GENERAL MCGEE TO SPEAK AT C. C. BANQUET

CURRENT COMMENT

BY JO A. CARROLL

Roosevelt's Reeligious Affiliation
The religious affiliation of an incoming president is always of interest to the people and in some instances is considered important. President-Elect Franklin D. Roosevelt is an Episcopalian.

In Mount Vernon, New York, nestled in quiet, surrounded by lovely trees and gravestones of Revolutionary war intage, is a little church which looks like a diminutive Westminster Abbey. It is the church of the ancestors of Franklin D. Roosevelt and was founded in 1665. It bears the name of St. Pauls Church and has a history rich in association with the founder and growth of the United States. Names immortal in the epic of America are on the roll of honor of its membership.

Hoover Will Have An Offer

A United Press bulletin from Japan gives the information that the Japanese Institute of Research and National Economy is considering inviting President Hoover to visit Japan and advise in economic reorganization of the Nation. It is understood that, if the directors of the institute approve the plan, its agents will visit the United States after Mr. Hoover retires as president and invite him to undertake the work. Evidently the Japanese will not ask for recommendations from this country before making their proposition to the president.

No Skyscrapers in London

There are no skyscrapers in London. It has recently developed that this is due to an act passed during the reign of Queen Victoria. One day she was gazing out of her window at Buckingham Palace when she spied a white-glazed brick structure, Queen Anne's Mansions. This building, still one of London's highest, towered above Westminster's smaller dwellings. The Queen sent for her Minister and there insisted on a height limit being included in the building act. That is why to this day no London building can be erected higher than eighty feet to the parapet, with two stories in the roof in addition.

Cheap Gas at Rising Star

Like most towns in this section of the state, Rising Star became dissatisfied with the gas rate being charged there by the Southwest Gas Company. In order to avoid paying these rates the city decided to construct and operate its own system. A contract was made with the Humble Oil & Refining Company to make a connection with their lines one and one-fourth miles from Rising Star and secure a supply of gas at reasonable rates. Then material was obtained for piping the town. It was intended that federal relief funds should be used in paying the labor necessary, but, on being advised that this would not be proper use of this fund, other arrangements were made to finance the proposition.

Announcement has now been made that the system will be ready for use by the first of February. Service was given in some of the business houses as early as December 31. Of the 300 possible takers about 200 signed up to use the municipal gas at not more than \$1.00 for the first thousand feet and fifty cents for each thousand thereafter. The Southwest Gas Company's rate had been \$1.00 for the first thousand, fifty cents for the second thousand and seventy-five cents for each additional thousand, according to newspaper reports. To combat the municipal movement the Southwest Gas Company reduced rates to fifty cents for the first thousand feet and twenty-five cents for each additional thousand.

The question is: Will the people of Rising Star stand by their officials or will they use the cheap gas?

Robbed Buys Robber Dinner

H. C. Burroughs, a city councilman of Dallas, owns a suburban drug store. Sunday evening Mr. Burroughs was at the cash register when a sixteen year old boy, a former employee, came in. As they exchanged salutations the boy pulled a gun and ordered his former employer to hand over all the cash. Mr. Burroughs grabbed the pistol and the boy pleaded that he was hungry and only hoped to get enough to get something to eat. Together they went to a cafe and the alderman bought the youth a much needed meal.

Stockholders of Eastland B. & L. Meet January 19

The annual stockholders' meeting of the Eastland Building & Loan association has been announced for Jan. 19 at 3 o'clock p. m. All stockholders are requested to be present and any others who are interested are invited.

The principal business to be transacted at the meeting will be the selection of directors for another year. The directors selected will select officers for the ensuing year.

The association was organized by a group of Eastland business men in 1926. Aside from paying a dividend for 1932 the association increased its surplus amount by more than \$300 and its reserve account by more than \$3,500 since Jan. 1, 1932.

Present officers of the association are: W. S. Michael, president; Grady Pipkin, vice president; Earl Bender, vice president and manager.

Cattle Breeding Circles Increase Farmers Cash

More than a million pounds of butter manufactured and \$30,000 more money paid to farmers for cream than would otherwise have been paid is the 1932 record of the Farmers' Creamery Association of Deaf Smith county, according to the report of R. O. Dunkle, county farm demonstration agent. This association, Mr. Dunkle states, grew out of the organization in Deaf Smith county of the first Jersey bull circle seven years ago. These breeding circles did great things toward building up cream production records in the county, but at first the farmers were handicapped by not having a place to market the cream, nor did they have a place where cream was made into butter locally. In two years, however, the association was formed and has become one of the most complete small butter making establishments in this part of the State. During the five years it has paid an average of three cents per pound more for butterfat than cream stations in other localities are paying.

Pythian Sisters Install Officers

An interested audience of 15 members of the Pythian Sisters' temple and several Knights of Pythias, witnessed the colorful installation services, held Monday night, in K. P. Hall, for the incoming officers of the temple.

Mrs. Glenn Liles, installing officer, was assisted by Mrs. Milton Newman, grand manager, and Mrs. J. A. Ross, grand senior, Mrs. Liles acting as grand chief.

The officers installed were: Abbie Slaughter, past chief; Cora Frye, most excellent chief; Veta Davis, excellent senior chief; Blanche Nicols, excellent junior chief; Mae Johnson, mistress of finance; Louise Duhr, mistress of records and correspondence; Anna Rogers, guard; Una Andrews, protector.

The temple presented Mrs. Newman, outgoing past chief, a very attractive landscape, framed.

Talks for the good of the order were interestingly made by various officers. At close of an informal reception, Mrs. Abbie Slaughter, outgoing excellent chief, was a personal hostess, and served sandwiches, small cakes, olives and coffee to guests and officers.

Can 400 Calves In Cass County

Four hundred beeves went into cans to be used on farm tables in Cass county during a series of meat cutting, curing and canning meetings held by farm and home demonstration agents. These meetings were held in 23 communities and at them many farmers and farm home makers were trained to cut, cure and can the meat. These in turn often went back and spread the information among their neighbors. In this way the county agents estimate that practically every farm family in the county has had an opportunity to learn how to preserve their year's meat supply. Forty thousand containers of meat were canned at these meetings.

K. P.'s Confer First Rank On Crossley

A gathering of 17 Eastland Knights of Pythians entertained four visitors from the Gorman lodge, with a colorful ceremonial conducted by chancellor commander, Artie Liles, when first rank was conferred upon P. L. Crossley.

