

## ON THE HILL

Many students and teachers have been ill the past week with the flu, but the number absent each day is decreasing and we hope that this siege if illness is just about over.

Plans for the Annual Quarterback Club Minirel are now being made and practice will probably begin soon.

Miss Loretta Morris, the Home Economics teacher, and three Eastland girls attended an area meeting of the Texas Division of the F. H. A., which was held at Spur. The girls who attended from Eastland were: Jane Hart, Christina Arthur, and Beth Hurt. Two girls from Cisco, Doris Humphys and Jean Coates, also accompanied Miss Morris. They met Friday afternoon and came to Eastland Saturday night. Around 2:00 o'clock the meeting. The next meeting will be held the first Saturday in November, 1947 at Lamesa.

Don Anderson has been out of school several weeks because of some serious trouble with his legs. He will probably miss several more weeks, but we hope that he recovers soon.

J. C. Clark was hurt in a hunting accident last Monday afternoon. He lost one toe and the bullet tore much of the flesh away on the bottom of his foot. He was taken to the Gorman Hospital.

Quite a few 4-H boys from Eastland High and Junior High school are going to the Fat Stock Show in Fort Worth Monday. They are: Jimmie Spalding, Buddy and Edwin Arron, Douglas King, James Freeman, Bobby Womack, Ernest Sneed, Lowell Herring, "Cotton" Bennham, and Guy Warden, Tom Grissom.

Wayne Lambert's eyes were injured in chemistry lab last Wednesday when he got sulfuric acid in them. The doctor said that he would probably be all right in several days, however.

That's all the news from the Hill this week but I'll see you next week.

## Bishop To Visit Trinity Church Sunday Morning

The Right Rev. C. Avery Mason, S.T.D. bishop of the Dallas diocese of the Episcopal church, will administer the sacrament of confirmation, celebrate the Holy Communion and preach the sermon at Trinity Episcopal church in Eastland Sunday morning at 10:00 o'clock. Bishop Mason is one of the youngest bishops of the church and is already recognized as an outstanding scholar and church leader.

Services for the Trinity church which serves Ranger, Cisco, and Eastland are held each Sunday at 10:00 A.M. in the new Majestic theatre. A cordial invitation to the general public and to all members is extended to attend and participate in all services of the church.

## FRANK CROWELL TALKS TO LIONS CLUB MEMBERS ON LUMBER INDUSTRY

Lumber was the subject of a talk by Lion Frank Crowell before the Eastland Lion's club Tuesday at noon. His talk dealt largely with the various kinds of timber from which much of the building materials of the United States are manufactured, and the portions of the country which produces them. He also pointed out and described the differences in the various kinds of pine.

The coming annual clean-up campaign and the part the club is to have in that drive, was discussed and President W. C. Womack appointed a committee composed of Lions Wes Harris, Aubrey Van Hoy and Perry to work with the committees from the Civic League and Garden Club and other organizations in the clean-up campaign.

Lion P. L. Crossley will have the program for next week's meeting of the Lions while that of the following week will be in charge of Lion Neil Day.

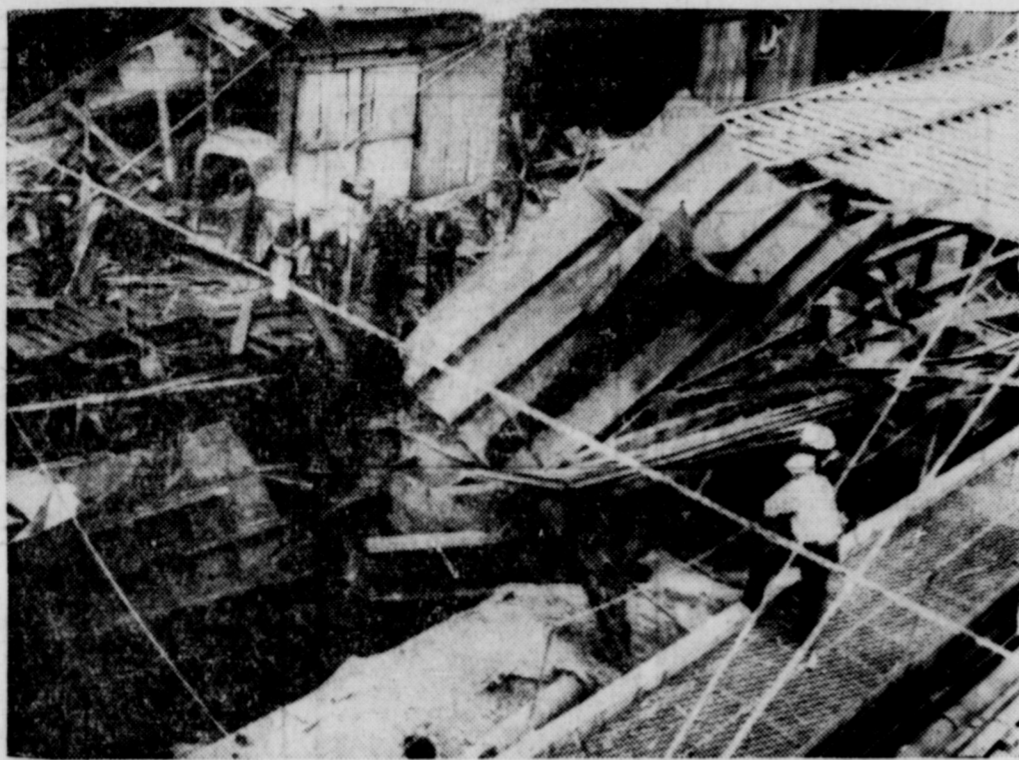

## CARBON JUNIOR HIGH TO PRESENT "PEOPLE ARE FUNNY," MAR. 13

"People Are Funny" is the title of a play to be presented by the Carbon Junior High School, Thursday, March 13, at the High School Auditorium according to announcement made this week.

According to past records plays given by pupils of the Carbon school have been unusually good and well presented and this one is expected to be as good or better than any presented in the past.

It is hoped and expected that the play will be well attended.

## Tanker Explodes

This gaping hole was blown in the side of the "Lyons Creek", a tanker as she was tied up in the turning basin at Houston, Texas. Accumulated gas in several of her midship tanks is said to have caused the blast which injured 19 persons. (NEA Telephoto).

