Heck Wins Sweepstakes In Biggest Best Eastland Flower Show Yet

C. Heck won the sweepstakes Wednesday in the flower show held in the High School gymnasium. Heck, of the Garden Club, won a close entry received the ribbon. The show, entitled "Autumn Show," was the largest and most ambitious yet sponsored by the club, despite the late Friday of last week and a great many of the spectators.

Park. She suggested that Eastland, with its location among the rolling hills, has every reason to become the park city of the Southwest.

Mrs. Lake spoke of many things—of flowers and shrubs, of the importance of fragrance in a garden, of hidden possibilities in Texas and of the dangers to insect and bird life of insecticides. She invited all her listeners to visit the Garden Center in Fort Worth, and to take advantage of the experiments in flower culture being done there. Garden Club members here were urged to take their problems there to get help.

Mrs. James Horton, president of the Civic League and Garden Club, presented Mrs. Lake to the group, and welcomed visitors to the show. She also presented Mrs. Veon Howard, show chairman, and thanked her for her work. Mrs. Horton announced that a called business meeting of the Civic League will be held Wednesday, Nov. 28, in the clubhouse to plan projects for the community for the club year.

Show judges were Mesdames Walter Jernigan, Jim Weatherby and W. M. Johnson, all of Goldthwaite, and Mrs. Roy E. DeFoe of Fort Worth. All are national flower show judges, and this was the first time Eastland had ever had a show judged according to the national rules. The judges were exceptionally helpful in suggesting possible improvements for plants and arrangements. In a number of cases they did not give a first prize when they thought none was deserved, but gave second and third place ribbons.

Mrs. DeFoe in a talk at the afternoon session urged the planting of redwood trees in this area. The gymnasium, with its freshly painted white walls, was particularly attractive for the show. At the far end, an indoor garden had been made, with English ivy growing up the white walls, shrubs and blooming flowers in the background, singing birds in cages. (Continued On Page Eight)

Mavericks To Field Wounded Team At Ranger Saturday

Eastland's wounded Mavericks will try for a successful season Saturday night in Ranger when they take on the powerful Ranger Bulldogs in a District 8-A game. The tradition-draped contest will find most of the Eastland players ready to go to some extent after a hard 21-6 loss to Hamilton last week, but a lot of them will not be going at full speed. Here's the casualty list at last report:

Rodney Stephen failed to suit out against Hamilton because of a cheekbone fracture, but may play against Ranger with a guard over his face. Says the soreness from his injury is about gone. Stephen's absence just about killed Eastland's offensive game at Hamilton.

Gerald Davis, tackle and perhaps Eastland's best linesman spent two days in bed at mid-week after getting a hard blow on his head and face at Hamilton. Doctors thought he might have a slight concussion.

Bob Womack, versatile senior who has played every position on the Eastland team, including quarterback against Hamilton, played most of that game with a sprained knee and was limping this week, but probably will start against Ranger.

Doug King, who re-hurt his leg and broke his nose in two places in the Hamilton game, likewise probably will be ready to go to some extent.

Harold Justice, tall defensive guard who has made a lot of tackles through the season, spent a couple of days at home with asthma this week, but was at practice Wednesday.

Alan Vermillion, freshman reserve guard, tore an ankle ligament against Hamilton. Thus Siebert, who had been fortunate with injuries in other years when he could have stood them a little better, was having his hard luck in big doses.

Ranger will be much favored over Eastland, but the Mavericks have been looking a lot better in recent weeks than they did when they opened the season, and may throw a scare into the bigger and more experienced Bulldogs, if Siebert can keep enough of his crutches going.

Whether Stephen can play may well make the difference between a good game and a run-away for Ranger. Many felt that his presence might have spelled an Eastland victory at Hamilton, the Mavericks were putting up such a rugged battle.

But the Eastland offensive forces had a poor night, with King, who is seldom used as a passer, having trouble hitting his receivers, and the receivers having trouble catching the passes that came their way, because of the icy weather.

