

BASCOM GILES CALLS TIDELANDS STEAL AN OBLIGATION OF THE U. S. CONGRESS

In an address by Bascom Giles, State Land Commissioner of Texas, he called for unity of all Texans and for a tougher fight to reclaim the stolen Tidelands. His address is published below.

I believe this is an obligation of Congress because our covenant of annexation was made with the Congress of the United States. The history of annexation and of Texas as an independent nation certainly bears the attitude of the Supreme Court that Texas entered the Union just as did any other state. The circumstances were utterly different. The gentlemen of

the United States Congress need only refer to their records of their own sessions to know that. For long years I have been crying out that Texas must act and Texas must stand together to maintain this priceless heritage of our public schools. For a time I was a lone voice crying in the wilderness. Now others are taking it up. I welcome them. There will not be enough of them, however, until ALL Texans are joining in the clamor.

At stake is more than a single parcel of land. At stake is more than the integrity of Texas. At stake is the dignity and the honor of mankind. At stake is every principle on which was founded these United States of America into whose circle Texas came, in the words of Sam Houston, "not as a humble suppliant but as a bride arrayed for the altar."

I was delighted with the response of Ranger citizens to my recent remarks. If every city were as awakened as Ranger seems to

be, the fight would be further along. I am grateful to the Ranger Times for the space for those words, and to the readers of this fine newspaper, and to all of Ranger's colorful citizenry, I say in the words of navy men, "Welcome Aboard."

I have said again and again that Texas owns her tidelands by civil statute, by international treaty, by accepted practice and by the Grace of Almighty God.

In my lifetime I have not been a man of radical belief. In all other issues I have been able to see the justice of sharply conflicting issues. I have always been willing to concede that there are two sides to every question. It has been my obligation as Commissioner of the General Land Office to study conflicts of title and extension of land and to give solemn consideration to both sides.

But in the manner of the submerged lands along the Texas Gulf Coast I can honestly see only one side. I can only say that as Land Commissioner I have signed leases awarding Gulf areas to oil companies for the purpose of mineral exploration. I have signed grants awarding land to homesteaders and grazing leases to cattlemen. One act was as legal and should be as binding as the other.

The title of the public schools of Texas to the tidelands is as valid as that awarded to any individual to any parcel of Texas soil.

I feel that it is the solemn obligation of the United States Congress to participate in the possession of our public domain, as it was described in the cov-

MacArthur Will Visit Chicago

CHICAGO, April 19 (UP) — Gen. Douglas MacArthur has accepted an invitation to visit Chicago, probably next week, Mayor Martin L. Kennelly's office said yesterday.

Kennelly's office said that acceptance of the mayor's invitation to MacArthur was relayed from Maj. Gen. Courtney Whitney, MacArthur's secretary, but that the date was not defined in the acceptance.

The general was expected to arrive here Wednesday or Thursday, the mayor's office said, but the exact date and time are not expected to be determined until Saturday, after MacArthur has reached New York.

Russian Press Sounds Off

The official newspaper Pravda said yesterday Gen. Douglas MacArthur was dismissed for failing to invade Communist China.

The Communist Party Organ devoted three columns of its front page to its first authoritative, Soviet, Analysis of President Truman's action a week ago. The only previous comment in the Soviet Press was one paragraph in the Literary Gazette, last week said, "That American interventionists traps aimed not only at securing Korea but at invading Manchuria and attacking the Chinese Peoples Republic."

North Koreans, aided by Chinese volunteers, "disrupted these criminal plans," Pravda said.

"Precisely for this inability to materialize such plans of conquest was luckless MacArthur removed. His inability to edge with the Korean situation was the cause of the inglorious crash of MacArthur's career."

ant of annexation. That covenant specifically described this domain as extending ten leagues into the Gulf of Mexico.

Baptist Women Meet In Circle Groups This Week For Bible Study

Members of the Women's Missionary Union of the First Baptist Church met this week in Circle groups.

The Maybelle Taylor Circle met Wednesday morning at the church for Bible study under the direction of the chairman, Mrs. Lewis Barber. Mrs. Barber opened the meeting with the hymn, "Wonderful Words of Life," led by Mrs. Gene Haynes with Mrs. L. M. Chapman at the piano.

Mrs. J. H. Hart, was hostess to the group. Present were Mmes. Barber, C. A. Amos, Morris Jones, Haynes, Sayre, Hart, V. L. Reid, Chapman, Charles Butler, M. L. Campbell.

