Going Forward

With Eastland By Bob Moore

A. E. Cushman and son, Michael of Olden went fishing at the Byrd's Store dock January 21, and left a boat oar and life preserver suit. After arriving home, they discovered their loss and went back to Possum Kingdom the next weekend. They found their possessions exactly where they had left them. A party had reported finding them to the owner of the store, who suggested he leave them where they were found as the owner might return for them. You can't tell the Cushman's now that most folks are not honest.

With the recent murder trial fresh on your minds, we are reminded of the one they tell on an attorney and his four-year-old son. Seems they were walking solemnly home from church when the small boy looked up with a puzzled expression.

"Daddy, why do they always say 'amen' when they pray?" he asked earnestly. "Why don't they say 'awomen'?"

The lawyer explained as best he could that it was an old established custom, with a Biblical precedent. But the boys seemed unconvinced.

"I think," he said, after some consideration, "that it's because all the songs are hymns."

The long-suffering husband was moaning. Ruth, he said, "you promised you wouldn't buy a new dress. What made you do it?"

"Dear," replied the modern Eve, "the devil tempted me."

"Why didn't you say 'Get thee behind me Satan!' the poor man inquired."

"I did," the woman replied sweetly, "and then he whispered over my shoulder: 'My dear, it fits you just beautifully in the back.'"

Here and there: Mr. and Mrs. Robert Dotson and their son, Bobby and daughter, Beverly of Glen Rose, spent Sunday in the home of Judge Cecil Collings and wife. Mrs. Dotson is a sister of Mrs. Collings. Another carload of new Frigidaires for Lamb Motor Company arrived at the T. & P. Depot yesterday afternoon. Today is the last day for paying your poll tax.

Recital Not To Be Held Tonight

A recital of pupils of Robert and Wanda Clinton, which was scheduled for tonight, has been postponed until Thursday night at 7:30 o'clock, due to the weather conditions.

Officers Elected For Lakeside Country Club, Inc., Of Eastland

Officers and directors for the Lakeside Country Club, Inc., Eastland's new nine-hole golf course which was sponsored by the Quarterback Club, were elected at a meeting Sunday afternoon of approximately 50 members.

Don Hill, owner of the Hotel Connellee, was elected president. Other officers named were: Hubert Westfall, vice-president; J. Ross Rucker, secretary; and J. T. Cooper, treasurer. Directors named were: Bob Gilchrist, Bob King, Bill Hoffman, Dr. W. S. Poe and Everett Plowman.

Bruce Pipkin, vice-president of the Quarterback Club, presided for the meeting in the absence of President Hood King, who was ill. The directors will meet this week to name finance, greens and entertainment committees.

Cisco Lutheran Churches will sponsor the Valparaiso University a cappella Choir when it appears in the Cisco High School Auditorium, Tuesday, Feb. 7, at 8 o'clock. Among other stops on its first southern tour will be New Orleans, Baton Rouge, Houston, Fort Smith and St. Louis.

The 77 young men and women selected to sing on the tour will make the 3,500 mile jaunt on two greyhound buses. Despite the fact that Valparaiso University is a meeting place for students from 13 foreign countries and most states of the union, the concert tour will be the first introduction to the south for many singers.

The director, Richard Schoenbohm, was the personal choice of Walter Damosch for the baritone lead in the premiere of Damosch's "Abraham Lincoln Song." He is a former member of the Chicago Civic Opera Company.

The Valparaiso University a cappella choir received wide acclaim on previous tours through the east and midwest. They have been heard on American and Canadian Networks and have been broadcast from transcriptions over radio Luxembourg in Europe.

EHS Students Exceptionally Well-Mannered, Says Principal

W. P. Jones, principal, declared that students of Eastland High School were exceptional well mannered and during his three years here he had never had to whip a single boy or expell one, in an address to the regular Monday noon luncheon of the Eastland Rotary Club. Jones said that EHS students would compare favorably with any other high school student body in the state and their well-mannered attitude was due to examples set for them by the adults of the community. He pointed out that the school can't do it all in raising youths to be good citizens. "A lot depends on the homes and churches."

