Around The Square

With Mack

Another violent and sinful weekend has passed despite the fact there is a mighty good revival in progress in this city. It so happened that an old "sinner" like we are supposed to be, attended no less than three of these services, and it didn't hurt us a bit.

Fact is if we had more revivals, and churches and Christians, we would have fewer, drunken drivers, bootleggers and other types of criminals. If this is untrue we stand corrected. If it is a fact let's do something about it.

Now we haven't hired out to preach, but a fellow doesn't have to preach to know the difference between right and wrong. We have consumed plenty embalming fluid (whiskey) in our life, and can render a fair and impartial verdict, and here it is: We do not believe that whiskey ever did any man or woman any good, and we know that it has wrecked more homes, made more orphans, broken more hearts and sent more people to poverty and shame and finally a devil's hell than any other one thing that has ever been known.

Half the crimes we have today can be traced back to a "whiskey bottle." Even though there might be nothing to Christianity, whiskey is to be given the black eye on general principles, and we have millions of sinners and non-Christian people who fight it every day. We have known many bootleggers who would back us up in all these statements. They sell it for profit, though they know the stuff is a national curse. We have known bootleggers who would not have taken a drink of their wares for a black land farm. Too smart to drink it.

But we are not giving a temperance lecture, or preaching, so we will move on. It's four blocks around the square in Eastland, and we have three more to make. However, if you have any doubt as to the booze story we refer you to the sheriff—he has the stuff in storage in a vault at his office in the court house. Some of it was "Bottled in Bond and aged in Wood," while some of it was likely "Bottled in the Barn and Aged in the Woods."

Supt. W. G. Womack informs us that "school kiddies" are to have an Easter holiday. There will be no school on Friday of this week nor Monday of next week. This means that for four days pupils may be free to forget studies and entertain themselves in a manner to their own liking. This is fine and we hope we see all of them in Sunday School Easter Sunday. After all if Easter really means anything, it has to do with the Resurrection of Christ, and anything pertaining to Christ should be to His liking. And the dumbest of us know better than to commemorate this occasion on a creek bank or with riotous living. Just because He allows you to get by (seemingly) with worldlyness, doesn't denote He has placed His stamp of approval on it. We may be kidding ourselves and just "think" we are getting by with it.

If you run out of something to do, get out and do a little work for the "water bond election." We feel sure it will carry, but the water will taste better and our gardens grow more prolific, if we had a unanimous vote for the bonds. Worth trying for anyway.

Hospital Workers Daily Report

Volunteer workers reporting at the Eastland Memorial Hospital Monday evening were Leon Bourland, Johnson Smith, Mr. and Mrs. H. B. MacMoy, D. B. Aston, L. W. Adrege, Joe Manning, R. L. May, Curtis Koenig, Milton Fullen, Theo Lamb, Dr. James C. Whittington, D. Samuels, F. M. Spurlin and Foy True.

Mr. and Mrs. Charles Freyschlag and Mrs. Cyrus B. Frost, Jr., served as the hostess committee. Today's orchids go to D. B. Aston for furnishing the cement mixer that enabled the men to build several feet of sidewalk.

There are forty unwashed windows. Mmes. L. C. Harlow and May Harrison washed their windows today. Will you wash yours Wednesday?

County Farm Bureau Heads Attend Clinic

The annual Officers and Leaders Clinic of The Texas Farm Bureau for district seven was held at Brownwood April 2.

The purpose of these meetings is to get the leaders of The County Farm Bureau better informed of the policies and aims of Farm Bureaus. It is the duty of the leaders to get this information to the members.

Billy Joe Gist, state director from district seven was in charge of the meeting. Among those on the program during the day was C. H. DeVaney, Vice-President of the Texas Farm Bureau, Bob Lilly, field man, Leon Lane, of the State office, Austin Crownover, head of Farm Bureau service program, and Marvin Carter, State organization director.

Eastland County had, by far, the largest group present of any county in the district. Those attending from Eastland County were A. Z. Myrick, Mr. and Mrs. Luther Cunningham, Mr. and Mrs. Mitchell Campbell, and Mrs. John Love, Gene Baker, Mr. and Mrs. B. B. Freeman, Claude Stubblefield, C. L. Rogers, Lee Starr, Lloyd Freeman, Ray Norris, Mr. and Mrs. George Bennett, Mrs. Earl Little, Mr. and Mrs. Herman Schaefer, T. C. Cozart, J. M. Cooper, Rufus Horn, Mrs. Jack Bennett, Mr. and Mrs. Joe Bob Browning, Mr. and Mrs. Lynn Butler.

