TRIAL ENTERS 3RD DAY IN NANCE DAMAGE SUIT V.S. ISENHOWER

Trial was entering the third day today in 91st District Court of a suit filed by Patsy Nance and others against Wesley Isenhower, both of Cisco, asking a judgment of \$100,000 in damages.

A jury was selected Monday and entering of testimony started Tuesday, with G. R. Nance, father of Patsy Nance, and one of the plaintiffs in the case, appearing on the stand in the morning session.

The suit resulted from an automobile accident in Cisco in November, 1947, in which Miss Nance was an occupant of a vehicle being operated by Mary Poe of Cisco, which was involved in a collision with a vehicle operated by Isenhower. A previous trial of the case in October, 1948, resulting in a "Hung jury."

Miss Nance took the stand early Tuesday afternoon and testified from a wheel chair, where she has been confined since the accident. Reading of a disposition of testimony by Isenhower in the previous trial by counsel for the plaintiffs—in an effort to expedite the current trial—was halted by Judge George L. Davenport, after defense attorney entered repeated objections. In halting the reading of the disposition, Judge Davenport stated he wanted more time, in which to consider the testimony.

In the testimony that was read into the current trial, Isenhower told of being arrested and fined in Eastland, a traffic violation in Cisco, and being involved in an accident with a Model A car near Cisco, prior to the accident with the Poe vehicle. He stated that at the time of the latter accident he was en route to summon a physician for a friend of the Isenhower family. A clean cut student in Texas A. & M. College, Isenhower sat at a table with his father and attorney. Miss Nance, an attractive young lady, was outside the courtroom, following her testimony.

Two physicians—Dr. E. L. Graham of Cisco and Dr. P. M. Texas Man Wins Journalism Award

NEW YORK, April 27 (UP)—James L. Rogers, 23, of (909 West Hopkins St.) San Marcos, Texas, a veteran and graduate student in the Department of Journalism at the University of Texas, today was named winner of the eighth annual journalism contest of the American Newspaper Publishers Association.

Rogers will receive \$500 and a gold medal for his winning essay on the contest subject, "How readership studies affect news, features and advertising in newspapers." A replica of the medal will be presented to Professor Paul J. Thompson, director of the University's Department of Journalism.

Clifford F. Johnson, 23, of Kenosha, Wis., also a war veteran and a graduate student in Journalism at the University of Oregon, was named second prize winner.

William P. Stempfen, 24, of Detroit, Mich., also a veteran and an undergraduate journalism student at the University of Texas, was named winner of the third prize.

The winners were selected from among 160 essay entries in which is conducted by the ANPA in cooperation with the American Council on Education for Journalism.

No Entries In Softball League

No teams had been entered as of today in the City Softball League, it was announced by Fire Chief A. W. Hennessee.

Kuykendall of Ranger—testified Miss Nance suffered permanent paralysis from the chest down, as a result of the accident. Chief of Police M. L. Perdue of Cisco, who officially investigated the accident, testified at length. Chief Perdue stated the accident occurred Friday, Nov. 28, 1947, at the intersection of Third Street and Avenue J. at 1:05 P. M. He outlined detailed description of the two cars and damage sustained and added that no arrest or tickets were issued to either of the parties involved in the accident. On cross-examination by the defense, Chief Perdue stated he was speaking from memory as he had "misplaced" an official written report of the accident, which was used in the previous trial.

Representing the plaintiff are Turner & Seaberry of Eastland and Willard White of Cisco. McMahon, Springer & Smart of Abilene and Conner & Conner of Eastland, are counsel for the defense.

COMMUNISTS PUSHING TOWARD SHANGHAI AFTER 2-DAY REST

By United Press
Chinese Communist armies, refreshed by a two-day pause, struck out toward Shanghai again today. They captured the key outpost of Soochow, 50 miles to the west, and sent spearheads stabbing within 25 miles of China's biggest city.

The Reds were in a position for a frontal attack on restive and fearful Shanghai or for a drive southwest to the sea to isolate it. Whichever course they choose, informed opinion within the city believed Shanghai would be in Communist hands within one to three weeks.

The Communist threat to envelop all China brought a rallying cry from Generalissimo Chiang Kai-Shek, who retired as president of the Nationalist government to give it a chance to try to negotiate a peace with the Communists.

"As long as I live I shall take part in our nationwide struggle against enslavement," he said in a statement issued from his birthplace at Chikow, south of Shanghai. He accused the Communists of trying to convert all China into a military base and source of manpower for world domination.

