, is moving with his family to Eastland and will be connected with the store here. The family arrived Thursday and are domiciled in the Church of Christ residence on South Daugherty street. The Mickle Company's Eastland store is one of the largest hardware stores in this section, and is doing a splendid business. Joe J. Mickle and son, Omar, both of whom are experienced merchants, have been in charge of the Eastland store, but with the stock of the Santa Anna store added to the large stock already carried here, additional help will be necessary, and Mr. Carlisle will continue with the company. Mr. and Mrs. Carlisle and many friends in Eastland and the county are glad to learn of their decision to come back to Eastland.

Bomb In Ranger Building 2 Years

The bomb which was found in the Sam Houston Life building in Ranger Wednesday was in the building for more than two years, it was said by a former janitor of the building. A well shooter had an apartment in the building and when he failed to pay his rent his belongings were held and the bomb was part of the things seized. About 18 months ago his effects were moved to the third floor and the bomb was stored along with some trunks and other property. It had been in the building for more than two years and had been on the third floor for something like 18 months, the man stated today. The story of the finding of the bomb created considerable interest in Ranger and many people were of the opinion that it had been placed in the building as one boy was quoted as saying that he had been in the room and had not seen it before the day it was found. Jack Rapp, of the United States Tornado company, who has been handling high explosives for more than 30 years and an expert in that line, made a careful examination of the "bomb" which was found yesterday in the Sam Houston Life building, and pronounced it a time bomb for setting off shots in oil wells. Speaking of the bomb, Mr. Rapp said: "I have handled hundreds of bombs of the same character, and I have a number in my garage at my home at this time. They are a device used to ignite or set off shots in oil wells. The nitroglycerin is first placed in the well, and the time bomb is later placed in the well to set off the glycerin. The danger is in the nitroglycerin and not in the bomb, as the bomb is used merely to set off the glycerin. The time bomb is equipped with a clock which works like an alarm clock and the shooter sets the clock to strike at a particular time, and this in turn sets off the nitroglycerin in the well. Without the clock the bomb is perfectly harmless, as this is the only means to set it off. The bomb did not contain the clock, and was therefore harmless."

Greyhound Lines Go On the Air

Forty-three radio stations, said to be the third largest hook-up ever used in a series of commercial broadcasts, has been engaged by the Greyhound Bus Lines in a series of ten national programs which started April 3rd. These programs are intended to round out the advertising campaign scheduled by the Greyhound Bus companies for 1932. 60 per cent of which is being spent in newspapers and the remainder in magazines, travel literature and other mediums. The 15 minute programs will go on the air on Sunday evenings at 8:30 o'clock in the Eastern Standard Time belt, 7:30 o'clock Central Standard Time.

Gas Co. Wins Eastland Rate Case at Abilene

After legal litigation lasting practically all winter and spring, it appears that the present gas rate in force in Eastland will remain in effect in spite of efforts of various citizens and the city commission to gain a lower rate than was in effect before the present rate. The city commission passed an ordinance last October setting the rate at 50 cents per thousand. The rate in effect at that time was 75 cents with a 10 per cent discount. The gas company was granted a federal injunction restraining the city from enforcing the reduction. In December the gas company announced a new rate on the first five thousand cubic feet, but lowered the rate in the higher brackets. The company stated that in this way it might derive enough increased revenue to prevent its operating at a loss and at the same time give a better rate to the larger consumer. An injunction suit was filed to restrain the gas company from making the rate change effective. A temporary restraining order was issued by Judge Iben of the 88th court, but the attorneys for the gas company made a motion to transfer to the federal court. The case was heard Tuesday in the court at Abilene. The following story on the Abilene hearing is taken from the Abilene Reporter:

Way was cleared Tuesday for the Community Natural Gas company to promulgate a new sliding scale of domestic gas rates in Eastland, with the company winning, in federal court Abilene, dismissal of litigation brought by gas consumers of Eastland. Plaintiffs in the case, George Parrock, George Bryant, J. H. Cheatham and C. F. Sheppard, filed in the state court at Eastland, for an order restraining the company from instituting the new rates. An order was granted, and the case brought into the United States court on a motion by Community attorneys. The same attorneys Monday filed motion for dismissal, and this was upheld by Judge James C. Wilson. Community last November secured an order from Judge Wilson restraining the city of Eastland from interfering with the company's rates, this in effect annulling a city ordinance setting a gas rate of 50 cents per 1,000 cubic feet. The Eastland rate has been a flat 67 1-2 cents net. The sliding scale rates are \$1.50 for the first 1,000 cubic feet; \$1.25 for the second thousand; 75 cents for the third; 50 cents per 1,000 from that amount to 20,000; and 45 cents for all over 20,000 feet. Community Natural also secured dismissal of a suit instituted by an Eastland customer, C. F. Sheppard. Sheppard won judgement, in justice court of Eastland, of \$1.53 against the gas company, on the claim he paid that much excess on a bill. Writ of attachment on a water heater was secured to satisfy the judgment; but Community attorneys obtained a federal order removing the litigation to Judge Wilson's court and staying procedure pending a hearing in his court. He granted the defense motion for dismissal Tuesday.