## LAST RITES HELD FOR F. G. YONKER

Last rites for Frederick G. Yonker, Sr., were said Tuesday morning at 11:00 o'clock at the First Methodist church in Ranger. Rev. H. B. Johnson and Rev. Claud P. Jones officiated with interment in Evergreen cemetery. Morris Funeral Home was in charge of arrangements.

Mr. Yonker died at the West Texas Hospital Sunday night following a brief illness, and several months of failing health. He was born near Berne, Switzerland on July 12, 1877 and came to the United States when 13 years of age. He came to Ranger in 1919 and for a number of years was general superintendent of gasoline plants for Chestnut-Smith Corporation of Tulsa and of the Ed Hanlon interests. Following his retirement from service with those interests he engaged in oil field trucking and independent oil operations.

He was a member of the Presbyterian church in which he was a choir member in his church in Pennsylvania and for the past several years had sung with the choir of the First Methodist church in Ranger.

As a tribute to his faithful association with the development of Ranger, business houses closed during the hours of the services and Hamill's, Inc., with which Mrs. Yonker is associated remained closed for the entire day.

Survivors are his wife of Ranger; four daughters, Mrs. Sam Kirkpatrick of Ranger; Mrs. Jack Thomas of Miami, Fla.; Mrs. Carl Serrara of Amsterdam, N.Y., and Miss Jeanette Yonker of Arkansas. Three sons, Tom Yonker of Houston and Frederick G. Yonker, Jr., of Hebronville; three sisters, Mrs. George Ebert of Oil City, Pa., Mrs. Alice Buckles of Pittsburgh and Mrs. Sam Fee of Akron, Ohio.

Funeral services were held at the Modern Beauty Shop recently owned by Mr. and Mrs. Dennis Davis. The shop formerly was owned by Mrs. Josephine Reister. Mrs. Reister will continue with the shop as she has in the past.

Mrs. Ruby Crawley has bought the Modern Beauty Shop recently owned by Mr. and Mrs. Dennis Davis. The shop formerly was owned by Mrs. Josephine Reister. Mrs. Reister will continue with the shop as she has in the past.

Mrs. Crawley has been employed at the Ruby Lee Beauty shop for three years.

Mrs. Crawley will take over the Modern Beauty shop Monday. She announced the purchase this week, but continued with Ruby Lee's shop this week giving them a chance to find another operator.

Mr. and Mrs. Davis plan to go into business probably in West Texas. Their plans were not complete first of the week.

Glassware cooking utensils were designed only for oven use when first made. Within recent years glass utensils have been made for surface cooking.

## J. W. Blackwell Dies; Funeral On Thursday

Funeral services for J. W. Blackwell who died at his home in the Alameda community Wednesday morning at 3:45 a.m. were held Thursday afternoon at 2:00 o'clock at the Alameda tabernacle. Interment will be in the Alameda cemetery with the Higginbotham Funeral Home of Gorman in charge. O. G. Lanier conducted the service.

Mr. Blackwell was born in Shelby County, Illinois, July 1, 1860, and was a member of the Church of Christ. He had lived in the Alameda community for 58 years where he was engaged in the ranching and stock farming business. He was married to Miss Julia Jones on August 29, 1889.

Survivors include his wife, one daughter, Mrs. Sallie Bishop, one grandson, Jack Bishop, two nieces Mrs. Bell Harrison and Mrs. Agnes Taylor, and five nephews, Dr. George Blackwell, Albert Blackwell, Arthur Blackwell, Dr. Edward Blackwell and Dr. Alnur Blackwell.

Pallbearers will be Dave Love, John Love, Richard Tucker, Sanford Lemley, Charlie Goodman and Joe Hudson.

## Interest Grows In School Board Election, March 5

At least three persons have filed as candidates for school trustee at the annual election to be held Saturday, April 5. These are Hood King, Charlie Joe Owens and F. M. (Red) Graham.

Three are to be elected to take the places of K. B. Tanner, F. J. Crowell and E. H. Jones, whose terms expire. Jones, who has resigned from the district, has resigned and it is not known whether Tanner and Crowell will consider themselves or not. Crowell has filed as a candidate for City Commissioner.

Holdover members of the seven member board of school trustees are: Frank Sparks, R. N. Wilson, E. R. Halkias and I. C. Inzer.

## C. OF C. DIRECTORS MEETING WITH CITY COMMISSION WEDNES.

Wednesday, March 12, at 7:30 p.m. at the Chamber of Commerce office, there will be a joint meeting of the Board of Directors of the Chamber of Commerce and Eastland City Commission members for the purpose of discussing measures regarding inspection of meats within the City of Eastland. This will be a regular meeting of the Chamber of Commerce directors.

BUYS ELECTRIC MOTOR GRAND PRAIRIE. (Sp)—C. G. Uffelman, Eastland veteran of World War II, was among the purchasers at a sale of electric motors held at the Grand Prairie regional office of War Assets Administration recently. The sale to veterans exclusively, was held on a fixed price, "As-is, where is" basis. Uffelman bought one 1-4 horse power motor for \$5.27. It was located at the Amarillo Army Air Field.

## ANNUAL CLEAN UP CAMPAIGN BEGINS SOON

Eastland's annual clean-up campaign, sponsored by the local Civic League and Garden Club of which Mrs. Frank Castleberry is president, will be held the latter part of this month, the exact date is yet to be announced—in conjunction with the National Clean-Up campaign.

Mrs. W. W. Linkenhoger, chairman of the Clean-Up Drive committee for the Civic League and Garden Club, has her committee members: Mrs. K. B. Tanner, Mrs. G. E. R. d. Wingate, Mrs. Frank Sparks, Mrs. W. P. Leslie, Mrs. Victor Cornelius, Mrs. C. W. Hoffmann, Mrs. V. T. Seaberry, Mrs. E. E. Layton, Mrs. Joe Stephen, Mrs. Turner Collie and Mrs. D. J. Fiensy.

The Committee for the Civic League and Garden Club has been contacting other women's clubs, Men's service clubs, chamber of commerce, and other organizations and arranging with them for their co-operation in the clean-up drive. It is understood that next week the exact dates for the Clean-Up drive will be announced, the areas for which various organizations will be responsible, and the manner of collecting and disposing of trash, be designated.