Mrs. John G. Goughly
Vice-President of District 8, who will preside at all sessions.

Mrs. R-L. Campbell
President of Texas Home Demonstration Association, guest speaker.

Mrs. John Love
Past district vice-president, and chairman of arrangements.

Bullitt Warns Of Confidence In Atomic Bomb

AUSTIN, Tex., April 25 (UP)—William C. Bullitt, former ambassador to Russia, warned today that by allowing a Communist victory over Nationalist China, "we are making certain the coming of a third world war."

The former ambassador spoke to the legislature after spending the night here as the guest of Gov. Beauford Jester.

He compared America's trust in the atomic bomb to France's pre-World War II confidence in the Maginot Line.

Stalin, he said, "will not stop. Therefore, we shall have to stop him or submit to his rule."

The Soviet government, he said is directing its forces "toward the ultimate objective of conquering not only Europe, Asia, Africa and Latin America but also the United States."

Services are being held twice daily at 10 A. M. and 8 P. M. L. C. Gayle, educational director of the First Baptist Church at Freeport, is leading the singing.

Mrs. M. P. Farnsworth
Chairman of Eastland County Home Demonstration Council.

ACHESON TELLS CONGRESS NORTH ATLANTIC PACT, ARMS-FOR-EUROPE PROGRAM ESSENTIAL

WASHINGTON, April 27 (UP)—Secretary of State Dean Acheson told Congress today that Soviet Russia's aggressive action makes the North Atlantic Pact and the Arms-For-Europe program essential to maintain world peace.

"The sense of insecurity prevalent in Western Europe," he told the Senate foreign relations committee, "has come through the conduct of the Soviet Union."

As the committee opened public hearings on the North Atlantic Pact, Acheson said bluntly that Russia's conduct in Eastern Europe had "cynically violated" the United Nations charter.

His appeal for Senate ratification of the North Atlantic Treaty was made even as the United States and Russia planned a secret meeting today which might lead to an end of the Berlin blockade and easing of the tension in Western Europe.

But Acheson's words made it unmistakably clear the administration wants the North Atlantic Pact and the Arms-For-Europe program despite any Soviet conciliatory moves.

Acheson said the rights to self-determination by the peoples of Eastern Europe have been "extinguished by force or threats of force" by Russia.

"These same methods," he said, "have been attempted in other areas—penetration by propaganda and the Communist party, attempts to block cooperative international efforts in the economic field, wars of nerves, and in some cases thinly veiled use of force itself."

Acheson reiterated the argument that the treaty is in conformity with the United Nations charter. He said the UN "is not an end in itself. It is a means to an end."

The North Atlantic Pact, signed here April 4, is an all-for-one one-for-all treaty. The 12 Atlantic nations which signed it hailed it as an anti-aggression pact.

It serves notice that an armed attack against one nation will be regarded as an attack against all. It must be ratified by a two-thirds vote of the U. S. Senate. Six of the other original negotiating nations also must ratify it before it becomes operative.

American ratification appears highly probable, but some senators have reservations about voting for an arms program to put teeth into the pact.

Chairman Tom Connally, D. Tex., of the foreign relations committee said, the Senate will go ahead with its consideration of the treaty "regardless of what the Russians do, or don't do."

Record Made In News Broadcast

NEW YORK, April 27 (UP)—For the first time in history, a news dispatch was sent directly and simultaneously last night from London to newspapers and radio stations on three continents.

The dispatch was a United Press story sent at virtually the speed of light, which is 186,000 miles a second. It went through automatic relays to U. P. clients in the United States, Canada, Spain, Puerto Rico, Mexico City, Buenos Aires and Honolulu.

Facilities used were a combination of radio teletype across the Atlantic leased teletype across the Atlantic and Canada, the radio teletype from San Francisco, to Honolulu and from New York to Puerto Rico.

The channels which carried the dispatch are used regularly by the U. P. but for a demonstration of speed the relay points were "tied" together, permitting the London signals to go direct to the far flung cities.

The experiment was conducted in connection with the business meeting of the executives of the United Press in New York for the annual convention of the American Newspaper Publishers Association.

The London dispatch began rolling at 5:05 P. M. EDT. It shot across the Atlantic and through the automatic repeater relay in New York, and went directly on the U. P. transcontinental trunk wire system.

Eastland is playing host today and Thursday to the annual convention of District 8 of the Texas Home Demonstration Association, with about 300 women—representing 18 West Texas counties—in attendance.

