Electrician Killed By High-Volt Wire

By United Press
HOUSTON, Aug. 18.—Walter Scales, 25, an apprentice electrician, was electrocuted and Rufus Foster, 22, was injured today when they came in contact with a 33,000-volt power line.

Where Bombs Killed Foreigners in Shanghai

Along Shanghai's famous bund, or waterfront boulevard, death dropped from the skies in a bloody shower as indiscriminate bombing and shelling from opposed Chinese and Japanese forces raked the international settlement whose center is shown above. The massive buildings at right is the Astor House annex, from which the first Americans were evacuated and where American Marines and sailors patrolled along Soochow creek. The building with the dark, pointed tower is the Hotel Cathay, where the bombs of Chinese flyers, aimed at Japanese vessels in the Whangpoo river (foreground) killed scores, including three Americans. The twin towers building just to the left is the Palace Hotel, similarly bombed.

Burial In Kansas For John Shannon Who Died Tuesday

Earl John Shannon, 50, oil well driller who had lived in Eastland 18 years, died Tuesday at the Legion hospital near Kerrville after nearly a year's illness.

Subscription Rate \$1.50 Per Year, Payable in Advance

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

How to Get the Most From the Day's News

A wondrous variety of items, recording the events of the day as they happen in China or on Main street, make up the daily newspaper which nearly every American family reads.

The newspaper is thus recording history as it happens. But history isn't complete until its basic facts are blended by the interpretation of the people.

For instance, on one recent day there appeared three stories which, together, form a better commentary on the state of the nation than does any one of them individually.

The first tells how Allegheny county, Pa., in which Pittsburgh is located, is spending two and a half times as much for relief now as in the worst month of the depression.

Another story tells of congressional alarm that new demands by World War veterans may saddle the nation with a system of pensions that would cost an estimated 20 billion dollars by 1936.

Taken altogether, these items stimulate some vital questions. Why, if employment conditions are back to normal, must relief be more expensive?

By taking these problems through and forming an opinion, one way or another, the newspaper reader not only is getting the most out of the news, but he is also performing one of his important duties as a citizen.

Florida's Democratic Senate approved a bill to prevent the death of the state G. O. P., but it is doubtful whether Maine will make it reciprocal.

Not Even A "Shill" Is Ferreted Out By A Reporter Seeking Broadway Strip-Tease

By JOSEPH L. MYLER

United Press Staff Correspondent NEW YORK — Strip-tease shows, banned by License Commissioner Paul Moss three months ago, are being staged nightly by enterprising bootleggers, reports a theatrical trade magazine.

former burlesque houses. "Damaged Lives," Prohibited Until Now. "Are You Fit to Marry?" "Children Under 16 Not Permitted to See This Movie."

STATES OIL CORPORATION FINISHES TEST IN COUNTY AS 3 MILLION FOOT GASSER

States Oil corporation No. 5 J. W. Henderson, seven miles north of Eastland, NE-4 section 8, block 4, H. & T. C. RR company survey, has been completed for 3,000,000 feet of gas from the Bond sand topped at 3,409 feet and bottomed at 3,415 feet, total depth, representatives of the firm stated Saturday.

Connection has been made with the Arab Gasoline corporation. The well prior to deepening was a gas producer at a lesser depth.

Hickok Producing and Development company No. 2 Grover S. Cleveland, section 477, S. P. R. R. company survey, eight miles northwest of Cisco, was drilling at 3,983 feet and reported to be making approximately 3,000,000 feet of gas.

James D. Kittrell of Dallas filed an application with the Railroad Commission to drill No. 1 Mrs. L. B. Reynolds heirs, about 8 1/2 miles southeast of Eastland. Depth contemplated is 3,000 feet.

Dorothy Oil company No. 1 Taylor-Beard, seven miles east of Eastland and three miles west of Ranger, E. Finley survey, had been drilled to 900 feet.

Dean Brothers No. 1 Watson, two miles northeast of Frankell section 28, T. & P. survey, block 6, Stephens county, was drilling at 800 feet. A depth of 2,300 for oil production is proposed.

Beard and Taylor No. 1 Caroliel Fox, lot 28, league 2, McLennan County school land, near Eastland and Ranger, was spudded in.

Hoffmann and Page No. 1 A. C. Justice, section 28, H. & T. C. survey, block 2, four miles south of Eastland, was plugged and abandoned at total depth of 1,450 feet.

Beard and Taylor No. 1 Caroliel Fox, lot 28, league 2, McLennan County school land, near Eastland and Ranger, was spudded in.

