## Mavericks To Meet After 40-21 To Comanche

Eastland's Mavericks, their spirits a little dampened by the lull in the game they took at Comanche Friday night, are groomed to meet the Winters Blizzards in the tough Winters Blizzards conference-go.

With victories over Alford Snyder, will be favored, in view of the fact that the Mavericks, who have been outstanding in the Mavericks will not play at all because of a bad ankle.

Wendell Siebert said Davis could play some against Comanche, but he'd rather save him for the conference tilt with Dabney next week.

Siebert said he likely would not get his boys a chance in the game, in strict confidence in the past in 1949 or 1948 Mavericks did just what he was saying.

He likely also will not try to rattle-dazzle stuff against Comanche as he did against Comanche.

The Indians, Eastland 18 passes in the first half completed eight for 83 yards, 18 more in the second half completed eight for 169 yards. Yet despite the greater passing in the second half, the Mavericks all their touchdowns on points on a safety in the first half.

It was partly due to a more Comanche defense in the second half, and also due to the downing of the Mavericks by the team that averaged 25 and 25 pounds per man weight.

In all, the Mavericks dared to go all out, and all but had victory when it was taken away, and the inability to score when close to the goal. Three touchdowns they got within smelling distance of the Comanche goal.

King of the intercepted one of Rodney Stephen's passes and ran it 20 yards to score for Comanche.

The game began, with Stephenson from double wing and Bobby Womack doctored the catching, the Mavericks completed three of four on the first series of downs, and were cancelled by pen-and-ink Stephen had to kick.

Evatt's recovery of a pass the Mavericks drove to a touchdown with Stephen passing to Womack and Haines, and the last 14 yards. King Comanche soon took a touch-down to tie the score, but Stephenson roared back, still in the quarter, when Evatt tucked himself under his arm and ran 80 yards to pay dirt.

The Mavericks apparently set up in the second quarter most of the Eastland line and a Comanche punt on the 25, the Mavericks drove to a touchdown and Womack intercepted two passes in the third quarter and set up another Eastland touchdown made by Doug King as he made a short pass and ran over the line.

That lead soon melted as Evatt's Indians came back and rushed to score four touchdowns in the third quarter and in the fourth. Meanwhile, Stephenson was hurt by a blow in the shoulder, though he later got back into the game while Davis was the Eastland pass receiver. But the Mavericks could not match Womack, and the game was up.

It was quite a contest, though, in the large Eastland delirium had anything but praise for the valiant fight put up by the team, but not outfought.

## Side Issues

By HENRY G. VERMILLION

I had meant to write about a lot of things this week, but time and space caught up with me.

I had in mind writing about the way Derrell Black got suited up and into the Comanche game after being too ill to play the first half; about how Margaret Bourland got her first by-line in the Texas Tech newspaper; of how Mr. and Mrs. Carl Garner gave their son Gene, a Tech senior, a snazzy new convertible as an early graduation present.

I also had intended to thank County Surveyor T. H. Landon for his gift of a map of the Briggs Owen oil pool, and to mention that the peanut farmers are really getting those peanuts sacked during this fine dry weather, and that pecans are maturing, and a lot of other things.

Surely out of some of that I could have written something interesting, something humorous, something clever. But as I said, time and space ran out. Mrs. Duckert wrote too much too early, perhaps. So I can't do it.

## Church To Show Film On Missions Sunday

An inter-denominational film on Protestant mission work in Latin America will be shown at the First Methodist Church in Eastland at 7:30 p. m. Sunday, it was announced this week. The film will run for 45 minutes.

It will depict the educational and religious work of missionaries in Latin America, and is very interesting, said Rev. J. Morris Bailey. The public was invited to attend.

## Rodney 16, Mavericks Get Steak Supper

Rodney Stephen, Eastland High School football team quarterback and safety man, was honored on his 16th birthday Wednesday with a steak supper at the Tip-Top Cafe given by his parents, Mr. and Mrs. Joe Stephen, and with the Maverick football squad as guests.

There were 34 football players and Mr. and Mrs. Stephen there, and the disappearance of the T-bones was something to behold.

## Trades Day Idea Favored In Survey

Sentiment in Eastland seems to favor a Saturday trades day on the same general order that was formerly followed, Eastland Chamber of Commerce Manager H. J. Tanner said Thursday after starting a survey.

Such a survey was agreed on at a Thursday morning session of the trade extension committee of the chamber of commerce, at which the idea for the trades day program was discussed at length.

