## LOCAL SCOUTS HOLD COURT OF HONOR

### EAGLE BADGE IS AWARDED DICK BROGDON

By Stanley B. Collins  
Monday afternoon at 7:45 Eastland Boy Scouts met with their parents at the city park for an outdoor picnic and Court of Honor. A teepee tent was offered as a prize for the patrol with the best parent attendance it was won by the Raven patrol of troop 6 with almost a hundred per cent attendance.

The officers in charge of the court of honor were: Scouters Claude Strickland, Homer Starnes, Bill Jessop, Aubrey Van Hoy, and scout executive Guy Quirl.

Two second class, life, and first class as well as many merit badges were awarded to members of troop 103 and 6. The Court of Honor was highlighted by the presentation of the Eagle Badge to Junior Assistant Scoutmaster of Troop 103, Dick Brogdon. The badge was presented in person by Mr. Strickland who stated, "It is with great pleasure that I present the son of my former friend and partner in business, George Brogdon, Sr., now passed on." The badge was pinned on by Mrs. George Brogdon.

A prize of camp canteen books was offered for the three best stunts, and they were won by Stanley B. Collins, of Troop 103. History of the flag and presentation of the colors, First Place, L. Y. Morris, Jr., of Troop 6. Fire by friction and flint and steel, second place, and The Raven patrol of Troop 6. The Army draftee, third place.

The scouts and parents were then shown moving pictures of activities at Camp Billy Gibbons taken in the summers of 1939, 1940 and 1942.

Since it is in cooperation with the war training program Scout Camp will be held this year and a large attendance is expected.

### Meets Father's Wish, Gets Eagle Scout Badge

Richard Jone Brogdon, a member of Eastland Boy Scouts of America troop No. 103, was awarded the Eagle Badge of the organization at a Court of Honor held Monday night at the Eastland City Park. He was the only scout receiving that award at this time.

When "Dick", as he is familiarly known to his many friends, was 12 years of age he joined the scouts, his father, the late George Brogdon, fitted him out with a complete scout outfit and said: "Son, to do your work is not enough, but you should do it well," and if you will do this and attain your Eagle rank when you are 16, I will see that your picture is published in the Fort Worth Star-Telegram."

"Dick" possibly could have had his Eagle badge sooner, but he had kept his father's request in mind and wanted it when he was 16. He now is 16 and has the badge.

"Dick" is the son of Mrs. Lucy Brogdon of Eastland.

### Lt. Gourley May Address Local Legionnaires

The Dulin-Daniel Post of the American Legion meets Friday night at the Legion Hall at 8:15. Ladies are invited.

It is stated that it is planned to have Lt. Jack Gourley, noted American flier who has seen service in North Africa, as guest speaker should he be available.

### CLUBS WANT A WOMAN ON THE RATION BOARD

The Eastland County Home Demonstration Council met Wednesday May 12th in the county court room with the chairman, Mrs. John Love, presiding.

Interesting things the clubs are doing were reported by club delegates. The Morton Valley club reported \$1,000.00 spent for bonds, Bass Lake reported \$5,500.00.

The next meeting of the council will be held June 9th beginning at 10 o'clock a. m. and will be a "save and share for Victory school."

Mrs. Schaeffer, expansion chairman requested each club to have at least two members present at council to give a demonstration on food preservation and to carry it back to their own club and to near by communities that have no clubs.

The delegates who attended the district meeting at Coleman gave their reports, Mrs. Nix reporting on work done in different counties, Mrs. Ferrell on the needs of the soldiers in Camp Bowie Hospital, Mrs. Dean reported, one thing being stressed was the need of women in war work. As women know the needs of the home much better than men, each council was asked to have a committee go before the County Judge and ask that a woman be placed on the County Ration Board.

The next district meeting will be held in Eastland.

A committee in each town and community was appointed to select an information center and put up a bulletin board on Share the Food Exchange, Buy or sell or trade products.

Miss Martin asked the council to make some rules regarding the County Pressure Cooker. The following rules were adopted:

A charge of 25c per day for use of cooker, each person using cooker to be responsible for breakage, use of cooker to be limited to two days for city people and 1 week for rural.

Each club asked to make cookies and bring them to next meeting to be sent to service club No. 3 Camp Bowie.

Some beautiful home made accessories were displayed by members of the council.

