## All Wars Racket, Handful of Men Control All Nations, Says Butler

War is a racket—a handful of men control all nations—no war ever won—these were statements of Gen. Smedley D. Butler who addressed a large audience at the Connellee Theater in Eastland Wednesday night.

Though his subject was announced as the Italo-Ethiopian subject, General Butler pointed out to his audience that today's "row" is like all wars and compared present-day developments with those that foreshadowed and

paralleled other controversies.

"Old Gimlet Eye," following his traditional practice of "stepping on toes," painted foreign policies and world figures in uncompromising shades.

General Butler was introduced by Mrs. E. R. Townsend, former Red Cross nurse. Mrs. Bula B. Connellee, acting president of the Civic League, sponsor, introduced Mrs. Townsend.

Butler's talk was a plea to the people that they not be "dragged" into any war. Wars are for profits, inspired by men who deal in human lives, placing monetary gain before their love of humanity.

Of world figures, Butler had the following to say:  
Hitler—"Peck's Bad Boy."  
Mussolini—"The Greatest Showman of This Time."

Of President Roosevelt and his clamping down the neutrality act, Butler praised him for performing "the greatest service in history."

Dictators, said Butler, have to appeal to basic instincts of their countries' citizens to remain in power. He pointed out that Hitler's Jewish purge was to arouse the German, while Mussolini did the same in Italy by inspiring national feeling against Catholics.

After the dictators appeal to the basic instinct "then they have them in that condition when they can do whatever they want to."

Italy's Ethiopian invasion will result in the death of one million Italians, Butler predicted.

Mussolini was slipping in power, said Butler, his nation was "busted" so he had to create a state of national feeling. War offers profits from 6 to 150 per cent, Butler stated, as a reason of the Italo-Ethiopian situation.

"Somebody's behind him," General Butler asserted. Possibility of oil in Ethiopia is a likely reason for the Italian military moves, he said.

While international attention is directed to Italy and Ethiopia, Japan "is having the time of its life," Butler said.

Butler charged that munitions makers promote wars for their personal gain. Orders were given in the World War not to destroy munitions factories. The munition manufacturing business is not an international racket, the speaker said.

Punctuated in plain language, Butler's talk was greeted by applause throughout the evening.

He suggested to citizens: "Don't rubberneck on their ships," referring to foreign nations.

To men whom he charged want war for profit, General Butler said, "Capitalists have got to lay off taking our young men."

Butler rapped at Hearst newspapers occasionally, who he said colored up possibility of Japan taking over the Philippines.

"Those who take a Hearst paper wake up every morning and find a Japanese ship under their bed."

"Let her have the Philippines; it'll make her sick, too."

Butler urged the citizens to "stand by" President Roosevelt on the United States neutrality in the Italo-Ethiopian situation.

Natural, spontaneous, the twice Congressional Medal decorated man won his audience easily.

Before introduced, Butler, who has seen service for 33 years in the Marine Corps, was tense, sizing his audience.

He presented an unusual figure, standing natural, his voice carrying from a confidential audience-wide whisper to tones of that of a commanding military man.

Varying his standing position with one arm frequently on his hip and the other fingering his tousled hair, General Butler spoke for 90 minutes.

Prof. Raymond Dart, the anthropologist and discoverer of the Taung's skull, who knows the ruins well, believes their secrets will be revealed.

The Zimbabwe remains of great buildings which lie near Victoria, Mashonaland, for half a century have been the center of scientific controversy, both as to their age and their original purpose. They are believed by many to be the legendary mines of King Solomon, while others suppose they were trading centers dealing in the products of the neighboring gold mines. In the Towers of Silence which dominate the ruins, the dead of a once great civilization are believed to have been cremated.

"When we find their tombs," Dart declares, "we shall be near a solution of the meaning of Zimbabwe."

The expedition is expected to work for five years.

