Merchants Hear Trade Extension Plans Discussed

Plans for advancing the commercial interests of Eastland were discussed Thursday night when a large number of the business men of the city met for a banquet and to hear a previously arranged program at the high school auditorium. It was the second monthly meeting of the kind held recently and will be followed by another meeting some time next month.

The Eastland High School band played a short concert in the high school auditorium preliminary to the opening of the program in the cafeteria.

Geo. Harper, president and introduced County School Superintendent B. E. McGlamery as the first speaker. Mr. McGlamery spoke of the financial conditions facing the schools of Texas and urged those present to insist upon their representatives in the State Legislature supporting necessary measures for the support of the schools. A petition also asking this was passed around the room and signed by most everyone present.

Mr. Butler of the Butler & Harvey Chevrolet Company, followed Mr. McGlamery and in a short talk urged his hearers to give full support to such projects as the monthly trades days, trade extension campaigns, etc.

County Agent J. C. Patterson responded to a request for a talk and said that it was not too early to begin working on and advertising the Eastland county fair.

H. C. Davis, manager of the Eastland Retail Merchants Association, in a brief talk, stressed the fact that Eastland business men should visit other communities more. He also urged full support of trade extension campaigns, mentioning the fact that plans should be started now for a big celebration this next July 3 and 4th.

Sam Gamble of the Lone Star Gas Company spoke briefly and in the course of his remarks urged a greater co-operation of the citizens of Eastland with each other and with those of surrounding communities.

Joe Tow of Morton Valley pledged the support of the people of his community to the citizens of Eastland in any undertaking for the upbuilding of the town and surrounding communities.

He also thanked Eastland people for the support they have given and are giving Morton Valley on the rodeos and other affairs being held in that community.

W. V. Tunniff advocated the building of a bathing pool in Eastland and said it should be completed in time for a big bathing revue here this summer.

Fall Under Train Kills Mexican

Pedro Prebino, Mexican, thought by authorities to be from Cisco, was fatally injured Tuesday afternoon about 4:30 when he attempted to board a Texas & Pacific freight train near the depot at Eastland.

The Mexican is reported to have tried to catch the train and his foot slipped, throwing him under the wheels of one of the box cars. Both legs were cut off below the knees. He was given emergency treatment in Eastland and was then taken to the City-County hospital in Ranger, where he died.

J. C. Penney Store Has New Manager

G. S. Stire, who has been manager of the J. C. Penney store in Eastland for some time, has resigned from his position and has been replaced by G. H. Hipp of Claremore, Okla.

Mr. Hipp, accompanied by his wife and 5-year-old daughter, have arrived in Eastland and Mr. Hipp has taken over the management of the store.

Mr. Hipp states that he is delighted with the opportunity to be in Eastland and that he expected to run the kind of store the people of Eastland want. He said that he liked the looks of the town and believed that business in the city should be on the up-grade soon.

No announcement has been made by Mr. Stire as to what his plans for the future would be. It is known however, that his many friends here are urging him to remain here and possibly enter business for himself.

Eastland Lions Elect New Member

The Eastland Lions club held a talk from Bert McGlamery, county superintendent, regarding the seriousness of the school situation for next year and the shortage of money in support of same, at its meeting Tuesday.

Earl Woody, entertainment chairman, presented Mr. Barnes, who is enroute to California, and who provided unique diversion in tunes played on water glasses.

Mr. Hipp, the new manager of Penney's, was elected to membership at this session.

Eliasville Bank Robbed On Wed.

ELIASVILLE, Texas, April 5.—Two unmasked men robbed the Eliasville State Bank here of approximately \$1,000 in currency today, escaping in a coupe under the gunfire of Otis Cunningham, cashier and Frank Atchison, assistant cashier.

After forcing Cunningham to hand over the money, the bandits attempted to lock him in the vault. Cunningham stuck his foot in the door and the robbers fled.

Atchison and Cunningham locked the bank immediately and started in pursuit, firing as they went. Posses of citizens and police from surrounding towns joined in the chase.

The bandits escaped in the direction of Graham, but their automobile later was found abandoned near South Bend.

Cunningham said one of the bandits was about 22 years old, the other about 16.

Roosevelt Issues Another Warning

WASHINGTON April 5.—President Roosevelt today issued an executive order declaring the national financial emergency still exists and forbidding the hoarding of gold coin, gold bullion and gold certificates.

The order requires all persons to deliver on or before May 1, to a federal reserve bank, branch or agency, all gold coin, bullion, and certificates now owned by them.

Large Crowd Is Expected Sunday At Bible Class

The committee appointed last Sunday to rustle recruits for the 9:49 Bible Class at the Methodist church have been camping on the firing line with persuasive literature, smiles and good cheer to capture promises to attend the class Sunday at 9:00 a. m. sharp for the special inspiring message to be delivered by the teacher, Hon. J. E. Hekman.

As an added attraction the committee has secured the American Legion Troupville Band of Ranger to furnish the major part of the music for the occasion and their reputation as great and entertaining musicians guarantees a fine musical program and it is expected that the large auditorium of the First Methodist church will be filled to overflowing.

Owing to the fact that it will require about 45 minutes for the Troupville Band to complete their part of the program, services will begin at 9:00 o'clock instead of the regular time of 9:49.

The committee, which calls itself the "Rustling Committee," guarantees that you will be greeted with outstretched arms, glad hands and warm hearts overflowing with brotherly love and good will, so come one, come all.

Akron Survivors Visit White House

WASHINGTON, April 6.—Three survivors of the Akron disaster were received by President Roosevelt today as the navy department altered earlier plans and designated Rear Admiral Henry V. Butler as president of the court of inquiry, which will investigate the tragedy next week.