### Applicants Will Be Interviewed By Consolidated

L. W. Keilers, manager of the Eastland United States Employment Service office, has stated that L. E. Adams, employment representative for Consolidated Vultee Aircraft Corporation, Ft. Worth Division, will interview and hire individuals at the United States Employment Service office, 1st floor, Sinclair-Prairie Building, Eastland, on Saturday, May 22, Men. 18 years and over with a 3-A draft classification or better; women, 18 to 43, inclusive; and boys from 16 to 17½ years of age are eligible for employment.

The Consolidated Vultee Aircraft plant in Fort Worth is one of the largest aircraft factories in the world engaged in the manufacture of four-motored Liberator bombers and transport ships, which are vitally needed on all world battle fronts.

This company is employing individuals with no previous training or work experience, some of whom will be assigned to war training schools and will be paid while learning aircraft work. Individuals engaged in essential work, including agriculture, will not be considered.

### Final Rites For Edward Haines Held Wednesday

Funeral services for Edward Haines, who died May 6, at his home in Portland, Oregon, were conducted at the grave in the morning at 10:00 o'clock, Rev. J. Daniel Barron, pastor of the Eastland Methodist church officiated. Hammers of Eastland was in charge.

The deceased is survived by his wife, who was the former Miss Katherine Turner of Eastland, and two small children.

Pallbearers were: W. F. Davenport, John Hart, "Doc" Davis, Weaver Hague, Conrad Reeves, "Hack" Miller.

### Funeral For Joe Earl Shirley Was Held Wednesday

Funeral services for Joe Earl Shirley, 14, son of Mr. and Mrs. J. T. Shirley, North Lamar street were conducted from the Eastland Baptist church Wednesday morning at 10:00 o'clock, Rev. Homer Starnes, pastor, officiated. Hammers of Eastland had charge of the body. Interment was at Anson.

Joe Earl, a student in Eastland Junior High School, was found dead in the barn at the Shirley home Monday night. There was evidence that his death was accidental.

The Shirley family came to Eastland from Abilene some two years ago. There are a number of other children in the family, at least one of whom is serving in the army.

### Cicero L. Inman Buried In Ranger Thursday 3 p. m.

RANGER, Tex., May 20.—Funeral services for Cicero L. Inman, who died here May 19, were conducted at the Killingsworth Funeral Chapel Thursday afternoon at 3 o'clock with Rev. David M. Phillips in charge of the services. Interment was in the Evergreen cemetery. The deceased had made his home in Ranger for the past twelve years and was a native of Johnson County where he was born May 7, 1873. He was a member of the First Baptist church of San Antonio.

Survivors include the widow, one daughter, Mrs. Vivian Ent, of Oklahoma City; a grandson, Perry L. Marshall of Shawnee, Oklahoma, and a granddaughter, Patricia Ent, of Oklahoma City.

### Six Strategic Islands In the Mediterranean

Potential stepping stones for the allied invasion of Europe are these six islands and island groups in the Mediterranean. Five are axis-held and likely targets for attack, while Spain owns the Balearic Islands on the sea route to southern France.

### Public Warned Of Misuse Of Security Cards

ABILENE, Tex., May 18.—Borrowing, lending, and transferring of social security account numbers cards is strictly prohibited under the regulations of the Social Security Board, Mr. W. O. King, manager of the Abilene field office pointed out today.

Mr. King stated that several cases have come to his attention recently in which a wage earner used or attempted to use another person's social security card at his job.

The Board official pointed out the following as a few of the complications caused by the misuse of account number cards:

The worker's employer is called on to make corrected reports to the Government, and also to correct his own records, as well as make extensive searches for the right name and number belonging to the person employed.

Workers who actually do the work fail to get credit on their social security account for wages paid in employment covered by the Social Security Act.

Account numbers can be secured from the Abilene office of the Board in the Alexander Building in Abilene. Applicants for cards where the workers have lost their original cards can be secured through the same office. It takes only a short time to check the original records for making certain that the worker has a card bearing his correct number.

## PRESSED INTO SMALL SPACE ENEMY HAS TWO OUTLETS, TO DIE OR TO SURRENDER

### VAN HOY IS ELECTED HEAD LOCAL LIONS

Aubrey Van Hoy was elected president of the Eastland Lion's club at the regular election of officers Tuesday. Other officers elected were: First vice-president, Conrad Reeves, second vice-president, Rev. Homer Starnes; Tail Twister, S. L. Miller; Lion Tamer, Clyde Karkalita.

Directors to serve two years were Clyde Grissom and R. V. Galloway.

The newly elected officers will be installed at next Tuesday's meeting.