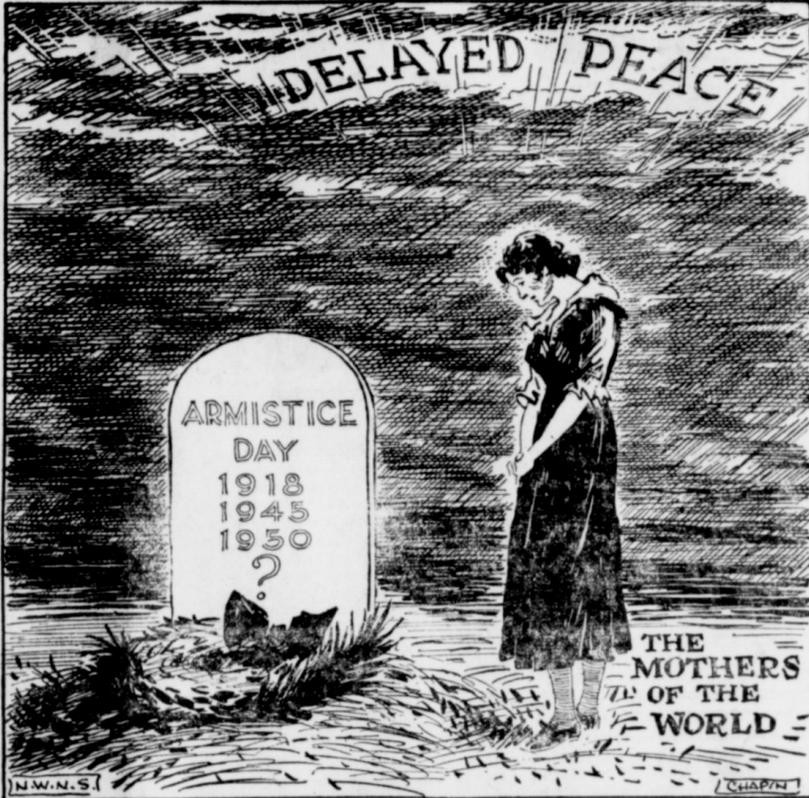

King played a whale of a game before he left the game hurt in the fourth quarter and Womack took over the quarterbacking chores. By that time Hamilton had built up a 21-0 lead on a touchdown by Bobby Tension and two by E. Barnett, with Jordan kicking all three points. The touchdowns were spaced in the first, second and third quarters.

Then in the fourth quarter, with Hamilton on the Eastland 38-yard line, big Derrell Black, tackle and perhaps the fastest man on the Eastland squad, was on hand when a lateral went astray in the Hamilton backfield. Black grabbed the free ball and was loose to the Hamilton two, where he was pulled down from behind.

Womack went over on the next play for the score, and a pass for point was dropped. Then Hamilton drove back to the Eastland one-yard line as the game ended. All that is over, and Eastland's season, for Maverick fans, will be successful indeed if the Mavericks can take Ranger Saturday night. But the odds will favor Ranger by from three to four touchdowns.

Mr. and Mrs. Carl Garner will spend the week end in Lubbock where they will visit their son, Gene Garner, a senior student at Texas Tech.

UNENDING ANGUISH?

Specific Projects Not Chosen Yet, Pritchard Says

E. M. Pritchard, resident engineer for the State Highway Department in Eastland County, said Thursday that farm to market roads to be improved during the next two years in Eastland County under a \$100,000 grant from the department will be decided on soon.

He said that at the request of District Engineer Leo Ehlinger he had drawn up six or seven estimates on various farm roads in the county and submitted them to Ehlinger. From these estimates, county officials and Ehlinger will select the projects, probably quite soon.

County Judge P. L. Crossley earlier this week had released the information concerning the road improvement appropriation for the county. The two-year program will mean the building of about six miles of new paved road per year for the two years, Crossley said. Pritchard said that work on the new four-lane highway between Eastland and Cisco is progressing, with about five percent of the work completed. Most of the work so far is on grading and structures such as bridges, he said.

Meanwhile, it was announced that bids are to be asked on completion of Highway 80 between Baird and Abilene. The new Cisco-Board section recently was opened to the public, and the Cisco-Eastland section will add another link.

Side Issues

HENRY G. VERMILLION

In the addition of Rodney to the list of Eastland school Mavericks wearing opponents of the team may be meeting the Men in Masks.

King has worn a mask the season to guard eye received in an earlier year, and now has a broken protect too.

Alan Vermillion, has early in his first year in school, but must wear a mask in his glasses. He is quite good.

King comes up with a set of facial bones that are remarkable. Which makes a difference than the usual number for one team.

Blair of Eastland has had great gains as the full-back-Hardin-Simmons' eleven, but had only a fair season. He will get some plugs for little All-America to keep up the good work.

Members with the cover crops of grains planted are an important group these days, as one day follows another, and another after another bears away, cold, and vitality sapping and tender plants. The wet weather certainly is welcomed by this element of our population.

On the other hand, a stockman that his grass was nearly cured out perfectly, and a little rain this winter will carry his stock through with little or no feeding. It is one man's dish still in the county.

Harmer told me, though, that harvesting cost him so much that he wasn't going to make anything as he had figured on.

Armistice Day Services Are Set

At 11 a. m. Saturday, annual Armistice Day memorial services will be conducted at the Memorial Fountain on the Eastland County Courthouse lawn honoring the men of Eastland who have given their lives in war.

The service will be sponsored by the Dulin-Daniel Post of the American Legion, the Karl and Boyd Tanner Post of the Veterans of Foreign Wars, and the Memorial Fountain Committee of the Civic League and Garden Club.

The fountain was erected by the Civic League and Garden Club in memory of the men who died in World War I, but it was pointed out this week by Mrs. Samuel Butler, chairman of the fountain committee, that while the memorial is inscribed with the names only of the 24 local men who died in that war, it is a memorial to those who have died in all wars.

In extending an invitation to the public to attend the service Saturday morning, Mrs. Butler said that the average citizen by attending can express his appreciation for the great sacrifices made by men of Eastland so others might live in a free country.

Pickens Named Electric Manager

Appointment of W. B. (Buck) Pickens of Eastland as manager of the Eastland District of Texas Electric Service Company was announced this week by the company.

Pickens, who had been assistant manager, succeeds J. E. Lewis, under whom he served many years. Lewis, veteran official of the firm, died Friday.

Pickens has a record of more than 26 years of service with Texas Electric, of which 20 years have been spent in the Eastland area. Before coming into the district office at Eastland he was division engineer of the company's transmission division, with headquarters at the Leon power plant.

