

## Collie Re-Election Makes History In Senatorial District

In his successful campaign for re-election to the State Senate, Wilbourne B. Collie, of Eastland, broke a precedent in this district. Never before has a Senator been re-elected since the district was organized.

Collie won a clear majority in the balloting over two veterans in Texas politics, Harry Tom King of Abilene, and Y. L. Thomason of Haskell. The certified vote by County Chairmen shows he received a majority over his opponents of 3785 votes.

"The results of the campaign are indeed very gratifying to me," he said. "I am deeply grateful for this splendid majority in the first primary, and I esteem friends beyond measure for making it possible for me to continue a service which I hope will result beneficially to our district and the people of Texas."

	Collie	King	Thomason
Callahan	1480	737	198
Eastland	5012	1633	551
Fisher	1339	805	497
Haskell	1658	768	1817
Jones	2033	1296	842
Mitchell	1299	808	400
Nolan	2073	1269	538
Seurry	1542	641	413
Shackelford	883	379	282
Stephens	2402	808	324
Taylor	3595	3812	788
Throckmorton	646	292	279

## Journey's End of FDR Sea Cruise

About to end his 13-day "loafing cruise" along the New England coast, President Roosevelt skipped the auxiliary schooner Sewanna almost to the door of his mother's summer home at Campobello, N. B., where he was to recover his hand legs before going to Quebec to meet Lord Tweedsmuir. In Mrs. Roosevelt's summer residence, shown on the hill above the president's ship, his wife, mother, and friends were awaiting him.

## Beer Hidden In Tree Something New to Officers

The sheriff's department Tuesday made a notation of what to them is a new manner in the concealment of alleged beer.

Officials reported eleven cases of beer were found Saturday concealed in a box in a mulberry tree at Rising Star by deputies Roy Hardwick and Claude Hammett. On the same trip the deputies found three pints of alleged liquor.

Fred Zellars, who was charged in justice court at Eastland by the deputies and in county court by the Texas liquor control board made bond of \$600 late Monday, officials reported.

## Grapevine Road Project Cancelled

WPA assignments for the Grapevine road improvement project had been cancelled Tuesday by Walter Gray, project supervisor, because funds, he was told by Abilene headquarters, were not available for the payroll period beginning Aug. 4.

In a notice Gray stated: "Any and all assignments for work, either in the shift beginning Aug. 4 or 19, are hereby cancelled and the work postponed indefinitely."

"Work will be started if and when funds are available for payment of labor."

## Absentee Voting By Application At Office Is Set

Absentee voting in the Aug. 22 runoff by personal application will be begun Friday morning at the county clerk's office, Oscar Lyerla, chairman of the Eastland County Democratic Executive Committee, announced Tuesday.

Ballots may also be obtained by writing the county clerk's office. The period for the absentee voting ends Aug. 19, Lyerla stated.

## Judgment Ordered For W. A. Barnhill

Judgment of \$3,516 has been rendered for W. A. Barnhill against Mrs. C. B. Cooper and others, an 88th district court order on file Tuesday in district clerk's office showed. The sheriff was instructed to sell certain property on which the plaintiff held a lien.

## Four Community Meets Scheduled

Four community meetings will be held next week to plan community agricultural associations and community fairs, discuss the Eastland County Centennial Fair and saving of feed with trench silos. The meetings will be held on Monday, Aug. 10 at Nimrod; on Tuesday, the 11th at Okra; on Thursday, the 13th at Romney; and at Pioneer on the 14th. The meetings are scheduled to begin at 8 p. m.

Similar meetings scheduled later in the month are Monday, Aug. 17, Morton Valley; Tuesday, Aug. 18, Rising Star; Wednesday, Aug. 19, Sebanno; Thursday, Aug. 20, Long Branch; Friday, Aug. 21, at Carbon and Monday, Aug. 24, at Seranton.

The programs at these meetings consist of community singing and talks on a community fair, the Eastland County Fair, organizing a community agricultural association and construction of trench silos, after which an open discussion by people of the community is held on these subjects. The county A. & M. extension workers and the Eastland Chamber of Commerce are assisting the people of the communities at the meetings.

## Cisco Sets October 16-17 As Dates For Its Livestock Show

CISCO, Aug. 6—October 16th and 17th were set as the dates for the annual Eastland County Livestock Show here this fall at the meeting of the Cisco Chamber of Commerce directors. T. G. Caudle, agricultural secretary of the local chamber, will be director of the show. Committees will be announced later.

**GRANTS DIVORCE**  
Ninety-first district court Tuesday granted a divorce to O. Q. Deering and May Deering.

## Wage War Over Child Custody

Charges and counter-charges flew thick and fast in the battle of Mary Astor, film star, above, and Dr. Franklin Thorpe, her divorced husband, below, over custody of their daughter, Marilyn, in Los Angeles. The mother is not a "proper person" to rear the child, said Thorpe. Witnesses in turn charged him with misconduct with women friends.

## Plot to Kidnap Shirley Temple Is Nipped In the Bud

**NORTH PLATE, Neb.**—Sterling Walrod Powell, 16, pleaded guilty today before a U. S. Commissioner, to attempting to extort money from Shirley Temple, child movie star, by threatening to kidnap her.

The Grant, Neb., farm youth, was bound over to the U. S. District Court for sentence. Powell was accused of "writing and depositing a letter at the post office at Grant, Neb., on or about May 19, with the intent to extort the sum of money, \$25,000, from G. S. Temple, and containing the threat to injure the person of Shirley Temple, daughter of the recipient."

## Freight Surcharge Denied Railroads

**WASHINGTON**—The Interstate Commerce Commission refused today to permit the nation's major railroads to establish permanently the emergency freight rate surcharges, put into effect last year and scheduled to expire Dec. 31.

The surcharges were granted after carriers asked federal action to bolster freight revenues.

## Fliers Burn Castor Oil to Light Targets

**MUROC, Cal.**—Army aviation experts have just found another use for castor oil in winning their battles.

During night bombardment maneuvers on Murco Lake bombardment range the latter was lighted up by million-candlepower flares. The technique consisted in having an observation plane fly over the field before the bombardment. It dropped flares composed of aluminum powder, barium nitrate, and castor oil, which gave a ady-light intensity for a period of two minutes during which the bombs were dropped.

## Canada to Institute New Weather Service

**OTTAWA, Ont.**—Canadian weather experts soon will accept nearly 20,000 feet to obtain more accurate forecasts.

Under a new scheme financed by the government, airplanes will soar to heights of 17,000 feet in the Northwest Territories to gather data on temperature, humidity and pressure. The information, expected to be of great value to aviation and to increase the accuracy of weather forecasts, will be compiled and distributed through a new meteorological service now being organized here.

## Ruling May Divert More Money In Gasoline Tax Fund From Roads

**AUSTIN**—Texas will have to take half a million dollars out of one pocket and place it in another to comply with the latest ruling upon state funds.

Roads will suffer and schools gain by the process. The ruling applies to occupation taxes. The state constitution demands that one-fourth of all revenue derived from occupation taxes shall go to schools. The new ruling is that the Constitution means the gross collections, not the net income from occupation taxes.

Four cents a gallon gasoline tax is levied as an occupation tax upon refiners. This puts the gasoline tax within the ruling. But in passing the state gasoline tax law the legislature specifically directed that one per cent first be deducted from collections as an enforcement fund and that the distribution between road and school purposes be made from the balance.