Van Hoy and Earl Williams were in charge of Tuesday's program and presented Mrs. Joseph M. Perkins, Chairman of the Eastland County Red Cross chapter, who gave a talk on Red Cross work.

A vocal trio was given by Misses Emallee Hart, Estelle Williams and Sue Bender with Miss Doris Hennessee at the piano.

### Campaign which started May 11 apparently to drive Japs out of Aleutians is nearing victory

WASHINGTON—U. S. Forces on Attu have captured vital Sarana Pass on the eastern end of the island and are now poised to annihilate the remaining Japanese defenders trapped in the Chichagof Harbor area, the navy disclosed today.

Except for isolated snipers, the enemy forces have been driven into a position where their only alternatives, apparently, are death or surrender. Compressed in a relatively small space, the Japanese are now liable to pulverizing blows from the sea and air as well as from the forces driving against them by land.

The end of the joint Army-Navy campaign to expell the Japanese from the westernmost Aleutian Island—started May 11—appeared to be imminent.

The Navy's announcement of the capture of Sarana Pass followed a press conference disclosure by Secretary of War Henry L. Stimson that American forces which landed on both sides of the island had effected a juncture and captured the Holtz Bay area, not far from Chichagof Harbor.

### Red Cross Notes

The executive committee for the Eastland County Red Cross Chapter met at Eastland at 2:00 p. m. Monday on call by Mrs. Joseph M. Perkins, County chairman. Committee members present were: G. A. Murphy, Ranger; Victor Cornelius, Eastland; Edward Lee, Cisco; Rev. J. R. Wright, Cisco; J. E. Matthews, Ranger; J. F. Robertson, Rising Star; Mrs. W. W. Wallace, Cisco; Mrs. Curtis Hertig, Eastland; Mrs. E. Roy Townsend, Eastland; Mrs. P. M. Kaykendall, Ranger; Mrs. W. L. Jackson, Ranger; H. J. Tanner, Eastland; Mrs. E. C. Satterwhite, Eastland; P. E. Moore, Ranger; G. C. Boswell, Ranger; Mrs. A. L. Murrell, Ranger.

At the Red Cross Executive committee meeting Monday afternoon Mrs. Jack Frost was named secretary for the Eastland County Chapter, while Mrs. E. C. Satterwhite was appointed chairman of the Staff Assistance Corp which is to be organized from among business and professional girls with experience in typing and office routine.

A detailed discussion of possible disasters and what to do in such emergencies was had at Monday afternoon's meeting of the Executive Red Cross committee. Jimmie Matthews of Ranger is chairman of this work.

Less Taylor is chairman of Red Cross First Aid Work in the County, while Sim Ledford of Cisco is Water Safety chairman for the County.

Mrs. Roy E. Townsend reports 18 Home Nursing courses in connection with Red Cross work is the total for the County to date.

The Red Cross Executive committee, in called meeting Monday afternoon, voted thanks to Henry Pullman of Eastland for the use of the building now occupied by the County Chapter headquarters. Pullman is donating the use of the building.

Mrs. C. A. Hertig, in charge of the surgical dressing work at Eastland, reports that a new quota of surgical dressing materials have arrived.

Herbert Tanner, chairman of Home Service work for the Red Cross in the County, presented a brief summary of the work being done to the Executive committee meeting of the Chapter Monday afternoon. With Tanner on the Home Service Committee are Rev. J. R. Wright of Cisco; Frank Robertson, Rising Star; Chief G. A. Murphy, Ranger.

E. E. Woody, in charge of the money raised by the Eastland County Red Cross Chapter during the War Fund Drive, discloses that the total raised to date is \$19,658.11. The quota for the County was \$18,000, which gives \$1,658.11 over the quota.

### Last Rites For Elmo Hill Held Last Sunday P. M.

Funeral rites for Elmo Hill, 50, who died Thursday, May 13, were conducted from the Eastland Methodist church Sunday at 2:30 p. m. with the pastor, Rev. J. Daniel Barron, officiating.

Hill was in charge of the body. Interment was in the Eastland cemetery.

Pallbearers were Sam Gamble, J. O. Earnest, "Fuzzy" Furse, Wilbur Wiegand, C. J. Rhodes and Neil Day.

Survivors include his mother, Mrs. Sallie Hill of Eastland, a son, James Hill with the United States Air Corps, Bakersfield, California, and three brothers, Steele Odessa; Russell Eastland; and Roscoe with the United States military forces in Colorado.

