Missing In War

CPL. RUTLEDGE MISSING SINCE OCTOBER 8TH

Mrs. Dayton Rutledge of Ranger was notified by the War Department Thursday morning that her husband, Cpl. Dayton Rutledge, has been missing in action in Germany since October 8.

Cpl. Rutledge was with the First Army in the Third Armored Engineers and was among the first to enter Germany. His latest letter to Mrs. Rutledge was written October 7 and was received by her October 21.

He entered the service in May 1941 and was trained at Ft. Sam Houston, Ft. Leonard Wood, Mo., Camp Polk, La., Camp Pickett, Va., and Indiantown Gap, Pa. Before going into service he was employed by an Austin engraving company. He is a graduate of Austin high school, and attended the University of Texas and the Art Institute of Pittsburgh.

Shortly before he left for overseas duty September 1, 1943, he was married to the former Miss Lorene Harrell, daughter of Mr. and Mrs. R. E. Harrell of Ranger, with whom she is making her home while her husband is in service. Mrs. Rutledge has been employed by the Southwestern Peanut Growers Association at Gorman for several years.

Appeal For Eggs Leads To Over Supply In U. S.

DALLAS, Tex. (UP)—Four hundred and 42 eggs for each and every individual in the United States "is just too many eggs for any requirement," says William Dewey Termohlen, assistant chief of the War Food Administration dairy and poultry branch.

The surplus of eggs is the result of an appeal to the nation two years ago for more laying hens. In 1942, there were only 140 eggs for every person in the country. Now the best thing the patriotic farmers can do for Uncle Sam, according to Termohlen, is to cut down their flocks of hens by 15 per cent.

Termohlen conferred with egg and poultry industry leaders in Dallas to see whether they could do anything about the situation in Texas.

City Dump Has Someone's Teeth

FORT WORTH, Tex. (UP)—The Ft. Worth city dump has 3 pairs of false teeth it is trying to give away—but no one seems to want them.

The false teeth are only a small part of the valuable possessions which the city dump drivers have accumulated in their daily hauls. Though all were returned to their owners, into the dump have come hand made cowboy boots, \$300 in cash, a \$150 diamond ring, a man's wallet, and "A" gasoline ration book, a draft registration card and a gold wrist watch.

He hasn't checked recently, but the superintendent of city waste disposal says he thinks all the garbage department workers have their own teeth.

H. V. O'Brien, Injured In Car Accident, Dies

CARBON, Oct. 25 — Funeral services were held at the Baptist church here Wednesday morning for H. V. O'Brien, 54, who died in an Abilene hospital Sunday morning from injuries sustained in a car accident on Highway 80 near Elmdale. Rev. Lee, Fields, pastor of the Carbon Baptist church of which the deceased was a member, officiated. Interment was in the Pleasant Hill cemetery.

The deceased and his daughter, Mrs. H. L. Thompson, had come to their home here from Sundown to be with Cpl. J. C. O'Brien, youngest son of Mr. and Mrs. O'Brien who had just returned from two and one-half years service with the United States Marines in the South Pacific. Cpl. O'Brien was accompanying them as far as Abilene.

Mrs. Thompson sustained head injuries, and Mrs. O'Brien received a fractured collar bone and leg injuries. Two small children of Mrs. Thompson in the car at the time of the accident, escaped with only minor bruises.

Horse Antics Recall Pioneer Texas Times

HOUSTON, Tex. (UP)—Texas—the Texas of frontier days—has come to a pretty pass.

It was enough to make the wraiths of the Texas Rangers rise in horror and dismay the other day when three policemen, not to mention an employee of the city, tried one after another to stop a runaway horse—and as far as they know, the horse is still going.

The horse was attached to a light wagon when it bit broke and it got out of control.

After a wild rush of two miles through the city, the horse smashed the wagon against a tree and when last seen, was heading for open country.

Cpl. Fox Wounded In Action In Germany Oct. 5

Mrs. Jessie Fox of Olden received word this morning that her son, Cpl. Dorman Fox, has been slightly wounded in action while serving with the armed forces in Germany.

According to the message received, Cpl. Fox was wounded on October 5, and has been hospitalized. The family was informed that they would be notified as reports of the son's condition were received.

Ex-College Mates Meet In Foxhole

HOUSTON, Tex. (UP)—The firing had ceased. The two soldiers who had been driven into the same foxhole looked casually at each other. And suddenly their grimed faces lit up.

"Well, I'm a son-of-a-gun" they yelled and pounded each other on the back.

The two G. I.'s were L. B. Terman and Joe Chapman, meeting for the first time since their student days at the University of Houston.

Aunt Of King George VI Dies

LONDON (UP)—Princess Beatrice, 87, youngest and last surviving child of Queen Victoria and great aunt of King George VI, died today, severing one of Britain's few remaining links with the Victorian era.

