

Blade Sawdust by SUE MOTEN

It is hard to pick up a newspaper these days without seeing something about the John Birch Society or some other new organization concerned with communism. Am not too familiar with all the Birchers believe but think it is another of those strange cults which will eventually die like many of the others. For a period of time the Peace Walkers occupied the pages of our newspapers and now they are virtually out of sight. Think these people who organize these various societies and walks must either be people who are unemployed and can't find work or else idle rich who have nothing better to do. Along this same line is a new pamphlet in circulation condemning Hollywood actors, directors, newsmen, and TV. The gist of this pamphlet is that almost everyone in any form of entertainment, newspaper work and TV are "Reds" as they put it. Seems to be about as absurd and ridiculous as the rest of these organizations. They denounce TV because they claim the actors are Reds and are bringing Red propaganda into our homes, every evening in some form or fashion. Wonder if the pamphlet isn't Red-inspired propaganda itself? It would seem that they could accomplish more this way in that they could make us doubt the American entertainment by proclaiming our entertainers to be frauds. Oh well, guess we will continue to watch Betsy Palmer in spite of it all.

Mable Ellison has been entertained for the past week with a grandson, Duane Grissom, and a great-nephew, Chuck Ellison.

Baptist Group Has Meeting Here Monday

"What Be Believe" was theme of Llanos Altos Baptist Association meeting conducted at First Baptist Church here Monday evening. The association is composed of churches from Bovina, Oklahoma Lane, Friona, Farwell, Dimmitt, Muleshoe, Earth, Littlefield, Sudan and Amherst. Attendance at the meeting totaled 175. First Baptist youth choir, under direction of Mrs. Betty Hawkins, presented two selections. Mrs. Walt Verner of Oklahoma Lane was elected to Community Missions office in district WMU at election held during the meeting.

Chuck being a city slicker from Lubbock has had a great time on the farm. It seems that the horse got out the other day. Mable was going to go get him with a rope. Chuck, with glee, announced "Oh boy, now we are going to see some real western stuff." One can tell he is familiar with TV westerns.

Once again the monsoon season hit Bovina and it was real cool. But I would wager that there are still those who are going to cool Colorado for a few days' vacation.

Janice Leake To Grand Assembly

Janice Leake, daughter of Mr. and Mrs. Clifford Leake, left Saturday to attend Grand Assembly for the Rainbow Girls at Dallas. She went with Canyon Assembly No. 214. Miss Leake will take the Grand Cross of Color degree. She is a past Worthy Advisor of the Bovina Assembly. The group will return Thursday.

Youths Present Program To WSCS

Misses Virginia Rea, Carole Hammonds, Patsy Richards, Verna Marie Estes and Dix Hartzog presented a program to WSCS Wednesday afternoon at a monthly luncheon meeting at Bovina Methodist Church. The girls gave short talks on activities of Methodist Youth Fellowship and youth in church work. Following the program, Mrs. Billie Sudderth presided over a short business session. Mrs. Hallie Gee was appointed Christian Social Relations secretary and officers were reminded of Officers Training Day in August at Lockney. Mrs. Sudderth extended a note of welcome to the new pastor and family, Rev. and Mrs. Harold Morris and her mother, Mrs. C. O. Edens. Hosting the luncheon were Mrs. Rouel Barron and Mrs. I. W. Quckel. Others present were Mrs. George Turner, Mrs. Jimmy Ware, Mrs. L. M. Grissom, Miss Lola Grissom, Mrs. Jimmy Clements, Mrs. Vernon Willard, Mrs. G. A. Bandy, Mrs. Wilbur Charles, Mrs. John Dixon, Mrs. Ralph Roming, Mrs. Warren Morton, Mrs. P. O. Dixon, Mrs. O. H. Jones, Mrs. H. L. Ivy and Mrs. E. M. Ware.

"You just can't come in here like this and ask for a raise," the boss said to his newest employee. "You must work yourself up." "But I did," the employee replied. "Look, I'm trembling all over." ... Santa Fe Magazine

PARMER COUNTY'S FINEST

SUPER MARKET BOVINA

CHECKING A MAP for marked locations of the bindweed are these three fellows, Raymond Schueler, left, Leland Gustin, and Franklin Bauer. The map had been prepared as an aid to the more than 20 farmers who turned out Friday afternoon for "Operation Bindweed" in the Rhea community.

APPLYING SODIUM CHLORATE to a patch of bindweed in the Rhea area Friday afternoon were these farmers, who are joining with others throughout the county in an effort to rid road right-of-way and farm land of the noxious weed. The herbicide was furnished by the Parmer County Commissioners Court.

Rhea Farmers Declare War On Bindweed

Twenty farmers from the Rhea community turned out Friday afternoon to participate in a community-wide effort to rid road right-of-way in that area of noxious bindweed. The farmers met at the Rhea Parish Hall, observed a demonstration by Parmer County Agent Joe Jones as to how to apply the sodium chlorate herbicide, and then went to work treating the infested areas. Bindweed patches on the road right-of-way had previously been marked off on a map and the farmers paired off into several teams and started spreading the herbicide which had been furnished by the county.

HD Agent's Notes

BY MISS ETTIE MUSIL

Planning a family trip? If so, put aside the road maps and travel folders long enough to place valuable household papers in order. This is an important practice because an accident may happen to any member of your family.