He said it was a surprising thing that there were no serious disciplinary problems in the school and that hazing of freshmen by upperclassmen has almost been entirely eliminated. Citing as an example three boys who played "hooky" Friday to attend the Moad murder trial in Eastland (one having an excuse from his mother), Jones said the three boys were called into his office. "We talked the problem over and I left the office to permit them to decide what disciplinary action should be taken. With supervision and being fair with the students, they will always be fair in return. Always they set

their own punishment too stiff, and I have to tone it down." The Rotarians were urged to become better acquainted with the school and to visit the educational institution. "You are paying for it one way or another and it is your responsibility to see that it is being run right," he said.

Jones said that a recent recognition of EHS students was its acceptance into the Southern Association of Secondary Schools and Colleges. A evaluation committee of 18 educators will be at the local high school March 15, 16 & 17, to decide if it may qualify for permanent membership. The facilities, equipment, business records and faculty will be evaluated. Following the evaluation, the committee will meet with the Eastland Independent School Board and interested citizens for a report.

Continued on Page 2

Colored Man In Jail Here

A colored man, apparently a mental case, was arrested by City Police Monday on a downtown street. He was later transferred to the county and is being held in the Eastland County Jail. The man said he was from Los Angeles, Calif. Finger prints have been sent to Austin in an effort to secure identification.

A written report was made by Don Hill, Neil Day and Jimmy Harkrider, who served on the Quarterback Club committee in building the course. The report indicated 85 charter members in the Lakeside Country Club, Inc. A membership drive is in progress to secure 150 charter members.

Necessary forms were transmitted to Austin Monday for incorporation of the country club. The grounds were recently leased from the City of Eastland.

Besides Preston and Barrymore, the film stars Chill Willis and Robert Sterling. Barrymore, of course, is the son of the great "profile" and this picture introduces him to the public.

Chrysler Strike Settlement Hopes "Very Black"

DETROIT, Mich., Jan. 31 (UP)—Chances for settlement of the CIO United Auto Workers' strike against Chrysler Corporation are "very black," labor conciliators admitted today.

Federal Conciliator E. Marvin Seonyers said that "frankly, I'm gloomy." State Conciliator Philip Weiss said both sides were "stubborn."

"It looks very black," Seonyers said. "We're keeping close touch with the situation, but nothing has indicated that a new meeting would produce any results."

The strike last Wednesday by 89,000 production employees in Chrysler's 25 plants across the nation has idled a total of 120,000 workers.

The UAW called the walkout when Chrysler refused to grant its demand for a 10-cent package increase, to be received as a pension-welfare plan or an across-the-board wage hike. The Union previously rejected the company's offer of \$100 monthly pensions for workers of 65 with 25 years' employment.

The Bakers' Horseshoe Plantation last figured in the news when Grenville Baker, 27-year-old heir to a huge fortune, was found shot to death after a jeep accident. Authorities never have learned whether it was suicide, homicide or an accident.

New Collector Of Revenue Named

DALLAS, Tex., Jan. 31 (UP)—John B. Dunlap, Dallas collector of Internal Revenue since last Feb. 9, will succeed B. W. Wilde, Jr. As agent in charge of all federal internal revenue offices in Texas tomorrow.

Dunlap, 46, became collector of revenue in the Dallas office last Feb. 9 after serving as acting collector. He has been connected with the Bureau of Internal Revenue since 1933.

In his new position, Dunlap will be in charge of offices in Dallas, Fort Worth, San Antonio, Houston and smaller Texas cities. He will be succeeded in his position by Ellis Campbell, Jr.

Wilde retired as agent in charge last September after a long career as a government official.

Forgers Active In County Again

Forgers have been active again in Eastland County during the recent weeks and Sheriff J. B. Williams urges business owners to secure proper identification before accepting checks.

Unless identification is secured, business owners are taking a risk in accepting a check from an unknown party, Sheriff Williams stated.

If a businessman is suspicious of a person trying to cash a check the Sheriff's office would appreciate a call in order that they might investigate that person.

Windsors Visit In Tallahassee

TALLAHASSEE, Fla., Jan. 31 (UP)—The Duke and Duchess of Windsor visited "absolutely privately" here today before going hunting in Mexico.

The Former King and the American-born woman for whom he gave up his crown are the guests of Mrs. George F. Baker, a member of the wealthy New York Banking Clan.

The Windsors may do a little shooting at Horseshoe Plantation, although veteran hunters are sticking close to home because of the rattle-snake-attracking warm weather.

The Bakers' Horseshoe Plantation last figured in the news when Grenville Baker, 27-year-old heir to a huge fortune, was found shot to death after a jeep accident. Authorities never have learned whether it was suicide, homicide or an accident.