Born October 13, 1893, the deceased had lived all of his life in Eastland. For the past 20 years he had been employed by the Eastland, Wichita Falls and Gulf Railroad.

### Dr. W. D. McGraw Lectures Again On Friday Night

"Hell on Earth" will result from the sounding of the fifth and sixth judgment trumpets, as described in the 9th chapter of Revelation.

Dr. W. D. McGraw will give a lecture on this subject Friday night at 8:30 p. m. at the Nazarene church, South Lamar and Sodasa. Each Friday night one chapter of this wonderful book of New Testament prophecy will be used as a subject in these lectures. Comfortable seats, no collections.

TOWN AND FARM IN WARTIME

(A Weekly News Digest From Federal Rural Press Section of the OWI News Bureau)

May 14, 1943  
Gasoline—"A" book coupons No. 2, good for four gallons each, expire May 21, outside the Eastern gasoline shortage area.  
Sugar—Coupon No. 12 good for 5 lbs., must last through May 31. Coupons for sugar for home canning available at local ration boards on and after May 15.  
Coffee—Stamp No. 23 (1 lb.) good through May 30.  
Shoes—No. 17, stamp in War ration book one good for one pair through June 15.  
Meats, etc.—Red stamps E, F, G, H, remain valid through May 23. Stamp J becomes valid May 23.  
Processed Foods—Blue Stamps G, H, J, remain valid through May 23.  
What is "Home Canned"?  
Foods are "home canned," says OPA if—(1) they have been canned in a kitchen primarily used for the preparation of meals; or to demonstrate the preparation of meals; (2) they have been canned in a separate building or shed, which is a farm home has equipped for canning purposes, provided that the owner has first obtained permission from his local ration board to use such facilities.  
Farm Meat Regulations  
New meat rationing regulations provide that a farmer and his family may consume meat raised on any farm he owns or operates, and may transfer meat from one of his farms to another for home use, without giving up ration points, even if the meat is not slaughtered on his farm. However, if the farm owner does not live on a farm, he must give up ration points for any meat he consumes elsewhere. Under the original regulations, a farmer who brought his own cattle to a custom slaughtering plant had to surrender red point stamps for the meat, while if he killed and dressed the animal himself the meat was "ration free." A farm or ranch employer who feeds his employees in a bunkhouse or dining hall may now use meat and other rationed foods raised on his farm on the same basis as if employees were fed in the household.  
Sugar Allowed for Canning  
Sugar for home canning will be limited to one pound for each four quarts (or eight pounds) of the finished product and may be secured application to the housewife's local board. Each person is allowed not more than 25 pounds. Any family can apply for sugar to put up jams, jellies, and preserves at the rate of five pounds per person. Last year, sugar for preserves was limited to one person per pound.  
Ceilings Set on Market Basket Foods  
Maximum prices now being established by OPA for the market areas of about 130 cities are expected to cover 80 per cent of the foods in the family market basket by June 1. These maximums will be top prices in each principal city and its "market area," which the district offices of the OPA have defined. By June, the OPA expects to complete prices for the first 160 cities and then undertake the same job for other localities. Community-wide top prices are intended to simplify regulations for the storekeeper and the housewife and to make the consumer a partner in the enforcement of wartime price ceilings.  
Farm Machinery Rationing  
At their discretion, state War Boards can now cancel county quotas on any or all types of farm machinery according to revised farm machinery rationing orders issued by the War Food Administration. If a state board exercises this authority, farmers will be required to locate the machinery they want before they are given a purchase certificate. Furthermore, county farm rationing committees may set the expiration date of purchase certificates any time between 10 and 60 days after issuance, or may cancel the certificate after the holder has had reasonable time to buy the specified machinery.

First Methodist Church  
J. Daniel Barron Pastor

NEW DESIGNS

Our Sunday morning subject will be "Re-Patterning Our Lives." It is a grand theme. You will help make it a great service by being present, which we are counting on you doing.

STRANGE CASE

"The Strange Case of People" will be the sermon topic in the eight-thirty evening service. We shall be thinking about some things which will enable us to understand other people and ourselves. You surely will want to be present.

ADDITIONAL SCHOOL

The juniors and primaries were delighted with the first of the four extra sessions of the church-school which was held at 10 o'clock last Saturday morning under the leadership of the regular teachers. The two departments will meet again Saturday at 10. The subject of these meetings is Latin America.