The meeting was noted for its sociability and many talks were made on the good of the order, but the principal topics under discussion were the plans and arrangements for the trip to Mingus, Thursday night.

John Lee Smith of Throckmorton, grand chancellor of the order, with Theodore Yarbrough of Weatherford, grand keeper of the records and seals will conduct the meeting of the lodge at Mingus, where a large gathering of Knights is expected.

Plans were also discussed in relation to the joint assembly of the Eastland and Gorman Knights, two weeks hence, when each will provide a candidate for the Thursday night session.

Former Eastland Man Buried at Abilene Sunday

Word was received in Eastland Saturday morning of the death of Eli Perkins, 38, formerly Eastland county citizen, who, the reports stated, was run down on the streets of Abilene, his home, early Saturday morning by an automobile.

The deceased was buried at Abilene Sunday.

Among the survivors of the deceased are his widow and children, his mother, Mrs. Calvin Perkins, who resides in Abilene; Mrs. John Lee Roper and Mrs. Tobe Morton, Eastland, sisters; Marvin Perkins, Clyde, brother. He also has a sister residing in Abilene and two half brothers, Calvin and Jess Summerall.

Local Fire Losses Decrease \$8,000

Fire Chief Hennessee stated that the Eastland Firemen Association devoted the principal part of the Friday night meeting to the discussion of the coming convention in Corpus Christi, who would or could attend, and other plans in connection.

That the next meeting of the association the four delegates to the convention will be elected.

Artie C. Hennessee was voted in as a new member of the association.

In a discussion of the fire losses the statement was made that the loss this year was \$7,000 or \$8,000 less than that of last year, and that not a single fire occurred in Eastland in the entire month of December.

County Rabbit Breeders to Meet Next In Ranger

The Eastland County Rabbit Breeders association held an interesting session January 5th, in the courthouse, with H. L. Owen, president, conducting the meeting, and R. L. Herron, serving as secretary.

Of the 18 members in attendance, four were from Cisco, and four from Ranger.

J. A. Garrett of Cisco, secretary of the Winter Rabbit Show, to be held March 3, 4 and 5 in Cisco, reported that the city commissioners of that city have pledged to pay all incidental expenses of the building they will secure for the exhibit, and in addition have given \$10 in cash toward the purchase of a large loving cup to be awarded as a main prize. The members at this meeting, voted to give individually, 12 small silver cups as prizes. This does not interfere with other awards as there will also be cash prizes to be provided from the entry fees of the show.

T. B. McKinney of Wichita Falls has been secured as judge for the Winter Rabbit show. McKinney has a license to judge, issued by the National Rabbit Association.

The next regular meeting of the association will be held Jan. 19, 8 p. m., in the chamber of commerce building in Ranger.

Initial Payment This Week School Apportionment

AUSTIN, Jan. 9.—Initial payment of \$1 per capita on the 1932-1933 public school apportionment will be made this week. State Superintendent L. W. Rogers announced last Saturday.

Scholastic population for this year is 1,565,935.

The apportionment has been fixed by the state board of education at \$16 per pupil and this amount will be paid for support of schools during the current year, although a portion of it, probably \$3 per pupil, will not be paid until after the close of the fiscal year, Aug. 31, 1933.

Oil Men Elect Joseph M. Weaver

FORT WORTH, Jan. 10.—Marshall R. Young of Breckenridge and Joseph M. Weaver of Eastland, today were regional vice presidents on the 1933 staff of the Texas Oil and Gas Conservation Association.

They were elected late yesterday in the final session of the association's first annual convention. Jack B. Roberts of Breckenridge was elected a director of the association.

Civil War Vets Get Tombstones

Dr. K. B. Tanner, secretary of the Eastland Chamber of Commerce, has a hobby, if one might call it that, of doing things for other people, or rather helping them to help themselves.

Largely through his efforts more than 1,000 cans of food were put up for use of the needy. Also many other acts of this kind can be traced to him.

Some time ago Dr. Tanner learned that the federal government would furnish marble headstones for ex-Confederate soldiers if application was made for them. He took it upon himself to learn just what was necessary to get these headstones and went to work to get them. As a result a large number of them have been received and put up. He now has five awaiting some member of the family to come get them and put them up. They are for Thomas J. Drake, James G. Drake, Captain William Pickney Truly, William B. Deshazo, and Henry Hellum.

Eastland County Oil Wells Inspire Fort Worth Artist

FORT WORTH—Oil—a natural Texas product. And thinks Prof. S. P. Ziegler, head of the art department at Texas Christian university, a natural subject for the Texas artist.

Professor Ziegler, on a visit to the Eastland county field, became intrigued with the spidery steel and pine derricks, the slush pits, the boilers, and the other things used in the business of drawing "flowing gold" from the interior of the earth.

Where a better subject for an artist?

He went to work, sketching. Today his portfolio of etchings is filled with the result of his idea, proof that Professor Ziegler deserves credit for discovery of the art possibilities in a field that other artists had passed by.

In his etchings such ordinary operations as drilling or the bursting forth of a gusher become artistic events.

Notary Publics To Be Appointed

County Clerk Turner Collic calls attention to the fact that with the convening of the legislature this week comes the time for appointment of notary publics. He states that those in Eastland county desiring appointments may turn their names into his office and he will forward them to the Eastland county representatives in the legislature or they may send them to those representatives direct.

George and Buck Weaver were visitors in Eastland Sunday and Monday.

Eastland Rotary Club Hears Talk By Horace Condley

The Eastland Rotary club heard a fine plea from Horace Condley based on what the civic clubs can do to best help the boys of our city, at their luncheon held Monday.

Condley covered a wide field and suggested various ways for closer co-operation between the clubs and the growing youth.

Program chairman for the day were Leslie Gray and Ben E. Hamner. President James Horton appointed as committee to work out the best plan for presenting a prize for an essay, place and kind to be selected by the committee, W. P. Palm and Sam Gamble.

This was in line with the response to the plea of Lion Condley. The committee's report will be made at next Monday's luncheon. The Rotarians voted to give this prize.

The Warner college invitation to lunch with them next week was accepted.

Visiting Rotarians were H. B. Johnson of Ranger, E. P. Crawford of Cisco, and C. M. Smith of Plainview.

