Around The Square

With Mack

We understand that our grand jury has closed down for a few days, or in plain English, has recessed. However, this is only temporary relief for those of us who know anything about goats and other crimes.

One thing must be said, and that is this: It was one of the best looking groups of men we have seen in sometime, and a statement like this shouldn't hurt us any when the goat business is considered.

Eastland has more new car dealers than any other Texas city of like population. There can be only one answer for this and that is Eastland is a good place to trade. People for a hundred miles around come here for new cars, and very few of them are disappointed. By scouting around a little he will find some dealer who is hot for a trade.

Most every make and model will be found here. Eleven dealers are in position to meet the requirements of most anybody.

The passing of King George VI, has brought sorrow to most all the civilized world. The king died as he had lived—a good man, and this is more than can be said for some higher-ups we have known. He was loved by his subjects, and others as well. His beautiful daughter, Elizabeth, a 25-year-old princess, now heads the Kingdom. As daughter of a King and Queen, she may have been pampered, though not spoiled, petted but not unkind of the fact that she would some day rule one third of the world. With all her royal blood she is very democratic. She has had to forego many pleasures, enjoyed by other youngsters, less royal. Fate curved her neck in life, and when the hour came, she was prepared. She has paid all her life for the honor and glory that goes with the Crown. Had she been at liberty to live her own life in accord with the dictates of her own heart, she likely would not have chosen the path she has followed. But be that as it may, she will likely continue filling this niche with equal pleasure to herself and honor to her subjects. Being a woman, even a young woman, will not change or impair the destiny of the British.

May be a little early and a lot too dry to start gardening, but with a strong faith in West Texas, we began planting last week. We have a small onion patch, that is still living, though not quite as green as it was at the time of planting. We poured a couple of buckets of water over them and gave them our blessing, and we hope the plan works. If they pull through the blizzard of this week, as well as the heavy fogs, mists and dews, we have not been enjoying. Our garden now measures 4 by 6 feet, but it is our plan to make it some larger—say 50 by 50.

Of course working a farm this size will require some labor, and the wife hasn't decided whether she will be able to handle it or not. If we have to do the work ourselves, we'll just hire some boy to sow it in millet, and we will watch the battle of Millet vs Johnson Grass.

If we make anything more than a few bales of Johnson grass hay we will be surprised. But the one good thing about that stuff—you do not have to water it.

If this gets to be a real burden on the wife, we'll just give it back to the Indians.

Ex-Con Kills Ft. Worth Cop In Gun Battle

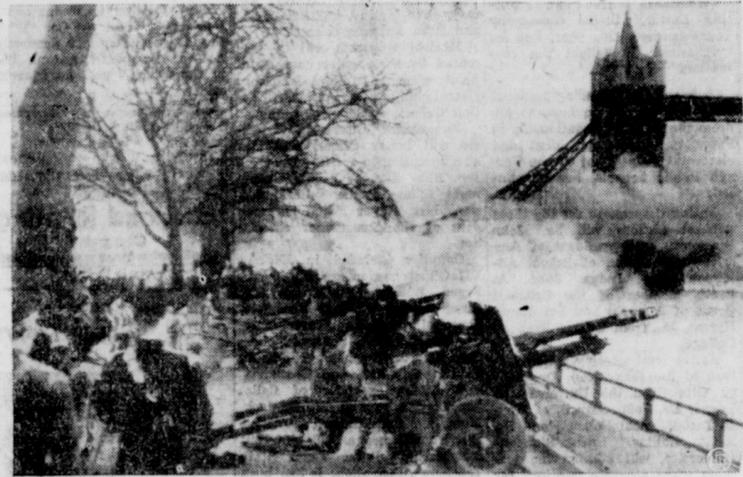

FORT WORTH, Feb. 8 (UP)—An Ex-convict was in custody in a hospital today after killing a policeman and wounding two others in a fierce gun battle witnessed by his wife and child.

District Attorney Stewart Hellman said he would file a murder charge against Robert Hugh Barber, 27, who suffered bullet wounds in his right arm, right leg and chest in the gun fight yesterday.

H. E. Cleveland, 50, veteran policeman, was killed. Detective A. L. Armstrong was seriously wounded in the chest and detective H. D. Hollaway was shot in the right leg.

Another officer, detective P. O. Pope, escaped injury.

The four policemen went to Barber's house to question him about a \$15,000 robbery in Dallas last month.

