District 3-B Tourney Starts Thursday

The District 3-B tournament, which counts one-half of season's play, will begin Thursday night at 6:30 p. m. in Farwell.

Coach Bob Wills' Mustangs, sporting a 8-0 district record and a 23-1 season record, and Coach R. E. Everett's Fillies, second only to Lazbuddie in district play, will both participate in the opening night's games.

The Fillies leadoff against Adrian at 7:00 p. m. and the Mustangs follow against Lazbuddie at 8:30. These are the only two games of the opening

Providing the girls win their game with Adrian Thursday night, they will play Lazbuddie

Even though the Mustangs

have a perfect district record,

Wills says, "It (the tourna-

ment) will be a rough row to

hoe." "We'll be lucky to win

Everett commented that he

thought Lazbuddie "is definitely

the team to beat." But he has-

tened to add, "We're going to

play the games one at a time

and we have to get by Adrian

before we can even think about

Lazbuddie."

at 10:30 Friday morning. If they are victorious in this semifinal game, they will play the winner of the Vega-Farwell game in the tournament finals Friday night.

The Mustangs will be heavy favorites to win their first tournament game with Lazbuddie and go into the semi-finals against the Farwell Steers, who drew a first round bye, at 2:30 Friday afternoon. This is expected to be the "big" game of the tournament since it's no secret that these are the two outstanding teams in the dis-

The winner of this game will meet the winner of the Vega-Adrian game in the finals Fri-

day night at 9:00

Since the Mustangs have a clear title to the district's round robin play, they can, by winning the tournament, be District 3-B champions. However, if they don't win the tournament, they will meet the tournament winner in a sudden death playoff. The site nor time of this playoff games has been decided. Wills says, however,

Saturday, February 18, at a place to be agreed upon by the opposing coaches.

If the Fillies win the tournament, they will play Lazbuddie, regular season winner, in the playoff game.

The Mustangs have defeated the Steers twice in district play, once on their home court and once in Farwell. However, the Steers have beaten the locals one time and that was in the finals of their own invitational tournament. The Mustangs also defeated the Steers in the Friona Invitational Tournament.

IN 30 TO 40 DAYS-

Probable starters for the Ponies in the tournament games will be Darrel Read, Neil Smith, Larry Ezell, Erith Hawkins and Billy Richards or Billy Johnson.

Everett's probable starters will be Janice Richards, Dee Pounds, and Pauline Lloyd at forwards and Pat Lloyd, Janie Alverson and Julia Kelso or Joyce Lorenz at guards.

In the boys bracket, Vega, Adrian, and Farwell drew first round byes. In other words, the Bovina-Lazbuddie game will be the only first round game. The

BOVINA TO HAVE

Bovina-Adrian game will be the only first rounder in the girls division. Vega, Farwell, and Lazbuddie drew the byes in this bracket.

The Mustangs won both the district play and the tournament during the 1954-55 season and went on through bi-district and the regional tournament to the state tournament where they finished third.

The local girls won last year's tournament but were defeated by Lazbuddie in the playoff.

The tournaye will end scheduled games for local teams.

Will Help the Community

If it is given the proper backing by the community of Bovina, the livestock show that is being planned by the local FFA chapter will prove to be an asset to the community as well as to the boys and the chapter.

Pride in livestock in Parmer County, we understand, has taken a big drop since irrigation has become such a prominent part of the agriculture picture. However, with acreage allotments and decreased farm prices, farmers are thinking more and more about livestock as a source

Athletics, which play a big part in a boy's life, teach him a way of life. But competition in the show ring not only teaches the boy a way of life, but how to make a better living as well.

And the adults as well as the boys learn about livestock at a show.

The show that is planned for this year won't be a world beater, but it isn't expected to be. It will create interest and a spirit of competition among the boys and will probably get the town of Bovina interested, when Baptist Young the town sees how much good a livestock show can do.

If this interest catches hold among the boys and the adults like it has a chance of doing, the show can, in the and Girls Auxiliary of the Baptist years to come, grow into something of which we'll all be Church met Wednesday night for

Mrs. Millard Engram and children of Sudan were Sunday dinner guests in the home of Mr. and Mrs. Clifford Leake. Mrs. Leake and Mrs. Engram visited Sunday afternoon with Mrs. Sallie Potts.

Mr. and Mrs. I. W. Quickel were Sunday guests in the home of Mr. and Mrs. Lloyd C. Battey.

You'll have no maintenance headaches when you've got a Dempster Deep Well Jetmaster water system! Why? The Jetmaster's simple long-lifed balanced construction and installation features are the finest in the vertical pump field. Install it in a pit over the well or inside the house where there is no danger from frost or freezing. Jetmaster means years of satisfactory service without expensive upkeep.

See this quality pump today at our showrooms. You'll be amazed at how economically a Dempster pump can bring you the comforts and conveniences of running water.

Working octane

famous burner demonstration-proof of with so-called "miracle additives." That's what a difference Gulf super-refining why new, clean-burning Gulf NO-NOX makes. Notice that Gulf refines out the can promise you not just highest octane, "dirty-burning tail-end" of gasoline . . . but full working octane.

Available in 3 grades-SAE 10W, SAE 20/20W, SAE 30-for each season.

Remember this picture? This is Gulf's instead of fighting it, inside your engine,

because it's super-refined to burn clean

No gasoline, no matter how high the octane, can keep on giving you full power from your engine unless it burns clean.

That's why New Gulf NO-NOX is your best gasoline buy. In making new NO-NOX, Gulf refines out the "dirty-burning tail-end" of gasoline, the No. 1 troublemaker in today's highcompression engines.

As a result, you get a clean-burning gasoline that gives you:

- More complete engine protection than you get with so-called "miracle-additive" gaso-
- Extra gasoline mileage in the kind of shorttrip, stop-and-go driving motorists do most · Freedom from vapor lock, stalling and
- stumbling in hot-weather driving

 No knock, no surface pre-ignition even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf No-Nox Gasoline and

New Gulfpride H.D. Select Motor Oil

- The only motor oil in the world that's super-refined by the Alchlor Process for modern high-compression engines.
- Controls carbon—cause of knock, pre-ignition, valve failure.
- Combats corrosive acids, rust and deposits on engine parts. Assures lower oil consumption than "all-season" oils.
- Provides the toughest protective film ever developed.
