Shivers For Cigarette Tax To Raise Hospital Money

Going Forward

With Eastland By Bob Moore

We are indebted to Nep's Cafe at Olden for sending in the following, which was clipped from some other paper.

WHITE MAN MUCH CRAZY
To show the destructive effects of soil erosion and the need for conservation, an Oklahoma farm paper printed two pictures, one of a sadly decaying farmhouse, the other a field badly washed and gullied. Prizes were offered for the best essays based on the pictures. The winner was said to be a Cherokee Indian, whose effort, capturing first prize follows:
"Both pictures show white man crazy. White man make big tepee. Plow hill. Water wash. Wind blow soil. Grass all gone. Squaw gone. Papoose gone. No cow. No pony.
"Indian now plow land. Keep grass. Buffalo eat grass. Indian eat buffalo. Hide make tepee, moccasins, too. Indian no make terrace; no build dam. No give dam. All time eat. No hunt job. No hitchhike. No ask relief.
"Great Spirit make grass. Indians no waste anything. White man much crazy!"

She asked him to go shopping with her, and he agreed.
So she took him to the milliners; she took him to the furriers; she took him to the jewelers; and, eventually, she took him to the cleaners.

In the race to the altar some girls cover more laps than others.

What a perfect day Monday, at least, for the weather was concerned. Just like a day in Spring. We need some real, harddown cold weather in February, tho, if the farmers are to have good crops.

Some very worthy projects are underway at the present time. Over at the Courthouse, County Tax Assessor Neil Day is ready and eager to sell you a poll tax so you can have a voice in all the important elections coming up this year. Also at the Courthouse, Joe Collins, county director for the March of Dimes drive, is busier than a bee. And by the time this is in print, the important Moad murder trial will be in process. Up at the Junior High School, you never saw so much activity in your life as the students and teachers put the finishing touches to their operetta "Sleep Head", which will be unfolded Friday night. Down at the Chamber of Commerce, Manager H. J. Tanner is busy making plans for the annual banquet, which will be held Feb. 16. Legionnaires are putting the final touches to arrangements for the special dance to be held Wednesday night, with all proceeds going to the Band Boosters Club. Steve Potts, field Scout executive, getting set for the National Boy Scout Week observance in Eastland, Feb. 6-12. Yes, there is a lot of things going on in our town. Nothing exciting, perhaps, but fine community affairs that make up for the backbone of America in sensible and worthwhile living.

There were 26,000 races run on recognized race tracks in the United States during 1948.

WOULD-BE SLAYER OF ATTORNEY BEING SOUGHT

BELTON, Tex., Jan. 24 (UP)—Texas Rangers today sought a gunman who tried to kill the District Attorney prosecuting a former deputy on charges of murdering radio newscaster W. H. (Bill) Mason of Alice, Tex.
The unknown gunman fired two shots at District Attorney James K. Evetts last night as the prosecutor left his garage.
One bullet grazed the top of Evetts' automobile and the other struck the garage.
Officers said the shots had been fired from close range.
Bloodhounds picked up a trail but lost it 30 minutes later.
Bell County Sheriff E. T. Ray said he would take unusual precautions to protect Evetts, famed prosecutor now trying former deputy sheriff Sam Smithwick for the Mason slaying.
"Every person admitted to the courtroom will be searched," Ray said. "We don't know whether the attempt was connected with the Smithwick trial, but we aren't taking any chances.
"Every person must have a seat at the trial. There won't be any standing room and no one will be permitted to look through windows."
A detachment of Texas Rangers came to Belton last night to maintain order during the remainder of the trial.
The attempt on Evetts' life occurred shortly after the state rested its case in the trial of Smithwick, accused of shooting Mason to death on the outskirts of Alice, Tex., last July 29.
Mason was wounded fatally only one day after he charged in a broadcast over Alice station KKKI that Smithwick owned a bawdy nightclub at Alice.
Among the nine state's witnesses who testified yesterday was Avelino Saenz of Alice, the only witness to the shooting.
He said he was a passenger in Mason's car when it was waved down by Smithwick. The former