The state has been following law as plainly directed by the legislature. All was going along serenely that way until John T. Smith, former legislator and Austin tax expert, became inquisitive. Smith asked state school superintendent L. A. Woods how the division was being made for schools and pensions in apportioning liquor occupation taxes. It was found the liquor taxes were being administered in conformity with the constitution, but an inquiry from superintendent Woods to the attorney general's department was in general terms and

applies to all occupation taxes. Asst. Atty. Gen. Joe J. Alsop, briefed the question and decided that a fourth of the gross collections belongs to schools.

State Comptroller George Sheppard estimates that the gasoline tax collections for the fiscal year will be \$41,150,000. Obeying the legislature, one per cent of this is being taken out as an enforcement fund and the division then made between schools and roads. One cent out of each four goes to schools; one cent out of each four to redeem county and district road bonds, and the remaining two cents to current highway purposes.

Under the new ruling, apparently, the \$411,500 deducted for enforcement will have to come entirely out of the road funds and none out of the school fund.

A record of testing four cars a minute was made by the state motor patrol in a safety lane established near Corsicana recently. The patrol already has tested more than 116,000 cars in various parts of the state. Of these 23,000 were found to have some defect. Pink cards are given drivers of defective cars with notations of what is needed. Average cost of the needed repairs is less than a half-dollar.

The pink sticker carries no penalty but most drivers are wise enough to want their cars operating safely. Others do not want the risk of being held responsible for an accident and know the pink sticker puts them on the defensive.

## Eastland Pastor Offers to Conduct Rural Meetings

An offer to provide speakers and make arrangements for religious meetings in rural communities of Eastland county not cared for by leadership was extended Thursday by Rev. Charles W. Estes, pastor of the First Presbyterian church at Eastland.

A statement of Rev. Estes was as follows: "In the interest of better rural life I am humbly making this announcement to Eastland County. Any rural or small town district not cared for by some religious leadership, desiring one or more special services, I shall be glad to visit you, or have some one call to see me from your community and make definite plans for such gatherings. I shall be happy to arrange for as much as one week of community meetings where desired with the one thought in mind—to help the community, to encourage people who are not privileged to attend elsewhere.

"For many years I have tried to make a special study of rural life and the many problems found there. I shall be happy to share these experiences to help the community life of Eastland county in the religious, social and educational life. Come at once and make definite dates for same."

## Pioneer Resident Of Staff Buried

Funeral services for J. M. White, 78, who died suddenly Tuesday night, were conducted at Staff Thursday afternoon with Rev. K. C. Edmonds of Ranger conducting the services, assisted by other pastors.

The decedent died at the home of his son-in-law, J. C. Williamson of the Staff community, where he had been making his home. His wife died several years ago. He had been a resident of Eastland county for 36 years, was a Master Mason and an active member in the Baptist church.

Children surviving are the following sons: Olin S. White, Phoenix, Ariz.; Murray White of Fort Worth; Elmo White of Fort Worth; C. J. White of Texas; R. W. White of Burkburnett; Ghent White of Olden, F. F. White of Baltimore, Md.; and Byron White of Wink; and daughters, Mrs. F. C. Williamson of Staff, Mrs. Luther Pearson of Pampa and Mrs. Robert Warren of near Wink.

Two brothers, W. H. White of Staff and Lee White of Handley also survive.

Interment was in the Staff cemetery following the services Thursday.

## AAA Return For County \$207,469

Eastland county has received \$207,469 in rental and benefit payments in the three years since the creation of the Agricultural Adjustment Administration, it has been announced by H. P. Drought, state director of the National Emergency Council.

Rental and benefit payments in this county for the cotton program totaled \$117,923.10; corn - hog, \$37,755.12; peanuts, \$51,791.18.

Rental and benefit payments in Texas amounted to \$139,412,186.46 for the three-year period, Mr. Drought said.

Cotton rental and benefit payments made for the entire state aggregated \$114,070,836.72; wheat, \$16,581,129.10; corn-hog, \$6,403,258.44; sugar, \$705.98; rice, \$1,975,145.03; and peanuts, \$381,131.19.

## Thomas L. Blanton Announces His Speaking Dates

Congressman Thomas L. Blanton, candidate for renomination in the second Democratic primary, to be held Saturday, August 22, has announced the following speaking engagements for Eastland and adjoining counties.

The congressman will speak in Pioneer, Rising Star and Cisco on Tuesday, Aug. 11, and in Carbon and Gorman on Wednesday, Aug. 12, returning to the county on Friday afternoon, when he speaks at Desdemona and at night at Ranger.

The itinerary of his week's speaking engagements is as follows:

Monday, Aug. 10—Clyde, 10.30 a. m.; Putnam, 1.30 p. m.; Baird, 4 p. m.; Merkel, night, 8 p. m.  
Tuesday, Aug. 11—Cottonwood, 10.30 a. m.; Cross Plains, 1.30 p. m.; Pioneer, 3 p. m.; Rising Star, 5 p. m.; Cisco, night, 8 p. m.  
Wednesday, Aug. 11—Carbon, 11 a. m.; Gorman, 1.30 p. m.; Gustine, 4 p. m.; Comanche, night, 8 o'clock.  
Thursday, Aug. 13—Alexander, 10.30 a. m.; Clairette, 1 p. m.; Hico, 3 p. m.; Dublin, night, 8 p. m.  
Friday, Aug. 14—Strawn, 10 a. m.; Desdemona, 1.30 p. m.; Ranger, night, 8 p. m.  
Saturday, Aug. 15—Albany, 9.30 a. m.; Moran, 11.45 a. m.; Eolian, 2 p. m.; Parks, 4.30 p. m.; Breckenridge, night, 8 p. m.

## Garrett to Talk Saturday Before McCauley Group

County Judge Clyde L. Garrett said Thursday he will speak Saturday morning at McCauley in the interest of his campaign for election as representative of the 17th congressional district.

## Rites Said From Rising Star For Ex-Deputy Clerk

Funeral services for William Koonce, 59, former deputy county clerk, who died Wednesday, were held Thursday afternoon from his home at Rising Star. Burial was at Sipe Springs.

For several years Koonce was manager of the Higginbotham store at Rising Star and recently, it was reported, was a collector for a Fort Worth bank.

Survivors include the widow, a son, Jay, Rising Star; a daughter, Nell, Rising Star, and two sisters.

## Engineer Arrives For Work On New Eastland Postoffice

R. A. Miller, representative of the U. S. government, has arrived in Eastland and has begun his duties as construction engineer for the new federal building to house the postoffice.

Miller came from Stephenville, where he was construction engineer for the federal building recently. Miller has established his office on the fifth floor of the Exchange bank building.

Excavation work on the new building at Eastland is practically completed and workmen are laying the drainage system. Material is arriving daily.

## Grandview Forms Agri Association

The people of Grandview community were assisted by Hugh F. Bawhart and Miss Cornelia Faye Stewart, assistant county extension agents, in the organization of a community agricultural association at a meeting Tuesday night.

Officers and committees for the organization are: president, Geo. Duvall; vice president, J. F. Westmoreland; Secretary-Treasurer, Mrs. Snyder; Parliamentarian, Calvin Brown.

The county fair committee is composed of Miss Fannie Meade Boucher, Willie Simpson, Mrs. Jesse Choate, Crawford Thurman and S. W. Laminack.

Lonnie Capers, Mrs. Willie Simpson and Mrs. Crawford Thurman constitute the program committee.

The first meeting will be held Monday, August 17 at 8 p. m. Monthly meetings will be held each 3rd Monday. Grandview's community fair will be held on Saturday, September 12.