Norma Shearer and Clark Gable At the Connellee

One of the really big pictures of recent release is Strange Interlude which comes to the Connellee Theatre, Eastland, next week, for a four-day run, beginning Wednesday, Jan. 18th.

Norma Shearer and Clark Gable, popular stars of the screen, are the stars of this picture.

Because of a new step in talking pictures it is important you see Strange Interlude from the beginning and for this reason the Connellee management has arranged for four complete showings of the picture each day beginning at 2:00, 4, 7, and 9 o'clock.

To Inspect Site For Post Office

Dr. H. B. Tanner, secretary of the Eastland Chamber of Commerce, is in receipt of a letter from John W. Philo, fourth assistant postmaster general at Washington, advising him that the matter of a site for the proposed new courthouse for Eastland, had been passed to an inspector who should be in Eastland within the next week or ten days to look over all sites offered. His report there would go to Washington and when it was received there prompt action would be taken in regard to selecting the site.

Burglars Enter Store at Ranger

Burglars cut two holes in the roof of the J. C. Penney building in Ranger Sunday night, entered the building and escaped with approximately \$50 in cash, property of Roy Gilbreath, store manager, and a quantity of merchandise.

Entrance to the store was gained through a rectangular hole about two by three feet, cut in the roof. Evidence shows that one of the burglars then lowered themselves on ropes as footprints could be seen on the wall where they had braced themselves as they slid down the rope.

According to officers another hole was then cut in the roof over the office balcony so that the loot would not have to be lifted so far.

It is thought that the burglars were in search of the Saturday receipts of the store, which were not left in the safe, but had been removed to a place of safekeeping before the store was closed Saturday night. Only the money belonging to the store manager was missing and the clothing, though a complete check had not been made today and the loss may run slightly higher.

LIKES EASTLAND

Mrs. J. E. Johnson, who moved to Eastland last week from Dallas and established a beauty shop at the Eastworth Hotel, states that she is well pleased with Eastland and intends to make this her permanent residence. Miss Junita Smith, formerly of Ranger, has moved here and will be with the Eastworth Beauty Shop.

Mr. and Mrs. L. B. Owen of Iowa Park, Texas, have arrived to spend the balance of the winter with their son and wife, Mr. and Mrs. H. L. Owen.

Splendid Program For C. of C. Annual Affair Jan. 19th

Mark McGee, former adjutant general of Texas and at present a prominent attorney of Ft. Worth, will be the principal speaker at the annual banquet of the Eastland Chamber of Commerce, which will be held on the roof garden of the Connellee Hotel Thursday evening, January 19, at 7:30 o'clock. This announcement was made Thursday afternoon by Hamilton McRae.

While McGee's address will feature the program, there will be other addresses, which will be short, and plenty of good music.

This like other annual banquets which the Chamber of Commerce has held, will be a get-together affair for Eastland citizens and their friends, and there will be no collections taken for any purpose and no donations asked nor received.

A cover charge of 75 cents per plate will be made. Tickets for the banquet are now on sale at each of the four drug stores in Eastland.

Stress has been laid on the fact that the banquet is not for men only but for ladies also. Every man attending, if he be a married man, is urged to bring his wife.

Lions Hear Talk On Golden Rule

The Golden Rule was at the root of the fine address given by the guest speaker, Rev. J. Stewart Pearce of Cisco, pastor of the Presbyterian Church and presented by program chairman, J. J. Coffman, to the Eastland Lions Club at their Tuesday luncheon held on Connellee roof.

The speaker's subject, "Hop, Skip and Jump," was divided into three parts, and included opinions of the depression, and how to help our fellow man; second, how we could raise the ideals of the community; that the low ideals of the present generation were due to their parents and how to raise the ideals of the parents; third, the obligation of civic societies, towards churches and the obligation of the community to the church.

Rev. Stewart brought into his talk, incidents of the World war, in which he was division chaplain, in the Second Division.

A few pleasing remarks on the value of the Lions club and its work were presented by Judge W. A. Owen of Covington, Tenn., who is member of the court of appeals of Tennessee and a member of the Lions club.

A report from Donald L. Kinnaid, chairman of committee to provide clothing for several school children, who have been unable to attend school, due to lack of same, was received and showed these wants had been filled.

Club songs led by Horace Condley were enjoyed by the guests, and 23 Lions in attendance. President Harper will announce program chairman for next week, later.

C. H. Mahaffey and Wife Celebrate 40th Anniversary

Mr. and Mrs. C. H. Mahaffey held a family celebration of their 40th wedding anniversary when members of the family, sons and daughters, were gathered about them at their home on the Bankhead highway, for a big old fashioned delicious turkey dinner.

The happy event was shared by J. R. Mahaffey and son, Roland, of Los Angeles, Calif.; Mr. and Mrs. H. C. Mahaffey and children, Charles Dale, Vaneta, Joyce and Wayne Mahaffey of De Leon; Mr. and Mrs. G. W. Early and children, Lohete, Geraldine and Frances Early; Mr. and Mrs. W. E. Mahaffey and Mr. and Mrs. C. H. Mahaffey of Eastland.

Mrs. J. R. Mahaffey and sons, Junior, Donald, Howard and Robert Mahaffey were unable to attend.

Ex-Commissioner Of Comanche Dies

T. A. (Aaron) Ward, former Comanche County commissioner, died Friday night at his home near Sidney, west of Comanche, death being due to heart disease.

After serving two terms as commissioner, Mr. Ward moved to his farm recently. He was a native of this county. He is survived by his wife, mother and several children. Burial was held Sunday afternoon.

Dick Brewer was a visitor in Abilene Sunday.

Native Texan Elected Speaker

Coke K. Stevenson, who was

elected Speaker of the House in the

Texas Legislature Tuesday by a

vote of 82 to 68, is a native Texan.

He was born in Mason county in

1869 and was reared on a ranch in

Kimble county. He attended pub-

lic school until he was 14 and then

began work at clerk in a bank at

Junction, which position he held

for eight years. During the time

he studied law at home and was

admitted to the bar in 1915. He

served as attorney and judge of

his county, giving up the latter

position to become president of

two Junction banks that had con-

solidated. He retired from the

banking business in 1927 to become

a candidate for the legislature and

is now entering upon his third

term in that body. It is under-

stood that Mr. Stevenson is a

friend of the Ferguson and his

election in some measure indicates

the attitude of the legislature to-

Mavericks Lose

To Brownwood

The Mavericks lost their first

Old Belt District basket ball game

Tuesday night when the Brown-

wood Lions defeated them by a

score of 25 to 17. Not only was

this the first conference game lost

by the Eastland quintet, but it

was the first loss out of eleven

games played. The result of this

game put the Lions in the lead in

the contest with three wins while

the Mavericks have won two and

lost one.