JAP COLUMN BLASTED

CHUNGKING, (UP)—Chinese troops have annihilated a Japanese column at Sungiangkow, 22 miles northwest of threatened Kweilin, in what military spokesmen described today as a "major victory" in defense of the Kwangsi capital.

S-SGT. LANE KING

S-Sgt. Clarence Lane King, above, son of Mr. and Mrs. V. L. King of Eastland, and an aerial gunner on a P-17 bomber, U. S. 15th Air Force, has just concluded a short furlough spent with friends and relatives in Eastland and has gone to Florida for future assignments.

King saw service with the American Air Force in Italy and elsewhere in the Mediterranean theater, and wears the Air Medal with Oak Leaf Clusters awarded for "Meritorious Service."

Born in Eastland, December 24, 1920, King attended Eastland school, which he quit to enlist in the armed services of his country. He trained at Las Vegas, Nev., gunnery school, Amarillo Airplane Mechanics School and received his wings from gunnery school.

King said that one of his most exciting experiences came while on a mission over enemy territory when the pipe broke and the No. 3 engine on the plane on which he was waist gunner, came loose. His pilot was forced to break formation and head for home and while doing so an American escort fighter plane, thinking the crippled bomber was an enemy plane, maneuvered into position and was just ready to destroy it when they discovered the identity of the American bomber and withheld their fire.

Clifford Rust Badly Wounded; Now In Hospital

CLIFFORD RUST 18 b2R ... S-Sgt. Clifford Rust, son of Judge R. L. Rust of Eastland and who is serving with the American Forces overseas, was wounded in a battle following the invasion in which he took part. He was struck 10 times and had one of his knees virtually shot away. He was shot twice through the body. He is in the infirmary.

At last reports S-Sgt. Rust was doing as well as could be expected at an army hospital in England. He was able to write his father a short letter which was received only a few days ago.

Eastland Lions Observe Ladies' Night

The Eastland Lion's club observed Ladies' Night, an annual affair, Tuesday night, having the regular weekly banquet at 7:30 P. M. instead of the usual time which is at 12:15. On this annual occasion Lions bring their wives. There were 60 persons present at Tuesday's meeting.

President E. L. Miller presided over the meeting and called upon Clyde Karkalits who with Wes Harris and Homer Smith, had charge of arranging for a speaker for the occasion. Karkalits introduced the Rev. W. H. Clark, pastor of the First Baptist Church of Ranger, who responded with a very entertaining and instructive address on the subject of "The Power and Influence of Ideas."

A committee composed of Hood King, G. D. Jones and Buck Pickens, provided for the funny side of the program and it was the verdict of those present that they did a good job as did the committee that provided a speaker.

NAZIS FLEE IN GREECE

ROME (UP)—Late reports say the British in Greece are well north of Larissa and barely 90 miles by road from Salonika, with no indication that the fleeing Germans have any intention of turning to fight.

PEARL C. LONG FOUND DEAD AT HIS RANCH

RANGER, Tex. Friday Oct. 27 Pearl C. Long, a long-time resident of Ranger, was found dead at his ranch north of Ranger, about sundown Wednesday afternoon. Paul Langford, a neighboring rancher discovered the body in a lot back of the ranch house.

Langford who was planning to assist Long in some ranch work today stopped by the ranch to discuss their plans and it was then discovered what had happened. It was stated that evidence indicated that he died suddenly and without suffering but it could not be exactly estimated as to when he died. He had been in Ranger Tuesday evening and seemed in the best of health, and no concern had been felt for him by his family as he was not expected home Wednesday.

He was born in Robinson county, May 19, 1887 but had lived in Stephens and Eastland counties most of his life. He was a member of the Methodist church. As a young man he married Miss Vera Outlaw, member of a pioneer Ranger family and who survives him. Two children were born to the couple, the late Mrs. E. O. Brown, formerly Evelyn Long and Clayton Long who survives his father. During his life here he engaged in barbering and was for many years associated with the P. E. Langston Barber Shop. His ranching was a side line.

Funeral services will be held at the Ranger Methodist church Saturday afternoon at 3 o'clock with Rev. A. B. English, Rev. H. B. Johnson and Dr. W. H. Clark in charge of the services. Burial will be in the Evergreen cemetery.

Resides his wife and son he is survived by a brother, J. T. Long of Odessa and a sister, Mrs. V. E. Miller of Alpine and the following brothers-in-law and sisters-in-law, Melvin Outlaw, of Dallas, Rex Outlaw of Evansville, Indiana, George W. Outlaw of Sweetwater, Mrs. Etra Outlaw of White Deer, George Cunningham of Abilene, and Mrs. R. B. Stroud of Ft. Worth.