Pvt. R. C. Balderee, Jr., of Fort Hood visited Wednesday with his mother, Mrs. R. C. Balderee of Morton Valley, and his sister, Miss Mary Balderee of Eastland.

Legion To Donate Flags To Schools In Ceremony Today

Eastland businesses will close from 1:30 to 3 p. m. Friday during a ceremony in which the Eastland American Legion Post will give 28 flags to the schools of the city, it was announced this week.

The impressive but brief ceremony will be held in front of the high school building at 2 p. m. Judge Clyde Grissom of the Eleventh Court of Civil Appeals will make a short patriotic talk and a teacher and child from each class of each school in the city will file out in line carrying the flag destined for their classroom.

The program will be preceded by a short band concert by the Eastland High School Band.

County Judge P. L. Crossley, chairman of the program, said the entire program should take on 30 or 40 minutes. School children will be taken by bus to the ceremony, and Crossley urged that all adults who possibly can attend the program.

Rev. J. Morris Bailey will give the invocation at the program.

The Legion, at a cost of about \$500, has bought 23 classroom flags, four flags for outside pole and one large silk flag for the Eastland High School auditorium and it is these that will be presented. All the inside flags having poles and standards, and a new pole was erected outside the colored school to hold the outside flag there.

The local program is part of a statewide Legion campaign to get an American flag into every public school classroom in Texas.

City Street Gravel Program Called Near

Changing of city water line to meet highway requirements at the western edge of Eastland is about done, and city crews in a few days will begin an ambitious program of putting gravel on city streets. City Manager I. C. Heck said Thursday.

Under the program, most of the city's unpaved streets are scheduled to receive the gravel treatment. Most have received no gravel since the WPA days. Heck said city crews likely will be busy on the re-graveling project for several months.

Mr. and Mrs. Bruce Pipkin have as their guests Sgt. and Mrs. J. O. Hendricks of Roswell, N. M. The Pipkins and their guests will attend the SMU-A. & M. game in Dallas Saturday.

Saturday To Be Buddy Poppy Day In Eastland

Saturday will be Buddy Day in Eastland, and the annual sale of poppies for the benefit of disabled veterans will be conducted by the members of the American Legion Auxiliary, Mrs. Marene Johnson, president, said.

Poppies will be sold in downtown Eastland by members of the Sub-Deb Club, Co-Ed Club, the Socialities and the Double Seven Club.

Mrs. Johnson urged everyone to buy a poppy, and said, "As everyone knows, this is a very worthwhile project that is conducted by the American Legion Auxiliary."

Olden Author Thrilled By Honors Won With First Novel She Ever Had Published

Mrs. Lois Lucille Gray of Olden, who recently published her first book, "Old Indianola," is a little breathless but very pleased over the honors just bestowed on her by the Texas Women's Press Association.

At the group's convention in Tyler last week end, Mrs. Gray was informed that her book had been selected as the best adult book of the year in Texas by a committee appointed by the association.

from the Dallas News, and a critic from Station KRLD.

At the closing banquet of the convention, Mrs. Gray was presented a scroll of merit from the association, and also was presented with the TWPA 'Perpetual Award' medal, a handsome medal awarded since 1922 for the best published work of the year. On the front of the medal is inscribed "Lofty Aims and High Ideals."

 "queen," I didn't get any news
 written last week. As everyone
 may know, the senior candidates,
 Pauline Coltharp and Jackie Clack,
 won the King and Queen race. The
 carnival and coronation went off
 nicely. The gymnasium was de-
 corated beautifully for the occasion.

Mrs. J. T. Weaver and her fifth
 grade pupils presented an inter-

*Are Our Texas Highways
 Being Destroyed by 1%
 of Highway Users?*

This question is presented squarely for
 the first time by the Texas Tax Journal in
 its booklet, "The Case of the One Per Cen-
 ters."

Every Texan who wants good highways,
 adequate for 99 of every 100 users, should
 write for a free copy of this revealing book-
 let.

Approximately 99% of all Texas motor
 vehicles are registered for a gross weight of
 20,000 pounds or less.**

All Texas taxpayers, including your Texas
 Railroads, have reason to be concerned
 about the high cost of constructing and re-
 pairing our highways and the prospect of
 building more costly roads made necessary
 by the operation of highway "box cars."

No one has any desire to bar vehicles of
 reasonable size from our highways, so long

as each pays its fair share of construction
 and repair costs.

Other Texas taxpayers should not be re-
 quired to shoulder the burden of a roadway
 system for highway "box cars", representing
 only 1% of highway users.

Every Texan interested in good highways
 without increasing the growing tax burden
 should fill out the coupon below and get a
 copy of this valuable booklet.

simple matter to make another one immediately with a razor blade kept in the sewing box.

If you do sew regularly, you should have three pairs of scissors in the sewing box: for cutting, an 8-inch pair, for finishing seams, a pinking shears, and a small pair for cutting buttonholes, ripping seams and snipping thread.

To preserve needles from rust, cut a piece of woolen material long enough to accommodate your longest needle, and wide enough to hold several sizes. Pink edges and use for sticking needles when not in use.