Since its discovery by Adam Renders in 1868, there have been a number of small explorations on the site, but nothing decisive ever has come from them. The new expedition, designed on a large scale, will penetrate further into the mystery than any hitherto.

The district banquet for young people will be conducted in the First Methodist church, Cisco, next Monday evening at 7. Alonzo Bryan of Fort Worth will serve as toastmaster. Reservations must be in by Saturday.

Cold germs find a fertile field in an inadequately ventilated and improperly heated home during winter, the company points out.

Ruins May Hide King Solomon's Fabulous Mines

JOHANNESBURG, South Africa.—The secrets of mysterious Zimbabwe, the ruined relics of a dead civilization which for years have puzzled archaeologists, at last are to be probed by a scientific expedition, which will have the support of the Rhodesian government.

Prof. Raymond Dart, the anthropologist and discoverer of the Taung's skull, who knows the ruins well, believes their secrets will be revealed.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE NEA Service Staff Writer

CAN your son and daughter cook? They'd get lots of fun out of preparing and serving simple meals even before they've reached their teens.

Sunday night supper is a fine occasion to start with. And here's a menu that's seasonal and appetizing and within a beginner's ability to prepare:

Spaghetti with mushrooms, pumpernickle, pineapple marshmallow charlotte, milk, tea.

Make the dessert Saturday morning and here is the recipe: Pineapple Marshmallow Charlotte

One-half cup whipping cream, 1-2 cup cut marshmallows, 1 1-2 tablespoons granulated gelatin, 1-2 cup cold water, 1 cup crushed pineapple, 1-4 cup sugar, 1 tablespoon lemon juice, 1 dozen lady fingers.

Dip scissors in cold water when cutting marshmallows in small pieces. Whip cream until stiff. Use a rotary beater to whip the cream, which should be thoroughly chilled. Combine cream and prepared marshmallows. Soak gelatin in cold water for five minutes. Bring pineapple to the boiling point and add soaked gelatin. Remove at once from the fire and add sugar and lemon juice. Place the sauce pan containing this mixture in a larger pan of ice water and chill, stirring constantly.

When it begins to thicken add the whipped cream and marshmallows, folding them into the gelatin mixture. Line paper cups with lady fingers which have been split, putting the split side in. Pile charlotte mixture lightly in the cups, cover with waxed paper and chill in the refrigerator until wanted to serve. The recipe makes four servings.

Spaghetti and Mushrooms To make the spaghetti with mushrooms you will need one 8-ounce package of spaghetti, 2 tablespoons butter, 1 pound round steak ground, 1 medium sized onion, 1-2 pound mushrooms, 2 cups canned tomatoes, 1-4 teaspoon pepper, 1 1-2 teaspoons salt, 1-2 cup grated cheese.

Cook spaghetti in boiling salted water for twenty-five minutes, breaking it in pieces or cooking it whole as you prefer. Drain and put on a heat-proof platter. Pour over sauce, sprinkle with grated cheese and slide under the broiler long enough to melt the cheese.

To make the sauce: Melt butter, add onion cut in thin slices and cook slowly five minutes. Add chopped meat and cook twenty minutes, stirring to prevent sticking and burning. Add salt and pepper and tomatoes and cook fifteen minutes longer. Add 1-2 cup boiling water and mushrooms which have been cleaned and cut in thin slices. Cook twenty minutes longer, stirring occasionally.

HOUSTON, Tex.—Dave Nelson, recently appointed head of the Texas prison system, and district judge Langston G. King will attend the National Prison Congress at Atlanta, Ga., Oct. 27-31.

Judge King will address the congress on adult probation in the South. Accompanying Judge King and Nelson to Atlanta will be Chairman W. A. Padlock of the state Prison Board, and Chief Probation Officer R. C. Roebuck and Assistant District Attorney Dan Jackson, all of Houston.