All work ceased at the white house as the survivors, Lt. Commander Herbert V. Wiley and Richard E. Deal and M. E. Erwin walked through the lobby of the executive offices to keep their appointment with the president.

The clicking of typewriters ceased as stenographers and clerks left their duties to see and applaud the men.

As they walked into the executive office they came up to the desk at which the president was seated and shook his hand, Mr. Roosevelt remarked: "I am thankful you are here, Be seated and tell me about this."

Wiley told Mr. Roosevelt the actual danger to the Akron did not exist more than three minutes before it dipped into the sea and carried 73 men to their deaths.

The survivors would give little reason, it was understood, for the cause of the disaster.

College Has 150 Mail Courses

IOWA CITY, Ia.—One hundred and fifty-one correspondence courses varying in subject matter from the business management of a country newspaper to a study of ancient Hebrew, are offered by the University of Iowa, a report by Bruce Mahon, director of the university's extension division, shows.

Students are enrolled in the division from all parts of the world, Mahan said. The courses have been specially beneficial to teachers in public and private schools. Many have improved their technique and standing to such an extent that their state certificates were raised, allowing them increased salaries, Mahan said.

The university pays the postage for mailing the lessons to the student, who in turn bears the expense of mailing his work back.

Among courses offered are: How to know ferns, inorganic chemistry, labor problems, educational psychology, essay writing, short story writing, literary criticism, Greek, German, Spanish, European, United States and Iowa history, news reporting, principles of advertising, magazine writing, differential calculus, introduction to philosophy, criminology, the American race problem, and public speaking.

TANNER RETURNS Dr. H. B. Tanner returned Tuesday from the Harris Clinic at Fort Worth, where he went several days ago for an examination. He reports that he is feeling much better and is back at his desk attending to his regular duties. The doctors reported they found nothing seriously wrong as a result of their examination at the clinic.

Wayne W. Johnson, who was tried in the 88th District Court Monday on a charge of theft of property valued at less than fifty dollars, was adjudged guilty by the jury and his punishment assessed at sixty days in jail and a fine of ten dollars. He was charged with stealing an automobile.

I. N. Poe, County Pioneer, Is Dead

Isaac Nathan Poe, one of the old time settlers of Eastland county, passed away at the home of his son, Dr. W. S. Poe, Wednesday night. Mr. Poe suffered a broken hip from a fall during the early winter from which he never recovered and which probably was the cause of his death. Funeral services will be held at the Eastland Baptist church at 1:30 this afternoon. Rev. H. H. Summers of Abilene officiating, Pastor O. B. Darby assisting. Interment will be at Long Branch, the old home cemetery, where Mrs. Poe is buried.

Mr. Poe was born in Alabama Nov. 22, 1852, and moved with his parents at the age of two years to Columbia, Ark. Here he spent his youth and young manhood. On Christmas day, 1880, he was married to Miss Louvena Parker. To this union were born six children, three sons and three daughters: H. C. Poe, deceased, Dr. W. S. Poe of Eastland, James M. Poe of Long Branch, Mrs. Walter Branton of Rising Star, Mrs. Frank Lovett of Eastland and Mrs. Virgil Been of Seminole. Mrs. Poe departed this life June 12, 1913.

Mr. Poe moved with his family to Eastland County in 1894, settling in the Long Branch community, where he lived for many years as a prominent and respected citizen. For the past several years he has made his home in Eastland with his son, Dr. W. S. Poe.

Two Sought For Robbery of the Eliasville Bank

BRECKENRIDGE, April 6.—Jim Rowe, 27, and Harry Minor, 17, were sought today over McBrayer Mountain near South Bend, in Young county, for questioning in the \$1,000 robbery of the Eliasville State Bank.

Sheriff J. W. Morrow of Breckenridge named the men after questioning a woman who lives in South Bend.

Fern Thompson, 25, daughter of the woman, was arrested and placed in the Graham jail Wednesday night. She was suspected of taking cigarettes and food to two fugitives. She was arrested as she descended McBrayer mountain.

Giant Dirigible Crashes Aflame; Many Lives Lost

ATLANTIC CITY, N. J., April 4.—The world's biggest airship, the U. S. S. Akron, crashed in flames in stormy darkness off the New Jersey coast early today, hurling into the water her officers and crew of 77 men of whom 74 are dead or missing.

The mighty aircraft, apparently a victim of lightning and a swift thunderstorm, caught fire as it fell to the water.

A few hours after the Akron crashed a grey fleet of warships and powerful airplanes circled slowly through dense fog from Barnegat Beach to Atlantic City, searching for survivors.

They found four men who lived through the collapse of the huge craft in which Rear Admiral William A. Moffett had been a distinguished passenger on a projected New England cruise.

One of the four picked up by the first vessel to flash word of the disaster, the German tanker "Phoebus," was Chief Radio Man Robert W. Copeland, who had survived the crash of the U. S. S. Shenandoah in 1925. He died on the Phoebus.

Lieut. Commander H. V. Wiley and Seaman Carl C. Deans and Seaman Moody Erwin also were picked up by the Phoebus.

The navy department virtually abandoned hope for the rescue of other missing officers and men.

The rescue fleet, feeling its way through rain, a high rolling sea and thick fog, was almost helpless as dawn broke through the cloud banks and later, at noon when the thick haze closed down still further to repel the searching airplanes.