## Twenty Boys of County Planning Co-Op Education

With 26 Eastland County boys signed to enter A. & M. college this fall as members of a group project, a project house is assured for the group, affording each boy a college education for less than half the usual expense involved.

Figures collected on 48 such projects at A. & M. last year reveal an expense of \$231 per student in project houses, the county agent, Elmo V. Cook, reports.

A meeting of boys who will join the group and their parents will be held in the county court room at Eastland at 2.30 p. m. Saturday, Aug. 15, to select a committee to go to College Station and make final arrangements for a house for the group to occupy when the fall term opens September 21st. Other recruits are expected to increase the group to 95 or 100 boys by the 15th, the date of the meeting. Interested boys are advised to get in touch with the membership committee through the county agricultural agent.

Some of the boys who will be included in the project are Wesley Lane, Roger Arnold, Earl Braly, Truman Brown, Max Robinson, Clyde Ford, Andy Taylor, and Jack Gourley of Eastland; Jack Morris, Jack Palmer and Bartos Watson of Ranger; Claude Chastain, Billy Jobe Joyce, Jack Gray and Joe Wheeler of Rising Star; W. Carl Robert and Walker Bennett of Desdemona, and Alford Winton of Gillette.

## ALASKA INTRIGUES B'WAY

**By United Press**  
JUNEAU, Alaska—Don Smith returned here and declared he was stopped by every traffic sign on Broadway and Fifth Avenue, New York, but not for his Alaskan license plates and desire to learn something about the territory.

Don Smith returned here and declared he was stopped by every traffic sign on Broadway and Fifth Avenue, New York, but not for his Alaskan license plates and desire to learn something about the territory.

### "King of Dudes" In '80s to Write Of Famous "400"

By United Press  
 PARIS.—E. Berry Wall, famous "King of the Dudes" in the last decade of the 19th century, will review half a century of social life in New York, Paris and London in his personal memoirs.

His book will lay particular stress on the eccentric era of the '80's and '90's, when Wall became known as cotillon leader, socialite and Beau Brummel of New York's famous "Four Hundred." His association with the elder Morgan, the elder Goulds, the actor, Bob Hilliard, and other well-known socialite characters will be reviewed during the days when the lavish display of New York society rivaled the brilliance of European courts.

Wall, who is 75, has been known for more than half a century as one of the best dressed men in America and Europe. He first attracted attention with the bright plaid box coats and tightly fitted trousers which started New York society 50 years ago.

Mrs. Wall wrote the biography and memoirs of the remarkable dog, who died in 1924 at the age of 18 after winning medals in dog shows on Long Island and in France. "Chi-Chi" is buried under a granite tombstone in the famous cemetery at Asnières. The biography, "The Memoirs of Chi-Chi the Chow, A Famous Dog Who Put Paw To Paper," ran through three editions.

### QUITS JOB OVER 3 CENTS

By United Press  
 BURLINGTON, Ont. — After working two months at 39 cents a day, 14 hours daily, a youth here walked out on his job in high disgust when the farmer charged him 3 cents for a postage stamp on a letter he had written. The youth said he "did not mind the work" but thought the pay a little low.

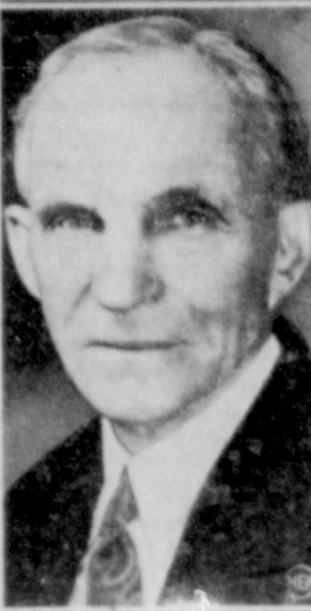

### EATS 6,000 PANCAKES

SOLEDO, — A breakfast of 6,000 flapjacks is the usual menu for the personnel of Ringling Brothers and Barnum & Bailey circuses — take the word of Jerry, the chef. He has to feed 1,600 of them daily.

### VAST COAL DEPOSITS CITED

TRUCE, Utah — Enough coal to supply the needs of the population of the United States for 200 years lies under the cliffs of Carbon County, the center of Utah's richest coal fields, mining experts believe.

### Doesn't Look 73

Henry Ford's vigorous appearance in this latest portrait makes it hard to believe that he now boasts of his seventy-third birthday. The Detroit auto magnate is vacationing at his summer estate in the upper Michigan peninsula.

### California Race For Congress Crowded

By United Press  
 SACRAMENTO — Nineteen of California's 20 congressmen—the 20th is not a candidate for re-election—will have varying degrees of opposition when they go into the state primary Aug. 25 to compete for party nominations.

Four are conceded good chances of emerging from the primary in a strong position for the general election. The other 15 may face fights up to election day.

Altogether, 128 candidates filed for the 20 positions. Many of them entered their names on two or more party tickets, seeking to make a clean sweep in the primary.

Those who filed on more than one ticket must win the nomination of the party in which they are registered if they are to go on to the November election. If, for example, a Democrat wins the Republican nomination but loses the Democratic, he will be dropped from the race.

Communists entered the congressional fight seriously for the first time this year, competing for 12 of the 20 positions. Their party was legally qualified in California two years ago.

### Hay Fever Victims Find a Haven in Modern Coaches

CHICAGO — A sneeze may mean just "gesundheit" to some people, but to about two and a half million citizens it signals the beginning of the dreaded hay fever season. According to an estimate based on a survey by the New York State Health Department, from 3 to 5 per cent of the United States population is sensitive to dust, pollen, and similar substances, and at least half of these "sensitive" are acute hay fever sufferers.

When the western railroads introduced their first air-conditioned trains, they did not think of sneezes and coughs, but since the development of the air-conditioning program, sneezes have become conspicuous by their absence. Every summer those sufferers who can get away from the pollen-infested regions trek to the north woods, to cool lakes, to the western mountains and the salty air of the Pacific coast for vacation relief.

Before the advent of air-conditioning, a trip to some distant spot was something to suffer with chokes and spasms. Since the principal trains of all western lines have been air-conditioned, both in Pullman and day coach cars, nearly all sufferers report immediate relief when they board their train. Soot, acrid smoke, the dust of highways, cool by the closed windows of modern trains while the passengers inside inhale clean, washed air and relax in a temperate climate.

The western railroads announce that they have 50 per cent more air-conditioned trains this year than in 1935, making it possible for travelers to wade in any vacation region of the west, northwest or southwest in complete comfort. Long, hot dusty journeys are now things of the past, and vacationists start their holiday as soon as they board their train, arriving at their destination rested, cool and ready to plunge into pleasant activities.

A pool of air-conditioned cars has also been organized by the groups of western railroads to handle large tours, convention parties and similar groups. Travelers in the crack, high speed trains and in tourist Pullmans and day coaches may now enjoy travel comfort at low prices, comfort which was undreamed of by most deluxe passengers a decade ago.

So important is this new travel comfort that many vacationists who plan to use their automobiles when they reach their destination are taking advantage of the new low rates for shipping cars. By this method they can travel the dusty or monotonous stretches on air-conditioned trains with their car waiting to meet them when they reach the chosen resort region.

Passengers sensitive to pollen and dust, and those afflicted with asthma and respiratory troubles, experience the most dramatic relief under air-conditioned circumstances.