Methodist Church Is Engaged In Conference Work

The First Methodist church is now engaged in plans to close out the work of the conference year. The annual conference meets in Brownwood on Nov. 6. A rally banquet will be given in the church basement on Thursday night, Oct. 10, with Dr. J. N. R. Score, Fort Worth, as the main speaker. Tickets are now on sale by the stewards for this banquet.

The pastor will speak next Sunday morning on "The Higher Blessedness," and at night on "The Stirred Spirit."

The stewards will meet Monday night.

The district banquet for young people will be conducted in the First Methodist church, Cisco, next Monday evening at 7. Alonzo Bryan of Fort Worth will serve as toastmaster. Reservations must be in by Saturday.

# PIRED BY GAME WITH RETURN OF TRUMAN LEAGER FOR BRECK TILT

Peace Plea Made To Students By General Butler

Urging boys to stay home and not have any desire to participate in a war, General Smedley D. Butler addressed students of Eastland Junior and Senior High schools Thursday morning in the high school auditorium.

Butler denounced war as a racket.

General Butler was introduced by K. B. Tanner, chairman of the school board, who previously was presented by W. G. Womack, high school principal.

The speaker termed nationalism as concentrated hatred.

The flag is an emblem far above war, it is an emblem of purity and decency, the speaker asserted.

Politicians don't go to war; they stay home and make speeches to incite youth to war, declared Butler.

The statement told soldiers, Butler said, that "this is a defensive war" was discredited. He cited personal experiences to disprove the statement.

# CC Secretary Says Sale of Goods to Clear Fair Debts

Sale of unused merchandise from the Eastland county fair to Cisco Boosters for a celebration they are staging in the near future will clear the Eastland County Fair association from indebtedness incurred during the recent event, H. C. Davis, chamber of commerce secretary, reported at the smoker on Connellee hotel Friday night.

Rev. Charles W. Estes urged cooperation and aid with the commerce in making the 1936 fair bigger than that of this year.

Milburn McCarty, district director for the West Texas Chamber of Commerce, urged support of the regional chamber's plea to the legislature that relief be given property owners.

McCarty also reported on Highway 89.

Discussion brought out that the commerce's sign east of town, recently blown down, would be re-erected.

# Fire Proclamation

I, C. W. HOFFMANN, Mayor of Eastland, in cooperation with the nationwide movement of preventable fires, do hereby proclaim Fire Prevention week in this city.

I ask our civic and commercial organizations and teachers, and our citizenship as a whole, to observe this week with the chief of our fire department and in arranging meetings and exercises for the purpose of preventing fires, as well as to discuss the wastage that it causes and the means for the protection of life and property.

Fire Prevention Week I urge that a thorough inspection of the city be conducted for the purpose of preventing fire hazards, and that the work thus far accomplished be expanded into a Fire Prevention Week.

WHEREOF, I hereunto sign my name and office on this, the 7th day of October, 1935.

C. W. HOFFMANN, Mayor.

# School Youths of Eastland County Can Secure Aid

AUSTIN.—Lyndon B. Johnson, state director of the National Youth Administration of Texas, Sunday evening issued a warning to county superintendents of schools to allocate high school aid jobs to high school principals at once in order to prevent the possibility of their allotments being lost to them and transferred to other counties.

The National Youth Administration on Sept. 14 mailed to 248 county superintendents of the 254 counties in Texas, allotments of the students eligible in each county to participate in the \$6 per month high school aid program.

The National Youth Administration has made preparations to give this assistance to 8,547 high school students in Texas. County superintendents of schools and principals of individual schools, working in cooperation with caseworkers of the Texas Relief commission, make the final selection and assignments. However, if a county does not avail itself of the opportunity and place the full number of students in part-time jobs the allotment will be transferred to another county where the demand exceeds the supply.

