UN Proposes Kaesong Be Made Neutral

TRUCE TEAM MAKES PROPOSAL AFTER FOUR HOUR DEADLOCK

By ARNOLD DIBBLE
United Press Staff Correspondent
PANMUNJOM, KOREA, Nov. 3 (UP)—The United Nations sought to break a deadlock in the Korean truce talks today by proposing that disputed Kaesong be made a neutral city.

The Communists retorted that they still want to keep control of the controversial city, which is three miles south of the 38th parallel on the western front.

However, UN spokesman Brig. Gen. William Nuckols said the Communists did not "categorically" turn down the proposal. It will be discussed further at a joint subcommittee meeting at 11 a.m. tomorrow (9 p.m. today EST).

If accepted, the surprise UN compromise proposal could mean a major step toward agreement on a Korean armistice. Nuckols said he could not predict the course of the talks tomorrow, but the meeting promised to be one of the most dramatic sessions since the armistice conference was reopened Oct. 25.

U.S. Maj. Gen. Henry I. Hodges made the neutral city suggestion in the form of a 20-word hypothetical question after the sub-

committee had spent nearly four hours on fruitless discussion about the conflicting claims to Kaesong.

A UN communique said Hodges asked the Reds if they "would consider placing—Kaesong in an adjusted demilitarized zone."

Nuckols said the informal question represented a "new turn of thinking." While it would not give the UN what it wants for the defense in depth of Seoul, he said the proposal would make the former capital secure than if the city remained in Communist hands.

Hodges and U.S. Rear Admiral Arleigh A. Burke had spent the entire morning and most of the afternoon session in a vain attempt to persuade the Communists to swap Kaesong for UN-held Korean islands north of the 38th parallel.

The Reds retorted that they already had made "adequate adjustments and compensations" for Allied offers of withdrawals not only from the coastal islands, but on the east coast and immediately south of Kumsong. However, the Communists refused to pinpoint these "concessions."

The subcommittee meeting was nearing the end of its fourth hour when Hodges made his surprise proposal to put Kaesong in a demilitarized zone, thus denying its use to both sides.

If the Reds accept the proposal, they will have to abandon Kaesong as site of their truce delegation's headquarters. They also will be deprived of its propaganda value as the largest South Korean city still in Communist hands and the ancient capitol of Korea.

The Communist might be somewhat placated, however, if they were permitted to keep 1,500-foot pine tree peak, which rises a few miles north and dominates Kaesong.

The UN, by the same token, would give up its claim on Kaesong for a defense anchor on the northwest approaches to Seoul, 35 miles to the southwest. Kaesong was in no-man's-land until it was chosen as the initial site of the truce talks, and then the Communists suddenly occupied it.

X-Ray Unit Will Be Here Nov. 7-8

The State Health department will have its TB unit in Eastland on Wednesday and Thursday of next week, for the purpose of making X-Ray examinations. Personnel 16 years old and over may have this service free of charge.

Examinations will be made at King Motor company where special offices have been arranged. If for any reason you desire this examination, plan to be present at the designated place. The removal of clothing will not be necessary.

Members of Eastland's two chapters of the Beta Sigma Phi, and the Veta Pi and exemplar chapter Xi Alpha Zeta, will serve as hostesses. Women from other organizations are invited to assist.

Many Present At Funeral Of J. E. Puett, 81

J. E. Puett, 81, Fort Worth resident for five years, passed away Monday at 10:05 a.m., at the home of his daughter, Mrs. W. G. Davis of 916 Burnett.

Mr. Puett was a retired grocer, who had many friends in this section of the state. The body was sent to Carbon, Eastland county, for burial at 3 p.m. Tuesday.

Surviving are three daughters: Mrs. W. G. Davis of Fort Worth, Mrs. R. B. Moss of Brownwood and Mrs. E. C. Byers, Waco, two brothers: W. H. Puett of Plainview and Marion, Dallas. Two sisters: Mrs. Jessie Johnson, Duncan, Okla., and Mrs. Ruby Perry, Denver, Colorado. Eight grandchildren and twelve great-grandchildren also survive.

Out-of-town friends and relatives attending the funeral were: Mr. and Mrs. Grady Wier, Mr. and Mrs. John Hinkel, Mr. and Mrs. Ray Mackey, Mr. and Mrs. Floyd Kenedy, Mrs. Hale and Misses Ora and Loraine Snodgrass, all of Abilene. Mrs. George Herman, Mr. and Mrs. Tom Byrd, Mr. and Mrs. Bob Ross and R. D. Ross of Brownwood. Mrs. Brooks Ross of Plainview. Mr. and Mrs. Carter Byers and Mrs. Clarence Rose of Sweetwater. Mrs. Bernard Skrehat, Weatherford. Mrs. L. D. Hawkins and W. G. Davis, Fort Worth. Mr. and Mrs. Marvin Puett of Dallas. Mr. and Mrs. Geo. P. Byers, Victoria. Tip Roes, Corman and Mr. and Mrs. Lois Groves and Mr. and Mrs. Henry Collin of Olden.

FBI Arrests Ex Atomic Worker With Uranium

TULSA, Okla., Nov. 3 (UP)—The FBI today announced the arrest of a former Atomic Energy employe and said a four-pound bar of uranium had been found in his home at Sand Springs, Okla.

The suspect, Robert Sheldon Mathews, 21, was charged with illegal possession of uranium, a violation of the Atomic Energy Act. He was freed on \$1,000 bond after arraignment before U. S. Commissioner E. Lawton Bragg in Tulsa.

D. A. Bryce, head of the Federal Bureau of Investigation in Oklahoma, said in Oklahoma City that Mathews was employed at the Hanford Atomic Works at Richland, Wash., from June until a week ago. Bryce said Mathews quit to go on active duty in the Army, as a second lieutenant.