Pat Hinnard Funeral Held At Tolar

Funeral services were held Thursday afternoon at the Methodist church in Tolar for Patrick Murray Hinnard, 69, who was found dead at his home on West Main street Tuesday afternoon.

A resident of Eastland for 25 years the deceased is survived by his wife, two daughters and one son. The son is serving with the United States armed forces. Miss Katherine Hinnard is employed on the Eastland County Draft Board at Eastland and Mrs. Rose, husband and children reside in Eastland.

Mr. Hinnard had been in ill health for some months, according to information obtained by Justice of the Peace E. E. Wood who held an inquest over the body and who stated that his verdict would be that of suicide.

Junior "Hi" Boys Organize 4-H Club

The Eastland Junior high school boys met Monday, October 23, at 2:30 p. m. and organized a 4-H club. The officers elected were: Col. Don Brasher, president; Jim Smith, vice president; Max Lester, secretary; Murry Herring, treasurer; and Jack Kelly, reporter.

The boys were given 4-H handbooks and membership cards to be approved by their parents. Thirty nine boys indicated their interest to the principle, Mr. H. C. Elliott. The meeting was under the direction of Floyd Lynch, County Agent of Eastland county. We are all very proud of our new organization and will try to make it the best in every way possible.

In New Guinea

LT. J. D. WHEAT WITH HOSPITAL UNIT OVERSEAS

NEW GUINEA — First Lieutenant John David Wheat, son of Mr. and Mrs. T. L. Wheat, Eastland, Texas, where his father is an oilfield worker, is now in New Guinea with the evacuation hospital for which he is supply officer. Lt. Wheat, age 23, left for overseas duty early this year.

A 1938 graduate of Morton Valley High, Lt. Wheat received his bachelor's degree at Texas A. & M. in 1942 and enlisted in the Army that August. He was graduated from the Medical Administrative Corps Officer Candidate School in January of 1943.

Lt. Wheat is a veteran of the Hollandian operation which cut off the entire Japanese 18th Army thereby advancing General Douglas MacArthur's forces several hundred miles nearer to the Philippines.

A brother, Lt. T. L. Wheat Jr. is in the Infantry, at Camp Gruber, Okla.

GUEST SPEAKER

Dr. W. H. Clark, above, was guest speaker at the Eastland Lion's annual Ladies' Night. He is pastor of the First Baptist church of Ranger.

Veteran Oil Man Celebrates His 81st Birthday

RANGER, Tex. Friday Oct. 27 Hank Herman, veteran oil man who came to Ranger with the Flowing Gold rush back in 1918, celebrated his 81st birthday Wednesday and says that he's proud of his age but doesn't feel that old.

Celebration of the occasion was provided by his two daughters, Mrs. O. C. Westfall and Mrs. M. B. Loury, at their home in Weatherford when they gave him a birthday dinner with all the trimmings, including a birthday cake. His gifts were numerous but the one he was guarding with his life was a big box of cigars which he is finding hard to get.

Others who were present for the party were his son, Harry Herman, and Mrs. Herman of Ranger, his grandchildren, Mrs. J. L. Kearney, and Mrs. G. W. Benthien, William Edward Benthien, III and Virginia Lee Westfall.

FIGHT STILL RAGING; YANKS LAND ON SAMAR, CLOSE TO LUZON

The American Third and Seventh fleets have sunk or damaged at least 30 Japanese warships, including ten battleships and 3 aircraft carriers, in the Philippine sea to win one of the greatest battles of the war, it was announced today.

Our ships and aircraft were still attacking and pursuing the enemy, and it was likely that the final total would be still greater than the 2 enemy warships already known to have been sunk, 3 probably sunk and 18 damaged.

Our losses—the aircraft carrier Princeton sunk, several destroyers and escort carriers damaged and several P-T boats sunk or damaged.

American troops have landed on Samar and seized the southern coast of the island, last barrier

LONDON (UP)—More than 1,200 U. S. Flying Fortress and Liberators, escorted by 65 Mustang and Thunderbolt fighters, assailed industrial targets at Bielefeld, Munster and Hannover today, blasting new gaps in the Ruhr industrial area which lies on the direct route between northern end of the western front and Berlin.

In the Philippines beyond Luzon, while other forces extended their gains on Leyte to bring 31 towns and villages and 6 airfields under U. S. control, Gen. Douglas MacArthur announced today.

American troops have driven ten miles inland to capture Burauen, splitting the Jap forces on northern Leyte. Appreciable gains were scored on the other island fronts.

The invasion of Samar was carried out by the first dismounted cavalry, which made an amphibious drive up the east coast of Leyte and crossed narrow San Juanica Strait to land on the Philippines third largest island.