"It is unfortunate that there are more applications than jobs available under the federal allotment of funds for Texas," Johnson said. "But we are eager to see that the allotment is used 100 per cent. Inasmuch as it is incumbent upon the school officials to initiate the movement and to see that it is put through, the need for immediate action is urgent. School has started already in many places and will start in others in the very near future. In order that there may be no waste whenever a county fails to avail of its funds, they will be transferred and given to other counties."

"It is doubtful that a county which fails to act this week and distribute its quota of funds to high school principals will have the opportunity to do so next week."

The NYA student aid program will provide jobs for 60 high school students in Eastland county, at the rate of \$6 per month, or a total of \$360.00.

# Panhandle Sees Better Conditions For Farm Crops

AMARILLO.—Marked improvement in farming conditions in the Texas Panhandle is reflected by the exhibits at the Tri-State Exposition which opened here Saturday.

Rains have brought relief to a country that only a year ago was severely drought ridden, and already a late crop that will approach normal proportions, is ready to harvest.

An unprecedented number of entries in the livestock exhibit was reported, due to the improved grazing this year and the lower expense of feeding.

Gov. Clyde Tingley of New Mexico is expected to visit the exposition on Sept. 20.

Carnival attractions, a circus, horse racing and numerous events have been planned.

# Hot Oil Drive to Be Renewed In East Texas Field

AUSTIN, Oct. 8.—Railroad Commission Chairman E. O. Thompson and Attorney General William McCraw had gone to Kilgore today for a conference on oil regulation and oil law enforcement.

The meeting was part of a double drive for oil law enforcement, Thompson said.

Co-incidentally McCraw announced W. J. Holt, assistant attorney general in East Texas, will be in charge of all oil and gas enforcement in the state. It was announced six men selected by McCraw and paid by the railroad commission will be used in the work.

J. C. Koen was authorized by 91st district court Monday to adopt Billy Kirby Ribbonsin.

# Farmers Can Be Sued For Taxes On Surplus Cotton

ALBANY, Ga., Oct. 8.—U. S. district attorneys cannot be enjoined from prosecuting farmers for failing to pay the 6 cents a pound for cotton produced in excess of the Bankhead allotment, Judge Bascom Deaver ruled today.

He ruled on a petition submitted by attorneys for Gov. Eugene Talmadge, who is acting as a cotton farmer in restraining the Georgia Internal Revenue collector from collecting the 6 cent gin tax.

Suit of W. E. Spencer vs. J. E. Spencer was dismissed in 91st district court Monday because of physical disability of the plaintiff to prosecute the cause, a court order on file in district clerk's office showed Tuesday.

# Former Rangerites Injured In Accident

Reports have been received in Ranger that both Mr. and Mrs. Carl Cooper, formerly of Ranger, had been injured in an automobile accident between Houston and Kilgore.

Although the reports were meager it was stated that Cooper had been fishing at Houston and Galveston and was en route home at the time of the accident, which was said to have occurred when he tried to pass a cotton truck.

Mrs. Cooper was reported to be not seriously hurt, while her husband's injuries were said to be more severe.

# "Camels don't get your Wind"

**SAY THE DETROIT TIGERS 1935 WORLD CHAMPIONS**

Here's the line-up on the smoking preference of the new world champions:

**19 OUT OF 22 OF THE TIGERS SMOKE CAMELS**

Today Detroit glories in its first World Championship! These 1935 Tigers have punched out a story of courage and energy that stands among the masterpieces. They could "take it"! What do the Tigers say about smoking? Here's Mickey Cochrane, dynamic Tiger manager: "One thing the team agree on is their choice of cigarettes—Camels. 19 of the 22 regulars smoke Camels. The Tigers say they can smoke all they want because Camels are so mild that they don't get their wind or upset their nerves." How about taste? Jo-Jo White says: "Camels always taste better." You'll like Camel's mildness too. Camels never upset your nerves or tire your taste.