The uranium bar, cylindrical in shape was about four inches long, was found in Mathews' home when he was taken into custody. Mathews admitted taking the metal but said it was worthless. He said he had taken it because he "just wanted something for a souvenir."

"It's a minor molehill and they are making a pretty big mountain out of it," Mathews said after his release here.

He said he couldn't reveal details of the incident "because of security regulations." He declined to say just where the uranium was obtained or what job he had at the atomic plant.

Mathews holds a degree in chemical engineering and is the son of Mr. and Mrs. Tandy S. Mathews of Sand Springs. His father is an accountant, with offices in Tulsa, and his mother is an employe of a Tulsa department store.

Uranium, regarded in recent years as one of the world's most precious metals, is used in manufacture of atomic weapons. Federal officials would not say whether the metal is processed uranium or an ore.

Bryce said the metal has been stored in a secret place to be used as evidence and declined to disclose its whereabouts. Mathews was arrested last yesterday at Sand Springs by FBI agents, Harry Hankinson and Jack Bales.

2 Million Are Draft Eligible

WASHINGTON, Nov. 3 (UP)—Some 2,000,000 men will be eligible for the draft until they are 35, rather than the normal cut-off age of 26.

A Selective Service official said a special provision in the new draft law permits these men—now deferred—to be drafted after they reach their 26th birthday. Those affected were under 26 when the new law was signed by President Truman on June 19.

Currently, there appears to be little chance that the men will be called up. But Selective Service said many may be called in 1953 when draft officials expect to be hard pressed to fill quotas.

Temperature 25; Cold Wave Here Ushers In Winter

With thermometers standing at 25 degrees early Saturday, Winter with all its trimmings, seems to have reached this section of the state. Two weeks ago we were enjoying real balmy weather. Fans and air coolers were in evidence on every hand. Then came the rain, and since that time the weather picture has made a complete change. It seems we just jumped from Summer to Winter, skipping fall entirely.

Old timers say there is only one meaning, and that is we are in for a rough winter. Indian signs support this view. And, too, there are those who insist that one extreme follows another. We remember the 40 days of 107 degree heat during the summer, by spring we may be telling about 40 degree sub-zero weather, that entertained us during the winter months. Heavy frost Friday night.

Corn, if and when you find an ear, will have a heavy coating of shucks. Bark on trees is a little heavier than usual, and several other never-known-to-fail signs are in evidence. Watch all wild life. Investigate the lowly prairie dog, and cast an eye on the ant world. They may not speak, but their actions speak with authority.

Yes, brother, if you haven't shelled that pile of cord wood don't call on us for help after the thermometer registers 10 below.

Rawest Recruit In Many A Year Joins The Army

SAN ANTONIO, Nov. 3 (UP)—The rawest recruit in many a year settled into Army routine today and officials took his tale of a shoeless childhood in a remote mountain hermitage at face value.

Peter Grainger, a gangling 26-year-old New Mexico prospector's son, told Army recruiters he knew there were such things as automobiles, but he had never ridden in one.

He never even heard of the draft.

Grainger said he decided to join the service after his father died. "I buried paw on top of the mountain and then started out to join the Army," Grainger said.

He was sworn in yesterday. Recruiting officers termed the case apparently "one in a million." They said Grainger was a little upset by Army red tape. "I thought they'd just give me a uniform and a gun and send me out to fight," he explained.

Dressed in sheepskin trousers with a shawl over his shoulders, the tall, muscular mountaineer left his boyhood home in northern New Mexico aboard an elderly mule. The mule died, Grainger said, but he walked on to a hilly highway and caught a ride with two men driving to San Antonio.

He said he had never ridden in an automobile before. "I was a bit scared to get near them at first," he admitted.

On the way here, the two men

OPS Chief Gives Reason For Ban Of News To Press

WASHINGTON, Nov. 3 (UP)—Price Stabilizer Michael V. DiSalle took great pains to point out that his new information policy isn't meant to gag OPS employes.

DiSalle ordered employes of the Office of Price Stabilization yesterday not to discuss any steps under consideration by the agency until the actions get final approval.

But he emphasized that he merely wants to keep his employes from giving out misleading information—not all information.

The pudgy price chief's emphasis is undoubtedly stemmed from an OPS order of Sept. 27 prohibiting release of information which might "embarrass" the agency. This order, issued while DiSalle was out of town, cancelled an instant uproar and was cancelled almost immediately by President Truman.

The new policy statement reminded employes that they must "safeguard" data collected from businesses on a confidential basis as required by law.

"It is also of the greatest importance," he said, "that the public not be misled by statements of employes regarding OPS actions which have not received final approval."

DiSalle told reporters later that he did not intend to gag OPS employes. He issued a supplemental paragraph to the policy statement which said:

"If any meetings, interviews and conferences, OPS personnel should be careful to avoid the possibility that persons may be confused or suffer harm due to any impression that OPS will take certain actions when the decision to take such actions has not been finally determined."

Three Year Wait Is Finally Ended

FRANKFURT, Germany, Nov. 3 (UP)—Kurt W. Knauff, 42, Army civilian employe, was overjoyed today that his German war bride has won her three-year fight to enter the U. S.

"Thank God it is all over," he said. "I was always confident that things would turn in our favor."

Knauff was reached by telephone at the Roter Hahn Hotel, in the Bavarian Rest SPA of Garmisch-Partenkirchen. He works at the Hanau Signal Depot.

The couple are the parents of Roy Lane, Eastland County's District Clerk.

Illness Won't Stop Senator

WASHINGTON, Nov. 3 (UP)—Illness is not expected to stop Sen. Pat McCarran's one-man investigation of the institute of Pacific Relations on the west coast.

The Nevada Democrat was admitted to St. Mary's hospital in Reno, Thursday. But committee sources here said he is only suffering from a cold that is not likely to interfere with his plans.