Pioneer's Wedding Celebrated at the Hightower Home

The handsome home of Mr. and Mrs. L. A. Hightower on South Seaman street, was the scene of a reunion of pioneer friends, and relatives, and a few other close friends, of Mr. and Mrs. M. Westbrook, whose forty-fifth wedding anniversary was beautifully celebrated Tuesday by Mrs. Hightower, Mrs. C. C. Robey, and the daughter of the Westbrooks, Mrs. Roy Birmingham.

Bridal wreath, the appropriate flower, was used in lavish decoration of the rooms, and as table adornment.

The menu of Virginia ham, fried chicken, meat loaf, vegetables, salads, sandwiches, hot rolls and coffee was provided by the various friends of the honored guests.

The handsome wedding cake, in three tiers, and topped with a miniature bride and groom, was made by Mrs. Birmingham, and the confection cut by Mr. and Mrs. Westbrook, and served with iced lemonade, the last course of this delicious supper.

The evening was spent in reminiscences and amusements provided by the men, in their descriptions of their bride's costume on their wedding day.

An enjoyable sing-song, with all gathered about the piano, closed the delightful evening.

Mother Susan Steele, Eastland pioneer and mother of Mrs. Westbrook, was an honored guest. Fifty-five in all were entertained.

Relief Funds Are Being Held Up

Dr. H. B. Tanner reports that the relief work for Eastland County is being temporarily held up because of the change recently made, in the plans for operating. A meeting will be held at Brownwood Monday to discuss the plans now in operation and ways and means of carrying them out. Several members of the relief committee for this county will attend and representatives from the ten counties that compose this district are expected to be there.

Dr. Tanner states that all of the funds for March have not yet been received here but are expected soon. He also said that application had been made for April funds and that the Brownwood meeting would be concerned principally with operations for May and June.

Grocery Employees Get Bonus For '32

SAN ANGELO.—It may sound like a bedtime story, but Miss Marie Bunnell, billing clerk for the H. O. Wooten Grocery company branch office here, will show you a bank account to prove it.

Just as the national government ordered a pay cut for federal employees, Miss Bunnell received a letter from the head office. There was a lot of nervousness among the nine grocery company employees here: Was it a salary cut, a staff reduction, a "stagger shift" in working hours?

Miss Bunnell opened the envelope and found nine bonus checks. The grocery concern had not made much money in 1932, wrote President H. O. Wooten, but it had made some, and enclosed was part of the profits for the employees who made the record possible.

Buddy Rogers to Buy Missouri Farm

KANSAS CITY, Mo.—Charles (Buddy) Rogers, film star, is negotiating for a Missouri farm near here. He plans to trade Los Angeles residential property to Mrs. L. D. Marr of Kansas City.

The farm in question is of several hundred acres. It boasts a two-story farmhouse surrounded by verandas. Barns and caretaker's lodge are of timber and brick.

445 Votes Cast In City Election

A total of 445 votes were cast in the Eastland city election held at the city hall Tuesday indicating an unusual interest on the part of the people as to the outcome. The ticket composed of D. L. Kinnaird, T. M. Johnson, and J. M. Sherrill won by a safe majority and these gentlemen, together with the holdovers, N. A. Moore and Frank Castleberry, will form the city commission for the coming year.

D. L. Kinnaird was high candidate, receiving 263 votes. Other candidates and the number of votes received were as follows: T. M. Johnson, 258; J. M. Sherrill, 245; Joseph M. Perkins, 201; F. M. Kinney, 183; J. Carl Johnson, 175.

Play Contest to Be Held In Eastland

The one-act play contest for District No. 9 will be held in the Eastland high school auditorium Friday, beginning at 10:30 o'clock. The winners in this contest will go to Abilene at a later date to take part in the regional contest and the winner there will go to the state.

In this contest Eastland will present the play entitled, "The Telegram." High school students making up the character cast are Ella Mae Taylor, Marie Shoopman, Norma Reagan, Coleman Sullivan and Clyde Chaney. Miss Onita Russell, teacher of expression, is coaching the players and will direct the presentation of the play.

District No. 9 is composed of Eastland, Stephens, Palo Pinto, Erath, Hood and Somerville counties and at this time, the following schools have indicated that they will have contestants here: Eastland, Breckendige, Mineral Wells, Strawn, Ranger and Rising Star.

An admission fee of ten cents will be charged to defray the expense of securing judges and stage equipment.

Pyramiding Sales Tax Bill Killed

AUSTIN, April 6.—A death blow was given to the pyramiding sales tax by the Texas house of representatives today, when it refused to print the measure on the minority report from the committee of administration.

Pleas of administration leader T. H. McGregor for the bill failed to shake the house opposition. The vote to print the bill and thus keep it alive was 45 ayes and 65 noes.

The action applies only to the pyramid tax bill. It does not effect the Kayton sales tax bill. Representative Harold Kayton, San Antonio, announced that his measure will be revised and then be pushed for action.

McGregor had estimated that the pyramiding tax, which called for one and one-half per cent on the last sale and a half of one per cent on preceding sales, would produce between \$30,000,000 and \$40,000,000 a year.

Maunday Thurs. To Be Observed

Dr. J. H. Caton and Judge C. L. Garrett are arranging a program to be presented Maunday Thursday, which is the Thursday before Easter, at the Eastland Masonic Hall. All 32nd degree Masons of Eastland county are invited to attend the meeting.

Further details on the program will be announced later, according to Dr. Caton.

Farm Mortgage Unconstitutional

SAN ANTONIO, April 5.—Texas' newly approved 30-day holiday on all forced sales of mortgaged property is unconstitutional, a finding by W. W. McCrory, judge of the 95th district court here, held today.

Judge McCrory maintained the law violated the right of private sale. His was the first ruling on the law, which become effective only last Saturday.