Members of the Lottie Moon Circle met Monday afternoon at the church. Mrs. Herbert Lubke presided in the absence of Mrs. J. W. Wallace, who is ill. Mrs. Mary Copeland gave the Bible study on the book of Ruth.

Others present were Mmes. Don

Daniels, T. D. Wheat, L. J. Lambert and Frank Sayre.

Members of the Blanche Groves Circle met Monday afternoon in the home of Mrs. Parks Poe, with Mrs. I. C. Inzer giving the Bible study.

Mrs. J. L. Brashears, chairman, presided, heard reports and directed cards to be sent to those reported sick. She announced that the circle would meet Monday week in the home of Mrs. H. P. Pentecost and would meet next Monday evening at the church for the joint meeting of the circles.

Magazines collected for the past two weeks were delivered to the jail.

Attending were Mmes. Gene Rhodes, J. F. Williams, Inzer, Bill Storker, Brashears, J. C. Allison, Frank Sayre, Carl Jones, Miss Sue Naylor and a new member, Mrs. Watt, the hostess, Mrs. Poe, who served a refreshment plate following the program.

Gorman Baptist Pastor Honored On Birthday

The Rev. Vernon Hines, pastor of the First Baptist Church of Gorman was the honoree last Thursday when members of his church prepared a birthday dinner for him and Mrs. Hines.

The dinner was served at 6:30 preceding the study course, he is conducting each evening at the church, and the crowd had gathered secretly, prepared the meal and when ready sent for the honoree and as he opened the door they switched on the lights and sang, Happy Birthday.

The pastor was presented a new suit, shirt and tie, and Mrs. Hines presented the pot plant used to decorate the long white linen laid table, seating the guests.

Co-Ed Club Makes Plans For Fun

Future parties and social activities were planned Wednesday afternoon at the meeting of the Co-Ed Club in the home of Celeste Richardson. A social hour followed the business meeting during which refreshments were served.

Present were Edith Cox, Sallie Cooper, Mable Grimes, Janie Dutton, Rhen Hurt, Mary Ann Henderson, Earline Miller, Gay Poe, Bettie Robinson, Patsy Simpson, Eileen Vaughan, Jana Weaver, Dolores Warden and Celeste Richardson, hostess.

Las Leales Club Hear Program On Animals

Members of Las Leales Club heard a program on animals at their meeting Tuesday evening at the Woman's Club.

Mrs. Jay Whatley gave the story about cats, titled, "Tiger in the House," and Mrs. Bernard Hanna gave an elephant story, "Most Loveable and Gracious of All."

Roll call was answered with "Long Tails and Short."

Mrs. Johnny Kilgore, president, presided over the business session during which Mrs. Anna Grace Bumpass was elected to membership.

Present were Mmes. W. E. Brashier, Wayne Caton, D. E. Frazer, Hanna, L. E. Huckabay, Kilgore, G. A. Plummer, W. Q. Verner, H. C. Westfall, Whatley, Wendell Siebert, Rudolph Little and Misses Verna Johnson, and Eunice Nall.

The group will meet again May 11 for a program honoring mothers.

Mr. and Mrs. Lewis Barber and Bobby spent last week end in Dallas, where they visited Mr. Barber's sister, Mrs. James Gehring, who is a patient at Baylor Hospital.

Mrs. Joseph M. Perkins returned home Wednesday from San Angelo, where she attended the dedication activities of the new San Angelo TB hospital. She left today for Houston where she will attend a meeting of the Texas Cancer Society.

SEE IT TODAY!

when you drive **FirePower**

You will drive the most basically new car in 27 years!

YOU'VE READ ABOUT IT
YOU'VE HEARD ABOUT IT
NOW—COME IN AND LOOK
IT OVER

We are supremely confident, no other car anywhere, has an engine comparable with the sensational new Fire Power V-8 Engine, and it is certain that this engine heralds a new epoch in design and performance, not only in America, but throughout the world.

It might be interesting and informative to point out that Chrysler engineers and designers devoted five years to the research, designing, developing and testing of the Fire Power Engine.

During this time, the engine was tested for more than one million miles—the most exhaustive and gruelling tests ever given any Chrysler engine.

These many months of testing the Fire Power Engine, and comparative tests with other leading V-8 engines prove conclusively that Fire Power is the most powerful, the most efficient and the best constructed engine built today.

