

WHITTILIN

By DOLPH MOTEN

Fellow we know who is having some hard luck profitably operating part of his business says if he doesn't get to doing better, he's going over to the courthouse and ask the officials there to appoint him a guardian.

Evidently President Nixon isn't as displeased with LBJ's programs as he indicated during the election campaign last fall.

He hasn't changed many of them, anyway!

Seems we struck a community-wide nerve a couple of weeks ago when we wrote critically here about the TV people firing Peewee Reese from his nation-wide baseball telecasting job.

Reese, since then, has signed on with Cincinnati to do local telecasting of that team. That doesn't help down here in Texas, though, where we'll still be forced to listen to Curt Gowdy or forego the weekly, summer-long TV baseball games on Saturday afternoons. A few games, three we believe, will be on TV on Monday nights during the season.

Probably there's a reason why the TV network replaces people like Reese and Dizzy Dean, long-time favorites with the fans we knew, with Gowdy, but nobody has bothered to explain it to us yet. The theory about Gowdy owning stock in the network or being a brother-in-law of the president is as good as we know about until some more logical explanations are offered.

People in charge of the community-wide children's Easter Egg hunt Sunday afternoon, like Bob Fillpot, Lewis McDaniel and those who helped them, were amazed at how quickly the eggs were found by the 150 or so kiddoes who participated in the party.

Fillpot said it took six or eight men an hour to hide the eggs and the children had about all of them gathered up and in sacks in about 10 minutes.

Five boxes of eggs were hidden. No one knew how many eggs were in each box, but the weight was 31 pounds net each. That's quite a few eggs to basket in 10 minutes or so.

Fillpot described the egg hunt as "successful." He expects, however, to have more children on hand for the event next year. The week-long holiday from school caused some children to be absent from the community. Also, the fact that the hunt was not staged here last year probably cut down on the number of participants this year.

More promotion and advance notice would have helped attract a greater number of egg hunters, believes Bob, who chaired the event for the Lions Club.

The recent appointment of State Representative Bill Clayton of Springlake as executive of Water, Inc. was probably the wisest decision made this year on the Plains of Texas.

In a few short years of dedicated hard work, the Lamb Countian has become known as "Mr. Water" in Texas. Bill probably is the best qualified man to push across the aims and goals of Water, Inc.

If the water importation idea doesn't become a reality, we darsay it won't be because of a lack of capable leadership on Clayton's part.

From Austin comes the report there's a bill before the legislature to abolish the University Interscholastic League, which administers all inter-high school athletic and literary competition. Replacing the league, if this bill is passed, would be the State Board of Education.

Whether the change would be better, we don't know, but many people now believe the UIL is too strict in its rulings. Seems from here the UIL has hurt itself by being too strict on meaningless technicalities.

Good to know, it is, that the people of Texas have the opportunity to do something about rulings they don't approve of, even incidental ones.

The recent ruling allowing a high school student to be allowed only one letter jacket during his four-year career is a case in point. This borders on being ridiculous, as those close to the situation will tell you. A jacket can hardly be considered "pay" for the amount of time that is required by a student to letter in an athletic event. Under the present set-up, though, a high school (Continued on Page 2)

Saturday --

Turnout Light In Two Elections

Voters Name Two Trustees

Thomas Rhodes, Jr. and Earl Whitten were named to fill two vacancies on the board of Bovina Independent School District when patrons of the district went to the polls Saturday.

They were among five names appearing on the ballot this year.

Rhodes received 99 votes, Whitten 79, incumbent Don Murphy 54, Tommy Williams 44, and Charles Smith 28. Tom Caldwell was returned to the county school board, Precinct 2 (Bovina and Rhea). Receiving one write-in vote each were Lucille Walling and Dolph Moten.

Only 156 voters marked ballots in this year's school election. Twenty of them voted absentee. Johnie Horn was election judge with J. E. Sher-

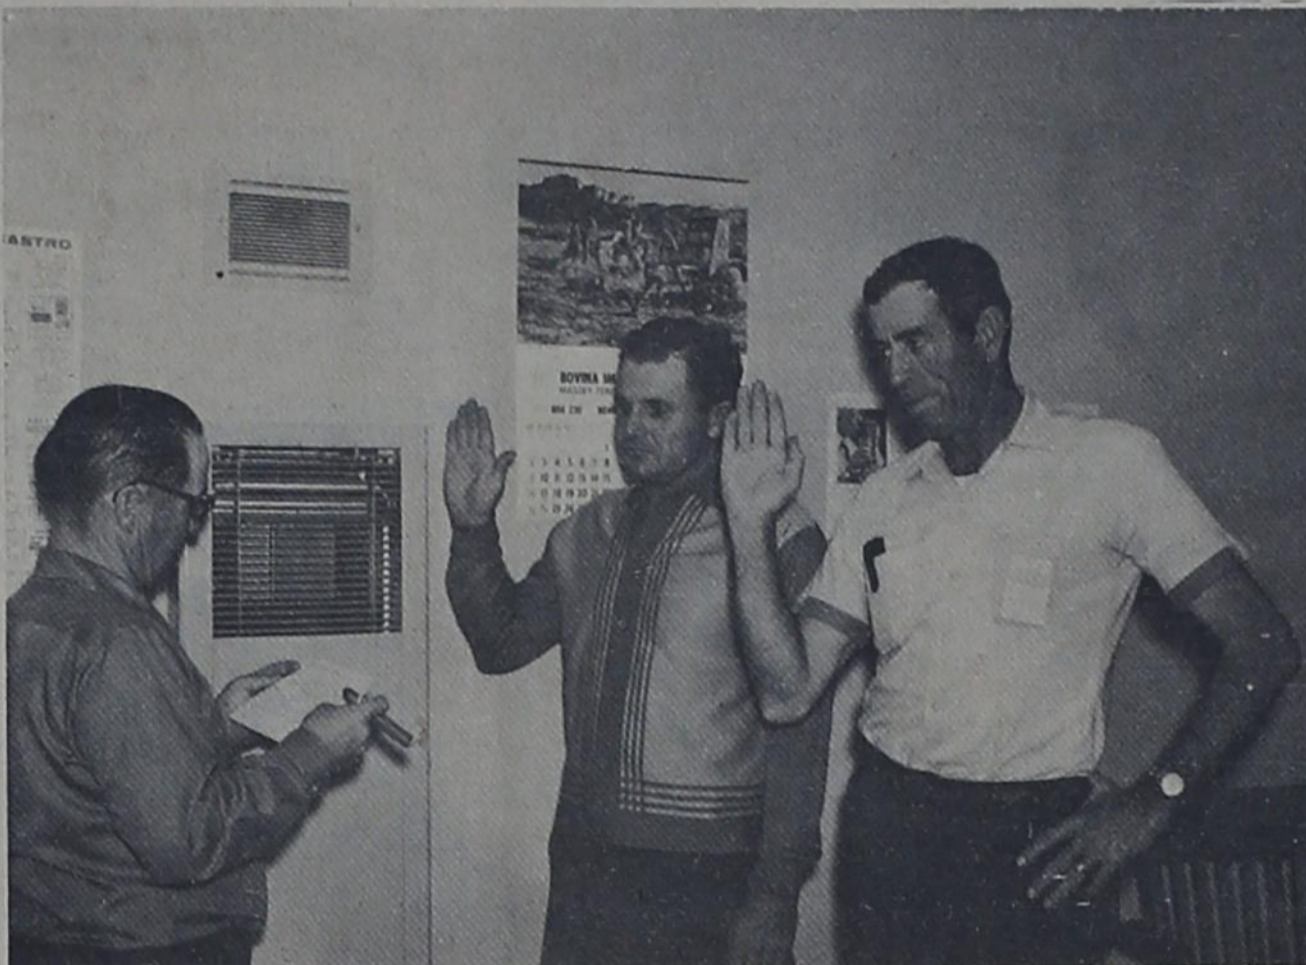

rill and L. M. Grissom serving as clerks.

The terms of Grady Sorley, board president, and Don Murphy, vice president, expired this year. They have served on the board for nine and six years, respectively.

Holdover members include Leslie McCain, Dean McCullum, Eddie Gayle Steelman, Lawrence Jamerson and Leon Ware.

The new and old board members will hold an organizational meeting Monday night, April 14, following a dinner meeting for them and their wives.

Rhodes and Whitten were elected for three years. Terms of board members are staggered so that two members are elected two years out of three and three are elected one year out of three.

SWEARING IN -- Vernon Willard and Vernon Estes repeated the oath of office Monday night as new city councilmen. They were sworn in by Billie Suddeth, who is serving as councilman. At the regular meeting in City Hall votes were canvassed in the Saturday election.

Estes, Willard Councilmen

Vernon Estes and Vernon Willard were elected city councilmen in an extremely light turnout at the polls Saturday.

With 103 ballots counted, Estes was re-elected to the city position with 81 votes. Willard becomes a new member of the council after receiving 65 votes.

Edward Isaac, whose term expired on the council this year, polled 59 votes.

Two Bovina men received write-in votes. Travis Dyer was given two and Charles Flynn one.

One reason for the light voting in the city election was that it fell on Saturday during Easter holidays, when many were out-of-town for the weekend.

Dolph Moten served as election judge. Mrs. Barbara Spears and Lewis McDaniel were clerks at the polls held in the American Legion Hall.

Mayor Bedford Caldwell has another year to serve on his present term of office. Holdover councilmen are Charles Corn, Billie Suddeth and Lloyd Gober.

New members were sworn into office on the council at a meeting Monday night in City Hall.

Isaac has served two two-year terms on the board. Estes has served one year after being appointed to fill the unexpired term of C. R. Elliott, who resigned from the council, with one year remaining.

Estes and Willard are farmers.

By Chamber --

Swimming Pool Meeting Set

Possibility of adopting the project of building a swimming pool in Bovina was one of the topics of discussion at a meeting of Chamber of Commerce and Agriculture board of director's meeting Thursday noon.

A special meeting has been called for Thursday, April 14, when representatives from civic organizations, city council, school board and others will be invited to attend.

The dinner meeting will be held in Bovina Restaurant at noon that day.

Charles Smith, new president of the Chamber board, presided at the meeting. The group also expressed its desire to offer assistance to the Bovina Roping Club in erecting the bull statue on Highway 60.

