Around The Square

By Mack

A very kindly seeker of information asked us a day or so ago if we could sleep. We informed him we could sleep all the time if "Dick" would get well and come on back to work. During the past ten days we have had to help do his work, and while there wasn't very much to it, it did keep us awake. Our regular job is so easy we can do it sleeping. All we have to do is write this column, the Major Hoople McCorkle column, an occasional editorial, and a little local news when our associate editor gets swamped and refuses to do it for us. To handle Dick's job as it should be handled, you're supposed to go to the postoffice once daily—read the mail or throw it in the waste basket, which ever is the easiest, then settle down with a good cigar for an hour or so. After you have thoroughly rested, get up and stretch and walk around the square a couple of times. Stop and speak to a few of the fellows and come on back to the office and check out for the day. If customers haven't brought in their ads by that time it's a pretty good sign they plan to "skip" that day, and all the talking in the world wouldn't change their minds. This may not seem like very heavy work, but it really is. That's the reason so many ad-hounds suffer from gout and dropsy. They drop every time they see a chair or bed.

But we must answer our information seeker. Yes, brother we sleep any where anytime. He then told us that the reason he asked was that he had heard we had moved down on West Moss Street, and he figured the trains might bother us for a while. That's the first we knew that the T&P was in that part of town.

We then told him the truth. We do live on Moss, but it is one of the quietest streets we ever lived on. When we first came to Eastland we stayed over on East Main (Broadway of America) for a few weeks. This particular street gets a little noisy at times. The first night we were there we thought there had been an earthquake or volcano, but it turned out that the noise we heard was that of 14 trucks and 9 passenger cars applying brakes at the same time. When the air was released all its pent up steam and fury. Some night several thousands of these caravans would pass within thirty feet of our bed, and it was rather noisy. We soon got used to it, however, and when we moved over on Moss we couldn't sleep until our wife would get out a dishpan and hammer and beat the pan until she heard us snoring. It's just what you are used to. We still have nightmares though. The other night we got up in our sleep and began growling and grunting. The wife came to life and asked us what on earth we were doing. We weakly told her we were trying to jerk the motor out of that darned truck. About that time she began laughing and we were wide awake. Did we feel like a fool? Standing there in the middle of the room in our XYZ's we looked like the Captain in the more or less famous Katzen Jammer Kids funnies.

Pinball Machine May Become A Defense Casualty

WASHINGTON, Nov. 20 (UP)—The pinball machine is about to become a defense casualty. The National Production Authority warned industry representatives yesterday that there is not enough copper and bronze to meet the full requirements of coin operated amusement machines. The manufacturers said it would be impossible to find substitutes for the vital metals.

Theatre Tragedy

QUITO, Ecuador, Nov. 20 (UP)—Authorities reported today 14 children between 10 and 15 years of age were burned or trampled to death and 40 injured in a fire at a Sunday movie matinee in Cuenca.

Boy Scout Fund Drive To Start On December 28

W. B. Pickens, general finance chairman for the Boy Scout Campaign, has announced that Aubrey Van Hoy has been selected as the General Solicitation Chairman for the campaign starting with a "Early Bird Breakfast" Wednesday morning November 28. Mr. Van Hoy will select the team captains and the workers that will be asked to help in putting on the drive.

The campaign will be the second held this year in Eastland. Mr. Van Hoy explained. The reason for this is that the Comanche Trail Council is changing all its finance campaign dates to the Fall of the year. In the future all drives will be held in November, Mr. Van Hoy said. The change is being made in order to avoid conflict with other drives and so that the Council can have its money in hand in time to plan the Council budget for the coming year.

Mr. Pickens said that the Big Gifts part of the campaign has already gotten under way. Bruce Pipkin is serving as the Big Gifts Chairman. Members of the Big Gifts Committee are: Dr. James Whittington, Cyrus Frost, Jr., and H. C. Westfall.

Mrs. Mary Little Buried Sunday At Mount Zion

Funeral services were held for Mrs. Mary E. Little, 78 November 18th at Mount Zion, cemetery near Lingleville.