Announcement In Program Schedule At The Connellee

The management of the Connellee Theatre announces that with the show Saturday night the Eastland County Amateur Program, which has been a Saturday night feature for the past several weeks, will be discontinued for a time to be replaced with feature programs for Wednesday and Thursday nights of each week.

A feature of the Wednesday and Thursday night programs will be that on Wednesday nights men will be admitted free when accompanied by a woman with a 15 cent admission ticket and on Thursday nights women will be admitted free when accompanied by a man with a 15 cent admission ticket. Admission price for children from five to fourteen years of age will be 10 cents any time. Balcony seats will be 10 cents to all at all times. Friday and Saturday nights tickets will be 10 cents unless there are added attractions.

The Connellee management assures the public that it will at all times present the best to be had in pictures and vaudeville and at the very lowest possible rate. Following are some of the big pictures that are scheduled to be shown at this theatre soon: "Rasputin," featuring the three Carrymores; "White Sisters," "Today We Live," "Gabriel Over the White House."

Trades Day Here Well Attended

One of the largest crowds that ever witnessed a rodeo in Eastland was here last Monday. The show started at 2:15 p. m. and included bronc riding, steer riding, calf roping, goat roping. The bronc riders furnished some real thrills for the crowd. The entrants were: Glenn Harry, Johnnie Stewart, Clyde McCarty and Homer Squires.

Entrants in the goat roping were: Lowe Wallace, Burl Henson, Pat Downing, L. D. Munday, L. A. Williams, Hester Bumgarner, Felix Burns, Wintz Graham, Sig Faircloth, L. D. Maynard, Joe Tow and John Webb.

The goat ropers showed excellent skill as the winners were: Burl Henson, time 11 3-4 seconds, Wintz Graham, 12 seconds and Lowe Wallace, 13 seconds.

Steer riding by Jasper Phelps furnished some unusual excitement. Entrants in the calf roping were: Burl Henson, 21 seconds, L. D. Munday, 26 seconds, and Lowe Wallace 33 seconds.

A large number of traders from a distance came into town during Saturday and Sunday and stayed over for the Monday trades day. A large crowd was in town all day Monday and until late Monday evening. Quite a bit of trading and shopping was done.

Charity Game Is Well Attended

Charity was benefitted in substantial manner by the volley ball contest between Eastland Rotarians and Lions, played before an admiring crowd Wednesday night, in high school gymnasium. Rooters were led by Mrs. Jack London for the Lions when the pep squad, wives of the Lions, thrilled the crowd with high school yells, to have a comeback in the Rotarian rooting, lustily shouted by members of their gang not used in the game, which lasted one vigorous hour. Referee work was split between Hertig of Rotarians and two high school boys, and Desmond Daniels serving as score keeper.

The fun was fast and furious, and the boys acquitted themselves in great shape. Grady Pipkin as captain for the Rotarians, in a game fight and Frank Crowell, captain of the Lions, bringing his bunch to victory with just one point advantage in the game score. The game was flipped for serve.

The Rotarians had first serve of the game. Result 15 to 12 in favor of Lions.

Second game, 8 to 15 in favor of Rotarians; third game 15 to 10 favor of Lions.

The Lions scored best two out of three games with total of 38 points, and Rotarians 1 out of 3 with total of 37 points.

Fifty dollars was cleared from the contest and will be used for benefit of undernourished children of public schools.

Failure to Supply Body With Essential Minerals Allows Excessive Acids to Destroy Health and Vitality.

Medical science, constantly searching for ways to prolong life, frequently come forward with startling statements of their findings, but no more astounding announcement has been made in recent years than the statement of an eminent Chemist who now declares that "There is no natural death. All deaths from so-called natural causes are merely the end point of progressive acid saturation."

deficiencies of these vital elements—and at last their efforts have been rewarded.

AID TO NATURE

LEE'S MINERAL COMPOUND, a new and revolutionary formula, actually supplies the system with these vital elements so necessary to health and happiness. It contains the eleven essential Minerals in well balanced proportion, together with Vitamins, and is an invaluable aid to nature in the building of blood, bone, nerve and tissue.

TIMELY WARNING

An amazing statement indeed but a warning, that if heeded, should improve the health and well being, increase the joy of living, and prolong the lives of millions of men, women and children who might otherwise drag through a weary life to an untimely end.

ELIMINATES POISONS

It will rid your system of excess acid, sweep away the dangerous poisons, supply the body with the needed minerals, stimulate the organs of digestion and assimilation, build rich, red blood, clear the skin, give you a keen, hearty appetite, help you to get sound, refreshing sleep, restore health, strength and vitality and enable you to enjoy life to the fullest.

MAKE THIS 10 DAY TEST Convince Yourself!

Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Drug and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

Plan And Save Contest!

Can you plan an economical menu from the items in the picture below?
 Try it . . . and win your share of the prize . . . given every week for the most healthful, appetizing and economical menu. Here's how to go about winning your prize: First, examine the picture below carefully. Then using only those items which are in the picture plan one day's menu . . . for all three meals, breakfast, luncheon and dinner.
 Second, take the items on your menu and find how much each one costs according to the advertisements appearing in this issue of the Chronicle. Opposite the items on your menu write down the page number where you found the ad that listed the item, the price of the item, and name of the store listing it. No items may be used in your menu that do not appear both in the picture and in the ads appearing in this issue of the paper.
READ THESE RULES CAREFULLY
 1. The judges will pick the menus that are most appetizing