Missing Calves Recovered And Boys Are Happy

At least one error and three omissions were made in the report giving the sale of fat calves at the show last week. The article published showed King Motor Co. as a buyer of two calves, when as a matter of fact only one calf was bought.

Texas Electric Service Co. bought one calf, which was not listed, though they have the calf and it has been paid for.

Bob Jenkins sold two calves. One was purchased by the First State Bank, Rising Star, and the other by the Connelley Hotel. Prices were 43c and 45c per pound and they brought a total of \$947.70.

Dan Jobe sold a calf to Judge Grissom. Price paid was 45c per pound for a total of \$351.95. Dan Jobe sold two calves to Coco Cola Bottling Co., and Lamb Motor Co., Snyder, at 45c and 42½c per pound, for a total of \$1,071.12.

Little Items Of Local Interest

Word has been received that Mrs. Otton Marshall, wife of Pastor Marshall of First Christian Church, who is in Baylor Hospital, Dallas, is very much improved. If all goes well she will likely be able to return to her home in Eastland the latter part of this week.

Miss Janice Little, Eastland High School student, is at the Harris Memorial Hospital in Fort Worth, at this time, as the result of injuries sustained when she fell from a horse while visiting in Stephens county last week. Her jaw bone was broken, and mouth severely cut.

Three arrests were made over the week end in connection with the sale of alcoholic liquors. Sheriff Frank Tucker and his deputies, were aided by members of the State Liquor Control Board.

Members of the State Highway Patrol arrested a drunk driver Sunday. DWI charges were filed against defendant.

Janis Little was carried to Harris Memorial hospital Saturday following her injury in a fall from a horse while at the ranch home of her parents, Mr. and Mrs. C. L. Little.

Lacerations on her face and a broken jaw were sustained by her fall, but she is reported to be improving.

Caroline Moore, daughter of Mr. and Mrs. Charles Moore was with Janis as her guest at the ranch home north of Breckenridge, when the accident occurred.

FERTILIZED LAND STRIPS

Wade George, Round Grove Community, Comanche County, left, and W. R. Heizer, SCS, Mr. George has successfully controlled wind and water erosion and built up to high crop yields by use of fertilized wind strips, rye and vetch cover crops, leaving peanut hay and other crop residue on surface of soil and rotating crops in wind strip pattern.

\$90,538 Allocated Eastland County For Soil Conservation

A total of \$90,538.00 has been allocated to Eastland County to be used in assisting farmers in carrying out soil and water conservation practices under the 1952 Agricultural Conservation Program, E. E. Blackwell, Chairman of the County PWA committee, announced today.

These funds, he points out, have been appropriated by Congress to protect and improve the farmland of Eastland County, in line with Thomas Jefferson's assertion that "While the farmer may hold title to the land, actually it belongs to all the people because civilization rests upon the soil."

According to the chairman, something like 15 per cent of our people live on the land. The other 85 per cent depend on this 15 per cent for food and fiber, "not only this year and next but in all years to come. It is vital to the Nation and our civilization that the land be protected and built up. And all the people have a responsibility to help provide assistance in protecting and improving the land."

In the past 20 years farm population in the United States has gone down nearly 7 million—from 31 million to 24 million. In that period the total population of the country has increased 31 million. During that same period the acreage harvested cropland has actually decreased from 365 million acres to less than 350 million acres. Thirty years ago there were 3 1-4 harvested acres of cropland for each person. Today there are about 2 1-4 acres.

As he sees it, the situation boils down to this: "Fewer farmers and more and more people depending on each farmer and each acre. Either our efforts to protect our land against erosion and depletion and to build up the soil will have to be stepped up or one of these days there won't be enough to go 'round."

This, he points out, is the basic reason for the current effort to increase the effectiveness of the Agricultural Conservation Program. Each farmer is being given an opportunity to use the program.

Pioneer Eastland Woman Passes; Is Buried Sunday

Mrs. J. A. McEntire, an Eastland County resident for more than 50 years was buried Sunday, April 6th, in the Merriman Cemetery, with Hamner Funeral Home of Eastland, in charge.

Mrs. McEntire died April 3rd, 1952, in the home of her daughter, Mrs. John Choate, Vanderbilt, Tex.

She was a long consistent member of the Baptist Church and was the wife of the late Rev. J. A. McEntire, who held pastorates at various places throughout this section. She was born May 10, 1867 in Tennessee.

Survivors include two other daughters and a son, who are Mrs. A. C. Simmons of Fort Worth and Mrs. J. F. Hankins of Lubbock, and J. G. McEntire of Newport, Va.