Mrs. Little, whose home was at 207 West Sadosa, Eastland died Nov. 17th in Amarillo at the home of a daughter, Mrs. W. T. Owen following an illness of about five weeks.

The Reverend Lee Fields assisted by Rev. Eugene Krueger both of Carbon officiated. Grandsons of the deceased served as pall bearers.

Survivors other than Mrs. Owen include another daughter, Mrs. Hub Chilton, Lamesa, two sons, R. D. Little of Weatherford and J. E. Little of Eastland, fifteen grandchildren and ten great grandchildren.

Graham Football Player Condition Remains Serious

DALLAS, Nov. 20 (UP)—The condition of Kenneth Knox, Graham High School halfback injured in last Friday night's game against Breckenridge, remained "very critical" today, attendants at Baylor Hospital said.

The youth has lost ground since yesterday, a nurse said, when his condition was termed critical. Graham coach Donald Orr said yesterday X-rays disclosed no skull fracture, but that doctors had diagnosed the injury as a "bruised brain."

Legion Auxiliary Asks Gifts For Disabled Vets In Waco Hospital

Mrs. Bruce Butler, chairman of the Gift Shop Committee of the American Legion Auxiliary, is placing boxes in several stores of Eastland and those who would like to contribute a gift for this purpose may do so by dropping a gift in one of these boxes. The gifts will be picked up about Nov. 27 and sent to the Veterans' Hospital, in Waco, which is the hospital assigned to the Eastland Unit for this purpose.

By way of explanation, there are many veterans confined in the veterans hospitals who are bedridden or unable to get outside to select gifts for their loved ones at home, or who do not have the wherewithal for doing so. Ladies representing the American Legion Auxiliaries unpack the gifts at the hospitals, place them on display so that the veteran may make his selection or selections from this group. Veterans who are able to sit in wheel chairs are wheeled to the display room. After their selection is made, the ladies assisting in this work, place a card signed by the veteran with the gift, pack and mail the gifts at no cost to the veteran. If the veteran is unable to leave his bed, the ladies determine from him how many and what age relatives he has and select several gifts that would be appropriate for persons of that

Ridgway Says 6000 Or More U. S. POW's May Have Died

365 SUCH ATROCITIES HAVE BEEN PROVEN OF COMMUNISTS

By Gene Symonds
United Press Staff Correspondent
TOKYO, Nov. 20 (UP)—Gen. Matthew B. Ridgway conceded tonight that 6,000 or more U. S. troops may have died in Communist atrocities in Korea, but said his command has proof of only 365 such deaths.

The Supreme United Nations Commander qualified the figures given by Col. James H. Hanley, Chief War Crimes Investigator for the 8th Army, in his controversial atrocity report last week and contended Hanley exceeded his authority in releasing it.

Rotarians Have Double Feature At Monday Meet

Rotarians had a double program Monday at their weekly luncheon and meeting. Sam Gamble, Rotarian De Luxe, entertained the group with a copy of the Kerrville Daily Times. The paper carried a front page story and picture of Gamble's hunting buddies and a portion of their kill. Seems that the 14 hunters took 20 bucks on the trip. Sam has his evidence on storage, while trying to make up his mind just what to do with it.

Ben Hamner had charge of the program. He admitted that it might have the odor of advertising, but that it was educational and he decided to run it. It was a 20-minute film showing every movement made in Philco's television factories. It was very good in deed and most of us know more about television now than we did a few days ago.

Dr. Whittington made an urgent appeal to all Rotarians in Eastland to aid in the drive for a larger membership.

At the close of the meeting Rotarians voted to give \$25.00 to the Boy Scouts organization.

Daily Report Of Hospital Workers

The Telegram's hospital story Monday seems to have had very pleasing results. More workers than usual appeared last night and considerable work was done. Pouring of concrete for floors began, and barring unforeseen hindrances the roof will be on in about two weeks.

Those present last evening were Carl True, C. J. Germany, Rev. Otto F. Marshall, Wayne Jackson, Jimmy Jumper, Bill Collings, Bob Hall, A. M. McBee, L. L. Fowler, Eugene Hickman, Fred L. Bleck, Edd Hooker, Bob Vaughn, M. H. Perry, Wm. Jones, Las Allison, Henry Van Geem, C. P. Hastings, Neil Hurt, Herb Weaver, Guy Robertson, Joe Niehl, Alfonso Gaeta, Ruben Gaeta and Donald Brinkley.