## TRIO FROM RISING STAR ARE HELD ON SWINDLE CHARGE

Jack Martin and his wife, Mrs. Joy Smith Martin of Rising Star, were being held at Bakersfield, California, Saturday for Sheriff J. B. Williams of Eastland who held felony warrants issued for them by Justice of the Peace E. E. Wood of Eastland.

Carl Childers, also of Rising Star, was being held Saturday at Reno, Nevada, for Sheriff Williams who also had a warrant for him.

Martin, his wife and Childers are wanted, Sheriff Williams said, for allegedly swindling Roy Leo White of Rising Star out of \$10,000 in an automobile sale promotion scheme. Williams also thought it possible the trio were connected with other swindles totaling some \$3,000 to \$5,000.

Sheriff Williams stated that Childers had waived extradition and that he would leave for Reno and Bakersfield as soon as extradition papers were secured for Martin and his wife.

## LAST RITES FOR W. H. THOMPSON, 73, ARE HELD ON MARCH 2nd.

Last rites were conducted at Lipan Sunday, March 2, at the Church of Christ for W. H. Thompson, 73 father of J. O. Thompson of Eastland. Rev. Roberson, pastor of the Lipan church officiated.

Survivors are J. O. Thompson of Eastland and seven other sons, 23 grand children and 2 great grandchildren.

The deceased died at his home March 1st, of a heart attack. Interment was in Lipan cemetery.

## SOIL EROSION BE DISCUSSED AT MEET HERE

"Raindrops and Soil Erosion" is the name of an important film produced by the Soil Conservation Service, which will be shown at Cisco, Rising Star, May, Eastland and DeLeon. Raindrops have much more erosive action when they hit bare earth than soil is thrown two and three feet into the air. It is this "churning action" that is causing our serious soil erosion, rather than the runoff water from the fields and pastures. The show clearly demonstrates that it is the force of the falling raindrops that tears the soil particles loose and keeps them in suspension while the runoff water transports the muddy water downhill into the streams.

"Raindrops and Soil Erosion" is a documentary film of such importance that ever farmer and rancher should see it in order to understand the true nature of his soil erosion problem and to evaluate the erosion control measures used. Results of several demonstrations are shown in the film that indicates that a canopy of vegetation, trees, or trashy mulch, is essential to an effective erosion control program. A dense cover of grass for instance, breaks the force of the falling raindrops, and the water readily penetrates the soil, whereas, on unprotected soils, the raindrops hit with a high velocity causing the soil to puddle and seal itself so that a high runoff is obtained.

"Raindrops and Soil Erosion" will be presented by the Work Unit Staff of the Soil Conservation Service at Rising Star. Additional slides will be presented along with a discussion period after the show. Admission to the show will be free and all farmers and business men are urged to attend. You cannot afford to miss this opportunity. The film will be shown on the following schedule:

Cisco, March 12, 8:00 p.m. City Auditorium; Rising Star, March 13, 2:00 p.m. Theatre; May, March 13, 8:00 p.m., High School; Eastland, March 14, 2:00 p.m., County Court Room; DeLeon, March 14, 7:00 p.m.

## Former Eastland Man Opens Fort Worth Office

Grady Owen, former resident of Eastland county and former district attorney of this district, was a recent visitor in Eastland. He is forming a partnership for the practice of law, with Obel L. McAlister in Ft. Worth and will have offices at 1405 in the Electric Building.

Owen, a brother of Attorney W. D. R. Owen of Eastland, is a veteran of World War I, and left a position as Assistant District Attorney for Denton County, which he had held 2 years, to enter the armed services. He served overseas.

Since 1943 until recently he was with the Interstate Commerce Commission, Division of Motor Carriers. He served Eastland county as district attorney four years from 1933 to 1937, and has been practicing law since 1916.

Obel McAlister, who is to be a partner with Owen in the practice of law in Ft. Worth, has been practicing for better than 12 years and is a former member of the Texas Legislature from Tarrant County.

## FRANK SPARKS TALKS TO ROTARIANS ABOUT LOCAL SCHOOL AFFAIRS

Pat Miller was in charge of the program for the Monday meeting of the Eastland Rotary club and introduced Frank Sparks, a member of the Eastland school board, who made a talk dealing with the financial status of the Eastland Independent school district.

Lion President W. D. Maddrey appointed a committee to work with the committees of other organizations of the City in the annual Clean-Up campaign soon to be launched in Eastland. The campaign is being sponsored by the local Civic League and Garden Club.

The club also voted to contribute \$10.00 to Eastland fund for the American Red Cross, the annual campaign for which opened Monday.

## EASTLAND WEATHER FOR THE WEEK

March 1 through 6—minimum temperatures, 28, 20, 21, 38, 47, 28.  
March 1 through 6—maximum temperatures, 75, 43, 45, 67, 75, 65.

## Local Citizens Plan Dinner For Fred Wemple

Eastland citizens are planning a dinner for sometime in the immediate future, at which Fred Wemple of Midland member of the Texas Highway Commission, and possibly other members of that organization, will be invited to be honored guests.

The plans are in a formative stage, it is understood, but it is known that the Rotar club, Lions club, Chamber of Commerce, Quarterback club and possibly other organizations will be asked to cooperate in the affair.

Mr. Wemple, recently a member of the State Board of Education, was appointed to his present position by Governor Beauford Jester and his appointment was promptly confirmed by the State Senate.

Prominent in West Texas business circles, Mr. Wemple has been an outstanding Rotarian and civic leader. He is a past district governor of Rotary International for this district.

Mrs. Joseph M. Perkins of Eastland, at present a member of the Texas State Board of Education, was a member with Mr. Wemple.

## SHERIFF WILLIAMS NOW IN CALIFORNIA

Sheriff J. B. Williams left Eastland Sunday by plane from Abilene for Bakersfield, California, where he went to get Mack Martin and wife of Rising Star for whom he held a warrant charging them with a felony in connection with a \$10,000 swindling case at Rising Star. Martin and his wife are understood to have waived extradition.

Leaving Abilene with Sheriff Williams was a representative of a Dallas Detective Agency, who, it is understood, represented a bankers' association, some member of which had possibly handled some of the paper alleged to have been involved in the case, who was en route to Reno, Nevada, to get Carl Childers, also wanted in connection with the Rising Star case.

The Eastland Sheriff's office stated Thursday morning that no word had been received from Sheriff Williams since his departure for California, but that he was expected back in Eastland at any time.