More than 50,000 Germans were on the run in a general retreat along a 100-mile front in southwest Holland today before British and Canadian armies closing swiftly against every major stronghold in a shrinking pocket below the lower Maas river.

Only at 'S Hertogenbosch were the Nazis making a fight of it, trying desperately to hold open the only practical escape channels.

The Soviet Arctic offensive today was driving the remnants of the German Lapland army back across the Norwegian barrens where it faced a bitter winter with virtually all Nazi supplies of its lost Kirkenes base in Russian hands.

Moscow reports from East Prussia say Red forces have penetrated the outer defenses of Insterberg and are preparing to assault the city itself.

Raymond Hughes Visits Home At Desdemona

Pfc. Raymond O. Hughes has returned to duty at Ocean Side, California, after spending a thirty day leave with his father, Jess L. Hughes, of Desdemona. Pfc. Hughes enlisted in the United States Marines in December 1941, and spent 26 months in the South Pacific. He is a veteran of Guadalcanal, Tulagi, Tarawa, Tinian and Saipan.

Pfc. Hughes wears the medal representing the coveted Presidential Unit Citation.

NO REPORT

The 88th district court grand jury jury empaneled last Tuesday was still in session at 1:00 p. m. Thursday, but it was understood that a recess would be taken Thursday afternoon. The body had made no report.

supplies of a dealer who has not made good any invalid coupons is binding on the supplier, regardless of any contract with the dealer, the court ruled.

December 1 Gift Mail Deadline—December 1 is the deadline requested by the Post Office Department for mailing Christmas gifts inside the United States. Every citizen who is playing Santa Clause for loved ones and friends in other towns is urged to get that present in the mail by that date to assure proper delivery. The reason, say postal officials, is that Americans are expected to mail domestically 25 percent more gifts than a year ago—and at a time when the Post Office has fewer employees and less well-trained holiday help than ever before. In addition, the fact that more people have moved to different addresses to a war work is expected to mean that the average distance traveled by each gift will be greater than before the war.

HOUSE WIVES CAN AID CEILING DRIVE

Housewives ever, where are urged to cooperate with their grocer in a campaign to "more prominently displayed ceiling prices in stores and to stimulate the use of price lists by customers. The office of Price Administration in cooperation with leading grocers' associations and consumer organizations is seeking to have shoppers talk more fully and frankly about ceiling prices as a major means of strengthening community efforts to hold down living costs.

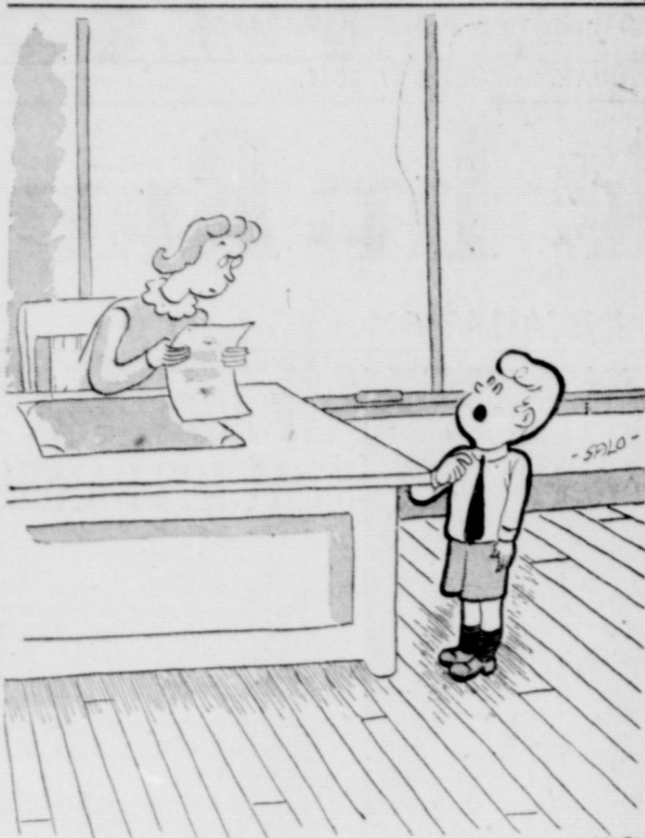

Lake Herring Prices Suspended—Retail ceiling prices on fresh lake herring have been suspended, effective October 26, OPA announces. The action follows indications that the price of this fish will be generally below the 1942 price levels, which was the minimum level required by the stabilization extension act for fishermen's ceiling prices. However, OPA said that if fresh lake herring prices should rise above 1942 levels ceilings will be promptly reset.