Hoffmann and Page No. 1 A. C. Justice, section 28, H. & T. C. survey, block 2, four miles south of Eastland, was plugged and abandoned at total depth of 1,450 feet.

Beard and Taylor No. 1 Caroliel Fox, lot 28, league 2, McLennan County school land, near Eastland and Ranger, was spudded in.

Automobile Stolen From Eastland Man Is Found Destroyed

Recovery of an automobile stolen from George Parrack Monday night at Eastland was reported Saturday by Sheriff Loss Woods.

The automobile was found by a farmer two miles north of Eastland, partially concealed by brush off the highway was a total loss, said the sheriff, who reported the machine, a 1934 Terraplane coach, had been burned.

The car was stolen while parked in front of the postoffice at Eastland at which Parrack is an employe, the sheriff stated.

LeRoy Dean Edwards, infant son of Mr. and Mrs. Larry Edwards, was buried at Rocky Point Friday afternoon at 3 o'clock, with Bro. Ingram conducting the services.

Interment was in the Rocky Point Cemetery, following the services at the church. The child, who was six months old, died in a Ranger hospital. Killingsworth Cox had charge of funeral arrangements.

Pension Payments Show Small Drop

Last month's pension payments in Eastland county reflect a decrease over the previous month. A list of payments filed by the Texas Old Age Assistance Commission in the county clerk's office showed 942 received checks which totaled \$13,841.

In previous months the recipients and totals were as follows: June, 948, \$13,924; May, 944, \$13,850; April, 889, \$13,157, and March, 803, \$9,151.

Fishing Job Slows Down Stephens Well

Clark and Cowden No. 2 Echols, 1,350 feet from the south line and 800 feet from the east line of the west half of section 10, S. P. R. R. company survey, block 3, four miles north of Caddo, Stephens county, was delayed Saturday with a fishing job at 4,095 feet.

LEON RIVER HEARING DUE AT HAMILTON AUGUST 25

A public hearing will be held by U. S. officials at the county courthouse at Hamilton beginning Wednesday, Aug. 25, for presentation of views concerning the controlling of floods, run-off and water-flow retardation and soil erosion prevention on the Leon watershed of the Leon River, J. Frank Sparks of Eastland, chairman of the Leon River Flood Control District, had been advised Monday.

To conduct the hearing will be Lt. Col. F. S. Benson of the U. S. Army, Engineer Corps at Galveston and Louis P. Merrill, regional conservator, soils conservation service.

Sparks stated Monday that information for the presentation is being filed. The Leon district, created by the legislature several years ago, has had two surveys, one undertaken by the district and the other by the Texas Reclamation Department. Counties of Calahan and Eastland comprise the district.

Notices on the hearing said it would be in connection with the preparation of a report on a preliminary examination of the river. The preliminary examination will be under the authorization of the act of Congress approved June 22 last year entitled, "An Act Au-

thorizing the Construction of certain public works on rivers and harbors for flood control, and for other purposes." The hearing will be opened by the war department and consideration will be given first to the question of flood control. In the preparation of the report on flood control it is desirable to secure as much information as possible about the river and any proposed method for controlling floods, regulation, conserving and utilizing the waters thereof, an announcement stated.

WASHINGTON NEWS

FROM CONGRESSMAN
CLYDE L. GARRETT

Visitors
This past week we have had many visitors in the office from the District. They include Mr. and Mrs. Dan Gallagher, David Sitton, Mrs. P. B. Bond and daughter, Augusta, of Abilene, Dr. and Mrs. P. M. Kykendall and Miss Alla Ray of Ranger, Mrs. D. E. Waters, of Cisco, Mrs. Roy Speed and son formerly of Eastland and Mrs. Lee Knight of Ranger and Mrs. H. E. DeLane and daughters of Breckenridge.

Adjournment
Last week we had some hopes of an early adjournment but at this time there is no means by which anyone can tell when it will come. The fight on the Wage and Hour legislation and the battle made for crop loans to take care of the present crop make a long session seem possible.

Stability
President Roosevelt and Chairman Eccles, of the Federal Reserve Board, were not in favor of action at this time on Senator Thomas' (Dem.) of Oklahoma, monetary stabilization bill. They based their opposition on the "complexity of the rapidly shifting international scene," and said the need was for economic stability and that it could be attained by coordination of Government activities.

Wage and Hour Legislation
So far has the action on minimum wage legislation gone that scouts for the Administration are looking for material to build the new Labor Standards Board. L. Metcalf Walling of Rhode Island, who now administers the Walsh-Healey Act, will probably be the new head of the agency if plans are carried out as they stand at present.