## 91st District Court Grand Jury Recesses Thurs.

The 91st District grand jury, which reconvened on March 4, Thursday afternoon recessed until Tuesday, March 11.

Ten indictments, all felonies, had been returned at recessing time. The indictments were one for assault with intent to murder, one car theft, four burglaries, and four thefts of over \$50 in value. The grand jury was originally impealed on February 24.

## TUESDAY, MARCH 11, IS EASTLAND DAY AT FORT WORTH SHOW

Tuesday, March 11, is Eastland Day at the Southwestern Exposition and Fat Stock Show at Fort Worth, according to announcements made this week by H. J. Tanner, secretary-manager of the Eastland Chamber of Commerce.

Mr. Tanner stated that Eastland people desiring to attend the show and who desired to reserve seats in advance, might be able to have them reserved through the Eastland Chamber of Commerce provided they call him not later than Saturday. It will be necessary for the purchasers of tickets to send checks for the amount of the tickets desired. Mr. Tanner can not guarantee to reserve seats for you but will contact the Fat Stock Show officials and do the best he can.

## FIVE FILED FOR CITY COMMISSION

The number of candidates filing for places on the Eastland City Commission ticket to be voted on April 1, was increased to five this week with the filing of C. G. Uffelman and Aubrey Van Hoy.

Frank Crowell, William Leslie and Theo Lamb, had previously filed.

Uffelman is with the Texas State Highway Department and has been with them for 12 years. Van Hoy is local manager for Interstate Theatres, Inc., having been with them since 1937. Both Van Hoy and Uffelman are World War II veterans.

So far as the Chronicle is advised neither of the five candidates have announced a platform or issued any statement regarding their candidacies.

## QUARTERBACK CLUB OPENS DRIVE TODAY

More than 50—53 to be exact—members of the Eastland Quarterback Club were present for the meeting of the club Tuesday night at the high school gym, at which time important matters were discussed and other business transacted.

One of the acts of Tuesday night's meeting was to appropriate \$150.00 with which to help buy athletic equipment for East-Junior High School.

It was announced that the Quarterback Club would have a negro minstrel on Thursday and Friday nights, March 27 and 28. Further than to state that the minstrel would be held in the High School Auditorium, no statement was made as to the plans and purposes.

As announced by Neil Day of the Quarterback Club at Tuesday's Lions Club meeting, the Quarterback Club will cooperate with the Lions in the annual clean-up campaign, sponsored by the Eastland Civic League and Garden Club and that the two organizations would be responsible for that portion of the city south of Lamar.

A committee appointed by Quarterback Club president, Neil Day as a clean-up campaign committee, were Hood King, chairman; Fred Hoffman and Wade Massingale.

Plans for the club's membership drive, which opens today (Friday) were also discussed. The goal for this drive is to renew all old members—90 of them—and secure at least 100 new members.

## Attorneys Argue Thompson Legal Georgia Governor

ATLANTA — Attorneys for Lt. Gov. M. E. Thompson contended in the state supreme court today that the Georgia legislature usurped a judicial function when it decided that it was empowered to elect Herman Talmadge governor.

Talmadge's election by the legislature, the attorneys charged, was unconstitutional, and Thompson should be declared the legal governor.

The arguments were made as the high court opened hearings on appeals in three suits involving the battle for the governorship between Talmadge and Thompson.

## NLRB Suggests Some Changes In Labor Laws

WASHINGTON — The National Labor Relations Board cautiously suggested today that Congress prohibit some jurisdictional strikes and other union activities as unfair labor practices.

But at the same time, it asked the lawmakers to beware of most proposals for overhauling the Wagner Act, which is administered by the board.

The U. S. Chamber of Commerce disagreed, however, and asked the House labor committee for a general overhaul of the Wagner Act. Representing the chamber was Herman W. Steinkraus, president of the Bridgeport, Conn., Brass Co., who said frequent changes in NLRB views showed the need for revising the law.

## Woman Skater at 86 Shows Kids How

BUFFALO, N.Y. (UP)—Seeing children skating on a rink near her home was more than Mrs. Anna Caudell, of Buffalo, N.Y., an 86-year-old ice enthusiast, could resist.

Digging her skates out of retirement, Mrs. Caudell joined the youngsters and a made her youthful companions with her skating ability. She learned to skate at the age of 10.

Not only does the "younger woman" excel in the ice sport, but she also is an expert swimmer. At her summer home, Mrs. Caudell has often swum two miles at a stretch.

## RAID CRAP GAME

Deputy Sheriffs Jack White and Blake Forehand, while in Ranger Wednesday night working on a case on which they had previous reports, ran into a crap game, which they raided, with the result that four persons paid fines of \$15.70 each in Ranger Municipal court.

## HIGH SCHOOL BOYS MAKE UP FIGHT CARD

## Mack Martin And Childers Wanted In Brown County

BROWNWOOD, March 5 (Sp). Mack Martin of Rising Star was being held in Bakersfield, Cal., Wednesday on charges of swindling filed against him here Tuesday. Sheriff J. B. Williams of Eastland County is en route to California to return him to Texas.

Williams also will return Carl Childers, held in Reno, Nev., on charges of swindling. Both cases involve surplus property transactions. Alleged victim in the Martin charges was Vernon Barclay of Brownwood, who was burned to death near New Boston last week, and in the Childers case L. E. White of Rising Star.

An associate of Barclay's, Joe B. Sharrock of Cross Plains, was found shot to death near Cross Plains Monday night, and a verdict of suicide was returned Tuesday.

## Eastland Man Reports His Chickens Stolen

A Mr. Purdon, employed at the Patton Feed Mills in Eastland and residing on North Daugherty St., across the Texas & Pacific railroad, reported to the County Sheriff's office that his entire flock of chickens—about 60 in all—had been stolen.

"We were away from home for a time and upon our return found most all of our chickens gone. The locks on the hen house doors had been broken," Mr. Purdon said.

Officers from the Sheriff's department are working on the case.

## RANGER DRUG STORE ENTERED BY THIEVES

Burglars entered the Texas Drug Store at Ranger Tuesday night and among other things took \$180.00 in cash, according to members of the County Sheriff's office who are investigating the case.

According to the officers entrance to the building was gained by breaking a glass in a rear window.

Arthur Holmes of the University of Edinburgh has recalculated the age of the world and places it at 3,350,000,000 years.