Keep several small, labeled boxes in the sewing kit in which you place discarded buttons, zippers and snaps taken from clothing that is of no further use.

WHEN YOU'RE USING PINS for sewing, wear a small pin-cushion at the wrist (left wrist, if you're right-handed), held with an elastic. In this way, pins can be salvaged very easily by putting in the cushion as soon as removed from the garment.

Always tuck the end of the thread onto a notch on the spool and it won't unravel when in the sewing box. If the notch breaks, it's a

RECIPE OF THE WEEK

Orange Jumbles
(Makes 36 cookies)
1 medium-sized orange
1/2 cup butter or shortening
1/2 cup sugar
2 egg yolks
1 1/4 cups sifted flour
1/2 teaspoon baking powder
1/2 teaspoon salt

Peel orange and scrape white from peel; discard white. Cut orange in quarters, remove seeds and put pulp and peel through food chopper. There should be about 1/2 cup, including pulp, peel and juice. Cream butter, add sugar, then egg yolks, and cream until fluffy. Add flour to mixture alternately with orange pulp. Chill. Drop by teaspoonfuls on greased baking sheet. Bake in a moderately hot (400° F.) oven for 10 to 12 minutes. Tops will not be brown when done. While cookies are still warm, sprinkle with sugar.

If you do sew regularly, you should have three pairs of scissors in the sewing box: for cutting, an 8-inch pair, for finishing seams, a pinking shears, and a small pair for cutting buttonholes, ripping seams and snipping thread.

To preserve needles from rust, cut a piece of woolen material long enough to accommodate your longest needle, and wide enough to hold several sizes. Pink edges and use for sticking needles when not in use.

Keep several small, labeled boxes in the sewing kit in which you place discarded buttons, zippers and snaps taken from clothing that is of no further use.

Mrs. Tipton Honored At Tea Wednesday

Wednesday from 7 to 9 p. m., Mrs. J. T. Cooper and Mrs. F. W. Graham entertained at the home of Mrs. Graham with a gift tea honoring Mrs. Albert Tipton, a recent bride and the former Miss Catherine Sue Cooper.

Mrs. Graham received the guests and introduced them to members of the receiving line, composed of Mrs. W. H. Cooper, mother of the bride, Mrs. Carrie Tipton, mother of the bridegroom, and Mrs. Chesley Tipton, sister-in-law of the bridegroom.

The reception rooms were lighted with "Gone With the Wind" lamps, and in the dining room the tea table was covered with a cutwork cloth and centered with an arrangement of white carnations and chrysanthemums. Crystal candle holders held pink candles that lighted the table. Other appointments for the tea were crystal.

Mrs. Jimmie Harkrider presided at the tea table, and was assisted in serving by Misses Betty Grimes and Pat Cooper. Mrs. Billy Cooper registered the guests.

Over 100 guests called and presented Mrs. Tipton with a shower of gifts.

Television Is Subject For Las Leales Club

Television was the subject when members of the Las Leales Club met Monday evening in the home of Mrs. Bill Brashier.

During a business meeting, the members voted to send Christmas gifts to Girlstown, and welcomed three new members, Mrs. Rudolph Little, Mrs. Wendell Siebert and Miss Merle Sten.

Miss Eunice Nall read the club's constitution and by-laws, and a skit, "The Club President," was given by Mrs. Johnnie Kilgore, president of the club.

Others present were Mesdames W. Q. Verner, W. E. Steele, Jr., Homer Smith, G. A. Plummer, H. C. Westfall, J. C. Whatley, P. L. Crossley, James Horton, Wayne Caton, J. O. Earnest, D. E. Frazer, B. F. Hanna, H. L. Hassell, L. E. Huckaby, Fred Maxey and Don Parker.

Mr. and Mrs. Grady Pipkin and Mr. and Mrs. Bruce Pipkin have returned from Austin, where they attended the convention of the Piggy-Wiggly Operators Association. They were joined in Austin by Mr. and Mrs. James T. Pipkin of Midland, and all attended the SMU-Texas football game Saturday.

Dinner Is Honor For Betrothed Couple

Miss Myrlene Griffin and Jack Cole of Ranger who will be married in a ceremony in Eastland Saturday night, were complimented last Saturday night in a surprise dinner party at the home of Mr. and Mrs. W. T. Arther, who with Mr. and Mrs. Don Doyle were hosts.

The dinner was served buffet style from a table laid with a cutwork cloth and lighted with wine, winter pink and blush candles in bronze candelabra. The tables were for four, centered with rosebuds and places were marked with cards decorated with wedding bells. A table in the living room was centered with a miniature bride surrounded by greenery and crystal swans with floating flower petals.

As the honored couple arrived, slightly later than the other guests, they were presented with a shower of kitchen gifts.

Guests were Miss Griffin and Mr. Cole and Messrs. and Mesdames Neil Hurt, Joe Anderson, Evan Hood, Oral Fox, Miss Bobbie Shero and Charles Lucas. Mrs. Odell Cole of Ranger, mother of the bridegroom, and Mrs. M. B. Griffin, mother of the bride-elect.

Mrs. Bartee Honored At Shower Tuesday

Mrs. W. W. Linkenhogor, Mrs. Jack Lusk, Mrs. P. A. Wheeler and Mrs. Allen Dabney entertained in the home of Mrs. Linkenhogor Tuesday afternoon with a surprise pink and blue shower honoring Mrs. Mac Bartee.