Battleships
The authorization to build two

more battleships and two more cruisers will be sought next year, was announced by the Navy Department. In the meantime, the State Department moved to economic disarmament with its new commercial treaty with Russia.

Sugar Quota Law
The House passed the sugar quota law which restricted the importations of refined sugar from Hawaii, Puerto Rico, and the Virgin Islands. If the Senate concurs in this legislation it is believed that the White House will vote veto.

Increased Benefits
The provisions of existing laws governing service-connect benefits for World War veterans and their dependents, H. R. 6384, passed the House. Compensation of widows of World War veterans who died from service-connect disabilities is increased in several ways. Compensation of widows between 50 and 55 years of age is raised to \$37.50 per month; for widows above 55 years of age it is raised from \$40 to \$45 per month. It also increases compensation of dependent fathers and mothers whose sons died in the war or from service-connect disabilities to \$45 per month. Where two parents are living, \$25 for each parent is provided. If a parent is drawing \$57.50 insurance a month, he will not benefit under the law but if only one parent is living and he is drawing below \$45 per month this amount is increased to \$45 a month which the parent shall receive during the remainder of his life.

Cancer Institute
A bill authorizing the erection of a \$50,000 National Cancer Institute was accepted by the President. The bill is for the purpose of revitalizing the Federal fight against the dreaded death dealer, cancer.

Tax Loopholes
The Joint Committee on Tax Evasion and Avoidance has recommended plugs for eight important loopholes in the tax laws. Domestic personal holding companies, incorporated yachts, country estates, city residences, incorporated talent, artificial deductions for sales or exchange of property losses, artificial deductions for interests and business expense, holding companies, multiple trusts, non-resident aliens; were the loopholes that were

Mens' ASAA Tourney Continues At Eastland Tonight With Ranger Vs. Cisco, Coleman Against Cleaners

The mens' district A. S. A. A. softball tournament goes into the third night tonight at Eastland with Modern Dry Cleaners of Eastland meeting the Craig's Butter Crust Bread team of Coleman and the Lone Star Gas company of Ranger matched opposite the Cisco Gas group.

Letters From Our Readers

The following letter to Congressman Clyde L. Garrett has been made public by W. B. Starr, president of the recently organized Southwestern Peanut Growers Association which plans to cooperate with the Department of Agriculture in establishing a fair price to growers and consumers of that crop:

peanuts in the fall and winter seasons, and Irish potatoes in the spring and summer. This year our fine crop of Irish potatoes, which as you know under farm-storage conditions, deteriorates rapidly, sold mainly at very low figures, much of it moving at around 70 and 70 cents per 100 pounds. These prices as you know will not pay wages, to say nothing of returns on money invested in lands and equipment. The same potatoes would now bring \$1.75 to \$2.00 per 100 pounds. Warehouses properly equipped to maintain needed humidity, temperatures and ventilation would have enabled our farmers to store that part of their crop, which we ordinarily call a surplus, but which in fact is no surplus at all, so that a reasonable figure might have been secured for the entire crop. Please advise me in the near future as to what help we may expect through W. P. A. funds in building these much needed warehouses. Very respectfully,

Aug. 14, 1937.
Cisco, Texas.
Hon Clyde L. Garrett, M. C.,
House Office Building,
Washington, D. C.
Dear Mr. Garrett:

I appreciated very much your favor of June 14, written in answer to my previous letter, asking for your cooperation in making peanuts a basic commodity in the new farm bill pending in congress. I am sorry that congress saw fit to delay the passage of any farm bill until he next session of congress. I look, within the next three months, to see much lower prices on all farm commodities. Had it not been for the very bad crop conditions in Canada with some what similar conditions in much of Europe, wheat would have sold this fall for between 70 and 80c per bushel. I am advised that oats are now selling on the farms in eastern Iowa for 24c per bushel.

SALEM NEWS

The revival meeting that started at this place is being conducted by Rev. Hamilton Gorman. Everyone invited to attend. Mrs. Yancey and Eunice May visited Mrs. Davis and daughters, Sunday afternoon.

Mrs. R. M. Redwine who has been visiting her son, Earl Redwine and family has returned to Ranger.

Born to Mr. and Mrs. Z. J. Fonville on August the 5th, a fine baby boy, weighs 8 pounds, named Johnnie Thomas.

Mr. and Mrs. I. C. Redwine visited E. H. Redwine Saturday night. Also visited Mr. and Mrs. Jep Bowles Sunday.

Several from this community were in Desdemona Saturday for the reunion.