At 4000 revolutions per minute, it develops a conservative 180 horsepower. It will travel at speeds well above one hundred miles an hour—on the stopwatch—and will cruise all day long at highway speeds of your choice. This car on the road, today, is averaging twenty and twenty-one miles per gallon of gasoline.

Economy, yes. Performance, yes. Beauty, yes. All that you have wanted in a motor car.

NEW YORKER 4-DOOR SEDAN

180 HORSEPOWER

Here you see the central secret of FirePower's unmatched ability... the new Chrysler Hemispherical Combustion Chamber, heart of the finest motor car engine built today. In this domed, clean-walled area, you see the only ideal combustion chamber in a motor car engine today... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

FirePower specifications:
180 hp at 4000 rpm; Bore and Stroke, 3-13/16 x 3-5/8; Piston Displacement, 331.1 cu. in.; Compression Ratio, 7.5 to 1.

WHETHER you can own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is basic progress so deep and so great you will feel its impact for years to come.

Here is FirePower... Chrysler's revolutionary new powerplant which at one and the same time gives you 180 horsepower... and the most efficient use of gasoline ever developed in a motor car. With FirePower, you can outperform any car on the road. Yet with FirePower you will have less carbon deposit, longer engine life, less need for care and attention, than with any engine you ever owned. Here, on all new Chryslers, is the comfort marvel of Oriflow, an exclusive new shock absorber with over twice the shock-absorbing power of any other car's.

Here, optional at extra cost, is the amazing new steering ease of Hydraguide power steering, the new Chrysler "first" that removes four-fifths of the human effort from steering. Here, with over 70 various changes this year—and with deep-down Chrysler goodness clear through—is the most basically new car you ever drove! For the thrill of a lifetime... come drive a Chrysler!

They Are A-Fueled And A-Fighting Up In Yankee Land

EAST LANSING, MICH., April 19 (UP)—A battle of the sexes at Michigan State College ended yesterday with seven male warriors on the wrong side of the law, as they attempted to invade a girl's dormitory for the third time since the feud started last week.

The first dormitory invasion last week was part of an initiation for pledges to scabbard and blade, an ROTC fraternity.

Early Saturday the cadets further antagonized coeds at the dormitory by parading near the building to the blare of bugles and counting of cadence. The girls counterattacked by singing "Good Morning to You" in front of the men's dormitory at an early hour.

The men entered the dormitory Monday night and were splashed with water by the coeds for two hours.

Clark Gable Says There Is No Fuss

NEW YORK, April 19 (UP)—Mrs. Clark Gable arrived here yesterday on her way to the Bahamas Islands, leaving her movie star husband in Hollywood to start a new picture.

Mrs. Gable refused to answer reporters' questions about rumors that her marriage to Gable is breaking up.

Both Gable and she had taken time off from their faerwells to deny the rift.

"It's not true," said Mrs. Gable, "the former Lady Sylvia Ashley. I'm a very peaceable person."

Although he also denied reports they planned a divorce, Gable refused to kiss his wife for photographers at Los Angeles International Airport.

"We don't do that in public," he said.

Bandit Uses Curb Service

—A lone bandit robbed the Stevens Service Station here early yesterday in a "curb service" stickup in which the night manager was forced to deliver \$104 to the robber while he sat in his car.

Manager Henry Springs of the gas station said he was alone when the thug drove up and pointed a shotgun at him. The manager was ordered to "get the cash."

Springs said the bandit watched him through the plate glass front of the station while he brought the money from the cash register and handed it through the automobile window.

The "curb service" hijacking occurred only two blocks away from a liquor store where eight hours earlier a robber was slain by a special guard.

Maybe The Man Had Rocks In His Head

HOUSTON, April 19 (UP)—Lupe Vasquez, 40-year-old convicted "torch killer" of a 21-year-old girl, died today in the hospital ward of County Jail shortly before the court of criminal appeals at Austin upheld his death sentence.

Doctors said a malignant hacking tuberculosis killed the blackhair Vasquez. The disease had kept him confined to the ward on the fifth floor of the county jail for the past two months.

Vasquez was charged with the slaying in April 1950, of Josephine Campos. The state accused of

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

kicking and stomping the woman, and then setting fire to her dress after piling old inner tubes and other trash on her body.

The high court noted in its opinion that the defense had entered no exceptions to the "trial court actions that Vasquez made a voluntary confession and that the

facts the case were sufficient to warrant the jury's verdict.