The late J. E. McEntire of Dallas, who had many friends throughout this area was also her son.

Judges Attend Bar Clinic In Snyder Friday

Chief Justice Clyde Grissom, Associate Justice Milburn S. Long and Associate Justice Cecil C. Collings of the Court of Civil Appeals at Eastland, were guests of the Scurry County Bar Association for a Bar Clinic all day Friday, April 4, 1952, followed by a banquet Friday evening.

The invitation to the Judges of the Court of Civil Appeals was extended by the Hon. John E. Sentell, an outstanding member of the Bar at Snyder.

Speakers for the clinic included Judge Leon Green, Professor of Law at the University of Texas, who spoke on Negligence, Special Issues and Proximate Cause; and Judge Page Keeton, Dean of the Law School of the University of Texas whose subject dealt with cases of slipping and falling. Judge Ben W. Boyd, Judge of the 16th Judicial District at Denton was the banquet speaker.

Also present at the Bar Clinic were lawyers from Sweetwater, Colorado City, Abilene and Big Spring, together with Judge A. S. Mauzey, Sweetwater, District Judge of the 32nd District.

STRAWN BROTHERS CHARGED WITH EMBEZZLING \$140,000

FORT WORTH, April 7 (UP)—Judd Stuart and his brother Joseph H. Stuart, Monday were charged with embezzlements from a Strawn bank totalling \$140,544.50.

Joseph H. Stuart is president of the Strawn First National Bank and J. R. Stuart is vice-president. They were released on bond after a preliminary hearing before the U. S. Commissioner in Fort Worth.

Their attorney, Henry Brooks, Austin, said the two did not wish to enter pleas at this time. He made a statement for them that full restitution had been made.

J. R. Stuart resigned as secretary of the State Democratic Committee Saturday.

An FBI agent who appeared at the hearing said his investigation disclosed embezzlements dating back to 1936.

The commissioner was told by

Steel Production Off; Companies Await Strike

Mrs. Grace Reed Appointed Head E. M. Hospital

Mrs. Grace R. Reed of Stephenville has been selected by the hospital board of the Eastland Memorial Hospital as the superintendent.

Mrs. Reed is a native of Eastland County and is presently employed as superintendent of nurses at the Stephenville Hospital and Clinic in Stephenville.

Mrs. Reed comes well qualified for her post as the superintendent. She is a graduate of Johnson and Beall's School of Nursing at Fort Worth and had post graduate work in anatomy at Charity Hospital in New Orleans, La., and at the U. S. Marine Hospital at Staten Island, N. Y. She had post graduate work in nursing education at Peabody College, Nashville, Tenn.

She has since been anesthetist at Corwin Hospital, Pueblo, Colo., has had several years with the State Department of Public Health and was a commissioned officer in the division of Hospital Mental Hygiene and Department of Anesthetics and at that time, was instructor of supervision and ward teaching.

She is affiliated with the Texas State and National Nurses Association, is a member of Daughters of American Revolution, the Fort Worth Mental Hygiene Society and is eligible for membership in the American Legion.

State Urges You Have Car Inspected Now

AUSTIN— "Get your vehicle inspected and avoid the delay and inconvenience of having to wait in line," said Chief G. W. Busby, Motor Vehicle Inspection Division, Department of Public Safety, Austin, Texas.

The 2700 official inspection stations licensed in Texas so far are inspecting some 50,000 cars per week and in order to inspect all the cars in this state by the deadline, Sept. 6, the number of cars inspected per week will have to be doubled.

There can be no further extension of the deadline and operators of vehicles not inspected on Sept. 7, will be subject to arrest. The law provides a fine of not to exceed \$200.00 for any person guilty of operating a vehicle after Sept. 7 when such vehicle has not been inspected and approved.

More and more stations are being licensed in Texas daily and the operators of these stations are waiting to faithfully and honestly inspect your car at your earliest convenience. Take your car to the inspection station of your choice and get you approval certificate while there is plenty of time and no waiting.

When you get your approval certificate on your car, you will take pride in knowing that your car is safe to operate and that you are helping to contribute to a safer Texas.

SELF SUPPORTING

Editorial

Average water sales of the past three years in Eastland and Ranger, and sales from the Power Plant Lake at Olden to the Lone Star Gas Company will be sufficient to make the yearly payments for cost of constructing a dam and all facilities for the Eastland County Water Supply District.

Presently the Lone Star is buying their water from the Texas Electric Service Company at Olden, but an agreement has been effected with both the electric company and the Lone Star whereas they will purchase water from the water district.