Thursday Afternoon Club's Annual Fine Arts Program Compares Art, Music In Most Realistic Manner

Mrs. Victor Ginn of Fort Worth compared the progress of painting and music, from the beginning of each and told of their history up to the modern trend, Thursday speaking on the annual Fine Arts Program of the Thursday Afternoon Club at the Women's Club.

She likened the entering of harmony into the musical world to the beginning of the artist to use color in his pictures. She used the paintings of several of the early day artists, Coro, Millay, and the music of the famous musicians, Bach and Beethoven, interpreted by Mrs. Donald Kinnaird at the piano.

Mrs. Ginn, a vocalist and former member of the Eastland Music Study Club and the Thursday Afternoon Club, was well qualified to handle her subject. She is the daughter of Mr. and Mrs. John Elliott Jenkins. Her father was one of Texas' most well known artists and her mother was an accomplished musician. Mrs. Ginn is much in demand for club and church programs, and was inticed into singing, "In the Garden", accompanied by Mrs. Donald Kinnaird. The two have been a popular team on many former programs here.

Mrs. Hubert Jones, was the leader, and introduced Mrs. Ginn and also presented Virginia McCord, advanced piano pupil of Mrs. F. E. Drago, who played "Girue" in B minor by Bach and "Wild Horseman" by Schumann.

Highlight and background for the program was a commercial art display made by Jack Turner as his senior project for his degree from North Texas State College, Denton. One of the educational features of the exhibit was the group of pictures from the different grades showing the progress of an art student in the public school. Mrs. Jones explained some of the work and told the life of the young artist.

Outstanding work was displayed in pictures made by young Turner using the medium of pin and ink, pencil, charcoal, lithograph, etching, pictures made for window displays in various ways. One realistic design was a picture of the inside of a street car used as a back ground for a display of women's gloves, depicted holding on to the streetcar straps. Outstanding pictures in water color and other mediums were included in the display.

First Christian Church Extends Welcome To All

The subject for the sermon for the morning worship service will be "My Responsibilities," built around the idea in Revelation 3:20-21. The evening worship service subject will be "Working With God."

The church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support.

Come to church. The friendly church with a spiritual message.

Jack is the son of Mr. and Mrs. John Turner and is employed in Fort Worth by one of the leading department stores, where he is using his talent to great advantage.

A business meeting preceded the program, with Mrs. Arthur Murrell, president, presiding and appointing Meses. James Horton, Fred Davenport, R. E. Sikes, and Milburn S. Long as hostesses, representing the club at the County Wide X-Ray TB unit, which will be here November 7th and 8th.

A tea followed the program with Meses. W. W. Linkenhorer, Grady Pipkin, B. W. Patterson and Dan Childress as hostesses.

The refreshment table was laid with an ecre lace cloth and decorated with an arrangement of Chrysanthemums in yellow and bronze, flanked with green candles, which was repeated in color in the dainty napkins. Mrs. Murrell poured and was assisted in serving by Mrs. Patterson.

Members of the Music Study club were guests and Meses. Phill D. Dwyer and Travis Dean of Fort Worth, accompanied the speaker and were guests of the club.

Bulldogs Take Eastland Game; Score Was 33-0

Ranger's tough Bulldogs proved to be too much for the Eastland Mavericks last night, when the teams clashed on the Eastland field. The final score was 33-0 in favor of Ranger.

The Bulldogs made five touchdowns and three lucky kicks, while the Mavericks failed to score. In fact the Mavericks were over-powered throughout most of the game. They played a pretty good defense game during the first half, but after that the Bulldogs got loose and the verdict was seen.

In the second quarter Massee made the first touchdown. In the last half he made another, while Comancho scored three touchdowns and three kicks.

The Mavericks will meet Cisco in Eastland next week.

Samia Happy

CAIRO, Egypt, Nov. 3 (UP)—Auburn-haired belly-dancer Samia Gamal wriggled with joy today at the news that Sheppard (Abdullah) King III had won a divorce clearing the way for their wedding.

The wealthy Texan, who adopted the Moslem religion so that he could marry the Egyptian dancer, announced in the U. S. that he would drown half of Egypt in champagne after winning a divorce from his wife, Gloria. "At last," Samia shrieked. "You've given me the best news I've had for a long time." King said that he would return to Egypt as soon as he could to marry Samia.

POTPOURRI OR WORSE

By Major Hoopie McCorkle
Telegram Philosopher

This world is filled with sap-headed blatherskites, who figure editors are the dumbest of all creatures. However, the dumbest editor in America know the difference between advertising and reading matter—news. Yet every day we are forced to open from 75 to 300 letters containing this junk. When they are opened we sometimes (not often) look at the first word and then throw it into the waste basket. It should be thrown farther than that—to a place where they have intense heat and where some of the writers might be consumed by remote control.

Usually the name of some would-be journalist appears in the upper left corner. He may claim to be a correspondent, research worker, publicity agent or most anything else. As a rule he is a grafter—trying to horn-swoggle some feeble-minded editor out of a few columns advertising. If he had three ideas above a brickbat he would know the advertisement wouldn't cast half as much as his propaganda crusade, and would be far more effective. All editors are not fools even if we do look like it.

Multi-million dollar corporations hire publicity departments. Of course no publicity (real news) ever escapes from these offices, but many millions of dollars worth of free advertising—sugar-coated does. Various movements and pet projects want special attention. We have fire prevention week, employ the handicapped week, Red Cross Week, and we have been looking for "Double Cross" week. We have hot dog week, flower week and in some localities moonshine week.

We are not saying that some of the causes sponsored by the publicity shyster, are not good, for they are. But they are getting so numerous, and so many devils appearing in sheep clothing, we are at a loss as to what to do. And the bad thing is that matters are getting worse every day. Even high school and college students are taking part. We suppose all of them are studying journalism and just want to practice on somebody. During the month of October, six colleges and universities doing business in this area, sent more than 400 typewritten sheets of "alleged" news copy to the Telegram. Look at the good paper wasted, excellent envelopes and real postage that costs cash money. We used less than a half page of the 400 papers submitted. And colleges are not as bad as some commercial firms when it comes to seeking free advertising.