healthful, economical, neatest in their presentation, and most accurate in taking the items from the picture and from the ads.
 2. The decisions of the judges shall in all cases be final.
 3. In cases of a tie, duplicate awards will be given.
 4. The winners names will be published in this paper each week.
 Mail your menus to the Menu Contest Editor, Eastland Chronicle, not later than Tuesday night April 11th.
FIRST PRIZE \$1.00

farthest. A visit to the store this week gives one an eyeful of what is being worn this season in every department. For women, for men, for boys, for girls and for children. The spring atmosphere permeates the entire store in such a manner that it is a pleasure to just look around. If you don't buy, it's just because you didn't need anything right then.
 Outfitting the entire family is one of the slogans that dominate the policy of the store and truly with every shelf and rack filled to the brim there is no necessity to go to other cities to find what you want.
 The Economy Store is in the spirit of the times when as Mr. Johnson says, "Things are looking better. We have bought just as much as we always did and feel sure that the people will not only appreciate our values but the quality of the merchandise that we sell. Of course we are for Eastland and lose no chance to do our part in seeing that it keeps forging ahead."
 A special motion picture will be shown at the Conlee Theatre through the courtesy of the Economy Store Saturday, April 8th. Be sure and get your tickets at the Economy Store.
BAR CHINESE LAUNDRY MARKS IN RHODE ISLAND
 PROVIDENCE, R. I.—Those mysterious Chinese characters that appear on your laundry check would be banned in Rhode Island

if the legislature passed Representative James Berarducci's bill. Under this measure, it would be compulsory to print all laundry checks in English.
 A. W. Hennessee, chief of the Eastland fire department, stated this week that the loss in Eastland by fire during the month of March was negligible. Only one run was made by the department and that was to extinguish flames that had barely broken through the roof of a house, causing not more than \$5 damage.
 FORT WORTH, April 6.—City Manager Sam Bothwell of Sweetwater conferred here today with City Manager G. D. Fairtrace on city finances. The two officials also discussed other municipal problems.

Singles—Eastland, Rachael Pentecost, 6-1.

The Eastland girls will play Breckenridge at Eastland this week.

Volley Ball—Eastland played Carbon volley ball teams Monday night at Eastland. The girls defeated Carbon three games out of three and won over the Lions in a practice game with three straight games.

The Eastland faculty was defeated by the Carbon Lions and Carbon men with three games.

Coach Gibson, Coach Brothers, Mr. Palm, Mr. Hargus, Mr. Phillips, Lee and Willie Taylor played on the faculty team.

Pupils Invited To Enter Contest

The Ranger and Eastland high schools have been asked to enter student speakers in the annual My Home Town contest at the fifteenth annual convention of the West Texas Chamber of Commerce in Big Spring, May 11, 12 and 13.

Entry blanks and rules of the contest were sent this week to Superintendents R. F. Holloway and P. B. Bittle by C. M. Caldwell, chairman of the contest.

Contestants must be high school students and each town may select its contestant in any way it desires. The speech must be original and about the home town of the student. The rules provide it shall not contain poetry, and shall not be over five minutes long.

A new loving cup is to be offered to the winner this year at Big Spring—the Thomas Etheridge cup having been won three times by Joe Witherspoon Jr., of Wichita Falls, who becomes its permanent owner. Witherspoon will not be a contestant this year, according to Chairman Caldwell.

In addition to a loving cup, the high three contestants will each receive a substantial cash prize and the winner will be given a choice of a number of college scholarships.

The Home Town contest has been a feature of the West Texas Chamber of Commerce conventions for the past 10 years, and the final contest is held before the entire convention on the last evening.

SENTENCE SUSPENDED

When the case of Henry Brisby, colored, on an indictment for theft was called in the 88th District Court for trial Monday, he entered a plea of guilty and was assessed a penalty of two years in the penitentiary, with the sentence suspended.

Save Money By Trading at Home

(Copyright 1933 by Associated Advertisers, Inc.)
You say you can buy things cheaper by jumping in our car, or on the bus or train and riding to some other place to do your shopping.
But can you? How much do you save, in actual dollars and cents?
Let's consider it for a moment.

We all know that the automobile has made a great change in the life of the nation. More so than any of our other modern inventions, the telephone, electric power and light, or the airplane or any of the many other facilities that we have to make things easier for us. The automobile not only provided us with the means of rapid transit and widened our horizons, but it made good roads an absolute necessity. So now we have surfaced highways running hither and yon, usable in any and all kinds of weather.