Barrington was high point man

in the scoring, registering 11

points while Gordon of Brown-

wood was making none. At the end

of the first quarter Eastland held

a 5-0 lead, but the Lions overcame

this to make it 12-10 in their fa-

vor at the end of the half. This

advantage was increased to 21-12

in the third quarter. It was a

close, hard fought game but the

Eastland lads had difficulty in lo-

calating the basket.

The starting lineup for East-

land was: forwards, Barrington

and Burgandy; center, Fletcher;

guards, Taylor and Baggert. Sub-

stitutes: Daniels, center and guard,

Elmer and Delmar Brown, for-

wards.

This afternoon the Mavericks

will go to Elarville, where they

will play the quintet of that place.

Farm Produce Is

Profitable to

Erath Farmers

Farm produce—eggs, chickens,

turkeys and cream—produced a

part of the revenue in 1932 which

helped Dublin and adjacent terri-

tory to weather the third depres-

sion year in good shape.

While figures are available from

only two of the six or seven cen-

ters handling produce, they give

a comprehensible idea of the value

of local produce.

One company purchased turkeys,

which weighed when dressed

slightly more than 27,000 pounds,

paying the farmers prices ranging

from 12 cents per pound, the high-

est, down to 7 cents, the lowest.

The management reports they

spent over \$2,000 for picking and

labor, \$1,500 for cold storage and

a sum greater than the latter

amount for loading, icing cars and

preparing the birds for shipment.

Another company's total of but-

ter shipments for the year grossed

better than 400,000 pounds. In

December alone the company sold

42,000 pounds of Jersey Gold but-

ter.

The creamery, during the past

year, shipped 30 cars of eggs from

its plant, which buys from one to

two and sometimes four cars a

month.

CHANYATA GROUP CEREMONIAL MEETING The Chanyata group of Camp Fire Girls was prettily entertained by their guardian, Mrs. W. P. Palm, at her residence the last of the week, when the candle lighting ceremony was conducted and presided over for the first time by their director.

Following the formal session, amigrams and other games were enjoyed and refreshments were served by the hostess, of sandwiches, cakes, candies, and hot chocolate to Elva Lee Jones, Eleanor Ruth Ferguson, Joan Johnson, Carolyn Cox, and Carolyn Doss.

CHURCH SOCIETY DAY The regular Monday gathering of the church societies of Eastland marked the day yesterday with sessions held in several churches, with good attendance, indicating decrease of the prevalent influenza.

The day opened auspiciously with a luncheon at 1 o'clock, tendered by Mrs. James Horton, superintendent of the Presbyterian church Sunday school, to the corps of Sunday school teachers.

The handsome Horton home was adorned with bouquets of lovely yellow flowers and the luncheon tables were centered in a roseville lottery bowl, the Christmas gift of the Sunday school to Mrs. Horton.

The bowl was filled with flowers of chosen hues. Place cards, cut out of picture children of ages similar to those taught in class by each present, marked places for Miss Mabel Hart, Mrs. I. C. Hayes, Mrs. J. J. Tabelman, Mrs. Hubert Jones, Mrs. M. Q. Taylor, Mrs. C. W. Geue, Mrs. J. LeRoy Arnold, Mrs. Ray Larner and hostess.

A turkey plate luncheon was served, followed by divinity salad with last course of spiced cake, apple whip topping, and coffee.

After luncheon Sunday school affairs were reviewed, Mrs. M. C. Hayes, presenting the beginners specialization course and Mrs. Horton the teachers course.

The business of the Sunday school, was planned with optimism and enthusiasm.

BIBLE CLASS OF CHURCH OF CHRIST The fine meeting enjoyed by the members of the Church of Christ Bible class opened with hymn, "Trust and Obey," led by Mrs. Hurley and closed with prayer by Mrs. Sherrill, a preface to the lecture brought by Mrs. L. Herring, on "The Week Before the Crucifixion of Christ."

Members present were: Mmes. W. A. Teatsorth, B. E. Roberson, W. E. Kellett, H. E. Lawrence, J. R. Crossley, John Young, Wiley Harbin, Ira L. Hanna, Elmer Hurley, James Graham, Guy Sherrill, L. Herring, Taylor, N. K. Praterly, and president of class, Mrs. D. L. Childress, who conducted a brief business session.

Mrs. E. F. Agnew of Rising Star was the class guest.

WOMEN'S AUXILIARY CHURCH OF GOD A discussion of missionary matters engrossed the attention of those members of the Women's auxiliary of the Church of God, who met at the home of Mrs. J. T. Wilson.

Plans were made for the making of a quilt with names to be embroidered on pieces at 10 cents each. The article is for the assist-

ance in relief fund to be sent Jamaica, where dire distress is reported through tidal wave and hurricane, that destroyed two churches, of the Church of God, swept away the homes, and killed several members of the congregation.

The completed quilt itself will be sent a missionary station there. The meeting closed with prayer by Mrs. E. O. Bailey, president. Adjournment was taken to one month hence.

W. M. S. BAPTIST CHURCH In the absence of their president, Mrs. S. C. Walker, the meeting of the W. M. S. of the Baptist church, was conducted by vice president, Mrs. W. D. R. Owen, who opened session with a preparatory talk, "Philosophy of Life," based on sixth chapter of Luke, 38 verse. Prayer by Rev. O. B. Darby, prefaced his Bible lesson, a fine analysis of character of St. Mark and lecture on the first chapter of Mark.

Following prayer by Mrs. W. H. Muston, a letter from Dr. B. L. Lockett, Baptist missionary to Africa, was read by the recipient, Mrs. B. E. McGlamery, a guest.

Dr. Lockett told of his work in the leper colony in Central South Africa, on the coast, where he has established a leper hospital, and visits two days a week, treating patients.

