

Come To Eastland Daily For Your Entertainment

HERE AND THERE

BY CECIL BARHAM

A Human Fire-Eater (What Will People Be Eating Next), and a Western Movie Star Will Make Appearances At The Connellee This Week . . .

Well friends today usher in another week of great entertainment for you at the Eastland Theatres. Paramount's flaming Cavalcade of American Aviation "Men With Wings" is showing at the Lyric today and Saturday and on the same program will be the latest Popeye cartoon "Cops Is Always Right" and The Paramount News. "Men With Wings" is made in beautiful technicolor and has as its stars Fred MacMurray, Louise Campbell, Ray Milland and Andy Devine. If you see "Topper Takes A Trip," at the Lyric Sunday and Monday, you will have one laugh after another . . . as the ghostly Marion again pulls her whole bag of "ectoplasm" tricks—with plenty of new ones—while she drags Topper all over the country trying to patch up the trouble she caused him in the first Topper picture—Take my advice, if you can't "take" 90 minutes of helpless laughter, Don't Come Near the Theatre.

Tuesday and Wednesday you will have your first chance to see Jimmie Fidler, the gossip king of the air, act in a picture. He does his stuff with Pat O'Brien, John Wayne and Margaret Lindsay in Warner Brother's swing musical "Garden of the Moon." Thursday brings in The Jones Family in "Down on the Farm."

Gene Autry, Smiley Burnett and Joe Frisco will do their stuff in "Western Jamboree" at the Connellee Friday and Saturday and Reno Starr, the famous fire eater, will appear on the stage at 3:00 and 8:30 each of these days. His act consists of fire eating stunts that you would never believe without seeing. Sunday brings to the Connellee screen Clark Gable and Myrna Loy in "Too Hot To Handle." Wednesday The Connellee will present Tex Hall, western movie star, in person along with one of his latest pictures "Santa Fe Stampede" in which the Three Mesquiteers also play. Tex will be present at 2:30, 4:30, 7:05 and 9:15. Thursday will bring in the Road Show attraction "Paroled From The Big House."

What happens to the 25c you spend to go to the movies? Who gets it? Where Does it Go? The Movie executives has solved the mystery. Let's take one picture, for instance, "Topper Takes a Trip" and we can tell you where every dollar the public spends on that picture will go. Let's say you are the average husband or boy friend. Let's say you take your wife to see "Topper Takes a Trip" and it costs you 50 cents. You may think that the bulk of the profit goes back to Hollywood. But 45 cents of that dollar stays right in your own community! Part of the 45 cents will go to the staff, management and employees of the theatre and the rest to the local newspaper, printers, city and county taxes, local charitable organizations and extra attractions to make your next visit to the theatre more enjoyable. Ten cents will go to the man who must have a large organization to distribute the film, and 25c will go back to Hollywood to be used in new productions. In other words, the motion picture industry is in the hands of four partners—the men who produce and distribute pictures, and the man who shows them in his theatres, and the public, and this partnership means over a billion dollars a year to communities throughout America.

Oh! Mama! Those Horror Men are coming again, and this time they will try to scare you half to death in "The Ghost Walks" and "The Living Dead" on the Big Horror midnight show at the Connellee Saturday night at 11:15.

Do you want in on a secret? The old Movie Bug is after, and I hope he gets you.

Fred MacMurray, Louise Campbell, and Ray Milland in the Technicolor hit, "Men With Wings" Lyric today and Saturday.

Gene Autry in "Western Jamboree." The cast includes Smiley Burnett, Joe Frisco. This thrill packed story of the west is at the Connellee today and Saturday.

Clark Gable and Myrna Loy in "Too Hot To Handle" also in the cast is Walter Connolly and Walter Pidgeon. Connellee Sunday only!

Roland Young and Constance Bennett in "Topper Takes A Trip" the thrilling sequel to "Topper" cast includes Billie Burke. Lyric Sunday, Monday.

"MEN WITH WINGS" MARKS FIRST AIR FILM MADE IN TECHNICOLOR

Hollywood's first air epic ever to be filmed in technicolor is Paramount's "Men With Wings," which will take its local opening today at the Lyric theatre.