This means no taxation would have to be resorted to, unless one of two things would happen, to pay for the bonds and operation of the water district.

Should the water usage of Eastland and Ranger fall below a three year average computed by the district, or the dam be built and a four or five year drought insure that would leave the district without water, would taxation be called for to aid in paying the bonds.

It is believed water usage in both Ranger and Eastland will rise above the level of the average. The three year average was taken to include the past three years in which water has been very scarce and the users have been urged to be conservative.

With an abundant supply probably more would be used than is estimated to furnish new life for water-hungry lawns and shrubbery; and beautification projects in both towns.

Water brings new life. Additional sales to new firms making this area their center of operations should put the water sales up above pre-construction estimates.

Give careful thought to this plan of bringing new life to this area, which the Eastland County Water Supply District is laying before you. Careful study and fact gathering will convince you everyone should vote for the \$1,500,000 water bond issue April 22.

Singing Convention To Be Saturday Night; All Day Program Sunday, In Eastland

Committees in charge of the Eastland County Singing Convention to be held in Eastland on next Saturday night and Sunday, April 12 and 13, met Monday night for the purpose of completing plans for the entertainment. Judge Rust reported that he written a number of letters, and not some replies have been received.

Frank Stamps and wife of Dallas will be in attendance, Mr. Stamps says. Mr. and Mrs. J. H. Carr of Austin plan to be present and bring a good quartet with them. Many other prominent singers from various points in the state, have stated their intention to be here.

Commissioners Not To Appoint Peace Justice

While County Commissioners were in session for a short time Monday, no appointment for a Justice of the Peace was made. E. E. Wood was Justice of the Peace in Precinct 1, until his death last Thursday.

Commissioners feel it would be unfair to candidates making this race, if either should be appointed to serve out the unexpired term. Also it will be only a short time until election, after which the winner in the race will likely be appointed. It was pointed out that any new man who might be given the appointment, would scarcely get his "feet on the ground" by election time, and that his services would not be very valuable.

Minnie Dingle Buried; Carbon

Mrs. Minnie E. Dingle, 80, died at her home in Carbon, Saturday night, April 5, and was buried in the Carbon cemetery Sunday afternoon at 3 p.m. Services were conducted from the Methodist church in Carbon. Deceased was 80 years, 4 months and 19 days of age at the time of her death.

She was born in McMinn county, Tennessee, and was married to Tom H. Dingle in February, 1890 at Sidnev, Tex. Later they moved to Eastland county.

Survivors include W. E. Cox, Lamesa, Mrs. C. W. Langston, Loving, Tex., and J. W. A. Cox of Ranger.

Ride The "ROCKET" And Save Osborne Motor Company, Eastland

Government Expected To Seize Plants

By United Press

The nation's steel production is withering under the threat of a strike set for midnight. The steel companies have cut back sharply and most of the country's 650,000 steel workers probably will be furloughed late today in anticipation of a nationwide walkout.

The chairman of the Wage Stabilization Board, Nathan Feinsinger, still clings to a slim hope that he can stave off the walkout. He called steel leaders to an urgent conference this morning in New York.

There are reports he has been discussing the possibility of a longer contract than the 18 months proposed by the wage board when it suggested a 26-cent hourly package pay increase for the CIO steelworkers. The union has accepted the 26-cent figure, but the companies say they can't offer more than 16c unless they get compensating increases in steel prices.

Industry sources look for the government to try to seize the companies to keep steel flowing to defense industries in the event of a strike. But they have left no doubt the companies will bitterly resist the move.

The strike, in effect, already is on for some 100,000 workers who were laid off as furnaces were banked. And in Pennsylvania, some 6000 workers staged premature walkouts today at two steel plants in Midland and Ambridge.

The nationwide strike of almost 65,000 telephone workers is in its second day with little prospect of an early settlement. A walk-out of 15,000 Western Electric equipment installers in 45 states touched off walkouts for wage demands by other members of the CIO Communications Workers in five states. Hit and run picket lines by Western Electric employees could idle the entire Bell system.

In Ohio, slashed telephone cables temporarily upset telephone service in and out of the state before repairs were made this morning. The Ohio Bell Company said a long distance cable was cut, apparently by a hack-saw, between Akron and Cleveland last night.

The Eastland Convention is one of the most popular in the state it is said, and singers always enjoy their visit here. Some of them also like good food, and admit that the Eastland food is just what it takes to make folks feel at home.

The programs will be held at the high school and the public is invited to attend. Saturday night's program will begin at 7:30 and the Sunday program will be an all-day affair with dinner on the ground.