SALUTE FOR THE KING—As the British Troopers fighting for the Kingdom in Korea fired a 101 round live ammunition salute in honor of their dead king, George VI, the Kings Troop Royal Horse Artillery fires a 56 gun salute in Hyde Park in London, one for each year of the King's life. (NEA Telephoto).

AFL Drivers In Five States Reach Agreement; Resume Work

MEMPHIS, Tenn., Feb. 8 (UP)—Some 5,000 long-haul truck drivers ended a week-old strike in six southeastern states today, but negotiations involving approximately 7,000 drivers in four southwestern states remained deadlocked.

Carrier and AFL Teamsters Union representatives announced the agreement here late last night. Union representatives said the new contract granted southeastern drivers a wage hike of 19 cents an hour plus a mileage rate increase of three-fourths cents a mile. They estimated the increase would boost the average wage \$13.50 a week.

Under the old contract, the hourly wage was \$1.41 and the mileage pay averaged five and one-fourth cents. Drivers receive the hourly wage when working but not driving. The mileage rate applies when they are on the road.

In Dallas, chairman Frank E. Bacon of the management nego-

tiating committee for Texas, Oklahoma, Arkansas and Louisiana, said drivers for 24 lines in the four states were still on strike.

"We have not been approached by the union since Tuesday," Bacon said.

The southeastern area includes Tennessee, Alabama, Mississippi, Georgia, Kentucky and Florida. A. E. Green, chairman of the Southeastern Area Negotiating Committee, and M. W. Miller, chairman of the Southern Conference of Teamsters, issued a joint statement:

"There has been a mutually satisfactory agreement reached and the strike is over. The men are being ordered to report to work immediately."

Senate Banking Group Blocking RFC Appointment

WASHINGTON, Feb. 8 (UP)—Chairman Burnet R. Maybank said today that regardless of any taunts from President Truman, the Senate Banking Committee will hold up Hary A. McDonald's nomination as RFC administrator until it hears from a House investigation.

If Mr. Truman wants to run the RFC himself in the meantime, that's up to the president, the South Carolina Democrat said.

The chief executive told his news conference yesterday that he is sticking by the appointment of McDonald, who now heads the Securities and Exchange Commission, even though the Senate committee has held it up.

He also said it was the first time he had ever heard of a Senate Committee waiting for a House committee to tell it what to do.

Maybank declined to reply to Mr. Truman's barb. He said he does not want to prolong a public argument with the president.

However, he told newsmen, the committee will take no action until we hear something from the House investigators' who are looking into the sec.

The impasse apparently will leave the Reconstruction Finance Corp. without a legal head, at least temporarily. Under the law, major RFC loan decisions can be made only by the administrator or deputy administrator.

Mr. Truman did not say exactly how he proposes to run the RFC. He said he could run it himself if he wanted to, but gave the impression that he has some other plan in mind.

Kefauver Will Come To Texas

WASHINGTON, Feb. 8 (UP)—Sen. Estes Kefauver will visit Austin, about March 15, according to E. O. Gillam, state organizer for the Kefauver Clubs of Texas.

Gillam yesterday announced that Kefauver will attend a state meeting in his honor and will help set up a permanent organization to support his candidacy for the Democratic presidential nomination.

A definite date for the meeting will be announced soon, Gillam said.

Wilbur Stiles Be Buried Today Services 3 P.M.

Funeral services for Wilbur Stiles, 63, of Eastland, will be conducted at 3 p.m. this afternoon at the First Baptist church in Eastland, with C. Melvin Rathel, pastor, in charge. He will be assisted by Rev. Ralph Perkins, pastor of the First Baptist church of Ranger. Interment will be in Eastland cemetery.

Mr. Stiles has been a resident of Eastland for many years, coming here from Tennessee when he was a young man, some 35 years ago. Later he married Miss Nora Estelle Williams of Ranger. To this union one child, Clifton Stiles of Cisco, was born.

He had been active in oil circles for many years, and had a host of friends scattered over the state. He was an Odd Fellow.

Survivors include the widow, Mrs. Stiles of Eastland, a son, Clifton of Cisco; three sisters, Mrs. R. P. Sneed of Eastland, Mrs. R. E. Sneed of Petersburg, and Mrs. C. J. Cox, Marshall; two brothers, A. L. Stiles of Ranger and Rev. Edgar Stiles, Fort Worth. He is also survived by his mother, Mrs. Emma Stiles of Petersburg, and two grandchildren.

