large crowds and much good is being accomplished. All who have heard Rev. Irvin are delighted with his sermons as well as his manner of conducting the several departments of the services. Rev. Howell and the Methodist church are fortunate in having the assistance of Rev. Irvin.

Many friends and business associates of L. E. Hirt were shocked and grieved to hear that he had dropped dead in Fort Worth one day last week. He had for many years held valuable oil and gasoline properties here in partnership with W. F. MacDermott and with I. N. Williams as superintendent of their property here.

### JUDGMENT RENDERED

Judgment was rendered Friday for the plaintiff by Judge Geo. L. Davenport of the 91st District Court in the case of William H. Dill vs. Texwa Oil Company. In this suit claims amounting to \$11,000 was involved.

### "College Humor" At Lyric Monday

"College Humor," Paramount's boisterous words-and-music version of college life as it ought to be, opens a two day showing Monday at the Lyric Theatre.

"College Humor" boasts an all-star cast, a fast-moving story, a topnotch chorus, and music that already has proved successful on the radio and dance programs.

In its cast are Bing Crosby, Richard Arlen, Mary Carlisle, Jack Oakie, George Burns and Gracie Allen, Lona Andre and Mary Kornman. The Ox-Road Co-Eds, a chorus of stunning youngsters provide the dancing. Its music—"Learn to Croon," "Moonstruck," and "The Old Ox Road," its three hit tunes—was written by Sam Coslow and Arthur Johnston.

"College Humor" is the story of a campus at which reputations made on the gridiron are lost in the boudoir; where co-eds learn the facts of life more readily than mathematics or science.

Bing Crosby is cast as a young instructor. Arlen and Oakie are football heroes, each in his own fashion. George Burns and Gracie Allen are college-widow and college-widower, in their own particular styles. Mary Carlisle, Lona Andre and Mary Kornman are

among the co-eds who make life difficult for the boys.

Music and comedy are distributed lavishly throughout the story,

and the Ox-Road Co-Eds dance in and out of the action. Every resource of the Paramount studio—musical and writing and acting

and directing talent—went into making it the outstanding comedy success of

## DESDEMONA

DESDEMONA, Aug. 10.—The fire Saturday morning was the first one in Desdemona in sixteen months. At five o'clock the fire alarm gave forth its shrill notes calling the people of the town to the home of J. W. Griffin which was blazing all over the roof when it was discovered by neighbors who rushed over and waked Mr. and Mrs. Griffin and their daughter, Mary. The flames were eating their way through the timbers so rapidly that only a few pieces of furniture were saved and hardly any of their personal belongings were gathered up in their excitement. Mr. Griffin lost his spectacles and also his false teeth. The house was one of the most convenient and best built ones in town, having been erected during boom days and first occupied by J. D. Steakley and family and then by the late Levi Anderson and family and was sold by Mrs. Anderson to the Griffins.  
Losses were partially covered by insurance but many belongings were burned that money could not buy.  
William Howell son of Rev. and Mrs. L. Howell returned Thursday night from a delightful summer vacation during which he visited friends and relatives at Shreveport, La. and various places in Alabama, Mississippi and Arkansas.  
Mrs. Ed Davis and daughter Mildred of Tahoka, accompanied by her other daughter, Mrs. Veta Davis and two sons of Eastland, came down Saturday and visited Miss Mollie O'Rear and Mrs. Annie Daniel a short time.  
Mrs. Dr. Kimble of Gorman came over Sunday afternoon and attended the quarterly meeting of Cisco district for the Desdemona and Olden churches.  
We are glad to report that Mrs. S. E. Snodgrass continues to improve and sits up most of the time.  
Harve Smith and family of Victor attended the quarterly conference at the Methodist church Sunday afternoon.  
Jay Maltby, who has been working at Kilgore several months has been visiting his parents, Mr. and Mrs. C. W. Maltby the past ten days. He was called home on account of the serious illness of his grandmother, Mrs. Whitton, whom we are glad to report is much better.  
Mrs. Donald Howell and three little daughters left Wednesday for their home at Kilgore after a visit of three weeks with her mother, Mrs. J. E. Derrick of Olden.  
Mrs. V. O. Wyatt and daughter Virgie Sue of Olden, were guests of Mrs. Cecil Williams Sunday. The Wyatts formerly lived here and are always welcome visitors.  
Mitch Bailey and son Rex, drove up to Ranger Saturday on business.  
Mr. and Mrs. W. C. Bedford drove up to Ranger Saturday and Mrs. Bedford had some teeth extracted at the West Texas Clinic and Hospital.  
Mrs. Harold Jones and children of Stephenville were guests of her parents, Mr. and Mrs. Tom Nabers last week.  
The revival meeting being held at the Methodist church with Rev. David Irvin of Fort Worth doing the preaching, continues to draw