# SAYS TWINS HAVE MORE FUN THAN ANYBODY

**Editor's Note:** The following story about twins was written, appropriately enough, by Mrs. Anne Lee Shelton, University of Texas News and Information Service Staff, who is the mother of six-year-old twin daughters.

AUSTIN, Tex.—Twins have more fun than anybody. Take it from seven sets of twins enrolled in the University of Texas.

Marilyn and Marion Barker of Mexico City and Irwin and Stanley Berman of Colorado City are the youngest—17. Jimmie and Johnnie Stanley of Tenaha are 18. Jane Robin and David Steele Baker of Austin are 19; Annette and Janette Cornibe of Austin are 19; Mary and Margaret Varley of Tyler are 20; Donald and Douglas Dacy of Austin are 20.

The girls say their most frequent question is "What happens when you both like the same boy?" and the boys say interest in them is milder—the usual question is, "Are you two twins or just brothers?"

All the twins are identical sets with the exception of the Baker and the Dacy twins. The identical twins say they are frequently mistaken in identity, but it doesn't bother them.

As to the girls liking the same boy—well, they say they have a "high code of ethics" and do not like the same boys, nor do they play tricks on their boy friends by substituting for each other on dates.

"But we don't think it is very flattering to have a boy call one of us for a date; then, if refused, immediately ask for the sister," say the girls.

Aware of the advantages of being twins, the girls, sing, dance,

or play musical instruments, while the boys are not so ambitious.

There is a universal curiosity about twins, they all agree. When they were babies their parents were asked, "Do they both cry at the same time?" Now that they are University students, the questions change to "Do they both make the same grades?"

The answer to both questions is that the twins are two individuals, and not subordinated personalities which are carbon copies of each other.

"Just because we are twins people expect us to act, think, and respond alike to everything," they say. "We are practically gold fish in the public eye!"

Marilyn and Marion Barker are petite, very blonde, with blue eyes. They are freshmen and Kappa Kappa Gamma sorority pledges. Born in California, their parents, Mr. and Mrs. J. B. Barker, moved to Mexico, then to San Antonio, and now they are back in Mexico. The girls are majoring in Spanish, but they have not decided what use they will make of it when they finish school. They dress alike because they want to—although they admit they sometimes have difficulty in deciding what to wear.

Jimmie and Johnnie Stanley are more feminine than their names indicate. Also blondes, with hazel eyes, the girls say that because of four older sisters in the family, they were given boys' names.

They are sophomores in the College of Business Administration.

Jimmie is engaged, but thinks she will wait to get married until Johnnie is ready to marry. The girls have fun "teaming up" for entertaining. They like to give readings. They are members of Alpha Chi Omega sorority and Sidney Lanier Literary society. Their parents, Mr. and Mrs. J. F. Stanley live in Tenaha.

Pretty brown-haired, green-eyed Jane Robin Baker had to talk for her twin brother David Steele, who is now in the Navy at Corpus Christi. Jane does her hair in a braid around her head, and her cute freckles substantiate the fact that her favorite sports are horseback riding and camping. Last summer she was a counselor at Camp Waloa, Wimberley.

Jane is a senior journalism major. Although engaged to be married, she prefers to work on a magazine awhile after graduation. From the time she and David

## President Truman Arrives In Mexico

id were ten years old until they were 16 they sold Saturday Evening Posts for their "pin" money, and earned a neat sum which has helped put them through the University.

David has dark brown hair and blue eyes, is rather shy of girls, and his hobby is photography. Jane is a member of WICA (Women's Independent Campus Association) and the Glee Club, and is working part time at the Texas Highway Department. The twins' parents are Mr. and Mrs. Ernest Baker.

Annette and Janette Cornibe are brown-haired, brown-eyed small twins with bangs and dimples. They are majoring in elementary education because they want to teach. From the time they were very small their mother wanted them to be independent personalities; so although they have similar tastes, they are by no means exactly like each other.

The girls were born in San Antonio and were graduated from high school there, but their parents, Mr. and Mrs. A. J. Cornibe, now live in Austin. The twins are members of Delta Zeta Sorority and they sing and dance.

Mary and Margaret Varley twinkle their eyes at each other before answering questions. Identical as dark brown hair blue gray eyes and dimples, the girls would rather talk about Patrick Henry than themselves. Patrick Henry is their cocker spaiel. Born in Philadelphia, the girls also lived in Milwaukee, were

graduated from high school there, and attended Marquette University there. Their parents, Mr. and Mrs. Joseph R. Varley, now live in Tyler, Texas. The twins are majoring in psychology, belong to the University Mental Hygiene Club, and are members of Delta Gamma Sorority.

They especially like to draw, to cook, and to swim. Irwin and Stanley Berman are at the University. They are freshmen studying pre-medicine at the University. They both want to go into surgery when they complete their studies. The boys have brown hair and brown eyes. Back in high school they could substitute for each other in classes, but because they have exactly the same classes, they can't do it at the University. Their hobbies are stamp collecting and swimming. They belong to Alpha Epsilon Pi Fraternity.

Donald and Douglas Dacy are ex-Marines now enrolled in the University for their freshmen work in business administration. They are not identical twins, and people rarely think they are twins, they confess. They stayed together throughout their military service, and had the same ratings. Their parents are Mr. and Mrs. Joe Dacy of Austin.

### Her Valentine

BOSTON (UP)—Mrs. George Franklin, who was born at Kenmore Hospital 24 years ago, gave birth to a son at the same institution on St. Valentine's Day.

### 1 In Million, Child Survives Dread Disease

GADSDEN, Ala. (UP)—Claudia Paulette Starkey, three-month-old daughter of Mr. and Mrs. Claude Starkey of Gadsden, is one child in a million.

Eleven-pound Claudia is one of the few persons to survive Erythroblastosis, and the only one of four Starkey children to live through the dread affliction.

The three Starkey Children, preceding Claudia died of the almost incurable blood malady on the 19th day after birth. In 1930 the young couple lost Julia Ann. The following year a son, Claude Jr., died. In 1935, Michael Anthony was born, only to die on his 19th day. Physicians were stumped.

But between the time of the death of the first Starkey child and the birth of Claudia, last Oct. 31, scientists had discovered the Rh factor. The blood of parents of children born with erythroblastosis, they found, had opposite Rh factors, one negative and the other positive.