Hostesses were Mmes. L. C. Brown, Sam Poe, Clyde Willman and Morris Keasler, serving cake and coffee. Polly Parano Delores Hernandez and Lupe Parano, served Mexican tamales.

Judge Charges Start Probes In Colleges Across The Nation

NEW YORK, Nov. 20 (UP)—Shocked college authorities started a swift investigation today into Judge Saul Streit's charges that some of the bribed basketball players he sent to prison had entered City College of New York by "fraud and forgery."

A special committee of three was appointed by the board of higher education to look into Streit's report that at least two players—Al Roth and Herb Cohen—were admitted to the free college on the strength of false high school grades.

"I suggest that in the cases of Roth and Cohen there was deliberate fraud and possible forgery," Streit said yesterday in a bitter denunciation of athletic corruption as he sentenced five

players and a "master fixer" to prison terms.

Other charges made by Streit in his 41-page statement were having equally explosive effect on college campuses across the nation.

And Streit said the "commercialism" of college sports that led to bribery began with football first and then spread to basketball. He said his survey found:

1. At the University of Michigan recently, 100 faculty members charged a double standard was used in crediting athletics as non-athletics for extra-curricular activities.

2. At William a Mary, "There is the shocking situation of the alteration of a preparatory school

Eastland Woman Will Receive Tribute On ABC Radio Program

Mrs. Art Johnson, 414 Hill Crest, Eastland, who won national publicity recently with her offer of rare books for sale to aid Girlstown, U.S.A., was notified last week that her unselfishness had earned her a tribute on an American Broadcasting Company radio program.

The tribute will be read on the "Family Circle" program Thursday, November 22, between 1:30 and 2:25 p.m. Central Standard Time. An "American way of Life" scroll which will be awarded Mrs. Johnson will be forwarded to her. A letter to Mrs. Johnson from J. Ward Mitchell, manager of script and program promotion for the program said in part:

"Because we feel your unselfish action in providing means to help 'Girlstown' merits more than passing attention, our program, 'Family Circle,' plans to award you an 'American Way of Life' scroll of honor. This tribute will be read on 'Family Circle' program on November 22nd, and the scroll forwarded under separate cover. May we congratulate you for your part in keynoting the American way of life.

"Incidentally, you may be interested to know that your name was brought to our attention by Mrs. E. L. Ross of San Bernardino, Calif."

Mrs. Ross was among the many people who wrote Mrs. Johnson concerning the two rare first editions of "Uncle Tom's Cabin" she is offering for sale for \$25,000 for both volumes I and II. The check from the sale is to be made out to the home for neglected girls which is in Whiteface, Texas.

In her acknowledgment of the award Mrs. Johnson in a letter of

thanks to Mr. Mitchell said: "If you could but visit Girlstown and see these girls blooming into the mothers of tomorrow's presidents, watch their hands and know that someday they will make a fine nurse or perhaps a surgeon; hear them sing and know that they too feel that they now have a chance to live a fine life; All this and you would understand why the heart goes soft and a bit sad that there isn't money enough to care for the many that are turned away or asked to wait even a few days". You see, I'm not at all unselfish. I'm only making an investment in the milk of human kindness, knowing that Cream will rise if given a chance."

The books have not as yet been sold, but it is her hope, Mrs. Johnson said, that their mention on the radio program will attract interested book collectors.

Mrs. Johnson is a sponsor of Beta Sigma Phi Sorority in Eastland, and both chapters, Zeta Pi and Xi Alpha Zeta, have the home as a special project.

Kennan May Be New Ambassador To The Russians

KKEY WEST, Fla., Nov. 20 (UP)—President Truman confirmed today that George F. Kennan, long time State Department Russian expert, is being considered as the new ambassador to Moscow.

The president, as he took off for Washington from Boca Chica Naval Air Station, said Kennan, former head of the State Department policy planning staff, "would make a good ambassador."