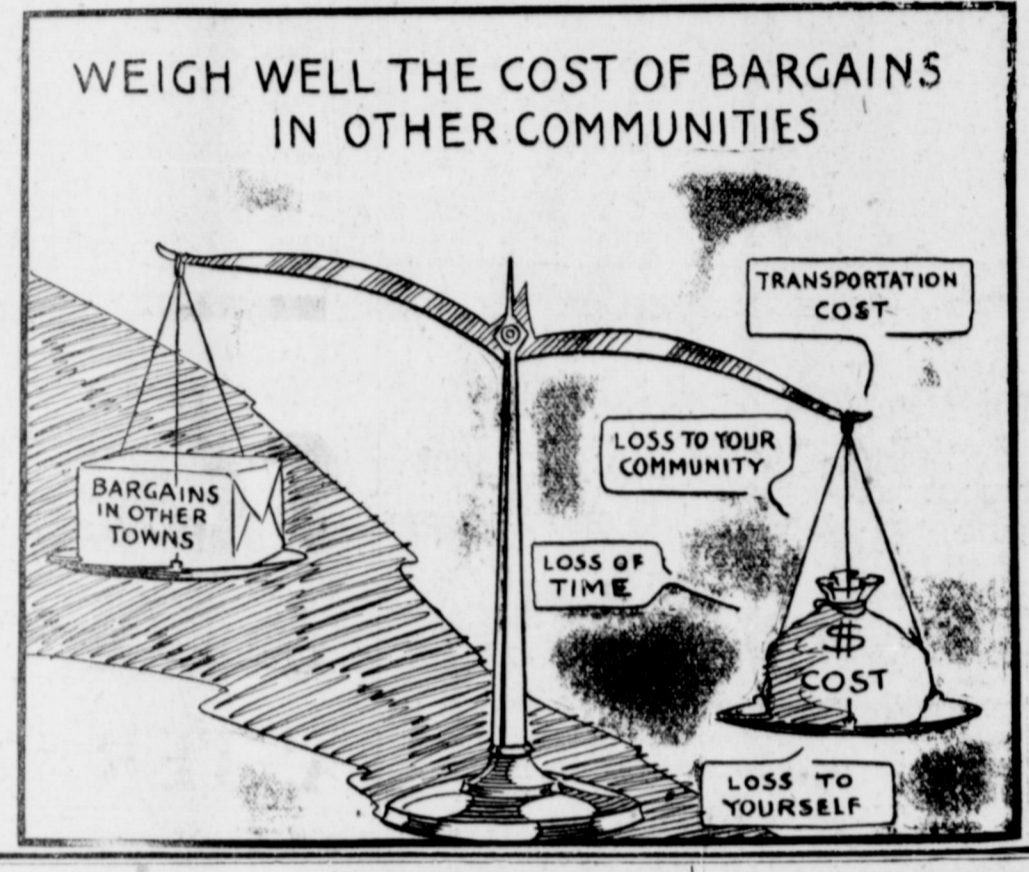

What was formerly a journey of two or three days, perhaps longer, is now a matter of only a few hours. People no longer start out on a trip to a neighboring town or city in fear and trepidation. They think nothing of going 50, or 100 or 150 miles to do a bit of shopping, or make a call, or see a show.

Which is all right, of course, and one of the wonderful privileges our forefathers didn't have. But when someone tells you he can make such a trip and save money by purchasing some articles or other a few cents cheaper than he could at home, he just hasn't considered all the facts in the case.

First, there's transportation. If he goes by bus or train he pays the transportation company for the privilege of riding. If he goes in his own car he pays for his journey just the same, in gas and oil and tires and depreciation on his car. (Most people are inclined to forget that a new car becomes a used car the instant that it is taken out of the dealer's showroom and that its value depreciates constantly with use.) Sometimes the use of his own car is the more expensive method of travel.

Second, there is the time element. Going 50 miles to buy something for a few cents less than it can be bought from your local dealer is uneconomical, to say the least.

Third, there is the question of value. Is the commodity you

WHY WE SHOULD TRADE IN EASTLAND

By Mary Frances Hunter
We, the citizens of Eastland, should trade at home because if we expect to have a real town we have to pull together as citizens. Each business must support the other so that all will thrive and be a success. In this method the money stays at home and works

are building up some other town at the expense of your own.
What, therefore, appears to be a "saving" when you trade away from home, eventually will prove to be a very costly "saving" when you analyze it.

Actually you make money when you trade at home. You make it for everybody in your own town. Don't be fooled by cheap prices and "bargains" in some other place. Support local industry.

Buy from your home-town merchants.
Keep your money at home, working for you and your own people.

WHY WE SHOULD TRADE IN EASTLAND

for Eastland and Eastland citizens.
Merchants are the backbone of the community. They pay taxes, rents, and support our schools. The merchants support our school activities and different things we try to put over. They buy the products of the farmer. Yet, many people buy in other towns. This money builds these towns instead of ours. It costs money for transportation and robs our community of money so you can see how they cannot gain from such an act.

We really ought to trade at home, it would be worth our time. For it would keep our money here just as it does mine. The money would circle round and pay so many bills, the sun would really shine on these depression hills. It would help the butcher, the baker and the merchant too, the second-hand man's things are really good as new. So let's keep our money circulating here, in our own home town and you'll find we're better off if we never let it roam.

Willis Barnes entertained the chapel audience with a musical program Monday, which was amusing and entertaining.

Are You Sold On Your Community?

When a fellow is sold on a community, he can rant and tear up the earth to such an extent that it might become tiresome. But when a fellow is sold on Eastland, how on earth can he say enough about it and who would question his sincerity.

One thing certain, the only way to make any thing worthwhile is to be sold on it 100 per cent. Eastland is no exception. If the entire citizenship of Eastland would just consider for one minute, the importance of doing business with your neighbor, then they would realize how important Eastland is to them.

There are no angels on earth, and besides, who wants to be an angel until the time comes. We might get a little miffed about some little detail and all that, but isn't it most important if we are going to keep on solving these problems together to get just a little closer to each other. Ever notice how neighborly folks are at church, business gathering or some place where sociability predominates. If its good then, why shouldn't it be worthwhile in the business world?

East Texas Oil Fields Shut Down

KILGORE, Texas, April 6.—The vast East Texas oil field reached another zero hour today.

At 7 a. m. production of its 10,000 wells stopped, under orders of the state railroad commission. The commission issued the order last night saying it was for the purpose of determining potential production and to "equalize pressure" among the wells.

Captain E. N. Stanley, in charge of the commission office here, said reports from field agents indicated observance of the order was general and voluntary.

The present shutdown expires at 7 a. m., next Tuesday. It was regarded by some as a preliminary to an open-flow period which will be followed by a new regulatory order governing allowable in the field.

This order, commissioners said, will be written in compliance with federal judges who have ruled previous allowable orders were invalid.