deputy ordered Mason out of the car, Saenz said, and then there was a shot.
Under cross-examination, when the defense sought to show that Mason scuffled with Smithwick, Saenz said only that Mason "tried to get his own hand close to Smithwick's."
Another state's witness said he heard Smithwick curse Mason as the newscaster lay bleeding on the ground. He also heard the shot.
The defense produced 11 witnesses, including eight who testified that Smithwick was a man of good reputation.
Jack Gladney, Jim Wells County Tax Collector appearing as a defense witness, produced a beer and wine operator's license and said it was issued to Betervo Flores, manager of the nightclub.
But he admitted that the application named Smithwick as the owner.

Doctors Battle To Save Leg Of Dallas Dentist

DALLAS, Tex., Jan. 24 (UP)—Doctors today battled the spread of possible infection in a fight to save the one good leg of a Dallas dentist.
The dentist, Dr. Tom V. Connor, Jr., had his left knee crushed yesterday in an automobile accident on the outskirts of Dallas. He lost his right leg in an airplane crash in 1944, but he learned to use an artificial limb successfully.
Doctors at Parkland Hospital said the kneecap of Connor's leg was broken, and they worked through most of the night to prevent "stiffness and the possible spread of infection."
His artificial leg was not damaged in the crash. Another person, Joe Frank Jurosek, 50 was seriously hurt. He had head and chest injuries.

Tanner Named Temporary Head For Mass Chest X-Ray In City

H. J. Tanner, manager of the Eastland Chamber of Commerce, was named temporary chairman to make arrangements for a mass chest survey of Eastland citizens, at a meeting held Monday night in the C. of C. office.
Approximately 20 civic leaders attended the session. Tanner will appoint a committee to name a permanent chairman for the proposed survey.
The mobile unit of the Texas Department of Public Health will be in Eastland four days, March 23, 24, and 28, to make the survey which is designed to reveal any cases of tuberculosis or other chest diseases. The unit will be located in a downtown business

building, with the exact location to be arranged.
Another meeting of the group of citizens attending the Monday night meeting, and any others interested, will be held in the C. of C. office Thursday afternoon at 5:30 o'clock. When the permanent organization is formulated, various committees will be appointed to make the survey a success, Tanner stated.
The free chest x-rays will be available to any Eastland male or female that is at least 15 years of age. It was stressed that no disrobing will be necessary for the x-rays to be made.
Similar surveys will be made at Ranger and Cisco.

Speciality Acts Added To Junior High Operetta

Several speciality numbers have been added to the Eastland Junior High School operetta "Sleepy Head" which will be presented Friday evening at 8:00 p. m. in the high school auditorium.
A square dance will be one of the numbers and will feature Jimmy Payne as "caller". Members of the dance set are; Jeanette Canton, Sandra Potts, Janis Little, Donna Mosier, Cecil Hollifield, C. W. Hoffman Jr., Don Smith and Jimmy Pipkin.
Another speciality act consists of five young ladies who, in the story of the operetta, are the younger sisters of several members of the cast. These "kids" have not been invited to the party in the operetta but crash it anyway. They sing a very pretty song in which they ask to remain and see how their older brothers and sisters act. This request is granted.
These little sisters are: Jeanne Hamrick, Doris Day, Jeanette McCray, Jean Babbitt, and Emma Lee Miller.
Shirley Alford, who plays the part of the maid at the home in which the party is being given, announces refreshments are in order with a very pretty solo dance.
The members of the speciality acts are all very charmingly costumed and W. C. Robinson, principal of the Junior High School is most appreciative of the assistance of the mothers in helping make the costumes.

BOSTON, Jan. 24 (UP)—Two bandits held up the exclusive Union Club and escaped with \$2,000 today as hurried police sought the bandit gang that staged the \$1,500,000 Brink's, Inc., robbery.
At least one of the gunmen was masked with a handkerchief and police were told both were armed.
The robbery occurred on busy Park Street within a stone's throw of the state house. The brick-fronted Union Club overlooks Boston common.