United Press Staff Correspondent WASHINGTON, Jan. 31 (UP)—The atomic energy commission disclosed today that it has been digging up the nuclear facts which a hydrogen bomb project would have to possess.

It did not mention the H-Bomb, but in its seventh semi-annual report to Congress, the AEC revealed research with hydrogen and lithium aimed at disclosing:

"How atomic nuclei are put together and what forces operate within them, so as to obtain a fuller understanding of how atomic energy is released and how it can be put to work."

These experiments have been carried out—at the Los Alamos bomb science laboratory and elsewhere—with three different forms of hydrogen nuclei as well as with lithium and other light elements.

Scientists have said privately that a hydrogen bomb several times more powerful than the most modern fission bombs could be made by combining light elements instead of splitting heavy ones like uranium or plutonium.

Some experts in nuclear energy believe the best bet would be a combination of lithium and heavy hydrogen with a conventional plutonium bomb. The fission bomb's multimillion degree heat would set off split-second reactions among the heavy hydrogen and lithium atoms with release of vast amounts of energy.

Major members of the board were silent.

Spanking Barred Unless Parents Give Consent

HOUSTON, Tex., Jan. 31 (UP)—Houston school teachers can't even pick up the rod, much less use it sparingly, without calling "mama" for permission.

Superintendent of schools W. E. Moreland said today that what the School Board had decided, and "that's the way it will be."

It all came about by changing the word "preferable" to "necessary" in a paragraph about corporal punishment in Houston schools.

Now it is "necessary" to notify parents and get their permission before Junior takes the rap for throwing spitballs.

And if mama says "no," there'll be no rap for Junior. Moreland told inquisitive newsmen that corporal punishment in schools was just about a thing of the past, anyway. He declined to name any schools, but observed that "some" wouldn't even consider spanking a child.

Chief backers of the preliminary telephone call to parents were two mothers on the school board, Dr. Ray K. Daily and Mrs. Olon Rogers.

Utilities Hampered In Some Sections By Mild Ice Storm

Report Reveals Work On H-Bomb

By Joseph L. Myler United Press Staff Correspondent WASHINGTON, Jan. 31 (UP)

The atomic energy commission disclosed today that it has been digging up the nuclear facts which a hydrogen bomb project would have to possess.

It did not mention the H-Bomb, but in its seventh semi-annual report to Congress, the AEC revealed research with hydrogen and lithium aimed at disclosing:

"How atomic nuclei are put together and what forces operate within them, so as to obtain a fuller understanding of how atomic energy is released and how it can be put to work."

These experiments have been carried out—at the Los Alamos bomb science laboratory and elsewhere—with three different forms of hydrogen nuclei as well as with lithium and other light elements.

Scientists have said privately that a hydrogen bomb several times more powerful than the most modern fission bombs could be made by combining light elements instead of splitting heavy ones like uranium or plutonium.

Some experts in nuclear energy believe the best bet would be a combination of lithium and heavy hydrogen with a conventional plutonium bomb. The fission bomb's multimillion degree heat would set off split-second reactions among the heavy hydrogen and lithium atoms with release of vast amounts of energy.

Major members of the board were silent.

\$200 Profit On Dance Here

A total of \$200 was realized in the special dance sponsored by the American Legion and Auxiliary Wednesday night, with proceeds going to the Eastland Band Boosters Club.

The Booster Club still owes \$300 on uniforms purchased for the Maverick Band. Profits from the skating rink held Monday nights at the Morton Valley Gymnasium will be used in paying the remaining debt.

The Legion and Auxiliary expressed their appreciation to everyone who had a part in making the special dance a success.

SOLONS TOLD TO GET JOB DONE IN 30 DAYS

By LLOYD LARRABEE United Press Staff Correspondent AUSTIN, Tex., Jan. 31 (UP)

Legislators had a gentle reminder today to finish their special session in the allotted 30 days. There isn't enough expense money to last much longer.

The session, if it goes the full one-month, will cost an estimated \$235,000.

But a report by state comptroller Robert S. Calvert showed that only \$411,000 was available for legislative expense during the rest of the year.

If the lawmakers fail to complete their job of providing for a state hospital improvement program within the 30 days, a second special session may be necessary.

However, the contingent expense fund—the kitty from which lawmakers pay their expenses—wouldn't last a second go-round. The legislative expense money was appropriated by members near the wind-up of the 1949 record-length session.