If the mother's blood differed from the child's, their blood "fought" throughout pregnancy. But, they figured, if the blood of a child threatened with the disease could be classified soon enough and a transfusion of matching blood made, its chances for life could be greatly increased. Findings showed Mrs. Starkey

### Europe to Recover Chautemps Says

MIAMI, Okla. (UP)—Confidence that Europe would recover from its post-war bewilderment with the help and guidance of the United States was voiced here by Camille Chautemps, former premier of France.

The several-times leader of the French republic spoke at the inaugural program of the Knife and Fork club of Miami.

"After the nightmare of the German yoke, and the consequent turning alternately to the United States and then to Russia in quest of a savior nation, I believe Europe will recover and restore democratic regimes," he asserted.

The speaker gave an over-all picture of the situation as he viewed it in visits to Great Britain, his own France, Germany, and Russia.

"This is the decisive test of human freedom," he said. "The world again is counting upon the United States to take the lead, not by force but by an example of the successful way of life."

"Having saved the world from slavery, you must now save it from despair."

Chautemps pictured Britain as a country where "the common man is getting a new place in society and a nation which is sincerely laboring for peace, freedom and democracy." France as "a country of deceptive appearances, with provinces still showing the splendors of the past despite nationwide suffering, the extent of which the world doesn't realize."

"Imagine what a burden of reconstruction," he implored, "in a country left alone after World War I and crushed twice in World War II (once in defeat and again for victory)."

"My country is not pessimistic, however," he added. "And you must tell the friends of France to keep faith in her, confident that

to have a negative Rh factor, her husband a positive one.

Plans for the battle for Claudia's life were made months ahead.

Minutes after her arrival at a Birmingham hospital, she was found to have a positive Rh factor, matching her father's. Eight hours after birth, the blood was pumped from the child and fresh blood of the proper type injected in her veins.

The first weeks of Claudia's life were suspense-laden, but when she passed the fateful 10th day, science relaxed and declared another victory.

Today Claudia is a lively, beautiful, healthy child, destined, her mother says to "some day be called, 'Mrs. President'."

she will find equilibrium in a democratic government."

### New Pig Latin Breaking Out

SAN ANTONIO, Tex. (UP)—A new type of "Pig Latin" called op-Latin is sweeping the younger set at San Antonio.

In "Pig Latin," as anyone can plainly see, you simply put the first letter last and add an "a" That makes it igpa atinla.

In the new brand you place "op" before each cowel.

As the younger set now puts it "Thope voperopet nopewopet thoping."

Which means: "The very newest thing."

### Diphtheria Germ Killer Is Made More Effective

CLEVELAND (UP)—Pure diphtheria toxoid, an ounce of which will protect 400,000 persons against diphtheria without "side reaction," has been isolated at the institute of pathology at Western Reserve University.

This is the second bacterial toxoid isolated in recent months at the institute under the direction of Dr. Louis Pillemer, associate professor of immunology. The toxin of tetanus also was isolated recently and crystallized at the university, and that of botulism (food poisoning) by U. S. Army chemists at Camp Detrick, Md.

## Air Ambulance Starts Service In Chicago Area

CHICAGO (UP) — Chicago's first commercial air ambulance

now is in service at the municipal airport.

The plane is a converted navy air ambulance, used during the war for air evacuation of the sick and wounded. It was bought and converted for civilian use by a funeral director.

The plane is heated and equip-

ped with an oxygen tank and regulator, hot and cold water, emergency kits, and two cots. Its normal crew is composed of a pilot, nurse and doctor. The mercy ship is prepared at all times to fly any place in the United States to pick up sick or wounded passengers and carry them to any point.

Said a rugged old-timer named Mace, "The Pony Express set the pace! 'Twas nothing could beat it, 'Surpass or defeat it, 'Till Phillips 66 took its place!"

**VETS GIVEN SIX MONTHS TO REINSTATE INSURANCE**

A bill just signed by President Truman authorizes the Veterans Administration to allow World War II veterans six months more to reinstate the insurance they carried in service.

The liberalized act will make it possible for a former service man or woman to renew his or her policy by the payment of only two monthly premiums, A. D. Modisett, local contact representative for the VA, announced. Until Aug. 1, 1947, a veteran may sign a simple statement that his health is unchanged, and in ordinary circumstances no medical examination will be required.

All VA contact offices have stocked insurance forms to be used in applying for reinstatement. Full information about conversion to permanent type policies and change of beneficiaries also can be had through VA contact or W. H. Briggs, insurance officer for the VA Regional Office in Dallas.

Passage of the bill affects three out of four veterans in the average Texas community who did not continue payments on NSLI policies after their discharge.

Prior to the new act, Feb. 1, was the deadline for such reinstatements on a comparative health basis. Nearly 24,000 veterans in Texas, Louisiana and Mississippi, whose accounts are handled by the Insurance Service of Dallas Branch 10, reinstated their policies during January.

The trend of lapses has sharply reversed itself since lump sum death benefits and free choice of beneficiaries were allowed.

The VA contact representative said the new law allows a veteran to obtain any permanent NSLI plan without the necessity of previously holding term insurance. Under the old law, VA was required to issue NSLI originally on a term plan only. It had to be carried on that basis for one year before the policy could be converted to a permanent plan.

"The act provides in certain cases," the contact representative said, "for automatic conversion of term insurance to a permanent plan for policy holders who are totally disabled. Under the old law, if they failed to convert within the term period, their insurance protection ceased."

All NSLI policies provide for a waiver of premiums for veterans who become totally disabled for six or more consecutive months. Even though premiums are being waived, these veterans can convert their term policies to all types of permanent insurance except that for an endowment plan. The premiums will be waived during continuance of the total disability.

VA's Dallas insurance service is now mailing letters to all lapsed policy holders in the area it serves, acquainting them with their privilege of reinstating term policies. The results to be obtained from the use of these letters also are to be used by VA for statistical purposes in calculating any future dividends that might be declared on NSLI term policies.

## CHANGES IN SOCIAL SECURITY PLAN SOUGHT

Extension of coverage under old-age and survivors insurance to all gainfully employed workers is one of the recommendations of the Social Security Board in its eleventh and last annual report, Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, said today.

In July of 1946 the Board was aboished, its functions transferred to the Federal Security Agency and its organization designated as the Social Security Administration. The current report, required of the Board under the Social Security Act, is for the fiscal year 1945-46 and was submitted to Congress February 11.