Chamber of Commerce and Agriculture voted to pay \$150 toward defraying expenses of this year's FFA project show, sponsored by Bovina Lions Club. Total cost of the show this year was \$399.25.

Bob Fillpot, manager of the organization, gave a report on the annual banquet held in March.

Other discussion included plans for a membership drive. J. D. Kirkpatrick will head the membership committee and formulate plans for conducting the drive.

Lewis McDaniel reported

that art work is being done on the Chamber of Commerce and Agriculture brochures. When this is completed, the brochure will be ready for the printers. The brochures are being made available through Southwestern Public Service Company.

Saturday --

Work Day Set For Ball Park

Work day at Bovina ball park will be held Saturday by the Lions Club and everyone interested, including men, women and children.

Beginning at 10 a.m., workers are asked to bring their tools, such as hoes, rakes, etc., according to J. E. Sherrill and Wayne Spears of the Lions Club.

Work on the ball park is beginning in preparation for the coming baseball season. Little League, Pee Wee League, Pony League and possibly girls softball will use the park this spring and summer.

Boys and girls who plan to participate in the programs are urged to help with the work day here.

"If everyone pitches in and helps, it won't take long to get the park in good shape," a spokesman said. "The work is worth the effort, considering the number of young people who receive its benefits."

Shower Adds .25 Moisture

"Spring is bursting out all over." That was particularly true following a shower here Thursday afternoon from which about .25 inches of moisture fell in a short period of time.

Accompanied by "a great deal of electricity" the shower quickly filled run-off areas around curbs.

The spring moisture was evident by Friday, when lawns suddenly turned green, or greener. Fruit trees already blooming even seemed more colorful.

By Sunday afternoon another added touch of spring hit West Texas with its month-late wind.

However, the Easter weekend brought warm temperatures to the area.

Total moisture received in Bovina this year stands at 1.84.

Annual Hunt --

150 Children Find Easter Eggs Sunday

The delightful shrieks of 150 children drowned out the howling wind Sunday afternoon when the "go" signal was given for the annual community Easter Egg hunt.

Clamoring over the prairie grass land south of Bovina Medical Center, three age groups gathered up 155 pounds of gaily-colored eggs in little more than 10 minutes. Prize eggs were found by

Elizabeth Madrigal in the nine to 12 age group; Julio Madrigal in the six to eight years of age group; and Shannon Klimek, one to five years.

Sponsored by the Bovina Lions Club, under direction of Bob Fillpot and Lewis McDaniel, eight men spent over an hour hiding the five boxes of eggs, weighing 31 pounds each. The exact number of eggs hidden was not known.

The annual hunt was previously staged by Bovina Jaycees. However, the event became the project of the Lions Club when the Jaycees disbanded over a year ago.

Last year, the Easter Egg hunt was not held. However, plans are already in the making for a bigger and better hunt in 1970, chairman Fillpot said.

April 15 --

Grace Paul Memorial Fund Dedication Set

A dedication ceremony for a memorial fund to the late Miss Grace Paul will be held at 8 p.m. Tuesday, April 15, in Bovina Schools auditorium.

Everyone in the area is included in an invitation to attend, according to Mrs. Ann Corn and Mrs. Lucille Walling, who have been working on the project here.

A board of directors of seven members will be elected following the dedication.

The Grace Paul Opportunity Plan has been adopted by Bovina Woman's Study Club as one of its projects. A fund was set up at the time of Miss Paul's death. She had been a teacher and principal in Bovina Schools for 20 years.

Also declaring intentions to back the project have been the Student Council and National Honor Society in Bovina Schools.

The Grace Paul Opportunity Plan will be a loan program available to persons desiring either vocational or college educations. The board of directors will review applications for the program.

Memorials are now being accepted for the program at First State Bank of Bovina. Other fund-raising projects

are also expected to be conducted.

Those who have been instrumental in setting up the program say it was adopted because they felt it would have been approved by Miss Paul.

The fund will be incorporated with the Opportunity Plan now in operation at West Texas State University under direction of "Buff" Morris. He has spoken to groups here about its operation, although applications for loans will be considered in Bovina.

Heroic Action --

Award Beauchamp Bronze Star

Hospital Corpsman Third Class Garry W. Beauchamp, son of Mr. and Mrs. Tom Beauchamp of Bovina, was presented the Bronze Star Medal in ceremonies March 7 at U. S. Naval Air Station at Kingsville.

The medal was presented by the Base Commanding officer.

The citation, accompanying the medal, states:

"The President of the United States takes pleasure in presenting the Bronze Star Medal to Hospital Corpsman Third Class Garry W. Beauchamp, United States Navy, for service as set for in the following citation:

"For heroic achievement in connection with operations against the enemy in the Republic of Vietnam while serving as a Corpsman with Company B, First Battalion, First Marines, First Marine Division. On the morning of 31 May 1968, Company B was assaulting a large North Vietnamese Army force near the Khe Sanh Combat Base when the Marines came under a heavy volume of enemy small fire and sustained several casualties. Realizing the seriousness of the situation, Petty Officer Beauchamp immediately commenced maneuvering about the fire-swept terrain while providing injured Marines with medical assist-

ance. Alertly observing his seriously wounded platoon sergeant lying in an area dan-

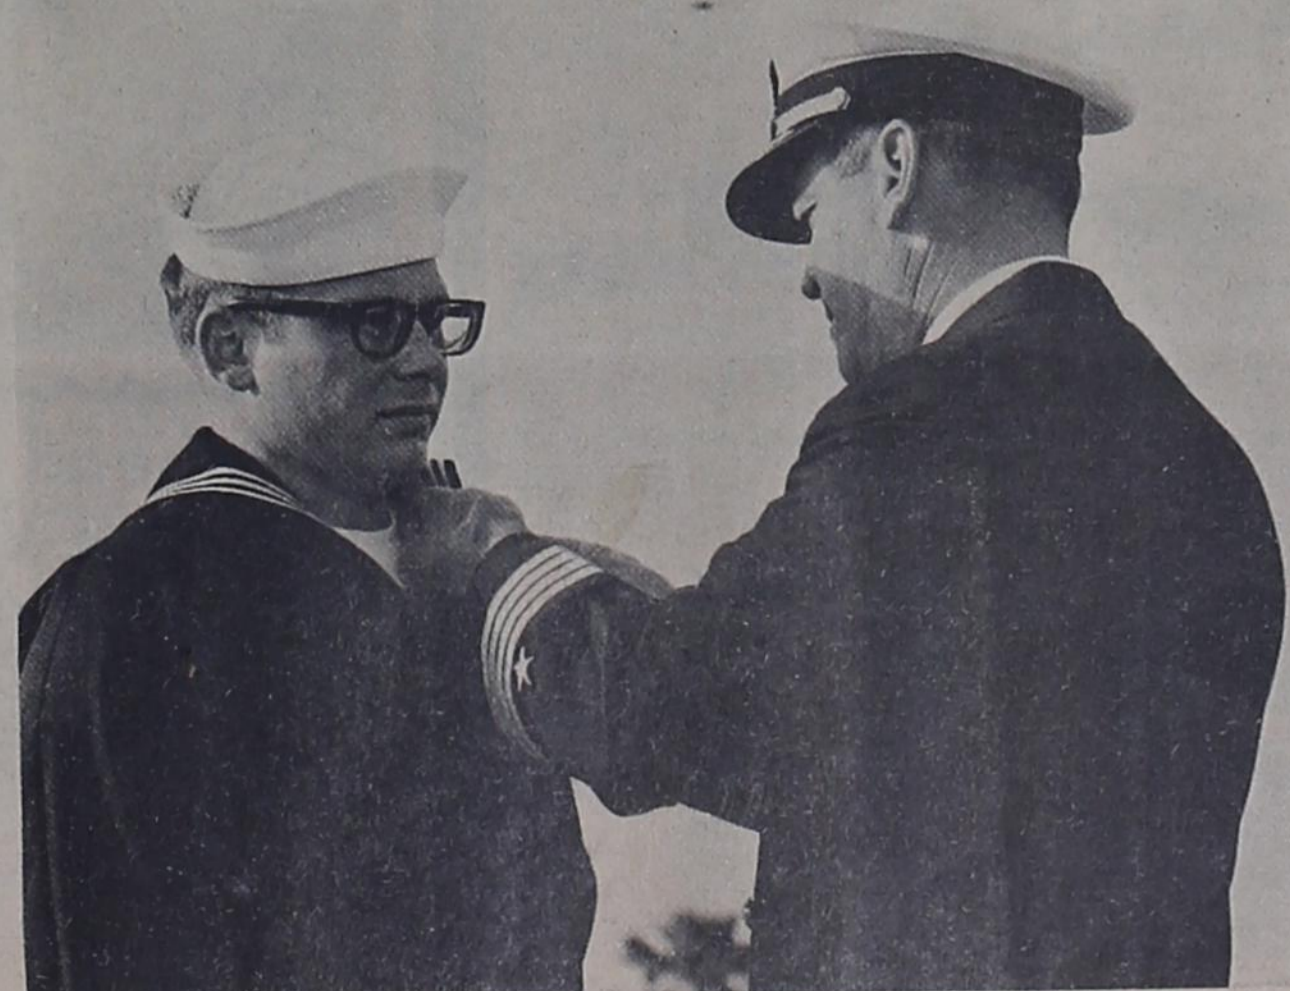

gerously exposed to the hostile fire, he unhesitatingly rushed across the hazardous

area to the side of his injured comrade.

"Disregarding his own

safety, he was fearlessly exposing himself to divert the enemy's attention from the casualty when he was suddenly wounded by fragments from a hostile hand grenade. Ignoring his painful injury, he resolutely continued to draw the enemy fire away from the wounded man until the injured Marine was moved to a helicopter landing zone. Continuing his determined efforts, he steadfastly refused medical evacuation and ensured that the other casualties were effectively treated. His heroic actions and sincere concern for the welfare of his comrades inspired all who observed him and were instrumental in saving the lives of several Marines. Petty Officer Beauchamp's courage, professional competence and selfless devotion to duty in the face of great personal danger were in keeping with the highest traditions of the Marine Corps and of the United States Naval Service.

"Hospital Corpsman Third Class Beauchamp is authorized to wear the Combat 'V'. For the President, H. W. Bush, Jr., Lieutenant General, U. S. Marine Corps, Commanding General, Fleet Marine Force, Pacific." Beauchamp received severe leg injuries in Vietnam. He was eventually returned to the United States and is now serving in Kingsville.