**Natural GAS Remains**  
Your Lowest Priced Domestic Service

PRICES are going up. So say the newspaper and business experts . . . so say the price tags in the stores. Food, clothing, commodities in general are moving steadily to higher levels to meet changing conditions.

But Natural Gas Service, always your lowest priced domestic servant considering the value received, remains at its same modest price level. Instead of advancing to keep pace with other costs, it becomes by comparison an even greater value before.

Yes, you can still cook a dinner for three people, make 33 cups of coffee, or operate a gas refrigerator from 8 to 10 hours for a gas cost of only ONE CENT for each of these operations, because Natural Gas Service remains your lowest priced domestic servant.

Back of the blue flame at your gas burner are 4,000 miles of interconnected pipe line, 31 gas fields, and a trained organization . . . to enable you to have hot water for ten baths for only 5 cents.

 Claude Cobb and Marvin Hall with a few other boys went to the Sabanno river fishing one day this week and came home with a very fine string of buffalo and catfish, in all about 30 pounds. After dividing with all the kinsfolk the boys asked this scribe to sit at the head of the table for the fish fry at the home of Mr. and Mrs. G. D. Hall, which we did and enjoyed a real feast of "the fishes and loaves" and as well as this scribe loves fish, there was plenty of fish left after two large tableful had been filled.  Troy Cannaday and wife were visiting in the home of the wife's parents, Mr. and Mrs. U. G. Kinard of Shady Grove, last Sunday, and brought back a fine Tom Watson melon and ye scribe found great pleasure in helping to eat it.  
 Old-timers in this community say we have had more east wind and less rain the past two months than they ever saw. There is a very great scarcity of water around here. Some folks are handicapped on account of the scarcity of water, while others are praying for beer. But maybe we hadn't ought to have told that.

**Cash Payment to Farmers Will Be Delayed**

WASHINGTON, Aug. 9. — Immediate cash payment of \$190,000,000 in crop reduction benefits to American farmers was in doubt today as officials sought to untangle complications arising from a 58-year-old law.  
 Agricultural adjustment administration officials said if the cash payments were not made on schedule, success of President Roosevelt's farm relief program would be endangered.  
 Farm credit administration leaders countered with the assertion that much of the \$190,000,000 fund should be used to reduce the farmers \$350,000,000 debt to the government.  
 The law says the government can pay no money to any individual without deducting what that individual owes the government. Attorney General Cummings prepared a ruling for presentation today to a committee of three.  
 The committeemen indicated they would dispose of the dispute in a few days.  
 The impasse is holding up \$100,000,000 in checks prepared for delivery to cotton farmers who promised to reduce their crops. About \$90,000,000 more is scheduled to be paid wheat farmers this fall.

Florine McLellan, who lived here several years ago but now lives near Eastland, was injured in a car wreck the other night between Olden and Ranger. Her hands and face were treated for cuts and she was painfully though not seriously injured.

Mrs. Charles Peterson is resting well after an operation at an Eastland hospital Saturday.

The ball game scheduled for Sunday between Moran and Olden and which was to have been played at Olden, was not played because Moran's team failed to arrive.

Merchants, employers, company officials, and in fact our entire community seem to be doing their utmost here to comply with the new NRA code. It is hoped our town will be 100 per cent blue eagle advocates and workers.

ZANESVILLE, O.—This bantam hen is not particular about the kind of babies she mothers. The hen, owned by Robert Serrell, 12, has been mothering a brood of five chickens and 12 baby quail. The latter found in a nest the hen preempted in a field near her coop.

### Prohibitionist To Speak Friday Morning At 10:00

The Rev. P. T. Stanford, pastor of the Central Methodist church of Brownwood, announces that he and the Rev. J. A. Newsom, a Baptist minister, representing the United Forces for Prohibition will speak on the West courthouse lawn in Eastland Friday morning at 10 o'clock. These are two of the strongest workers for the cause of prohibition in this section of the state.