Shoe Rationing Still Needed—Present inventories and the present rate of production of shoes show the necessity for continued rationing, the OPA and the War Production Board reports. The statement pointed out that over-all production of civilian shoes of rationed types in the first half of this year was 134,065,000 pairs contrasted with 154,125,000 pairs in the like 1943 period, which also was short of needs.

OPA Guard Gasoline Quality—Gasoline sold at service stations and other retail establishments at ceiling prices set for premium grades must meet a minimum octane specification of 75, OPA announces. This action has been taken to protect buyers from any attempts to sell lower grade gasolines at the higher ceiling prices established for premium grades. OPA said most sellers are offering premium grade gasoline having an octane rating not lower than 75. The announcement pointed out that at present the Petroleum Administration for War does not permit manufacture of gasoline for civilian commercial channels as premium grade to exceed 75 octane—a step necessary to maintain military supplies of higher octane fuels.

Court Hits Black Market "Gas"—Efforts of the OPA to wipe out the Black Market in counterfeited gasoline coupons were greatly strengthened by decisions in three injunction cases recently handed down by the United States District Courts in Greenville and Greenwood, S. C. Thomas I. Emerson, Deputy OPA Administrator for enforcement, said. The decision makes clear the obligation of gasoline distributors to refuse to supply gasoline to dealers who have failed to surrender valid coupons to replace counterfeits for which they previously obtained gasoline. This obligation to cut off

Abie Martin—now there was a writer for you. All he had to do was to write two short sentences a day for his humorous feature which appeared in so many newspapers. One of his best ones was written after Harding was elected President and the country was having a depression. Abie wrote, "Farmer Jones was in town Saturday and bought a pair of pants with \$3 he had left over from the Woodrow Wilson administration."

Which calls to mind an incident during Hoover's administration when there was a depression, too, as you perhaps recall. At that time, I was editor of a paper in West Texas and one day this letter was received from a farmer.

"Dear Editor:
"I read in your paper about a year ago that Andrew Mellon, Secretary of the Treasury, was going to call in all the big paper money and substitute small paper money for it?"

And that reminds me of the story about President Hoover who, it seems, was walking down the street with Secretary Mellon and said, "Andy, let me have a nickel; I want to call up one of my friends." Mellon replied, "Here's two nickles; call up both of them."

URGES YOUTH BE GIVEN MORE PART IN LIFE

STATE COLLEGE, Pa. (UP)—

Giving American youth more responsibility in family and community projects may be an answer to the current problems of juvenile delinquency and teenage war jitters, according to Dr. Winona L. Morgan of Pennsylvania State College.

Dr. Morgan, newly appointed head of the nursery school at Penn State, claims that the average American family expects too little of its children, and as a result cannot ask the more responsible adults. She urges that communities plan more war activities in which youngsters can be of help.

Pointing out that children in foreign countries have been given increased wartime responsibilities and have measured up to them admirably, Dr. Morgan feels that route 26 times—including 11 both by parents and communities, to the valuable part American youth can play in the national war effort.

P. L. Pierce, Pastor
This Sunday, the 29th, will close the years service of the pastor, also be the last messages for this congregation by Rev. P. L. Pierce pastor, as he is taking evangelistic appointment following the district assembly.
Subjects for Sunday services are:
Morning—"The Baptism of the Holy Ghost, its effects and evidences."
Night 8:00 p. m.—"By the grace of God I am what I am" (I Cor. 15:10).
In this last message the pastor will include a brief review of his life and personal experience in meeting and overcoming many handicaps incident underprivilege and limited means in a new and undeveloped country where he grew up. His call to the ministry and 33 years of active service. Six years in pioneer evangelism.
He has had five thousand professions of saving faith, organized forty churches; more than thirty persons answered the call to preach in his meetings.

PLEDGES ARE COMING IN
Following the observance of "Pledge Day" last Sunday, pledging has fast become successful. Many folk signed their card during the 11:00 service, last Sunday, indicating the amount of gift they would make to their church another year. Every one was asked for a 10 per cent increase in personal giving and many have done that much and more. If you have not handed your pledge card to the office, please do so immediately and you will be helping greatly the dreams of your church for a more profitable and successful year in 1944-45.

NEXT SUNDAY ENDS OUR CONFERENCE YEAR
We are completing our records - mailing some to the Annual Conference Year, 1943-44 will be over future reference - for the Conference Year, 1943-44 will be over at the conclusion of next Sunday's service.

The finance committee requests that all persons who have not brought final contributions on this year's records, please do so, as the books will be closed next Monday morning.
Mr. Fleming will have a fitting sermon at the 11:00 service Sunday and the congregation should be increased by 50 per cent to hear the final reports and inspiration of the pastor.

Then return for the 8:00 hour for a 45 minute service. The men are ready to bring more good music and you will enjoy the occasion.