The meeting closed with prayer. Those present: Mmes. O. B. Darby, Marvin Hood, J. Lewellen, H. A. McCanliss, Jess Seibert, Lee Bishop, J. W. Neal, Richard Jones, Ed T. Cox, W. A. Owen, R. L. WEDDING UNITES POPULAR YOUNG COUPLE Carl Foster of Dallas, son of Mrs. J. D. Foster of Flatwood, and Miss Joyce Quinn of this city, daughter of Mr. and Mrs. Guy Quinn, were married Sunday morning in the First Christian church in Cisco.

The happy young couple were accompanied by intimate friends from Eastland, Mr. and Mrs. Hal Dean Allen, Mr. and Mrs. John Miller, Mr. and Mrs. W. Stansell.

The bride wore a handsome going-away suit in periwinkle blue with black accessories and black hat, and carried a beautiful bouquet of bride's roses.

Immediately following the ceremony the young couple left for Dallas, their future home.

The former Miss Quinn is the elder daughter of Mr. and Mrs. Guy Quinn, and came to Eastland with her parents 12 years ago, when Mr. Quinn assisted in the erection of the Texas Electric Service company power plant at Leon lake, and in whose employ he has remained.

Miss Quinn graduated from Eastland high school in 1930 and returned home last August from the Woodbury college in Los Angeles, Calif., following a business course of a year.

She is a popular member of the younger set, and has a large circle of friends, who extend their congratulations.

Mr. Foster was formerly with the Piggly Wiggly of Eastland and is now with that company in Dallas.

They will go immediately to their apartment, secured some time ago and begin their housekeeping.

JUNIOR MISSIONARY AUXILIARY The Junior Missionary Auxiliary of the Baptist church had a most interesting meeting Saturday morning, with an assembly period, and song service, led by Mrs. W. J. Herrington.

A circle assembly developed the subject, "Game," and repeated in unison, "My ship came in and was loaded with 'R.'" Each child was privileged to guess what "R" stood for, and each described a different nation, starting with China, and taking up the different countries.

A devotional based on the word "nation" was interestingly led by Mrs. Herrington. Individual references were searched by the children, and were read in connection with the topic for the devotional.

Chain sentence prayers by the children, had final prayer by Mrs. Lee Bishop, director of the Sunbeam group, who related a lovely Sunbeam story of a child and his treasure, and used to illustrate the beauty of thinking of others.

The closing prayer was offered by Verne Ella Allison.

Those present, Lillian Bishop, Verne Ella Allison, Othello Bishop, John Allison, Charley Paul Williams, Claude Williams; Frances Laverne Darby, Dale Bishop, Myrtle Bishop, and directors, Mrs. J. P. Truly, Mrs. Lee Bishop, assisted by Mrs. Herrington.

The intermediate group represented by Geraldine Torrell, Faye Taylor, Pearl Layton, and Curtis Torrell, met with their director, Miss Opal Hunt, and planned for the work of the new year.

IN COMPLIMENT TO MISS JOYCE QUINN Mrs. John Miller was a delightful hostess Saturday afternoon, entertaining with three beautifully arranged bridge tables in honor of Miss Joyce Quinn, whose approaching marriage on the next day to Mr. Carl Foster of Dallas was announced.

At close of an interesting game, high score favor, a household novelty, was awarded Mrs. Bernice Blowers, and the cut-for-all, tea linens, went to Mrs. Jack London.

The bride-to-be was presented an immense tray, heaped with shining kitchen utensils, the shower gift of those attending.

Community clubhouse, 3 p. m., Friday afternoon.

EXPRESSION AND PIANO RECITAL Mrs. A. F. Taylor and Miss Loraine Taylor will present their pupils in piano and expression recital January 13 at 7:30 p. m., at the Eastland High School. The South Ward Rhythm Band and Glee Club will each be presented in two numbers.

The public is cordially invited to attend.

DINNER AND DEIGHTFUL EVENING Mr. and Mrs. D. J. Fiensy were house host and hostess Tuesday night to a group of friends, each couple contributing a delicious item for the covered dish dinner enjoyed at 7 o'clock about seven tables arranged by Mrs. Fiensy with attractive tally and place cards, marking covers for four places each, with tables centered in individual coffee services.

The house was prettily decorated with handsome ferns and bouquets of scarlet tone flowers. The menu included fried chicken, baked ham, creamed potatoes and peas, home-baked hot rolls, pickles, salad, and last course of ice cream and cake.

After dinner "42" was enjoyed at the several tables, by Mr. and Mrs. O. L. Duckett, Mr. and Mrs. H. M. Hart, Mr. and Mrs. C. C. Robey, Mr. and Mrs. Grady Owen, Mr. and Mrs. W. W. Kelly, Mr. and Mrs. J. R. Rawson, Mr. and Mrs. F. D. Maxey, Mr. and Mrs. E. R. Johnston, Mr. and Mrs. R. L. Young, Mr. and Mrs. L. J. Lambert, Mr. and Mrs. James A. Beard, Mr. and Mrs. D. J. Fiensy, Mrs. T. L. Amis, Misses Rena Page and Mabel Hart, and W. J. Fiensy.

The house hostess was assisted in serving by Mrs. Young and Mrs. Beard.

Y. W. A. MEETING TUESDAY NIGHT The Young Women's Auxiliary, composed of single girls beginning at the age of 17, met Tuesday night at 7 p. m. at the First Baptist church. The meeting was opened with a song followed by sentence prayers.

A short business session was entered into, at which time the report of the nominating committee was accepted and the following officers were elected: President, Miss Opal Hunt; vice president, Miss Thelma Wood, and secretary and treasurer, Miss Allan Williams.

The chairmen of the committees are to be appointed by the president at the next meeting.

After the business session a real interesting program was enjoyed by a good attendance of young girls.

The topic for the meeting was "I Resolve." Hymns, "Revive Us Again," "Faith of Our Fathers," and "O Zion Haste." Scripture, Old Testament. Resolutions, New Testament. Resolutions by Opal Hunt.

Would Oust Hoover

PATMAN BLANTON

When it was suddenly suggested recently on the floor of congress that Hoover be impeached, congress squelched the idea overwhelmingly, only eight of some 400 present voting to continue with the attempted impeachment. Two of these were Texas congressmen Wright Patman from Texarkana and Tom Blanton from Abilene.

We are Resolved: To deal with God directly, Irene Williams. To stop, look and listen, Allan Williams. To go through opportunity's door, Rowena Cook.