Writ of attachment on a water heater was secured to satisfy the judgment; but Community attorneys obtained a federal order removing the litigation to Judge Wilson's court and staying procedure pending a hearing in his court. He granted the defense motion for dismissal Tuesday.

Community last November secured an order from Judge Wilson restraining the city of Eastland from interfering with the company's rates, this in effect annulling a city ordinance setting a gas rate of 50 cents per 1,000 cubic feet. The Eastland rate has been a flat 67 1-2 cents net. The sliding scale rates are \$1.50 for the first 1,000 cubic feet; \$1.25 for the second thousand; 75 cents for the third; 50 cents per 1,000 from that amount to 20,000; and 45 cents for all over 20,000 feet. Community Natural also secured dismissal of a suit instituted by an Eastland customer, C. F. Sheppard. Sheppard won judgement, in justice court of Eastland, of \$1.53 against the gas company, on the claim he paid that much excess on a bill. Meeting in Breckenridge
The 24th annual meeting of District 17 of Texas Woman's Missionary Union is being held at the Baptist church in Breckenridge Thursday and Friday (today).
A very interesting program is being rendered for both days. Mrs. S. C. Walker and Mrs. T. J. Pitts of Eastland are taking part on the program.

Baptist Church Notes.
Sunday was a busy day in Eastland Baptist church. Following a good Sunday school with 310 present, Rev. O. B. Darby delivered a soul-stirring message on "Back to Bethel." Just preceding the sermon Mrs. O. B. Darby brought a tender message in song, "Back to Bethel," in other words, "Back to the House of God." Many visitors from other churches were noted in the congregation.
Immediately after the morning service, about 60 men and women retired to the church dining room where they were served a delicious lunch consisting of chili, beans, rice, pickles, cake and coffee, by the young people's department, under the direction of Mr. and Mrs. W. J. Herrington, Mrs. L. J. Lambert, Mr. and Mrs. Clyde L. Garrett. After lunch the workers were paired, each couple being given a map of the city, furnished by courtesy of the Eastland Abstract company, on which their territory was marked off. These workers then went out to take a complete religious census of the city, without which no church can work intelligently. As the workers returned, the office force classified the names turned in by said workers, and soon the church will have a complete record of the religious affiliations of the citizenship of Eastland.
Follow-up work where the people were out of town will be done this week. The Baptist church wishes to thank the entire citizenship of Eastland for their beautiful spirit of co-operation in this work, for everywhere the workers were received with a smile of welcome even though Sunday afternoon naps were somewhat disturbed.

Every evening this week, from 7 to 9 o'clock, there is being held at the church, a Sunday school training school, for the purpose of promoting the efficiency of the Sunday school. Two classes are being taught, one, "Building a Standard Sunday School," by Rev. H. D. Blair, our efficient association missionary, the other, "The True Functions of a Sunday School," by Rev. O. B. Darby.
Beginning April 17, there will be held a two weeks revival with Rev. O. B. Darby conducting preaching service. The music will be under the direction of L. E. Harrell, educational director of the

First Baptist church at Temple, Texas. A hearty invitation is given to every person in Eastland to assist in having a great revival.

Sunday services will be as follows:
Sunday school at 9:45 a. m.; J. C. Allison, superintendent.
Preaching services at 11 o'clock, Rev. O. B. Darby doing the preaching.
B. T. S., all departments, at 6:15 p. m.; S. D. Phillips, director.
Evening preaching service at 7:30 p. m., Rev. O. B. Darby again filling the pulpit.