WAREHOUSES ABLAZE ON FORMOSA AFTER RAID

FIRST PHOTOS from the U. S. Pacific fleet's dramatic raid on Formosa Oct. 11, show the devastation which was caused by warplanes operating from fast carriers on their visit to Kagi, important military, rail and industrial city. Here warehouses and industrial sheds are shown in a shower of explosions as one of the planes pulls out from its dive. This is a U. S. Navy photo. (International Soundphoto)

AIR PIONEERING GENERAL HEADS PERU MISSION

WASHINGTON (UP) — Maj. Gen. Ross E. Rowell of Coronado, Cal., new chief of the United States Naval Aviation Mission to Peru, has been credited with pioneering in dive-bombing and combat air transport—two developments of vital importance in this war.

Because of this—among other things—the ruddy-faced, sandy-haired general was the first Marine aviator to reach the rank of major general.

Rowell in an interview here said he first demonstrated dive-bombing techniques to the Navy in practice maneuvers off the California coast in 1925. He used them in actual war conditions for the first time however, during the Nicaraguan campaign of 1927.

It was in Nicaragua also that Rowell pioneered in combat air transport, hauling in supplies to the front line and bring out wounded over jungle-covered mountain country.

Rowell sent out the first transports destined to cross an ocean in World War II. They went directly from San Diego, Cal., to Guadalcanal. Since then he has supervised the ferrying of more than 125 transports to the South Pacific.

Until a week weeks ago, Rowell was commander of Marine Aviation with the Pacific Fleet. His planes took part in the attack on Wake and Midway. They made headlines more recently by hitting at Saipan and the Palau.

For his work in the Pacific, Rowell was given the Legion of Merit by Adm. Chester W. Nimitz, Pacific Fleet Commander. He has 13 other decorations including the Navy Distinguished Service Medal, the Distinguished Flying Cross; the Cuban Pacification Medal; the Marine Corps Expeditionary Medal with two stars; the Second Nicaraguan Campaign Victory Medal with clasp; the World War II American Sector Decoration; the World War II Asiatic Sector Decoration; the Emergency Service Badge; the Nicaraguan Medal of

Merit with two stars; the Nicaraguan Medal of Distinction, and the Cuban Order of Merit, First Class.

Rowell was an attaché of the U. S. Embassy in London for four months of 1941. He also served with the Royal Air Force in Libya and Crete, and observed the Syrian campaign.

"Whenever there is a heavy bombing raid, I am sure to be there," he said.

Rowell arrived in London for the only big raid of the summer of 1941 and was in Chungking for the first heavy aerial bombardment there.

Rowell said the only interview he ever regretted giving was to Major Udet, the German ace reported to have built up the Luftwaffe.

The interview occurred in the late '20s when Rowell was touring the country in command of the famous Hell Divers Squadron of the Marine Corps, which staged demonstrations of dive-bombing for American air shows at that time.

Major Udet, then visiting in this country, seemed most interested in the new technique, Powell said, and is reported to have developed the Stuka from ideas he got while watching the Hell Divers.

The Story of Coffee that's 5 Ways Better!

Chapter 1 PICK O' CROP COFFEE
Not once upon a time, but all the time, A&P buyers in leading coffee producing countries are selecting pick of crop coffees for you. Such fine coffee assures you of superb quality.

Chapter 2 ROASTED THE "FLAVOR SAVER" WAY
Adventure turns these pampered greenhorns into seasoned coffee beans (ram-packed with flavor). A&P's "Flavor-Saver" process roasts the beans not too much or too little but exactly right.

Chapter 3 FLAVOR LOCKED IN THE BEAN
It's no fairy tale that Nature locks flavor in the bean. That's why not a single pound of A&P Coffee is ground in advance. When you buy, it's still in the flavor-packed bean!

Chapter 4 PERFECT GRINDING
You'll live happily ever after with your coffeepot when coffee is ground to "fit" it. A&P Coffee is ground exactly right for each individual coffee maker... and that means fuller flavor every time.

Chapter 5 RICHER FLAVOR ALWAYS
The happy ending to this story is finer flavor—richer flavor in every cup. Change now to A&P Coffee, America's best-liked coffee. Remember, there's a blend to suit your taste!

FOR PERFECT VACUUM POT COFFEE
Have fresh bean coffee ground A&P VACUUM POT ground. For each cup of water measured into lower section, measure two level tablespoons of coffee into upper section. Put top section in place, heat until most of water rises to top section. Turn off heat—stir once, let coffee filter to bottom—serve immediately.

To every thing there is a season, and a time to every purpose under the heaven!

A time to plant, and a time to pluck up that which is planted;
A time to keep, and a time to cast away;
A time for war, and a time for peace.