BRONZE STAR -- Garry W. Beauchamp, Hospital Corpsman Third Class, receives the Bronze Star Medal for heroic action in Vietnam in special ceremonies held recently at the U. S. Naval Air Station at Kingsville. The base commanding officer pins the medal on the Bovina High School graduate, who is the son of Mr. and Mrs. Tom Beauchamp.

Weather By Willie

We sure had nice Easter weather.

Good chance for moisture latter part of week.

---Willie

Cattle Co. Expansion Underway

Expansion is underway at Parmer County Cattle Company, according to Cap Naegle, manager of the cattle feeding operation.

Additional pens are being built east of the present location and also across the draw from the present pens.

Feeding troughs will be poured for an additional 16,000 to 17,000 head, Naegle said. Pens will be fenced for 8,000 more. Other pens will be constructed as the need arises. This will increase present facilities from about 20,000 head of cattle.

A lane will be built from the pens across the draw to the existing operation. If the need arises in the future, scales and loading chutes will be built at the new location.

The expansion is expected to be completed in June or July.

Naegle pointed out that pen space is available now at Parmer County Cattle Company.

Investigate Prowler, Gun Theft

Law officials were called to investigate two incidents last week, according to City Marshal Ronald Mitchell.

On Thursday night, Deputy Sheriff Henry Minter was called to investigate a prowler in the vicinity of Third Street and Ave. B.

Saturday night Jack Green reported theft of a .22 rifle from his pickup. Green, who lives west of town and is employed by Birkelbach Machine and Pump, was visiting Randall Edwards, who lives in Bovina Apartments. The rifle valued at about \$40, was taken while he was visiting Edwards.

Reflections

From
The Blade

TEN YEARS AGO
April 8, 1959

A larger-than-expected number of voters elected three new members to the school board Saturday.

Elected were Dean McCallum, Tom Beauchamp and Tom Caldwell. They replace Wendol Christian, Ovid Lawlis and Allen Cumpston.

I. W. "Ike" Quickel and Bedford Caldwell are new Bovina city commissioners. They were elected to two-year terms on the city board at an election Tuesday.

It's time for cantaloupe growers to sign-up for the 1959 season, Otto Ables, representative of Gateway Produce Co., announces.

Gateway wants to process 600 acres of the melons in this area this year, he says.

Mr. and Mrs. Carl Rea are now owners and operators of a cleaning plant here. They purchased Rea Esquire last week from Mr. and Mrs. John Rea, who had owned the firm for the past two years.

Construction of Bovina's first independent service station is scheduled to begin soon.

Billie Sudderth will build the business. It will be on south side of Highway 60 between Macon Elevator and Bovina Dairy Freezer.

Janice Richards, star Bovina Fillie forward, was a member of Amarillo's Dowell's Dolls, who played in National AAU Tournament in St. Joseph, Mo. last week.

Thirty-two projects were judged in eight classes at Fourth Annual Bovina FFA Project Show Saturday.

With little chance of winning the overall district title, Bovina Mustang tracksters will participate in District 3-B contests at Lazbuddie Saturday.

Bovina High School newspaper, The Saddle Horn, received honorable mention in a recent school paper contest in Canyon.

SIX YEARS AGO
April 3, 1963

A total of 87 science projects were entered by students in second through eighth grades in annual Science Fair Monday afternoon at school.

H. J. Charles and James C. Russell were elected to positions on Bovina's city council in Tuesday's voting.

Bovina students brought home their share of placings from district interscholastic league literary meet conducted Saturday at Lazbuddie, according to school officials.

Bovina residents will have an opportunity to contribute to current Red Cross campaign tomorrow night.

After having better-than-expected success in practice meets the past three weekends, Bovina Mustang track team plays for keeps Saturday at Springlake in District 4-B track and field events.

Bovina High senior class will present annual play Friday at 8 p.m. in the school auditorium. Title of the production is "Mumbo-Jumbo."

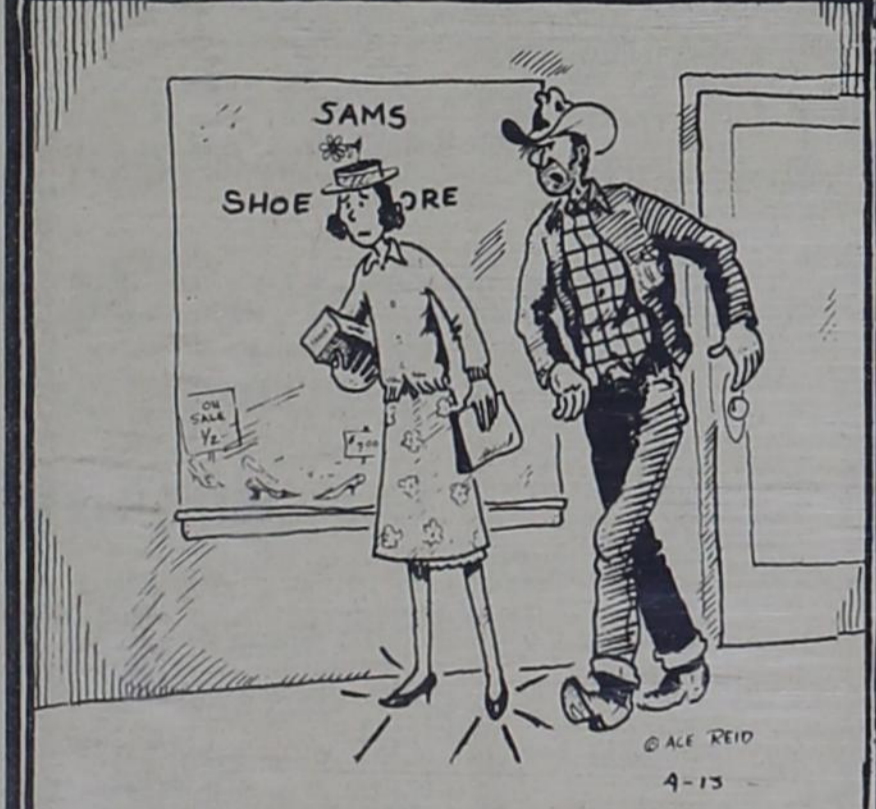

Blade readers may detect a familiar style of writing in this week's issue. Handling women's news this week has been Mrs. Jeanne Kerby, who formerly wrote Bovina news for the then county-wide State Line Tribune in pre-Blade days.

Bovina Woman's Study Club made plans Thursday to sponsor "Operation Christmas Card," a program to give money spent on Christmas cards for a worthwhile project.

Mrs. Charles Thompson, homemaking instructor of Bovina High School, announced this week two members of the Bovina chapter of Future Homemakers of America have been awarded State Homemaker Degrees.

Receiving the honor are Miss Judy Crawford, daughter of Mr. and Mrs. Roy Crawford, and Miss Mary Ann McKinney, daughter of George McKinney.

Exercise For Fun Or Need

Do-It-Yourself Physical Fitness In Privacy

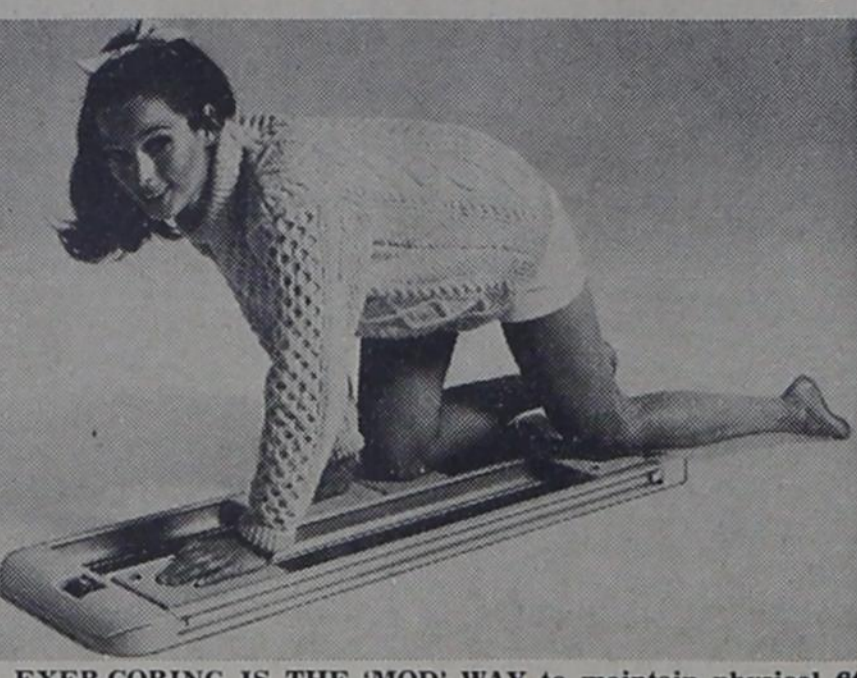

There are signs these days that more people are exercising seriously — exercising not only for the fun of it, but to increase their physical fitness. Perhaps the sign that best typifies this trend toward more earnest, purposeful exercise is a man or woman running or jogging — along a beach — down a suburban street — in a park — or even along a city sidewalk.

Partly, the exercising step-up is a response to current urgings from the President's Council on Physical Fitness and Sports. Partly, it's a result of new books on "aerobics" and jogging, and a reaction to recent research which shows that physical fitness is primarily the ability of the body to absorb oxygen at an adequate rate to meet maximum demands of every day living.

In the midst of this boom in fitness programs, a new machine, Exer-Cor, has been introduced. It allows a person of just about any age or condition to improve his physical fitness right in his own home. The user "cycles" on all fours, which many physical fitness experts feel is the ideal exercise position.

"People have been jogging, running and bicycling for years to stay fit," reminds Engineer-Industrialist Frank Flick, who invented Exer-Cor. "In developing Exer-Cor we allow a person to duplicate the motions of 'life's first major exercise' — cross-patterned creeping. It affords a pleasant way for people to exercise, in the privacy of home or office, regardless of the weather, and does not oblige a person to don sweat clothes and run around the neighborhood in sweltering heat or freezing cold."

For an informative illustrated booklet, "The Astonishing Truth About Physical Fitness," which reports on health and fitness, and tells the complete story of Exer-Cor, how it was invented, how it may improve coordination and athletic skills, as well as physical fitness, and

EXERCISING IS THE 'MOD' WAY to maintain physical fitness. Using "life's first major exercise" — cross patterned creeping, it offers a pleasant way to improve physical fitness and coordination.