While air-conditioning affords cool relief from sizzling temperatures, engineering developments, even in the past year, have so improved the systems that travelers do not feel the shock of too sudden a drop in temperature. Temperature is now so controlled that a pleasant atmosphere is maintained and passengers are "air-

### Eastland Scouts Return From Camp With Honors

Scout troop 6 is awarded "Honors Campers." This is the greatest honor a Scout troop can attain at camp.

The Rotary club's troop also won Area inspection, Table inspection, and Personal inspection.

Troop 103 won the water meet with Troop 6 as a close second. Raymond Pipkin (assistant Scoutmaster of Troop 103) was high man in this event.

Troop 45 did not attend camp this year, but intends to go next year.

All the boys enjoyed camp, I believe, and came home with a better knowledge of Scouts and Scouting.

—Reporter.

### Home Cures For Hiccups Stress Balancing Acts

MARTINS FERRY, O.—When John O'Connor suffered a siege of hiccups he discovered how many friends he really had. Suggestions poured in from all parts of the state on how to cure the ailment.

Summarized, they number 16: Hold one hand in hot water and the other in cold for five minutes.

Sit in chair, putting feet straight down and breathe deeply for five minutes.

Lie flat on your back and have someone press your jugular vein for five minutes.

Take 12 sips of water. Drink small portions of ginger ale while holding breath.

Place glass of cold water on head while standing motionless for 12 minutes.

Place toothpick under each big toenail and hold feet in air as long as possible, then lie flat on stomach and breathe deeply for five minutes.

Stir teaspoon of soda and one of vinegar into hot water and drink while foaming.

Eat two crusts of dry bread. Lie flat on back with head in brown paper bag and breathe deeply for six minutes.

Place ice bag on throat and breathe deeply for five minutes. Mix egg, half-teaspoon of nutmeg and glass of whisky, drink and relax.

Lean forward in chair, head down, hands on feet and have someone hold flatiron on back of head for six minutes.

Drink two doses of Blackberry cordial 20 minutes apart.

conditioned without knowing it."

Comfortable pneumatic seats upholstered in new non-sticky fabrics, bed-room cars, reduced rates for drawing rooms and compartments, tourist cars and coach cars at the lowest rates in history, low priced meals, air sections, upper berths with their own little window for a view of the outdoors, stewardesses and special attendants, and many comforts for women and children traveling alone are all steps in western railroad progress.

### Australia Adds To Air Defense

By United Press  
 CANBERRA.—Australia is getting increasingly air-minded both for commercial and defensive purposes.

A survey of civil aviation, just made by the Minister of Defense, reveals that Australia now has 411 government controlled aerodromes 225 commercial pilots, and 262 civil airplanes available for defensive purposes.

There are now operating 17,000 miles of regular air routes, with a total annual air mileage of 3,150,000 miles.

The next step in the development of the Australian commercial aviation system is to be the installation of modern developments in night illumination of aerodromes to permit fast night air services between the leading capitals of the commonwealth.

The immediate work to be carried out includes construction of nine new aerodromes between Brisbane, Sidney and Melbourne.

Air terminals will have radios for two-way communications.

At present aviation is developing so rapidly that a shortage of pilots is threatened.

As a further indication of the intense activity in aviation, the registration of Australian National Airways has brought to finality Australia's biggest commercial air merger. The new company is composed of the former Holymans Airways, Melbourne, and the Adelaide Airways.

With Holymans' are associated the Union Steamship Company, of New Zealand, and Huddart, Parker, Ltd., and with the Adelaide Airways the Adelaide Steamship Company and the Orient Steam Navigation Company.

The new company will co-ordinate an inter-capital service of high speed machines

### On Way to Cheer Eleanor Holm

Loyal supporters of his wife, Eleanor Holm Jarret, in the Olympic Games controversy in which she was ousted from the American team, Art Jarrett is shown here as he waved farewell before sailing for New York for Europe to join her. The orchestra leader husband of the swimming champion voiced belief that "everything would come out all right."

**CODE ON EGGS HUNTED**  
 By United Press  
 LODI, Cal. — M. A. Ruger is looking for an astrologer or someone versed in signs. He has a hen which lays eggs with peculiar markings which he is convinced contain a message in code.

### Phone Reductions Are Announced

The seventh voluntary reduction in long distance telephone rates in the last ten years was announced today at the office of W. L. Prehn, General Manager of the Southwestern Bell Telephone Company. The new reduction provides for lower rates on all long distance calls between points more than 234 miles apart and reduced overtime charges on "person-to-person" calls lasting more than six minutes.

Based on present long distance usage, the telephone company estimates that the yearly saving to Texas customers on both interstate and intra-state long distance calls will be \$435,000. The reduced rates, as they apply to interstate calls, are covered by a schedule of reduction filed today with the Federal Communications Commission in Washington, D. C. The new rates will go into effect September 1, if the proposed schedule of interstate rates is accepted by the Federal Communications Commission.

Under the new rates the reduction on calls more than 234 miles long will apply to both "station-to-station" and "person-to-person" calls. Reductions will range from five cents on calls of 235 miles to as much as \$1.50 on transcontinental calls. As an example, the reduction on a three-minute day-time calls between points 355 miles apart will be 20 cents on either a "person-to-person" or a "station-to-station" call.

Overtime charges on all "person-to-person" calls will revert to the cheaper "station-to-station" overtime rate after the first three minutes of overtime. On a 10 minute "person-to-person" call for instance the initial three-minute period and the first three minutes will be charged at the "person-to-person" rate the remaining four minutes being charged at the corresponding lower "station-to-station" overtime rate.

### Old Plainsman Says Modern Days Reaching Plains

By United Press  
 EL PASO, Tex.—John T. Muir—one of the few remaining members of the old school of hard-riding and hard-living plainsmen—says modern days have struck the "plains country" as well as metropolitan areas.

In 1888, when Muir, a tall, gawky young man in his twenties went into the cattle business in the Pecos Valley of New Mexico, the first cattle he put his brand on were not at all like the ones to be found on his ranch today.

Texas cattle in the "old days" were hard to handle. They were long, lanky, and built of speed; they possessed horns which measured by the foot.

With the passing of the years, cattlemen also have changed, Muir says. Year ago, the men were lean, lanky and full of fighting spirit. Today, they resemble their cattle—fat and tame. They wear wrist watches instead of hand-carved leather cuffs and meet trouble with law suits instead of "shoot-ing it out."

### Electrolux Dealer Entered In Contest

The Ranger Furniture Exchange, local distributors for the Kerosene Electrolux and who also sell the Gas Electrolux outside of the city limits announce that they have entered the contest with other distributors over West Texas in which a trip to the factory at Evansville, Indiana, is the prize.

The local furniture company has made a wonderful record on selling these machines over the past year and are looking for another ear load which will arrive in the next day or so.

## TO THE VOTERS of Eastland County

I wish to take this opportunity to express my sincere thanks and appreciation for the vote of confidence given me in the election of July 25th. I shall do my utmost to show my appreciation if your confidence by giving you the most courteous and efficient service of which I am capable.

Sincerely yours,  
**C. H. (Harl) O'Brien**

STRAWN

Mr. and Mrs. W. H. Tennyson and daughter, Gladys, spent the week-end in Weatherford. Miss Marjorie Buchanan has returned from Austin, where she attended the University of Texas. Miss Lucille Johnson of Ada, Oklahoma, is the house guest of Mrs. Tennyson.

Mr. and Mrs. S. J. Stuart. Mr. and Mrs. Jack Tucker and daughter, Betty, were Strawn visitors over the week-end at the home of Mr. and Mrs. George Tucker.