Tanner said merchants of Eastland will finance the trades day program if and when it is put into effect.

## Preparations Made To Begin Work On Highway To Cisco

Equipment and construction materials are being moved in in preparation for the beginning of work on the new four-lane highway between Eastland and Cisco, Resident Highway Engineer E. M. Pritchard said Thursday.

Pritchard said the T. C. Gage Construction Company of San Antonio, successful bidder on the job, has set up headquarters and a machinery center between the two towns, that lumber was moved in Thursday, and it was thought the construction of concrete culvert forms will begin Friday.

The culvert construction will be the first step on the project, Pritchard said.

Clearing of right of way also was to begin soon.

Pritchard said that for the most part the present highway will be used for the north two lanes of the highway, and the clearing work thus will be done on the south side.

The new section of highway is to be six and a half miles long, and Pritchard said dirt moving crews probably will begin work in about two weeks. He estimated the road bed will be ready for topping by next summer, and likely will be ready for use next fall.

Cage was awarded the bid for construction last month on a bid of \$381,509.

Pritchard also said Thursday that work on the Morton Valley-Ranger highway had gone much slower than anticipated, and that paving of the stretch will have to be delayed until April, as Oct. 1 is the deadline for pouring asphalt, set by the Highway Department.

He explained that the deadline was set so as to avoid cold weather damage to fresh asphaltic topping.

## O'Brien Succeeds Parker As County Auditor

### New C Of C Board To Elect Officers

New officers for the Eastland Chamber of Commerce will be elected by the new board of directors at a luncheon meeting in the Connellee Hotel Wednesday.

New directors named in the recent mail election are Frank Crowell, Jack Frost, Ben Hamner, L. E. McGraw, Judge Milburn Long, W. B. Pickens, Robert D. Vaughan and Hubert Westfall.

All were elected for three-year terms.

To be elected is a president to succeed Parks Poe, and other officers.

## Oil Progress Week To Be Observed

Oil Progress Week will be observed in Eastland at a joint meeting of the Lions and Rotary Clubs next week, probably Tuesday, it was disclosed this week.

An out of town speaker will be on hand to address the two clubs, it was said.

R. D. Tyler, Jr., Humble Oil district salesman, is chairman for the industry observance of the week in this area.

Monday, Rotarians heard a talk by Recruiting Sgt. Charles Brannon, and Tuesday the Lions Club was addressed by State Rep. Nominating L. R. Pearson of Ranger, who told of how the state might get more economy in government.

## Last Rites Held Here For Mrs. B. W. Hague

Graveside funeral services for Mrs. B. W. Hague of Fort Worth were held at the Eastland Cemetery Monday afternoon. She was the mother of M. W. Hague of Eastland.

Mrs. Hague, 81, a pioneer resident of Eastland, died Saturday in Fort Worth following a long illness. She and her late husband reared their family in Eastland, and she moved to Fort Worth several years ago.

Funeral services were held in Fort Worth Monday morning.

Other survivors are three daughters, Mrs. Murrell Hornsbeck of Fort Worth, Mrs. A. C. Boverie of Wellington, and Mrs. R. L. Williamson of Van Nuys, Calif., four sisters and a number of grandchildren and great-grandchildren.

## Fine Arts Program Scheduled Tuesday

Members of the Eastland Music Study Club will present a fine arts program in the First Methodist Church at 8 p. m. Tuesday, and the public has been invited to attend.

The fine arts department of Howard Payne College at Brownwood will give the program. Mrs. W. E. Brasher, president of the club, said that there will be numbers by madrigal singers, and piano numbers by Frederick Thiebaud, head of the piano department of the college. Dr. Clyde Garrett, head of the fine arts department, also will play, said Mrs. Brasher.

## Briggs Owen Pool Extended By New Dick Smith Well

Interest flared anew in the Briggs Owen pool northwest of Eastland this week when the Bert Field No. 1 Dick Smith came in for a Lake Sand producer and added a mile and a half extension to the west and south of the pool.

The Smith well is about a mile and a half south and west of the Briggs Owen No. 1, discovery well in the field. After an hour's drill-stem test, the well had 250 feet of oil and mud and no water in the hole. The well is in the northeast quarter of Section 60.

The W. R. Fairbairn and Frank Day well on the Fairbairn, an offset to the Courtney Strawn pay well, struck pay this week in the Strawn and pipe has been set and cemented. Day said Thursday that Hydrafrac probably will be applied to the well Tuesday.