— ECCLESIASTES, CHAPTER III —

Today, for the sake of your Country and for you own individual sake, is a time to plant... a time to spend less and to save more... a time to make sure that you, too, will share in the good things which money can bring when it is the right time to spend.

If you will plan to spend sensibly and to save steadily you can have worth-while dollars for the worth-while comforts of life after the crisis of this war is over and we get back to normal.

Expect to spend the money you are making. But plan to spend it at the right time when it will do the most for you. That time is not today. This is "a time to keep"—a time to save your money and put it in War Bonds.

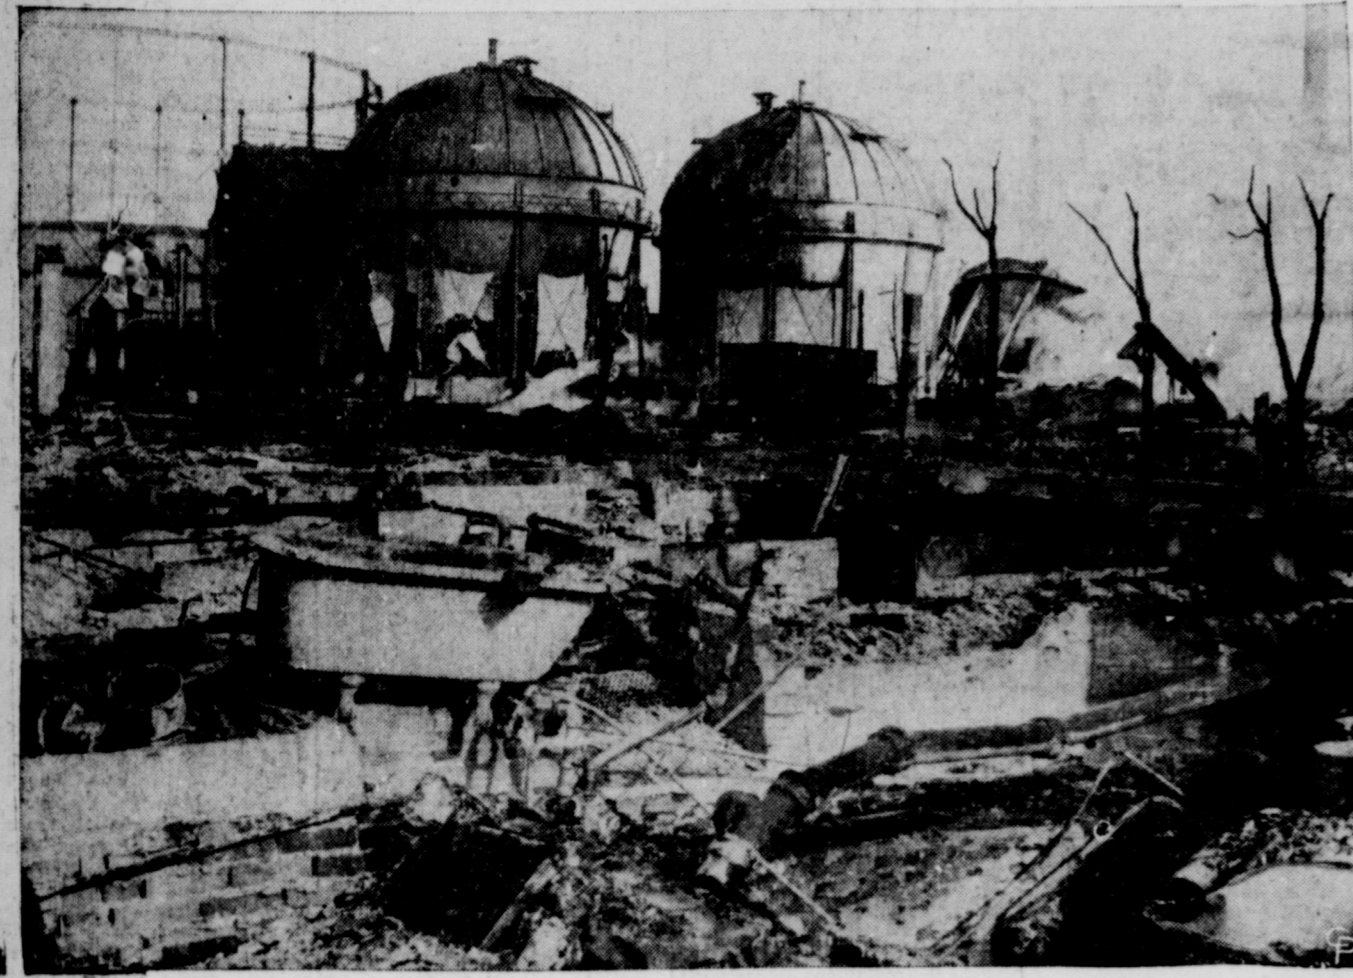

PLAN YOUR SPENDING—FOR YOUR COUNTRY YOUR FAMILY—YOURSELF—PLAN YOUR SAVING

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

A Half-Mile Of Ruins Remains After Cleveland Fire

This excellent view shows all that is left of what once was a thriving industrial and residential center of Cleveland, after a gas works fire spread rapidly over an area half-mile square. Note the bathtub in