Pallbearers are: Clyde McBeck, R. M. Sneed, Ernest Sneed, John Sledge, Raymond Witten and Andrew Watson.

Women Wanted In Army Corps; Plan Announced

WAF Sgt. Nancy Hardwick of the Abilene Army and Air Force Recruiting and Induction Main Station, will be in Eastland at the Recruiting Station from the 11th to the 15th of February to interview young women who may be interested in the Women's Army Corps or Women in the Air Force.

The services are striving to gain 72,000 women for duty in the forces by July 1, 1952, and so the enlistment advantages are many at this time. General requirements are: Age, 18-34, unmarried and no dependents under 18 years of age, possession of high school diploma. There are many opportunities for education, travel and advancement. To those qualified is the chance for a direct commission as a reserve officer or application for admission to Officer Candidate schools.

T-Sgt. James Hendrick of the Eastland Recruiting Station urges all young women in this area who are even slightly interested in the service to talk to Sgt. Hardwick. Her background and varied service career enables her to describe very accurately the life of our girls in the Army and Air Force—life on and off the job.

The Last Straw

DALLAS, Feb. 8 (UP)—Texas' mid-winter heat wave has plagued farmers, kicked up dust storms, threatened the citrus crop and caused merchandisers generally to reverse their tactics.

But the real crux of the situation was apparent today when the famous Neiman-Marcus speciality store slashed prices on its mink coats to \$2,500.

UN-Reds To Confer On Far East Peace

Livestock Show In Eastland March 28-29

Work has already started at the old Eastland airport, one mile north of Eastland, in preparation for the annual Eastland County Livestock Show to be held there on March 28 and 29.

Permission to use the hangar and two other buildings there have been granted by city officials it was said.

Johnny Aaron, grounds committee chairman and C. M. McCain, general livestock show manager, both of Eastland, along with other members of the Eastland County Livestock Raisers Association have been at work for some time getting the ground and buildings in shape for the coming event, it was said. The livestock organization sponsors the show. S. P. Crofts, Cisco rancher is president, Aaron is vice-president, McCain is treasurer and T. D. Wheat Farm Representative of the Texas Electric Service Company is secretary.

M. D. Fox, Eastland Vocational teacher and his FFA boys have also been active in helping with the work, officials reported.

Three buildings at the airport are being cleaned up and put into shape for the show. The county show follows one week after the Tri-County Livestock Show at Ranger. The county show has been held at Cisco for the past several years, but the directors voted to move the show from that city to Eastland last summer.

Over \$1,000.00 in cash premiums are being listed in the forthcoming catalog to the owners of winning animals in the various classes and divisions at the coming show. A horse show will also be held in connection with the show.

New Cadillac To Be On Display At Osborne's Sat.

The new 1952 Golden Anniversary Cadillac will go on display at Osborne Motor Company in Eastland tomorrow, Saturday, February 9.

John Osborne, of the Osborne Motor Company, said the new 1952 Cadillac will feature three of Cadillac's greatest engineering achievements in that fifty years. Mr. Osborne said "There's a new hydro-matic drive that furnishes you with the proper power application for every need with its gas saving performance, the new power steering, which is optional at extra cost, which reduces steering efforts as much as seventy-five per cent, and the new 190 horsepower Cadillac engine that gives you a power increase of almost 20%—and its new four throated carburetor, large exhaust valves, wider exhaust ports and new dual exhaust system make the new Cadillac one of the most dynamic performers of all time."

Numerous changes have sharpened and smartened the exterior and interior design of the new car making it more eye appealing than ever before.

Osborne said to realize what a modern, luxurious and efficient car the new Cadillac is you must see and drive one yourself.

All 13 Members B-29 Crew Are Crash Victims

TOKYO, Feb. 8 (UP)—All 13 crewmembers were killed and five Japanese were missing when a B-29 loaded with bombs crashed and exploded last night near the small village of Terataki, destroying 12 to 15 houses.

The Superfortress crashed and burned on a hillside five minutes after taking off from Yokota Air Base in a snowstorm. Part of the plane's bomb load exploded, leveling an area of 100 to 150 yards in diameter.

Garment Plant Production Is Now Increasing

Eastland's new garment factory, now in operation, is gradually building, and within ten days it is thought it will be operating at full capacity.

At this time there are 42 women working, and new faces are seen each day, when additional employees are added.