Traffic Safety Program Given At Rotary Club

Traffic Safety was the program theme of the Eastland Rotary Club in its regular Monday noon meeting on the roof garden of the Connellee Hotel.
Sam Gamble, program chairman, presented Glenn Covington who screened a motion picture regarding traffic conditions. The sound film was narrated by Lowell Thomas.
State Highway Patrolman Oscar Avera made a talk in which traffic statistics of the past five years in Eastland County were outlined. Avera pointed out that fatalities have declined almost fifty percent during the five year period. Stricter enforcement of the traffic laws was cited as primary reason for the improvement in Eastland County, since he was assigned to this district.

The rural areas in the county was listed by the speaker as still being bottlenecked in Eastland County having a better accident record than it has. More education of the rural people regarding traffic hazards and laws through the medium of civic clubs, schools and newspapers was urged.
Pat Miller spoke briefly urging Rotarians to pay their poll taxes by January 31.

Mrs. Joe Stephens and several of the cast of the Eastland Junior High School operetta, "Sleepy Head", presented a preview of the show, which will be given Friday night.

Father McClain Will Refuse To Testify In Moad Murder Trial

Father James W. McClain, rector of the Holy Trinity Episcopal Church of Eastland and the former Dr. L. Q. of radio and stage fame, has been subpoenaed to testify for the state in the 91st District Court trial of Mrs. Elva Moad of Cisco on a charge of murder.
McClain will be asked to make statements concerning alleged remarks Mrs. Moad made in seeking spiritual guidance following the shooting of her estranged husband Emory E. Moad on Sept. 4, 1949.
In an interview with the Eastland Daily Telegram this morning, Father McClain stated he will refuse to testify when called to the stand on ground of clergy immunity.

BY LLOYD LARRABEE
UNITED PRESS STAFF CORRESPONDENT

AUSTIN, Tex., Jan. 24 (UP)—Gov. Allan Shivers today gave general endorsement to a one-cent cigarette tax as a means of raising money to pay for a long-range State Hospital building program.
The governor said he will issue the formal call tomorrow summoning members of the Legislature into special session on Jan. 31.
"The call at this time," he said, "will be limited to financing of state hospitals and setting up a long-range building program."
The board recommended that the proceeds for the tax be yesterday recommended that a "special tax" be enacted to provide for a long-range building program to cost between \$40,000,000 and \$60,000,000.
The board recommended that the proceeds for the tax be channeled into a special fund for the building plan, at the rate of at least \$5,000,000 a year.
Shivers said he did not know whether he would submit in his formal call the specific revenue-raising item of a cigarette tax.
"But," he added, "if the Legislature passed it I would accept their wisdom."

Collection Of Poll Taxes Lags

With only a few days remaining in which to pay poll tax and become eligible to vote in this year's election, Neil Day Tax Assessor & Collector of Eastland County states that he has contacted his Poll Tax sub-station at Cisco, Ranger, Gorman and Rising Star and finds that Poll Tax Payments are lagging far behind what they should be at this time of the year.

In election years, Eastland County has a potential vote of approximately seven thousand to seventy-five hundred and to-date with all Poll Tax Sub-Station reporting, less than twenty-five hundred Poll Tax have been paid in the entire county.

Poll Tax are not assessed with the property tax and the statement of taxes sent out by the Tax Office does not include Poll Tax, but it is necessary that the Poll Tax be paid to be eligible to vote. Mr. Day urges those who have paid their property tax to check their receipts to see if they have paid their Poll Tax when the other taxes were paid.

Parents Warned Of Boys Shooting BB Guns In City

Parents of children owning B. B. guns are cautioned by Police Chief Ray Laney that shooting of the weapon inside the city limits is a violation of a city ordinance.
Chief Laney said he had received a number of complaints since Christmas, when many boys acquired guns, of property damage. Streets lights, gas meters and plate glass of one business firm have been shot out.
Chief Laney urged parents to please supervise their children in the firing of the B. B. guns and warned that drastic action will have to be taken unless the B.B. rampage stops in the city.