The pie supper given here Friday night was a success. A large crowd attended. Had a number of good song leaders present. Everyone enjoyed the singing before the pies were sold. There were 2 cakes—one for the ugliest man and one for the prettiest girl. The winners were Winnie Carter for prettiest girl and Mr. Laminax for the ugliest man. The proceeds of the supper were paid to Mr. Bond on teaching the singing school.

Mr. and Mrs. Dorman Moore of Breckenridge visited relatives in this community from Friday until Sunday.

Letters From Our Readers

The following letter to Congressman Clyde L. Garrett has been made public by W. B. Starr, president of the recently organized Southwestern Peanut Growers Association which plans to cooperate with the Department of Agriculture in establishing a fair price to growers and consumers of that crop:

The peanut growers in the "southwestern area," that territory lying west of the Mississippi river, are now completing an organization to be known as the Southwestern Peanut Growers Association. Our first action will be to cooperate with the Department of Agriculture in an attempt to stabilize the price of peanuts for the 1937 crop at a "fair price" to growers and consumers of that form product. Am sending you under separate cover a copy of the Cisco Daily Press in which you will find some comments on this new organization. We hope that the future activities of our peanut growers organization will result in a better farm income not only for the peanut growers in their 1937 crop, but also for crops of other years in the future.

Am writing this letter to call your attention to the very great need, at this time, of farmer-warehouses at various points within your congressional district. It is going to be almost impossible for our farmers to cooperate with the Department of Agriculture in future farm programs unless adequate warehousing facilities are obtained. The writer was very much interested several months ago in noticing in a press dispatch, that farmer warehouses had been constructed in a number of North Carolina towns through W. P. A. assistance. I am sure that the proper pressure on your part can secure for us warehouses in this part of Texas. These warehouses should be constructed so as to care for several different farm commodities; for instance,

ing nicely, and will soon be removed from the east. Avis broke out several weeks ago when he was thrown from a runaway horse.

Grandma Henderson of Liberty is spending this week with her daughter, Mrs. Charley Crawford of Gordon.

Grandpa Parsons of Gordon dropped dead from a heart attack Saturday. He was buried at Strawn.

Winston Boyd of Gordon was in Mings Saturday night on business.

Mrs. Hughes is visiting her son, Bill Hughes of Palo Pinto this week.

Miss Louise Hughes spent Saturday and Sunday with her friend Lorene Jones.

Mrs. W. A. Jones and Mrs. J. H. Blue returned from Davenport, Oklahoma today where they have been spending the past two weeks with Mrs. Jones daughter, Mrs. Lara Carver.

Lee Keown of Gordon, dropped dead from a heart attack, Saturday, while out driving in his car. He was injured several months ago while working on a pipe line. The line blew out. But he had recovered and was working again. He seemed to be in good health.

Mr. and Mrs. J. R. Jones spent Sunday with his father, Booker Jones of Lake Creek.

Avos Boyd's broken arm is do-week.

SISTER MARY'S KITCHEN

By Mrs. Gaynor Maddox
NEA Service Staff Writer

WILL soap and hot water keep your refrigerator immaculate and free from any threat of bacteria? Answer is definitely NO. Use salt soda and water at least once a week to keep it safe. Put 1 tablespoonful 1-4 teaspoonful water, then wash, and finally wipe completely dry with clean cloths. If yours is an ice refrigerator, then pour a stronger solution of salt soda water down the drain to remove any slime which might have accumulated there.

Daily wipe the refrigerator. Any spilled foods, even the smallest amount, offer danger. Bacteria or mold spores might quickly develop in them. Do these things faithfully, and your refrigerator will be as sweet as a young girl's smile. Then try this ice-box cake.

Pineapple Cake
(4 to 6 servings)

One cup butter, 4 eggs, 7-8 cup confectioner's sugar, 1 small can crushed pineapple, 30 ladyfingers, 3-4 cup cream, 1-4 teaspoon vanilla, 1-4 teaspoon almond extract, 1-2 cup marshchino.

Cream butter until fluffy. Gradually add sugar and cream again until mixture is light. Beat egg yolks separately, then add to the sug-r mixture. Beat in thoroughly, then add marshchino and crushed pineapple. Beat egg whites until stiff and dry, then fold into pineapple mixture. Split ladyfingers. Butter mold. Fill mold with ladyfingers and pineapple mixture, alternating half ladyfingers in

Tomorrow's Menu
BREAKFAST: Seedless grapes, cornmeal muffins, bacon, strawberry jam, coffee, milk.
LUNCHEON: Tomato juice, creamed salmon on toast, whole wheat toast, Bartlett pears, cream cheese, salted crackers, tea, milk.
DINNER: Fruit cup, fried chicken, steamed rice, kitta and tomatoes, watercress salad, pineapple ice box cake, coffee, milk.

layers with mixture in layers. Place in refrigerator and chill for 24 hours. Serve garnished with candied cherries and whipped cream. It's a feast day dessert.