ENGINEER-INDUSTRIALIST Frank Flick demonstrates how his invention, Exer-Cor, can be used in an office. Unit is compact and can be stored in a closet for ready use during "exercise break" by busy executives.

how it may benefit retarded as well as normal children and adults, write to: Exer-Cor Division, Flick-Reedy Corporation, 7N015 York Road, Bensenville, Ill., 60106.

Today's black bass anglers consider trolling motors about as essential as the hunter's favorite hound. And that's pretty doggone important!

Fact of the matter is, if you want a top bass fisherman to go out on the lake with you . . . you'd better have a trolling motor on the transom or the bow of your boat. Some are even particular about whether it hangs fore or aft.

Don't get me wrong. They're not "appetish." They are dedicated fishermen and they want every advantage available. When they go to the lake they go to fish. To them that means bringing home a stringer full.

Truth of the matter is that they know how really important the trolling motor is in locating and landing fish. They know that those little underwater powerpacks move slowly, quietly and disturb only a minimum of water. They know too that at slow speed the angler gets in more casts in a given area. Therefore he covers the section thoroughly, without retracing . . . hence quicker. More actual fishing time in more areas is the result, with the likelihood of more fish.

Rapidly increasing popularity of these mini-motors probably is the reason why some of the tackle people

like Pflueger are buying up trolling-motor factories. Pflueger only recently purchased Phantom and now offers a choice of the very latest in lightweight, super-streamlined electric fishing motors. Size has been decreased, with a corresponding reduction in weight, yet they are more powerful and have less battery drain.

What bass fishermen want, of course, is an electric trolling motor that will run all day long, without draining the old battery dry. All day to them means daylight to dark. So, they expect a lot out of their trolling motor and equally as much, if not more, out of their battery. But, over the battery the motor manufacturer has little or no control.

We have noticed too that one of the battery-box builders has incorporated a battery charger inside the box, in a separate compartment from the battery. This for quick and easy, overnight recharging.

A looksee at most any lake reveals that there's a great market for trolling motors . . . be the lake in North, South, East or West Texas, or in the Valley. And every trolling motor calls for an extra battery.

So, juice up that little black box, Mr. Battery Man, and join the parade for the fishermen's trade.

CONTACT LENSES AND YOU

By GEORGE THOMPSON

NEW YORK (NAPS)—"Mirror, mirror on the wall, who's the fairest one of all?" Snow White's wicked queen asked the question, and today nearly ten million people say they have the answer. For that many claim they look and see better with contact lenses and nobody knows they wear "glasses."

November is National Contact Lens Month. Time to take a look into the tiny vision aids and why so many people use them.

For one thing, the lens has come a long way since Leonardo Da Vinci sketched the idea in 1508. The lens finally came to us 100 years ago, made of glass and the size of half an eggshell. Now it's aspirin-size, paper-thin and made of plastic.

According to Barnes-Hind Ophthalmic Products, makers of solutions and accessories for the care of contact lenses, a century of research allows the contact to be used in many ways. They can be optically ground as bifocals, sunglasses, monocles (when only one eye needs correction), and as pairs.

Unlike eyeglasses, contacts float on the eye's tear layer and cover only the cornea, the part of the eye out of which we see. Capillary attraction keeps them in place. That's what makes a wet coin cling to a table top.

Women, chiefly for cosmetic reasons, make up 75% of all adult users of contacts. Teens and pre-teens add up to about 25% of the total picture. Most adapted to their lenses (achieved day-long wear) in 2 to 6 weeks.

Professional people make dramatic use of lenses. Models are natural and, of course, so are professional athletes. The late Cecil B. DeMille had many of his stars outfitted with them, notably Charlton Heston, Esther Williams, Nina Foch and others. Even President Johnson is said to have worn them for speech-making.

Near- and far-sightedness are the chief vision problems corrected with contact lenses. Astigmatism (wavy, distorted vision) is another one. The image one sees through a contact comes closer to 20/20 (normal) vision than that offered by any vision correction device known.

Barnes-Hind says some 120 million Americans need a vision correction of some kind. A large percentage are contact lens candidates. But, the company advises, only an eye specialist can decide. There are some 20,000 contact lens practitioners in the country.

STOCKS FOR SCENT

These are stocks with double, rosette-shaped flowers on long, tapering spikes. The color range in the Giant Imperial strain, shown, is from pale pink to deep rose, red and copper-red, from lavender to deep purple, also yellow and white.

Every garden needs some plants that waft fragrance on the air. These might be thyme, an herb that gives off its pungent odor when walked upon or delightfully scented flowers like stocks, heliotrope or mignonette.

Stocks have a particular appeal because they are so luxurious. The double flowers now in vogue, the closely packed rosette-shaped flowers on the tapering spikes, the predominantly Victorian colors of lavender and purple, all give a feeling of garden affluence.

Seeds of both tall and dwarf stocks are available. Although the Dwarf Ten Weeks strain is an excellent choice for planting in containers or for solid beds, the blooms are not good for cutting. Two strains of taller growing stocks are most popular — Giant Imperial and Trysomic Seven Weeks. They differ in ultimate height and in length of time from seed sowing to flowering.

Giant Imperials grow from 2 to 2½ feet tall; are early-blooming but not as early as the Trysomic Seven Weeks type. These last will flower in just two months from planting but are not as tall — growing a foot to a foot and a half high.

Both strains will produce a high percentage of double-flowered plants. And it usually is possible for the gardener to increase this percentage.

A glance along the row when the seedlings have four leaves will show that some seedlings are sturdier and have darker green foliage than others. The singles are the weaklings. Thin them out. Remember that stocks develop best in cool weather and should set their flower buds before heat arrives. If you have had trouble with buds setting in previous years, try the Trysomic Seven Weeks strain this year.

These have been bred especially to tolerate heat and still set buds. They have proven the answer to many gardener's difficulties with stocks.

Perhaps the prettiest use of tall stocks is in mass plantings. This is because their own colors blend so well. Depending on the color scheme of a border, groups of stock seedlings could be moved when small to add these same colors to those of the other border flowers. The stock bloom colors are particularly effective when surrounding blooms are white or pale yellow.

Of course, a prime use of stocks is for inside-the-house. They last well as cut flowers if picked early or late in the day, stems plunged in deep water, and hardened in a cool place.

it takes money to grow... When you think about new buildings...

It takes money to build a new barn or modernize your present setup. But a Land Bank Loan makes financial planning easy. Compare low interest, long terms, prepayment without penalty, PLUS payments matched to your high income producing period. You'll do better at the Land Bank.

Announce Engagement

Mr. and Mrs. J. L. McCauley of Plainview and formerly of Bovina, announce the engagement and approaching marriage of their daughter, Sandra, to Staff Sergeant Anthony Benner, son of Mr. and Mrs. George Anthony Benner of Fowler, Indiana. The couple plan to exchange vows at 3 p.m. May 31 in Goodfellow Air Force Base Chapel, San Angelo. The bride-elect is a 1968 graduate of Bovina High School. All friends are invited to attend the ceremony.

Shower Set Here Monday

A bridal shower will be held at 3 p.m. Monday honoring Miss Teresa Page, bride-elect of Bill Roberts.

Friends are invited to attend the event, to be held in the home of Mrs. Billy Smith. Hostesses include Mmes. Bobby Englant, Helen Wassom, John Sikes, Vernon Ward, Weldon Moody, Melvin Hall, Herman Estes, Wilfred Sikes, J. L. Combs, Bessie

Thrifty Club Has Meeting

Thrifty Club met Monday in the home of Mrs. Myrtle Perry and worked on cup towels for the hostess.

Refreshments of punch, apple sauce bar cookies, nuts and relishes were served.

Attending the meeting were Miss Lola Grissom, Mmes. G. A. Bandy, O. H. Jones, L. M. Grissom, Frank Smith, Owen Patton, Cecil Sisk, H. D. Bradshaw, Wilbur Charles, E. M. Ware and J. D. Stevens.

Of Interest To THE WOMEN

Bovina Study Club Receives 7 Caprock District Awards

Bovina Woman's Study Club was presented seven awards at the Caprock District annual convention held April 1 in Plainview.

Mrs. Earl Whitten won second place modeling a three-piece black ensemble she made in the "Fashions for Fun" contest. She becomes the alternate in that event for the contest at the state convention in Houston.

The club received first place awards for 100 per cent subscription to Texas Club

Women, the organization's magazine; first place for its overall report of International Affairs Department of which Mrs. Earl Stevenson is chairman; and first place in mental health division of Home Life Department, Mrs. Floyd Damon, chairman.

The latter two will be entered in state competition. The club won first in mental health study because of its programs on hypnosis presented by Dr. Shackelford and mental health presented by Dr. Cornelius Blesius.

Second place awards were received for family economics division of Home Life Department, Mrs. Damon chairman; Golden Book project, in which the granddaughter of Mrs. Ovid Lawlis was entered as a future outstanding club woman; and for law observance and crime prevention, Mrs. Rouel Barron chairman, for programs involving local and state enforcement officers and its plans for working with students here.

Also entered in contests was a painting by Felix Trevino under sponsorship of the club, Mrs. H. D. Bradshaw, fine arts chairman, Mrs. Rita Mast was his instructor for the contest for senior high school students.

Five members of Bovina's Club attended the meetings held in First Christian Church and the banquets at a Plainview restaurant. They included Mmes. Earl Whitten, Ovid Lawlis, H. D. Bradshaw, Earl Stevenson and Arnold Hromas.

Community Conversation

Mr. and Mrs. James Lawlis of Irving visited their parents, Mr. and Mrs. Ovid Lawlis and Mr. and Mrs. Paul Lloyd, over the Easter weekend. Visitors early last week were Mrs. Lawlis' brother and wife, Mr. and Mrs. James Steed, of Coronado, Calif.

Mr. and Mrs. W. E. Williams visited relatives in Dallas and Allen during Easter holidays. Bob Sisk accompanied them to Alvord, where he also visited relatives.

Mrs. James Early Stevens, Shelley, Sabra, James Lee and John David, arrived here Thursday to visit the J. D. Stevens family. James joined the group here Friday for Easter holidays. The visitors live in El Paso.