Asked about reports that Kennan would succeed Allan G. Kirk, the present ambassador to the USSR, the president said:

"It has been discussed, but I have signed no commission. I discussed it with Secretary (Dean) Acheson before he left for Paris.

"Kennan would make a good ambassador. He ought to know his way around."

Mr. Truman seemed a bit surprised that the Kennan appointment had gotten into print. "I didn't know anything about the story," he said.

Kennan, now at Princeton University, has served in Moscow with the American embassy on several occasions and prior to his departure from the government, was one of the State Department's top experts on Russia.

Mr. Truman took off at 7:59 a.m. EST from the Boca Chica Naval Air Base on a return flight to Washington where he will make an important political speech tonight.

Although his trip was to be of short duration—he returns tomorrow—his address was sure to set tongues wagging anew as to what he plans for himself in 1952.

He was to reach Washington shortly before noon. The president was accompanied by some members of his staff.

Sears Company To Sell Cars

DETROIT, Mich., Nov. 20 (UP)—Sears, Roebuck and Company, which sells everything from girdles to fishing tackle, is going into the automobile business in a novel agreement with Kaiser-Frazer corporation.

The huge mail order and department store chain and the nation's youngest car-maker announced that K-F will produce a low-priced car called the "Allstate", which will go on sale in 17 Sears stores by Christmas.

Peiping Radio Says Reds May Accept UN Cease Fire Proposal

TOKYO, Nov. 20 (UP)—The Chinese Communist radio indicated tonight that Red negotiators will accept the United Nations "truce by Christmas" challenge in Korea.

The Communists are scheduled to give their answer to the UN proposal at an armistice subcommittee meeting in Panmunjom, Korea, at 11 a.m. tomorrow (9 p.m. EST today).

Even if the Reds accept proposal, however, UN troops will continue fighting in Korea until a full armistice is signed, Gen. Matthew B. Ridgway warned in a formal statement.

Under the UN plan, the allies would yield to the Communist demand that the present battleline become the cease-fire line—provided the rest of the armistice terms are settled within 30 days.

The subcommittee took a day off at Communist request today to permit the Red negotiators to consult Pyongyang, Peiping and probably Moscow.

First indication that the consultation may result in a favorable reply came from the Peiping radio.

It broadcast a dispatch by Alan Winnington, correspondent for the London Daily Worker and frequently the sounding board for the Communist viewpoint in the truce delegations.

Winnington said the allied plan comprised "roughly the same policy" proposed earlier by the Communists.

Moreover, Winnington said: "The (North) Korean and Chinese delegation told the Americans Monday morning that if both sides make an effort, the full armistice agreement should be concluded within 30 days after settlement of item 2 (the cease-fire line) of the agenda."

Ridgway's statement emphasized that Communist acceptance of the UN plan would not bring either a cessation of hostilities, a de facto cease-fire, or even a slowdown in Korean ground operations at this time.

"A cease-fire can result only upon mutual acceptance of a complete military armistice agreement," the statement said.

The supreme UN commander issued the statement with the obvious aim of discouraging over-optimism that a cease-fire either is imminent or necessarily will come at the end of 30 days.

Still to be settled by the truce negotiators are such knotty problems as an exchange of war prisoners and supervision of the carrying out of the armistice terms.

The Reds raised a possible new obstacle Monday night. North Korean Foreign Minister Pak Hon Yong sent a four-point proposal from Pyongyang to the UN general assembly in Paris that bore no relation to the present Panmunjom talks.

On the east central front, UN forces drove ahead nearly a half-mile in high ground northwest of punchbowl valley.

An 8th Army communique reported only patrol activity along the rest of the 135-mile Korean ground front.

It said the 6th South Korean Division and the 21st Regiment of the 8th South Korean Division consolidated newly-won positions after a three-day limited offensive southeast of Kumsonng on the rugged central front.

The push advanced the UN line more than three miles north of the Pukan River, which the South Koreans crossed on a nine-mile front Saturday.

An 8th Army briefing officer called the South Korean operation "eminently successful."

The Communists launched some 15 small-scale probing attacks along the Korean front Monday, but failed to pierce the allied line.