Jessie B. Morris have moved back to this community. Mr. and Mrs. George Smith and children, from Iran, are visiting their parents, Mr. and Mrs. W. A. Knight and Mr. and Mrs. Tuck Smith of Frankfort.

Fine Feathers to Make Fall Hats

NEW YORK — Calendar and thermometer to the contrary, the millinery designers are announcing the imminence of fall with a collection of new chapeaux designed to dispel heat wave consciousness.

Summing up the new showings, two trends are definitely established—that crowns are getting up in the world and that fine feathers make chic hats.

Although the classic felt is an inevitable part of any autumn millinery assembly, many of the more interesting models are appearing in dressier mediums and velvets, velvets, hatters' plush and waterproof crepe will be much worn during the coming months.

Even felted adopt the dressier note with vari-colored stitching on the brims and feather bands and pompons for trims. Color also plays an important role in fall millinery and, with black nominated as the favorite of the dress designers, hats turn to bright hues to strike a note of contrast.

Wine, the fruit reds, rust, saddle brown, green and bluestone will be leading colors say the style arbiters, and the more somber shades with bright contrast also will be smart.

In the matter of shapes there's almost one for every face. Both the Tyrolean and Directoire influence are evident in any number of the more important models and high crowned postillion hats rub brims with pill box types and forward thrust berets.

Dr. Car. A. Nau, director of the State Health Department's new industrial hygiene division, and

Gay V. Carroll, chemist, are here to find out. Samples of dust from stone industry plants and workshops are being collected by Carroll. They will be analyzed in state laboratories to determine if the dust is a health hazard to workers.

Texas Memento Is Placed In Library

Texas' most precious memento, next to its Declaration of Independence, has been placed on Centennial display in the State Library. It is Travis' letter written in the Alamo in which he appealed to Texas and all Americans.

The Declaration of Independence is constantly on display in a specially lighted niche in the state capitol corridor.

New Air Record Is Claimed by Pilot

DALLAS — Major Alex P. De Seversky, airplane designer and manufacturer, claims to have

made a new flying record from Dallas to San Antonio, making the 250-mile flight in approximately one hour.

Major De Seversky flew a pursuit ship of his own design, similar to a number recently sold to the Federal Government for use at Randolph Field, San Antonio.

In the same craft, which has a top speed of 300 miles an hour, he made the long jaunt from New York to San Antonio in seven and one-half hours of flying time.

Garage Apartments Banned for State University Men

AUSTIN — Experience has led the University of Texas to frown upon garage apartments for students. A rule against them will be enforced strictly next term.

Nowotny asked that no landlord rent such an apartment to undergraduate men students unless the students had secured a special written permit from the office of the dean of men.

wishes uninterrupted study or more privacy will have no trouble in securing the written permit from the dean's office.

Approximately 5,500 men students attend the university. Of this number more than 1,000 live in dormitories or fraternities.

There are many types of parents, Dean Nowotny said, "but none of them would approve of their children living in an apartment and sacrificing study for drinking parties and improper moral pursuits."

BOY TRIES CACTUS BED

PASADENA, Calif. — Richard Brian, 15, reclined for the first—and presumably the last—time on a cactus bed. The local hospital staff removed between 65 and 70 cactus needles from his body.

TWINS—11 POUNDS EACH

SYDNEY — Twin girls, each weighing 11 pounds, were born in a maternity hospital here. Medical authorities say the weight probably is a world's record.

Mr. Leon Unkart was in Stephenville on business last week.

Electrification of Farms Possible For \$1,000 Per Farm

WASHINGTON — With the economies in manufacturing and installation that are being effected, it will be possible shortly to complete the electrification of an average general farm for less than \$1,000.

Rural Electrification Administrator Morris L. Cooke said at ceremonies celebrating the opening of the REA electrified farm near Sterling, Virginia.

The equipment installed at the electrified farm, Mr. Cooke reported, cost about \$5,000 at present prices, although it includes appliances used in several different types of specialized farming.

Administrator Cooke presided at the opening ceremonies at the farm. Secretary of the Interior Harold L. Ickes, who is also chairman of the American national committee for the third world power conference, threw a switch signaling the advent of electric power on the farm.

Gov. C. Peery, of the commonwealth of Virginia, also spoke, as did the owner of the farm, Mr. J. M. Hughes. The farm is an exhibit of the third world power conference, to convene in Washington in September.

Five Texas prisoners escaped, using a "pistol" made of soap. Other of the criminal element hire lawyers to soft soap their way out of jail.

Dreaded Disease May Hit Ft. Worth

FORT WORTH — Dangers of silicosis, the dread lung disease which sent scores of West Virginia miners to their deaths, may lurk in the stone dust of Fort Worth industrial plants.

Dr. Car. A. Nau, director of the State Health Department's new industrial hygiene division, and

**Mrs. W. C. Bedford**  
Mrs. Clarence England and children and her sister, Miss Inocence Hightower, of Dublin, who is visiting her, drove over to Gorman Friday night and attended the picture show.

Mr. and Mrs. Dave Hoover and son, Calvin, of Cooper, New Mexico, were here for a few hours Friday afternoon visiting old friends and former neighbors. Both Mr. and Mrs. Hoover were popular and successful teachers here for several years before they moved to New Mexico, where Mr. Hoover accepted a job with an oil company. Their many friends are always delighted to see them. They had been to the Centennials at Dallas and Fort Worth.

Mr. and Mrs. Frank Daniels of De Leon, were guests of his brother, S. T. Stover, and wife, Sunday afternoon.

Mrs. A. D. Jones and children of Kilgore, came in Sunday to visit her parents, Mr. and Mrs. S. T. Stover, Miss Delma Hicks, who had been visiting them the past two weeks, came home with them. They left that afternoon, taking with them A. D. Jones, Jr., who had been visiting his grandparents the past two months.

Mrs. A. H. Hale, of Alexander, was the guest of her brother, Hugh Abel, and family on Saturday. She brought her mother, Mrs. R. R. Abel with her, and they were met here by her sister, Mrs. Elton Cok and little daughter, Mary John, of Bradshaw. They were all present at the birthday party of little Helen Abel, who was 7 years old that day. Mrs. Hale was formerly Miss Ethel Abel and taught in the primary grades of Desdemona schools for several years before her marriage. She was one of our most popular teachers and her former pupils and friends are always glad to see her.

George Crenshaw and family, including the married children, returned Friday from an extended visit with relatives and friends in several states. They made the trip in a truck with a house-car made of it. They visited in Florida, Georgia, Alabama, Mississippi, Louisiana, Arkansas and a number of places in Texas, stopping at the Centennial celebrations in both Dallas and Fort Worth.

Mr. and Mrs. Dewey Browning left Friday for their home at Montone, Texas, after a few days visit with his mother, Mrs. S. E. Browning and family.

Mr. and Mrs. E. H. Everett and their mother, Mrs. C. H. Everett, came down on Saturday evening to visit with Mr. and Mrs. Bailey Stark. Mrs. Everett, Sr., remained for a longer visit with her daughter.

Mr. and Mrs. Earl Stewart and baby from Penwell came in Friday for a visit with her parents, Mr. and Mrs. Mahorn Wilcoxson and with his parents, who live a few miles south of Desdemona. Not only their relatives but their many friends are giving them a hearty welcome.

Mr. and Mrs. F. E. Cotton, of Corinth, Mississippi, arrived Saturday for a visit with his sister and brother-in-law, Mr. and Mrs. W. H. Davis. They had visited the Centennial at Dallas as they came. It had been a number of years since Mrs. Davis had seen her brother, and they are having a happy re-union. To add to the pleasure of the meeting, Mrs. Aaron Henslee, of Fort Worth, came Monday for a visit with her parents, Mr. and Mrs. Davis and to be with her uncle and aunt while they are here.