As Mr. and Mrs. Bartee arrived, a trio composed of Mrs. D. B. Cox, Mrs. Wheeler and Mrs. Lusk sang "Mighty Lak a Rose." Gifts held in a hassinet in front of the fireplace were presented to Mrs. Bartee.

Blue and white chrysanthemums decorated the rooms, and in the dining room the tea table was covered with a drawnwork cloth and centered with a stork surrounded by blue and white angel's hair in which other gifts had been placed. Mrs. W. A. Teatsorth presided at the tea service. Plate favors were storks made of safety pins, carrying in the bills scrolls describing babies.

Mr. and Mrs. Jack Lusk have received word that their daughter Mrs. James Le Fan, and Mr. Le Fan and children, Mike and Loris Diane, have moved from Baytown to Temple, where Mr. Le Fan will serve as minister of the Church of Christ.

Methodist Young People Seek Funds To Aid Displaced White Russian Family

A displaced white Russian family before long will be the charges of the young people of the Cisco District of the Methodist Church. The family, one of a number which fled Russia after the Communist revolution and went to China, has been forced to flee China, also, because of Red supremacy, and are now living in Manila. Transportation is to be provided them to San Francisco, but it is the job of the Methodist young people to raise the money to provide transportation of the family to a farm near Dublin where they will live.

The young people of the Eastland church are trying to raise their share of the money, and for that purpose they will have a pie supper at the church Tuesday at 6:30 p. m. Pie, coffee and cocoa will be served at standard prices. The public was invited to attend and lend support to the cause.

A spokesman for the young people said the Russian family

W.S.C.S. Bazaar Set For Nov. 17 At Church

Date for the bazaar to be given by the W. S. C. S. of the First Methodist Church was set for Nov. 17 at the church, at the meeting of the organization Monday.

A turkey dinner also will be served at the church on the day of the bazaar. The public was invited to attend.

Mrs. H. L. Hassell presided at the meeting, during which life memberships were awarded to Mrs. R. C. Ferguson and Mrs. O. O. Mickle.

Mrs. B. O. Harrell was leader of the program on Christian living, and presented Mrs. R. D. Estes and Mrs. N. P. McCarney, who gave a skit on "Rural Prospects." Mrs. R. D. McCrary gave the meditation and Mrs. Harrell presented Mrs. Hassell in a talk on early Americans.

Others attending were Mesdames Frank Castleberry, T. M. Johnson, Ina Bean, J. Morris Bailey, Charles Harris, W. H. Mullings, George Cross and Joseph M. Perkins.

Mrs. Aubrey Van Hoy and daughter, Charlotte, spent Thursday in Fort Worth. They returned recently from Norman, Okla., where they visited Conner Van Hoy, student at the University of Oklahoma.

will be placed on a farm near Dublin belonging to Rev. D. A. Chisholm, superintendent of the Corsicana District of the Methodist Church. He said the young people and the minister have agreed to pay the family a living wage until they can become self supporting.

The Cisco District is made up of Methodist churches in Rising Star, Breckenridge, Cisco, Ranger, De Leon, Dublin, Carbon, Gorman, Eastland and others.

Mrs. McBee Hostess To Friendship Club

The Friendship Sewing Club met last Friday afternoon at the home of Mrs. Clyde McBee for a social hour and business meeting.

During the business session, plans were made for a Thanksgiving dinner to be held in the home of Mrs. Winnie Wynne.

At the close of the afternoon refreshments were served to Mesdames C. W. Mayo, Clyde Walker, I. J. Killough, Eunice Burkhead, Wilburn Stiles, Wynne, Will Van Geem, Lon Horn and Wes Harris.

Howard Brock Gets Naval Commission

Howard M. Brock, son of Mr. and Mrs. Howard Brock of 301 North Ammerman Street, recently received his commission as an ensign in the U. S. Navy Air Corps reserve.

He served 32 months in the Navy during World War II and was trained as an aerographer. He received his degree in chemical engineering at the University of Texas last June, and now is employed in the E. I. Du Pont plant at Gibbstown, N. J.

Stanley Webb Named To Lead Polio Drive

Stanley Webb of Cisco, county tax assessor-collector elect, will be chairman of the county March of Dimes campaign for 1951, it was announced this week.

Webb will work under guidance of M. B. Healer of Brownwood, area campaign advisor for 11 Texas counties in the campaign.

Work of the 1951 campaign is to be planned at a meeting in Brownwood at 10 a. m. Nov. 17.

Fate Foxes Lose Farm Home In Blaze Sunday

Mr. and Mrs. J. L. (Fate) Fox are temporarily making their home with their son, L. L. Fox, 708 W. Patterson Street, after losing their farm home south of Olden by fire last Sunday afternoon.

The home was completely destroyed by the fire, and members of the family stated this week that the loss was not covered by insurance.

Neighbors of the stricken family have contributed household and personal items in an effort to help the family restore their lost possessions.

REV. ELROD GOES TO LOUISIANA

Members of the Presbyterian Church in Eastland have received word that a former pastor of the church, Rev. Clarence C. Elrod, has transferred from the Searcy, Arkansas church to the First Presbyterian church in Jennings, La.