As Clayton Rand says: "Most of the schemes undertaken to put the people into an apple-eating of juice-drinking frame of mind are projected to obtain free newspaper space. We need at least one 'do-as-you-darn-please-w e e k' during which a man would not have to eat prunes or cheese or be kind to cats, if he had no appetite for the one or love for the other."

Now that we have this out of our system we will settle down

Russia Claims Atomic Advances

MOSCOW, Nov. 3 (UP)—Top Soviet chemist A. N. Nesmeyanov said today that Russian scientists are now using atomic energy for developing the nation's industry and agriculture.

Nesmeyanov, president of the Academy of Sciences, made the statement to the official Communist party newspaper Pravda.

Taft Makes Most Of Being Only Candidate Now

By United Press
Coast-to-Coast presidential politics by both parties neared the boiling point today with Sen. Robert A. Taft, the only announced candidate for either party, playing his one-man performance to the fullest.

The Ohio Republican's potential opposition for the GOP nomination in 1952 mostly waited off-stage in the wings for the proper psychological moment to make their entrance.

Gen. Dwight Eisenhower, Gen. Douglas MacArthur and Harold Stassen — with Sen. Everett M. Dirksen (R., Ill.) a possible dark horse — were those mentioned most frequently as the men Taft would have to beat for the Republican spot.

But all of these declared flatly — but indirectly — that they wanted no part of the nomination.

Democrats keep mum about who would be their standard bearer in 1952 as they waited to see what President Truman would do. Most observers were convinced he would run.

Taft spoke to a \$100-a-plate dinner of 4,000 Republican faithfuls in Chicago last night. He told them the nation was faced with a "crucial" test in 1952. He said the issues either were "progress" with the GOP or "social-

ism" with the Democrats. And he called on the Republicans to cast aside any "me too" campaign in the election and go "all out" to lick the Democrats. A "me too" campaign, he said, "will lose the enthusiasm and determination of our supporters and the vote they will secure far more than it will gain any elusive and so-called independent vote."

Information and facts pertaining to the Special Election to be held in Eastland County on November 13th for the Re-Allocation of Constitutional Taxes.

Our Constitutional tax levies were written into the Texas Constitution prior to 1900. These tax levies produce the operating funds of your county, and are now as follows: Jury Fund .15 cents; Road and Bridge Fund .15 cents; Permanent Improvement or Building Fund .25 cents; and General Operating Fund .25 cents.

Since 1900 many changes in the various costs of operating a county government have taken place. Consequently adjustments in these tax levies for Eastland County are necessary to operate its government with more efficiency. The Jury Fund, out of which the jurors and other court cost are paid, does not need the full .15 cent tax. Likewise the permanent or building fund does not need the entire .25 cent tax. In recent years the Legislature has enacted laws which have added to the tax burden supported by the Road and Bridge Fund and the General Operating Fund.

The present state laws permit changes in these constitutional tax levies for a period of 6 years if voted by the property owners of the county. In view of these laws and in view of the need of the adjustments in the tax levies the Commissioners' Court has called a Re-Allocation Election for November 13th.

Therefore, the Re-Allocation Election merely gives your Commissioners' Court the authority to re-arrange the operating tax levies of the county for a period of 6 years. THESE CHANGES DO NOT RAISE YOUR TOTAL TAX LEVIES. THEY MERELY RE-ARRANGE YOUR TAX DOLLAR.

LEGAL NOTICE

ORDER AND NOTICE OF ELECTION FOR THE RE-ALLOCATION OF CERTAIN COUNTY TAXES

THE STATE OF TEXAS COUNTY OF EASTLAND

On this the 13th day of October, 1951, the Commissioners Court of Eastland County, Texas, convened in regular session at a regular term of said Court at the regular meeting place in the Courthouse in Eastland, Texas, the County Seat of said County, with the following members present, viz:

John S. Hart, County Judge; T. E. Castleberry, Commissioner Precinct No. 1; A. M. Thurman, Commissioner Precinct No. 2; Henry M. Carter, Commissioner Precinct No. 3; W. V. Love, County Clerk, with Arch Bintl, Commissioner Precinct No. 4 absent; and passed the following order:

It appears that at the general election held in and throughout the State of Texas on the 7th day of November, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9 of Article 8 of the Constitution of Texas by changing said Section 9 so as to provide that the Commissioners Court in any County may re-allocate the County tax levies authorized in said Section by changing the rates provided for any of the purposes authorized in said section (except the 15c voted road maintenance tax) by either increasing or decreasing the same, but no event shall the total of such taxes exceed Eighty Cents (80c) on the One Hundred Dollars valuation for any one year (exclusive of the 15c voted road maintenance tax), but that before such re-allocations and changes in such levies the same shall be submitted to the qualified property tax-paying voters of such County at a general or special election and shall be approved by a majority of the qualified property tax-paying voters, voting at such election, and in event such re-allocation and changes in such County tax levies are approved by the qualified property tax-paying voters of any such County, such re-allocations and changes shall remain in force and effect for a period of six years from the date of the election, at which, same shall have been approved, unless the same again shall have been changed by a majority of the qualified property tax-paying voters of such County, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose.