Pan American Race Started

MEXICO CITY, Nov. 20 (UP)—Nearly 100 of the world's best stock car drivers sped into the mountains of southern Mexico today on the first lap of the 1,933-mile Pan American Highway race to the Texas border.

Mexican professional Jose Antonio Marin, driving a 1951 Chrysler Saratoga, flashed across the starting line at 7 a.m. (CST) to lead a field of drivers from eight nations.

Marin was followed at one minute intervals by Bud Bennett of Los Angeles, piloting the 1950 Oldsmobile that won the first Pan

American stock car test last year. Frank Burnay of Milwaukee, with a 1951 Chrysler; and French Champion Louis Chiron, with a 175-horsepower DeLahaye racing sedan.

Chiron was co-favored to win the \$68,380 race with Alberto Ascari, Italian champion and 1948 world's number two driver, who got the starter's flag in the ninth starting position at 7:08 a.m.

Drivers were expected to average more than 85 miles an hour over the 329 miles of tortuous mountain roads between Tuxtla Gutierrez and Oaxaca, where the first leg of the five day race will end this afternoon. The race finishes next Sunday at Juarez, across the Texas border from El Paso.

U. S. champion Tony Bettenhausen of Tinley Park, Ill., wheeling a 1951 Chrysler, also was among the first competitors to receive the starting flag. In seventh pole position, he was off at 7:06 a.m.

Dick Matthews of Nampa, Ida., also with a Chrysler, John Fredricks of Detroit, Mich., with a Cadillac, William Sterling, El Paso, driving a Chrysler, Clyde Johnson, Tuscola, Tex., in another Chrysler, and Walt Faubner of Long Beach, Calif., runner up to Bet-

tenhausen in AAA competition, with a Lincoln, also were among early starters.

Officials said "probably about" 10 entrants of the 105 registered would not compete because of mechanical difficulties or failure to arrive at the starting point on time.

4. At Ohio State football players were on the payrolls of state agencies.

5. At Oklahoma, a senior football player was taking instruction in Geography. Theories of basketball, swimming games, and volleyball.

6. At Denver, the state industrial commission ruled that former Denver U. football player Brad Nemeth had been hired to pay football and was entitled to disability pay for his football injury.

7. The University of Texas grants 100 athletic scholarships a year; Texas A&M, 120; S.M.U., 154.

8. At the University of Maryland, of 97 football players, 42 are from Pennsylvania, 10 from New York, five from New Jersey, and three from Rhode Island.

In response to this last observation, coach Jim Tatam of the University of Maryland admitted Strub's figures were correct but defended them.

"We bring them (athletes) before our scholarship board, and if they pass, we give them books, tuition, room, board, and \$15 a month," said Tatam. "Sure we help them. Everybody needs a little help now and then. But it's no racket. If I thought I was running a racket, I'd quit right now."

In the case of convicted basketball players Roth and Cohen, Judge Streit said that Roth was credited with an 89.4 percent high school average at his entrance into C.C.N.Y., although "this average should have been 79.62," and that "in Cohen's case there is a 10-point discrepancy between his high school books and the transfer sheet at the college."

Candidates for admittance to C.C.N.Y. must show high marks in high school, and Streit said that both Roth and Cohen actually were "ineligible" for the school.

Cohen was one of nine players whose sentences were suspended by Streit. The others were Adolph Pecos, Leroy Smith, Nate Miller, and Dick Feurtado of Long Island University; and Ed Roman, Floyd Layne, Irwin Dambrot, and Norman Mager of CCNY.

Roth, Ed Warner of CCNY and Connie Schaff of New York University were sentenced to six months each. Liu star Sherman White drew a one-year sentence, and Liu player Eddie Gard was given an "indeterminate" sentence which could last three years.

tenhausen in AAA competition, with a Lincoln, also were among early starters.

Officials said "probably about" 10 entrants of the 105 registered would not compete because of mechanical difficulties or failure to arrive at the starting point on time.

King Going To Cairo To Marry Belly Dancer

DALLAS, Nov. 20 (UP)—Sheppard (Abdullah) King put a month of troubles behind him today and took off for Cairo to marry his shimmy dancer sweetheart, Samia Gamal.