The clean refrigerator plays a large part in making vegetables taste as fresh as when gathered in the garden. Vegetables must be in perfect condition before placed in refrigerator. If wilted, merely putting them in a cool spot will not revive them. Wilting is due to loss of water content, therefore to freshen vegetables, place in cold water first before placing into refrigerator. As soon as vegetable is fresh again, drain off water, and place in dehydrator or other container. However, lettuce and other leafy salad preer should go into ventilated pan.

No vegeta_e should have the coldest place in the refrigerator. Dairy and poultry products and meat should get this choicest of cold spots.

MICKEY MOUSE IN TEMPLE

SINGAPORE — Travelers returning to Singapore report that an image of Mickey Mouse has been discovered standing in a place of honor in a Hindu temple on a rubber estate in Negri Sembilan, one of the Federated Malay States. Mickey's place is among the graven images of the Hindu gods Subramania and Vishnu and the demon-king, Narakasara.

Agreement Renewed
Mr. Roosevelt has proclaimed a renewal for a year of the special commercial agreement between Russia and this country. During the coming 12 months, the Soviets will purchase a minimum of \$40,000,000 worth of American products.

Wage and Hour Legislation
The wage and hour bill which has passed the Senate is due for a deal of changing. It is a bill that will affect only part of the people. Some groups of workers have been excluded by this bill. Those workers in service trades and in many kinds of distribution, are not included in this regulation.

WASHINGTON WITH RODNEY BUCKNER

NEA Service Staff Correspondent

WASHINGTON—There is no more assurance as to when Congress will adjourn than there was two or three months ago.

As against a strong general desire to get away, especially reinforced by southern members who want no wage-hour legislation, are various new developments which may keep the House and Senate here until the middle of September—or allow them a brief vacation and bring them back by October.

Perhaps the most important such factors are the recent drop in the price of cotton, which put the administration's southern opposition in something of a hole, and a secret coalition of northern senators with farm state senators to get behind both wage-hour and crop control legislation.

THE development in cotton caused a prompt appeal to the White House from most of the southern contingent which had been insisting rather disadvisably that there was no need of further legislation this session. To the request of southerners for a federal loan of 12 cents a pound Roosevelt replied there would be no renewal of crop loans unless Congress passed crop control legislation such as he had vainly requested. This appeared to give the President, with his veto power, something in the nature of a temporary whiplash.

The Senate's vote of 56 to 28 for the wage-hour bill has pepped up drooping spirits and defeated attitudes among administration congressional forces. Both labor and the White House now hope probably in vain for a stronger measure than the Senate bill permitting a federal board to set minimum wages at not more

than 40 cents an hour in 40 hours. They received a expected sock in the jaw when Congresswoman Mary Norton's House Labor committee, supposedly under control, voted overwhelmingly to accept the Senate bill.

The south appears to have lost its fight against any wage-hour legislation whatsoever. Meanwhile a "prairie bloc" has been formed with the idea of trading with northern members on the basis of votes for a stronger wage-hour bill and votes for a far-reaching farm bill.

TERRIFATS of tax loop-hole legislation which would be retroactive are to be heard and certainly would cause terrific commotion if the administration got behind it. The bet is that the administration won't dare.

Roosevelt has just tossed in another likely cause of delayed adjournment: by notifying House sugar bloc leaders that he would veto any sugar legislation which retained present restrictions on Hawaiian and Puerto Rican sugar refining operations.

Roosevelt may decide to veto the District of Columbia appropriation bill because the Tydings-Miller retail price-fixing bill has been attached to it as a rider. So more time would be consumed. He is expected to hold up appointment of Supreme Court Justice Van Devanter's successor until the very end of the session—as a matter of strategy. Meanwhile the prevalent notion here is that Congress will get away between the 21st and 28th of August. But even though Congress can act with lightning speed at times that notion is approaching absurdity.

Sport Glances. By Grayson

By HARRY GRAYSON
Sports Editor, NEA Service

NEW YORK—In taking over Madison Square Garden and its base in Queens, Michael Strous Jacobs becomes the most powerful individual in the history of boxing.