Jim Dishman and wife and daughter left Thursday for a week's visit at the Centennial celebrations at Fort Worth and Dallas.

Mrs. Bertie Waggoner of Abilene, was the guest of her sister, Mrs. Horace Lane from Friday until Tuesday. On Sunday, Mr. and Mrs. Lane and daughter, Bobbie Jean, and Mrs. Waggoner, Mr. and Mrs. Arch Millan and Mr. and Mrs. January, of Olden, spent the day at Onion Valley. Mrs. Waggoner and her husband, who died several years ago, lived here during those days and her many friends are always glad to see her.

Mr. and Mrs. Jesse Clark came Monday from Kilgore for a visit with her parents, Mr. and Mrs.

H. Rouse, and his parents, Mr. and Mrs. L. E. Clark. This is their first visit since their marriage and their many friends and school-mates are extending congratulations and good wishes to them.

Mr. and Mrs. Donald Howell and three daughters came in Wednesday from Kilgore to visit her mother, Mrs. J. E. Derrick, and his parents, Mr. and Mrs. John Howell at DeLeon. Mr. and Mrs. Howell lived here before moving to Kilgore about five years ago and their many friends are delighted to see them.

Mr. and Mrs. R. J. Maltby and sons, Gordon and Maurice, of Casper, Wyoming, after visiting the Centennials at Dallas and Fort Worth, came Thursday to visit his brother, C. W. Maltby and family. They stated they were well pleased with Texas. They left Saturday for Whittenburg, Texas, to visit other relatives. Miss Adell Maltby went with them to Whittenburg.

A large crowd of sorrowing friends and relatives gathered at the cemetery at Lingleville Wednesday afternoon to pay their last tributes of love and respect to the memory of Franklin Davis Hogg, who had passed away on July 25, 1936, at his home just north of Desdemona. Funeral services were conducted by Rev. Jim Bays, pastor of the Baptist church, of which the deceased had been a member since 1881. Beautiful and numerous floral offerings covered the grave. The following is a brief sketch of this pioneer—Franklin Davis Hogg was born July 11, 1841, near Summerville, Georgia, married Miss Cardella Waters July 27th, 1879. They came to Texas in 1883, settling near Lingleville, and in 1908 moved to Eastland county a few miles north of Desdemona to a large farm that he bought. In the fall of 1919 he moved to Dawson county, living near Lamesa, and stayed for nine years, coming back to his home in 1928. One of his sons, Wilmer Hogg, had stayed at the home place and he and his wife cared for his father, who was feeble for a long time before his death. The widow who gets about in a wheeled chair, will continue to live there with Wilmer and his wife. There were 11 children born to Mr. and Mrs. Hogg, one son dying in infancy and one daughter, Mrs. Ola Deatheridge dying at the age of 52 years. The 9 children who survive their father are John Hogg, Noah Hogg, Dewey Hogg, and Mrs. Cordie Shipman, all of Lamesa, Mrs. Mary Etta Cheek, of Winters, Mrs. Myrtle Rogers, Elida New Mexico, Mrs. Loetha King, west of Desdemona, Clyde Hogg and Wilmer Hogg, north of Desdemona. To all of the sorrowing relatives sincere sympathy is extended on account of the death of this pioneer settler who died as he had lived, a true Christian member of the Baptist church.

Mrs. Guy Patterson and Mrs. Steele Hill of Eastland were here Tuesday, visiting Mr. and Mrs. Tom Nabers, parents of Mrs. Patterson, and other relatives.

C. C. Walker and family returned Monday from a month's vacation trip to West Virginia. During his absence, Ross Pratt, of Breckenridge, had charge of the Pitzer and West lease.

F. E. Walker and family returned Monday from their vacation trip to San Antonio and other south Texas places.

Mrs. J. E. Derrick was taken to the Dallas and Fort Worth Centennials last week by her son-in-law, Donald Hoover. During her absence her daughter, Mrs. Howell, had charge of her cafe.

The interest in the revival at the Tabernacle conducted by Rev. Bob Butler, of Farwell, Texas, is increasing in interest and much good is being accomplished. Rev. Butler is staying with his cousin, W. H. Whitworth and family.

The regular meeting of Desdemona Masonic Lodge was held Friday night, with Gifford Acres, Worshipful Master, presiding, and A. D. Baker, newly elected Secretary in charge of records. A special feature of the meeting was the visit of the Deputy Grand Master, from Cisco.

A. C. Robert came in early Monday morning from Freer where he has been in the ice business for more than a year, and Wednesday he took his family and their household goods and moved to Freer. Mr. and Mrs. Robert and children came here during boom days and have been among our most prominent and substantial citizens and their hosts of friends regret to see them leave.

Mrs. Betty Vestal arrived Monday from Fresno, California, and will make her home here with her father and step-mother, Mr. and Mrs. W. C. Bedford, who are delighted to have her return after having lived at Fresno for four years with only a visit of a few weeks back here two years ago. She stopped in Cisco for a few days with her aunt, Mrs. D. K. Scott and husband. She has almost recovered from her injuries in an auto crash a year ago.

There is quite a bit of sickness in the community.

J. B. Caudle is on the sick list. Mrs. Raymond Webb was carried to the Gorman Sanitarium Tuesday from the home of her mother, Mrs. C. L. Howe.

The Methodist meeting is in progress. We are having some wonderful sermons. Everybody is invited to come and have a part in the services.

Mrs. W. M. Grieger's sister from Honolulu is visiting her.

Mrs. Euclid Evans is on the sick list.

Arch Justice has gone to Dallas for an examination.

John Horn of near Ft. Worth was here at the bed side of his sister, Mrs. Webb.

Mrs. Ramsey has returned from Oklahoma and reports her daughter-in-law doing as well as can be expected.

The delegates have returned from the Short Course. They report a good time.

Our ball team went to Elm Sunday for a game and were defeated, the score being 6 and 7 in Elm's favor.

Curtis Ruse and wife were week end visitors in the home of L. L. Murray, near Carbon.

We had a good turn-out at the cemetery working Friday.

Fred Wilson and family of Arkansas was visiting in the home of his brother, H. E. Wilson, the first of the week.

Mrs. Tom Webb has gone to Arkansas for a visit.

Fae Tucker of Eastland was visiting her sister, Mrs. Burt Turner, Tuesday.

Authorities are wondering what to do with a leaning statue at Albany, N. Y. They might convert it into a monument to the WPA.

Wives are holding a "shave-your-own-husband" contest in Seattle. It may become a sham-ble, if a mouse turns up.

"Twenty-seven singers are only twice as loud as one singer." The item must refer to that soprano next door.

**FLATWOOD**

A good rain would be appreciated. Gardens and truck patches are suffering.

G. H. Pittman and family were Sunday visitors in Ranger in the home of Mrs. Pittman's parents, Mr. and Mrs. Boatwright.

**FLUSH OUT 15 MILES OF KIDNEY TUBES**

Medical authorities agree that your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 Miles of Kidney Tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, sweating, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 Miles of kidney tubes. Get Doan's Pills at your druggist.

**QUESTION!!**

If a jockey can make a horse fly, and a blacksmith the fire fly, can a boarder make the butter-fly? When we get a "butter-fly" job on a car, we are sure "it" is around until the work is finished and we do the work in a manner that is intended to make a steady customer. It's repeaters and boosters that count with us.