The Courtney well, drilled by W. W. Bradley on the J. W. Courtney, was reported making 150 barrels per day in the Strawn at 1640 feet.

Drilling was started Tuesday on the J. J. Lynn No. 3 Keyes, and crewmen were rigging up on the Carlisle No. 1 Monday. This location is about a half mile from the Owen, north and west.

It was reported Thursday that pay had been struck in the Lake Sand in Bankline Oil's No. 4 A. V. Clarke, but the well was running high, and it was decided to test the Duffer pay before attempting completion. The Clarke was brought in Saturday.

## Instructor In Strings Starts Lessons Here

Mrs. Royal Brantley of Stephenville will give instruction in string instrument music at Eastland High School on Wednesday, she said in Eastland this week.

Mrs. Brantley, who is a graduate of Southwest Texas State College at San Marcos, taught in the Kerrville and Austin Public schools, and played violin for 10 years in the Austin Symphony Orchestra. Her husband is an instructor at Tarleton State College.

Mrs. Brantley said she has a full schedule lined up for Wednesday here.

## Church Leads District In Subscription Drive

First Methodist Church of Eastland is leading the Cisco District in sale of subscriptions to the Christian Advocate, church publication, Rev. J. Morris Bailey said this week.

As a result of the work done by the 35 women who are soliciting subscriptions, the current issue of the Advocate carries a story about the work being done here. Last year there were 105 subscribers in Eastland and the current goal is 150 subscribers.

Mrs. James Hazzard of Abilene is visiting her brother, Dr. J. E. White, and Mrs. White this week.

## Friday, Thirteenth Is Here Again

Today is that day.

Friday the thirteenth, that is. If you're really not superstitious, it doesn't mean a thing. If you are, watch your step.

One thing is certain—there will be a lot of unlucky football teams today—nearly half of the ones that play. The losing ones, that is.

Everyone else had better be careful not to start fires, to drive carefully, and not irritate your husband or wife too much. But then those are good rules any day.

## Group To Attend WTCC Convention

Manager H. J. Tanner, W. B. Pickens, WTCC director for Eastland, and a number of other Eastland Chamber of Commerce members are expected to attend the 33rd annual convention of the West Texas Chamber of Commerce in Mineral Wells Thursday and Friday of next week, Tanner said Thursday.

The convention will consist of the usual general sessions and entertainment features, and will have also a group of panel meetings on topics of interest to West Texas, such as water, oil and gas, industry, and so forth.

Tanner said he hoped enough would go from Eastland to have at least one representative in each of the panel sessions.

## Auxiliary Making 'Buddy Day' Plans

Plans for "Buddy Day," the new name given "Poppy Day" by the American Legion Auxiliary, were discussed by the Eastland Auxiliary unit at a meeting Monday.

Mrs. Marene Johnson, president of the unit, said after the meeting that the date for the day will be announced later, but that it will fall before Armistice Day, Nov. 11. Mrs. Earl Francis is chairman for the Buddy Day project.

Plans also were discussed at the meeting for the annual Gift Shop. Mrs. Johnson explained that the shop each year provides gifts which are sent to veterans' hospitals, and from which the veterans select gifts to be sent to their families for Christmas. The gifts are to be collected and ready for shipment by Dec. 1.

A membership drive also is being planned, and in this connection, Mrs. Johnson pointed out that the Auxiliary is the largest organization for women in the world.

## COMMUNITY SINGING SET FOR SUNDAY

The Eastland Community Singing will be held at 2 p. m. Sunday in the Church of God, it was announced this week.

The public was invited to attend.

Mrs. B. F. Gilchrist and Mrs. Dan Childress, both of Abilene and both former residents of Eastland, were guests this week of Mrs. Frank Castleberry.

## Retiring Official Takes Position With Peanut Firm

Resignation of Don D. Parker as Eastland County auditor, effective Oct. 15, and appointment of former Eastland City Manager Earl O'Brien to take his place, was announced Thursday by District Judge George L. Davenport.

Parker, on vacation from the county post, already has started work as assistant to Paul McFarland of Eastland, head of the accounting department of the Southwestern Peanut Growers Association at Gorman.

Parker said he left the county job for the private post "because they made me such an attractive offer I couldn't turn it down."

O'Brien also has started work at his new job, coming here from Lamesa where he had been office manager for an automobile firm.

O'Brien was assistant to Parker in the auditor's office for a number of years, leaving the post to become city manager in Eastland. After he resigned that place he worked for a while for a Ranger automobile firm before going to Lamesa.