Church of the Nazarene W. M. S. Church of the Nazarene W. M. S. met at 3 o'clock Monday afternoon at the church. The president, Mrs. Jones, was absent and first vice president, Mrs. Anderson, had charge of the meeting.

AMOMA CLASS HAS MEETING The Amoma class of the First Baptist church, was called to order by president, Miss Opal Hunt. They joined in singing "Standing On Promises," with Miss Irene Williams at piano and the president leading. The president called

for sentence prayers, the entire class joining in.

The president, appointed a nominating committee composed of the following: Miss Winnifred Pentecost, chairman; Misses Irene Williams and Edith Fields.

The chairman of the nominating committee urges this committee to meet at the church Thursday afternoon at 5 o'clock.

This was by far the best business meeting we have had in some time. All members are requested to meet each Sunday morning in our Young People's Department at 9:45.

MRS. FLOYD McBEE ENTERTAINS Mrs. Floyd McBee had a delightful little party in her pretty home on Bassett street last Thursday evening. 42 was enjoyed and cake and cocoa was served to Mr. and Mrs. C. Stockmen Held Interesting Meet In Eastland Sat.

"Creep feeding of calves means the difference between a good profit and a loss to Eastland county stock farmers," stated V. E. Jibe, manager of the Connellee properties to those attending the meeting of the Eastland County Better Livestock Association at Eastland Saturday afternoon. Mr. Jibe gave his experiences with the use of the creep feeder which was put into use on the Connellee ranch south of Eastland last spring and urged stock farmers to visit the ranch and see the feeder in use then begin using one and stop producing calves at a loss. He went so far as to state that he would not consider raising cattle without the use of such a feeder.

His talk brought up the discussion led by Green Wright which emphasizes the point that we usually feed animals just enough to get them well started on feed then market them only to see them sell to feeders who get all of the profit by completing the finishing process and topping the market.

President Rufus Cox was in the chair and handled the discussions so as to keep the program going and finished stating that he hoped to have each session last only one hour.

H. C. Davis of Eastland Retail Merchants Association told of their plans to inaugurate a sales day and provide free of cost an auctioneer who would sell at auction any farm commodity offered. He said that space would be provided for exhibiting the articles and stock to be sold. Sales to be continued if sufficiently supported by the farm people. No date was announced for the first sale since the plans were as yet not definitely worked out. Speakers endorsed the plan on a limited scale.

It was decided to hold the next monthly meeting in Ranger on the first Saturday in February.

The talk by Mr. Jibe which was

The main event of the day was illustrated by an elaborate creep feeder model which was constructed by County Agent Patterson, who has prepared the following statement relative to creep feeding:

Creep feeding of suckling calves is by no means a new practice, this method of producing fat calves at weaning time having been used for years by western cattlemen. But it has never come into common usage in Eastland county although it would be to the advantage both to the large stockmen and to the stock farmer who raises as few as ten calves. For a man to offer for sale home grown feeds at present cheap prices and at the same time own young cattle that are not in fit condition to go on the market indicates a lack of appreciation of a balanced system of farming. The statement has been made advisedly that there are only two classes of beef animals that should be sent to the market from Eastland county; that is cull stuff that you want to dispose of regardless of price and fat animals that will top the market. Many animals have been fed just enough to warm them up and when they reach market are sold as feeders and the buyer who puts on the finish reaps the profit usually will feed either grown here or shipped through Eastland county. Individuals who produce cheap feeds and cheap cattle might well get together with themselves and market both commodities as fat calves.

If calves are started on feed while still running with the cows through the use of so-called creep feeders whereby the calf is allowed a balanced ration from a self feeder which the cows cannot reach it will be found that the calves at weaning time are in fair butchering condition and if continued on feed for the proper time will make prime beef at from eight to twenty dollars more profit than calves that have no feed other than pasture up to weaning. This feeder is placed near the watering place or salt lick where if shade is provided the cows will remain until the calves have had their fill of feed. The creeps are so cheaply built of board or wire fence with openings 16 to 20 inches high and 3 feet wide which will admit the calf but keep the cow out. It may become necessary to open the gate and let the cows eat for a few days in order to get the calf started at the feed trough. Kind of feed used will depend on what is raised and available on the farm; one commonly fed is 4 parts ground grain sorghums such as maize to 1 part cotton seed meal or cotton seed 2 parts.

For stockmen producing their own calves and grain feeds there is no more common sense or economical method handling suckling calves than to allow them access to grain in a creep while following their mothers. The advantages of this method of fattening calves are as follows: adds weight and finish, permits marketing at an earlier age, the cows are not suckled down so much, calves grow out more uniform in size, labor costs are lessened, and there is very little shrink at weaning.

Success depends on having good foundation stock, early calving, good grazing and a central watering place for location of the calf creep. Calves must secure feed from creeps regularly in order to make good gains. The amount of grain necessary for creep feeding calves varies considerably with the age and time they are started on feed. Early calves started on creep feeders in March or April make more economical gains, learn to eat more readily and will consume 10 bushels of corn or its equivalent in other grains by weaning time. Threshed grains are recommended for young calves, while coker calves and those started in mid-summer may be fed ground heads or crushed corn with cotton-

FARMER'S EXCHANGE

In order to assist in the promotion of the agricultural, livestock, and poultry interests of the County as well as the general interests of the people in the rural districts, the Weekly Chronicle has established and will carry each week for an indefinite time, a column in which it will advertise for sale or exchange, absolutely free of charge, anything the farmer, stockman, poultryman or truck grower has raised or otherwise secured. Advertisements must be brief and must not be items regularly sold. Only two insertions will be made of the same advertisement.

Bring or send a brief description of the items you have to sell or exchange to the Weekly Chronicle not later than Wednesday of the week advertisement is to be inserted.

THIS CURIOUS WORLD

IT WOULD REQUIRE 600,000 FULL MOONS TO EQUAL THE SPLENDOR OF THE SUN.

THERE HAVE BEEN many explanations as to the cause of the mysterious lights that are sometimes seen above swamps at night. The scientific world does not doubt that such lights do occur, for they have been seen by too many persons. At one time, will-o-the-wisp was classed as a phenomenon of the atmosphere, and was listed along with clouds, rain, lightning and other manifestations of nature that had to do with weather, but now science almost ignores the subject.

WHAT IS THE "PLANT OF LIFE?"