It was produced and directed by a man who probably knows more about working in color than any one in filmdom. He is William A. Wellman, who made the two recent Technicolor hits, "A Star Is Born" and "Nothing Sacred," as well as the great aviation epic of a few years ago, the unforgettable "Wings."

Fred MacMurray, Ray Milland and Louise Campbell head the cast of the thrilling romance of three young American pioneers of the air who live during the surging years from the flight of the Wright Brothers at Kitty Hawk in 1903 to the lightning round-the-world hops of the present day. Opening when the three leading characters are ten years old, just after the triumph of the Wrights, "Men With Wings" carries them forward in the sweeping torrent of man's progress in the air. The success of the airplane opens up a glorious new world to them, and they plunge into aviation with the almost religious enthusiasm which has characterized every group of pioneers in history. Even their love for each other ranks second to their love of flying.

Miss Campbell, in love with both men, must choose between the ro-

mance, dare-devil swashbuckler of the air, MacMurray, and the courageous, pioneering builder of planes, Milland. In her decision she is bound up the future of aviation's progress for many years. Wellman has assembled a supporting cast of some of Hollywood's best-liked players. Andy Devine leads the group.

"TOPPER TAKES A TRIP" IS A HILARIOUS COMEDY HIT

Hal Roach's "Topper Takes A Trip" showing Sunday and Monday at the Lyric.

Theatre through United Artists release, is one of the daffiest, gayest and most uproariously funny comedies to reach the screen this season. Beautifully staged, brilliantly directed and played expertly by a hand-picked cast, this new film production deserves to be placed conspicuously on every screen fan's Best Ten list.

The cast, which reads like a Hollywood "Who's Who," includes Constance Bennett, Roland Young, Billie Burke, Alan Mowbray, Verree Teasdale, Alexander D'Arcy, Franklin Pangborn, Paul Hurst and Armand Kaliz. Roland Young again play the role of Cosmo Topper, the bewildered banker, who is about to lose his prim and conventional wife, played by the ever delightful Billie Burke. Constance Bennett, beautiful and glamorous, portrays again the ghostly Marion Kerby, who is anxious to assist the unhappy Toppers in regaining marital happiness.

"Topper Takes A Trip," which you have probably guessed is a sequel to last year's successful "Topper," swings in action from New York to the pictorial brilliance of the French Riviera where Topper proceeds to race from one jam to another under the stage-management of Marion and her phantom hoaxes.

The screen story of "Topper Takes A Trip," written by Jack Jevne, Eddie Moran and Corey Ford, provides crackling dialogue,

swiftly paced situations and aera work and expert photography well-knit plot. Norman Z. Mc- enhance a production which of Leod staged the production with top-notch entertainment from rhythm and suspense. Beautiful moment it begins to unroll on lighting effects, first rank cam-silver screen.

THE WEEKLY CHRONICLE

Established Nov. 1, 1887

Entered as second-class matter at the postoffice at Eastland, Texas, under Act of March, 1879.

Published Every Friday
Office of Publication: 106 East Plummer Street Phone 601

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher.

Obituaries, cards of thanks, notices of lodge meetings, etc., are charged for at the regular advertising rates, which will be furnished upon application.

Democracy, Like Charity, Begins at Home

Every day this conviction is gaining strength in America: the way to fight dictatorship is to make democracy work.

Not by making faces at Hitler, not by berating Mussolini, not by deploring Japan will this victory be won. The real battle is at home, the fight to get the cockroaches out from under democracy's sink and make the house so spick-and-span that nobody will want to hire a Fascist housekeeper. Democracy will triumph in the long run only because it is demonstrably better.

Like the weather, democracy is a thing people talk about a great deal, but few people do anything about. Totalitarian countries are deluged constantly with propaganda persuading the people that they are lucky to be so well off.