Owners at the out-set stated that it would take about 3 weeks to get into production, but a sample "Hollywood Bra" was brought to this office today. Less than two weeks were required. This, according to Herb Tanner, Chamber manager, means that many of the workers are highly skilled.

When the plant reaches capacity production, some 85 women will have been employed. Some of these women come from Cisco, Ranger, Olden and even rural districts, and the average weekly payroll will be approximately \$3,300.00. This sum will increase the local buying power by some \$15,000.00 per month.

The chamber of commerce is responsible for this added enterprise, it is said, and Manager Tanner, as well as officers directors and members are due thanks for the good work.

Grand Concert Tonight; Many Are To Attend

Many music loving residents of Eastland are planning to be in Mineral Wells tonight for the Grand Concert of the All-State High School band, according to reports reaching this office early today. Eastland will be represented by Don Smith, with Richard Jones and Patay Atwood as alternates.

During the 4-day meeting which began Wednesday, this group has been working under such nationally known musicians as Chas. B. Richter, of the University of Iowa, and Raymond Dvorack of the University of Wisconsin, and others of equal prominence.

The concert tonight will include band, choral and vocal numbers, from the very best of talent. In all probability there will be no admission charge, but if there is it will be very nominal.

The Texas Musicians Educational Association is sponsor.

Nimrod Youth Join U. S. Navy

Undergoing recruit training at the U. S. Naval Training Center, San Diego, Calif., is Shirley M. Westfall, airman recruit, USN, son of Mr. and Mrs. D. D. Westfall of Route 1, Nimrod, Texas.

Westfall entered the Naval service January 8, 1952.

Housewife's Humor Wearing Thin After 3 Weeks "Laughing" Calls

HOUSTON, Feb. 8 (UP)—Mrs. N. J. Gautrauf, wife of a Houston carpenter, said today the humor of "laughing boy's" big joke is wearing a little thin.

In fact, said the motherly housewife, if the ghoulish giggles, all by telephone, don't cease, "I'm afraid I'll go crazy."

Mrs. Gautrauf reported yesterday that for three weeks now, an anonymous caller has been ringing their telephone. But when she answers the caller "does nothing but laughs real weird like, and sometimes just giggles."

When his laughter has run out, she said, he hangs up without a word.

"It's all so mysterious I'm about to lose my mind," she said. "We plan to move to Willis in a few weeks. Maybe the calls will stop when we 'move—if I don't go crazy first."

Mrs. Gautrauf said her caller operates on a five-day week—he

Full Delegations To Meet At Panmunjom On Saturday

By Arnold Dibble
United Press Staff Correspondent
PANMUNJOM, Korea, Feb. 8—The United Nations and the Communists agreed today to begin talks tomorrow on a Red proposal for a high-level conference to seek peace in the Far East.

The full truce delegations will assemble at 10 a.m. tomorrow (8 p.m. today EST) to take up the Communist proposal under the fifth and final item on the Korean Armistice agenda.

The Red plan, submitted two days ago, calls for a UN-Communist political conference within 90 days of a Korean armistice

to discuss the withdrawal of all foreign troops in Korea and a general Far Eastern peace settlement.

The Communists indicated they wish to bring up at the post-armistice conference the future of Formosa, Indo-China, Malaya and Burma as well as of Korea.

Vice Admiral C. Turner Joy, head of the UN armistice delegation, sent a message to the Reds accepting the proposal as a basis for discussion. He suggested the talks start Saturday and the Reds promptly agreed.

Joy is expected to oppose the Communist suggestion that the conference be confined to five North Korean and Chinese Communist government representatives and five UN delegates on the grounds this would exclude South Korea, which is not a member of the UN.

He also may insist that the conference be confined to the future of Korea.

The decision to open talks on the Communist proposal was the only agreement to emerge from the latest series of armistice meetings at Panmunjom.

Staff officers trying to agree on supervision of a truce made no tangible progress. The UN spent most of the time persuading the Communists that there is no connection between allied proposals on troop rotation and on neutral inspection of ports of entry.

Workers Needed Tonight At Hospital Site

Workers are badly needed each night at the Eastland Memorial hospital as the building is nearing completion, some of the workers who have reported night after night are becoming worn and tired, but can't let up because there is no one to fill their places, officials said today.

Reporting for volunteer duty Thursday evening were Johnson Smith, Leon Bourland, M. H. Perry, Henry Van Geem, Preston Mansker, J. Y. Jordan, Bill White, Jimmy Hart, Otto Marshall, B. E. Robertson, D. Samuels, F. M. Spurlin, Dr. James C. Whittington, Foy True.