HOUSTON, April 19 (UP)—Dobie McDevitt, playing "as good as I knew how," fired a one-under par 71 yesterday to take medalist honors in the first annual Pine Forest Golf Tournament.

Left Wing Plans For Negro Vote

DALLAS April 19 (UP)—Mayor Wallace Savage has said that "a careful investigation" of the police shooting of a Negro prisoner last Saturday will be made and he charged that organized protest of the incident is "a plan to gain control of Negro votes."

Mayor Savage's statement came after a delegation of nine persons, headed by Rev. Stacey Adams, unsuccessful Negro candi-

date for Lieutenant Governor of Texas on the Progressive ticket last year, and attorney Sam Barbara, called on city manager Charles Ford this morning.

Ford said he told the grand jury investigation of the shooting of Ray Butler has begun and "I cannot prejudge this incident before the grand jury acts."

Foliceman M. L. Morgan and A. L. Edwards said they were bringing Butler to headquarters in a patrol car when the prisoner slipped one hand free of the handcuffs.

The officers said he grabbed Edward's gun and pointed it at the officers' head. Morgan said he drew his own pistol and shot Butler through the heart.

A mass meeting of about 300 persons, most of them Negroes, was held at Mount Moriah Baptist Church in South Dallas last night. The meeting named a 20-man committee to carry their protest to authorities.

"There will be a careful investigation to see what the facts are in this case," Mayor Savage said. "This is particularly important because left-wingers have a plan."

"This plan," the mayor continued, "is to gain control of Negro votes by such charges as that the police abuse Negroes. This is not true, and the voting record in our Negro precincts shows our colored citizens know it is not true."

CARD OF THANKS

We should like to take this means of thanking the many friends who were so nice to us during the illness and death of Paul White. The cards, letters, presents, flowers, and kind words were each of special interest to him while he was still able to enjoy them. We are grateful for the many prayers that were offered in his behalf and for those who came to us in the final hours of sadness and ministered unto us with both material and spiritual blessings. Again we say thanks.

Charges Will Be Filed In Murder Case

DALHART, April 19 (UP)—A charge of murder with malice will be filed against 18-year-old Anna Lou Davenport who officers said had admitted shooting her father, District Attorney Floyd H. Richards said today.

The girl, alleged to have fired a shotgun charge through the door of the family home west of here Monday night, killing 53-year-old William Frask Davenport remained in a hospital for treatment of shock.

Richards said filing of the charge would be delayed until the girl's condition has improved. She was hysterical when officers arrived at the shooting scene.

In announcing the charge would be filed, Richards said he "could not be the judge and jury, and the thing to do is get the matter before a court."

The girl indicated she would waive preliminary hearing and ask to appear before the Dallas County Grand Jury.

Davenport, father of 10 children, was killed while trying to enter the family home, family members said.

Officers said that recently the widow, Mrs. Rebecca Davenport, filed a divorce action against her husband and at the same time the eldest son, Leon, charged his father with assault. The family further asked a court order to restrain Davenport from coming on the premises. All the actions were withdrawn shortly after they were filed, officers said.

Court Changes Previous Ruling

AUSTIN, April 19 (UP)—The court of criminal appeals has reversed its previous decision and ruled Albert Edwards of Houston should be executed for the gunshot slaying of Paul Walker.

Walker was slain May 26, 1949, as he sat in a parked car with Mrs. Betty Lou Edwards, estranged wife of Edwards. Mrs. Edwards was also killed.

The court originally ruled on Feb. 28 that Edwards should have a new trial because testimony damaging to his character and not pertinent to the accusations was admitted as evidence.

A prostitute had testified as a states' witness.

The court noted today that the original opinion reversed the lower court judgment "because of the admission of evidence concerning acts of sexual intercourse had by appellant with a prostitute shortly after the homicide."

"We adhere," the court said, "to our ruling that such evidence was improper, but reverse our decision as to the effect of its admission in this particular case because of the circumstances under which it was admitted."

The court ruled that part of the evidence was admissible. The defense had objected to all of it.

"Since part of the evidence was admissible," the court ruled, "an objection to the whole will not be sustained."

Ask That They Form Committee

OKLAHOMA CITY, April 19 (UP)—Gov. Johnston Murray of Oklahoma today asked the chief executives in Texas and Kansas to name five-men committees to attend a tri-state industrial conference.

The conference will study ways of providing more natural gas facilities for industries in the three-state area.