At one time he was Eastland County tax assessor-collector.

O'Brien's wife has been seriously ill. He will move her here later, after finding a place to live, he told friends.

Parker said he and Mrs. Parker will continue to live in Eastland.

Judge Davenport, in a prepared statement, said in part:

"While we regret Mr. Parker's resignation, I feel that the citizens of Eastland County will feel as I do, that we are indeed fortunate in being able to secure the services of Mr. O'Brien, who has had many years of experience in this character of work, and in the auditor's office."

"Mr. O'Brien has lived for many years in Eastland County; has held many responsible positions and he and his wife are well and favorably known."

"Mr. Parker x x x has served Eastland County many years, first as assistant auditor under Mr. W. S. Michael, now deceased, and as Mr. Michael's successor as auditor. He has established for himself an enviable record, both locally and throughout the State, in his line of work."

## Eastland Group To Go To Music Convention

Mrs. A. F. Taylor of Eastland, junior counsellor for the Sixth District, Texas Federation of Music Clubs, will have charge of the Junior Day program at the district convention in Sonora Saturday.

The convention began Thursday and was to continue Friday and Saturday. Mrs. Hubert Westfall is delegate from the Eastland Music Study Club to the sessions.

Lou Ann Corbell, delegate from the Beethoven Junior Music Club of Eastland, is program chairman for the district junior day, and will preside at the Junior Day Fine Arts program Saturday in the Sonora Elementary School.

Betty Jo Westfall will go as a delegate from the Scale Runners Club here, and will play on the fine arts program, as will Jimmy Everett, representing the Beethoven Club.

Hubert Westfall was to accompany the group to Sonora.

## Mrs. Perkins Leaves For Extended Trip

Mrs. Joseph M. Perkins left Thursday for Canada, where she will visit Mr. Perkins in Ontario before going to Washington, D. C., to attend a board meeting of the General Federation of Women's Clubs.

Later she will attend the New York Herald-Tribune Forum in New York and the annual meeting of the American Cancer Society. From New York she will go to Gleasondale, Mass., for a visit with her mother, Mrs. Albert H. Gleason, whom she expects to accompany her home to Eastland.

Among other events she expected to attend in Washington were teas at the Blair House, British Embassy and Pan-American Union.

## Women Of Civic League Hear Heck Outline Ways City Expects To Spend \$15,000 Annual Meter Revenue

City Manager I. C. Heck outlined accomplishments of the city administration for the past year, and long range plans for the future, at the opening luncheon of the Eastland Civic League and Garden Club in the Roof Garden of the Connellee Hotel Wednesday.

About 150 women were seated at the long tables, laid with white and decorated with clusters of pepper plants in fat red tinsel pots, surrounded by scarlet verbenas. Place cards, made for the occasion by Mrs. Marene Johnson, each held one tiny pepper pod to plant for next year's blooming.

The piano was topped with an attractive arrangement of yellow and orange mammoth marigolds and blue ageratum. During the luncheon, Mrs. Pat Miller sang, with Mrs. D. L. Kinnaird at the piano.

Mrs. James Horton, president, presided, and during a short business meeting it was voted again to contribute \$100 to the Eastland High School Band.

Mrs. Horton presented the pres-

idents of each of the other four federated clubs of Eastland, who spoke briefly about their plans for the club year.

Mrs. Fred Davenport of the Thursday Afternoon Club, the oldest club, federated in 1916, said the club program is entitled "Passport to Better Understanding," and that the club's chief project, as always, is the Eastland Public Library.

Mrs. W. E. Brasher, president of the Music Study Club, said the club's study program concerns "Women in Music."

Mrs. W. C. Vickers, acting for Mrs. W. R. Cole who could not attend, said the Alpha Delphian Club is studying a "Merry-Go-Round of Personalities" around the world in an effort toward better understanding.

Mrs. J. P. Kilgore, president of the Las Leales Club, primarily for business and professional women, said the club's program theme is "Window on the World," and said the club hoped to repeat last year's sending of Christmas gifts

to each of the girls in Girlstown.

Mrs. Horton in her talk said that clubs build on what has been accomplished, and referred to a mimeographed summary of the Civic League and Garden Club's past achievements which had been placed by the plate of each guest.

She also stressed the thought that harmony is as important to a community as its concrete achievements.

Many new members were present, and the following out of town guests were presented: Mrs. P. M. Kuykendall, Mrs. J. P. Morris, and Mrs. M. H. Hagaman, all of Ranger; Mrs. Dan Childress, Mrs. B. F. Gilchrist and Mrs. James Hazzard of Abilene, and Mrs. Grace Arcubrie of Mobile, Ala.