Mr. Fisher pointed out that the recommendation for extension was based upon ten years of administrative experience, which had demonstrated the feasibility of extension of coverage to the groups now without the protection of the program. Persons not at present able to earn protection under the program include those employed in agriculture, domestic service, non-profit organizations and Government service, and those who are self-employed.

In addition to protecting the groups not now covered, the extension of the program would reduce the number of persons who lose their rights to benefits by shifting in and out of covered employment, he added.

Another recommendation of the Board in the Report calls for payment of benefits to insured workers during periods of permanent total disability, through expansion of the present Federal Government program of the old-age and survivors insurance. In making this recommendation for the inclusion of disability insurance, the Board said that the wage loss suffered by permanently disabled workers and their families probably runs from \$1,500,000,000 to \$2,000,000,000 a year.

A third major recommendation calls for changes in the method by which old-age and survivors insurance benefits are figured to increase the amount of the benefits, particularly for low-paid workers. The general level of benefits should be raised, the report states, largely because of increased living costs.

Other recommendations of the Board call for increasing from \$3,000 to \$3,600 a year the wages that may be credited to the account of any worker, thus expanding the basis for determination of benefits, and an increase in the

amount of earnings a beneficiary may receive in covered employment without having benefits suspended.

The Board also recommended reduction of the qualifying age for all women beneficiaries from 65 to 60 years.

Eggs will keep longer in storage if they are not washed before being put away.

The haircut is 15 cents and the shave 10, despite advancing living costs.

Ray, Lowell's wealthiest resident, says he has been "too busy" to raise prices during his career. He and a helper are on the job from 7 a.m. to 9 p.m. daily except Sunday.

**Terminal Leave Bonds.** The VFW has been using its influence with Congress seeking payment of these bonds and it now seems that some action is now under way to that end, for last Saturday Representative Rogers of Florida drafted a "discharge petition" to force a speedy House vote on cashing now the \$2,150,000,000 worth of bonds being issued to ex-GIs for terminal leave pay and predicted strong Republican support.

Bills by Rogers and others are pending in the House armed services committee which has taken no action so far. The petition, if signed by 218 House members, would discharge the committee from considering Rogers' bill and bring it directly to the floor for action.

"I may file the petition next week," Rogers said. "There will be no trouble obtaining the 218 signatures because all of us recognize the unfairness of the 1946 requirement for payment in bonds which the Senate wrote into the law over House opposition."

The terminal leave payments already have been taken account of in the budget—\$1,900,000,000 for the fiscal year ending June 30 and another \$250,000,000 for the next fiscal year. This immediate redemption would make no change in the budget

estimate on paper but it would affect the cash position of the Treasury.

**VA Hospitals Need Nurses.** This post has received a communication from Department Headquarters of the Texas VFW that registered nurses are urgently needed in our Veterans Hospitals. Our Veterans Hospitals have long waiting lists that could be accommodated if the nurses were available. The need for nurses at McCloskey is really acute.

Pay for staff nurses begins at \$2644.80 and most supervisory nurses at \$3397.20 per year. In addition they accumulate 30 days leave with pay and 15 days sick leave annually. Registered nurses who are interested in employment at McCloskey Veterans Administration Hospital, Temple, Texas, are requested to contact James R. Harrison, Personnel Officer, for further information. No delay concerning appointments will be experienced by qualified applicants, since there are many vacancies to be filled immediately.

The next get together meeting of the VFW will be on March 13th and all members are urged to be present and keep bringing in new members. The membership is past the 195 mark and we want to have over 200 by next meeting. We

From where I sit... by Joe Marsh

**A Definition of Our Town**

Somebody defined our town just the other day as "A place where the people talk about you behind your back, and come to wait on you when you're sick."

I've got to admit there's something to it. A lot of our folks are inclined to be pretty outspoken and quick to criticize... even about little things, like a woman's hat, or a man's preference for a glass of beer, or the color of Cy Hartman's new barn.

But when anyone's in trouble, those differences and points of

criticism are forgotten... and folks become neighborly and helpful, like they really are.

From where I sit, criticism never did much harm to anybody, so long as folks don't let it guide their actions... so long as they respect our individual preferences, whether they apply to hats or beer. That's the way it is in our town, anyway, and I hope that it's the same in yours.

*Joe Marsh*

The one emblem that commands respect and honor the world over is the revered Red Cross—symbol of humanity and the banner under which people of every race, religion and nationality may work together in creating international goodwill and universal peace.

The American Red Cross has faithfully and efficiently carried on its work since its inception in 1864. No organization ever faced a greater task than did the Red Cross during World War II. The chapter to which you subscribed assumed its full share of this burden and covered itself with glory in carrying out its assignments.

Now, in peacetime, that work goes on. The need for aid for servicemen, veterans and civilians alike never ceases. The need for funds to continue this great work never ends. Give gladly to your Red Cross.

**HOME FURNISHINGS**

BY WILLIS

A series of articles just completed has been devoted to the selection of home furnishings, and subsequent articles will be devoted to the application of mechanical principles to the rooms of the home.

The living room should be the largest and most attractive room in the home. Since this is the room in which you will spend most of your time, it should be the most comfortable and the most interesting. The character and personality of the entire family. There should be a comfortable reading chair for dad, and a favorite chair for each member of the family. Contrary to popular belief, there should be nothing in the living room too good to use or reserved for company.

In a number of homes the living room is used only to entertain guests, and the furnishings have been selected for their striking design or unusual upholstery fabric, rather than for comfort. If a unit of furniture is not comfortable, or does not do the job for which it was designed, then it is not functional and has no place in the home. All of you have been in homes where the living room furnishings (are so formal that they cause you to feel ill-at-ease, if not actually uncomfortable. In such cases you will find that the living room in this home is actually the kitchen or one of the bed-rooms. The only answer to this is why have a living room if you do not live in it? Consider purchasing the furnishings in a living room, it is necessary to decide on a color scheme. A living room is more pleasing to the guest and less monotonous to the owner if a complementary color scheme is used. Of this type, the split complement is the more pleasing, which means that at least three different colors are present. In connection with planning a color scheme, it is necessary to take into consideration

the floor, walls, and ceiling. A very pleasing combination is to have them all of the same hue, with the walls of lighter value than the floors and the ceiling much lighter than the walls.