The late Tex Rickard was a tremendous figure, but he operated with other people's money and had to contend with a board of directors.

Since breaking in as front man for the New York Milk Fund, otherwise the Hearst A. C. Jacobs has traveled alone.

The most remarkable thing about Jacobs' rise in the beak-busting business is that he was punched to the pinnacle by a Negro heavyweight.

When he journeyed out to Detroit two winters ago and signed Joe Louis, Uncle Mike was on his way, and when in June the Brown Bomber dropped Jim Braddock like a broken airplane, it was only a question of time until the ducal dealer assumed command of the Garden's sock setup.

When the Garden Corporation lost the heavyweight champion, Rickard would have told the organization he founded that it was through running the works.

RICKARD wouldn't have believed his eyes had he lived to see the cauliflower industry come back and Jacobs scale the heights behind the flying lists of a colored heavyweight. Until the day he died, Rickard regretted having given Jack Johnson the opportunity at Reno. Getting rid of Harry Wills without letting him fight for the crown was an obsession with the master promoter.

But the sour taste left by Johnson, which so sorely handicapped Wills, was forgotten in the depression and by the time Louis came along. Highly satisfactory in performance and deportment, Louis is a credit to his profession and his race.

With Jacobs having indoor capacity in New York, the dodge is expected to boom throughout the nation. As Manhattan goes, so goes boxing.

JACOBS now has a complete monopoly—the Garden Bowl and the two New York ball parks for outdoor shows and the Garden itself and the Hippodrome indoors. He plans to use the Hippodrome as a feeder for the Garden.

Jacobs' two-year arrangement with the Garden is reported to be 16 shows a year at \$5000. If that is true, he can get out with one big outdoor affair, and the remainder will be velvet.

Jimmy Johnston aggravated boxing people and was handicapped by having to consult the Garden board before he could give a preliminary boy warfare, let alone give a star a substantial guarantee. Jacobs goes into the Garden with the good will of the patrons, press, and everybody actually engaged in boxing.

He started out to feed babies milk and now has the dairies.

Discuss Plans for Lodge Celebration
Members of the Ranger Robekah lodge No. 244 met at the hall Tuesday afternoon with Vice Grand Mrs. Mary Eley presiding. Plans were generally discussed as to how the lodge might appropriately celebrate the eighty-sixth anniversary, Sept. 20. It was suggested that members of the Olden chapter be invited to present the play, "The Old Maid's Convention."

The sunshine prize was furnished by Anna Mae Robinson and won by Mae Eley.

August Bargains Summed Up
The Joseph Dry Goods and Furniture store has summed up their stock of merchandise and decided that if one-half price on the attractive array of merchandise outlined in an ad elsewhere in this paper isn't a bargain then they're hard to find.

If it's true colors rule our moods, then there are a large number of women who will not doubt be interested in what the ready-to-wear department has to offer. Sports dresses, knits, Nelly Dons, and other popular brands are to be had at exactly half-price. Smart is the woman who buys at such a time and at the beginning of another season there's something to begin with. Your appearance depends largely on time and choice of taste displayed when planning your ensemble.

Take an early trip down town and investigate these enticing values. Most all of us have heard the story of the little old lady who was celebrating her ninety-third birthday and during the day a look through the family album brought back memories. Her eyesight dimmed, many scenes were viewed through the eyes of those younger. One picture was taken many years ago, and in reminiscing she asked "what dress was I wearing?"

Time brings changes, but never to the persons who prides themselves on displaying good judgment and taking advantage of proven bargains.

Delightful Y. W. A. Program
The Y. W. A. girls of the First Baptist church met at Many Robinson's home Elm street Tuesday night for a program on Indian Missions. The meeting opened with prayer and devotional given by Mona Robinson. A miniature Indian village added reality to the lesson and the interesting study was offered under the direction of program chairman the hostess, Miss Robinson.

After a delightful program dainty refreshments of sandwiches, iced tea and mints were served Mrs. Charles Tally and Mary Weaver, Eula Preslar, Hazel Barker, Mona Robinson, Thelma Walling, Eunice Preslar, Mildred Moutman, Avis McKelvin, Mary Jane Todd, Clara Mae Weaver and Miss Robinson.

Director Encouraged Over Showing at Rehearsals
Mrs. L. E. White is encouraged over the splendid showing made at rehearsals rounding into shape the play "Corn Fed Babies" slated to be presented in a garden scene at the J. R. Houghton home August 27th.

The play comes under the sponsorship of Child Study club No. 2, and promises to be something different in the mode of plays.