That is not wanted here. But nevertheless it will do no harm for all of us to brush up on our democracy a little bit, and remind ourselves just what it is all about. It too often happens that a newly-naturalized citizen, fresh from a little cramming for his citizenship examination, knows more about what democracy means and how it works than native-born citizens. School "civics" classes, for a country which depends on general knowledge of the technique of democratic government, have sometimes been rather perfunctory.

Without danger of being too much propagandized, we can stand a good deal of reviewing on fundamentals of popular government ourselves. That is why the new plan of the New York City Board of Education sounds worthy of study. The board is promoting both school assemblies and instruction in racial and religious tolerance and understanding. New York is not assuming that its young citizens, exposed to plenty of foreign propaganda for racial discrimination and intolerance, will somehow draw from the air the essence of American principles of freedom and decency. It is going about a program of specific instruction in those principles.

The Office of Education in Washington, too, is launching on a project for a series of nation-wide broadcasts to be called "Americans All—Immigrants All." The programs will tell how America, by making use of the talents and abilities of citizens of many races, creeds, and lands, is forming a rich and distinctive culture of its own. These programs will be recorded and made available to schools through the Office of Education.

Thus America strikes for freedom and democracy with the best weapon of all—the determination to make life under democratic forms so superior to any other that no spurious claims of other forms can ever undermine it.

Kokomo Club Told Of Poultry Breeds At Recent Meeting

"Raise chickens best suited for your needs," stated Miss Mabel Caldwell, assistant county home demonstration agent, at a meeting of the Kokomo Girls' 4-H club Monday, Jan. 16, with Wanda Donaldson, president, presiding. "Unless you have good equipment the dual purpose chickens are more profitable as egg-production chickens require more care and attention than others. "Chickens are listed in three groups, which consist of: (1.) Egg production, (2.) Dual purpose, (3.) Meat production. "Lephorn, Minorca and Aonca chickens are best suited for egg production. The average egg production of these chickens is from 200 to 275 eggs per year. "The Jersey Giant and Cornish Game chickens are best for meat production. The average egg production of these chickens is only 50 eggs per year. "A laying chicken can be recognized by its earlobes. The egg production chickens have white earlobes while the meat production chickens' earlobes are red." Those present were: Louisa Eaves, Wanda Donaldson, Ernestine Jumper, Billie Jo Crawley, Lurline Jordan, Jean Mangum, Virda Mae Eaves, Phyllis Donaldson, Mrs. L. R. Higginbottom and Miss Mabel Caldwell.

Students to Enter New Flying School

By United Press ARLINGTON, Texas—Twenty-five students will be admitted to the flying school which will be established at North Texas Agricultural College in cooperation with the new Civil Aeronautics Authority, school officials have been notified. North Texas Agricultural College is one of twelve schools throughout the nation chosen for the undergraduate flying courses offered by the authority. The aeronautics authority will be in direct charge of the training. Instruction will be given either by army officers or private aviators employed for the purpose. Actual flight instruction will follow classes to be taught in pilot rules, air traffic regulations, plane mechanics, air navigation, meteorology, use of compass, correction of errors and variations due to the wind, and general groundwork. Dean E. E. Davis said that agricultural college students would be given preference when enrollment begins but that non-students who could meet entrance requirements would receive "ample consideration." He said applicants would have to pass rigid physical, scholastic and technical requirements tests.

Melon and Truckmen Will Meet Feb. 1st

Marketing and growing of their products will be discussed at a meeting of watermelon and truck growers of the Carbon area Wednesday night, Feb. 1, at the Carbon High School. County Agent Elmo V. Cook stated the meeting was called by the watermelon and truck growers of the Carbon area.

With all those overcoats to be distributed by the government it looks like the cheerful little fellow in the raw magazine covers is entitled to one.

With Our Wildlife

BY JOHN R. WOOD, State Game Warden

Our Pollution Problems

The Game, Fish and Oyster Commission of Texas is charged with the duty of the enforcement of the anti-pollution laws of Texas so far as pollution affects the aquatic resources of the state. Of course, the major source of pollution in Texas is the salt water and oil from the oil fields. Since there are oil fields on most of the water ways of this state, this problem is one of considerable importance and magnitude. In most cases in the oil fields the wells will eventually turn to pumping salt water, and in the case of independent operators with small capital usually are the ones that are less careful with the control of this harmful pollution, and in this case cause much more trouble than the larger operators. General conditions and effects on aquatic resources will be dealt with in the remainder of this column.