INTERMEDIATE YOUTH

The Intermediate Epworth League will meet at 7:00 Sunday evening. Mrs. Herman Hague and Mrs. Charles Merrill are giving their time to this important work for our youth. You who have young people of the intermediate age will do well to encourage the attendance.

DISTRICT CONFERENCE

W. E. Cooper, Mrs. Ed. Willman, Mrs. F. L. Dragoo, Mrs. J. Daniel Barron, and the pastor represented the church at the district conference at DeLeon last week. We had an excellent report with the exception of our World Service which was somewhat short.

MAIFRED HALE

It is good to have Miss Maifred Hale back with us after an absence of a few months in Midland. She rejoins the church here, of course.

WOMAN'S SOCIETY

The Woman's Society of Christian Service will meet at three Monday afternoon.

CHOIRS

You want to remember the senior meets at 8 on Wednesday evenings and the junior choir at four on Thursday afternoons. If you are a member you ought not to miss any of the rehearsals, ought you?

Martin Elmo Hill, member of this church, beloved by many, highly respected by all, sincere friend, and benefactor to not a few, quietly left the scenes of time for the realm of the eternal.

Selective Service registrants

who were 18 years old on or before November 13, 1942, must have their local board classification cards (Selective Service Form No. 57), as well as their registration certificate (Form 2), in their possession after May 13. Men without both cards are liable to fine and imprisonment. Selective Service headquarters warned.

Twine and Rope for '43 Harvest

Farmers can expect reasonable supplies of hayrope, binder twine and other cordage for harvesting their 1943 crops. However, farmers are warned to buy only what they actually need and to conserve supplies now on hand. Many substitute materials are being used and supplies will require more careful handling than in the past.

Gas For Furloughs

Members of the armed forces on leave or furlough for three days or more may get a special gasoline ration (up to five gallons) for personnel errands when other means of transportation are not available. The ration is obtained by presenting pass, leave, or furlough papers to a rationing board.

Cotton Hosiery

Here's what your full-fashioned cotton hosiery will be like according to recent WPB specification (1) length not to exceed 30 inches; (2) length of welt no more than 3 1/2 inches; (3) not less than 16 stitches to the inch for seams; (4) no more than four colors for any one style during each six month period; (5) no more lace bands, plaid stripes, fancy designs or numbers in the welt or after-welt. Full fashioned rayon hosiery must now have cotton reinforcement in the toe.

Hearings on Gas Rations

New rules permit local war price and rationing boards to conduct hearings to revoke gasoline rations if—(1) the motorist is charged with speeding (driving over 35 miles an hour); (2) the motorist is charged with abuse of his tires; (3) an applicant for a new gasoline ration is believed to have committed a previous violation; (4) a ration holder charged with a violation demands a return of his book before a written notice of hearing can be sent him.

EDWARD HAINES

The church expresses its sympathy to Mr. and Mrs. W. W. Turner in the loss of their son-in-law, Edward Haines; and to their daughter, Mrs. Haines, in the loss of her husband.

WORLD SERVICE

Sunday is World Service Sunday. We lack about \$50 having the first half of our 1942 World Service paid. The first half of the year is ended, ended last Sunday. You will do a cooperative thing if you will join with others in bringing this important part of your church's work up to date. We surely appreciate the splendid contributions we have received on this part of our most unselfish service.

CHURCH SCHOOL

Mr. Seaberry's talk to the 9:49 class last Sunday was tops, as usual. Men who miss this continuous service miss too much. When Mr. Seaberry is not present the quality of the teaching is not cheapened, for C. W. Geue keeps it on its high level. The other adult classes have superior teachers, too. You ought to be in one of these classes. The same excellent work is being carried on in the youth and children's divisions of the church school. Attend your school and aid the members of your family to attend.

AN APPEAL

We have many members, good people, who are not active in their church. They seldom or never attend its services. Some of them attend occasionally. This is pitiable beyond description. Their refusal to participate ties the hands of the church in its desire to do them good. They also hurt their church. They do not mean to impoverish themselves or to injure their church, but their continued absence from the church brings these very things to pass. Will you good people who are in the church name only turn over a new leaf and start being in the church in spirit and in truth. It will be a new day for you. It will be an inspiring day for your church too. The church can get along after a fashion without you and you can get along after a fashion without it. Put that is not the point. Get together and help one another. Will you do it?

VACATION SCHOOL

Some are asking when the vacation church school will be held. It now appears that it will be held the latter part of July. Watch for the exact date to be announced.