The hostess Committee were Mmes. C. A. Ranney, J. L. Brashears, Gene Rhodes, H. F. Vermillion and W. W. Carney.

The hospital now wears its new dress. The second coat of paint in soft coral, with deep sea coral trim. "Red Sails in the Sunset" never looked more beautiful. Tired men smile at the progress they have made. "Were You There?"

Representatives Price Board To Visit Eastland

Representatives from the Fort Worth Price Stabilization Board, are to be in Eastland, at the Chamber of Commerce, on Feb. 18, March 17, April 21, and May 19, for the purpose of aiding local citizens in ironing out price difficulties.

During visits here the people urge Eastland dealers and others to avail themselves of the opportunity to get first hand information. They will answer any question that may be asked concerning this situation.

Barber Funeral Be Held Today, Hamner Chapel

Funeral services for Mrs. W. S. Barber, 85, who passed away Thursday in a Gorman hospital, will be conducted at the Hamner Funeral Chapel in Eastland at 2 o'clock this afternoon, with Rev. J. Morris Bailey, pastor of First Methodist church in charge. Interment will be made in Eastland cemetery.

Mrs. Barber had been a resident in Eastland for many years. For more than 45 years she was very active in Methodist Church circles, of which she was a very devout member.

Survivors include a twin brother, Ed Elmore of Archer City, two sisters, Mrs. R. O. Durden of Eastland and Mrs. C. C. Reynolds of Lubbock, two step-daughters, Mrs. R. L. Jones of Eastland and Miss Jennie Barber of Breckenridge; three step-sons, Jule Barber of Amarillo, Frank Barber of Houston and Lynus Barber of Clovis, N. M.

Large Group Is Sent To Abilene For Induction

The following named registrants of Local Board No. 36, Eastland, were forwarded to Abilene for induction on February 7, 1952:

Barnet: Hale, Ranger; William Rudolph Huber, Cisco; Joe Lee Shahan, Cisco; Norman Harold Weiser, Cisco; Arley Newt Blackberry, Breckenridge; Arthur Love, Jr., Gorman; Roy Luther Stroud, Eastland and James Thomas Brown, Pioneer.

The following named registrants were forwarded for pre-induction examination on Feb. 7, 1952:

Robert Samuel Balch, Jr., Ranger; Robert Terrell Weems, Ranger; James Melvin Ingram, Breckenridge; Harry Logsdon Wilson, Ranger; Robert Fort Miller, Eastland; Alex Dalton Hughes, Cad-do; Charles Herman Wright, Eastland; Charles Marion Guthery, Desdemona.

NEWS FROM CHEANEY

Wind, sand, rain, "Flu"—we have had plenty of some of them, some of all of them and right now flu—or at least we call it that—has us feeling terrible. Probably the news items themselves will be "wackey".

Somewhat the jinx' surely do have Mrs. Electra Hattox in their clutches. No sooner than her eye, nose and mouth injury caused by a kick from a cow has healed, when bang! a calf grazing on the roadside dashed in front of her oncoming pickup, splitting a fender and demolishing the headlight

The calf also suffered a split fender, so to speak, and probably will not survive, stated owner, Mrs. Eula Hart.

Mrs. Hattox and the boys were returning home from a play party at Mr. and Mrs. Fred Rodgers Friday night when the accident happened.

The party was given as a going away reception for Junior Love, who leaves on February 7th for the army. About 25 teenagers and older folk attended.

Several families from Cheaney, Alameda Communities attended the John Deere Day chili dinner and show. Once in awhile the old tried and true farmer gets something "free".

Here is a recent Love Line-up: On Thursday, Jan. 31, Mrs. John Love and Mrs. Joe Bob Browning of Gorman attended a district Farm Bureau meeting in Brownwood, purposely planned for F. B. service agents.

On Friday, February 4th, Mr. and Mrs. Arthur Love, Betty and Junior were visiting in Ranger.

On Monday, February 4th, Mrs. John Love accompanied Mrs. Jea. E. Perkins and Mrs. Jack Frost to a Red Cross luncheon in the Bakers Hotel at Mineral Wells.