King, whose front page romance at first caused his wealthy mother to threaten him with disinheritance, left via American Airlines at 7:15 a.m. (EST), traveling alone.

The Texas oil heir spent most of his visit at home wrangling with his mother, the Texas courts and his former wife. But he said his troubles have been ironed out and he is "very anxious" to get back to Samia.

"Mother's getting along fine now," he said. "She just gets kind of spasmodic sometimes, but now she's given her hearty approval for the wedding."

King met Samia last summer in Paris and returned to his Houston home last month. He got a fast Mexican divorce from his wife, Gloria, after a tempestuous court session failed to end their marriage in an annulment.

The 26-year-old playboy said he is "anxiously counting the hours" until his wedding, which is scheduled for some time between Nov. 23 and 30.

"I'm taking along a gold and platinum cigarette case as a wedding present," he said. The wedding, he predicted, will be a big social affair, with "lots of champagne" afterward. Since he was converted to the Moslem faith after meeting Samia, the ceremony will be performed by Mohammedan officials.

Samia, said to be King Farouk's favorite dancer will make "Master fixer" Salvatore Sollazzo was sentenced to from eight to 16 years.

Train Derailed Near Gilman, Ill.

GILMAN, ILL., Nov. 20 (UP)—An Illinois Central passenger train was derailed here today, injuring at least three passengers and a porter.

Nine cars of the Memphis to Chicago "Louisiana" left the tracks but remained upright. The train was carrying 150 passengers, a company spokesman said.

The Gilman trainmaster said the cause of the wreck was unknown but "may have resulted from a broken truck on one of the cars."

The train consisted of 17 cars drawn by a twin-unit diesel engine. The last nine cars left the track.

Names of the injured passengers were not known immediately. I. C. officials said the porter, identified as R. R. Cummins, was hurt when he jumped from his car as it left the rails.

None of the injured was in serious condition, the railroad spokesman said.

Eleanor Rose Seeks Divorce

NEW YORK, Nov. 20 (UP)—Former olympic swimming champion Eleanor Holm Rose has filed suit to obtain a legal separation from her pint-sized husband, Billy Rose, the modern Barnum of Broadway.

Arthur Garfield Hays, Rose's attorney, said the famous backstroke star had taken official action against Rose by having a summons served on him during the weekend.

Under New York law, Rose may file an answer or counter suit within 20 days.

The Roses were married in 1939, shortly after he had divorced actress Fanny Brice. They were considered the happiest couple until last July, when Joyce Matthews, former wife of TV comedian Milton Berle, slashed her wrists with a razor in Rose's Ziegfeld Theatre apartment.

Dortona Starts 15th Jailhouse Vacation Today

PITTSBURGH, Nov. 20 (UP)—Fifty-five year old James Dortona bade good-bye to winter's ice and snow today as he began his annual all-expense paid for vacation—in the county workhouse.

Every year about this time, Dortona, who sleeps out doors in the summer and ekes out a living at the produce yards, appears at police headquarters and asks to be sent to the workhouse on vagrancy charges.

Magistrate John J. Fiorucci obliged him with 180 days and Dortona was off on his 15th annual "vacation."

Police Hunting Toothache Bandit

DETROIT, Nov. 20 (UP)—A bandit with a toothache was wanted by Detroit police today.

A clerk at the St. Clair Pharmacy reported that a man asked for pain killer for an aching tooth, then produced a gun and took \$200 from the cash register.

"And I still want that toothache medicine," the intruder snapped.

"He should have paid for it," the clerk complained. "He had \$200."

Acetylene is now made from natural gas by a new process using partial oxidation with concentrated oxygen.

Former Treasury Head To Marry

NEW YORK, Nov. 20 (UP)—Former Secretary of the Treasury Henry Morgenthau, Jr., and Mrs. Marcelle Puthon Hirsch, a French-born divorcee, will be married tomorrow in a quiet ceremony.

Morgenthau is 60 and Mrs. Hirsch is 47. The former cabinet officer's first wife, a niece of Sen. Herbert Lehman (D, N. Y.), died Sept. 21, 1949.