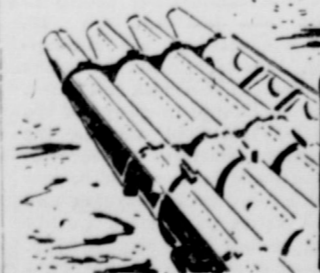

SUNDAY EVENING SERVICE

Many of you have fallen into the habit of omitting the Sunday evening service from your thought and life. This is regrettable on several counts. Half of the pastor's preaching ministry in your church is in the presence of mostly vacant pews. With so many absent, it makes it next to impossible to conduct a helpful service. Small congregations lower the morale of the whole church. It is not enough for us to excuse ourselves on the ground that this has been for world without end in this church; nor that it is in all churches today. The only significant question, it seems to me, should the church have an evening service? If so, would it not follow that it is the duty of the members to support that service as well as the morning service? If you are among the many who have given their church a severe blow by counting themselves out of the evening service, will you not seriously reconsider the matter again?

What You Buy With WAR BONDS

4 for 1

U. S. destroyers and other anti-submarine vessels of the Navy are equipped with quadruple tubes, meaning they are capable of firing four torpedoes simultaneously, making it more difficult for the target to escape.

Modern warfare is the most expensive destruction the world has ever experienced both for the destroyer and the destroyed. There is no point where we can stop in this war side of peace so all of us will be required to continue our War Bond purchases and increase them.

"Dam Yankee" Has Made Good In Texas

FORT WORTH, Tex. (UP)—There's one Fort Worth officer who's proved he's been here long enough to drop the "dam" before the "yankee."

Three men were huddled on a corner waiting for a bus on a rainy morning when the officer—a major—passed in his car and stopped to give the men a ride.

He remarked that it was strange for drivers to pass up persons waiting for busses.

"Fort Worth people don't pass folks up," one of the natives said. "It's just sink all these dmanyankees came to Texas that you have to stand in the rain to wait for a bus."

The major let his passengers out in town and went on to his station without telling them he is from New York.

The rest-pause that refreshes

Welcome in peace... more welcome in war work

ASK plant managers what a rest-pause means to workers in war production... more work-contentment. And contentment increases output. Add refreshment to a rest-pause and the feeling of contentment is increased. That's a reason why you find ice-cold Coca-Cola so welcome in war plants.

Ice-cold Coca-Cola goes beyond just quenching thirst to bring you refreshment. Its delicious goodness always delights your taste. Here is a drink made with a finished art. The only thing like Coca-Cola is Coca-Cola, itself.

**Applesauce Is Sure Fire With Girl Gremlins**

WASHINGTON, (UP)—To correct a fallacy making the rounds—there are little girl gremlins. Take it from Jacqueline Cochran, the world's No. 1 flier and director of the Army Air Forces' Pilot Training Command for Women at Wort Worth, Tex. whose acquaintance with them dates back to 1932.

"Fifinellas," as modern female gremlins are known, are believed by Miss Cochran to be direct descendants of the irascible and dangerous "Lady Birgia" who flew with the aviatrix many times causing fires, frozen flaps and general devildom until the fall of 1936, when she danced off a wing-tip in the company of a handsome male gremlin and disappeared.

Since that time, a whole new generation of lady gremlins has come into prominence with the pranks they play on unsuspecting pilots. Miss Cochran knows that she and her girl pilots will see many of them before the war is over. But, she says "I look for the finellas to be a good influence on the whole. I somehow feel that they symbolize a change in convention, just as the finellas are a change in the gremlin species, and to help rather than hinder their excursions into the blue."

Miss Cochran is convinced that finellas will even, on occasion, by their example, shame the more abandoned gremlins into better habits.

"These new rook of the air waves are certainly with us to stay," she says. "And, incidentally, they can be bribed. I've noticed they are particularly fond of applesauce, and for a whiff of perfume the finellas will practically do your navigating for you."

With those plaster casts on her footsies, three-year-old Barbara Richey, of Meadow, Texas, couldn't take her army visitor on a walking tour, but she gave him an armchair travelogue on the doings at Texas Scottish Rite Hospital for Crippled Children. Colonel O. J. Cohee, chaplain of the Eighth Service Command, visited the wards in advance of the sixth annual memorial services, Sunday afternoon, May 23, when he will deliver invocation and benediction at the ceremony commemorating fifty-seven Texas benefactors who have left bequests in their wills to help carry on the hospital's work of curing physically handicapped children of the state. The memorial services will be broadcast over Radio

**CAUSES FOR A SPIRITUAL DIMOUT** is the sermon subject for Sunday morning. Christianity will never suffer a total blackout, but there may be times when its light shines rather dimly. We plan to discuss some of the things that lead to such a condition. The subject for Sunday night is "Will The Saints Persevere To The End?" The public is cordially welcomed to these services.