Committees are as follows: Arrangements: W. E. Hallenbeck, Tommy Nichols, Oscar Parr and H. J. Tanner.

Publicity: Kenneth Mayhall, R. L. Rust, and W. E. Hallenbeck. Lunch: Mmes. Frank Hodges, Monroe Walker and Clyde McBe.

S. S. Expert To Visit Eastland

Glen McNatt, Field Representative of the Ablems office of the Social Security Administration, will be in Eastland at the Army Recruiting Office at 10:00 a.m. on Thursday, April 10 and 24. Persons wishing information or assistance in connection with old-age and survivors insurance matters and invited to call to see him at that time. Mr. McNatt suggests that any self-employed person who plans to retire at age 65 or over during this year should check with the social security office before making his decision.

"Anyone who has been in work covered by social security continuously since 1950, and who reaches age 65 after April of this year will be eligible for old-age benefit payments if he retires after that date," says McNatt.

He points out, however, that it will not be possible for him to get the highest benefit payments provided for those insured on the basis of earnings after 1950. This is because self-employed income for the year a claim is filed cannot be used in figuring a benefit payment, and two full years of such work are required to get the largest payments provided for in the new benefit formula. In most cases, it will be to the self-employed person to defer retirement until after 1952 or at least wait until January 1953 to file his claim.

Mr. McNatt suggests that the self-employed person contemplating retirement in 1952 come to the Ablems office and discuss the matter before making a decision or call to see the representative in Eastland.

Cisco Lawyer Is Indicted By Grand Jury

Fleming A. Waters, Cisco attorney and candidate for District Judge of the 91st district, was indicted last week by an Eastland County grand jury on three counts, charging embezzlement, theft by bailee and theft.

He appeared in Eastland Friday and made bond in the sum of \$3,000 and was released.

The charges grew out of the purchase, last year, of a home in Cisco, by William Griffith, a retired ranchman, for a total of \$7,000.

According to the indictment, Waters as attorney for Griffith, came into possession of \$7,000 for use in completing the deal, and converted \$3,400 to his own use.

Obituary Column

MRS. THELMA WRIGHT
Last rites for Mrs. Thelma Wright, 89, were held Thursday afternoon, April 3, 1952, at the church of Christ in Eastland, with R. E. Davis and Mr. Walker officiating.

She was born Miss Thelma Sturdivant, in Henry County, Tennessee, in 1862, and had lived in Eastland county 69 years. She was married to J. R. Wright,

June, 28, 1883, he having preceded her in death in 1930. She had 10 children, six of whom are living. They are: Mrs. Nora Wood, Eastland; Mrs. Emma Fox, Eastland; Mrs. Linnie Armstrong, Fort Worth; John B. Wright, Kermit; Mrs. Cora Lee Dick, Phoenix, Arizona; and L. C. (Jack) Wright of Bryson. She also leaves 24 grandchildren, 57 great grandchildren and two great great grandchildren.

Pail bearers were her grandsons, Lloyd Woods, J. W. Wright, Mancel, Clifford, Bob and Elwood Fox.

Hanner Funeral Home had charge of arrangements, and burial was in Eastland Cemetery.

E. E. WOOD

E. E. Wood, 89, pioneer resident of Eastland, passed away Thursday night, April 3, and was buried in Eastland cemetery Saturday afternoon, following the services at the First Christian Church, which were in charge of the pastor, Rev. Otto Marshall, assisted by R. E. Davis of the Church of Christ.

Mr. Wood was born Dec. 31, 1871, at Pirtle, Rusk County, Texas, but came to Eastland county in 1870 and had resided here since that date. A major portion of his life had been spent in the Eastland court house. He served several years as district clerk, and was then employed in various departments. For the past 16 years he had served as Justice of the Peace, a post he held at the time of his death.

He married the former Carrie Day, Dec. 6, 1891, and their 60th wedding anniversary was observed in 1951, when a large crowd of relatives and friends gathered in their honor.

Mr. Wood was a Christian gentleman, a member of the First Christian Church, and the Mens' Fellowship Bible Class. Even in his declining years he attended services quite often. He enjoyed the meetings of the Bible Class

and attended when it was possible.

He was not what might be termed a politician, though he had been active in court house "happenings" for many years. He probably knew as many people in Eastland County as any individual.

The idea to place "Old Rip" in the Eastland County Courthouse cornerstone originated with E. E. Wood back in 1897. He was a member of the band and was playing on the program for the cornerstone dedication, when he saw his son, Will, (deceased) playing with a horned toad. The idea came to him to place the toad in the cornerstone. Thirty-one years later when the old courthouse was wrecked in the presence of 3,000 people, including several ministers, the cornerstone was removed and the toad, Old Rip, was there, and very much alive.