Glasscocks Have Son

Mr. and Mrs. Mac Glasscock are the parents of a son born at 8:43 p.m. Tuesday, April 1, at Parmer County Community Hospital.

Weighing eight pounds, four ounces, he has been named Danny Todd. He has a big brother, Terry Brent, who is two.

Grandparents are Mr. and Mrs. T. W. Fuller and Mr. and Mrs. A. L. Glasscock, all of Bovina. The new arrival also has two great-grandmothers, Mrs. J. H. Steelman of Bovina and Mrs. R. L. Glasscock of Floyd.

Wilfred Sikes was released Monday from Parmer County Community Hospital where he underwent treatment for an infection. A heart attack was first suspected, but this was discounted, Sikes said.

Club Sets Art Tour

An art tour will be made by Bovina Woman's Study Club Thursday afternoon for its regular meeting.

The group will meet at the club house at 3 p.m. and travel to Clovis, where the women will visit the Paintin' Place, according to Mrs. Tom Ware and Mrs. Ronald Minyen.

Scoopin' - - - - -

By Pat Jacobs

"Rules for Bringing About A Revolution" were found in a safe back in 1919 when leaders of mutiny and murder were arrested in a little town called Dusseldorf.

Two representatives of the Allied Military Intelligence made the arrest, after gaining entrance while pretending to be drunk. George F. Pavitt wrote about the incident, which was printed recently in the Gunnison (Colorado) News-Champion.

He stated, "It is now some 50 years since this incident occurred but the threat is even more real today than it was then. Students of revolution have learned their lesson well. The future of America will rest on whether or not the lovers of Freedom have learned their lessons better."

Here are the rules, written 50 years ago in Dusseldorf:

- A. Corrupt the Young. Get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.
- B. Get control of all means of publicity and thereby:
 1. Get the people's minds off their government by focusing their attention on athletics, sex books and other trivialities.
 2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
 3. Destroy the people's faith in their natural leaders by holding the latter up to ridicule, obloquy, and contempt.
 4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.
 5. By encouraging government extravagance, destroying its credit, produce fear of inflation with rising prices and general discontent.
 6. Foment unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of government toward such disorders.
 7. By specious arguments cause the breakdown of the old moral virtues: honesty, sobriety, continence, faith in the pledged word, ruggedness.
- C. Cause the registration of all firearms on some pretext, with the view to confiscating them and leaving the population helpless.

Mrs. Jimmy Lance sent a clipping from the Petersburg paper, entitled "The Meanest Mother." Although there's not room for the article here in its entirety, it describes the meanest mother as forcing her children to eat breakfast, to work, introduce their friends, report their whereabouts, and be home at a decent hour. The meanest mother demanded truthfulness above all.

"My mother was a complete failure. None of us has ever been arrested or beaten his mate. Each of my brothers served his country. --- We never got to march in a protest parade, nor to take part in a riot, burn draft cards, and a million things that our friends did. She forced us to grow up into God-fearing educated, honest adults. --- I thank God. He gave me the meanest mother in the whole world."

BASEBALL

"The Store Where Your Money's Worth More."

Season Is Here!!

And . . .

Baseball Shoes are, too! BOVINA DRY GOODS

SPRINGTIME -- In a matter of a few days, Bovina turned from drab shades of brown and gray into a colorful array of green grass and blossoming trees. Darla Hawkins and Pam Wilson were among Bovina teenagers enjoying warm, sunny days during the Easter holidays -- a sample of what lies in store for them this summer.

Symposium Discusses 'Drop Outs'

"Drop Outs" was the topic of discussion held at a symposium March 31 in the United Methodist Church.

The program was under the direction of St. Ann's and St. Teresa's Alter Society of St. Ann's Parish.

Mrs. Edmund Kitten served as mistress of ceremonies. Speakers for the symposium were Mrs. Charles Corn of Bovina, mathematics teacher at West Texas State University, and Rev. Paul Mohr, pastor of Friona's Congregational Church.

About 50 men and women from several churches attended.

Following the meeting refreshments were served by the Methodist women.

Earle Hise Family Feted

Mr. and Mrs. Arnold Hromas were hosts to a get-together Wednesday night when the Earle Hise family visited in Bovina during Easter Holidays.

The Hise family was here from Pagosa Springs, Colo., where they are teaching. They are former Bovina teachers and also farmed north of town.

The event was held following Wednesday night church services.

Refreshments of cake, snacks, coffee and tea were served.

Marriage License

Four marriage licenses were issued from the office of Parmer County Clerk Bonnie Warren last week. The permits to wed went to Ronald Bruce Bobcock and Dee Ann Doss-April 1; Roy Lynn McDaniel and Anna Lucille Herrington - April 2; Nolan Dale Fish and Polly Diann Collier-April 3; and Elmer Eddie Pennington and Cloie Lawson-April 5.

Mrs. Jesse Walling underwent surgery Tuesday in High Plains Baptist Hospital in Amarillo.

Flip Over A Pancake

Almost every nation prides itself on a special sort of pancake, like Scotch bannocks, Mexican tortillas, Swedish platter, and French crepes. On American tables, Buttermilk Pancakes are the winners, forks down. Serve an old favorite with something new, like Coffee Syrup, with rich flavor from Maxim Freeze-Dried Coffee.

Coffee Syrup
2 tablespoons freeze-dried coffee
2 tablespoons boiling water

2 cups corn syrup
2 teaspoons vanilla
1/4 teaspoon salt

In a small bowl, mix coffee with boiling water until dissolved. Add remaining ingredients; stir until blended. Store, tightly covered, in refrigerator. Makes 2 cups.

Buttermilk Pancakes
1 cup sifted all-purpose flour
1 tablespoon sugar
3/4 teaspoon double-acting baking powder
1/2 teaspoon salt

1/8 teaspoon baking soda
1 egg, well beaten
1 cup buttermilk
3 tablespoons butter, melted

Coffee Syrup
Sift together flour, sugar, baking powder, salt, and soda. Combine egg and milk; add to flour mixture. Add melted butter and stir just until all flour is dampened. (Batter will be slightly lumpy.) Brown on hot griddle until bubbly on top. Turn to brown other side. Serve hot with butter and Coffee Syrup. Makes 12 to 15 medium pancakes.

"Let each give freely in the knowledge that his gift is not only blessed, but tax-deductible!"

Faith Heals

And Jesus said unto him, Go thy way; thy faith hath made thee whole. Mark 10:52

There was a man by the name of Bartimaeus. He lived in Jericho. He was blind. Probably because he had difficulty working for a living, he sat by the roadside begging.

When Jesus passed that way, Bartimaeus cried out: "Jesus, Thou Son of David, have mercy on me." This was a statement of faith and a request for help.

Jesus healed the man of his blindness. But He also said: "Thy faith hath made thee whole." This was always the way Jesus worked. He treated the total person. He gave physical and spiritual healing together.

This is one of eight miracles of healing recorded in St. Mark's Gospel, which shows Jesus' power over physical disease and illness.

The results were immediate. The man received his sight. And then we are told, "He followed Jesus in the way." This was his gratitude and thankfulness. Others were healed but did not even return to give thanks to the Lord for His blessing.

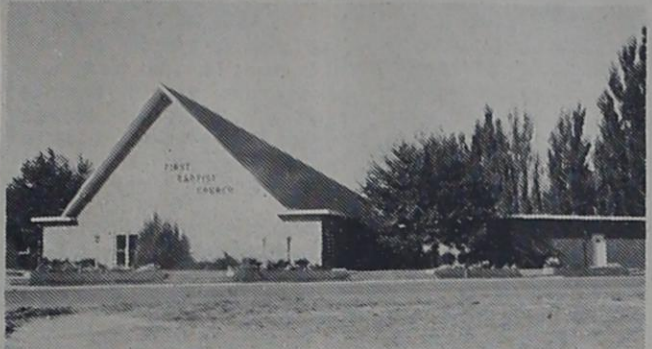

We should be grateful when the Lord heals us and forgives our sins.

The power of the Lord has not been withdrawn. He continues to heal. We do not believe in "faith healing," but we do believe in healing by faith.

Ask Dr. QUIZMEE ? ? ? ?

Dr. Quizmees, our information specialist, is happy to answer his readers' questions in his weekly column. All responses are verified by Funk & Wagnalls Standard Reference Encyclopedia.

The 25-volume sets of Funk & Wagnalls Standard Encyclopedia were won this week by Mrs. Betty Solomons for asking: "What are the origins of the donkey and the elephant as the political party symbols?"

Linda Cesario, who wants to know: "What is the longest recorded filibuster in Congressional history?"

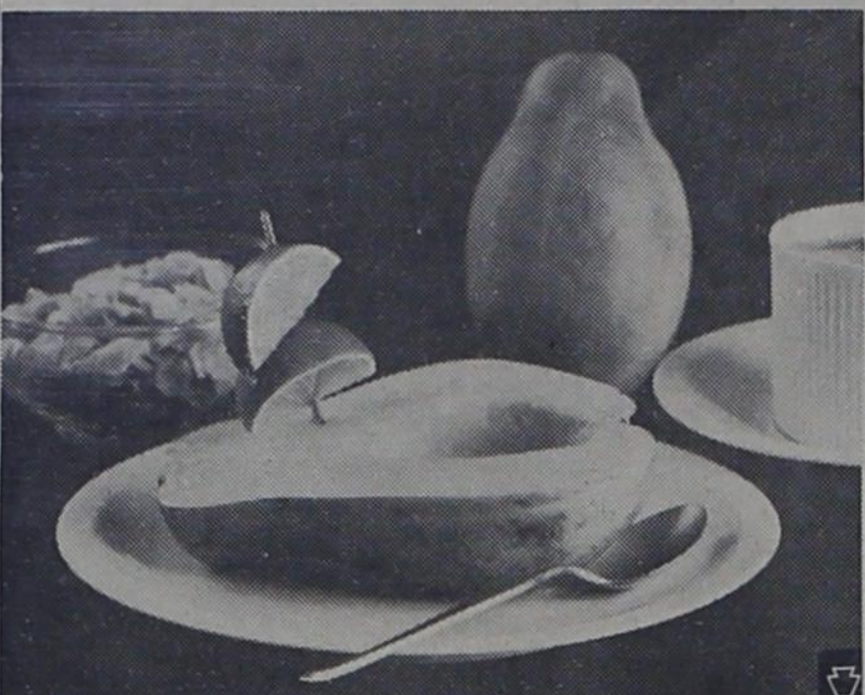

In 1953, Senator Wayne Morse of Oregon spoke for 22 hours, 26 minutes without sitting down. Senator Strom Thurmond, South Carolina, spoke against a bill for 24 hours, 19 minutes, but was interrupted once. Pat Campbell for the question:

"Is the passenger pigeon now totally extinct?"