Next week we will continue our mid-week Bible studies. Bring your Bibles and come. You will enjoy having a part in these studies and discussions. If you have not received a list of sermon subjects and also of mid-week subjects to be used for the next few weeks, we trust you will make it a point to get such a list. They will be available at the services Sunday.

The church is worthy of our deep gratitude for a delightful visit on last Tuesday night with the men's Brotherhood of the Olden Baptist Church. The fish and chicken supper was one hundred per cent all right. The fellowship was excellent. The pastor of that church tells us that the brotherhood has meant much to the work of the church. It is our plan to complete the organization of our local brotherhood in the near future.

We gladly welcome the new members who have been coming into the fellowship of the church recently. There are others living in Eastland who ought to do the same thing. "If a Baptist, Why not belong?" Is a question worth considering.

The pastor gave the sermon for the senior class of Carbon High School on last Sunday night. He received a most courteous hearing. The Carbon schools seem to be going forward in a fine way and are this year sending out a good class of boys and girls.

The pastor with Bro. C. E. Karalitis enjoyed a delightful visit on last Tuesday night with the men's Brotherhood of the Olden Baptist Church. The fish and chicken supper was one hundred per cent all right. The fellowship was excellent. The pastor of that church tells us that the brotherhood has meant much to the work of the church. It is our plan to complete the organization of our local brotherhood in the near future.

There is still an urgent need for workers in the Sunday school and training union. We feel that a number of people ought to let it be known that they are ready to be used whenever there is need for such services. Here is opportunity to do a work of lasting good.

The church is worthy our deepest devotion and best loyalty. It should have first place in our hearts, the highest place in our thinking, and the principal place in our activities. I owe it my support and my prayers. To neglect it is to lessen its power, discourage its members and chill my own zeal. Don't leave the church out. You need it and it needs you.

ination had lapsed in the first decade after the war, with the result the government saw no use for the boats on what places it was then using for the services.

It was not until 1933 that the Navy gave Goodyear a sizable order. Then the Army became interested, and this led to the development of the carbon dioxide cylinders with each boat which provide quick inflation when needed.

Cooper, who retired recently because of failing health, built many of the rubber rafts used in the Macy Day Parades in New York City and made envelopes and gas bags for almost all the big and little dirigibles produced in America.

Today, the rafts he originated have been developed into a variety of shapes and sizes for specialized purposes. For example, there is a one-man raft for the pilot who has to bail out over water, and there is a sturdier type which mounts a machine gun and outboard motor and can carry 32 attacking Marines.

The rafts used by Capt. Eddie Rickenbacker and half a dozen companions forced down in the Pacific last year were produced in 1940 and had none of the modern equipment included in the boats made today.

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 23. The Golden Text is: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord" (II Corinthians 3:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Out of Zion, the perfection of beauty, God hath shined" (Psalms 50:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "As the physical and material, the transient sense of beauty fades, the radiance of Spirit should dawn upon the enraptured sense with bright and imperishable glories" (page 246).

**Your Electric Cleaner will CLEAN FASTER AND BETTER if you'll empty the Dust Bag more often**

In these days when time is precious, you can save your time and help your electric cleaner do a faster and better job simply by emptying the dust bag of your cleaner more often. A good plan is to empty the bag immediately after each use, for accumulated dust slows up the air flow and reduces the suction of the cleaner.

When your cleaner doesn't work properly, be sure to take it to a reliable electric repair shop.

## PERSONALS

### Hawaii Taps Its Forgotten Rubber

MAUNAWILI, Oahu, T. H.—First home-grown rubber has started to trickle into the nation's wartime stockpile from Hawaii, but production soon is expected to reach the equivalent of thousands of new automobile tires monthly.

On this island and Maui there are thousands of rubber trees which have not been tapped for more than 30 years.

After the turn of the century, vast numbers of the trees were planted, but the commercial venture failed and the rubber plantations since have reverted to semi-jungles.

Territorial Governor Ingram M. Stainback recently watched the tapping of 1,200 rubber trees at Maunawili. It was the Governor's idea that, although the amount would be small in comparison with national demands, Hawaii's trees should contribute all latex possible to help alleviate the shortage.