And it further appears that it will be to the best interest and general welfare of the County to re-allocate the County taxes authorized to be levied annually by Section 9 of Article 8 of the Constitution, by changing the rates in respect of certain County taxes as herein provided, and that it is accordingly the judgment of the Court that the proposition should be submitted to the qualified property tax-paying voters of said County at a special election; THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF EASTLAND COUNTY, TEXAS:

That a special election be held in said County on the 13th day of November, 1951, which is not less than thirty days from the date of the adoption of this Order, at which election the following proposition shall be submitted to the

qualified tax-paying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon;

Shall the Commissioners Court of Eastland County, Texas, be authorized to levy and collect in and for each of the years 1952 to 1957, both inclusive the following County taxes to-wit:

Not exceeding Thirty-five (35c) cents on the One Hundred Dollars valuation of taxable property, in any one year, for County purposes;

Not exceeding Twenty-five (25c) cents on the One Hundred Dollar valuation of taxable property, in any one year, for roads and bridges;

Not exceeding Five (5c) cents on the One Hundred Dollars valuation of taxable property in any one year, to supplement the jury fund of the County; and

Not exceeding Fifteen (15c) cents on the One Hundred Dollars valuation of taxable property, in any one year, for the erection of public buildings, streets, sewers, waterworks and other permanent improvements.

Nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court of said County to continue the annual levy of the tax not exceeding Fifteen (15c) cents on the One Hundred Dollars valuation of taxable property for the further maintenance of the public roads of said County pursuant to authority heretofore or hereafter conferred upon the Commissioners Court by a majority of the qualified property tax-paying voters of the County voting at an election heretofore held for that purpose.

Said election shall be held under the provisions of the constitution and laws of the State of Texas, particularly amended Section 9 of Article 8 of the Constitution and Section 3-a of Article 6 of the Constitution, and all persons who are legal voters of Eastland County and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

All voters who desire to support the proposition shall have written or printed on their ballots the words:

"FOR THE RE-ALLOCATION OF COUNTY TAXES UNDER LIMITATIONS AND IN THE MANNER PROVIDED FOR IN SECTION 9 OF ARTICLE 8 OF THE CONSTITUTION OF TEXAS."

AND those opposed thereto shall have written or printed on their ballots the words:

"AGAINST THE RE-ALLOCATION OF COUNTY TAXES UNDER THE LIMITATIONS AND IN THE MANNER PROVIDED FOR IN SECTION 9 OF ARTICLE 8 OF THE CONSTITUTION OF TEXAS."

The polling places and presiding officers of said election shall be respectively as follows, to-wit:

In Voting Precinct No. 1 at the Courthouse in the Justice of Peace Office, Eastland, Texas,

with E. C. Satterwhite, Presiding Judge;

In Voting Precinct No. 2 at the City Hall, Eastland, Texas, with J. C. Allison, Presiding Judge;

In Voting Precinct No. 20 at the old School Building, Romney, Texas, with Brice Webb, Presiding Judge;

In Voting Precinct No. 22 at the Baptist Church, Pleasant Hill, Texas, with H. G. Hines, Presiding Judge;

In Voting Precinct No. 23 at the Church house, Staff, Texas, with Allen H. Crosby, Presiding Judge;

In Voting Precinct No. 24 at the old School Building, Cook, Texas, with Joe Weise, Presiding Judge;

In Voting Precinct No. 25 at the School Building, Tudor, Texas, with Walter Mitchell, Presiding Judge;

In Voting Precinct No. 26 at the Church Building, Desdemona, Texas, with L. E. Clark, Presiding Judge;

In Voting Precinct No. 27 at the Tabernacle, Sabanno, Texas, with Edwin Erwin, Presiding Judge;

The hereinbefore named presiding officers, also such other presiding officers as may serve in lieu of any of these who do not serve, are hereby authorized and directed to appoint such additional judges and clerks as may be needed in holding said election.

The manner of holding said election shall be governed by the laws of Texas regulating general elections.

A copy of this order, signed by the County Judge, shall serve as proper and sufficient notice of said election, and notice of said election shall be given by posting a copy of this order in each of the election precincts of Eastland County, and one at the Courthouse Door of said County at least thirty days before the date of said election, also by publication of such notice in some newspaper of general circulation in said County on the same week-day once each week for four successive weeks, the first publication to be at least thirty days before the date of said election; and the County Clerk is hereby authorized and directed to cause such notices to be posted and published as herein set out.

The foregoing order was read and it was moved by Commissioner THURMAN and seconded by Commissioner CARTER that it be passed, and upon the question's being called, it was passed, the vote being as follows:

Commissioners CASTLEBERRY, THURMAN and CARTER voting AYE and no-one voting NO.

CHRISTIAN SCIENCE SERVICE

That sin and its consequent suffering are destroyed today through turning wholeheartedly to God will be stressed at Christian Science services Sunday. The subject of the Lesson-Sermon is "Everlasting Punishment" to be read in all Christian Science churches on November 4.

The Golden Text in these words states (Lamentations 3:39,40): "Wherefore doth a living man complain; a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord."

Bible selections to be read will

be: "The Lord is my strength and my shield; my heart trusted in him, and I am helped; therefore my heart greatly rejoiceth; and with my song will I praise him" (Psalm 28:7). And from "Science and Health with Key to the Scriptures" Mary Baker Eddy says: "Through the wholesome chastisements of Love, we are helped onward in the march towards righteousness, peace, and purity, which are the landmarks of Science. Beholding the infinite tasks of truth, we pause, wait on God. Then we push onward, until boundless thought walks enraptured, and conception unconfin'd is winged to reach the divine glory" (p. 323).

Billy Butler, Sandra Herrell Crowned King, Queen At Olden

The Coronation of the King and Queen of the Olden High school Thursday night at the Olden Gym was preceded by the annual Hallowe'en carnival. Mrs. J. T. Weaver was master of ceremonies and Dessie Cagle and Shirley Alford were the pages and announced the entrance of the dukes and duchesses, who were in formal dress for the gala occasion, and the king and queen Billy Butler of the house of Carl Butler and Sandra Herrell of the house of J. D. Herrell.

J. T. Weaver accepted the crown from Jimmy McCotter, and Ann Hodges crown bearers, and presented in to Freddie Rowch, captain of the basketball team who crowned the King who in turn crowned the Queen.