COMINGS AND GOINGS
Miss Virginia Walker has gone to Sweetwater, where she has accepted a position with Russell company.

Mrs. W. T. Johnson and son, Lennis, returned Tuesday from Denton, where they spent several days with friends and relatives. Mr. Johnson is connected with the oil business and comes from West Texas, where he has been for the past several years.

Mr. and Mrs. M. J. Wetzel have returned to their home in Del Rio, after a two-day business visit in Ranger.

Mr. and Mrs. W. O. Walker returned home yesterday from Vernon, where they visited with their daughter, Mrs. Robert Stokes, and family.

Leonard Davenport was a business visitor in Eastland Wednesday.

Mr. and Mrs. Carl Hill, who have been touring Canada, were joined at Salt Lake City last week by Mr. and Mrs. Ben E. Hamner and Mr. and Mrs. Fred Maxey of Eastland for a visit in Denver, stopping at Cheyenne enroute, for a visit with Mr. and Mrs. Wayne Jones, formerly of Eastland. Colorado Springs and Manitou were also visited and a trip down to Pikes Peak. The return trip to their homes brought them by Santa Fe, N. M., and El Paso.

Home again after a very delightful sojourn to Galveston and Corpus Christi where the visit was one long to be remembered by Mrs. Charles Conley and son and daughter, Frank and Catherine Jane. Just to prove there are successful fishermen, Frank has proof that he caught one hundred pounds of trout. Since Mrs. Conley's attractive niece, Miss Alice Jane Lawder of Galveston returned home with them yesterday was spent at the Southwestern Exposition. Monday of the coming week brings the arrival of Richard, the elder son of the Conley's for several days at home. He is busily engaged in the oil business in West Texas, where his father also has outstanding interests.

Mr. and Mrs. C. P. Elston of Van, Texas, accompanied by Miss Lucile Tibbles, of Rockwell, Ark., and Billy Joe Tibbles, of Van, are due to be in Ranger tonight for a visit with Mr. and Mrs. J. W. Tibbles before continuing their journey of Carlsbad Cavern and other points in New Mexico.

See Mrs. Ben Odum, play the part of the maid, Ross Staton, the nervous husband, the father of five or six corn fed babies, and Mrs. Mary Houghton, portraying the part of "Alice" in the play, "Corn Fed Babies" to be presented in the back yard of the Houghton home on the evening of Aug. 27th.

WAKE UP YOUR LIVER BILE—
Without Calomel—And You'll Jump Out of Bed in the Morning Early to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You get constipated. Your whole system is poisoned and you feel weak, sick and the world looks pink.
Laxatives are only makeshifts. A more natural movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Heroin, opium, and other poisons in many laxatives. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. See...

Caddo Takes First Place In Softball Standing Tuesday

Caddo took the lead in the percentage column Tuesday night by defeating Killingsworth, Cox by a score of 10 to 7 in a City league game. In the second game of the evening TeePee defeated Montgomery Ward by a score of 17 to 7.

Caddo and Lone Star, who were in a tie for first place in the City league standings, were scheduled to play at Caddo Monday night, but the game was postponed because of the district tournament being held in Eastland. When the two teams meet, probably next week, the outcome of the second half will likely be determined.

Caddo had one bad inning afire when Killingsworth, Cox scored four runs in the sixth to put them within two runs of a tie, but Caddo added another run in the seventh and held Killingsworth, Cox scoreless.

The feature of the TeePee-Montgomery Ward game was the heavy hitting of the winners, including one home run with the bases full by Eubanks in the fifth.

Tonight Killingsworth, Cox will play the Elks tournament team, which is to play at Eastland, and the Rangerettes will play Stephenville.

The box scores:

IT MAY BE THAT WE ARE WRONG
This column contains timely items, suggested by the citizens of Ranger and are published at their request. They do not, necessarily, represent the opinions or editorial policies of the Times, but are written at the suggestion and request of its readers.

The following contribution was received this morning and it appears that no comment is needed:
What Ranger needs is a deep well test, this or a similar statement is heard quite often on the streets of Ranger and the writer heartily agrees, but this is not all that Ranger needs. There are many things that Ranger does not have that would most assuredly add to the peace and happiness of its citizens. However, there is at least one thing that Ranger has but does not need and should get rid of, if it is to acquire the numerous things that it does need, that is the individual who either maliciously or ignorantly misrepresents or knocks the home town.

A man representing a large industry recently visited our office in quest of data concerning Ranger and its trade territory as a potential market for his company's product and also with the intention of establishing a district headquarters here, in the event conditions as he found them would justify such action.