Paths have been cut through jungles to 5,000 trees at Nahiku, Maui, soon crude rubber from that island will find its way into the nation's stockpile.

Inasmuch as the trees have not been tapped for more than three decades, officials are not sure as to the exact number of productive trees in the territory but cursory surveys indicate the total may reach 10,000 or more.

Backed by a \$10,000 allotment from the territorial office of civilian defense to carry on the rubber production work, the program is well underway, although officially proclaimed to be "only in the experimental stage."

Inmates from Oahu prison currently are carrying out the program, including tapping of trees. "It is not a commercial enterprise," Gov. Stainback said, "but rather a wartime measure to augment, in a very small way, the nation's crude rubber supply."

### Corporal Ready To Stick To Job

ABILENE, Tex. (UP)—Cpl. M. C. Patrick clerk in Company C at Camp Barkeley, has decided to be content, at least for the present, with his rank.

When his first sergeant was out of the office, Patrick took his chance to emulate a rugged "top kick." He was typing when someone knocked.

"Come in, state your business and get out," he snarled without looking up.

The door opened, and when the Corporal turned around he found himself confronted by a lieutenant.

Mrs. Dr. T. E. Payne, Mrs. John Norton and Mrs. I. L. Gattis attended funeral services for Ed Farris at Scranton Saturday.

Mr. and Mrs. H. P. Taylor and baby of Brownwood were guests of her parents, Mr. and Mrs. John Sawyer and Taylor's sister, Mrs. Jack Ammer, Wednesday.

ANN MILLER, Columbia star, couples comfort with style in his new two-piece outfit. The rug-waisted, multi-colored embroidered jacket's sleeves are fringed with little squares, which are repeated at the hem of the trousers.

### Arrest Made In Burglary Case At Desdemona

Sheriff John Hart of Eastland stated Tuesday afternoon that an arrest had been made in connection with the burglary of two stores in Desdemona on Friday, May 7. He stated also that most of the stolen merchandise had been recovered.

A man giving his name as John Wilson, Sheriff Hart said, was being held at Stephenville. He was arrested at Tyler, where it is stated, he was attempting to dispose of the loot stolen at Desdemona.

Robbed by Twins  
LOS ANGELES (UP)—The house of Mrs. Agnes W. Angie was robbed by a pair of identical twins whom she described to the police as being "quite handsome and wearing pork-pie hats." They ransacked the house after tying Mrs. Angie and her 2-year-old granddaughter to chairs and finally succeeded in extracting \$12.50 from a piggy bank. Mrs. Angie said she doubted seriously if she would be able to tell which of the identical twins actually robbed the bank.

### Broken Collar Bone Fails To Stop Bombardier

SAN ANGELO (UP)—Bombardier James F. Madtin is now wearing the silver wings and the gold bars of a second lieutenant in the air forces, despite a broken collar bone during football practice just before his class graduated from the San Angelo Army Air Field.

The El Paso cadet got up twice from his hospital bed, and with a nurse by his side flew missions to drop the 10 bombs necessary to complete the training. And, although he had to brace his arm from the sling to operate the bombsight and bomb release lever, officials report that he made better than passing scores on his bombing.

The flight surgeon granted permission for the flights when the cadet appeared to be determined to graduate with his class. He will be "in" the hospital another week or 10 days.

### Flatwood Flashes

FLATWOOD, May 18.—We are still waiting for that rain. Quite a few peanuts have been planted.

Pvt. Euclid Evans of Waco Army Flying School visited Mr. and Mrs. Otis Reese recently.

Mr. and Mrs. Frank Tucker visited her brother, O. Solomon, at Cisco, Sunday.

Trixie Derrick of Carbon was a week end guest of Dorothy Gene Bennett.

Mr. and Mrs. B. W. Wooley of Mangum and Mr. and Mrs. J. S. Turner were Sunday dinner guests of Mr. S. A. Matthews.

Pfc. Lynn Bennett of Camp Cook, Cal., is home on furlough. He spent the week end in Fort Worth visiting his sister, Mrs. D. L. Adair and brother Roy and family.

Pvt. Robert Bond of Hondo, Tex., is home on furlough. Our school closes Friday with an all day picnic and a basket lunch at noon. The closing program was Thursday night.

The Flatwood HDC club will hold a rummage and "country Store" Saturday, June 5, in the building formerly occupied by the Clover Farm Store. Don't forget the date.