**MICKEY COCHRANE** (below): "The boys say Camels are milder."

**PETE FOX** (below): "Camels don't get my wind. That proves how mild Camels are."

**BILL ROGELL** (right): "Camels never jangle my nerves, and I smoke all I want. Camels taste better too."

**DETROIT WALKS OFF WITH BASEBALL'S BEST GIRL!**

And OWEN! "I light up a Camel to refresh my energy," says Marvin (left).

**GERALD WALKER** (right) comments: "Camels make such a mild, tasty smoke."

Here's GOSLIN (above). Says "the Goose": "I switched to Camels long ago. Camels are milder."

# THE TIGERS "BIG FOUR" PITCHERS

Elden Auker (left), Schoolboy Rowe (next to Elden), Alvin Crowder (next to Schoolboy) agree with Tommy Bridges (right), who says: "I smoke Camels because I can smoke as many as I like. Camels don't affect my wind or give me jumpy nerves."

**COSTLIER TOBACCOS**

I ALSO THINK THAT CAMELS ARE MILD... BETTER FOR STEADY SMOKING

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

Five Taylors Get Fans and Players Slightly Confused

Offer sympathy for the griddler playing against Eastland when his unknowing coach directs him to "Get Taylor."

Chances are five to one, even if he goes "get Taylor" it'll be the wrong one. Five gridsters answering to the name of Taylor are found on the Eastland Maverick roster.

To unsuspecting writers covering the Brownwood-Eastland game last week, Coach Johnny Kitchen put five Taylors in, adding a perplexing problem for fans and a sports broadcaster.

Like Mike and Ike in similarity of names, Roy and Troy are brothers. Sons of Mr. and Mrs. R. L. Taylor, the boys have found plenty of action this year. Troy, co-captain of the May team, is 18, classified as a junior and expects to earn his second letter this season. Troy plays right end. Roy, 16, a Freshman, plays guard. This year marks his first season.

Harry and Jim, who were graduated from Junior High this year, are the sons of Mr. and Mrs. W. B. Taylor. Harry, 17, plays left half while Jim, 16, plays guard.

Andy, son of Mr. and Mrs. J. N. Taylor, is 17, plays guard and is classified as a Senior. He hopes to earn his first letter.

Judgment Rendered For Bank Liquidator

Judgment for Irvin McCreary, banking commissioner and liquidator for the Texas State Bank, of \$6,105.25 from J. E. Butler, et al, was rendered this week in 91st district court. Funeral Is Held For Resident of Strawn

Funeral services for Mrs. Mary Gertrude Fancher, 66, who died at her home in Strawn Wednesday morning at 8:15, were conducted from the family residence in Strawn Thursday afternoon at 2:30. Rev. W. E. Anderson, pastor of the First Methodist Church of Strawn, conducted the services. Interment was in the Mt. Zion cemetery, Lacasa, following the services at the church.

The decedent, who was a member of the First Methodist Church of Strawn, is survived by one brother, Drury Veale of Lacasa; one sister, Mrs. J. L. Williamson of Strawn; one daughter, Mrs. Mildred Etzel of Grier, N. M., and three sons, Elbert Fancher, Seminole, Texas, and Hubert and Fred Fancher of Strawn.

Pallbearers were Ray Pollard, Jim Pollard, C. E. Maxwell, Nat Bradford, Bud Jones and Milt O'Rear.

Funeral arrangements were made by the Strawn Merchandise Company.

Auto Travel From U.S. to Mexico City Is Growing Fast

MEXICO CITY.—Automobile travel from the United States to Mexico City has become a commonplace occurrence.

Motorists from various parts of the United States are now driving all the way in increasing numbers. This flow is expected to increase now that the dry season is at hand, and will reach a grand climax when an expected 1,500 automobiles will drive from Dallas, Texas, when the Laredo-Mexico City highway is officially inaugurated in December.

A considerable portion of the road—which is 770 miles long—is over mountains. These roads have been carefully graded and "retarced" to make them safe for automobile travel.

For all practical purposes, the road already has been completed. Considerable work of paving, oiling and bridge building, however, will continue well into 1936.