Duke and Duchesses chosen from each of the grades in school formed the Court of Honor. They were: Raymond Fox and Carol June Hilliard, first grade; Ronnie Cagle, Doris Rowch, third grade; Gary Fox, Carma

Cole, fourth grade, Ed Griffin, Elizabeth Fox, fifth grade, Jack Hilliard, Tenella Jean Weaver, sixth grade, John Brockman, Elizabeth Alford, seventh grade; Carroll Nelson; Melba Taylor, eighth grade; Dale Norton and Frances O'Brien, Prince and Princess of the house of A. A. Norton and house of George O'Brien, representing the 9th grade

Jimmy Horn, Louise Canet, Duke and Duchess, 11th grade; Bobby Burdick and Betty Vaughn, duke and duchesses representing the 12th grade.

Bubba Everett and Marita Woods were the bearers of the Queen's train and Illene Fox, Georgia Taylor were the Flower Girls.

Thelma Edwards was the pianist. Flowers were presented to the queen by J. T. Weaver, basket ball coach.

A program was presented honoring the newly crowned King and Queen immediately following the Coronation.

The Welcome was given by Judy Brown and a skit titled, "Hallowe'en Acrostic" by the Sixth grade pupils.

"Five Little Witches" by the first and second grade pupils. "Dividing" a skit presented by Bert Eltringham and Marcus Horn.

Eddie Mun sang a "Ghost Song" accompanying his song on the guitar.

The Court's chorus composed of a group of High School pupils, dressed as pickinies sang a group of songs, under the direction of Mrs. Max McCotter and accompanied by Mrs. Travis Hilliard.

RFC Grants 147 Loans Last Week

WASHINGTON, Nov. 3 (UP)—The Reconstruction Finance Corp. this week approved 147 loans totaling \$7,410,000, bringing to nearly \$400,000,000 the volume of loans okayed by the government's big lending agency since the Korean war started.

Figures made public today showed a strong trend toward "defense" loans. For example, of the loans approved this week, \$5,700,000 went to eight defense industries. There also were 128 loans totaling \$1,434,000 to victims of the Kansas - Missouri floods.

Two Bandits Take \$1,500

NASHVILLE, Tenn., Nov. 3 (UP)—Police here said two bandits snatched \$1,500 from a bank teller's cage after a cohort lured the teller away with a telephone call.

Miss Martha Turner said she left her cage in the First American National Bank yesterday for a lengthy telephone conversation with a "Mr. Bailey", who said she had overpaid him in cashing a check earlier in the day. Bank officials said they saw "a large, tall man and a dark short one" leave the bank after the theft.

Royal Couple Will End Visit Here With Sight Seeing Tour

WASHINGTON, Nov. (UP)—Britain's Elizabeth and Philip wound up their two-day Washington visit today with a whirlwind sightseeing tour.

With two state dinners, four receptions and a couple of wreath-placing ceremonies behind them, the 25-year-old princess and her 30-year-old consort spent their last hours in this capital like a couple of tourists completing an all too short vacation.

The Royal Couple operated on a pre-arranged split-second timetable to see the most in the least possible time and still get away (about 1:30 p.m. EST) on their return flight to Montreal and another week and a half touring the Canadian maritime provinces.

They hoped to have a long look at New York when their four engine Royal Canadian Air Force transport passes over the nation's biggest city this afternoon.

Before saying goodbye to their hosts—president and Mrs. Truman—and to a capital completely captivated by their wondrous charm and grace, Elizabeth and Philip scheduled visits to:

Washington Cathedral, the towering but still uncompleted Gothic pile on Mount St. Albans where American Episcopalians of this area worship according to the ancient rites of the Church of England.

The Library of Congress, a world famous repository of knowledge which—though it may be tactless to say so how—was a victim of British vandalism when Elizabeth's countrymen of old set fire to the capitol in 1814.

The Supreme Court, the Capitol, and the White House.

The Princess' last official duty here, one assigned to her by her father, King George, was to present to the president two gifts for the adornment of the renovated White House.

The gifts are a pair of rare and valuable 18th century English Candelabra and a carved 18th century gilt landscape mirror measuring 6 feet, eight inches by 4 feet, seven inches.

The presentation ceremony, in the White House Rose Garden, was the final officially scheduled function of the Royal Couple's 45 hours in this capital.

Fast-paced as it was, the last day's schedule for the princess and the duke was not as full as yesterday's. They made ceremonial visits yesterday to Mount Vernon and Arlington National

Cemetery, said nearly 2,000 "how-do-you-do's" at a couple of receptions, and then entertained President and Mrs. Truman and Margaret at a formal dinner for 20 guests.

The day's biggest event was an afternoon reception in the British Embassy at which the couple shook 1,574 hands and plied their owners with champagne, bourbon, setoch, fruit juice, caviar, and pate de fois gras.

gave him a flannel shirt, a pair of slacks and what he said was his first pair of shoes. The three of them stopped at a barber shop where Grainger got the second shave of his life.

Grainger was left at the door of the post office here, and found the recruiting station after a heady ride up four floors in an elevator.

"It made me a little sick," he said.

Army T-Sgt. Louis G. Coutress heard his story once and sent him to selective service headquarters. Officials there checked and rechecked, but could find no evidence that Grainger had ever registered for the draft. Maj. John Buffin, local recruiting officer, said it was decided finally to accept the rookie soldier and stop searching the records.

It was Grainger's second trip away from the one-room straw-thatched hut where his father

General "Ike" Arrives Saturday

FORT KNOX, Ky., Nov. 3 (UP)—Gen. Dwight D. Eisenhower arrives from Europe today for a quiet week-end with his son, but the heat was on to make him disclose his political intentions.