The New Safety Responsibility Law—

... was enacted to protect the public from careless, irresponsible owners or operators of motor vehicles. The law is designed to restrict the operation of automobiles to those who are financially able to pay for bodily injuries, death or property damage which their automobiles may cause. To meet the financial requirements of this law we recommend automobile liability insurance. It's safe, convenient, sure. Call us today for full particulars. No obligation.

Southwestern Laboratories reports, in a notarized statement:
"OUR IMPARTIAL TASTE TESTS PROVE MARYLAND CLUB COFFEE TASTES BETTER...YET ACTUALLY COSTS LESS PER CUP!"

Laboratory tests show Maryland Club costs approximately a half cent per cup less than any of the four other widely advertised high-grade brands tested...because it's so rich that it makes almost 20% more cups of coffee per pound.

Coffee	Men	Women
Maryland Club	60.5	63.8
Widely Advertised Brand A	39.5	36.2
Maryland Club	54.5	62.1
Widely Advertised Brand B	45.5	37.9
Maryland Club	52.4	63.8
Widely Advertised Brand C	47.6	36.2
Maryland Club	60.0	52.6
Widely Advertised Brand D	40.0	47.4

NOTE: All coffees tested, except Maryland Club were brewed at usual full strength. Maryland Club was tested using 22.3% less coffee per cup.
 *As recommended by the Pan American Coffee Bureau.

For those who want only the best!

Maryland Club Coffee... a private blend of the world's richest coffee... costs so little more, that anyone who drinks coffee can afford it! Maryland Club Coffee's deep full-bodied richness gives you a flavor bonus in every cup, an economy bonus in every pound.

Ask your grocer for Maryland Club. You may as well enjoy the best!

For only 2c to 3c more... the coffee you'd drink if you owned all the coffee in the world!

"The President's Lady" Reviewed By Mrs. Brashier At Club Meeting

Mrs. W. E. Brashier reviewed "The President's Lady", a story of the life and love of Mrs. Andrew Jackson, for member of Las Leales Club at their meeting at the Woman's Club Monday evening.

Mrs. J. H. Kilgore, president, presided and the group voted to change their Monday, December 17th meeting to Monday, December 10th.

They also voted to give one dollar each to a fund for linens for the hospital.

Roll call was answered in the Thanksgiving theme.

Mrs. D. E. Frasier was leader and introduced Mrs. Brashier,

whose interpretation of Irvin Stone's story was well received by the group.

Mmes. Wayne Caton and L. E. Huckabay served pumpkin pie and coffee following the program. Pot plants of yellow and bronze Chrysanthemums were used as decorations for the club room.

Present were Mmes. J. C. Whitley, Hubert Westfall, W. Q. Verner, Joe Sparks, Homer Smith, Don Parker, Fred Maxey, Kilgore, Huckabay, H. L. Hassell, B. P. Hanna, Frazer, J. O. Earnest, Caton, Brashier, and Misses Eunice Nail and Verna Johnson.

CARD OF THANKS

We wish to thank the many friends and neighbors for the many acts of kindness shown during the illness and passing of our mother and grandmother, Mrs. Mary E. Little.

LIGHT-CONDITION YOUR WORK AREAS

Avoid Eyestrain

Whoever said "Woman's work is never done" . . . had a point, as any homemaker can tell! Ironing, either by hand or machine, isn't the labor it was in pre-electric days . . . but it is work that you'll do easier and better with proper lighting. Sewing and other homemaking tasks will become easier when you use the lighting recipes in Reddy's free booklet, offered you below.

Bring new light on your needlework with the lamp arrangement illustrated. Fine needlework and mending become less fatiguing. Try this the next time you have socks to darn!

A fixture suspended over the center of the ironing board will speed up your ironing. It's easier to prevent scorching and wrinkles when you can see clearly what you're doing.

The ease of seeing keeps pace with the ease of working with modern electric equipment when a light fixture of this type is suspended over the ironer.

GET YOUR FREE COPY! 22 TESTED RECIPES FOR HOME LIGHTING! Phone, come in or write your Texas Electric Service Company office for your free copy of "See Your Home in a New Light."