W. M. S. of Methodist Church Meets.
The Women's Missionary society of the Methodist church met on Monday afternoon at the church at 2:30. The meeting was opened with song, "In Christ There Is No East or West." The business period was conducted by the president, Mrs. Hickman. Eleven new members have been added to the society through the second quarter. Awards of dainty handkerchiefs were given to 12 member for bringing new members. Announcement was made that the A. F. K. circle will have a quilt show Saturday, April 23. Mrs. B. M. Collier read the devotional. Papers on "The Movies and the Effect on Our Children" were given by Mrs. Ed Willman and Mrs. B. M. Collier. Mite box convention was given by eight members from the Boys and Girls World club. Those who presented this were Nora Frances Mahon, Nan Mickle, Julia Parker, Mary Nell Crowell, Mildred McGlamery, Ray June Stubblefield, Anna Jo Tableman. They were accompanied by Jane Ferguson at the piano. The following members were present, Messrs. Graham, Newman, Sparks, Foster, Hawley, Dunman, Halsey, Mitchell, Leslie, Willman, Crowell, H. O. Satterwhite, A. H. Johnson, Moore, Woody, Creamer, Jobe, T. M. Johnson, Dulin, Marlow, Harris, Parker, E. Jones, M. H. Kelly, W. W. Kelly, Davenport, Gates, Everett, Miss Coleman, Messrs. All women of Eastland county are urged to attend.

High School P. T. A. Program For Wednesday, April 13
The Parent-Teacher association of the high school will hold their annual election of officers next Wednesday afternoon, 3:30 p. m. in high school auditorium, followed by a short program.
West Ward School Rhythm band will be presented by Miss Faye Blankenship, leader, in a group selection.
Better Homes in America will be the subject of a talk to be given by the local chairman, Mrs. W. K. Jackson, also 12th division chairman, in interest of Better Homes Week.
Miss Florence Perkins will read her essay, which won first place in the interscholastic county meet. Program arranged by committee, Messrs. A. J. Campbell, L. A. Hightower, J. Leroy Arnold. Hostesses for the meeting are Mmes. Ora B. Jones and Frank Lovett.
Every member of the association is urged to attend.

The Revival at the Church of God is making excellent progress. Large crowds have been attending each service. The results have been very good. Thus far, there have been eight different speakers. The fact that the speakers are not announced ahead of time, except in a few cases, has added interest to the services. The good congregational singing and the special quartet numbers have been greatly enjoyed by all attending the service. "We are not asking people to join a church. What we want is for people to accept Jesus Christ. Christ is the only issue. If you are without Him, you need Him. If you have Him, you should help others to find Him. We would be very glad to shake your hand at the service tonight."—J. W. Batdorf, minister.

Be Particular About Your

Face Powder

You should be particular about your face powder. A heavy coating, a "powdery" appearance, is objectionable. Your powder should be of sufficient fineness to impart a velvety film that the skin will retain and just light enough to dust on evenly and smoothly. Agnes Sorel Face Powder has these qualities, in addition to an odor which blends with any perfume you use.

INTERNATIONAL HARVESTER OFFERS

Price Guaranty on Wheat, Corn, and Cotton

Many farmers who need new machines for the economical production of their wheat, corn, and cotton have been reluctant to buy them because of uncertainty as to the prices they will receive later in the year for these farm products.

In order to meet this situation the Harvester Company offers farmers purchasing machines after this date, a definite price guaranty on varying quantities of their wheat, corn, and cotton. If market price quotations for these products do not reach the guaranteed prices at the time payment becomes due on notes given and maturing this year, farmers buying machines included in this special offer will receive a credit equal to the difference.

Many of our customers we know will welcome this announcement. Come in and let us explain the details of the Harvester Company's unique guaranty. Let us show you the machines on which it applies and tell you just how to take advantage of it in equipping your farm at once with the new cost-reducing machines that you need.

Fruit Tree Insect Control

Tent caterpillars or so-called webworms are probably more numerous just now than they have ever been. They may be seen everywhere in the fruit trees and are just hatching. Great damage may be done to the trees unless these pests are killed. The several methods of control are herein enumerated: while the small worms are still in the tent or web they may readily be killed by rubbing or mashing with a handful of rags or sack material; while the use of a torch in burning them may do some damage to the tree this method is better than leaving them to ravage the tree; dusting the tree with calcium arsenate or spraying with arsenate of lead will be effective after the caterpillars have spread over the tree.