The following information is given concerning the Rev. J. A. Newsom: "Brother Newsom has had a very interesting life." His father and mother were killed by the Indians when he was a lad and he has taken away to live for years with the Indian tribes. He will be dressed in the costume of an Indian chief. His story has thrilled thousands throughout the United States and around the world."

Several people of Eastland know the Rev. Newsom and are acquainted with the facts concerning the death of his parents and of his capture by the Indians in a nearby county. They recommend him highly as a man and as a speaker and say it will be worth your while to take time off and hear him.

### Pipkin Brothers Optimistic Over The 'New Deal'

Optimism regarding the outcome of the new deal thoroughly impregnated the system of Messrs Grady and Jess Pipkin, owners of Piggly Wiggly stores operating in Graham, Breckenridge, Ranger, Stephenville and Eastland. The parent franchise dispensers of the Piggly Wiggly store arrangement patents issues each month a bulletin of the progress of the Piggly Wiggly stores throughout the world and in each issue there appears a special honor roll which can only be invaded by Piggly Wiggly stores showing a certain stipulated increase in business. It is very gratifying to note that even with the stringent rules and the percentage of increase necessary to gain a place of honorable mention that the Piggly Wiggly store of Eastland came within the category of this specialty out of 216 towns. It not only gives Eastland the benefit of being placed in a column of good business activity but also reacts to the popularity of Messrs Pipkin Bros. as operators and owners of Piggly Wiggly stores in this section, of which Eastland is their headquarters and where they maintain their warehouses that serves all their other stores.

Grady Pipkin stated that he looked forward to future increased business and that during the past week the Eastland store enjoyed the best week for the year in sales. Mr. Pipkin also stated that although nearly every commodity of merchandise have made sharp advances that they are holding their prices down as long as they can in line with the stocks that have had on hand and any advances are due to those forced by necessitating new purchases at advanced prices.

Such an organization operated by home boys can only expect continued success and the confidence of the people. They are always active in civic, church and social life of the communities in which they live and operate. Grady Pipkin lives in Eastland and Jess Pipkin lives in Breckenridge. Their entire operating structure has been revised according to the requirements of the government and they proudly display the Blue Eagle and back it up by increased wages and adding new employees. And they have faith in the government and in the prospects for future prosperity in every line of business.

### Salvation Army In Need of Funds

Funds for carrying on the work of the Salvation Army are badly needed according to W. D. Pedigo, field representative from headquarters to make the canvas.

The estimate for the county is the lowest ever asked. The appeal will be under the supervision of the county advisory committee.

The Salvation Army maintains throughout this division protective homes for girls, maternity homes, industrial homes for men, etc., to serve those requiring such facilities no matter from what town or hamlet they may come. A good percentage of the service is shared by towns and rural communities.

During the past year they served meals to 138,700 transients; gave lodging to 55,000; found employment for more than 3,000 men and women; 250 girls were taken care of in the maternity and hospitals.

The campaign representative, who will be here, states that the campaign at this time is for the entire year; any other solicitation, tambourine or otherwise, will be without authority from the organization.

Just because you're in the red these days is no reason to have the blues.

Young Women's Association Enjoys Evening

The Young Women's association of the Baptist church held their regular weekly meeting with Miss Thelma Wood at her home on West Commerce street Tuesday night, with the session opened by their president, Miss Della Webb, and devotional on "giving," taken from portion of Scripture, brought by Miss Irene Williams.

The principle and practice of the "Largette," was exemplified in a playlet presented by Misses Della Webb, Lucile May, and Rowena Cook.

This explained how the funds of Largette are applied in the United States toward the caring for and education of children of United States missionaries stationed in foreign climes.

During the business session a sunrise breakfast and swim at 4:30 a. m. was arranged for this Thursday morning.

Friday morning the Y. W. A. will meet at the home of Mrs. L. J. Lambert for a covered dish luncheon and a spend-the-day visit, when the braided rug for the cradle roll department of the Baptist church Sunday school will be started.