The passenger pigeon was once extremely common throughout the United States, but has been extinct since 1914. Its extermination by hunters is one reason why many states have prohibited the killing of wild pigeons.

If you are the first to submit a question which appears in this column, you will receive, free, the full 25-volume set of Funk & Wagnalls Standard Reference Encyclopedia. The writer of this column is the sole judge as to who is first. Mail your question to Dr. Quizmees in care of this newspaper.

from the kitchens of CALAVO BY KAY B. WEST Home Economist

HAWAIIAN PAPAYAS PLENTIFUL NOW

Papayas, those luscious yellow-green pear-shaped fruits from Hawaii, are being seen in local markets more often now. Growers in The Islands have planted more papaya trees to fill the mainland demand, reports Calavo Growers. Homemakers here like the sweet and delicate papaya flavor; many say it is like a melon in taste.

In the store, you may see papayas ranging in color from green to yellow. They change colors as they ripen at room temperature. Store green ones in a fruit bowl and watch them ripen. When more than half yellow and softened like a pear, papayas are ready to eat. Once ripened, they keep extremely well in the refrigerator. When ready to serve, cut papayas in half and scoop out the black seeds. Then

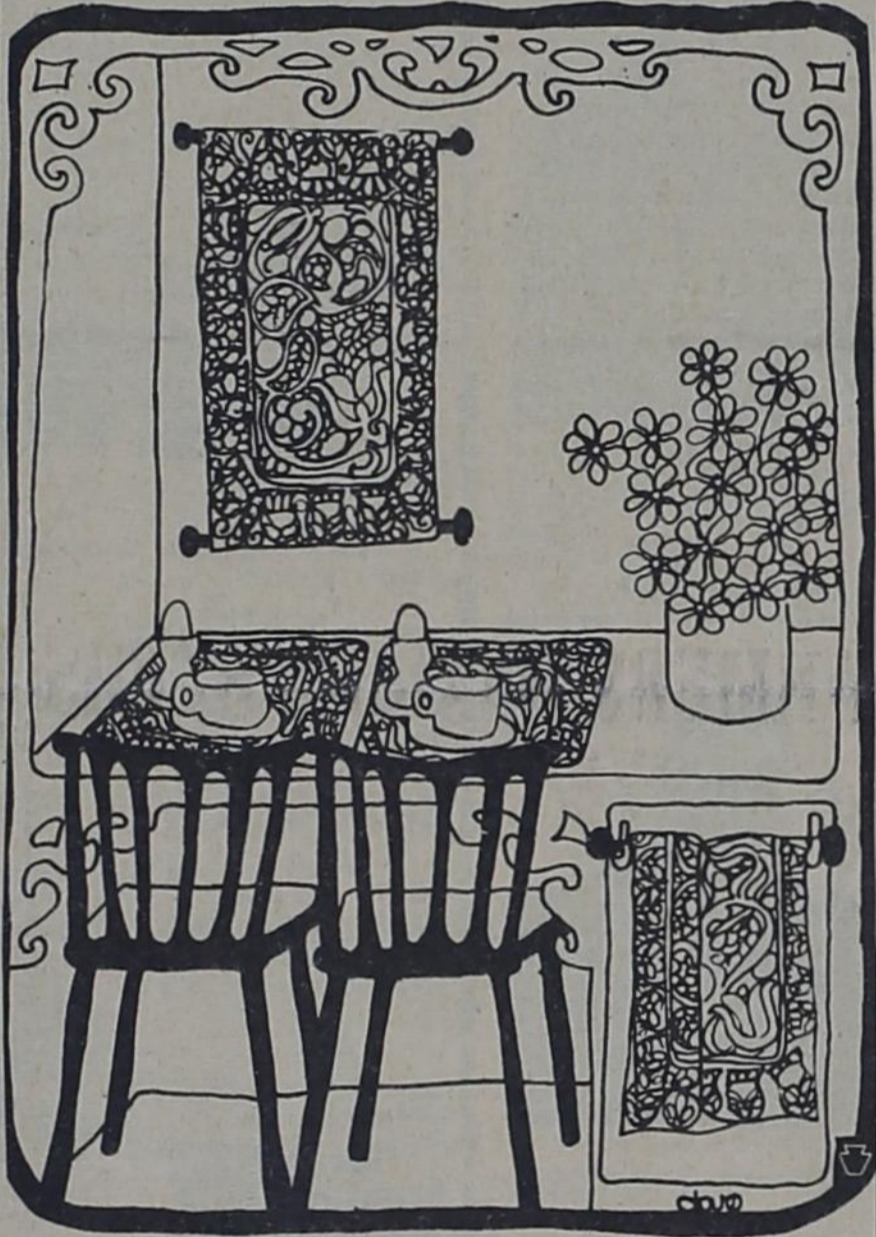

peel and dice or slice for salads or desserts. Or leave skin on and serve "papaya boats" filled with ice cream for dessert. Provide spoons for eating filled papaya boats.

The classic Hawaiian serving is papaya with a lime half, for breakfast. A very healthful way to start the day because a papaya half has twice the Vitamin C of an orange, as much Vitamin A as a carrot and lots of B1 and D. Papayas are easy to digest and low in calories.

Papayas are available year round, but they will be especially plentiful from now on through the summer months.

If you have questions about papayas, write to Kay B. West, Home Economist Calavo Growers 4833 Everett Avenue Los Angeles, California 90058

Irish Linen Decorates The Kitchen

Treat your kitchen to a colorful and exciting new look with the help of Irish linen. Irish linen has adopted modern ways with bold colors and prints, both in place mats and towels.

Even up your snack bar by setting it with brightly colored Irish linen place mats with contrasting brightly colored napkins. For an especially dramatic effect, use a third bright color in earthenware dishes that are so right for casual dining.

In a mood for still another look? Try coordinated prints on Irish linen - sophisticated scroll patterns or casual stripes and checks. The trick to this decorating idea is to repeat the print in all of your kitchen accessories - place mats, towels, and the new oversized towels that come with a dowel for easy hanging on the wall above your snack bar. The handy housewife can easily sew up a pretty matching apron from an extra kitchen towel.

Decorating your kitchen with coordinated Irish linen is fun and inexpensive. Not only that, all your Irish linen accessories can easily be washed, right along with your towels.

GOLDEN TOUCH OF HOSPITALITY
BY JANE ASHLEY

Vegetables With A Flair
Dress up every-day vegetables with a creamy good sauce. This recipe for creamed peas and onion should tempt even the most reluctant palate.

Creamed Peas and Onions
3 tablespoons margarine
2 tablespoons corn starch
Dash sugar
3/4 teaspoon salt
1/8 teaspoon pepper
2 cups milk
2 (10-ounce) packages frozen peas, cooked and drained

1 (1-pound) can white onions drained
1 tablespoon chopped pimento, optional
Melt margarine in saucepan. Mix in corn starch, sugar, salt and pepper. Remove from heat. Gradually add milk, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens, comes to boil and boils 1 minute. Stir in peas, onion and pimento. Heat and serve. Makes 6 to 8 servings.

Golden Acres Brand

TE 77

TOP-RATED, FULL-SEASON GRAIN SORGHUM

Golden Acres TE 77 may well be the standard of excellence among full season sorghums. Farmers who plant it are rewarded with big grain yields, good standability, very good smut resistance, and excellent threshing qualities. It responds dramatically to rich soil or fertilizer and ample water, and with these conditions TE 77 is always an outstanding performer. In irrigated areas of the southern Great Plains, yields of 7,000 to 9,000 pounds and more per acre have been common since TE 77 was introduced.

UNCLE LUKE IS A SKEPTIC

To be truthful about it, Uncle Luke is plumb "ornery" about a lot of things. He rants at the blasted "airplanes" that scare his chickens... he fusses about the way women dress nowadays... he's never been to a picture show... and one of his pet hates is those "ix*x*" squawk boxes" somebody around the house is always turning on while he's trying to read his newspaper. Oh yes! Uncle Luke likes his newspaper... dotes on it, in fact. Says it's the only way a feller could tell what's really going on in this crazy world nowadays.

Thank goodness we don't have to put up with many folks like Uncle Luke... but if you have an advertising message and want to be sure Uncle Luke sees it... put it in YOUR HOMETOWN NEWSPAPER.

1716 SAN ANTONIO STREET - GREENWOOD 7-2023 - AUSTIN, TEXAS

\$1.65 Per Hour --

Wage Rates Set For Beet Workers

Louis Welch, chairman of the Parmer County ASC Committee, announced today the wage rates and requirements for sugarbeet work performed on or after April 7, 1969.