At various places, motorists now are forced to use ferries. Four bridges are being built to eliminate this, and according to the Department of Communications and public works, they will be completed as follows: Bridges over the Axtla and Montezuma rivers, October, 1935. Bridge over the Tasquillo river, February, 1936. Bridge over the Tampaon river, April, 1936.

Approximately 3,500 men have been kept at work on the highway in recent months, most of them in the mountainous region around Jacala and Matlapa.

The highway, which will eventually be a link in the proposed Argentine-Alaska motor road, was originally scheduled to be opened in June, 1933. Last year it was hoped it could be officially opened before the year came to an end. However, various delays have prolonged the work. It has cost more in the number of lives lost and in money than was originally estimated.

Now, however, the road is a

CHICAGO.—The lateral will pass itself into disuse.

In not so few words, but just as definitely, Jock Sutherland, famous coach of the University of Pittsburgh, predicts the future of this play, now the most popular. With hundreds of football teams from coast to coast developing the lateral for all it is worth, why should the veteran Panther mentor see such a dark outlook for it?

Certainly it is not because Sutherland does not have a squad which can execute the lateral. No team in the country used it to better advantage than did his last fall. Moreover, the Panthers this year will take every advantage this play offers. Thus, his gloomy prediction is not based on personal feelings.

"These cries of distress," asserts Sutherland, "will bring legislation against the lateral before many more seasons. The requests will be so widespread that the rules committee will place limits on the number of laterals that may be used, and the players eligible to receive them."

Only a Passing Fancy

"THE lateral, while it is popular with crowds seeking new thrills, will take too much contact out of the game to hold interest. The love of seeing contact draws thousands into stadiums. Any change from that basic principle of football will result in nothing more than a temporary interest. Spectators may enjoy the open game for one, two—maybe three—years, but soon you will hear them

From the industrial city of Monterrey, often called the "Pittsburgh of Mexico," the road leads over mountains to Saltillo, capital of the State of Coahuila, through

Incentive for Linemen

"If the Pittsburgh coach is correct in his surmise that laterals will destroy good tacklers, what of the players' reactions on offense? Blockers have been taught to clear a path for the runner, to cut down all would-be tacklers. Will they hang back, hoping to be the receiver of a lateral when some back is cornered? More than likely they will, what with the added incentive of seeing their names spread across the sports pages as the guard or tackle who scored the winning touchdown.

Sylvia Sydney and Herbert Marshall in "Accent on Youth"

"Youth" is a story of a man who passes forty and bids love farewell—and suddenly finds himself more madly in love than ever before in his life. All the wit, the subtlety, and delightful insights into characters that made this story a sensation on Broadway, are contained in the screen version of this play.

Opening Monday for a three-day run the greatest musical hit of the year, "Broadway Melody of 1936" will be presented. With the greatest array of radio, screen and stage talent ever to be offered in a single screen musical this picture is proving to be a sensation wherever it has played. The cast, headed by Jack Benny, includes such stars as June Knight, Eleanor Powell, Robert Taylor, Una Merkel, Frances Langford, Harry Stockwell, and many others.

Robert Taylor and June Knight in "Broadway Melody of 1936"

Van Dyke's inspired direction is apparent in every scene of the new production. The swiftness, easy comedy and dramatic punch which he instills into his sequences are becoming a personal trademark. Joan Crawford has never appeared more glamorous nor been more beautifully photographed. Her delineation of the gay, care-

less, heart-free character is the work of a fine actress. Equally stimulating is the supporting cast. Frank Morgan is up to his old humorous tricks as the bumbling, soft-hearted father. Aline McMahon brings dignity to her role of a woman sadly in love. Fred Keating is excellent as the handsome "clothes horse." Eric

Blore and Arthur Treacher are two butlers you'll never forget. Nor will you forget Jessie Ralph as the irascible old grandmother. This is a Bernard Hyman production, with gowns by Adrian, photography by George Folsey, and screen play by Gottfried Reinhardt and Ethel Borden. You'll be sorry if you miss it.