**FLATWOOD**

A good rain would be appreciated. Gardens and truck patches are suffering.

G. H. Pittman and family were Sunday visitors in Ranger in the home of Mrs. Pittman's parents, Mr. and Mrs. Boatwright.

**FLUSH OUT 15 MILES OF KIDNEY TUBES**

Medical authorities agree that your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 Miles of Kidney Tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, sweating, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 Miles of kidney tubes. Get Doan's Pills at your druggist.

A. D. Carroll, candidate for sheriff, \$220.95 total.

Wilbourne B. Collie, candidate for senator of the 24th district, \$771.80 total.

## Construction On Azucar Dam Starts

REYNOSA, Tamas., Mexico — Actual construction work on the great Azucar Dam across the San Juan river 75 miles west of Reynosa got under way as excavating crews started work on locations for concrete footings of the big structure, according to an announcement of government officials.

The dam will bring under con-

## The President Tries Relaxing

Relaxed and enjoying a smoke when acting as host to 40 persons at a picnic on the beach at Herring Cove, N. B., President Roosevelt is shown in contemplative pose. He met New Brunswick officials at the outing near his summer home and with them discussed the Passamaquoddy power project.

600,000 pesos (about \$3,950,000) and will impound many millions of gallons of water. The dam will be 135 feet high and will form a reservoir three and a half miles long. The spillways will be the largest of any dam ever constructed, according to Mexican government engineers in charge of the project. They have been designed to discharge 60,000 second-feet of water per minute from a height of 106 feet to the bed of the San Juan; below the dam.

Certain aspects of the design and engineering features of the dam will be new and consequently

of greatest interest to engineers in all parts of the world, government officials asserted.

## Indictments Under Anti-Trust Law Are Announced

WASHINGTON, Aug. 7.—In a sweeping Sherman anti-trust action, the justice department today made public details of indictments

of 23 major oil companies, 68 individuals and three publications on charges of price fixing and pooling gasoline purchases.

It was one of the most extensive allegations of anti-trust law violations in recent years.

**AT TODAY'S LOW PRICES**

The New **Firestone STANDARD**

IS THE BEST Buy IN TOWN!

**FIRST GRADE QUALITY**—The new Firestone Standard Tire is built of first grade materials by skilled workmen, and embodies the Firestone patented construction features of Gum-Dipping and two extra layers of Gum-Dipped cords under the tread.

**GUM-DIPPED CORD BODY**—Every cotton fibre in every cord in every ply is soaked in liquid rubber by Gum-Dipping. This is the only process that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

**TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD**—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road shocks and gives extra protection against punctures.

**LONGER NON-SKID MILEAGE**—The new scientifically designed non-skid tread is wider, flatter, with more and tougher rubber on the road, giving long even wear and thousands of extra miles.

**LOW PRICES**—These low prices are made possible by volume production in the world's most efficient factories.

**THE FIRESTONE NAME AND GUARANTEE**—Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.

## FOR TRUCKS AND BUSES

**FIRST GRADE MATERIALS AND EXPERT WORKMANSHIP**—The Firestone Standard Truck Tire gives long mileage—blowout protection—dependable service.

**GUM-DIPPED CORD BODY**—Gum-Dipping prevents internal friction and heat, giving greater blowout protection.

**TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD**—Binds the tread and cord body into one inseparable unit. Specially compounded rubber in two outer plies from bead to bead rivets sidewalls securely to cord body.

**TWIN BEADS WITH CORD REINFORCE**—In larger sizes twin beads are used to give tire firm seat on rim. The beads are tied into the cord body by the special Firestone method of cord reinforcement.

**FIRESTONE NAME AND GUARANTEE**—Assures truck and bus owners greater safety, dependability and economy.

**TO SEE IT—IS TO BUY IT**—Drive in today—See the extra values.

**SPARK PLUGS**—Shower spark, a real longer mileage. **58¢ EACH** in sets.

**BATTERIES**—Greater starting power, longer life. **\$6.95** Exchange.

**BRAKE LINING**—Gives positive brake control in wet or dry weather. **\$2.99** per set.

## Why Gulf is the Gas for August

"COMON IN, FELLAS, and cool off!" Most days are hot in August. Gasoline must be refined specially for this weather. If it isn't, part of the fuel goes out the exhaust unburned, wasted . . . and you don't get the mileage you should. Use That Good Gulf Gasoline in August. It's refinery-adjusted for summer weather—"Kept in Step with the Calendar"—all of it goes to work, none of it goes to waste.

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE

**TAKE THE TRAIN AND SAVE MONEY**

**Sample Low Fares**

Now you can travel anywhere by train—in safety and comfort—and save money. Here are a few samples:

A Tourist Sleeping Car Fare is \$7.65.  
B Tourist Sleeping Car Fare is \$7.20.  
C Tourist Sleeping Car Fare is \$7.65.

Fares lowest in history—substantial reductions on round trip tickets—for the world's finest transportation in sleeping cars or coaches. And remember—when you take the train you know in advance exactly what the trip will cost.

Western railroads slashed fares in 1933. They presented air-conditioned service in 1934. By 1935 all principal trains were air-conditioned. For 1936 they have greatly increased the number of air-conditioned cars, including coaches, sleeping cars and diners.

Western railroads also offer economy meals, dependability, and faster schedules with safety. When you add these to low fares, you can't afford to overlook the greater comfort and independence of train travel. . . . Ask the railroad agent about travel or shipping to any part of the world.

Shippers: Use new Free pick-up-and-delivery of LCL freight.

Listen to the Voice of Firestone—featuring Margaret Speaks, Soprano, with the Firestone Choral Symphony, and William Daly's Orchestra—on Monday night over N. B. C. Nationwide Network

EASTLAND COUNTY NEWS

PUBLISHED EVERY FRIDAY AT RANGER, TEXAS

Established December 3, 1924

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns...

Entered as second-class matter January 3, 1934, at the post office at Ranger, Texas, under the Act of March 3, 1879.

Subscription Rate \$1.00 Per Year, Payable in Advance

of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

Deadwood In the Schools

Texas is buying \$100,000 worth of deadwood so as to throw it away.

It has started a survey of the public school curriculum, with a view of modernizing it and getting rid of antiquated subject-matter and obsolete practices.

The survey follows one made of the colleges, which dealt primarily with procedural and administrative obsolence and inefficiency, and which, its sponsors say, already have paid the state back several times over.

Progressive educators for years have considered the schools were giving too much emphasis to old-line, strictly formal or classical elementary and high school education, and have been urging liberalizations in the direction of practical and vocational subject-matter.

A new danger-signal recently was raised, when the federal government began spending huge sums in a part to an economic view of training and accomplishment. all system of informal education in the CCC set-up and other emergency agencies, with the stress entirely shifted.

The survey, when made, will produce a voluminous report, dealing with the whole field of elementary and high school education. It no doubt will carry recommendations, or conclusions as to desirable or needed shifts of emphasis.

If it had its way, what with all the trouble that has been ragin about, the Rock of Gibraltar would probably be gathering no moss.

Learned new "roll-your-own" wrinkle when he switched to this tobacco

FRED WHITSON always takes his "makin's" tobacco with him on his sketching jaunts. Fred says: "That Prince Albert 'crimp cut' tobacco whisks into a neat, spick-and-span cigarette in practically no time. It's nice going in pipes too!

"SEEMS they've got a special 'no-bite' process that takes all the harshness and sting out of Prince Albert," Fred says. "Leaves only a satisfying smoke comfort that lasts right down to the very last puff."