Mrs. Frank Castleberry was the luncheon chairman, and was assisted by Mesdames T. E. Richardson, Pearson Grimes, H. T. Weaver, D. L. Houle, Bill Collins, H. G. Vermillion, Don Hill, and H. B. MacMoy. Mesdames Cyrus Frost, Rosalie Leslie and Rob-

ert Perkins did the table arrangements.

Dues were collected by Mrs. Sam Gamble, treasurer, and year-books were handed out by Mrs. Earl Conner, Sr., who as chairman of the yearbook committee, had prepared this year's book, along with Mrs. W. P. Leslie and Mrs. Joe Stephen.

City Manager Heck in his talk told of the things the city had done this year with the revenue from parking meters, and told of plans for the next nine years.

Projects for the future, he said, include an inexpensive asphalt surfacing for all the city's unpaved streets, to be followed eventually by paving; repairs to make the City Hall auditorium usable; new sewers for parts of town that are not now served by sewers; a new water filtration plant, to cost near \$50,000; a new street sweeper, to cost about \$6000; a new fire truck, which already has been ordered and is to cost \$9500; and somehow, some day a hospital for Eastland.

Most of these are to be paid for by parking meter revenues, expected to be about \$15,000 a year, the city manager said.

He said the city auditorium repairs are planned for this year, and asked club women to be thinking of ways to obtain new seats and curtains for the hall. At some time all the old ones had been given away, he said. Building repairs will cost about \$3000, he estimated.

Heck also told of accomplishments during the last year, including elimination of a sewage plant, putting a fire plug in the north part of town at a cost of \$1250, revising the city dump system so all trash and garbage now is covered, installation of mercury vapor street lights, purchase of a weed cutter at a cost of \$1150, and purchase of 1000 feet of new fire hose at a cost of \$1500.

During the year, on these and similar projects the City Commission has spent \$11,650, he said, over and above normal costs of running the city.

By Special Correspondent

Dear Record Readers: Even reporters like to slip away on vacation, so if the news from Cheaney is lacking this week, you may know we have been gone for a few days—on business and on pleasure.

Leaving Thursday night, we drove northwest to Lubbock, and while passing through Snyder we were reminded of what the famed California "smog" must be like, only more so.

Crops were the finest all the way out—grain combines were at work in almost every field.

Wheat drilling was being done—we counted nine wheat drills and four big tractors pulling breaking plows in one 1500-acre field.

Trucks with South Texas registrations were loaded with workers

are in California, where Major McCurry is stationed after his furlough since returning from the Philippines. The children remained for a longer visit with their grandparents, Mr. and Mrs. Henry Hines, until their parents are located.

Then into New Mexico to Clovis and to Portales, which has the most winding main street we have seen—but with lots of building going on, and the peanut mill made us think of home.

The trip was nice, even if the lights did go out at Cisco on the way home. Our good neighbors, Mr. and Mrs. Case, who moved to Cisco last week, let us come on

# Looking for POWER?

# Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

# Double Check your selection of a cooking appliance

Is there a range that will make your kitchen cool in summer? Be wary of "claims." You know it takes heat to cook.

There is no cooler-to-cook-with range than a new gas range—why would 96 of 100 women who have gas service cook with gas, if there were?

Moreover, new gas ranges cost less than any other automatic range. There is

no expensive installation cost. No special, costly utensils are necessary. Meal-for-meal, a gas range cooks for less than one-fourth the cost of any other automatic range.

### SPARKS COUPLE AT HOME AFTER WEDDING TRIP

Mr. and Mrs. Joe Frank Sparks, Jr., who were married in Palestine Saturday, Oct. 7, have returned from a short wedding trip and are at home in Eastland.

The marriage was solemnized at 4 p. m. in the home of the bride's parents, Mr. and Mrs. C. N. Shelton. Dr. J. M. McLean, pastor of the Palestine Presbyterian Church, read the service before an improvised altar decorated with white roses and white gladioluses.

The bride, who was given in marriage by Mr. Shelton, wore a cocoa tissue faille dress with brown accessories. Her shoulder corsage was of white carnations.

Mrs. Earl Gibson of Palestine was her sister's matron of honor. She wore an aqua gabardine suit and a shoulder corsage of pink asters.

Mr. Frank Sparks of Eastland attended his son as best man.