Sources of Pollution

In the counties of Brown, Coleman, Comanche, Callahan, Eastland and Erath there are approximately 3,000 oil wells producing about 8,000 barrels of oil daily. Many of these wells will produce as much as 15:1 ratio between salt water to oil. Much of this water will be three times as salty as the ocean water, believe it or not. Now, for example let me show you by citing an actual case of an oil well operation and try to show the reader the extreme importance of pollution from our Texas oil fields. One well produces eleven barrels of oil daily and is making eight barrels of salt water barrel of oil. This makes 88 barrels of salt water daily, 2,640 barrels monthly and 31,680 barrels yearly. This lease has other wells that are making about the same amount of oil and water. From this, one can see that it would be a problem for the oil operators to control this volume of water in reservoirs as required by law, but it is being done. When the salt water does leave a lease the salinity of the receiving body of water is continuously increased till no fish or vegetation can exist in the stream.

Wastes from cities produce another major pollution problem. It would be surprising to the average citizen, if he knew the amount of oil, carbide, salt water and other polluting substances that go down the storm sewers of our cities. All this goes down the streams and here it is to be used for livestock. Factories, manufacturing plants and refineries contribute much to the pollution of our streams.

Effects of Salt Water On Fresh Water Fish

It would be rather foolish to say that fresh water fish are caught in the oceans, because everyone knows that this is impossible. If fresh water fish cannot live in the oceans, how does one expect fresh water fish to exist in water that is three times as salty as the ocean water? However, this is what is expected of many of our streams in this country, especially smaller streams that used to produce a large volume of our fresh water fish before oil fields were discovered in certain areas, and are now non-productive and vegetation gone from the streams, and much of the land near the streams. A. H. Wiebe, J. G. Burr and H. E. Faubion of the Texas Game, Fish and Oyster Commission made the following statements about affects of salt water on fresh water fish: "It increases the osmotic pressure and has direct toxic effect." "Fish that are used to water with a low salinity such as occur in the appreciable increase in salinity without suffering. The Pecos river is an example of this situation, but fish that are used to soft water as in this country and East Texas cannot survive when

I Give You Texas

By Boyce House

In Austin for the inauguration but unable to obtain a room in the crowded hotels, this observer was given shelter by Tom King, the general State Auditor. We grew up in Tennessee and therefore enjoyed a talk about scenes and characters in Memphis on the bank of the rolling Mississippi—as we sat before the crackling flames of the big fireplace in King's cabin in the hills in the edge of the capital city. In the fading light of day, one could glimpse through the branches of the trees—green even in January—the silver of Lake Austin. Amid the quiet of primeval forest, I sank to sleep to the lullaby of wind, fragrant with cedar and laurel. Next morning the song of a lark was the "alarm clock" that awakened me.

When the price of eggs dropped a dime a dozen in Austin some two weeks ago, it was explained that farmers had been saving up the eggs and were marketing them to pay their expenses to the inauguration.

There has been talk heard in the hotel lobbies of Austin that the new Governor would not serve two years. Such talk was heard months before he took office. Probably some of the listeners in the throng of 50,000 were reminded of this rumor when outgoing Lieutenant Governor Walter Woodul declared:

"Coke Stevenson will make a great Lieutenant Governor. He would make a great Governor if anything happened to W. Lee Daniel"—and then Woodul added hastily, "which God forbid."

One outgoing official was praised so highly that a friend of mine said he was reminded of the story of the village drunkard who died. The preacher had just moved to town and, knowing nothing of the deceased's life, described him as a devoted father, a noble husband and an outstanding citizen. Finally, the widow nudged the oldest daughter and said: "Sally, go up there and look in the coffin; they're burying the wrong man."

Some philosopher has said, "Even a fish wouldn't get in trouble, if he kept his mouth shut."