This was very much out of the ordinary, as were many other things that happened during Mr. Wood's stay in Eastland.

Following his marriage and founding of a home, Mr. Wood spent 60 years within a radius of two blocks from the structure where the wedding ceremony was read, and from the very beginning the couple became noted for their friendliness, and more than one individual had been given just a little help at the proper time, by this couple.

Summed up in a few words it might be said that E. E. Wood was a good man. His was a life of service, and he will be missed by many.

Survivors include the widow, one son, Harry Wood of Eastland; two sisters, Meses, L. C. Parker and Walter Spinks of Dallas; a daughter-in-law, Mrs. Will Wood of Abilene, seven grandchildren and seven great grandchildren.

Texas Tech Gives Number Enrolled

LUBBOCK, Apr.—Texas Tech's 1951-52 enrollment totaled 5,634 resident students, Registrar W. P. Clement has announced.

The total includes the enrollment for the fall semester, plus the new students who came to Tech for the first time in the spring semester. Tech's enrollment for the fall semester was 4,906, and the spring semester student body numbers 4,532. Of the total, 3,896 are men and 1,738 are women.

Atabrine Given Trial in Tapeworm Cases

CHICAGO (UP)—Atabrine, used in World War II to minimize malaria, has proved of value in the treatment of tapeworm, according to an article in the Journal of the American Medical Association.

Dr. William A. Sodeman and Dr. Rodney C. Jung, of the Tulane University medical school, gave the drug to 11 persons suffering from tapeworm. They said it was effective in 10 cases on the first trial, and in the 11th when the treatment was repeated.

See HOW COMFORTABLE You are in the '52 Dodge!

Let the "SHOW DOWN" way show you exactly how much extra leg room, head-room, hip room Dodge gives you!

Where others give you "sell" WE GIVE YOU PROOF!

You'll enjoy using the free "Show Down" booklet. It's a real eye-opener. It gives you the straight facts you need to know to judge car value and get the most for your money. Stop by for your copy. You'll be glad that you did.

When a car is big enough inside to let you sit relaxed and at ease... that's when restful riding comfort begins.

The new '52 Dodge is extra big inside... gives you more all-around roominess than many cars costing hundreds of dollars more.

Stop by for your free "Show

Down" booklet. You can prove Dodge comfort features... safety features... engineering advancements that mean dependability, economy and top performance.

Get behind the wheel and try Dodge yourself! When you do... we're sure you'll play it wisely and get a dependable '52 Dodge.

FRECKLES AND HIS FRIENDS

By Merrill Blosser

Comic strip panel 1: Lard got away from the bull okay... he's just conked out from running! Thank heavens! So a treasure map is behind all this. Yes, that's the whole story, June. Now that you know the secret, I'll swap you girls in!

Comic strip panel 2: A local reporter has given away the boys' secret!... So the story got out about the treasure hunt? It says it caused a stampede to the spot... but nothing was found! At least the boys still have the map! Yes, they're lucky that wasn't printed too! So these flookies have a very interesting map! Well, what are we waitin' for?

Comic strip panel 3: Why don't we just go over and persuade these schnockles to give us the treasure map? I got a better idea. Most likely this goon they call 'Weary' had the map... so he's your pigeon, cookie! We'll peg him tomorrow... then it's up to you! Leave it to me... I'll have this Weary begging me to take the map!

VIC FLINT

By Michael O'Malley and Ralph Lane

Comic strip panel 1: You've already killed one man, rail. You don't want to kill this. That's right, torso. I want you to kill him. Don't worry... I've got a foolproof plan. I've written out detailed instructions. Take them with you and do what they say. As inspector growl and vic flint enter the hospital to arrest rail, they do not see Mazaan torso hurrying away.

Comic strip panel 2: I'm positive he's the man who killed my husband, inspector. Thanks, Mrs. Worth. Place the night of the murder. You're crazy... I wasn't anywhere near your place the night of the murder. If that's true, rail, how come a sleeve button exactly matching the missing one from your coat was found at the scene of the crime? You're under arrest, rail! Following out rail's plan for the murder of his brother, torso takes the first step by calling on tub. Hold your fire, tub... I've come to make peace!

Comic strip panel 3: Rail doesn't want revenge for the dynamiting tub. He wants to make peace with you. Tell me another one, torso. To prove it, we're willing to split the worthmore loot with you fifty-fifty. I'll believe that when I see the jewels. Would tonight be convenient? One question before I leave rail, where are the worthmore jewels? My mother told me never to talk to coppers... especially the private eye kind! Beat it!

