EASTLAND COUNTY CHAIRMEN GIVE COMPLETE REPORT OF **BOND SALES FOR WAR FUND**

Over \$1,071,000 subscribed to date with possibility of tottal going over \$1,100,000

The following report on Eastland County's part in the recent War Loan Drive has been issued by the co-chair man, R. L. Ponsler of Cisco and Cyrus B. Frost of Eastland.

Eastland County's part in the National Drive for April for Thirteen Billion Dollar war Fund is now Listory, Our quota for April was set at \$628,168, and the five Banks and Thirteen Post Offices of Eastland County have reported total issue price of sales in the sum of \$1,071,921.-25. It is possible, when we receive credit for employer-employee deductions and from others out of the county who have purchased and asked to be credited to our drive, that the grand total will be \$1,100,000. Included in the sales listed is an item of \$6,500 which the Brazos River

Sales broken down are as follows: Corman Rising Star Ranger Cisco 181,865.30 Carbon Olden Desdemona Okra Scienton 7.75 Co char Nimrod Brazes River Autror

ity Total 6.500.00 the patriotic assistance of the Banks, Business Corporations, Eastland Methodist church. Newspapers, Churches, Service! Clubs, the regular War Staff
Committees in each city and community and the united effort of almost all the citizens of Eastland County. While this has been a great accomplishment, we are sure there is not one of us that fails to realize that it is small compared to what our boys and girls and their leaders are doing throughout the world as Soldiers, Sailors, Airmen, Marines, Waacs, Waves, Spars, Sea-Bees, and oth-

er related services. America has never lost a war, and we do not intend to lose this one. However, the quicker and better the preparation we make at home, the sooner the war will be over and the fewer will be the

cacrifices made.

It is our understanding that
Eastland County has more boys and girls in the Services in pro-portian to population in the Uni-United States. We doubt that in the April Drive there were very many counties which had made a better showing that our county. Again, we want to thank you all for the magnificent job done!

Very truly yours, Cyrus B. Frost, Chairman, War Savings Staff,

R. L. Presler, Chairman, Victory Staff.

Next Sunday is Mother's Day. Those whose mothers are living will want to remember them in some appropriate way. What finer tribute can we pay to the memory of mother than to worship in some church on Mother's Day. We want to recognize the families present Sunday morning. Bring the entire family and sit in a group.

The sermon subject for Sunday morning will be: "The Home." The oldest and most powerful institution in the world is the home. When it goes on the rocks civilization goes on the rocks. WITH their cool open-neck shirts and lightweight trousers, our tropical soldiers are dressed for comfort and unhampered fighting efficiency.

Whatever the climate, the Army has planned months in advance to style garments for comfort and long wear. Including the underwear, which is just the right fabric and weight to keep our men comfortable wherever they are.

You can enjoy up-to-the-minute styling and easy comfort in your underwear, too. For, during the past 40 years, the makers of HANES Underwear have applied fine craftsmanship to the knitting and tailoring of underwear in correct sizes, styles and weights.

For example, the HANES-designed Crotch-Guard Sports (shown at right) provide gentle athletic support. For complete summer comfort, wear them with a HANES Undershirt. Knit to exact chest size. Its highly absorbent fabric evaporates perspiration more quickly - keeps you cooler and your top-shirt fresher. P. H. Hanes Knitting Co., Winston-Salem, N. C.

Seniors, Congratulations!

You are to be congratulated for the fine work done in high school and your next step should be a good, fully accredited college. Ranger Junor College asks for a careful comparison of it with other colleges.

The College gives work accreditation in Physics, Chemistry, Biology, Zoology, Home Economics, Morse Code, Science of Aviation, together with other allied academic subjects and a business college within the college has been completely or anized with electric and hand driven calculators and many other devices to make business training complete.

Therefore, if you are interested in business administration, teachers certificate, pre work for law, medicine, pharmacy, engineering, public speaking, visual education, radio and recording work and many courses in National Defenses, we solicit you to carefully analyze our fields of activity. MERCHA CON

This is the time young people when a college education will pay the greatest dividends in the history of America. Will you be one who is prepared to do your part in the great Post War reconstruction?