The rates were determined by the Secretary of Agriculture following public hearings in the sugarbeet producing areas. The general provisions are the same as in the previous regulation. A new hand labor operation of removing

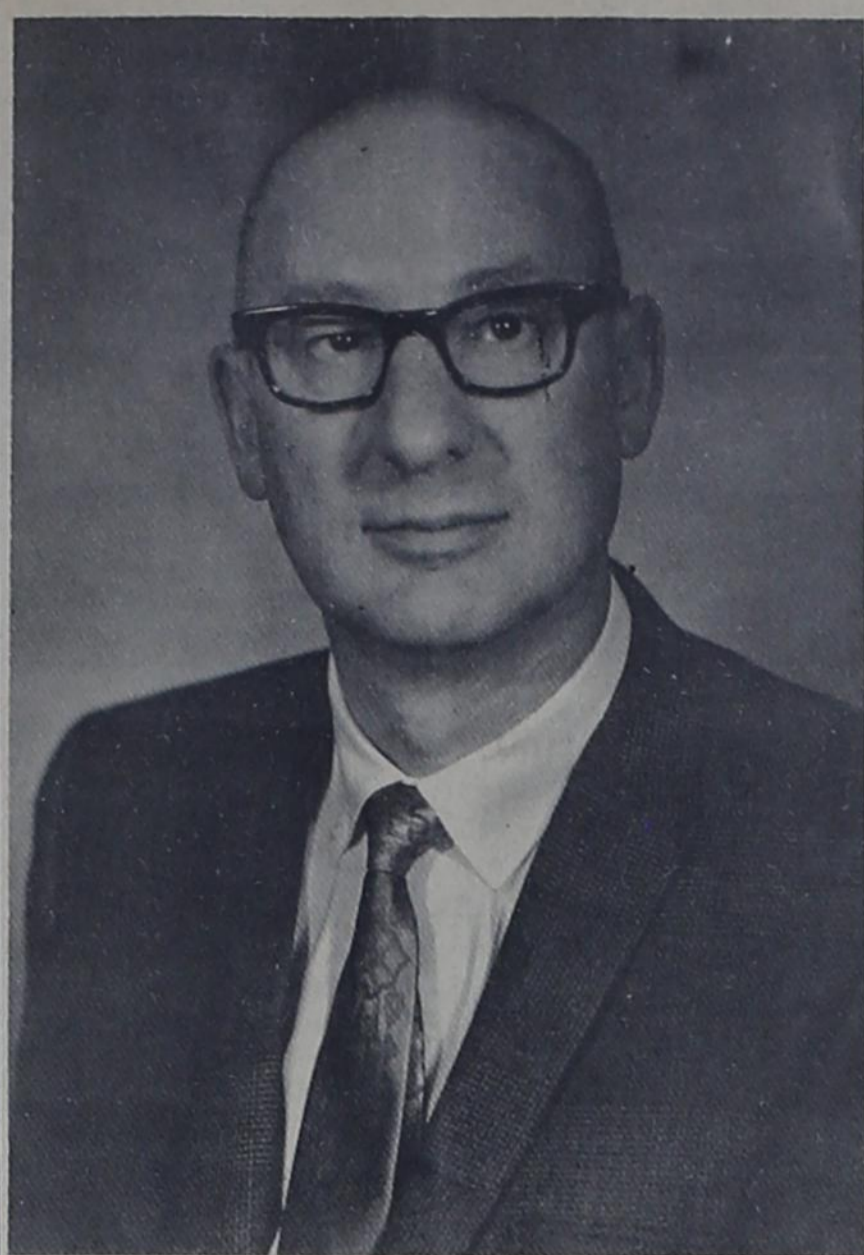

weeds following complete machine thinning and use of herbicides has been added.

Eligibility for a Sugar Act payment depends upon the producer's compliance with these wage rates and requirements.

The chairman explained that workers employed on a time basis must be paid not less than \$1.65 per hour for each of the hand labor operations of thinning, hoeing, hoe-trim-

ming, blocking, and thinning, weeding, pulling, topping, loading, or gleaning. Special wage and hour provisions cover the employment of workers 14 and 15 years old.

When employment for hand labor operations is on a piece-work basis, the following minimum rates per acre apply: thinning \$12.00; hoeing \$15.50; hoe-trimming \$18.75; weeding (following thinning, hoeing, or hoe-trimming or removal of weeds after machine thinning and use of herbicides) \$10.00; and removing weeds (following complete machine thinning and use of herbicides) \$10.00. The piece-work rate for any other hand labor operation involving the removal of beets or weeds and for pulling, topping, loading, or gleaning shall be that agreed upon between the producer and worker, provided the worker's earnings average not less than \$1.65 per hour.

JAMES HULL

Deaf Smith Electric --

Hull Named Co-Op Head

James Hull, who has been general manager of Lone Wolf Electric Cooperative at Colorado City for the past four years, assumed the duties of manager at Deaf Smith Electric Cooperative on April 1.

Hull has been connected with Lone Wolf Electric Cooperative 12 years. Prior to becoming general manager there he was Member Services Advisor.

He received his Bachelor of Science degree in Agriculture at Sam Houston State College in Huntsville and has attended University of Texas at Arlington and Texas Tech at Lubbock.

His home was originally Navarro County where his father helped organize an electric cooperative a number of years ago and was president of its board of directors until retirement.

Hull is married and has an 11-year-old son who is enrolled at Northwest Elementary School in Hereford. They are members of the Baptist Church.

Hull replaces Leo Forrest who retired after 24 years as manager of the cooperative.

Rev. Roth Leaves For New York

Rev. Gerald Dunford, S. A. is in charge of St. Ann's Parish in the absence of Rev. Richard Roth, S. A.

Rev. Roth, pastor of St. Ann's Parish in Bovina, left Sunday for New York because of ill health.

A covered dish supper honored him at the parish hall at 5 p.m. Friday. Leroy Kitten, president of the Parish Council, presented him with a Texas cowboy hat. Father Roth is a cowboy hat collector.

He came to Bovina in August, 1968 and celebrated his 25th anniversary as a priest on Dec. 8, 1968.

Attending the supper were Rev. Gerald Dunford, S. A. of St. Ann's Parish, Rev. John Van Der Kull of Hereford, Mr. and Mrs. Leroy Kitten, Mr. and Mrs. Dan Koelzer, Mr. and Mrs. Fidel Baca, Mr. and Mrs. Leon Schilling, Mr. and Mrs. Pilo Castillo, Mr. and Mrs. Gene Brito, Mr. and Mrs. Jim Ball, Mrs. Lucy Jesko, Mrs. Gil DeLeon, Mrs. Pete DeLeon, Mrs. Jerry Eakins and Mrs. Ben Rejino.

At Panhandle --

Historians Set Regional Meet

Museums, archaeology and tourism are topics that will highlight the regional meeting of County Historical Survey Committees being held at the First National Bank at Panhandle beginning at 9:30 a.m. April 14.

Invitations to attend have been extended to Winbourn Hardage, chairman, and members of the Parmer County Historical Survey Committee. Additionally, other interested individuals are invited to sit in on the meeting.

Program participants will include State Archaeologist Curtis Tunnell who will discuss the significance of archaeology in a well-balanced historical preservation program.

A member of the Travel Development Section of the

Bottom heat, so necessary for quick starting of certain seeds, is newly available in form of an electrically heated mat, resembling a heating pad, but sturdier in construction; tougher in covering.

It is used under pots, flats or whatever container you are using for seed starting.

Thermostatic controls can be connected to the mat if desired.

Texas Highway Department will discuss the various services that department has available for Chambers of Commerce and other tourist-oriented groups. Also, a newly prepared slide program that highlights attractions on the nearby Texas Travel Trail will be presented.

Museum Development and Operation is the topic of TSHSC staffer, Miss Diana C. Files. Miss Files fills the newly-created position of Museum Consultant for the Survey Committee.

Other members of the TSHSC staff will discuss pending legislation effecting historical preservation, placement of historical markers, and the 1969 program of work.

Under previous years' programs of work the following achievements have been recorded: 4,500 official historical markers erected; printing and distribution of more than 1,000 historical guides, maps and brochures; establishment of 185 fire-proof archives; restoration or preservation of more than 1,000 historical structures; and an increase from 82 museums in the state in 1964 to 280 today with 215 more being planned.

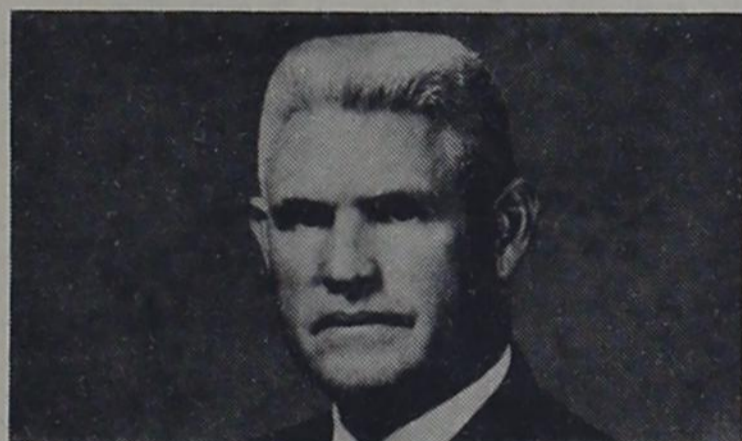

SCIENCE SKETCH

PICKING and eating wild mushrooms is a deadly "garden variety" game of "Russian Roulette," warns the American Medical Association. Only a true expert can determine whether a wild mushroom is safe or poisonous, and even experts are sometimes fooled by varieties that look alike.

These men know cotton...

...and they know what Paymaster's Certified Lint Block Program means to all High Plains Cotton Growers.

Dr. L. L. Ray
Associate Professor, Texas A & M University
South Plains Research and Extension Center, Lubbock

"The Texas High Plains has made tremendous progress in upgrading the quality of cotton fiber. This was accomplished by planting better varieties, using better quality seed and marketing through lint blocks or similar programs. The image of this area is greatly improved and it has meant millions of dollars to growers. I am concerned that we do not lose ground. We must (1) plant varieties that will produce fiber the mills want and can use; (2) plant the best quality seed; (3) do a good marketing job."

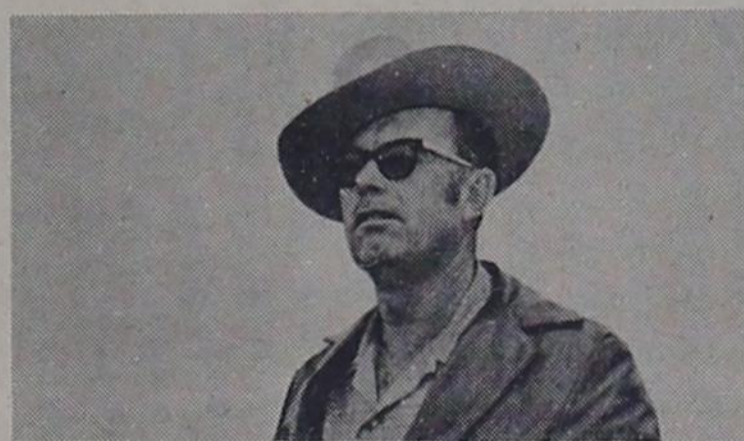

Harry E. Arthur
Assistant Director, Textile Research Center
Texas Technological College, Lubbock

"A planting program wherein Certified seed is used is certainly a great step toward production of a more uniform fiber. A Certified lint program would help to assure the mills of a reliable supply of quality cotton from which they could choose to produce a given fabric."