Before arranging the furnishings in a living room, it is necessary to decide on a center of interest. Since most living rooms contain a fireplace or double windows, or both, the question is which is worthy of being selected as a center of interest. Usually in the winter, the fireplace will be outstanding, in the summer, the double windows. Either can be neutralized by judicious use of a divan, piano, or chairs.

Since this is winter, the fireplace will be the center of interest. The furnishings in the average living room will consist of a divan, a piano, two chairs, two end tables, one coffee table, and three pictures. To eliminate the windows place full length drapes over them and place the piano in front. There are four sides to any room and two of them have been disposed of. Of the two sides remaining, one will have a door, so that leaves only one place for the divan. The two chairs must be placed so as to balance the divan and direct attention to the fireplace. The coffee table will be placed in front of the divan and the end tables used wherever needed to balance. The three pictures will be placed on the wall in relation to the lower pieces of furniture in order to bring their height to the level of the fireplace and piano. In case the end of the room containing the divan and chairs still appears too low, the addition of a floor lamp, table lamp and table, or highboy, will correct this. Now, look at your room. Is the center of the room clear? Are all exits and entrances clean? Does the room appear heavy on one side as the other?

**Says Pepsin Good Agent For Cleaning**

To many of us, pepsin is "something that roes in chewing gum," but now it has come up as a good cleaning powder, according to Mrs. Helen Marquadt, county home demonstration agent. To scientists, pepsin is, one of the digestive enzymes of the body that has to do with the digestion of protein . . . and they've found that this digestive action can be put to good use in removing stains made by protein substances. Pepsin can be bought in powdered form in drug stores . . . and that it will soften many stains so they'll wash out easily in plain water, she said.

Pepsin is useful in taking out stains made by eggs, milk, ice cream, meat juice, gelatin, and glue. This would make it especially useful in removing stains on napkins, table cloths and other household articles when you should be sure that the fabric contains no soap or other alkali which will destroy the action of the enzyme. Then dampen the stain with lukewarm water and sprinkle the pepsin powder over it. Let it stand for half an hour while the pepsin acts, but keep the spot damp. Finally, sponge and rinse the stained fabric in water, according to Mrs. Marquadt.

Another way to do it is to mix the pepsin with water, —two teaspoons pepsin to one pint of lukewarm water, and sponge until the stain disappears . . . always rinse thoroughly afterwards," she concluded.

The Army Quartermaster Corps has developed a new mobile bakery which can be transported by plane, yet is capable of producing 17,000 pounds of bread per day.

Does the center of interest stand out? In case the answer to all these questions is NO; tear up this article and do the room over again, and better luck next time.

**Building Blows Up**

The total remains of a three-story building in Chicago's downtown district is a pile of rubble. The building was leveled by explosions attributed to an accumulation of gas. At least two persons are dead and over 30 injured as a result of the blast which shattered windows and damaged nearby buildings. Property damage is estimated at \$1,000,000. (NEA Telephoto).

**Chart Tells Gas Man Which Dogs Bite**

LOUISVILLE, Ky. (UP) — Louisville Gas and Electric Co. meter readers aren't taking any chances with the dog-bites-man routine.

They have taken great pains to keep up-to-date records on the type of dogs, and their viciousness if any, at the 45,000 homes which they visit.

The gas and electric consumption sheet not only carries a memo on the amount of each used, but also a detailed discussion of the dog owned by the customer.

Special markings indicate a nervous pooch, one who barks, or one that quietly takes a bite out

of the trousers.

Meter readers say the chart method has worked well, for in 1946 only 13 bites were reported.

**MARKETING with Marjorie**

Spring will soon be here . . . and one of the first signs is apt to be the falling off of appetites. Now, in Grandma's day that was the signal to dole out doses of sulphur and molasses (ugh!) But today it's merely an added incentive to make meals tempting-looking and grand-tasting. So I hope today's suggestions will help you do just that.

**STRETCHING EXERCISE FOR MEAT**

To make one lb. of ground beef serve 6 people, combine it with 1 medium onion (chopped), 1 can of vegetable soup and 2 cups of SUNNYFIELD RICE GEMS. Season, pack into baking dish and bake in a moderate oven, 375° F., 1 hour. You get extra nourishment as well as extra portions by using SUNNYFIELD RICE GEMS as a meat extender, because they contain precious vitamins and minerals. Serve them often for breakfast, too. They're thrifly priced at A&P.

**SOME CRUST!**

Like cheese with your apple pie? Then use it as a top crust. And for rich, tangy flavor, use MEL-O-BIT AMERICAN CHEESE from the A&P. Just bake your pie minus the top crust, and 10 minutes before you take it from the oven, lay slices of MEL-O-BIT (about 1/2" thick) over the apples. Umm, what a crust!

**HAMROCK SALAD**

Come St. Patrick's Day, stuff green peppers with softened cream cheese tinted green, chill 4 hours, cut in 1/4" slices and arrange in three like shamrock leaves, with strips of pepper for stems. Pretty as a colleen . . . and delicious with this dressing: Blend 1/2 tsp. mustard, 1/2 tsp. salt, dash of cayenne and 2 tbsps. sugar with 1 cup undiluted WHITE HOUSE MILK; add 1 tbsps. vinegar gradually, stirring till thickened. Smooth? Of course—thanks to creamy-rich WHITE HOUSE MILK from the A&P. Try it!

**CAKE THAT TAKES THE CAKE**

Do your cakes crack, hump or have tough crusts? Then chances are you use too much flour. Be careful to measure accurately. Sift and spoon flour lightly into cup without packing down. Level cap with knife. For lighter, finer-textured cakes, be sure to use SUNNYFIELD CAKE FLOUR from the A&P.

**Lee Grubb Is Injured In Car Accident Sunday**

Lee Grubbs of Odessa, son of Mrs. Fronia Grubbs of Eastland, was injured in a car accident Sunday night near Clifton. The car lights went out and the car hit a bridge rail, throwing the car to the opposite side of the road.

The door came open and Grubbs fell out of the car and rolled down a 30 or 35 foot embankment, breaking his left leg below the knee-cap, and his index finger on his right hand.

The hospital at Clifton notified Mrs. Carl Johnson, Grubbs' sister, Monday morning of his injuries. Mr. and Mrs. Johnson and Mrs. Grubbs left Monday to visit him.

Grubbs, employed by C. E. Ashford Construction Company in Odessa, was driving a 1940 Chevrolet coupe. The car did not turn over, and no glass was broken. The car was not badly damaged.