If it takes a clock eight seconds to strike 8 o'clock, how long does it take to strike 12 o'clock? The answer is 12 5-7ths seconds. See if you can figure out why. (Somebody had to tell me.) It's good practice before starting to work out your income tax report.

Mark Twain's best known observation was, "Everybody talks about the weather but nobody does anything about it." Similarly, everybody talks about economy in government—but at last, here is somebody who does something

DAY OR NIGHT AMBULANCE SERVICE

Fort Bliss Soldiers Get Blue Uniforms

FORT BLISS, TEXAS—Two troops of Fort Bliss soldiers are sporting the new slate blue uniforms which the war department is testing. The "boys in blue" will wear the uniforms for a year. At the end of that time the department will decide, on the basis of the tests here and at other posts, whether the new uniforms will be made permanent or whether the army will retain its olive drab

about it. Dynamic Jerry Sadler has been in office only a few weeks but the new State Railroad Commissioner (with the co-operation of Chairman Lon A. Smith and Ernest O. Thompson concurring) has taken the first real economy move in the memory of the oldest inhabitant—the abolition of 70 jobs. These are not to be filled; they are being done away with, with a saving to taxpayers of around \$150,000 a year. In doing this, there was the risk of antagonizing some members of the legislature who might have constituents in these places and there was danger of displeasing groups who were anxious to retain a government bureau in their respective towns but if the cost of government is going to be lowered, somebody has to start it. Let's hope that other departments will follow the example set by the Railroad Commission since Jerry Sadler became a member. Entry in our "oldest joke" contest: A man telephoned his lawyer about a matter. "They can't put you in jail for that," the attorney said. "Maybe not," his client replied, "but I'm talking from the jail now." Then there was the fellow who wanted to get a present for his girl. "Why don't you buy her a book?" someone suggested. "She's already got a book," he answered.

Mrs. Bristow's Case To Higher Tribunal

Appeal of Mrs. Ella Bristow, given a two-year sentence in 91st district court after conviction on a charge of abortion, has been submitted to the Court of Criminal Appeals at Austin, it was reported Thursday.

While We Are On the Subject of Homes, We Want To Discuss Trees —

Trees and homes are very close to each other. One never sees a beautiful home until the trees and shrubbery are seen first. Beautiful surroundings make most any kind of a house appear beautiful, and what a difference it makes in added appearance when Spring comes and nature begins its work.

January and February is the right time to plant trees and shrubs. We represent no nursery but there are plenty of them here ready to serve you and the cost is small when compared to the value received.

If you are a home owner already and your place looks bare and out-of-date maybe the cause is the lack of something in the yard. Try out our suggestion and plant now.

Those who seek homes usually want beautiful home surroundings. We have both kinds, but the ones we sell first are those with a home atmosphere; and well-kept yards and grounds are our best salesmen.

Introducing the New SEIBERLING SAFETY TIRE
with SAW-TOOTH tread

- "SAW-TOOTH" TREAD**
The new Seiberling Safety Tire has a remarkable "saw-tooth" tread that makes it so silent and sure-footed on a pavement as long as your car runs better thousands of "Saw-Tooth" claws dig into the pavement from every angle... step your right saw... straight in your track!
- "SAF-FLEX" CORD**
Here's the only Passenger Car Tire in America that is built of genuine "Saf-Flex" cord... the same cord used in Seiberling Truck Tires! The fibers of this cord are more closely knit... 30% stronger than cords previously used! They cut down heat generation, enable the tire to withstand terrific punishment and the heat of high speed driving.
- Streamlined BEAUTY**
Styled by one of America's leading designers the new Seiberling Safety Tire is the "smoothest looking tire" you have ever seen. Blends perfectly with the sweeping lines of today's modern streamlined automobiles. Made both in black and white sidewalls.

SPECIAL OFFER
During the next 10 days we are making extra liberal trade-in allowances on your old tires in order to introduce the new Seiberling Safety Tire. Tear out this ad today, drive to our store and while it lasts, GUARANTEED IN WRITING 18 MONTHS!