Since that time, Calvert has made a forecast of the state's financial picture in which he foresees an anticipated deficit of \$26,000,000 by the end of the biennium on Sept. 1, 1951.

The legislative appropriation was made out of the hard-hit general revenue fund.

HIGHWAYS AND STREETS GENERALLY FREE OF ICE

BY UNITED PRESS

A minor ice storm which has been working on North Central Texas utility lines, trees and shrubbery began taking its toll today just before warming rains started a slow thaw in some sections.

Ice forming on telephone lines caused breaks in some places and disrupted service in others. At mid-morning, however, telephone company officials said the situation was "not serious."

Southwestern Bell reported some 85 toll circuits out in the Gainesville sector where one-half inch of ice formed on the wires. The Texas Telephone Company at Sherman said it had some 30 circuits out at that point and others in the north Texas towns it serves—Bonham, Denton, Garland, Plano and Whitesboro.

Three sections of Denison were without power because of line breaks due to ice. Highways and streets generally were free of ice, but at least one death was blamed on ice. It was that of 19 year old James Kenneth St. Clair, whose car spun out of control and plunged off an ice covered overpass onto railroad tracks at Fort Worth.

The freezing rain, mixed intermittently with sleet and snow, was giving north central and west central Texas its sheath of ice. Continued rains were expected to ease the sub-freezing temperatures high enough over most of the area during the day to wash out the ice cover. Only extreme northwest East Texas was expected to remain in the freezing zone.

At 8:30 A. M., the affected area extended from Bonham westward to Big Spring and as far south as Dallas and San Angelo. A number of rural power lines were reported broken by ice around Bonham.

Temperature readings at that hour included eight degrees at Dalhart, 13 at Amarillo, 23 at Ardmore, Okla., just across the Red River from Gainesville, 25 at Wichita Falls, 29 at Fort Worth and Big Spring, 31 at Dallas and 32 at Comanche.

Outside the freezing zone, Midland reported 33 degrees, Waco 35, Texarkana 39, San Antonio 45, El Paso 42, Houston 58, Beaumont 67, Corpus Christi 69 and Brownsville 72.

Rain was general throughout east and south Texas, while the extreme lower tip of Texas and northwest Texas had dry weather and skies partly cloudy to high clouds.

Up to 6:30 A. M., rainfall measurements included .72 inches at Dallas, .70 at Bonham, .76 at Texarkana, .23 at Marfa, .46 at Mineral Wells, .44 at Abilene, .11 at Big Spring, .06 at San Angelo, .04 at Ozona and Midland, .03 at Bryan, .02 at San Antonio and .01 at Austin and Lufkin.

The 8:30 A. M. readings were only a shade above the morning's lows, which ranged from six degrees at Dalhart to 68 at Brownsville and Corpus Christi.

Partly cloudy skies were forecast for most of the state tomorrow, only the extreme south portion being promised rain and colder temperatures tomorrow.

Little change in temperatures were expected anywhere except in the upper Panhandle, where tonight's minimums were expected to be between 18 and 28 degrees.

Under the pay-as-you-go plan, the comptroller must certify there is enough money on hand to cover all appropriations only by a four-fifth majority vote of the entire membership—120 out of the 150 representatives and 25 of the 31 Senators—could deficit appropriations go directly to the governor.

If four-fifths of the lawmakers would vote money for their own expenses—including the constitutional \$10 a day pay—they would be placed in the position of voting the state into the red to pay themselves.

In an election year, that action would be obviously distasteful. Of the \$411,000 total, Calvert's figures listed only \$465 as available for Senator's salaries and \$392 for representatives' salaries.

However, as a matter of actual practice, money for salaries will be transferred out of the each chamber's contingent expense fund. For the house, that totals \$200,173, and adds up to \$85,785 for the Senate.

Calvert's figures estimated that 30-day session would cost \$45,000 in salaries for house members and \$9,300 for senators.

House employees' salaries were pegged at an estimated \$80,000 and the senate total was set at \$48,500.

THE WEATHER

By United Press

EAST TEXAS — Mostly cloudy, occasional rain in north and central portions, except freezing rain in extreme northwest. A little colder near the upper coast this afternoon and tonight. Wednesday partly cloudy, except occasional rain and colder in extreme south portion. Moderate to fresh northerly winds on the upper coast and southerly on the lower coast, becoming northerly on the lower coast this afternoon.