foreground, all that remains of a home. There were 61 known dead after the fire, but many more were missing and it was feared the death toll might reach as high as 150. (International)

freight by parachute, if experiments now being conducted by the Manhattan Storage & Warehouse Co., of New York prove successful.
 In an attempt to extend the usefulness of the cargo liner speeding overhead at three miles a minute, the company is designing special parachutes to handle packages from one to 30 pounds in weight, and is testing packing materials for the best protection for goods delivered by parachute.
 In case of crash landings cargo may be baled out by a simple mechanism controlled by the pilot.
 Cost of parachutes may be offset by lower insurance rate for the shipments.

WHAT TO DO WHEN A FUSE "BLOWS"

1. Know where the main and branch circuit fuse boxes are located in your home or store.
2. Disconnect the appliance, lamp or other electrical equipment that caused the fuse to blow.
3. Before removing or inserting a fuse, first open the main switch to cut off the electricity.
4. Look for the blown fuse. Usually the mica window is blackened where the thin metal strip has burned in two.
5. Replace the burned fuse with a new one of proper size (15 Amp. for branch circuits; 30 Amp. for the main circuit). Then close the switch.
6. Don't try substitutes for fuses. They afford you no protection and are dangerous.

Have a "Coke" = Join in the fun

... or adding life and sparkle to Halloween

What's a young folks' party without refreshment? "Coke" is naturally a member in excellent standing with any group of youngsters. And there's no better place to enjoy Coca-Cola than at home, served ice-cold right from the family refrigerator. Have a "Coke" is the invitation that starts a party off right and keeps it going. Coca-Cola adds its own life and sparkle to the natural gaiety of youth. When young people get together, Coca-Cola stands for the pause that refreshes, —symbolizes the sunny side of life.

"HERE'S BAD MEDICINE FOR A MESSERSCHMITT"

- Back from a mission, fighters compare battle notes . . . many shucking their heavy flying clothes to relax in their underwear. Because underwear has become practically a fatigue uniform, Army specifications insist that it be comfortable and durable.
- You get real comfort when you're properly fitted in underwear bearing the familiar Hanes name. During the past 43 years, Hanes has made a specialty of knitting fine underwear at moderate prices. From long experience, each garment is tailored to accurate sizes and gives the comfort and value that men appreciate.
- When you ask for Hanes, you join the millions of men who've found these garments give full satisfaction. If sometimes your dealer's stock is low, he should have more soon. Our production is helping to clothe the men in our Armed Forces and those at home. . . P. H. Hanes Knitting Co., Winston-Salem, N. C.

Stuebenville Cops Find Things Flat

STUEBENVILLE, O. (UP)—Life for Stuebenville's cruiser policemen is just one darned flat tire after another.

Going about their cruising duties, Policeman Sam Barker and Fred Traff had a flat tire. About to replace it with the only spare they were carrying Barker discovered that it was flat.

A trip to a gas station solved the problem temporarily. The cruiser, riding over No. 15 a short time later, discovered that another tire was flat.

Absent-Minded Minister Makes Good On 20 Cents

ITHACA, N. Y. (UP)—The Rev. William Hastings, a former Ithaca minister, dropped in the Ithaca post office some time ago to mail some packages and, while conversing with the clerk, forgot to give him the money for stamps.

Recently, Postmaster, E. S. Slaughter received a letter from Puerto Rico including 20 cents worth of U. S. stamps. The sender of the letter, Mr. Hastings, explained he thought the amount he owed the government was 17 cents, but he was sending 20 to make sure the sum was adequate.

It's impossible to determine the origin of all names because same have been too badly warped by use.

Until the 12th and 13 century people used only their first names. Prof. Espenshade claims, but as the population increased, the supply of first names ran low and our ancestors were forced to choose surnames.

The majority of last names were derived from places, with the next largest group springing from occupations, Espenshade says. Even founding homes solved the problem of providing last names, for children were often given the name of the home that housed them.

A word of caution from the professor—some people, he believes, would be a lot better off if they didn't bother tracing the origin and literal meaning of their family names. Those people, he explains, are often disappointed if the literal meaning of their name turns out to be unflattering.

Dr. Shakespeare's question is still not completely answered, because even the expert professor