A reception was held immediately after the ceremony. The bride's table was covered with a hand crocheted cloth made by Mrs. Gibson, and was ornamented with an arrangement of white roses.

When the couple left on the wedding trip, Mrs. Sparks wore a brown gabardine suit.

The bride is a graduate of Palestine High School and Texas State College for Women. She is Eastland County's home demonstration agent. Mr. Sparks is a graduate of Eastland High School and the University of Texas, and

### Bridgroom's Parents Are Hosts At Dinner

Mr. and Mrs. L. P. White of Houston were hosts Tuesday evening at a rehearsal dinner for members of the Crowell-White wedding party, members of the families and friends.

The dinner was held in the Connellee Roof Garden and featured a yellow and white theme, the chosen colors of the bride. The centerpiece was a long, low arrangement of cream colored gladioluses and yellow chrysanthemums, and places were marked with cards in the shape of wedding bells.

Guests for cocktails and the three-course dinner were Miss Mary Nell Crowell, the bride, Wilbert Leonard White, the bridegroom, Mr. and Mrs. Frank T. Crowell, parents of the bride, Mr. and Mrs. Pat Miller, Mr. and Mrs. Hubert Jones, Mr. and Mrs. John F. Collins, Mr. and Mrs. Frank Hightower, Mr. and Mrs. Walter Payne, Rev. and Mrs. J. Morris Bailey, Miss Shirley Hightower, Miss Nancy Harkrider and Mr. and Mrs. White.

### MISS CROWELL HONORED AT TEA SATURDAY

Miss Mary Nell Crowell, who became the bride of Wilbert Leonard White in a ceremony Wednesday night in the First Methodist Church, was complimented at a gift tea Saturday in the Women's Club. The tea was presided over by Mrs. Ernest Jones. About 80 guests called and

presented the bride with a shower of gifts. Hostesses were Mesdames Ed F. Willman, W. F. Davenport, H. L. Hassell, Frank Hightower, George H. Lane, Dillard Morgan, James Harkrider, E. H. Jones, R. A. P. Pool and Miss Betty Lane.

For the occasion, the reception room of the club was decorated with arrangements of zinnias and dahlias and potted plants. The lace covered table was centered with an arrangement of orchid dahlias, and lighted by white candles in crystal candelabra.

Mrs. Davenport presided at the punch bowl and Mrs. Morgan served cake squares.

Guests were greeted by Mrs. Harold Durham and Mrs. Joseph M. Perkins, and ushered to the receiving line, which was composed of Mrs. Frank T. Crowell, mother of the bride, Miss Crowell, Mrs. L. P. White of Houston, mother of the bridegroom, Mrs. M. E. Crossley, Jr., of Houston, sister of the bride, and Mrs. S. L. Myrick of Moran, aunt of the bride.

Soft music was played during the calling hours, and guests were registered in the bride's book, presided over by Mrs. Ernest Jones. About 80 guests called and

presented the bride with a shower of gifts.

### Mrs. Potts, Mrs. Fox Speak For Sorority

Mrs. Steve Potts gave a talk on table etiquette and Mrs. M. D. Fox spoke on "What Beta Sigma Phi Means to Me," at a session of the Zeta Pi Chapter of Beta Sigma Phi Sorority Tuesday evening in the home of Mrs. W. H. Cooper.

Mrs. Oscar Avera was the program leader.

### T.E.L. Class Honored At Turkey Dinner

Members of the T.E.L. Class of the First Baptist Church were entertained at a turkey dinner at noon Thursday in the home of Mrs. W. B. Reeves, who was assisted by Mrs. Jack Muirhead. The dinner was a courtesy to the class from Mrs. Ida Morris.

Following the dinner, a short business session was held with the vice-president, Mrs. J. L. Bra-shears, presiding.

### Mrs. Huckaby Gives Review For Circle

The Marian Gaines Circle of the First Christian Church Tuesday afternoon in its regular meeting in the church annex heard Mrs. L. E. Huckaby review the first chapter of the study book, "Strong Son of God," by D. E. Stevenson. Mrs. Jack Carothers gave a reading, "The Meaning of Life."

In the business session Mrs. T. L. Cooper gave the secretary's report, and committees were named to arrange for a rummage sale and bake sale Saturday.

### Mrs. Taylor To Lead Episcopal Auxiliary

Mrs. Harry Taylor was elected president of the Women's Auxiliary of Trinity Episcopal Church and Mrs. Carl Angstadt was named head of the Altar Guild at the Auxiliary meeting Wednesday at the church.