At close of a pleasant evening the hostess served iced punch and cakes, to guests of the evening, Mrs. Firman Terrell of Megargel, Texas, the former Miss Opal Hunt; Mrs. Ruth Butler, Mrs. Aurella Wright, and Miss Ila People of Ranger. Members present were Misses Lucile May, Ruby Harbin, Irene Williams, Della Webb, Thelma Wood, Aline Williams, Rowena Cook, and their director, Mrs. L. J. Lambert.

The association will meet next Tuesday evening with Miss Lucile May.

Lovely Club Party

The Clover Leaf club was charmingly entertained Tuesday afternoon at the home of Mrs. Carl Garner, artistically decorated for the hour with fragrant flowers, the pastel shades reflected in the matching appointments for the two bridge tables, in tallies, score books and playing cards.

At close of bridge, high score guest favor in game, a table scarf, was awarded Mrs. Jimmie King; and a vanity set, the club high score was awarded Mrs. Carl Johnson.

The cut-for-all at each table, dainty kerchiefs, brought these favors to Miss Walker and Mrs. Coffman.

At the tea hour a delicious salad was served with potato flakes, wafers, pickles, cake and iced tea.

The club will meet in two weeks with Mrs. Carl Johnson.

Guests attending were Mrs. Jimmie King, Mrs. Lester Crossley, and Miss Aline Walker, and club members were Mrs. W. L. Brashier, Mrs. Joe Coffman, Mrs. Collins, Mrs. Carl Johnson, and hostess, Mrs. Carl Garner.

Eloise Ligon Entertains

One of the pretty little parties of this week for the younger set was the informal affair of Miss Eloise Ligon. Three tables employed in bridge were dressed in playing appointments carrying out the yellow and blue color motif.

High score favor in bridge, a clever manicure set, was awarded Miss Lurline Brawner, and Miss Pauline Bida was consoled for low score with an eye cosmetic set.

Dainty refreshments were enjoyed of a variety of sandwiches, potato flakes, olives, iced lemonade, and candy by Misses Ruth Harris, Ellen Francis, Audrey Brawner, Louise Day, Verma Rae Knight, Lurline Brawner, Pauline Bida, Margaret Frye, Earline Harvey, Lila Ben Ferrell, Mary Frances Hunter, and hostess, Eloise Ligon.

Rev. and Mrs. C. W. Lipsey Entertained Relatives

Rev. and Mrs. D. F. Tyndall of Savannah, Ga., and their daughter Miss Hortex who have spent the past fortnight with Rev. and Mrs. C. W. Lipsey, left Monday for Cisco, to open a revival meeting for Dr. Tyndall, president of Randolph College, who will continue the services at the Christian church in Cisco, for the next ten days or two weeks.

Rev. D. F. Tyndall is pastor of the Second Christian church of Savannah, and with his family spent his vacation here, with his brother, Dr. Tyndall in Cisco.

They were entertained with a luncheon at Cisco Lake by Dr. and Mrs. Tyndall, who had a number of friends to meet them.

The visiting pastor preached Sunday of last week in the Eastland Christian church and conducted both morning and evening services this Sunday prior to his departure. He preached Monday night in Cisco, at the First Christian church.

Rev. Lipsey was assisted by Rev.

Tyndall in the prayer meeting services in this city last Wednesday evening, when there was an attendance of fifty-two people.

The Wednesday night services of the local church are being largely attended and a cordial invitation is extended all interested to come and hear these fine lectures on the Book of Acts.

Family Dinner Party

Mr. and Mrs. W. C. Coleman entertained a genuinely old fashioned family party at their home on South Seaman street this week-end, some of the guests arriving Saturday, others Sunday, and remaining over Monday in this hospitable home, as the various members were enroute from their vacations at varying points to their homes.

The party included Mr. and Mrs. H. L. Coleman and son Randall of Duncan, Okla., Mr. and Mrs. John Yancey and son Royce of Springtown, Texas; the brother and sister of Mr. Coleman; and his niece and her children, Mrs. Joe Wren of Weatherford.

Also Mr. Coleman's nephew, a cousin of the other Wren family, Mr. Herschel Wren, also of Weatherford.

Members of the host and hostess family were Mr. and Mrs. Olin Stover, Mrs. Ila Mae London, Miss Maxine Coleman, and the Coleman sons, making a family dinner party of 21 members on Sunday.