HEAT VENTED
Patented Heat Vents reach down through the shoulder of this tire... a special design internal heat... "blow" cool air into the vulnerable "hot spots" of the tire... prevent you from being blow-out!

These new "SAFETY TIRES" as well as other types of Seiberling Tires may be purchased on **TIME PAYMENTS**

Crossley and Burkett Write Of Activities In House Up To Date

J. I. Crossley, representative, 8th district, and Omar Burkett, representative, 107th district, have written the following brief summary of the proceedings of the House of Representatives, so the people of their districts may know what is being done in the House:

In line with our promise to the people that we would, from time to time, give them our version of what is happening in the Legislature around the Capitol, we now bring to you this brief report of the first two weeks of the session.

On January 10, the first day of the session, Honorable Edward R. Young, Secretary of State, called the House to order, and, after presenting Governor Allred to the assembly, proceeded to call the members of the House, first by District number and then an alphabetical list, and administered the oath of office to the House members.

Secretary of State then appointed temporary officers and announced the election of a speaker. Hon. Emmett Morse was elected Speaker of the House, who is having taken the oath of office and proceeded with the organization of the house, along temporary lines only, as it requires a great deal of time and detail work to get the House properly organized in its phases.

The second day was devoted to the address of Governor Allred—House and Senate being in session. Governor Allred's address was in many respects a masterpiece, in that it portrayed true conditions of all phases of our State Government.

The rest of the first week, and Thursday noon, was taken with further organization and the reading and adoption of many resolutions, dealing especially with the naming of streets, Queens to the Mascots, which could have been eliminated with blanket resolutions, at great savings to the State of Texas, as it takes a lot of time to get these matters out of the way. Many good, timely and fitting resolutions in memoriam were introduced on the death of former members, members of their families and distinguished personages throughout the state.

The second week was given almost wholly to the further organization of the House, and to the Inaugural Ceremony which presented a most pleasing and inspiring spectacle.

On Wednesday, Jan. 18, Governor Allred made his opening address to the Joint House and Senate, and to the packed House and gallery. We commend you to a very close study of this address, which deals wholly with the Social Security programs and principally

New Business In Eastland Started By V. O. Hatcher

Establishment of Eastland as district headquarters of a business that will handle sales of a new type of grave memorials was announced today by V. O. Hatcher.

Mr. Hatcher, co-publisher of an Eastland newspaper until recently, said his territory for the sale and service of the new type of memorials would be in Eastland, Stephens, Palo Pinto, Erath and Comanche Counties.

The trade name of the product is Taylor Memorials. "This marker," said Mr. Hatcher, "is manufactured from three of the world's most permanent materials. The granite, marble and cement of the Rocky Mountains are scientifically cast into one solid piece of imperishable stone in a dignified design and it knows to be the only substance to improve with age."

A display of the memorials has been arranged in front of Mr. Hatcher's home at 1720 West Commerce street. The memorials are manufactured at Vernon.

Cameras Said Not Able to Catch Magician's Tricks

Candid camera devotees will enjoy a "Roman holiday" during the performance of Marquis, the internationally noted Magician, coming to Eastland High School Auditorium Tuesday night, Jan. 31, at 7:30 under auspices of the Booster Band Club.

Marquis audaciously challenges owners of the highest speed lens to make every attempt possible to picture his secrets. Amateur photographers have even been allowed upon the stage during the Marquis show and all attempt to reveal the modus operandi of Marquis' modern mysteries have been futile and Marquis' secrets are still secure.

Featured this season upon the fast moving and exciting two hour program of the Magician are acts including "Ghost Town Ghosts," "Tent of Omar," "Phantom Broadcast," "Spirits of the Keg," "Changing a Boy into a Rabbit" and scores of equally as amazing wonders.

The Marquis Show has been described as a "Circus in Wonderland" and is presented amid lavish splendor. Special batteries of modern stage lighting enhance the mysteries of Marquis.

State Meeting of Pythians Is Slated Feb. 19-20 at Dallas

The seventy-fifth anniversary of the founding of the Pythian organization will be observed in Texas as a two-day program Sunday and Monday, Feb. 19-20, at Dallas, it was announced Tuesday night at the weekly meeting of the Eastland K. of P. Lodge.