Mr. Elrod served as pastor in Eastland, Strawn and Ranger.

PRESBYTERIAN WOMEN TO MEET

The Women's Auxiliary of the Presbyterian Church will meet at the church Monday at 1:30 p. m. All women of the church were urged to attend.

2nd Trades Day Set For Saturday

Eastland's second trades day in the new series will be observed Saturday at 2 p. m. on the square, Chamber of Commerce Manager H. J. Tanner said this week.

Merchants expressed themselves as well pleased with the results of the first trades day Saturday of last week, when several hundred persons were on hand for the afternoon prize event.

One merchant said it was the biggest Saturday for his store in recent months.

Others said also that they had enjoyed much better than average trade. Only a few of the 43 sponsoring merchants seemed to feel the event had not helped them particularly.

The trades day events in Eastland will be held each Saturday for the rest of the year.

Baileys Go To Waco For Home Dedication

Rev. and Mrs. J. Morris Bailey were in Waco Wednesday for the dedication of buildings at the Methodist Home, and for the opening of the cornerstone in the old administration building, which is being dismantled to make room for a new building.

Mr. Bailey said his father, Rev. C. V. Bailey, was one of three ministers honored on the occasion, he having been a member of the conference that voted to establish the home in 1890.

One of the buildings dedicated was a home for boys donated by Mr. and Mrs. Tom C. Mitchell of Marfa, who frequently are guests of Mrs. John Matthews of Eastland, sister of Mrs. Mitchell. The home was given in memory of their son, John Smith Mitchell. The Mitchells already had given a girls' home.

Mr. Bailey explained that the homes are part of a new plan, to house boys and girls in smaller units than in the old dormitories, and gain a more homelike atmosphere.

Rev. and Mrs. L. M. Chapman, Dr. and Mrs. H. F. Vermillion and Miss Edith Allison were in Fort Worth this week to attend the Baptist General Convention, which was to close Thursday night.

John D. Harvey of Robert Lee, formerly of Eastland, visited with friends here Thursday.

Dairy Meeting Set For Monday Evening

R. E. Burselson, dairy specialist of Texas A. & M. College, will discuss work of the Dairy Herd Improvement Association at a meeting in the Courthouse in Eastland at 7:30 p. m. Monday, County Agent J. M. Cooper announced this week.

The meeting will be on the third floor of the Courthouse.

Cooper said everyone interested in milk production is invited and urged to be present at the meeting. "Every man who milks cows and sells milk should understand this program," he said.

Stores To Remain Open Saturday

Most Eastland stores will remain open Saturday despite the fact it will be Armistice Day, it developed this week.

Under an agreement of many years standing, stores are to close on Armistice Day unless it falls on Saturday, which it will this year.

County Judge P. L. Crossley said that all county offices in the Courthouse will be closed Saturday, and urged persons with business to transact to get it done Friday.

First floor lobby and lounges in the Courthouse will remain open Saturday, he said.

Postmaster E. E. Layton said the post office will be closed all day Saturday, and there will be no rural mail deliveries, but there will be mail deliveries on the city routes as usual.

The Eastland National Bank will be closed, as will a number of federal offices in Eastland.

Mr. and Mrs. Veon Howard and daughter, Jeanie, are planning to be in Dallas Saturday to attend the SMU-A. & M. game. They will be met there by their son Ted, a student at A. & M., and by Pat Rushing, who is attending North Texas State College in Denton.

Mrs. S. L. Odell of Dallas is the guest of her sister, Mrs. Grady Pipkin, and Mr. Pipkin. She will return to her home Saturday, accompanied by Mr. and Mrs. Pipkin, and the three will attend the SMU-A. & M. game.

Mrs. Marene Johnson has returned from a visit with friends in San Antonio.

2 Thanksgivings Are Faced Here

Unless changes were made, Eastland Thursday faced the prospect of having two Thanksgivings this year.

By law, the Post Office, Eastland National Bank, and federal offices must observe the fourth Thursday of November as Thanksgiving Day. That will be Nov. 23.

Following the old tradition, however, the Eastland School Board set Nov. 30 as Thanksgiving Day. That's the last Thursday in November, which always was observed as Thanksgiving until President Roosevelt made some changes.

There were indications the school trustees might change their minds and have the schools close on the earlier date. It was reported some businessmen had protested.

In Austin, Governor Shivers had proclaimed both dates as Thanksgiving, so there was no help from that source.

Three-City Council Set Up At Meeting Here

Committees to study assessment of personal taxes on automobiles, possible county participation in fires outside city limits, discounts on city tax payments, and possible joint action on treating graveled streets were named at a meeting of the city commissions of Eastland, Ranger and Cisco Thursday evening of last week.

It was decided to make the meetings quarterly affairs, and Mayor Price Crawley of Ranger was named president of the joint council. City Manager I. C. Heck of Eastland was named secretary.

Reports of the committee studies are to be made at the next meeting in Cisco the first Thursday in February, Heck said.

RUMMAGE, APRON SALE SCHEDULED

A rummage and apron sale which was scheduled for last Saturday will be held this Saturday by the Women's Auxiliary of Trinity Episcopal church.