While the little woman was a gone to the luncheon, John Love was injured in a freak accident

OUR DEMOCRACY by Mat OF THE BOYS, BY THE BOYS, FOR THE BOYS

BOYS JOIN THE SCOUTS BECAUSE THEY WANT TO—BECAUSE THEY LIKE THE IDEAS AND IDEALS THE SCOUTS STAND FOR, AND THE FUN AND HEALTH AND SELF-RELIANCE THAT SCOUT TRAINING MEANS.

THE BOY SCOUTS ARE NO "YOUTH MOVEMENT," BUT RATHER AN ASSOCIATION—FREE OF REGIMENTATION OR COMPULSION AND RELYING ON SELF-DISCIPLINE AND TEAM SPIRIT—IN WHICH BOYS WORK AND PLAY TOGETHER WITH COMRADESHIP, SELF-RESPECT AND CONSIDERATION FOR OTHERS.

SCOUTING ENCOURAGES THE QUALITIES OF INDIVIDUAL INITIATIVE AND RESPONSIBILITY THAT ARE THE ESSENCE OF OUR DEMOCRACY AND FREEDOM EVERYWHERE.

"FORWARD... ON LIBERTY'S TEAM"

at the farm resulting in the loss of a thumbnail. Tetanus shots were administered immediately after he arrived at a Ranger hospital, as a precautionary measure. The injury promises to be quite painful for a few days.

Mr. and Mrs. Herman Neger visited the J. W. Case home Sunday afternoon. Mrs. Case was kept from attending church by the flu.

Mrs. Hatley Dean is at this reporting, not feeling at all up to par. Rest has been prescribed for a heart condition which has developed over a period of time.

Mr. and Mrs. Frank Potter have a pickup now—a red one—acquired recently. They visited our domain Friday afternoon.

Mrs. Mattie Moody and Mrs. Electra Hattox were in Eastland, Thursday investigating possible employment at the new garment factory opened there recently.

House guest in our home Saturday until Tuesday, were Mr. and Mrs. John Kemper of Trilla, Texas, near Plainview, they were en-route from Sonora, where they

had spent the past 10 days, to Glen Rose for the healthful facilities that are available there.

Mr. Kemper is a retired farmer and he and his wife enjoy some of the mild Texas climate each winter away from the high plains area.

While here a short visit was made in the Hubert Day home near Staff.

Haley is a cousin to Archie Jordan of Tulla, closest neighbor of the Kempers and our one time bank cashier, when we resided in Swisher County.

Mr. and Mrs. Oliver Galloway made a business trip to Abilene quite recently.

A white leghorn hen owned by Better Tucker, not to be out done by that production red biddie owned by J. W. Case, laid an egg measuring 8 3/8 by 6 7/8 inches, but this egg just contained a double yolk—not a complete egg inside the outer shell as the red hen's egg had—three strikes against the white hen.

The small son of Mr. and Mrs. Kenneth Brown was able to be

Teachers Association To Meet In Sweetwater On March 7-8

Approximately 2,000 teachers and administrators from 23 Texas counties are expected to attend the Oilbelt District VII Teacher's convention at Sweetwater March 7-8, according to C. W. Tarter, superintendent of Sweetwater Public Schools.

"Education Is Good and Is Getting Better," theme chosen by Texas teachers this year, will be emphasized throughout the convention.

A host of outstanding national educators will be on hand to address the Oilbelt delegation, A. B. Passmore, district president and elementary supervisor of the Vernon Public Schools, has announced.

Featured speakers for the three general sessions will be John Brackeen, past president of American Association of School Administrators; Judge John A. Brett, member of the Criminal Court of Appeals; and Dr. James Hymes, Jr., from George Peabody College.

At the level meeting, a new feature of the convention, Dr. Henry Otto from the University of Texas; Dr. John Carroll, of Texas Technological College; and Dr. R. A. Collins, Hardin-Simmons University, will address the teachers when separate meetings for elementary, junior high and high grades will be held.

District VII officers in addition to Passmore are Laura Sheridan of Sweetwater, vice-president; J. W. Hamilton, secretary, from Seymour; Johnnie Mae Long of Wichita Falls, treasurer; Earl Connell of Anson, membership chairman; and G. H. Kirby, past-president.

took home on Thursday from the Ranger Clinic, where he had been hospitalized for pneumonia.

Mortar Shell Death's Probed

FORT BENNING, Ga., Feb. 8 (UP)—Army Ordnance officials began an investigation today into the premature explosion of a 60 millimeter mortar shell, which killed three men and wounded a fourth.