Herbert Reed, district deputy grand chancellor, told the membership of the program in a letter received from higher officials.

The four Dallas lodges will host the state meeting. The order was founded Feb. 19, 1864, at Washington, D. C.

One visitor, Mr. Simkin of New York City, was present at the meeting.

Poultry Is Subject Of Bullock Club

"A good breed of chicken is essential in raising chickens," said Miss Mabel Caldwell, assistant demonstration agent, to the Bullock 4-H Club girls Thursday, when they met at Mrs. Wilson's. A good way to get a standard breed of chickens is to order baby chicks or buy eggs to set from a good tested flock of chickens.

"Never have but one breed of chickens in the yard at once." There are three types of chickens. Egg production chickens, are Leghorns, Ancona, Minorca. The second type is dual purpose; the Plymouth Rock, Rhode Island, Wyandotte, Orpington. Meat production is Jersey Giant and Canine Jans.

The club had one new member, Ruth Fate. Two of the members have moved away. They are Billie Jean and Joyce Buck. Those present were: Helen Dempsey, Dorothy Evelyn Hutton, Maxine Beck, Lynn Mae Bishop, Evelyn Bishop, Eunice Squyers, and Lillian Adams, our sponsor, Mrs. Wilson and Miss Mabel Caldwell.

GLASS IS VISITOR

W. I. Glass, College Station, district 7 extension agent, was a visitor Tuesday in the office of County Agent Elmo V. Cook and his assistant, Sam E. Rosenberg.

Dairy Calf Club To Have Meeting Saturday, Jan. 28

Sam E. Rosenberg, assistant county agricultural agent, has announced that a meeting of the Eastland County 4-H Dairy Calf Club will be held Saturday night, Jan. 28, at 7:30 in one of the district courtrooms at Eastland.

An effort was being made to secure an out-of-county dairy expert to address the meeting. There are 29 4-H club boys who are members of the organization and 12 adult members of the organization.

Four-H club boys who are members include: Ray Blackwell, Alameda; James Calvert, Alameda; Clinton Roy Casey; James Dean, Alameda; Marvin Dupuy, Alameda; Otto Dupuy, Alameda; Chester Ervin, Desdemona; J. C. Gideon; Walter Jones, Jr., Alameda; Glenn Justice, Flatwood; Guy Lyler, Flatwood; Billy Joe Moore, Morton Valley; Kenneth Moore, Desdemona; Billy Jack Parrish, Eastland; Alton L. Rogers, Alameda; Stewart N. Utley; Jack and James Walker, Alameda; Buster Wheat, Morton Valley; Jack White, Hudnett Grove; Austin Williams, Hudnett Grove; Truman Williams, Hudnett Grove; Finis Williams, Hudnett Grove; James Wilson, Hudnett Grove; Bobbie Wisdom, Alameda; Elbert Bennett, Kokomo.

Adult members: L. C. Cooksey of Ranger, Jess Blackwell of Ranger; G. C. Love of Ranger; W. L. Connell of Olden; Dave Vermillion of Olden; C. F. Ervin of Desdemona, T. E. Richardson of Eastland; L. Pitzer of Eastland; Hatley Dean of Ranger; C. A. Wilson of Olden; Ernest Jones of Eastland and Dick Weekes of Alameda.

Hospital Board Group Is Named

Appointment of Carl P. Springer, Dr. R. C. Ferguson and Dr. F. T. Isbell, all of Eastland, as members of the City-County Hospital board was announced Thursday.

This marks the twelfth year of service on the board for Dr. Ferguson and the third for Dr. Isbell and the first for Mr. Springer. Mrs. C. C. Robey was a board member until her recent move to Austin from Eastland.

Other members of the board are Dr. W. L. Jackson and E. E. Crawford, both of Ranger.

Labor Board Probe Is Asked In House

WASHINGTON, Jan. 26.—Rep. C. Arthur Anderson, Democrat, Missouri, called on the house today to investigate the National Labor Relations Board, and a strong congressional bloc marshalled its strength for a drive to change the labor act.