Melvin Bagley
Lively-Bagley Gin
Kress

"We've been in the Paymaster Certified Lint Block Program for 3 years and I'm convinced it's a good deal for the farmer," says Melvin Bagley. "He gets real good quality and is guaranteed an average of 50 points over loan for 3.5 mike or better. Certified Paymaster cotton seed produces quality fiber that sells real good and makes more money for the farmer."

Carl Weathers
Kress

"Paymaster's Certified Lint Block Program could mean the difference between success and failure this year," says Carl Weathers. "Cotton prices are close to the break-even point — and an extra 4¢ or 5¢ premium for quality can make a big, big difference. Paymaster Certified lint has the qualities mills want. I think it's the best... after all, Paymaster knows our area and our growing problems and they have the research to come up with answers that help. I plan to plant about 200 acres in Paymaster Certified 111 and the other 60 acres in Paymaster Certified 202."

In District 3-A Meet --

Three Thinclads Win Region Track Berths

Bovina Mustang track team garnered 65 points in District 3-A University Interscholastic League meet Thursday at Kress, including four first places.

Three members qualified for the regional events.

The freshman team placed in nine events for 39 and one-sixth points.

Bobby Redden took first

place in two events, shot put and discus. He will also enter regional competition.

Randy Barrett won second in discus and tied with Jackie Hall for third in shot put. Barrett will go to regional in discus.

Gary McCormick placed sixth in pole vault.

In high school division, Bovina came out in fifth place.

Farwell and Kress tied for first place with 97 points; Sudan, third, 90; Vega, fourth, 82; Bovina, fifth, 65; Springlake, sixth, 45.

In the freshman track meet Tommy McCormick was third in high jump, fourth in 60-yard high hurdles and fourth in 100 yard low hurdles.

Hugh Rogers placed third in shot put; Jimmy Harris, third, 100 yard dash, time 10.8; Walter Martinez, fifth, 440; Alfonso Delgado, fifth, 880; Elgin Sledge, Harris, Martinez, Randy Chisom, fourth 440 relay; Sledge, Harris, Martinez and Delgado, fifth, 880 relay.

Bovina was also fifth in the freshman division behind Kress, Springlake, Vega and Sudan. Farwell came in sixth.

Nine Known --

Grads Make Dean's Lists

At least five Bovina High School graduates made the Dean's List at Texas Technological College the first semester, and two made the list at South Plains Junior College. Two others have already been announced.

Since no press release has been forthcoming from either of the colleges, or from West Texas State University, those named here may not compose a complete list.

Known to have made the Dean's List at Texas Tech follow:

Linda Marshall, daughter of Mr. and Mrs. Vernon Estes and wife of Billy Marshall, 3.5, senior majoring in child development.

Randy Jones, son of Mr. and Mrs. Paul Jones, 3.1, sophomore pre-dental major.

Lane Gober, son of Mr. and Mrs. Lloyd Gober, 3.2, sophomore pre-med major.

Gwen Corn, daughter of Mr. and Mrs. Wendol Christian and

wife of Eddie Corn, senior majoring in home economics. She will receive her degree in May.

Jerry Roach, son of Mr. and Mrs. James Roach, 3.19, junior majoring in Agriculture Business.

South Plains Junior College:

James Lee Calaway, son of Mr. and Mrs. Robert Calaway, 3.0, sophomore Business Agriculture major.

Linda Hemke, daughter of Mr. and Mrs. Jim Hemke, 3.0, freshman student.

Two others were reported from their universities as making the Dean's List earlier, Carol Mast, freshman at University of Texas at El Paso, and David Anderson, senior at Southern Methodist University.

Parents or friends of other students who made the honor rolls at their colleges or universities are requested to call The Blade.

Gun Club Shoot Set

Gun Club, adopted for sponsorship by Young Farmers Chapter, will hold a match shoot at 2 p.m. Sunday in the caliche pit southwest of town, Ronald Mitchell announced this week.

Participants will furnish their own ammunition, .22 long only, Mitchell said. In addition, 25 cents will be charged each person entering.

The shoot will be held with still targets. First, second and third place trophies will be presented by the Young Farmers.

Age is limited to junior high through high school, Mitchell said. He, Ralph Roming and Jerry McClarin will act as judges.

The Young Farmers Thursday night voted to sponsor the Gun Club, furnish the trophies for Sunday afternoon, and to set aside \$10 each month for awards.

Both boys and girls are eligible to become members of the Gun Club.

At Athletic Banquet --

Large Crowd Hears Cowboy Dan Reeves

Dan Reeves, running back of the Dallas Cowboys, won the hearts of an overflow crowd at the annual Athletic Banquet Tuesday night of last week. He returned to Big "D" with even more fans than he had when he arrived.

He touched on nearly every subject of controversy facing youth of today, and put in a powerful punch for leadership in the right direction.

Bovina Mustang Boosters Club sponsored the annual banquet held in the schools cafeteria honoring athletes, both boys and girls, of Bovina High School.

Highlighting introduction of

various teams in the schools was presentation of letter jackets to senior boys.

A steak dinner was served to the accompaniment of organ dinner music provided by Charles Turner, school counselor. Decorations carried out the theme, "Wings to Victory."

Rodney Murphy gave the invocation preceding the dinner. Roy Allen, secretary of the Booster Club, served as master of ceremonies, gave the welcome address, introduced special guests, as well as officers of the sponsoring organization, Don Murphy, president; Johnie Horn, vice president; and Jerry Burnett, treasurer.

Butch Reeves, brother of the guest speaker, was an unexpected guest at the banquet. He has recently signed to play professional football with the Houston Oilers. Also attending were Gifford-Hill-Western representatives from Lubbock.

Introducing the speaker was Jim Wiman, manager of Gifford-Hill Western in Farwell. That company sponsored Reeves coming to Bovina for the event.

Bobby Redden, president of the Letterman's Club, gave the response.

Introduction of athletes was made by Gary Cox, golf and baseball; Bill Nitcholas, girls basketball and girls track; Truck Lusk, boys basketball and tennis; and Roy Stone, football and track.

Reeves told the crowd of his recent trip to Vietnam, of visiting American soldiers, including the wounded. He was impressed by a wounded boy who called him to his bedside and thanked Reeves for coming. Reeves said, "It's I who should thank you."

In a lighter note, he announced Coach Tom Landry had been fired as Cowboy coach, was going to Green Bay, taking Quarterback Don Meredith with him. Other players were also being traded. "I don't know what kind of team we'll have," Reeves said, "But I'm glad it's April Fool."

He told of joining the Cowboys as a rookie. It was the first time the Georgia boy had played with Negroes and he was dubious of how they would accept one another.

However, he was high in his praise of Don Perkins and Cornell Green, stating Perkins had helped him more than anyone with the Cowboys. They get along, Reeves said, because they joke about racial problems.

Once in Los Angeles, the team was boarding a bus for a game at the coliseum. Green turned to Reeves and said, "My people are making trouble here, I'll take care of you in Los Angeles, if you'll take care of me when we play the Vikings in Birmingham."

He stated that Perkins is a born leader. He is quite and never gripes, Reeves said he wouldn't want to play for any other team in either the National or American League.

The Cowboy star said young people are faced with more problems than ever before. It is sad that a few get so much publicity from smoking marijuana, taking LSD, participating in marches, etc.

Most kids do good things, he said, such as collecting for March of Dimes. Unfortunately, these things many times don't make news.

Reeves said he was thankful for the four years he has played professional football and there were several things that had gotten him there.

First, he said he had great parents who taught him the difference in right and wrong. He was raised on a Georgia farm, went to a country school. The school consolidated when he was a freshman and the first thing he asked to do was play football. His father said, "I think it's great--but if you start, you're not going to quit."

Football has taught him a lot about life. When things get tough, the athlete reaches for extra effort. This is the same in business, he said.

The community was another aspect Reeves gave credit for his success. A small town cared about Dan Reeves as an individual and a student. The teachers cared. He got a good high school background and was able to go to the college of his choice, in South Carolina.

He accepts his ability as God's gift--without the gift he couldn't play the game of football. "I accept the fact I am a Christian," Reeves said.

He told the Bovina athletes, as well as adults, that it is easy to be a follower. Anyone can say yes. It takes guts to say no, but is also the mark of a leader.

"When you take the step to be a leader, it's a surprise how many will follow you."

In a brief speech to the athletes, Coach Roy Stone, who has resigned effective at the end of the school year, said he would be looking for Bovina's scores next fall on Saturday morning -- in the left hand column.

He awarded the letter jackets to the senior football players, explaining this will probably be the last year boys will receive them at a banquet because of a new UIL ruling.

Athletes will now be allowed only one jacket and the Letterman's Club here has voted to receive the jacket at the beginning of their senior year.

Stone also thanked the Booster Club for its support of the teams here, in sponsoring the banquets, filming the games and other activities.

DALLAS COWBOY -- Dan Reeves was the guest speaker, compliments of Gifford-Hill-Western, at the annual Bovina High School Athletic Banquet last week. Officers Johnie Horn, Don Murphy and wives, of Bovina Booster Club are seated at left. The club was host for the event.

GET JACKETS -- Receiving letter jackets at the annual athletic banquet last week from Coach Roy Stone were seniors Rodney Murphy, Johnie Hugh Horn, Danny Stanberry, Kenny Stone, Ronny Dyer, Steve Pierson and Curtis George. Not pictured are Bobby Redden and Gary Carson. M. H. Carson, his father, received Gary's, who was in the hospital. All were for football except George's, whose was presented for service as basketball manager.

Report From Sheriff's Office

Sheriff Charlie Lovelace reports that a part of the guns which were taken in the burglary at the Douglas Stephenson farm home near Friona recently have been recovered from a pawn shop in Albuquerque where they had been sold. A warrant has been issued for the arrest of a suspect in the case.

The sheriff also reports that the probation hearing of Larry Riley last Thursday resulted in the probation being revoked. Riley will be taken to the state

4-H Meets In Park

Bovina 4-H Club met in city park April 1 for its regular meeting.

Audrey Magness, president, called the meeting to order. The secretary, Arlene Magness called the roll.

The group played kick ball and was served refreshments.

On April 2, the club girls in cooking class met for a picnic in the park. Games were also played.

penitentiary to begin serving his sentence in the near future.

Danny Balze of Friona is in Parmer County jail awaiting a hearing on revocation of his probation. He was recently picked up in Friona on a charge of malicious mischief.