The dinner was served at 1:00 p. m. and menu of fried chicken, creamed potatoes, iced tomatoes, lettuce, pineapple salad, ice cream and cake, iced tea with lemon and mint, was served to two separate tables to accommodate the large gathering.

It is refreshing in these days of modern hurry to realize that after all family ties are the strongest, and that there are still some families who pause to respect them.

Au Revoir Compliments

Mr. and Mrs. S. D. Phillips were complimented with a picnic supper at the city park, given by Meses P. B. Bittle and W. P. Palm, on the eve of the Phillips' recent departure for a month's vacation, to be spent between Pittsburg and Linden, Texas.

A delicious spread was enjoyed by the honor guests and Mr. and Mrs. R. J. Cox Jr., Supt. and Mrs. P. B. Bittle, Mr. and Mrs. W. P. Palm, and little Billie Frances Palm.

Attended Mother's

Birthday Anniversary Mr. and Mrs. Virgil T. Seaberry attended the birthday anniversary of Mrs. H. J. Seaberry, mother of Mr. Seaberry, which was celebrated at the family home of Mr. and Mrs. H. J. Seaberry in Poolville, with a covered dish noon luncheon on the 77th birthday anniversary of Mrs. Seaberry, nee Nancy Boyles of Arkansas.

Of the 11 married years of Mr. and Mrs. Seaberry, the major portion has been spent in Texas.

Five sons, two daughters, and 15 grandchildren attended the reunion. There has never been a death in the family, and this was a happy meeting. Miss Reva Seaberry returned to Eastland with Mr. and Mrs. Virgil T. Seaberry, and will visit them until the opening of South Ward school, where she will again teach this winter.

Mr. and Mrs. Hamner Entertain

Mr. and Mrs. Ben Hamner entertained Mr. and Mrs. W. W. Phillips of Waco, with a lovely evening dinner served on the attractive lawn of the Hamner home, during the recent visit of Mr. and Mrs. Phillips, with the latter's mother, Mrs. J. P. Hearn.

Three tables were prettily dressed in linens and centered with purple crepe myrtle, and place cards indicated covers for 12.

The menu of baked Virginia ham, with iced tomatoes, lettuce with mayonnaise topping, California salad, pickles, potato flakes and hot rolls had a third course of ice cream and rich cake.

The lawn was prettily lighted for the occasion, and the attractive background of boxed flower borders made a delightful setting.

Radio music was enjoyed throughout the evening by Mr. and Mrs. Fred Maxey, Mr. and Mrs. J. O. Earnest, Mr. and Mrs. Roy Birmingham, Mr. and Mrs. John Ernst, Mr. and Mrs. W. W. Phillips, and Mr. and Mrs. Hamner.

Entertaining Sister

Mrs. W. D. R. Owen is entertaining her sister, Mrs. C. B. Jameson, and small daughter, Anne June, of Marlin, Texas, who arrived Monday for a 10-day visit.

Mrs. Jameson is a very attractive woman, and has many friends in this city.

Mrs. Guy Dunnam Honored

# RELIEF WORK REPORT MADE FOR THE STATE

AUSTIN, Aug. 7.—Preliminary surveys for rehabilitation work which is to follow relief work are under way. First reports have been forwarded to Washington by the State Rehabilitation and Relief Commission with headquarters here.

Highlights in the preliminary report are: In addition to 1,250,000 persons on relief rolls in Texas, breadwinners of 400,000 families are unemployed. The families still are being aided over by savings or by aid of relatives but in time will be on relief rolls unless rehabilitated.

Three per cent of those on relief rolls are permanent public charges. Seventeen per cent are depression victims. The 17 per cent includes those who have passed working age and have lost savings; those whose usual vocation has been taken away by industrial changes; those worn out by malnutrition and worry, and those who have become unable to work through illness.

A high percentage of those now on relief who are unfit for re-employment was indicated in county reports from Harris county. A copy has been forwarded to Federal Administrator Harry L. Hopkins at Washington. It shows 9,725 families on relief rolls in June, 700 of them without male members. Of the 9,000 to be considered in the rehabilitation program, 5,700 already have been examined and 3,000 of these found fit to work; 1,181 are superannuated; 1,522 were suffering from strains that might be corrected by minor operations. The check is not complete as the work is being staggered so it can be done with the small forces available. Tests are continuing.