The sale will be held in the building formerly occupied by Josephine's Beauty Shop at 204 South Seaman street.

N. D. Gallagher Rites To Be Held Friday

Funeral services for N. D. Gallagher of Cisco will be held at 2 p. m. Friday in the Trinity Episcopal Church in Eastland. Rev. William Albert will officiate and burial will be in the cemetery at Cisco.

Mr. Gallagher, identified with the oil industry since boom days in Eastland County, died late Wednesday at his home in Cisco. He had been in ill health for several months.

Before going to Cisco, the Gallaghers had lived in Desdemona, while he was active in that field.

Old Light Standards Being Sold By City

Anybody else want any of the old Eastland downtown cast iron lamp standards?

City Manager I. C. Heck said Thursday that about 75 of the iron poles were taken down by city workmen, and of these about 30 already have been sold at \$3.50 each.

People are buying them to put at front doors, in their back yards, and in other spots around the home or place of business, he said.

Heck offered the lamps for sale when he found he could get only about \$1.50 apiece for them as scrap metal.

Work on tearing down the standards and their concrete bases is complete, and the job of patching the resultant holes is nearly complete, Heck said.

Quarterbacks Making Plans For Banquet

An earlier football banquet for Eastland High School athletes was decided on at a meeting of the Eastland Quarterback Club Tuesday night, and a committee was named to ask Texas U. Coach Blair Cherry to come talk at it.

Whether Cherry's announcement Thursday of his resignation will affect the situation was not clear.

Members of the club also agreed that an earlier date for the annual club minstrel might be a good idea, and were told by President H. L. King that the Whirlpool device for treating injured Eastland High athletes had been ordered and shipped. It will cost the club over \$400.

Returns Are Good On Blackeyed Peas

Blackeyed peas seemed fairly well established as a new Eastland County cash crop this week as County Agent J. M. Cooper reported that over 30 tons of the peas, along with stock peas, were purchased in Gorman during the last three months.

The peas brought about 50 farmers, mostly in the Gorman area, around \$3500. The peas were threshed and sold dry. Purchaser was Boyd Hilley of Gorman, acting for L. R. Barron of Athens, long a buyer of blackeyed peas in East Texas.

Cooper said that although the peas average around 400 to 500 pounds per acre production, top production was above 800 bushels per acre. Such production for the blackeyed peas, selling at six cents a pound, would mean a cash return of around \$50 an acre. Average return, however, was nearer \$25.

Cooper pointed out that where grown on acres that could not be planted to peanuts, the blackeyed peas brought a much higher return than stock feed crops, and at the same time helped the soil.

The county agent said farmers were fairly well pleased with the prices brought.

Hilley told Cooper that if the price holds up, he expects a much larger acreage in blackeyed peas next year in the sandy lands of the county, particularly in the Gorman area where most of this year's crop was grown.

War Actually Is On, Lions Club Informed

While we sit at home, go about our daily business and tell each other how bad things look in Korea, we actually are in a war, and might as well begin acting that way, Recruiting Sgt. Charles Brannon told Eastland Lions Tuesday.

He urged that more consideration be shown draftees leaving for induction, and President Milburn Long appointed Everett Plowman chairman of a committee to see the draftees off.

Plowman also was directed to contact Lions Clubs in Ranger, Cisco, and Breckenridge, whose boys also leave from Eastland, to enlist aid in the effort.

Built for tough service - all ways! CHEVROLET TRUCKS with Chevrolet's Hypoid Rear Axle

Single-Unit Housing

Here's maximum strength... longer trouble-free service! Chevrolet rear axle housings are formed into tubular steel beams; no bolts or rivets to work loose.

Full-Size inspection plates

Easy-to-remove, one-piece inspection plate saves time and labor... provides full view of rear axle gears when removed.

Splined Axle-to-Hub connection

Splines—not bolts—deliver the driving power evenly—without strain—on all heavy-duty models. Loose axle shaft bolts and costly grease leaks are eliminated.

Straddle-Mounted Pinion

Gears last longer... pinion gear is supported at each end by ball bearings to keep it in mesh. Adjustable thrust pad prevents distortion of ring gear when starting heavy-duty trucks with heavy loads.

4-Pinion Differential

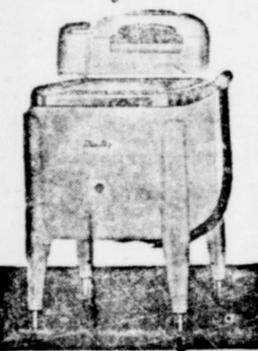

Load and shock of heavy loads are distributed over four pinions instead of two in all Chevrolet medium- and heavy-duty trucks—for longer axle life and greater strength.

Chevrolet trucks are engineered to "take it" on the roughest, the toughest jobs. The single-unit design housing and splined axle-to-hub connection of Chevrolet's hypoid heavy-duty rear axle mean strength and stamina found in no other truck rear axle in Chevrolet's class. Combine that with other outstanding Chevrolet features... powerful Valve-in-Head engines, Synchro-Mesh transmissions, channel-type frames with alligator-jaw cross members! Here is the truck that can handle tough jobs... America's most popular truck. Come in and see these great Chevrolet trucks today.