The 61-year-old Supreme Commander of Western European Defense Forces promised a press conference shortly after his four-engine plane from Paris lands (about 11 a.m. EST), at adjoining Godman Field. The scores of newsmen who

have been pouring in here were sure to hammer long and loud at the General in an effort to get him to say "yes" or "no" to whether he is interested in becoming President of the United States.

But the General, who has been parrying the question ever since he led Allied forces to victory in Europe in World War II, was almost sure to talk about other things.

Before his departure from Paris yesterday, he sidestepped all political questions and said that his scheduled meeting with President Truman in Washington on Monday was a "purely military mission."

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive® such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart

style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

Castland MAVERICKS ROUND-UP

NOTES FROM THE GYM

You've heard the song "Singing in the Rain." Well, the football team was playing in the mud Tuesday when they had a regular intersquad scrimmage. It seems that Miller has turned into a touchdown twin. With only two weeks of actual practice left in this season it seems that Ranger is the team to beat. I'm sure that everyone enjoyed the performance which the team turned in Friday night, even if it was a little late. The only thing that they didn't have the most of, was substitutes and mainly the score.

Football warm up suits ar-

rived this week. They are grey satin trimmed in red and are flashy and beautiful. Riggan and Miller spread the word that football jackets had come, but that great occasion will be later in the season, probably just before Christmas.

F. H. A. Buys Clock

The homemaking students are very proud of their new electric clock. It was bought with money the FHA has made by selling sandwiches at football games. The new clock is to be used in the foods laboratory and in the class room. It is a great improvement over the old clock, which was usually out of order. The new clock will make the department more efficient.

Mr. Cloud in Hospital
E.H.S. isn't the same without our custodian, Mr. W. J. Cloud. He is in the hospital at Gorman and will be absent from school two weeks. We miss him very

much and will be very glad to welcome him back. Students have been doing his work for the past day or two, while the administration is locating some one to take his place temporarily.

They Spent Their Money
What would you do if you won a cash prize? The prize winners in the Fire Prevention Theme Contest spent their money in the following ways.

Janice Patton bought a pair of earrings; the rest of the money sort of spent itself.

Deloris Warren is planning to buy a record.

Edith Cox bought the recording, "Cold, Cold, Heart."

Pearson Grimes is buying "Tech" Whatley a coke every day (she thought of a title for his theme.)

Derrell Basham hasn't spent it yet; plans to buy an identification bracelet.

Joy Lynn Robinson is thinking about getting a record.

Loretta Holdcraft had to treat all girl friends to a popcicle.

Norma Wright let her sister borrow her money.

Nelda Byrd attended the movie Joan of Arc.

Round-Up Staff to Organize
The people that want to be on the Round-Up staff are urged to meet at high school, Tuesday night at 6:30. The group will elect an Editor-in-Chief and sectional editors. The reporters have been drafted to write news the first eight weeks. We hope that a good staff will be formed and we will continue to have a good paper this year.

Your Scrap Dealer...

A VITAL LINK IN
NATIONAL PRODUCTION

The scrap metal he gathers is as necessary for producing tanks and autos, nails and bridges, as iron ore from mines. He needs your broken machinery, old batteries, in fact anything discarded or useless made of iron and steel or other metals to send on to the mills. Most steel is made from 1/2 scrap and 1/2 pig iron. Other metals, too—zinc, lead, aluminum, copper, etc.—are re-used in production. Scrap is critically short.

A Message of Importance

In The State of Texas

HERE'S WHAT YOU SHOULD KNOW ABOUT THE NEW TEXAS "SAFETY RESPONSIBILITY LAW"

- 1 Enforcement Begins January 1, 1952.** On this date, the new Safety Responsibility Law, as passed by the Legislature, goes into effect. This law was designed to protect you against financially irresponsible drivers and owners of motor vehicles involved in accidents. It affects all drivers and motor vehicle owners (except Federal, State, County and City-owned cars).
- 2 What Must You Do After An Accident?** Under existing laws, you must file a written report to the Department of Public Safety if your car is involved in an accident where there is a death, an injury or property damage in excess of \$25. Under the new law, a written report must be filed *within ten days* if your car is in an accident resulting in death, injury or property damage in excess of \$100.
- 3 You Don't Have to Carry Liability Insurance, But . . .** If you are not insured against bodily injury and property damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000.00, to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved. If you cannot establish financial responsibility for the future, your driver's license and your motor vehicle license plates are automatically suspended.
- 4 It's Easy to Establish Financial Responsibility** with a motor vehicle liability insurance policy. If you do not now have such a policy, call your local insurance agent today. He is a qualified insurance counselor who will be happy to advise you concerning your needs.
- 5 What is the Minimum of Your Liability?** The law permits each driver to establish the following minimum limits of liability: up to \$5,000.00 for injuries sustained by one person; up to \$10,000.00 for all personal injuries resulting from one accident, and up to \$5,000.00 for property damage. You do not have to establish such liability but it is the easiest way.
- 6 SELECT AN ESTABLISHED INSURANCE AGENT.** The agents listed below have had established insurance agencies for many years and represent only well-known dependable capital stock insurance companies. These agents are not of the kind that are here today and gone tomorrow. Call the one of your choice when you need insurance advice or insurance service.

EASTLAND'S MANUFACTURING PLANTS

Automotive Manufacturing Plant Here Has Large Pay Roll; Now Working On Government Contract

Eastland Auto Parts is another of the many manufacturing concerns located in or near this city. And the owner, Milton J. Gaines, is one of the most progressive and fair-minded individuals we have had occasion to meet.

Mr. Gaines has been living in Eastland a little less than 12 years, but he is a firm believer in the city's future. When he came to Eastland he was not looking for a great city, but just a quiet little city where a man could make a living, and enjoy his friends.

At first his business was small, but good service and fair business dealing promoted the growth. Today he has one of the largest and most complete plants of its kind to be found in this section of the state, and he is doing a very large volume of business.