Judge Grissom Speaks To Lions On Making Wills

Laws of Texas concerning the making of wills, and distribution of property in absence of wills, were discussed by Clyde Grissom, Eastland, judge of the Court of Civil Appeals of the Eleventh Supreme Judicial District, at the regular Tuesday noon meeting of the Eastland Lions Club.

The speaker pointed out the practice of making wills originated more than 2,500 years BC, and outlined the history of will-making down to the present time.

Judge Grissom told of several interesting statutes concerning wills in recent times. With legislative statutes governing the legal angle, any person who is 21-year-old and is, or has been, married, is capable of making a will.

Contrary to common belief, there is no such thing as "forced heirship," which means a person must leave as much as \$1 to surviving children, Judge Grissom stated. While this was the law under Mexico, it was done away with in Texas in 1856.

Taylor, program chairman, introduced the speaker. Everett Plowman, president, presided for the business session in which it was announced that a Lions district convention would be held in Mineral Wells, May 8-10.

Services Held For Mrs. Clement

Funeral services were held Monday afternoon at 3 o'clock at the First Baptist Church of Gorman, with the Rev. Blair, Baptist Association missionary of Cisco, officiating—assisted by the Rev. Henley, pastor of the Gorman church. Interment was in Weaver Cemetery, with Higginbotham Funeral Home of Gorman directing.

Mexican Zoo Animals Reverse Rodeo Procedure

MEXICO CITY, April 27 (UP)—The Chapultepec Park zoo reported today that its animals had staged an impromptu and unusual rodeo.

"The animals chased the cowboys," the zoo explained. Officials of the zoo said some 50 members of the American-Mexican animal inoculation team, including six rope-swinging cowboys, visited the zoo yesterday to inoculate its animals against hoof and mouth disease. But they added it was "no contest" because of the performance of a pair of wild-eyed buffaloes.

Switch the backdrop to country club or sand dunes and — presto — the jacket comes off and the wearer looks smart while catching the sun. The dress is of Raycrest cotton, available in oxford, blue, brown or green, and sells for about \$18. It's one of the new cotton fashions shown in the May issue of Good Housekeeping magazine.

Man Charged In Forgery Of Check For \$188,844

AMARILLO, April 27 (UP)—An Amarillo photographer today faced charges of forging a check for \$188,844 on his wealthy father-in-law in a scheme involving two banks and a cattle company.

Lynn Albert Boykin, the photographer, was arranged in federal court here yesterday on charges pressed by Sheriff J. B. Cooke of Spearman and the FBI.

Boykin was accused of posing as his brother-in-law, Browning Higgs, in forging a check on P. B. Higgs, his father-in-law and a prominent Amarillo cattleman. Cooke said that Boykin was arrested after he failed to clear a check written on a cattle company for \$188,844.

The charge said specifically that Boykin had passed "a fictitious and falsely-made draft of \$188,844.61 drawn on the bank of America, Los Angeles, Calif., and payable to Browning Higgs and signed by Fernando Cattle Co. by Paul Collins."

The Mercantile National Bank at Dallas, of which the elder Higgs is a director, took a check

for \$9,525 for deposit, payable to Browning Higgs, last March 16. The check cleared.

Another check, written in the same manner for \$30,000 was deposited in the Dallas bank March 23. It also cleared.

Boykin reportedly drew from the Dallas bank account several times prior to March 30, when he submitted the Higgs draft.

The draft later was returned from Los Angeles marked "improper direction."

When Higgs discovered the forgeries on his bank statement from Spearman, he summoned Cooke, who called in the FBI to investigate.

Boykin was picked up by state

Clubwomen To Hear N. Y. Editor

HOLLYWOOD, Fla., April 27 (UP) — Delegates to the 58th convention of the General Federation of Women's Club today were to hear Eugene Taylor, member of the New York Times editorial staff and an instructor in the New York University

School of Medicine, speak on "new hope for the mentally and physically handicapped." The delegates, representing some 7,700,000 clubwomen, have already approved a resolution urging Congress to adopt uniform divorce and marriage laws. The present confusion of varying state laws is resulting in "illegal divorces, illegal marriages and illegitimacy of children with a consequent breakdown of moral standards and confusion of pop-

erty rights," the resolution said. The resolution was passed unanimously yesterday on the opening day of the five-day convention. Today, awards were to be presented to the state federation which showed the largest membership gain and the greatest number of new clubs last year. In the meeting's first business session yesterday, Honorary president Mrs. John L. Whitehurst of Baltimore, Md., warned the clubwomen that they were losing ground in their fight for more representation on American legislative bodies. Mrs. Whitehurst also deplored the "apathy" of American women and other Americans. She said Americans should be "embarrassed to have the Russians know that out of 97,000,000 eligible voters only 47,000,000 voted last November." Two other resolutions were approved yesterday. They urged