Garden Cut Worms

Cut worms are devastating on the garden crops now and should be stopped if any returns are to be expected from these crops. Considerable success in control may be had from placing planks, shingles or small piles of trash in the garden. The cut worms work at night and in the daytime may be found hiding underneath these traps where they may be killed. Another method is the use of poisoned bran mash such as has been used for poisoning grasshoppers. This consists of placing small piles of the mash along the rows for the worms to eat. One formula for this mixture is 20 pounds bran, 1 pound arsenic, 2 quarts molasses and about 2 gallons of water. For a small garden such mixture may be made up from a quart of bran, two level teaspoonfuls of white arsenic, two tablespoonfuls of cheap molasses and enough water to dampen. If poultry have access to the garden the piles of poison material may be taken up during the daytime.

Government Crop Production Loans

The late date for application for crop production loans is the thirtieth of April. At this writing 180 loan applications have been sent in and checks are now now-run.

coming in within a week of the time application is sent to Dallas. Where there is a portion of the 1931 loan not yet paid a second mortgage is prepared for execution.

Pecan Schools Held Nearby

Four day pecan propagation schools are to be held this month at the Junior Agricultural Colleges at Stephenville and at Arlington. There are to be five or six instructors and the group is limited to fifty students. The total expense including room, meals and materials is approximately \$10.00. The Pecan School at North Texas Agricultural College at Arlington is to be held the 12, 13 and 14 and 15 of April. The one at John Tarleton Agricultural College at Stephenville is to be from April 25th to 28th inclusive. The Semi-Annual meeting of the Brazos Valley Pecan Growers Association will be held in connection with the opening day of the school at Stephenville. Those desiring to secure adequate training in pecan propagation at limited expense would do well to take in one of these pecan schools.

Deep Plowing to Be Tested

Twenty men and a group of 4-H Club boys have signed up to conduct subsiding demonstrations this year to help in determining the extra crop yields that may be obtained by subsiding. In the absence of proper subsiding machinery the land is to be bedded then by using a hull tongue type of plow the furrow is run as deep as possible which varies from ten to fourteen inches. After being rebudded the crop is planted just above this deep plowed furrow. The new soil brought up along with increased water holding capacity of the soil is expected to increase yields from twenty five to fifty percent. If this demonstration proves out as anticipated it should introduce a very valuable practice to the farmers of the county.

Winter Cover Crops Pay

Among those who have adopted the practice of planting peanut land to small grain to serve as a grazing crop, a preventive against blowing of sand and as a soil builder is John Gearhart of Romney. He not only uses the strip row method of planting a strip of peanuts then a strip of grain sorghums but in addition plants the peanut strip in rye or other small grain. During the recent sand storms when farms were changing hands his sandy land stayed at home. When plowed under the small grain will improve the fertility of the soil. His livestock have prospered because of this luxurious pasture.

One Act Play Contest
By Hazel Tilley
The District One-Act Play Contest was held in the Eastland High School Auditorium March 31. The plays were given in the afternoon and evening with good attendance at each performance.

The first play, put on by Cisco High School, was a tragedy, "The Valiant," by Halworthy Hall and Robert Maddlemas. This play was given first place by the judges. It was an excellent play and excellently rendered. The star of the performance was Frank Reynolds as James Dyke. "The Valiant."

The second play was a comedy rendered by Stephenville High School. Although the play lacked force, the cast deserve much credit, especially the would-be comic opera writer who wore long hair musician style and acted accordingly.

Mineral Wells High School offered the third play which was a light comedy by Edith Wade Harte, "Flyin'". The play was fair and the acting was exceedingly good. Everyone was immediately attracted to Tony, the son of Ma Perkins. This play was given third place by the judges.

The fourth play, rendered by Ranger High School, was a tragedy by Hildegard Flenner, "Mansions." An excellent play, presented exceedingly well. The girl who played the part of Lydia accidentally fell, but she gracefully carried off her part and held her poise on the stage. This play was given second place.

The fifth play was a melo-drama, "Storm Before Sunset," by Willis K. Jones, presented by Breckenridge Senior High School. The play was given atmosphere through excellent outside effects, but was disqualified because a pistol was used as stage property.

The sixth and last play, "Mansions" by Hildegard Flenner, was presented by Eastland High School. The play was well rendered and we are exceedingly proud of our Dramatic Club. We feel that our actors did well in their parts. The play was acted with a smoothness and polish that was almost professional. Perhaps in a place or so the characters were a bit too dramatic, but taking into consideration their scanty knowledge of the art of dramatics and their lack of experience we feel inclined to expect great things from them in the future.