In a business session, plans for a dinner to be held Oct. 29 on the Connellee roof were made. The dinner will honor Bishop Burrow, suffragan bishop of the Dallas Dio-

cese, who will conduct the 11 a. m. service at the church that day.

Plans also were discussed for a rummage sale to be held soon.

The next meeting of the Auxiliary will be held Wednesday, Oct. 25, at a place to be announced.

Mr. and Mrs. Paul Keyes of Irving were in Eastland this week

for a visit with relatives and friends and to attend to their interests here.

Dr. and Mrs. H. F. Verrell left Thursday for a visit to Bourn and Batesville, Ark. Dr. Vermillion was to speak at the 100th anniversary of the founding of a Baptist association. They are to be gone about a week.

MISS CROWELL,  
MR. WHITE WED  
IN CHURCH RITES

The marriage of Miss Mary Nell  
Crowell, daughter of Mr. and Mrs.  
Frank Crowell, and Wilbert Leo-  
nard White, son of Mr. and Mrs.  
L. P. White of Houston, was sol-  
emnized Wednesday evening in the  
First Methodist Church.

The ceremony was performed by  
Rev. J. Morris Bailey. Pre-nuptial  
music was furnished by Mrs. Don-  
ald Kinnaird at the organ and Mrs.  
Pat Miller, who sang "Always" and  
"Because." Mrs. Kinnaird also  
played the traditional wedding  
marches.

In the center of the altar was  
a large arrangement of chrysan-  
themums, and on each side was a  
seven-branch candelabra, holding  
white candles. White baskets of  
white chrysanthemums and glad-  
ioliuses flanked the altar, and the  
altar rail was covered with green-  
ery, dotted with white pompons  
and white satin bows.

The choir loft was lighted by  
white candles in seven branch  
floor candelabra, and the choir  
rail was lined with greenery and  
dotted with candles surrounded by  
white pom poms. The white satin  
prayer bench stood on a white rug.  
Altar candles were lighted by  
Misses Shirley Hightower and  
Nancy Harkrider.

Mrs. M. E. Crossley, Jr., of Hous-  
ton was her sister's matron of  
honor. She wore a gold slipper  
satin full length dress with tight  
bodice with bertha. She carried a  
basket of bronze chrysanthemums  
and yellow pom poms tied with a  
bronze satin ribbon.

The bride, given in marriage by  
her father, wore a gown of ivory  
satin made with a tight, hip-line  
bodice and yoke of illusion. The  
yoke was outlined with lace em-  
broidered with seed pearls, and  
long tight sleeves came to a point  
at the wrist. Her fingertip length  
illusion veil was attached to a  
tiara of satin embroidered in seed  
pearls. She carried a bouquet of  
pale yellow roses and stephanotis,  
tied with ivory satin ribbon.

Mr. White attended his son as  
best man, and ushers were Hubert  
Jones, Walter Payne, Frank High-  
tower, J. F. Collins, all of East-  
land, and M. E. Crossley, Jr., of  
Houston.

The bride's mother wore an or-  
chid crepe and lace formal dress,  
and her shoulder corsage was of  
white carnations. Mrs. White chose  
a navy blue formal dress, and also  
wore a white carnation corsage.  
Immediately after the ceremony  
a reception was held in the Wo-

man's Club. The bride's table was  
covered by an imported ivory cut-  
work cloth, and was lighted by  
white candles in brass candle  
sticks. The bride's bouquet was  
the centerpiece, and on the oppo-  
site side was the three-tiered wed-  
ding cake, topped by miniature  
bride and groom.

Assisting at the reception were  
Mesdames W. F. Davenport, E. H.  
Jones, Ed Willman, Joseph M. Per-  
kins, Frank Hightower, Jimmy  
Harkrider, George Lane, R. A. P.  
Pool, Dillard Morgan, Herman Has-  
sell, H. H. Durham and Misses  
Hightower and Harkrider.

When Mr. and Mrs. White left  
for a trip to New Orleans, the  
bride wore a black gabardine suit  
with winter pink hat and blouse  
and gray lizard shoes and bag. Her  
corsage was of white carnations.  
They will return to make their  
home in Eastland, where Mr.  
White is employed as an engineer  
by the Texas Electric Service Com-  
pany.

Mrs. White is a graduate of East-  
land High School and attended  
Tarleton State College and is a  
graduate of Draughon's Business  
College in Abilene. Mr. White is  
a graduate of Arlington Heights  
High School in Fort Worth and of  
Texas A. & M. College.