Collection Of Poll Taxes Lags

"If the Legislature," he was asked by newsmen, "insisted on a cigarette tax, would you sign it?"
"Yes," the Governor answered. The present state cigarette tax is three cents.
Last year, Shivers pointed out, the tax raised some \$23,500,000. A one-cent increase, he said, would bring in about \$7,500,000 yearly.
The cigarette levy—or any other tax enacted to provide for the long-range building program—would be in addition to a proposed "temporary tax" to provide for the State Hospital System's operating budget for the 1951 fiscal year.
The "temporary tax" would call for a general boost in the state's omnibus tax law, and would expire on Sept. 1, 1951. Some \$20,000,000 will be necessary for the 1951 fiscal year's operating needs and current emergency needs.

Shivers said he was studying the hospital board's verbal report made yesterday and hoped to have a written report by Thursday.
In his call, the Governor said, he will suggest measures to provide for care of the state's mental unfortunates.
"If it was sufficient emergency," he said, "for the governor to call the session, he (the governor) at least ought to suggest some way to solve the problem."
Shivers said he was continuing his conferences with members of the Legislature, pointing out that he was open to all suggestions for meeting the problem.

He said that "a good many members of the legislature and people" had "generally suggested" that cigarettes be included in any tax plan presented to the lawmakers.
"If you could assure permanency of the building program," Shivers said, "I think it would be highly desirable."
The Governor added that "it ought to take five or six years to complete the program."
He said the question of whether the hospital building plan would include the University of Texas' Dental Branch, the M. D. Anderson Hospital for Cancer Research and the Texas State University for Negroes amounts to "a legal question."

Shivers said that since all three institutions, all located at Houston are covered in the higher education appropriation bill, it would be a question whether they would come within the scope of the hospital program.
A Houston businessman's committee recently recommended the appropriation of some \$7,500,000 for building needs at the three Houston schools.

Special Dance Set Wednesday

A special dance will be held at the American Legion Hall Wednesday night, with all proceeds to go to the Band Boosters Club.
The dance is being sponsored by the American Legion Post in an effort to raise approximately \$600 to clear the Eastland High School Maverick Band from debt.

Texas City Plant Gets Safety Award

CHICAGO, Jan. 24 (UP)—Monsanto Chemical Company's Texas City plant, which lost more than 150 employees in the waterfront disaster in 1947, was congratulated today for going through 1949 without a single worker being disabled.

The National Safety Council said last night that it was giving its 1949 award for accident prevention to Monsanto.

At the same time, the council noted that Monsanto operations were not responsible for the chain explosions of 1947, which killed 150 employees and injured 200. The plant, however, caught the full impact of a destructive explosion aboard a French ship loading ammonium nitrate fertilizer at a nearby quay.

It was the second time that Monsanto won the NSC's distinguished service award. The honor was first conferred upon the plant in 1945.

SAYS RUSSIA GOT ATOMIC MATERIALS HERE IN 1943

BY GLENN MARTZ

United Press Staff Correspondent
WASHINGTON, Jan. 23 (UP)—An official of the Atomic Energy Commission said today that Russia obtained atomic materials in 1943 from a firm which had agreed to reserve all its supplies for the United States.

Burman was rare metals procurement office or the Manhattan engineering project which made that atom bomb. He was called in the committee's renewed effort to trace shipments of uranium compounds and other atomic materials to Russia during the war years.

That testimony from Lawrence C. Burman, Director of AEC's licensing division, drew a prompt demand from the House Un-American Activities Committee for a thorough inquiry to determine whether firm violated its contract.

Burman told the committee United States officials thought they had blocked all shipments to Russia from any source. They learned four years later than, despite their efforts, a 1,000-pound shipment of uranium compound from Canada went through

THE STORY: Andy Yakov has been hit over the head with a half-gallon demijohn and is in critical condition in the hospital. The accident occurred just as he was about to turn over to police certain letters of the murdered Martin Falter which would clear Roger Blair both of complicity in Falter's death and in the murder of Nell O'Neill.