We wish to congratulate Miss Russel on her stage set. Without a doubt it was the most appropriate set, in regard to the play given, that was placed on the stage.

The Junior Play
The play to be presented by the Junior class this year has already been selected and work on it is well under way. It is "The Arrival of Kitty," a three act comedy which will be given on the evening of April 22, in the high school auditorium. Prices have not yet been determined.

This is a very clever comedy; it has a cast of characters who know something of dramatic work. The play is under the able direction of Miss Russell, who, as is generally known, has already directed several successful plays for the high school.

Miss Johnson, the sponsor of the Junior Class, is in charge of the business management of the play. Everyone concerned is working hard and every one feels that the result will be gratifying to all.

The money from this play will be used to help pay the expenses

On an average, men and boys probably visit a barber shop about once in every two and a half weeks. However, one local barber stated that one of his patrons possessed such a zealous desire for neatness of hair that he visits his tonorial hop bi-weekly.

Saturday morning the pupils of 4A Health class met in the City Park for a sunrise picnic. Miss Hearn, the teacher of the class was the chaperon. Each pupil brought his breakfast, and the Tigers, losers in the Daily Health Club contest, furnished added refreshments of suckers and gum. These refreshments were enjoyed by the guests and the Eagles who were the winners of the contest.

During the lunch hour the 3B English class had a luncheon in the school cafeteria with Miss Day in charge. These meetings are held quarterly to stress table etiquette.

The tables were arranged and beautifully decorated with the Easter motif. All decorations were made by pupils in the art class. The color scheme was pink and orchid. Each pupil brought his lunch, and as an added treat, plates of cake and candy were passed. The programs consisted of anecdotes and stories by the pupils. Hosts were: Bobby

Furse, Billy Huffman and Ray Gene McDonald; and hostess Marjorie Murphy.

Miss Dona Self has returned from a week's visit to Fort Worth. Miss Self accompanied Miss Dorothy King, who had been visiting friends and relatives here, to her home in Fort Worth.

Mrs. Gregg, who has been visiting her daughter, Mrs. Harry Brelford, returned to her home in Houston this week. Mrs. W. L. Gupton visited in Dallas first of the week.

Weekly Sunday School Lesson

WE ARE IN A WORLD THAT IS PERPLEXING AND THAT OFFERS US GREAT OPPORTUNITIES OF TAKING THE WRONG COURSE.

HOW SIN BEGINS

Text: Gen. 2:15-17; 3:1-8. The International Uniform Sunday School Lesson for April 10.

By WM. E. GILROY, D. D. Editor of The Congregationalist. There are few subjects in relation to which there has been more revolutionary thought and statement within the present generation than the subject of sin, with special reference to its origin and its nature.

Many who are still living remember a time when everywhere in religious circles the idea of the fall of man from a state of primitive innocence and purity was commonly held as the interpretation of the Genesis story, which constitutes this lesson.

First came a qualification of this idea by a questioning of that primitive state. It was a state of innocence, but was it a state of conscious character founded upon will and purpose? With this came the common representation of human freedom as inevitably associated with real goodness, and with the knowledge of good and evil and the choice of good against evil as the determining factor in character.

Next came the idea, associated with the conception of evolution but never commonly accepted in religious circles, that "the fall of man was a fall upward." By this it was meant partly that only with the knowledge of good and evil could man progress from his state of innocence into intelligent and moral life.

In our own time the revolutionary conceptions of sin have gone much further and are being defined in a world of psychological investigation in which temptations and sins are commonly referred to

as "complexes," with a tendency to treat them largely on their physical and mental side with the moral element left out.

How do these conceptions stand the test of examination in the light of the facts of life? And, what element of truth is there in the account of sin in our lesson which is persistent and insistent in spite of all tendencies to disregard it, and to define sin, and account for it, in other ways?

In the Genesis story sin is associated with disobedience, and with the consciousness of guilt. Is this experience true to human life or not? Need one go farther than the front pages of his daily paper to find evidence that whatever new light we may have upon sin, elementally it is largely what man formerly thought it to be.

The Genesis story may be read in the light of all that modern investigation has taught us concerning human conduct, but elementally its symbolism is still vital. Ultimately we are all somewhat like Adam and Eve in the Garden of Eden; we are in a world that is perplexing and that offers to us great opportunities of taking the wrong course.

The great teaching of our lesson is that we cannot err upon the side of seeking guidance and upon the side of moral safety.