## A Suitor Is Shown the Door

Joan Crawford and Fred Keating in "I Live My Life" When you open the door and hand a suitor his hat, it's a pretty broad hint. And Fred Keating is taking it in the new Joan Crawford society romance, "I Live My Life," coming today to the Connellee Theatre. Also featured in the new Crawford hit are Brian Aherne as the leading man, Frank Morgan, Aline MacMahon and Eric Blore. The picture was directed by W. S. Van Dyke.

### "I LIVE MY LIFE" ONE OF YEAR'S DISTINGUISHED HITS

Starring Joan Crawford and directed by W. S. Van Dyke—this combination is enough to make any picture a success. In the case of "I Live My Life," the new Metro-Goldwyn-Mayer production at the Connellee Theatre, the combination coupled with a powerful story, is made an outstanding production.

Different from any of the glamorous star's previous pictures, it casts her as a spoiled debutante whose love for a penniless archeologist redeems her.

As the archeologist, Brian Aherne brings his finest performance to the screen, making the character a warm, charming and humorous digger of statues.

LOVE AT FORTY COMEDY STARS SYLVIA SIDNEY Walter Pitkin wrote a book to prove that life begins at 40. Now

Samson Raphaelson has written a play to prove that it's love that really begins at 40.

Fresh from its success on Broadway where it reigned as comedy hit of the season, "Accent on Youth" comes Sunday to the Connellee Theatre in Paramount film version.

Sylvia Sidney is the lady who is loved, and Herbert Marshall is the man who proves that the heart beats just as fondly, even if there is a trace of gray around the temples.

The comedy revolves about the plight of Marshall, a successful playwright who fears that he can no longer find true love now that he's past the 40 mark.

### Part Time Jobs Aid High School Students of State

AUSTIN.—"Eight thousand five hundred and forty-seven part-time jobs will be given Texas high school students if school officials take immediate steps in presenting applications to the National Youth Administration," Lyndon B. Johnson, state director, stated today.

In securing funds allocated to each county in Texas participating in the \$6 per month high school aid program, the student, the principal and the county superintendent must follow certain necessary and definitely outlined steps.

"An eligible student, that is, one who is between the ages of 16 and 25, now in high school, single, whose family is certified for relief, who has ability to do high grade work in school, and who without financial assistance could not attend school, files application with the principal of the school he wishes to attend," Johnson pointed out.

"The principal, whose duty is to place all applications received by him, also submits a list, in duplicate, of the eligible applicants to the Social Service Department in the county for verification of the relief status of the students' families. After jobs have been prorated among schools throughout the county, the principal of each school submits to the county superintendent a project application in affidavit form asking for his quota of jobs at \$6 per job, together with the students' applications properly executed," Johnson said.

The county superintendent, who will be responsible for this program in each county, will upon receiving these applications from the principal sign and submit to Lyndon B. Johnson, state director, National Youth Administration, Austin, Texas, all project applications in triplicate with students' applications attached, the total amount of funds asked for in all his applications not to exceed the total allotment to his county.

A placement committee, composed of the county superintendent, the case worker in charge of that county and the city school superintendent in school districts having a scholastic population of 500 or more, will determine the amount of funds that each school in that county shall receive.

Part-time jobs assigned to students are designed to provide socially desirable work, such as clerical, library, campus improvement, playground supervision, assistance to high school nurses in giving physical examinations and in rendering first aid, acting as traffic officers at nearby elementary school as safety measures, assistance in laboratories, and similar worthwhile capacities.

"Unless school officials throughout the state take immediate action in submitting high school aid applications, it will be necessary for the National Youth Administration to take those funds declined by negligent offices and distribute them elsewhere, probably in metropolitan centers," Johnson said.