WEST TEXAS — Mostly cloudy, occasional freezing rain in upper Pecos Valley, occasional rain in Big Bend country and lower Pecos Valley eastward, not much change in temperatures this afternoon and tonight. Wednesday partly cloudy, not quite so cold in the afternoon. Lowest temperatures tonight 18-28 in Panhandle and South Plains, 28-32 in upper Pecos Valley eastward.

Explorer Says 'Dark Continent' Of Africa Isn't Really Dark

The so-called "dark continent" of Africa isn't dark — it's a colorful mosaic of primitive natives, big game, names and places, according to Commander Attilio Gatti, noted explorer who recently completed his 11th expedition to Africa.

Commander Gatti, author of a profusely illustrated 24-page booklet, to the "Mountains of the Moon," published and distributed by International Harvester Company, outlines the story of the preparation for his travels and the establishment of the expedition's eight main camps in British East Africa.

The booklet, to be distributed to schools, libraries and other interested groups, features eight pages of brilliant full-color photographs. Its text pages are liberally sprinkled with black and white pictures and a sketch map of the long journey.

The Kodachrome illustrations, sixteen in number, show native warriors, animals, African landscapes and exotic birds. The black and white photographs show similar subjects plus scenes of camp life and procedure. The photographs are chosen from 10,000 taken during the course of the expedition.

Commander Gatti, who thought he'd seen Africa for the last time in 1940 — and had written a book

25th Birthday Celebrated By Rural Nursery

Waxahatchie, Texas, Jan. 30, 1950. — Naughton Farms, Inc., "The Nation's Nursery," this week marks its 25th Anniversary, celebrating 25 years in the growing of Rose Bushes, Peach Trees, Shrubs — in fact every kind of nursery stock. To celebrate this great event, Naughton's are holding a gigantic Birthday Sale with the most sensational prices ever quoted in the history of the company. We know our readers will be interested to know of the growth of a little nursery to one of the world's largest mail order nursery concerns.

Naughton Farms was started way back in 1925 and was then only a small, individual one-half acre nursery with a dream far distant to serve America's millions.

From a few roses, fruit trees and shrubs in a lonely one-half acre field, Joe A. Naughton, a young man with a love for flowers and a burning desire to give others the opportunity of having beautiful flowers and shrubs at lower prices, set forth in business. "I know that if we were to succeed in making this small concern a big company, we had to make it worthwhile for people to trade with us," says Mr. Naughton. "So we decided to ship the highest quality nursery stock to be obtained at the lowest prices and to render the quickest possible service."

Those were the days of hard work and long hours — perhaps a small shipment here and a small shipment there. There were many things to look after, many jobs to do, and yet each and every order shipped was of the choicest plants in the nursery.

In 1928, after 14 years of fair dealings, Naughton's had grown

so big that the firm was incorporated, still keeping in mind highest quality nursery stock at lowest possible prices. At that time Naughton Farms, Inc. was already serving over 200,000 satisfied customers — proof enough of the solid foundation upon which this little nursery was built.

Those long hours of hard work and constant effort brought rich rewards — a real satisfaction to Naughton Farms, Inc. The nursery grew larger and larger, selling beautiful roses, plants and shrubs direct from the growers to customers wherever they might live in America. Today, Naughton Farms, Inc., is rightly called "the nation's nursery," shipping over

Firestone Hydro-Flation Service
WITH NEW ELECTRIC HYDRO-FLATOR
Saves You TIME AND MONEY!

Advantages of HYDRO-FLATION
MORE TRACTION—Added weight enables the traction bars to get a better grip... increases drawbar pull.
INCREASED TREAD LIFE—A better grip reduces slippage, thus Hydro-Flated tires last longer because they get a more positive grip.
RETAINS PNEUMATIC PRINCIPLE—An air chamber is left in a Hydro-Flated tire to absorb shocks, lengthen life of road body.
IMPROVED RIDING QUALITIES—Tires partially filled with liquid soften the jolts and jars.
LOWEST POSSIBLE COST—With the Firestone Electric Hydro-Flator we can do the job faster and cheaper than by any other method.

Gay Nineties Party Taking Shape With All Committee's Working

The Civic League and Garden Club Gay Nineties Party will be Feb. 8th at 8:30 P. M. at the American Legion Hall.

Mrs. Joe Stephen is the general chairman and is being ably assisted by Mesdames Clyde Grissom, W. C. Hoffmann, and M. H. Perry, who are serving on the arrangements committee.