You know, even be careful of the friends you tell that you are leaving. Leave the house looking as natural as you possible can. Travelers may think you will be back that evening, so they may not want to plan a night visit when all the neighborhood is asleep. Porch lights that shine day and night is a sure sign that you are not at home.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, or family records of birth. Other papers that need added protection are citizenship papers, marriage license, military service, deeds, leases, promissory notes and other documents.

For traveling take no more clothing than is absolutely essential. Traveling with light luggage is lots easier these days with all new fabrics and finishes. New fabrics make clothing so much easier to care for when traveling.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Make a plan and build your wardrobe around a basic color scheme. Well chosen separates and such small accessories as scarfs, flowers and jewelry help vary your costume.

Other communities in the county, or individual farmers who would like to acquire the sodium chlorate from the county for use on infested areas of the road right-of-way, are asked to contact Judge Brewer or County Agent Jones.

Take the type of clothing you know you like to wear. As useful as separates are to most women, if you don't like them at home you won't like them away from home. The same thing applies to knitted suits and dresses. They're ideal for packing but remember you want clothes ideal for wearing, too. Be practical but not drab. When in doubt, don't take that extra dress.

Six Accidents During May

The highway patrol investigated six accidents on rural highways in Parmer County during the month of May, according to Sgt. Roger Sosebee, highway patrol supervisor of this area.

These wrecks accounted for two persons injured, and a property damage of \$2,625.

This brings the total for the first five months of 1961 in this county to rural traffic crashes resulting in one person being killed, ten injured, and a combined property damage amounting to \$15,953.

After noting the accident picture for this county for the first five months of this year, the sergeant pointed out another significant fact. As summer approaches with longer days and additional good driving weather, the driver should be especially aware of the danger period at dusk.

Many accidents happen during this period. One cause of this is the driver fails to turn his lights on soon enough. Although the law sets out when lights must be turned on, the driver should also use his own good judgement.

Any time a driver cannot see an unlighted object approximately one-half mile away, he should turn his lights on. He may be able to see the other driver, but can the other driver see you?

Return From 4-H Roundup

Judy and Bruce Billingsley and Gary Foster represented Parmer County and District 1 in the Texas 4-H Roundup held June 6 and 7 at College Station on the Texas A&M College Campus. Neither team from Parmer County placed in the top three ratings. No other ratings below third place were announced.

The highlight of a year's work for 4-H Club members under the leadership and guidance of volunteer adult leaders and county extension agents.

Attending the 4-H Roundup this year was a record 2500 4-H boys and girls, adult leaders, extension agents, and guests. District method demonstration winners were competing with other district winners throughout the state. State winners were determined in 25 subject contests.

Expenses to the 4-H Roundup were paid by the Parmer County Farm Bureau. Attending from Parmer County besides the contestants were Mr. and Mrs. Leon Billingsley, Nelson Foster, and Miss Ettie Musil, County Home Demonstration Agent.

Judy and Bruce presented a 10 minute method demonstration, "All the Way the Egg Protein Way" in Poultry Marketing awards program. They showed the grades of eggs and how the egg could be used in food preparation. Judy and Bruce were among 23 teams entered in this contest.

SHORT SNORTS

Car-jammed Texas cities are getting sympathy and an offer of help from the Texas Highway Department. Commission announced that cities may use the space under elevated expressways for parking lots -- to be operated by the cities or under contract by private parties.

Gary Foster took part in the Tractor Operators awards program. Gary had to take a written examination about tractor care. The second part of the contest was a practical examination consisting of inspecting a tractor and in 5 minutes listing all faulty maintenance and safety items found. The last part required the contestants to drive and back a tractor with two-wheel and four-wheel trailers. Gary competed with 23 boys.

Noting that the number of 1961 polio cases in Texas is up 9 per cent above the same period last year, State Health Department is launching a new campaign for inoculations -- especially for "babes and breadwinners."

"Moonshining" is not just a part of the colorful past. Texas Liquor Control Board reported that it seized eight illegal stills and confiscated 2,970 gallons of mash and 34 gallons of liquor in April.

They stand when other sorghums fall

GOLDEN ACRES TE55
Best bet on dry land
"Seems like the drier it got, the better my TE 55 liked it." That's what one grower said about this popular Golden Acres Hybrid.
Try it on dry land or irrigate if you like. It's got a strong, short stalk for real standability and easy combining. Big producer!

BOTH PREFERTILIZED

GOLDEN ACRES TE66
Amazing record
Summer storms in South Texas? High winds in the Panhandle? TE 66 stood up to both and remained standing when fields of other brands went down.
Yields record amounts of grain too. Seed very big and very palatable to livestock. Ask your neighbor. He knows the TE 66 record.

GOLDEN ACRES
is the successful brand of hybrid grain sorghum

COMPARE THE
HARROWEEDER
WITH THE UNITS IT OBSOLETE AND REPLACES!
DRAG HARROW

The Harroweeder:
• leaves firmer seed bed
• does better job of leveling
• sheds trash better
• makes soil hold moisture better
• is easier to transport
• can be used for cultivation

ROTARY HOE

The Harroweeder:
• does better job of weeding in row
• covers more acreage faster
• can enter fields earlier after rain
• can be used on taller crops without damage
• is easier to transport
• is not subject to damage in rocky fields
• can be used for seed bed preparation

CULTIVATOR

The Harroweeder:
• doesn't disturb root system of corn
• does a better job of cultivating in the row
• saves time in first cultivations
• no shields required
• causes less operator strain
• requires no skilled operator for first cultivations
• does not require tractor with good hydraulic system
• does not hill dirt up around plants, rows are more level
• can be used for seed bed preparation