A. Yerbavida is an anti-spasmodic which, by calming and quieting acidity and indigestion, systems, promotes sound and refreshing sleep.

Q. Will Yerbavida relieve poisoning of the nervous and muscular system?

A. Although Yerbavida contains no drugs of any kind, it has shown marvelous results in eliminating heartburn, gas and acidity, thereby allowing Nature to heal even an ulcerated stomach.

Q. Is Yerbavida pleasant to drink?

A. You will find Yerbavida a very delicious and satisfying beverage; and if used regularly, you will prefer it to tea, coffee or any other drink.

Q. What does Yerbavida cost?

A. Yerbavida is very economical—a large package, enough to make 240 cups, can be purchased for only \$1.00.

Q. How can I obtain Yerbavida?

A. If your local druggist cannot supply you, accept no substitute, but send \$1.00 direct to Yerbavida Sales Co., 612 Southwest Bldg., Los Angeles, California.

A. What was known by the aborigines and the early Mormon settlers in this country as the "Plant of Life" is an herb growing wild on the American Desert and containing properties most beneficial to health and bodily welfare.

Q. Is the "Plant of Life" obtainable by the public generally?

A. Yes, it is now available for general consumption under the name of "Yerbavida."

Q. How does Yerbavida work upon the human system?

A. The endocrine glands are the alchemists which transmute chemical elements into physical stamina and mental power. Premature old age, disease, low vitality and fatigue result when endocrine glands become sluggish. Yerbavida revives the endocrine glands.

Q. Will Yerbavida eliminate constipation?

A. Although it contains no laxative of any kind, it wakes up the liver, which regulates bowel action.

Q. Will Yerbavida eliminate sleeplessness, nervousness and irritability?

Mrs. R. E. Sikes, treasurer; Mrs. James Horton, chairman library committee; Mrs. W. P. Leslie, chairman library board.

These officers take their places at the last meeting of the club in May.

The balance of list of officers is appointive and named by the incoming officer.

Mrs. W. B. Collie was elected an associate member of the club.

Activities of Oil Belt Students State University

Reports of activities of State University students since the holidays include mention of the following from the Oil Belt:

Jay Sarver, Breckenridge, has won a place on the Delta Kappa Epsilon basketball team. This team won the fraternity division of the intramural department last year.

James Smith, Ranger, besides being a strong contestant for the varsity golf team, has won a place on the Sigma Alpha Epsilon basketball team. James made a fine record this fall playing with his fraternity's indoor baseball team.

Miss Ottie Frazer, Ranger, continues her brilliant record of high grades brought to the university last fall from Tarleton College.

Dorothy Outlaw, Ranger, is distinguishing herself by making a fine record in the department of classical language. Dorothy has chosen Greek as her degree minor.

Dalton Cross, Eastland, who graduated last spring, with honors, from the Law school, continues his position with the university as research worker.

W. R. Hogan, Ranger, was one of five nominees made by the university for the Rhodes scholarship.

Wilda Frost, Eastland, and Francis Veale, Breckenridge, have returned to the Kappa Kappa Gamma house after spending the holidays in Abilene and Breckenridge. Francis came to the graduate school this fall, after her graduation last spring from T. C. U.

Sam Conner, Eastland, is listed as a likely member of the freshman golf team.

Daphna Grisham, Eastland, returned to Austin Sunday after spending the holidays in Tyler and El Paso.

Francis Cunningham, Eastland, makes daily trips to the capital to see her father, Representative Cunningham of Eastland county.

W. E. Stubblefield, Eastland, continues his excellent record started in the university last year. Stubblefield has a position as an assistant to the librarian.

Mary McCarty, Eastland, was one of the few freshmen to receive the mark of excellence on her English History notebook. The history class has an enrollment of 600.

Ivy Payne, Eastland, has returned to the Phi Mu house after spending the holidays in Eastland. Ivy is a junior in the Arts and Science school.

Lofton Harwood, Thurber, is making a fine record in the school journalism, he returned to Austin Sunday with S. V. Lee also of Thurber.

Jack Sanderford, Ranger, returned to Law school Monday after spending the holidays in several Texas points.

Carl Tanner, Eastland, returned to Austin Wednesday, Dec. 28. Carl is a Law student of high standing.

What Is ATHLETE'S FOOT
Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people.

The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernates in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES.

Medical Science has recently developed an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply sifted on the feet and into the shoes. Meritt Foot Powder quickly eliminates excessive perspiration and itching of the toes. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded?

Ask Your Doctor Two Important Questions

How Many Minerals Does the Body Contain? Why Are Minerals and Vitamins So Essential to Bodily Health?

When your doctor names the Mineral elements of the body write down the list carefully. Take this list to your druggist and ask to see a bottle of LEE'S MINERAL COMPOUND, the marvelous new formula that is bringing health to thousands. Compare the Doctor's list with the label on the bottle and you'll find, without exception, every one of the essential Minerals are contained in this famous compound. That's the reason for its amazing success. It's Nature's own way to health.

OUR WONDERFUL BODIES

Strange as it may seem, these wonderful bodies of ours consist of a very limited list of fundamental chemical elements. It is now known that only eleven minerals and five gases are needed by Nature in building the strongest man or the most beautiful woman.

OUR BODIES ARE ROBBED

All of these essential Minerals and gases are present in natural foods but improper cooking and an unbalanced diet rob us of these vital elements. The system becomes charged with acid. Indigestion and Constipation follow. We become nervous and irritable; subject to headaches, fail to get the proper rest at night, become weak and listless and good health deserts us.

What would we think today if in a community of well established churches, with priests and official officers holding responsible positions, and many of them trained for their task, someone in the community, outside of this official group and on his own responsibility, should suddenly come forth as a teacher of religion, speaking entirely in his own way and without much regard for the constituted authorities or ordinary and conventional standards?

We should think it somewhat strange, and we should probably meet the newcomer with at least an attitude of questioning. If he seemed to have some specific truth to offer, if there was something in his personality or methods that impressed us with his sincerity and his earnest and unselfish character, we should probably listen to him with open minds and make some response to his teaching.

Such a thing would not, of course, be altogether out of place in a modern American community where we have developed a freedom and variety of religious expression probably never before known in the history of the world. But it was not always so.

It was no wonder that when Jesus neighbors in Galilee heard his words, spoken with simple assurance, they marveled and said, "Is not this the carpenter?"