Coach and Mrs. Brothers spent the week-end in Lamesa and Abilene.

Sanitation In The Milk Room

(Note: This is the third of a series of articles dealing with the importance of insisting on government inspected grade A milk. Information for these articles furnished through courtesy of Street's Dairy, Crystal Dairy, Clyatt's Dairy, Pitzer's Dairy, Eastland Dairy Products Co., and Mrs. Clyde Garrett's Dairy.)

Each step as one progresses through a modern government inspected dairy becomes one of such interest that one cannot hesitate to pause enough to become impressed with the process.

After leaving the barns the interest becomes acute because such care is maintained in the handling of the milk. Naturally the milk room is a most important part of this food product. The floors must be of concrete or other impervious material with curved wall and graded. The floors must be kept immaculately clean. No animal life of any kind is allowed to invade the premises. Walls and ceiling must be painted as an approved finish that allows them to be easily cleaned. Lighting must be bright and ample. Screenings and openings must be effectively screened and self closing doors are necessary. There must be no direct openings to barns or living quarters. Every necessary control for flies, insects must be strictly adhered to.

All utensils must be constructed in such a manner that they can be thoroughly cleaned and sterilized. They must be in good repair; seams soldered flush, and the parts must be narrow mouthed. They must be cleaned, scrubbed and rinsed in alkaline solution. Sterilization with steam, chlorine or boiled 15 minutes. No recontamination is tolerated in storage. During the entire handling, there must be no handling of surfaces to which milk is exposed.

All milk must positively be cooled to not more than 50 degrees Fahrenheit and delivered at such temperature. Caps must be kept in tubes of dustproof containers and if not in tubes must be disinfected. Hands must always be disinfected and clean.

Much elaboration can be made in many other fine points of handling Grade A milk however brevity is more paramount to the consumer whose ready time is allotted for those things most vital to their health. In bringing these high points to the consumer's attention we feel that their appreciation will be such that they will visit the dairies from time to time at which time much can be gained, in the manner of information as to how their grade A milk is handled.

Next week the Chronicle will conclude this series with an elaboration on the entirety as well as bringing out other health requirements as expected by the government from those that handle milk for sale for human consumption.

Leon Pafford to Operate Station

LEON PAFFORD, an Eastland county "boy" is going to make good and the Eastland folks are going to see to it that he does.

With an enthusiasm that only youth represents and a full and undivided confidence in Eastland, Leon Pafford has taken over the T. & P. Service Station No. 720, on the Cisco Highway, just one-half block west of the city hall.

Leon was born and reared in Eastland county, believes in it, was educated in the Eastland schools and doesn't want to live any where else. He says: "In taking over this station, I have full faith in the fact that the people of Eastland and surrounding

community will give me a liberal share of their patronage. I know that I am selling one of the best products on the market and when they fill up their car with T&P Gasoline and Aero Oil, they will like it. I have a complete washing and greasing service in conjunction with the station and can service any make of automobile."

It takes Leon's kind to make a progressive community. A full announcement appears elsewhere in this issue of the Chronicle, as to his service which extends an invitation to all his friends and others interested to visit him at his new location.

WASHINGTON, April 6.—The vanguard of President Roosevelt's army of 250,000 unemployed was being enrolled today to work in the forests for \$1 a day and their keep.

Labor department representatives in 16 eastern cities were selecting the first contingent of 25,000.

000. The first recruits were unmar-ried men between 18 and 25. In a few days enrollment of-fices will be set up in smaller com-munities and in the west to permit selection of the rest of the army.

EASTLAND TEXAS

The Fashion Is A Popular Store For The Women

Problems are never so hard to figure when service and quality as well as price are the issues to combat. The women of Eastland and finding out each day that there is an unusual store of this kind now doing business in Eastland.

The Fashion Shop, is one of the best examples of just such an institution. Since opening the store late last fall, Mrs. Dave Wolf, has kept the wires hot and has made many trips to market studying the fashions that will be worn this spring and summer. As a result the store is showing styles and fashions in every feature of ready-to-wear that are outstanding in the fashion world. Many whom have been to the larger cities, and store shopping, have decided that the Fashion Shop is the answer to "what to

buy this season," and have returned fully convinced that there is no necessity to go elsewhere. A decided feature of the store's policy is that there is no duplication and every type, whether stout or slim, blond or brunette, can be fully equipped with a complete ensemble that will look just the counterpart of its wearer.

Much of this individualism is due to the full knowledge of Mrs. Wolf of the women that the store must serve, to please them. It is only fitting for those that have been seeking an individual store to admit that there is one in Eastland.

The Fashion has added a shoe department which completes every detail of women's needs. The shoe department features women, misses and children's shoes.

It is only natural that every shoe is new, up to the minute in style for what is being worn now throughout the spring and summer season. This new addition will no doubt be gladly accepted as a great need for those who feel that the very highest quality combined with the newest fashions were a necessity in their shoe needs.

The Fashion Shop presented the newest models of all wearing apparel Thursday evening at the Connellee Theatre to an enthusiastic audience and the applause received was a supreme reward for their efforts to bring to the women an ideal store for women. The program was as follows: Orchestra, Baker Blue Boys.

Afternoon Frocks, modeled by Lucile Brogdon, Billie Harris, Shirley Ferrell, Betty Perkins, Nell Teague, Ruby Tindall, Gene Mitchell, Eva O'Brien, Evelyn Hearn, Sarah Williamson, Faye Hock and Ione Raines Norton. Special Dance, by Charles Davis, Breckenridge.

Wash Frocks. Specialty Number, pupil of Mr. Davis. Sport Clothes and Street Wear. Specialty Numbers, Alice Jones and Jennie Tolbert. Evening Gowns.