continuation of the congressional Un-American Activities Committee with "safeguards protecting the rights of individuals" and recommended abolition of the electoral college. **Methodist Church WSCS Has Meeting** Members of the W.S.C.S. of the First Methodist Church met in Circle groups Monday afternoon in the homes of Mrs. Cyrus B. Frost and Mrs. J. Howard Parvin. Co-hostesses with Mrs. Frost in entertaining the Turner group were Mesdames Milburn S. Long, John D. McRae, and George Cross. Mrs. J. A. Bond gave the devotional using "Sampson" as an example. A display of articles for the Church Bazaar, which will be held in November was made. Some of the group were industriously working on articles for the bazaar. A refreshment plate of frosted punch and home made cookies was served to Mesdames Ora B. Jones, W. F. Davenport, T. L. Fagg, G. L. Davenport, T. M. Johnson, R. D. Estes, J. L. Cottingham, E. J. Turner, Mac Haymes, and Adcock. The McCrary circle in the home of Mrs. Parvin with Mesdames L. C. Brown and J. A. Doyle as co-hostesses had the first of a new study "Discipline of the Church" under the leadership of Mrs. McCrary. Mrs. R. C. Ferguson gave the devotional on "The Life of Moses." The Church bazaar was discussed and a needle threading contest added a touch of merriment to the occasion. A refreshment plate of salad, sandwiches, potato chips and olives, with lemonade was served to Mesdames Ferguson, B. O. Harrell, Annie Day, W. S. Barber, O. O. Mickle, Ina Bean, Frank Castleberry, Frank Crowell, Charles Harris, E. Willman, two guests, Mrs. R. L. Watson and Brenda Stansell, and the hostess group.

Garris' Body Claimed By New York Roommate

ATLANTA, April 27 (UP) — Metropolitan Opera Tenor John Garris, slain here nearly a week ago, may have met his death when he left a special train to mail a letter, information from his New York roommate indicated today. Lutz Peter Uhlfelder, close friend who shared an apartment with the slain singer, came here today to claim Garris' body and return it to New York. Uhlfelder said he had just received a letter written by Garris the night of his death. It was addressed to Uhlfelder in Los Angeles, and forwarded here, arriving yesterday, he said. Garris wrote that he was preparing to leave his berth in the special train waiting to take the Met Troupe to Memphis, Tenn., Uhlfelder said. The letter requested some technical data concerning opera roles. The New Yorker said he was anxious to talk with Atlanta detectives today concerning his friends death. They theorized that someone who knew Garris must have done

the shooting because of the carefully-placed position of the body and the pleasant expression on the dead man's face. But he quickly discounted members of the opera company as suspects, saying it might have been a hysterical admirer or fan who asked Garris "to do something which he refused to do." Uhlfelder said he doubted that a romance had anything to do with Garris' death. The only romance connected with the singer's life was "far, far away," he said. Uhlfelder and Garris came to the United States together from Germany nearly 10 years ago. Earlier, Uhlfelder said in New York that Garris had been in love with Uhlfelder's sister, Lotti who died in a Nazi concentration camp.

The joy's eyes, inevitably, were on his prodding hand.

He jarred a bell, handed over a key with the requisite instructions.
Durand was taken up to the second floor, in a ponderous latticework elevator, its shaft transparent on all sides.

 Background props include one of the main essentials of E. S. H., Mr. Cloud and Mr. Maxwell. The main feature came next and you all know what that is.
 The MARVERICK is produced this year in memoriam of a former, beloved student of E.H. S., Don Hill. I never had the pleasure of knowing Don, but from all that I hear, the verse at the bottom of his picture is very suitable.
 Next comes the "Parade of Stars." This scene includes all members of the coronation, the junior High Operetta, the most beautiful and most handsome students, best citizens, band sweethearts, football queen, cheer leaders, and majorettes.
 Then there was a scene about the band and rest of the music in dear old E. H. S.
 The Sports come next and there are some good action shots included in this part of the feature.
 Then there are selected shorts and organizations. It would be impossible to even dent this part of the book on the limited space I have so I supposed you'll have to look for yourself.

Highway Not Much Use
 PAOLI, Ind. (UP)—Motorist who have occasion to travel Ind. 337 often say the state might as well close the road permanently; it's blockaded most of the time anyhow.  Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on Feb. 20, 1948:
 "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mass.
 "I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."