We gave him facts that we believe to be absolutely authentic. In some instances the data furnished was quoted from the U. S. Bureau of Census records on file in our office.

When all information asked for had been furnished the gentleman remarked: "The picture of Ranger as reflected by this data looks good to me." Then after some reflection, he asked: "In the face of such evidence of a good town, why have some of your citizens, even some who are in business, painted for me, a stranger, such a different and discouraging picture?" My reply was "pure carelessness or ignorance is the only way I can account for it." I was reminded of the following piece written by H. S. Harp on the subject of "Wreckers":

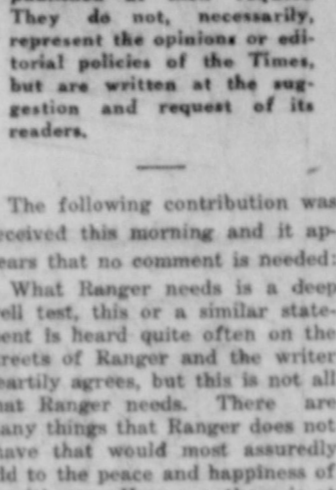

"I watched them tearing a building down
A gang of men in a busy town,
With a ho-heave-ho and a lusty yell
They swung a beam and the side wall fell.
I asked the foreman, "Are these men skilled,
And the men you'd hire if you had to build?"
He gave a laugh and said, "No, indeed!
Just common labor is all I need.
I can easily wreck in a day or two,
What builders have taken a year to do."
I thought to myself as I went my way,
Which of these roles have I tried to play,
Am I a builder who works with care,
Measuring life by the rule and square?
Am I shaping my deeds to a well-made plan,
Patiently doing the best I can?
Or am I a wrecker, who walks the town,
Content with the labor of tearing down?"

EXTRA EXTRA EXTRA

Here is good news—A WANT AD in the columns of this paper will sell some piece of furniture, will buy what you need, will help you find a job, will help you hire some one to do housework, washing, etc., the rate is very cheap. Phone today and a solicitor will call and help prepare your copy.

Water Buffalo Will Be Shown Here On Monday, August 23

Children the world over have a fondness for pets, expressed by their love and affection of some animal or bird friend.

One of the strangest pets imaginable will be in Ranger on Monday, August 23, when Hil, Chinese Buffalo, and featured animal actor in Metro-Goldwyn-Mayers production, "The Good Earth," arrives on a personal appearance visit.

Hil is forty years of age, and was born in China, where he not only plowed the land, and turned the water wheels for his owner, but also served as pet for several generations of small Chinese children, who romped and played with him, in much the same manner American children do their kitten or pup.

Hil loves children, and during the production of "The Good Earth" liked nothing better than to have the native children on the set shower attentions on him.

The Caravan of Chevrolet Trucks which transport Hil on his countrywide tour, will arrive at 2:30 p. m. on Monday, and he may be seen and visited at the Arcadia Theatre from 2:30 to 6 p. m.

Pearlers Ready to Quit Darwin Waters

By United Press
SYDNEY.—A serious situation confronts the northern territory pearling industry, and Darwin pearlers are contemplating abandoning the grounds now being worked and transferring to Broom (Western Australia). In that event the Japanese would be left in sole control of the vast beds off Arnhem Land.

The enforcement of the new

commonwealth regulations prohibiting landings on aboriginal reserves is said to be the primary reason for the pearlers' contemplated action as they argue the regulations make it impossible for them to compete with the Japanese. The withdrawal of pearling interests from Darwin would be a serious blow to business in that town. Pearling is Darwin's major industry, and is worth at least \$225,000 a year in direct and indirect employment, stores, and equipment.

"The conditions under which we work are untenable and I am leaving for Broom in a few weeks to make arrangements for the transfer of the fleet there," said V. J. Clark, of the Territory Pearling Co., which operates a large number of Darwin luggers.

Capt. A. C. Gregory, who controls the biggest fleet of Darwin luggers, said: "The pearling industry, which is the only paying industry in North Australia, is being strangled by the attitude of the government and government officials."

HAWAII INVITES REALTORS
SAN FRANCISCO.—As a result of development of real estate, aerial transportation and rising population in the Hawaiian islands, efforts are underway to hold the 1938 convention of the National Realtors of America at Honolulu, according to Paul W. Stark, president.

PICKER WRONG HELPER
By United Press
HASKELL, Texas.—A 20-year-old ex-convict will look twice before he asks another man to help him push a car he was stealing. The person he summoned was City Marshal Seborn Britton, who promptly arrested the youth.