Eastland County Gets Road Aid

AUSTIN, April 3.—During the past two years a total of \$38,000 has been spent on Eastland county's state highways, of which the county supplied but \$3,000, with state and federal funds making up the balance of \$35,000.

This the Texas Good Roads association reported today from an analysis of the biennial report of the state highway department, at the same time warning motorists that only about one-third of the mileage in new roads will be built this year that was built in 1932.

Eastland county, the analysis continued, received \$106,000 in highway maintenance from the state during 1931, and \$79,000 in 1932.

"The Texas highway system today is a job half-finished," the association's warning said. "Yet its sinews—the money paid by motorists in gasoline tax—are being steadily weakened. Only two cents of the tax goes to road work this year where 3 cents went in 1932. There are 200,000 less motor cars on the highways than there were two years ago, and the gas tax revenues fell off \$1,800,000 last year. It will fall more."

"Even if present funds are not disturbed, road construction in Texas this year will be only one-third of that last year. Yet there are two bills now before the legislature, one of which proposes to cut the small remaining mileage in half, and the other to stop all new road building. If motorists will join in concerted action to advise legislators of their will, a catastrophe to Texas can be averted."

L. C. Burr & Co.'s Store a Popular Shopping Place

Regardless of what any other time of the year means to everybody, Easter dominates all other days as far as things to wear are concerned. That's one time of the year that every man, woman and child wants to look their best and as a rule they do, because it's springtime and what is more outstanding and more beautiful than the touch of spring.

Perhaps one of the outstanding stores that are serving many communities can well be mentioned here inasmuch as they are giving all the facilities of their service to the citizens of Eastland and surrounding communities. L. C. Burr & Co., when they first established their store here had an overlasting faith in Eastland as a city that would appreciate just such a store as they established here. They were especially interested in finding out at a great expense the type of merchandise that the people would buy. They had in mind to give value without the sacrifice of quality. A corporation buyers have been for many months placing orders for the highest type of spring merchandise to be here on display in time for the great Easter season which is more important this year because the date of Easter comes at a time when spring merchandise would be in greatest demand.

A visit to the L. C. Burr store gives one an inspiration as to just what result could be obtained when individualism is considered by their buyers in the merchandise offered. The store features merchandise for the entire family regardless of age and even the tiny baby is not overlooked in the attention given to its dainty needs. Every department is conveniently arranged with easy access for happy shopping.

Mr. Tunniff, local manager of the store states: "We certainly have outdone ourselves this spring in every conceivable manner in bringing to Eastland the very best that the market offered at wonderful low prices. Take for instance ladies ready-to-wear, which includes beautiful dresses, chic millinery, fascinating footwear and all the necessary accessories to match—it will give any woman an inspiration just to visit our store and look around. I have never seen our salesladies so enthusiastic over spring merchandise as they are this year and I feel sure that this enthusiasm will impress every woman who comes here to select their entire Easter and spring apparel. We have by no means overlooked the men's department. Suits, shoes, hats and shirts that simply radiate with spring smartness. Of course our store is equally im-

portant as to the needs of the young miss, young man and those of school age in younger years. Our baby department is always of inspirational interest to mothers. All in all we are really proud of ourselves this year. But we feel that nothing is too good for Eastland and we hope to live up to that purpose of mind.

"Prices on our big four-page circular still hold good for the Easter shoppers and we call special attention to many items listed elsewhere in this issue of the Chronicle," added Mr. Tunniff.

The Men's Shop Has Service And Quality Goods

Exclusive concentration is one of the greatest assets for superiority in the line represented. For several years The Men's Shop has been serving the men and boys of Eastland with individual lines of wearing apparel and have devoted their entire energies to satisfy as well as give quality and price.

Such an institution is a valuable asset to any community and should be given every consideration as to patronage. Men are peculiar creatures. As a rule they buy quickly and expect what they buy to be just as represented. The Men's Shop therefore has always been very careful to see that when a man walks out with a purchase that there will be no kickback. Exclusive concentration is a decided factor in the assurance that the sale when made will not only be satisfactory but have a comeback to it that means more business. Mr. Julius Krause, who conducts the Men's Shop, never misses an opportunity to find out what men want and what will satisfy them.

Mr. Krause says: "In the past a few years women have been very instrumental in directing the purchase of men and boys clothing. Our store has made it a definite point to see that every possible care is maintained in seeing that the same confidence will be established as if we were serving the man himself. In fact, we appreciate beyond words that the women have taken an interest in what their husband or sons wear and have done everything in our power to see that their tastes in styles and colors are in keeping with their every day contact with those that should please them most."

"Our store, we are proud to say, is one that is always open to criticism and what we want to do is serve the people of Eastland and surrounding community with every thing that they need for men and boys. Our own knowledge of the business is such that we feel that nothing should

be left undone to see that the very best at the very lowest price should be here when it is called for."

The Mens Shop is an Eastland store, serves it with every conceivable worthwhile interest in its welfare and deserves the full support of the community. We are for the Mens Shop because they

do business in Eastland. See their ad in this issue of the Chronicle.

G. T. Taylor attended the track meet and visited friends at A. C. C. Saturday at Abilene. Mr. and Mrs. Palm and Billie Francis visited in Wichita Falls last week-end.

What Is ATHLETE'S FOOT

Over 30 Million Americans Now Have It—
Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people.

The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernate in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES.

Medical Science has recently developed an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply sifted on the feet and into the shoes.

Meritt Foot Powder quickly eliminates excessive perspiration and itching of the toes. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded?