ALLEY OOP

By V. T. Hamlin

Comic strip panel 1: Cancha be careful with the stuff you dig? Dya hafta fill my pan with rocks, go big? Aw, nuts! If you don't like what I put in your pan, throw it out! Throw it out? That's what I'll do! An' I'll throw it hard, right smack at you! I'll... Ugh! Whassa matter, foovy, th' ol' soup bone go back on you? Could be my arms have gone plumb dead, or else this rock is made of lead!

Comic strip panel 2: Y mean that l'il ol' rock is extra heavy, like lead? It's as heavy, I'd say, real loud an' bold. As a great big chunk of solid gold! My gosh, foovy, if that's gold, we've struck it rich! Oh, no, oop, don't think such a thing! A mere ten grand is all that this will bring! Yeh... for that one, but lookit all th' rest of them same kinda rocks layin' around!

Comic strip panel 3: With gold in chunks, this place is laid! Oop, my boy, our fortunes made! Oh, no, hombre, not your fortune, mine! Stick 'em up! How about it, foovy? Yeh... an' shall we take 'im? Yeh... an' how! Right now!

FOR COUNTY CLERK:
 W. V. (Virgil) Love
 Re-election
 George A. Fox

FLASHBACK

Sometimes it's a fleeting moment—sometimes it's weeks, months of years in the headlines—Then they fade from sight—For example, whatever became of General William Harrison, who ran the National Production Authority during part of World War II?

Harrison accomplished miracles in those days and his name was always in the public eye. Then he dropped from sight.

Where is Harrison now? He's once again in the headlines because of the Western Union strike. Harrison is president of the telegraph company now, a job that ordinarily leaves a man plenty of privacy.

Flashback a United Press spot-check on the people who made yesterday's headlines.

Household Hint

You can speed up your ironing by placing aluminum foil neatly between the ironing board cover and the pad. You'll find the result also look more professional.

Another ironing tip—iron in to tucks and gathers, not across them.

H-SU Cowboys To Meet Air Force Golfers

ABILENE—The Hardin-Simmons University Cowboys, who continue to show why they are the defeating golf champions of the Border Conference, will meet Camp Volters at Mineral Wells Monday and play a return match with Trinity University in Abilene Wednesday.

The Cowboys have won seven, lost four and tied one for the season. Against the Flyers, Coach E. W. (Bill) Ledbetter, is expected to send Tommy Howell, Jim Middleton, Jackie Clark and Joe Ed Black. Howell and Middleton will be playing their first matches of the season. Clark has won two against no defeats and Black has won five of eight starts. All but Middleton, a sophomore, are freshmen.

Captain Billy Phillips, who has averaged just under 70 strokes per 18 holes in eleven matches; George Smith, with five wins, four defeats and one tie to his credit; and Carl Chambers, who has won five, lost six and tied one, are expected to work as the top three men against Trinity.

The Cowboys have won over Trinity 4 1-2—2 1-2 in San Antonio.

Bishop Gives Advice To Heavy Drinkers

WORCESTER, Mass. (UP)—To men who drink too much, here's the advice of Catholic Bishop John J. Wright:

"First, build a bar in your own home and be the only customer. Then you have neither license nor protection to pay. Give your wife \$6 to buy the first quart of liquor—remembering there should be at least 16 drinks in the quart. Buy the drinks from no one but your wife and pay at the rate

HARD OF HEARING?

DO YOU HAVE TROUBLE UNDERSTANDING NORMAL CONVERSATION?

Mr. O. M. Battle, well known Hearing Aid Authority, will be at the Connellee Hotel, Wednesday, April 9, from 3 p.m. to 6 p.m. You are invited to come in for a free audiometric test and analysis of your hearing. Complete information regarding new electronic development which is helping thousands to hear better.

NOTICE

We have installed a **BOND MASTER BRAKE MACHINE**. This new method is standard equipment on most new cars.

This does away with brake rivets to score your brake drums.

We can bond brake shoes for any car regardless of make or model. This method cooks the lining on.

Come by our store and let us show you how it is done.

Civic League And Garden Club's Annual Hearth And Garden Tour Set For 9 A. M. Wednesday

The Civic League and Garden Club will observe their annual Health and Garden tour, beginning at 9 a. m. Wednesday at the home of Mrs. Jack Frost, 401 Hillcrest, where the members and guests will assemble.