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems—medical or otherwise—by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny.  
The menace at home is creeping Socialism.

From the basement of their Maplewood, Mo., home, Mr. and Mrs. Harold W. Ross run a rapidly expanding chicken hatchery, depend a lot on their business telephone.

Says Mr. Ross: "Never realized how our telephone helps us save and make money until we kept a five-day record of our telephone calls recently. Our phone helps make sales for us, runs errands, delivers messages, does many important jobs. It's a friend indeed!"

☆☆☆

Each year brings greater progress in your telephone service. New telephones added—greater improvements made. The result: quicker, more trouble-free service—a real budget value that grows in value every year. Southwestern Bell Telephone Co.

Monday—Sudden thunderstorm! Quick call for emergency electric power! Ventilators go back on! 300 baby chicks saved!

Tuesday—Customer calls for shipment of baby chicks. Mrs. Ross is hard of hearing. A special amplifier. Hears easily.

Wednesday—Sister-in-law asks about son who works for us. To save time, Mrs. Ross takes call on basement extension.

Friday—Supplies low—so our helper orders more. Business telephone means low-cost way to carry on all phases of our business.

Thursday—Prospect calls about chick prices. Our ad in yellow pages of directory is sales builder.

Who Runs America? the Congress? the President? OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs, American Legion, American Farm Bureau Federation, National Association of Small Business Men, United States Chamber of Commerce, National Association of Retail Grocers, National Retail Dry Goods Association, Hospital Association, American Bar Association.

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the pridelful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY! Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that You and Your Neighbor Run America! ### Chapter Makes Plans For Party Oct. 31

A Halloween party Oct. 31 in the home of Mrs. Johnnie Aaron was planned at a meeting of the Beta Phi Chapter of Epsilon Sigma Alpha Sorority Monday evening in the home of Mrs. E. E. Shultz.

Miss Bobbie Shero, the chapter's entry in the Epsilon Sigma Alpha "Golden Girl" contest, was presented a sweetheart plaque in a business session presided over by Miss Helen Lucas. Mrs. Harold Courtney talked on "Personality as Expressed by Speech."

Those attending included Mesdames Everett Plowman, Johnnie Aaron, O. B. Shero, Bill Martin, Courtney, Misses Barbara Martin,

Shero, Billie Hunt, Evelyn Bigby, Helen Lucas and Mrs. Shultz.

### Mrs. Womack Gives Program For Circle

Mrs. W. G. Womack gave a Royal Service program on "Behind the Iron Curtain" at a meeting of the Blanche Groves Circle of the W. M. U. of the First Baptist Church Monday afternoon in the home of Mrs. Roy Rushing.

Mrs. J. L. Brashears presided at the meeting.

James Dabney of Eastland, reserve captain in the Army, has received orders to report for active duty and passed his physical examination in Abilene Thursday, he said. He is to report within three weeks, he said.

### Mrs. Grieger Again To Head H. D. Council

Officers for 1951 of the Eastland County Home Demonstration Council were elected Wednesday at a meeting in the Courthouse at which nine of the clubs were represented, with 28 members and visitors in attendance.

Mrs. M. W. Grieger of the Flatwood Club was re-elected president, and Mrs. Cyrus Justice of the same club was named vice-president. Other officers elected were Mrs. W. W. Fewell of the Lake Cisco club, secretary, and Mrs. B. B. Freeman of the Cheaney club, treasurer.

Two clubs gave yearly reports, and a number of monthly reports were given. Mrs. Bill Tucker gave the secretary's report and also reported on the recent party for the federated clubs of the county.

Mrs. M. P. Farnsworth, achievement day chairman, reported that on that date three cash prizes are to be given in the clothing and foods divisions of entries.

Mrs. Fewell reported that Mrs. Davis will hold a craft shop in Eastland Oct. 17 and 18.

Mrs. Joe B. Sparks, county home demonstration agent, gave an informative talk and explained that the United Nations flag kits are here, and that there will be a training meeting Oct. 16 to make the flags.

A leaders' training meeting on muffins and doughnuts is to be held Oct. 26 in Eastland.

Mr. and Mrs. Joe Stephen and son Rodney Saturday will attend the Oklahoma-Texas U. game in Dallas with their other son Stanley, a member of the Longhorn band. They will be accompanied by Mrs. J. F. Collins and son Charles, who will meet another son, John, a student at the University. That evening the group will go to see "South Pacific."