Anderson introduced in the house a resolution calling for a \$50,000 investigation of the labor board by a committee of 10 house members.

Magician

Above is a picture of Marquis the Magician who will play an engagement Tuesday night, Jan. 31 at the high school auditorium in Eastland for benefit of the Band Booster Club which will use a portion of the receipts for payment on new uniforms for the Eastland high school band.

Alameda Club Has An All Day Meeting

The Alameda Home Demonstration Club met Friday in the home of Mrs. B. E. Thomas with Mrs. G. H. King as hostess.

The morning was spent in quilting, and at the noon hour a covered dish luncheon was enjoyed by four visitors, Mesdames Lena Thomas, Lizzie Scott, Ora Dunlap and Miss Eloise King, and club members, Mesdames Cam Lee, F. E. Ferrell, Dick Weekes, J. B. Love, E. M. Campbell, L. C. Cooksey, S. R. Rodgers, W. E. Calvert, Edd Dean, B. E. Thomas, Bill Tucker, Jone Love, R. A. Tucker, A. H. Dean, and Miss Ruth Ramey, and Mrs. G. H. King, the hostess.

In the afternoon Miss Ruth Ramey, county home demonstration agent, discussed the subject of "What do we eat and what should we eat."

She said one should eat lots of green and leafy vegetables, milk, butter, eggs, fruits, tomatoes, sweet or Irish potatoes, beans and peas (dried) at this time of the year; beef, lamb, fish, poultry and cheese, but very little pork.

Miss Ramey also told what kinds of garden seeds were the best to plant in gardens.

SALEM NEWS

Rev. Higginbotham filled his regular appointment at this place Sunday.

Sunday school was reorganized, electing new officers and teachers as follows: Mr. Moore, superintendent; Mr. Ryon, assistant superintendent; Mrs. Ryon, secretary and treasurer; Mr. Ryon, Bible class teacher; Earl Redwine, Senior class teacher; Mrs. Moore, Junior teacher; Mrs. Ryon, card class teacher.

Mr. and Mrs. I. C. Redwine of Newcastle visited Mrs. R. M. Redwine Saturday night. They were on their way to Jake Hamon to visit Mrs. Redwine's brother's boy who had his eye knocked out with a rock.

Mr. Yancey spent the week-end at Rising Star.

Mr. and Mrs. E. H. Redwine visited Mr. and Mrs. W. H. Sparger Monday night.

Cora Melton spent Monday night with Mrs. Yancey.

Mrs. Williams visited her little grand-daughter, Sammie Ruth, at Desdemona Monday night. Sammie Ruth has the measles.

Ruby Redwine and Louise Moore visited Dorothy Dale Weatherpoon Sunday afternoon.

Mr. and Mrs. Wilson spent Monday night with Mr. and Mrs. Austin Cozart.

Jessie and J. T. Bowles visited relatives at Jake Hamon Sunday.

Mr. and Mrs. S. J. Fonville are visiting Mrs. Fonville's parents at Caddo this week.

Mrs. Yancey visited Mrs. R. M. Redwine Monday afternoon.

Mrs. Owen Lee visited Mrs. Cozart Tuesday afternoon.

Mrs. Dause Moore and children and Mrs. S. J. Fonville were in Gorman Saturday.

Alvin Rogers is able to be up and around again, after having measles.

Rev. and Mrs. Jones' baby was sick the first part of the week.

Personality Talk Is Presented For Lions

Nicol Crawford had charge of the Lions Club program today and introduced K. C. Edmonds, who made an interesting talk on "Personality."

Visitors at the meeting were Rev. J. I. Cartledge, R. V. Galloway and Sam Morrison of Eastland and K. C. Edmonds, R. A. Hobson and Rev. H. O. Bennett of Ranger.

Former Publisher Is Buried In Ft. Worth

FORT WORTH, Jan. 26.—Funeral services were to be held here today for James E. Pitts, former Cleburne publisher, who died yesterday after a short illness resulting from a heart attack. He was 64.