XXIX

CHARLIE REDDY dashed. "Let's skip Hagar Blair for now, then, and go on to the next suspect."

"Okay," Chief Peters' bright small eyes again flipped up from his papers. "The next one is Miss Stephanie Smith."

Reddy's drowsy-looking lids snapped open, his long brown fingers clutched the chair arm, and his back stiffened defensively.

"Chief, I have an honest respect for you and your methods of running your office—" Reddy spaced his next words carefully—"but, if it's not out of order, I'd like to suggest that we concentrate on the people who might have done the murders!"

Peters drummed his fat fingers on the table. When he met Reddy's challenging eyes, his own narrowed.

she was with Hagar in the Three Wishes Shop. Right?"

"Right. So obviously, she couldn't have been at Falter's."

"Apparently, she couldn't. Did it ever occur to you, Charlie, that Hagar Blair and Miss Smith consistently have alibied each other?"

"Wait a minute! Somebody else knows that they were together in the shop either just before or just after Falter was getting knocked off. Yakov and Mrs. O'Neill were there with them!"

"So they say, Charlie. We never had a chance to check that story with Nell. And, unless Yakov comes out of his coma, we can't check it with him either."

Reddy's face turned dark red. "Yes and we were in process of checking it when the second murder took place. How were we to know that Nell would get knocked off right away? But Stephanie can't be every place at once, either. If she was in the shop with Hagar—and I'm positive she was—how could she also be up at Falter's place sticking a bodkin in his back?"

here with you—take a good look at the stuff, will you, fella? Try and get an inspiration?" He punched the air with his left fist: "Let's crack this thing!"

As he watched the heavy figure plod off down the hall, Charlie's face turned sympathetic. He picked up the sheaf of papers and sat down near a lamp. His eyes raced over the typewritten words until he was half through the third page. Abruptly, he stopped reading and dug into his pocket for his own notes. Leafing quickly through the small book, he checked an item with a few lines in the Chief's data. His eyes were glared with concentration as he returned his notes to his pocket and stuffed the Chief's papers in a manila folder.

He lit a cigaret, absent-mindedly puffed at it twice and ground it out in the overflowing ash tray. He stared across unseeingly at a painting while the words he had just read clicked before his mind's eye with teletype clarity and precision. Then, galvanized by a half-formed idea, he glanced at his watch, snatched up the folder and bolted for the door.

TROTTER, coming in, drew back from a near collision: "You've got a lot of energy for this time of morning!" He grinned wearily, "Where's the fire?"

"I've got only about five minutes to make it!"

He made a sharp turn near the floor supervisor's desk, nodded apologetically at her reproachful face, and plunged for the stairway. As he clattered down to the lobby, he thought fleetingly of Stephanie, assured himself that she was all right, and jogged out to his car.

The rumble of the engine reverberated through the empty, dark street as Reddy guided his car at high speed to the junction at Ocean Highway. Making a squealing right turn, he roared past summer cottages, real estate offices and motor courts. His watch registered five minutes past 2 o'clock when he pulled up before the palm-hatched building that was Bob's Place.

Five Convicts Captured After Prison Break

SUGAR LAND, Tex., Jan. 24 (UP)—Five convicts were behind the old familiar bars today after a gamble for freedom last night brought a rain of bullets from guards at the central prison farm No. 2 near here.

The men scrambled over a fence at 8:15 P. M. guards spotted them and began firing.

They made good their escape, but were rounded up here a little more than two hours later. Prison officials said all five surrendered peacefully and were taken back to their cells.

The escapees were identified as William Howard Jones, 20, serving a 3-year sentence for burglary from Grayson County; Jackie Spain, 22, serving two years for petty theft from Taylor County; Arland Ray, 42, serving three years for burglary from Dallas County; Dillard E. Henderson, 25, sentenced to 20 years for robbery in Dallas County, and Kenton Montgomery, 30, serving a 7-year sentence for robbery in Dallas and Palo Pinto counties.