Of the unemployed, it is natural the most active and most trained will be first absorbed in re-employment. Col. Lawrence Westbrook, state director of the commission, urged passage of the \$20,000,000 state relief bonds co-operate with the federal government in care of the others.

## Canada's Liquor Production Is Up

MONTREAL.—The domestic production of liquor in Canada is greatly in excess of the domestic consumption, causing the supplies on hand to pile up to high levels, according to the department of national revenue.

The quantity of domestic liquors in bond is about 40,000,000 gallons. This is Scotch, rye and gin. The annual domestic consumption of domestic liquor is about 850,000 gallons. The relaxation of enforcement of the 18th amendment in the United States pending repeal, has had an effect on the Canadian exporting business, but is not as beneficial as some expected. When beer was legalized in the United States, this act had the automatic effect of removing the ban on the Canadian export of beer of equivalent strength, and, at border points, a certain quantity of it is going over.

The export of Canadian liquor via the St. Pierre route—the base of the American rum row—similarly has undergone some transformation. Early this spring it declined amazingly. Now it is coming up again, but generally is below normal. This is taken to indicate either that the United States is using the home liquor product, or importing more through the West Indies, or else is able to quench its thirst with the light legal beer.

Women, always were self-sacrificing creatures. Heard the other day of one of 'em who married a banker to reform him.

## Business Uptrend Was Continued During Past Week

DALLAS.—Although statistical business news was submerged during the past week by the more spectacular details of industrial recovery as exemplified in the president's re-employment drive under the NRA, there was ample evidence to show the uptrend of recent months was continuing at an undiminished pace.

Indicative of general trade expansion was the steadily gaining wholesale business. Most important index of the Texas wholesale trade was the report of the Dallas Clearing House association, which showed total bank clearings for July to be more than \$12,000,000 in excess of clearings for July, 1932. The figures were \$10,367,150.09 against \$98,699,022.92. July's clearings represented a gain of \$3,778,722.01 over those for June, corroborating general estimates of continued growth in business made by last reporting agencies as the Dallas federal reserve bank, Dun and Bradstreet, Inc., and the Bureau of Business Research of the University of Texas.

Insuring expectations of renewed demand for commodities, was the president's blanket recovery code. Scores of thousands of Texas employers rallied under the Blue Eagle of NRA, assuring new jobs and augmented purchasing power for four times as many employees.

Agricultural commodity prices kept pace with those in other industrial fields.

The increase in gross farm income for the first seven months of 1933 over the same period of 1932 was estimated at approximately \$39,000,000 by Victor H. Schoffelmayer, Dallas farm writer. On Aug. 1, according to Schoffelmayer's survey for the Dallas News, the farm income figure stood at \$115,373,808, compared with \$76,389,705 on Aug. 1, 1932.

Prices three times those of the preceding season offset decreased production of wheat and oats, with wheat leading all other Texas farm products in July in produce an income of \$3,844,000 from sale of an estimated 3,804,000 bushels. Oats sales for July totaled \$3,000,000; cotton \$2,375,000; cattle and calves \$2,844,000; hogs \$518,000; sheep \$520,000; poultry and eggs \$204,000; dairy products \$1,300,000; truck crops \$800,000, and wool \$135,000.

Shipping news, as reflected by the Shippers Digest published at Galveston, continued encouraging. Total foreign exports of cotton through the port of Galveston on July 21 reached 1,966,803 bales, with prospects the figure would move above 2,000,000 before the end of the shipping season.

The flood of federal rental checks in the cotton reduction campaign was expected to reach its peak in Texas by the middle of the month, sweeping between 40 and 50 million dollars in spot cash into the pockets of farmers who participated in the retirement drive.

Other sources of ready cash and new employment included the federal-state highway construction program, on which the state highway department will receive bids Aug. 16. Nearly \$25,000,000 in federal money will be apportioned in road projects throughout the several counties of the state. Expenditures for public works from the \$3,800,000,000 fund also will add to the state's purchasing power. It is expected the first loans to Texas municipalities will be forthcoming by Aug. 15, after which a huge construction campaign employing thousands of men will be initiated in scores of commodities throughout the state.

ST. FRANCIS XAVIER CHURCH This is the tenth Sunday after Pentecost and the epistle read today is taken from the first epistle of St. Paul to the Corinthians 12: 2-11; and the Gospel is from St. Luke 18:9-14.