YOU CAN SEE from this picture that Prince Albert is packed in tin. As Fred says: "It stays prime and tasty until you've got your enjoyment out of every flake."

70 fine roll-your-own cigarettes in every 2-oz. tin of Prince Albert

30 "makin's" smokes free if you don't say Whitson's right

Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage.

OFFICIAL TABULATION OF FIRST PRIMARY VOTES

A large, multi-column table containing the official tabulation of first primary votes for various candidates and offices across different precincts in Eastland County. The table lists names, party affiliations, and vote counts for numerous candidates including U.S. Senators, Governor, County Officers, and various representatives.

TO THE VOTERS of Eastland County

I appreciate with all my heart the good vote my friends and supporters gave me on July 25th.

While I lost by the unusually small margin of only 23 votes, yet I want every person who did not vote for me to know that I feel no ill will toward them and that I am and will be as good a friend to them as ever and I want to enjoy the same measure of their friendship as I have in the past.

### NO FRILLS ABOUT PENNEY'S

Because we realized long ago that palatial quarters and frills and furbelows must be passed on to the customers in increased prices, we have (through 34 years experience) eliminated every overhead expense not essential to real service! Value at a price is the important thing at Penney's! Shop around and compare!

# BE HERE ON TIME OPEN HOUSE

## TO MEET PENNEY'S NEW MANAGER

### EVERY FAMILY'S STORE

The great Penney organization has been built upon an ideal of real service to the coverage family. Founded in an average small town, it man of an average Middle-Western family, it has never departed from its original purpose—to vend the best possible quality at a price the average family can afford!

# Doors Swing Open 9 A. M. Thursday, August 6

## 3 BIG DAYS

## Breath - Taking!! - Exciting - Bargains

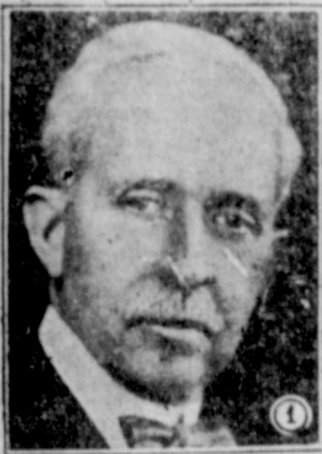

We're ready at the stroke of 9 a. m. tomorrow to stage the Greatest Merchandising Event ever held in Ranger or West Texas. Our New York buyers have worked for weeks in combing America's markets for their greatest values. Ranger has been good to us—here's our token of gratitude.

## 3 BIG DAYS

### James Cash Penney Started In West With Nothing But Idea and Will to Work; In 34 Years Opened 1,494 Stores

James Cash Penney, still in his fifties, born in Hamilton, Mo., went West thirty-four years ago for his health . . . and got well, physically and financially. This is an exception proved to the rule, that most big business comes from the East.

Penney, born Sept. 16, 1875, got a job in home town as a dry goods clerk when he was nearly grown. His salary was \$2.27 a month. The second year he worked his pay was \$200. Before he started on the third year the doctor told him to

J. C. PENNEY

go West for his health. He went to Denver and got a job at \$6 a week.

He saved his money and in a short time was able to start his first business venture. It was a small butcher shop at Longmont, Colo. Perhaps Penney would have been one of the big meat packers of today had there not been a drunken hotel chef in the town. Penney lost the trade of the prin-

cipal hotel, which was the greatest meat consumer there, because he wouldn't bribe the chef with a pint of whiskey a week. Soon after, Penney lost his butcher shop.

Penney then went to work in a local dry goods store for T. M. Callahan and his partner, a Mr. Johnson.

His employers observed that Penney was an ambitious young man, was honest and possessed vision. Soon thereafter Callahan and Johnson were to open a store at Kemmerer, Wyo., and they let Penney open it for them, making him a one-third partner and the manager. Kemmerer was a small mining town and this was thirty-four years ago. Penney's initial investment was \$500, either in cash he had saved or sums he agreed to pay his partners.

Then the firm opened stores at Rock Springs and Cumberland. Not long after this Callahan and Johnson separated. They decided the best way to do this was to sell all three of the stores to Penney, who had the vision to see that this partnership idea had unlimited possibilities. He bought a full interest in the three stores.

This was the beginning of the merchandising enterprise. That \$500 capital has grown in thirty-four years to approximately \$220,000,000 in sales volume for 1936.

### Store-Wide Event

Months of Planning and weeks of preparation bring to you the greatest Selling Event ever announced by this Store.

### Three Big Days

Packed with unbeatable values in every Department.

Thursday - Friday  
-Saturday

DAVE COOPER, Mgr.

### LATEST STYLES IN PENNEY'S Ready-To-Wear Department

It is Hollywood that sets the fashions of America today. No longer do we look across the ocean to Paris for the trend in what the well-dressed woman will wear.

J. C. Penney Company is aware of this fact, and has lost no time in taking advantage of it, Dave Cooper, local manager, has pointed out.

The Penney Company maintains a staff of designers in the Movie Capital, Cooper said. They are people that not only keep up with the present styles but are a jump ahead in forecasting Fashion Changes.

Best Service Provided  
"Once there was a time when Penney Company paid little attention to styles. We operated almost exclusively in small towns, but that day is gone. Small-town people are just as conscious now of styles as people anywhere, and this fact coupled with Penney's entrance in the big-store field has brought about the need of this new service and Penney has spared no expense or trouble in providing the best.

"The minute American women see this favorite movie star in a stunning new gown, they want one like it. We realize that and by the time the mode has become established, Penney stores are showing the styles because our fashion directors are ahead of the game at all times.

"Maybe it is a tuck here, a ruffle there, a change in line raising or lowering the waist line, or any little thing like that. Small as it may seem to some people, it means all the world to a well-dressed woman and Penney sells dresses and accessories to satisfy this desire."

### President of the J. C. Penney Company Is a Native of Kansas

Earl Corder Sams, Product Of West, Is Outstanding Executive.

EARL CORDER SAM'S

Earl Corder Sams, president of the J. C. Penney Co., which operates nearly one thousand five hundred stores in the United States, was born in Simpson, Kansas, April 3rd, 1884.

### Steady Hand Is Aid

The Penney Co. has been indeed fortunate in having the steady hand of Earl Sams at its helm during the years of unnatural behavior which our nation's business has just been through. His deep knowledge of human nature, and its needs, as well as his sincere belief in the golden rule as applied to business, were gained and fortified during his early years of intimate personal contact across the counter and have never deserted him.

Sams is of Scotch descent, and a Presbyterian. He is a member of the board of national missions of the Presbyterian church in America and of the national council of the Y. M. C. A. Among his business connections, he is one of the executive committee of the Metropolitan branch of the Manhattan Trust Co. He is also a member of the United States Chamber of Commerce, a trustee of Wesleyan University of Salina, Kan., and is

donor of the Sams auditorium there, given in memory of his father and mother.

Mr. Sams is very frequently a visitor through Texas and has some large holdings in citrus acreage through the Valley that he cherishes very highly.

Is Outstanding Executive  
Sams in considered one of the outstanding business executives and merchants in the United States. He entered the employ of J. C. Penney in store No. 1 at Kemmerer, Wyo. Penney had opened this store in 1902 and had been operating it for five years when he hired Earl Sams as a clerk.

Ten years later, in 1917, Penney was elected chairman of the board of directors of the Penney Co., and Sams was elected president. The company has grown by leaps and bounds under his wise and capable administration.