The exploding shell was one of four being fired by Co. "F" of the 30th Infantry in a demonstration of the "infantry-tank team in the attack," post headquarters said.

DOLLARS and SENSE in FARMING

Pullets Lay Early, Often, For A Long Time

LEWISVILLE, TEX.—Joe McGee gets 50% production at 6 months and collects lots of eggs from a high producing poultry flock over long periods of time.

He does a lot better job of raising chickens than does the average poultryman in the United States. Of course, 25 years of experience teach a man how to make money from poultry, admits McGee.

Joe's program for raising chicks, growing pullets and keeping hens in high production for long periods is his long range program. He makes sure his chicks get a strong start, so they reach full physical maturity early. Though a lot of folks expect early laying pullets to go to pieces, Joe says his flock keeps right on laying and paying.

McGee's 1,500 hens are a hatchery supply flock. For this reason, he starts good chicks with a history of early laying and long life. He wants

Joe McGee, Lewisville, Texas.

a hen that will stay in heavy production, one that will hold body condition. McGee's flock is Leghorns, but he states he's raised other breeds with good results. The laying flock varies in age up to hens 5 years old. The hens lay over 200 eggs apiece each year which will hatch out about 78%.

Here's the way Joe McGee goes about raising poultry. Chicks are started on Startena Checker-Ets and when they've eaten their allotted 2 lbs. each, they go on to Growena. When the weather is right, the pullets go out on range. McGee likes Sudan for pasture, because he's found "it's the only thing that'll stand the summer heat." Then while the pullets are on pasture range, the houses are completely cleaned. Litter is changed, roosts are cleaned and every precaution is taken to assure the birds finding things to their liking when they're housed at 5 months of age. McGee houses 400 hens in each shedroofed, 20'x30' building. Ventilation is adequate to prevent wet litter and coids.

The Pullets start laying at about 5 months and by 6 months usually are at 50% production. At 7 1/2 months, they're up to 70% and hold this steady high production. For each 100 hens in the house, McGee runs 7 or 8 roosters. These cockbirds are replaced to maintain high fertility. For every 4 or 5 months, Joe adds to the litter. His houses stay dry in the winter and he finds built-up litter entirely satisfactory.

McGee's making sure his chickens are paying their way and then some.

Youngster Makes Lead Nickels At Home

DAVENPORT, Ia., Feb. 8 (UP)—Police said today that a 15-year-old boy turned out about 300 "pretty good" counterfeit nickels in the basement of his home while his parents thought he was molding lead soldiers.

Capt. H. A. Thorsden, chief of detectives, said the boy and his high school friends used the homemade nickels to feed pin ball machines and juke boxes throughout the city.

Thorsden invited Secret Service agents in Omaha to have a look at the boy's technique which he described as "pretty ingenious, I must admit."

The boy, who was released to the custody of his parents after he was picked up yesterday, molded his nickels in forms he made in the tops of jelly glasses, Thorsden said.

He made the buffalo variety. Police said they were alerted that counterfeit nickels were in circulation when a cigar store manager bought a handful of them into headquarters. The manager said the "plugs" came out of his pin ball machines. Police then traced the youth through one of his friends, Thorsden said. The boy's mother was astounded when she learned that her son had been making nickels in the basement. She told police she thought all

along that her son was making lead fishing sinkers or lead soldiers. Police would not release the boy's name but said he came from a "good family."

Announcing the Golden Anniversary

Cadillac

...WITH THE FINEST PERFORMANCE OF ALL TIME!

Featuring 3 of Cadillac's Greatest Engineering Achievements!

THE NEW 190 H. P. CADILLAC ENGINE

Here is the most powerful, the most durable, and the most efficient automotive engine ever offered in a Cadillac car. Its power increase alone is almost 20%—and its new four-throated carburetor, larger exhaust valves, wider exhaust ports and new dual exhaust system make this engine one of the most dynamic performers of all time.

THE NEW HYDRA-MATIC DRIVE

By introducing an entirely new performance range, Cadillac's Hydra-Matic provides the proper power for every need... extra acceleration and responsiveness for city and mountain driving; smooth, quiet, gas-saving performance for the open road. Optional at extra cost on Series 75. Standard equipment on all other models.

THE NEW CADILLAC POWER STEERING

This "power steering" mechanism eliminates as much as seventy-five per cent of all normal steering effort. It provides incredible handling ease, and yet does not interfere in any way with the driver's "road feel" or directional control. Available as an option at extra cost.