Mesdames E. E. Freyschlag, John Turner, and Billy Frost, are members of the decoration committee. Mesdames Steve Potts and Theo Lamb are the committee on ticket sales, and Mesdames Frank Hightower, Guy Parker, and Fred Maxey are members of the Music Committee, in charge of the floor show, which is said to be much "better and bigger" than ever before, are Mesdames W. Q. Verner, Earl Conner, Bob King and Edward Adelsten.

All committees are working hard

and rumors are making the rounds that the Floradora Girls and the Cat Can Girls appearing in this year's floor show are something, "the likes of which Eastland has never been able to obtain before."

David McKee is to be the Master of Ceremonies and he says, "the show is shaping up now."

All committee members and the cast will be in the garb of 80's and 90's and the public is asked to join in the fun, dress up in the old clothes of your grandparents and join in the grand march, which will be led this year by the club's president, Mrs. W. Q. Verner and Mr. Verner.

Entertainment will be furnished at the party which will appeal to all age groups, whether they join in or just look on from the side lines.

The Hanford Atomic Works at Richland, Wash., represent a \$367,000,000 investment. That is more than all the combined investments otherwise held by the General Electric Co.

Operetta Cast And Junior Hi Students Feted

Following the presentation of the Operetta, "Sleepy Head" Friday evening, a group of parents of the members of the cast and teachers of Junior High, hosted a party for the cast and students of Junior High school in the gymnasium.

The group enjoyed games and folk dancing with music from the recorder purchased from funds from last year's Operetta, "The Streamlined Cinderella," Joe Williams, teacher, was in charge of the folk dancing.

The committee on arrangements were Mesdames Cecil Hollifield, C. W. Hoffmann, James Pipkin, Wayne Caton, Homer Smith, Steve Potts, V. T. Moser and C. L. Little.

The refreshment table was laid with a colorful printed linen cloth and decorated with an arrangement of iris, and chrysanthemums in a white basket. Table appointments were of colored pottery. Ice cream and cookies were served.

Eastland Day At Stock Show Enjoyed By 19

Attending the Fat Stock Show from Eastland Monday, going over on the bus driven by Johnnie Aaron were Mrs. Aaron and her sisters, Mrs. J. C. Cook of Houston and Mrs. E. H. Hornsby of Abilene, Mr. and Mrs. George I. Lane, Mr. and Mrs. F. W. Graham, and son Buster, Mr. and Mrs. Parks Poe and daughter, Kay, Mr. and Mrs. Ben Hamner, Judge and Mrs. Milton Long, and Mr. and Mrs. H.

CARD OF THANKS
To the many friends who expressed their sympathy through each loving word or deed, during the illness and death of our loved one, J. E. Siebman, we express our sincere thanks.
Mrs. J. E. Siebman.
Mr. and Mrs. W. C. Robinson and Joy Lynne.

Mrs. Hoffmann Entertains For Daughter's Guest

Mrs. C. W. Hoffmann entertained with a dinner party Saturday at her home honoring the guest of her daughter, Nell Drury, classmate of Mary K. Hoffmann, who spent the week end here.

Miss Drury is from Carlsbad, N. M., and she and Miss Hoffmann are students at Texas Christian University.

The turkey dinner was served buffet style from a table laid with white linen centered with an arrangement of red carnations. Present were the honored guest, Miss Drury, Gladene Womack, Richard Kelley and Jack Eubanks of Ranger, Bobby Harrison, Mr. and Mrs. Bill Hoffmann, C. W. Hoffmann, Jr., Mr. and Mrs. Barron of Monroe La., and J. Irvin of Tyler and Mr. and Mrs. Hoffmann, and Mary.

Mrs. Pipkin To Host Music Club Meeting

Members of the Music Study Club will meet Wednesday afternoon in the home of Mrs. Grady Pipkin, 201 Oak Lawn Street.

The program under the direction of Mrs. Pipkin will be sketches of the modern composers, conductors and singers.

Mrs. T. E. Richardson will assist Mrs. Pipkin in presenting the program.

CARD OF THANKS
We wish to take this means of thanking the many dear friends and neighbors for their kindnesses and beautiful floral offerings during the loss of our dear mother. Especially to the ladies for the bountiful supply of food and Rev. Loyd Chapman may we express our appreciation.
H. L. Williams,
Mrs. J. M. Cantrell and Family.