Mass will be at 7 a. m. by Rev. M. Collins. Tuesday, Aug. 15, is the Feast of the Assumption of the Blessed Virgin Mary into heaven and is a holiday of obligation. Mass on that day will be at 8 a. m.

Monday is day of fast and abstinence.

## DRY SPECIAL MAKES STOPS IN THE COUNTY

According to schedule announced the West Texas Dry Special automobile train with replica of engine pulling a 30-foot Pullman car equipped with modern conveniences such as berths, etc., arrived in Eastland county Friday. The crew arriving with the train was Dr. W. A. Shepenson of Simmons University, Grady Morton, secretary of the 24th district; J. H. Crouch, secretary of the 23rd district and Wilson Dees engineer. The others of the crew, Judge B. D. Sartin and Dr. B. B. Corbin were filling appointments at other places during the afternoon. Grady Morton, a former resident of Eastland, also spoke.

This train is on a 3,000 mile campaign tour of West Texas and has completed about half of the itinerary. They meet at a night rally in Baird today. Four of their speakers fill pulpits in churches of San Angelo and Sunday night a general rally at Coleman.

Stops in Eastland county were made at Cisco, Eastland and Ranger. The speaking program was concluded by J. H. Crouch who reviewed the reasons given the people in asking them to repeal the 18th Amendment.

### Prosperity and Jobs

He quoted testimony of Mr. Busch of the brewing company to the effect that 512,000 men was the largest number ever employed by all the liquor industry in the old days with over 400,000 of them bartenders and referred to Irvine Fisher, noted economist of Yale University, when he said that not one single new job could be provided by the return of liquor but that it would transfer men and women these days, from jobs in legitimate business and make bartenders and barmaids out of them; that every bottle of beer drunk meant a bottle of milk less. He declared that if the amount of revenue the postmaster general said could be raised was raised from liquor sales that legitimate business would suffer by that amount and the figures would run into the billions of dollars. He said no man ever was known to drink himself rich and no nation could drink itself rich; no drinking man could successfully hold a job and be an asset to his community. He said government figures showed that one million investment in the brewery business employed 84 men while the same amount invested in the shoe industry employed over 500 men, with other lines of business in proportion. The need of the nation is sober men, not drunk or drinking men and women.

### Good Democrat

The speaker said we had been told that to be a good Democrat we should vote for repeal and declared this was not true, quoting from the democratic platform the assurance that the saloon should not return; that Senators Connolly and Shepherd and three fourths of the Texas delegation in Congress were voting against repeal and against beer; that it was a better Democrat that voted with them and others like Dr. George W. Truitt, Dr. W. R. White, Dr. Sealeman, Dr. Sandifer, Dr. J. W. Hunt, etc., and to vote with Jim Farley.

## Smuggling Ring Thought Found

EL PASO.—Secret service agents and Mexican customs officials have revealed what is believed to be an attempt to organize a ring of international smugglers among unemployed men and women.

An advertisement was inserted in newspapers for men and women owning coupes.

A secret service agent said a friend answered the advertisement. He said his friend was told that men and women were being organized into groups to smuggle merchandise to Mexico in their automobiles. He was offered \$2 per trip.

The man with whom he talked told him he would be shown a countersign to be used at the Mexican customs station so that his automobile would not be searched.

### DEFICIENCY OF MINERALS

The process of refining modern foods; bleaching of flour, rice, sugar, etc.; together with improper cooking takes out of our foods the very things that God intended we should have.

### ACIDITY DESTROYS HEALTH

As the Mineral content of the body is lowered, slowly but surely the acid content of the system is increased until it finally reaches the point where the organs of assimilation and elimination cannot perform their natural functions. Our powers of resistance are lowered. Disease germs creep into the blood. The system becomes clogged with impurities. Various aches and pains appear, and before we realize what is taking place, we are on the very verge of a physical breakdown.

### BRINGS QUICK RELIEF

Stomach disorders, such as indigestion, hyperacidity, "heart-burn," gas, and bloating soon yield to this amazing natural compound. Constipation and attendant ills, such as nervousness, headaches, biliousness, bad breath and sallow skin, soon give way to a feeling of renewed strength and vigor.

### MAKE THIS 10 DAY TEST

Convince Yourself! Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.