Two Questioned In Smuggling Case

LAREDO, Tex. Jan. 24 (UP)—U. S. Authorities today sought custody of two Michigan men arrested at neighboring Nuevo Laredo, Mexico, in a counterfeiting case.

Louis Benavides, San Antonio secret service agent, questioned the men at the Nuevo Laredo jail yesterday, but did not comment on his findings.

Ramon Salinas, Mexican Chief of Detectives, said the prisoners were residents of Jackson and Auburn, Mich.

The man, from Jackson, about 33, admitted ownership of \$140 in counterfeit currency found on him and \$310 in spurious bills cached in an expensive automobile parked here, Salinas said.

Salinas said the Jackson man told him he left Michigan with \$1,000 in counterfeit money which had been lithographed. He left an accomplice and \$5,000 in bogus bills at Jackson.

The 32-year old resident of Auburn told Mexican authorities he met his companion at Little Rock, Ark., and accompanied him to Laredo because he wanted to visit Texas.

Officers Seek Remaining Loot

FORT WORTH, Tex. Jan. 24 (UP)—Authorities of four Texas counties today sought recovery of the remaining half of some \$10,000 worth of loot taken in 40 admitted burglaries by a former Ft. Worth man.

Officers estimated that approximately half of the loot has been recovered since the man's arrest last week in Houston. They said the 34 year old man has admitted burglaries in Tarrant, Dallas, Harris, and Ellis counties.

He was brought here from Dallas yesterday, and more than \$1,500 in loot—consisting of television sets, radios, guns, and musical instruments was recovered.

State and California.

The hen, owned by D. W. De Shazo, laid an egg here yesterday which measured 8 1/2 inches by 6 5/8 inches.

Lou's egg didn't quite reach the 9 1/2 inch long product laid by a California hen,—but it easily surpassed the slender 3 1/2 inch width of the Golden State egg.

THE STORY OF TEN LITTLE FREE WORKERS

THESE ARE THE WORKERS

REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESLERK REPORTER

Ten little free workers in this country line and fair.
But if you cherish your freedom—worker have a care!
Ten little free workers—Reddy was doing fine
Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate
Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven
But the government took over the railroads, then there were seven.

Seven little free workers—'till the miners got in a fix.
Uncle said coal's essential and took over leaving six.

Six little free workers 'till the day did arrive
The steel mills too were federalized—then there were five.

Five little free workers—but the farmers are free no more
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree
All must have free legal advice—then there were three.

Three little free workers—the number is getting few,
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun
Mustn't criticize government—so now there are none.

Ten little workers—but they are no longer free
They work when and where ordered, and at a fixed rate you see,
And it all could have been prevented if they'd only seen fit to agree
And work together instead of saying "it never can happen to me!"

This little story points out what CAN HAPPEN to you in Free America and is the story of what HAS HAPPENED in some countries and IS HAPPENING in others as socialization of industry progresses.

MIDWEST, NORTHWEST HIT BY TWIN BLIZZARDS

CHICAGO, Jan. 24 (UP)—A twin set of blizzards hammered the nation today, lashing the Midwest and Pacific Northwest with raging snowstorms and high winds.

Minnesota caught the full fury of the Midwestern storm which swept across the Canadian border on winds of 60 miles an hour.

Hovde at Chicago said the Midwest blizzard was expected to be the more severe of the two.

Before dawn today, heavy snow was falling throughout Minnesota, portions of the Eastern Dakotas, Northern Wisconsin and Upper Michigan.

Highways conditions were expected to be extremely hazardous throughout Iowa, Wisconsin, Michigan and Northern Illinois. Freezing rains laid a sheath of ice over many sections of those states.

The far western storm pummeled Washington State and Idaho after ripping across British Columbia. The storm paralyzed the Canadian Province, bringing transportation to a standstill, forcing schools to close, and hampering communications.

Both storms were the result of a vast mass of cold air straddling the northern portion of Canada. And as they poured southward into the United States, they brought intense cold waves along with them. Temperatures were expected to drop far below zero in many areas by nightfall.