Plus CHEVROLET ADVANCE-DESIGN TRUCK FEATURES Two Great Valve-in-Head Engines • Power-Jet Carburetor • Diaphragm Spring Clutch • Synchro-Mesh Transmissions • Hypoid Rear Axles • Double-Articulated Brakes • Wide-Base Wheels • Ball-Type Steering • Unit-Design Bodies • Advance-Design Styling.

Flower Show...

(Continued from Page One)

and a picnic table laid on the greensward. Even a portable barbecue pit was included in the setting.

The garden was the work of Mrs. Horton, Mrs. Clyde Grissom and Mrs. Virgil Seaberry, and proved a charming focal point for the entire show.

Flower arrangements were on white draped card tables running lengthwise of the gym, and horticultural exhibits and junior classes were on long white covered tables running crosswise. Between were other table arrangements, including a lovely white and silver bride's table, a breakfast table with antique blue china and old fiddlehead spoons and heavy glass goblets, a holiday table for a buffet supper, a tea table laid in white, and a dinner table in pale pink and green.

On the south side of the gymnasium were exhibits by merchants, including Cecil Holifield, Horton Ceramics, Altman's, Fee's Gift Shop of Cisco, Hamner Appliance, the Peterson Nursery of Ranger and the Stuart Nursery of Desdemona.

Coffee and Coca-Cola were served at a pretty little yellow bar at the upper end of the big room. The Texas Coca-Cola Bottling Co. donated the bottled drinks for the occasion, and set up the pretty little bar.

Mrs. A. F. Taylor's piano pupils provided background music for

the afternoon and evening. A large number of persons, including many school students, saw the flowers during the afternoon and evening.

The show committee extended its appreciation to the various persons and firms who helped make the show a success. Special thanks went to Mrs. Taylor, to the school system for use of the gym, to the merchants who had booths, to the Coca-Cola Company, to the Poe Floral Company for flowers for arrangements, and to the many others who helped, including the judges and Mrs. Lake, who served without pay.

Prize winners in the show were: In Horticulture Classes, Mrs. T. E. Payne second, Mrs. Kensey first, Mrs. Kensey first, Mrs. H. B. MacMoy first, Mrs. Earl Bender third, Mrs. T. E. Seale honorable mention, Mrs. I. C. Heck second, Mrs. Marcus O'Dell second.

In the specimen class which was small because of the freeze, the prizes went to Mrs. Sam Gamble, two seconds, and Mrs. Roy Chapman, a first and second.

Junior classes were divided into ages 6-12 and 13-18. The following were prize winners: Jane Arther, second, Caroline Moore second, South Ward Fourth Grade third, Glenna Kilgore first, Sidney Lou Seale second, David Carothers first, Mable Grimes third, Pat MacMoy first, Goldia Beth Skiles first, South Ward First Grade honorable mention.

Mrs. Jack Carothers' bride's table in silver and white took first honors for table arrangements, with Mrs. Joseph M. Perkins' tea table second, Mrs. Robert Perkins first for a breakfast table, Mrs. George Fee second for a holiday table, Mrs. James Horton, Mrs. Clyde Grissom and Mrs. Virgil Seaberry first for a picnic table.

In the Miscellaneous arrangements, Mrs. Heck won first, Mrs. J. P. Kilgore second and Mrs. Carothers third.

For arrangements, Mrs. MacMoy won first for her fruit arrangement; Mrs. Carothers won second with a horizontal arrangement; the mass arrangement of Mrs. George

Police Net Over \$600 With Ball Thursday

Police Chief Ray Laney is really beaming over the success of the policeman's ball held Thursday night, Nov. 2 in the American Legion Hall.

Laney said that after all expenses, the proceeds exceeded \$600. He said he and his staff are deeply grateful for the support given them by the people of Eastland. "It makes us feel that the people are behind us 100 per cent," Laney said.

He said that not only did the people purchase the tickets and most of them attend the dance, but that a number of business firms had given donations which swelled their fund. He expressed especial appreciation to Mrs. Neil Seabourne and Mrs. Truman Brown who handled the check room at the dance.

"The music by Ray Judia and his orchestra was very good and the dance was well conducted," Laney said.

Fee won second; Mrs. L. C. Brown won third with a mass arrangement; Mrs. James Horton won third for a crescent arrangement, and Mrs. Roy Chapman won second for a vertical arrangement.

Rev. Hallenbeck Anniversary Observed

Rev. W. E. Hallenbeck, pastor of the First Church of Eastland Sunday celebrated the eighth anniversary of his ministry to the community.

The celebration took place at 11 a. m. service at the church members giving testimonials of praise to the pastor. Just before the service, Mrs. G. T. Hubbard presented a word of praise for the pastor as men of the church forward with tubs filled with flowers, other gifts and

School Board To Of Field Improvements

Possible improvements in the school system were discussed by the School Board and Coach Wendell Siebert.

A committee was named to study the situation.

The board also discussed Siebert the general situation in the schools.

"It's a Nice Town"...

... was the comment we heard recently from a newcomer in referring to our new street lights. Towns as a group are about the same as they are seen from a car window, but when one stops and begins meeting the folks and entering into their community life, they're all different. True, the new lights are radiant and beautiful, but how much more important is the idea and the progressive leaders who put it into execution. It's Empire Builders and Empire Building that distinguish one town from another.