In describing his plant one might well say that it is a manufacturing plant, though lots of his business is in reality, re-man-

ufacturing. Motors for numerous types of cars are re-made in this plant. Precision tools of every description will be found in his shop, and after they complete a job the motor looks like new, runs like new, and in a sense is new.

Montgomery Ward & Co. is one of his largest customers. He does all their work in this division which is composed of Texas, New Mexico and Oklahoma, and in this territory there are no less than 37 Ward stores.

At this time he is handling a government job—rebuilding air compressors for the Army Air Force. Some 500 of these units will pass through his shop and will be in as good condition when they are returned as they were the day they were first purchased.

Mr. Gaines also carries a very large selection of auto parts and accessories, and this is indeed an added feature at this time when there seems to be a shortage of such items.

And while the owner is not

NEWS FROM Morton Valley

Most Morton Valley residents sat around Saturday and enjoyed the rain. Water running into deep cisterns makes pretty music. Very few, if any stock tanks were completely filled, though most people have enough water to last for some time.

We haven't appreciated muddy roads so much in a long time.

Mr. and Mrs. W. B. Stewart, Jan and Debby, returned to their home in Lubbock, Sunday. Mrs. Stewart and daughter has spent the week end with Mrs. H. C. Thompson.

Dr. and Mrs. Guy Morrison and Mrs. Abbie White of Glendale,

complaining about bad business, he is making it possible for others to earn a livelihood. At this time he has 29 employees, and his annual payroll amounts to almost \$60,000.00, and is growing from time to time.

In other words this particular institution is a large contributor to the bread and butter supply of almost 100 mouths. Most employees there are grown men—family heads.

Truly an excellent concern, located in the heart on one of the best cities in West Texas.

WHAT'S NEW IN PASTURES

Phosphate added to a 640-acre pasture at the rate of 200 pounds per acre increased the calf crop to 98 percent. The fertilized pasture was stocked with 62 cows and was compared with a 640-acre unfertilized pasture stocked with 42 cows. Cows on the unfertilized pasture had a calf crop of only 69 per cent.

But this is not the whole story. The 229 calves produced on the fertilized pasture had an average weight of 551 pounds at weaning time, while the calves on unfertilized pasture averaged 489 pounds.

A little stub-pencil figuring will show that the fertilized pasture produced more than twice as much weaned-calf weight as the other. Your County Agent can suggest rates of phosphate application for your pasture.

Calif. have been visiting relatives here this week.

Lt. Ralph Wheat visited Mr. and Mrs. T. L. Wheat, before going to Maine to report, after being transferred from Fort Hood.

Grandmother Williamson is pretty sick at this time. Mr. and Mrs. O. H. Williamson and Dale, of Snyder, spent last week visiting her, and other relatives.

Gerald Williamson and Helen Hazard of NTSTC spent last weekend at home.

Mr. and Mrs. Paul Joe Strum and Eddie, visited their parents last week end.

Mr. and Mrs. Leo Gann, visited in the home of W. J. Graham, Sunday.

J. E. Cain, formerly of Morton Valley, has gone to Temple, for a minor operation.

John Travis Nix is spending the week with his grandparents, Mr. and Mrs. John Nix.

Home demonstration club women have been busy this week repapering their club room. B. L. Baggett donated his service and the women sure appreciate it.

Quite a few Morton Valley members of the Ward Schools PTA have been at the Eastland gym this week preparing for Halloween.

Mr. and Mrs. John Harrison and Terry, now of Eastland, spent Tuesday night with Mr. and Mrs. Nix.

Grandmother Harbin of Monday is visiting Mr. and Mrs. J. B. Harbin.

Mrs. J. B. Harbin visited her sister, Mrs. Bobeck, who is in a Breckenridge hospital. Her condition is reported to be improved.

Mr. and Mrs. Allen Trout of Breckenridge, are the parents of a new baby boy, born Tuesday. He weighed 6 pounds and 3 ounces and has been named Joe Stephen.

Jay Trout went back to school Wednesday after being absent for several days with the mumps.

Mrs. L. F. Trout surprised Mrs. Emmet Trout last Wednesday evening, with a birthday supper. Mr. and Mrs. Allen Trout and Vicki were present for the occasion.

Bel Canto Chorus Will Sing At Ranger Church of Christ Sunday

The Bel Canto Chorus of Boles Home, Quinlan, Texas, is scheduled to sing at the Ranger Church of Christ, Sunday afternoon at 2:30 o'clock.

This famed Bel Canto Chorus of thirty voices made extensive three months tours of the 35 states from coast to coast and of Canada during the summer of 1950-51 covering some 25,000 miles and making appearances before civic groups, singing in municipal auditoriums, and before Churches of Christ all over the land.

Personal appearances were made on several nationally known radio programs, such as "Surprise Package," "Breakfast in Hollywood," "Welcome Travelers" and "Double or Nothing."

The 1951 tour began June 3, and continued throughout the

summer months, with the initial appearances conducted in the western part of the United States. Tex Williams, Director of Public Relations, will give some highlights on the history and progress of Boles Home throughout its 27 years of existence, and

will present the opportunities in caring for the 296 boys and girls now living at Boles Home.

The Bel Canto Chorus is directed by Gayle Edward Oler, and the Bel Canto male quartet, which won first place honors in the spring University Regional Interscholastic League Meet will also be presented in the Sunday afternoon concert.

The Ranger Church of Christ extends a very cordial invitation to everyone to attend the Sunday afternoon concert, to enjoy the inspirational program.

The chorus will be in Ranger in conjunction with the all-day services to be held at the church in which members and ministers

of other Churches of Christ of this area will participate. Churches from Cisco Eastland and Breckenridge will be represented.

CARD OF THANKS
The family of Percy Harris expresses its sincere appreciation for all the many kindnesses shown during his illness and at his passing. The sympathies of the Eastland people were gratefully received.