It is noteworthy, of course, that Jesus chose the official places of religion to give his teaching, and the free practice of the synagogue made this possible. Jesus was not an image breaker, destroying the religion and the institutions of the times. He stated very definitely that he had not come to destroy but to fulfill.

The interesting thing was that whereas the scribes, who were the official representatives of religion, might have been thought of as those wielding authority, the record is that Jesus "taught the people as one having authority and not as the scribes."

To them the important thing was the letter of the law and the tradition that had grown up around whatever they had to say. But Jesus brought his message in the realm of elemental truth.

When he would teach the people concerning the fatherhood of God he met them on the ground of human fatherhood, and pointed out to them that if there was any good thing in themselves they could be sure that it was in God only to a greater and supreme degree. So it was that he brought such matters as mercy and forgiveness right into the realm of human thought and human relationships.

In his very illustrations he met the people upon their own ground. He chose his object lessons from the lilies of the field, from land, and sea, and sky, and from daily occupations and quests—the fisherman, the merchant seeking goodly pearls, the housewife sweeping

her house and hunting for the silver that she had lost, and a hundred and one other incidents close to the lives and experiences of the people.

His power and influence were manifest in physical transformations, such as have usually accompanied remarkable spiritual manifestations—the healing of the sick, the strengthening and blessing of the weak. And all this only helped to emphasize the strange power of this man who had arisen among men. As they marveled at his teaching, they marveled no less at his wonderful works.

Annual Meeting a Success.

Dr. Jewel Daughety of Brownwood was re-elected president of the Comanche Trail council with E. P. Crawford of Cisco, Earl Fairman of Goldthwaite, and R. S. Vestal of Dublin, vice presidents.

Between 50 and 60 scout leaders attended the afternoon session which opened at 2:45 o'clock, and between 90 and 100 people attended the banquet and night program. Scouters from most every town in the eight counties were present.

Conference groups went into session about 3 o'clock and reconvened at 4:45 for reports and recommendations. During the period, announcement was made of the death of former president, Calvin Coolidge, who was honorary vice president of the Boy Scouts of America. The group stood while a prayer was said by Judge E. J. Miller and then Ed Shumway, scout executive of Abilene, led in the singing of taps.

Dr. N. B. Taylor, Lampasas; Judge E. J. Miller, Brownwood, and E. R. Maxwell of Breckenridge were appointed as a committee to work out plans for a memorial to the late Uncle Billy Gibbons at the summer camp, Camp Billy Gibbons. John Gibbons, a son of Uncle Billy, was introduced at the banquet. The camp is located on the Gibbons ranch.

Accomplishments 1932.

Four meetings of the executive board, seven district committees completed with three partially completed, six new troops have been organized, 19 troops re-organized, 26 troops to date with 625 scouts. Three troops in the process of organization, seven-day summer camp held with 230 scouts and 30 leaders in attendance; 47 courts of honor held, with the present enrollment of 312 tenderfoot scouts, 112 second-class scouts, 77 first-class scouts, 46 star scouts, 26 life scouts, and 51 eagle scouts.

Judge E. J. Miller of Brownwood was the main speaker at the banquet. Dr. John Power, rector of St. John's Episcopal church and pioneer scoutmaster in Brownwood was presented with the silver beaver award, the highest award that can be given by the Comanche Trail area. High tribute was paid to the influence of Dr. Power during his many years in Brownwood, by those who presented the metal.

The award came as a surprise to Dr. Power. Dr. Jewel Daughety, president of the council, first spoke of the award, referring to Dr. Power as "a man who has entered into the homes of Brownwood in a religious, social and educational way more than any other person that ever lived in the city. His own life is a benediction to the citizenship of Brownwood and the council wishes to bestow this award upon him for outstanding service," Dr. Daughety said.

The badge was then given to T. C. Wilkerson Jr., a member of the first Boy Scout troop in Brownwood, of which Dr. John Power was scoutmaster, who in turn presented the silver beaver, placing the ribbon to which the beaver was attached around Dr. Power's neck. Mr. Wilkerson addressed his former scoutmaster as "Dr. Power, or 'Father John' as we used to call you." He said that scouts in the former troop were now better men for having been under Dr. Power's influence and that Brownwood is a better place, after having Dr. Power live here. Besides Mr. Wilkerson there were three other former scouts that sat with him at the banquet. They were Bill Armstrong, Ed Henley Jr., and Nat Low. They stood with Dr. Power as the award was presented. At the close of the presentation, Oswald Daughety, the first scout in this area to attain the rank of

eagle, came forward and shook hands with Dr. Power, reminding him that the scouts of today are still carrying on.

The Eastland Medical and Dental society held its annual meeting at the Connellee hotel recently, at which time following officers were elected: President, Dr. F. T. Isbell; vice president, Dr. W. S. Poe; secretary-treasurer, Dr. H. B. Tanner.

"Count" Nabbed as Counterfeiter

Trailing a counterfeit gang that has passed thousands of dollars of fake American money in Canada, Mexico and Central American countries, Newark, N. J., police arrested "Count" Enrique von Buelow (above) and he subsequently was indicted in Chicago on a charge of passing 900 counterfeit \$100 bills. Born Hans Dechow, von Buelow assumed the royal title, claims to be a former German war aviator and once was wed to a wealthy Chicago woman. He was arrested in Newark as he arrived by airplane from Montreal.

Canned Food Is Valued at \$28,000

GRAHAM, Jan. 11.—Annual reports, reviewing work done during 1932, have been presented to the county commissioners court by Miss Norfleet Grimes, home demonstration agent, and G. R. War-

ren, county agent of Young county.

Outstanding in the home demonstration agent's report was the outline of accomplishments in food preservation, showing that 391,218 containers of food had been canned during the last season, valued at more than \$28,000. Excellent work also had been done in poultry, clothing, yard improvement and other projects.

B. E. McGlamery, Eastland county superintendent of schools, was the guest speaker at the Lions club luncheon in Cisco Wednesday.

Guard Your Eyes

LOOK YOUR BEST

Notice how much finer looking the lady is with proper glasses, than with the drawn expression from eye strain.

If we could see ourselves as others see us, we would appreciate the value of obtaining glasses that conform to our facial contour, coloring, etc. For right lenses and right styles to suit your face go to—