From Mrs. Frost's home the group will go to the home of Mrs. Grady Pipkin, 201 Oakland where they will view the Art Exhibit.

At 10:30 they will progress to the home of Mrs. Clyde Grissom, 1011 South Seaman Street, where they will be received in her outdoor living room.

From Mrs. Grissom's they will proceed to the home of Mrs. Joseph M. Perkins, 1021 South Seaman Street.

At 11:45 the tour will culminate at the Woman's Club for a Smorgasbord luncheon. A committee will be on hand and will have

received the decorative covered dishes that each of the members are preparing for the meal.

The committee has asked that each one prepare their novelty dish. The Easter season should inspire many decorative dishes.

Via the grapevine rumors are that a row of Chorus girls will be on the menu. Among the many unique dishes that will tempt the appetite.

The festive air of a cooking school will be present with the competitive quality. Each of the members are asked to leave their dishes at the Woman's Club prior to joining the tour at Mrs. Frost's home.

Hostesses will be Mmes. Ed Wittup, Arthur Murrell, Earl Conner Jr., W. E. Chaney, Johnny Kilgore, E. H. Culbertson, Russell Hill, and Virgil Seaberry Jr.

Children's Story Hour Has Large Attendance

Miss Janie Dutton of the Eastland high school speech department was the guest story teller at the Children's Story hour, held the first Saturday in each month at the Woman's Club and sponsored by the Thursday Afternoon Club. She told "Two Weeks Before Easter."

Mrs. Hubert Jones was in charge and introduced Miss Dutton and told two stories entitled, "The Easter Egg Tree," and "The Sugar Egg." She was assisted by Mrs. R. D. Estes, Jr.

Children attending were Rosemary Jones, Victor Latham, Phillys Phillips, Patricia Ann Liles, Charlie Wayne Hudderton, Donald Hazard, Willie O'Steen, Tommy Cooper, Martin Day, Teddy and Susan Lamb, Robert Bailey, Judy McMillen, Billy Jean Hallmark, Jimmy Jessie, Jackie Hallmark, Betty Hallmark, Yvonne Green, Kay Culbertson, Clark Conner, Mickey Hornner, Julie Frost, Gay Middleton, Catherine Fields, Otis Green, Tom Lovelace, Gean Dye, Lynn Dye, Julia Lynn Inzer, Bob Estes, Nan Estes, Robert Alford, Ida Lee Alford, Mary Alice Benson, Melinda Dean of Ranger.

Personals

Mrs. J. A. Doyle has returned from Olney, where she was a patient for the past 19 days in the Olney hospital.

Norman Durham, student at the University of Texas visited here over the week end in the home of his parents, Mr. and Mrs. Harold Durham.

Mr. and Mrs. Hollis Bennett of Abilene were visiting with friends and relatives in Eastland Saturday.

Mr. and Mrs. Don Parker spent the weekend in Fort Worth with their daughter, Mrs. Billy Jack Parrish and Mr. Parrish.

Mr. and Mrs. John T. Goode and son John Earl visited over the week end with Mr. Goode's parents, Mr. and Mrs. Lee Goode and made the acquaintance of a new niece, Janet Franka, and had a good bye visit with Mr. and Mrs. Allen Gueck and family, who left Monday for Canada.

Personals

We wish to thank our many friends, who so faithfully and continually continuously helped us during the illness and death of our loved one, Earnest E. Wood.

For those who visited us, for those who brought food or helped in any way for the beautiful floral offering, we are humbly grateful. Mrs. E. E. Wood, Mr. and Mrs. Harry Wood and family, Mrs. Will Wood and family, Miss Sallie Day.

General Federation of Women's Clubs Set 61st Annual Convention In Minneapolis, May 12-17

The General Federation of Women's Clubs will hold its 61st annual convention in Minneapolis, Minnesota, May 12 to 17, with the Twin Cities, Minneapolis and St. Paul, playing hostess in cooperation with the Minnesota Federation of Women's Clubs.

Headliners who will speak include United States Senator John J. Sparkman of Alabama; Dr. Norman Vincent Pearle, clergyman; Miss Margaret Hickey, public affairs editor of the Ladies Home Journal; Salo mRikz, lecturer on international affairs; Dr. Lloyd Shaw; Dr. William Alexander; Rev. Reuben Youngdahl; Robert Montgomery, star of stage and screen, and many others.

Mrs. Hiram Cole Houghton, of Red Oak, Iowa, national president, will preside at the sessions and will be the keynote speaker at the opening convention session, Monday evening, May 12, on "Guidelines to Freedom," the convention theme.

A new slate of officers will be elected with the following candidates announced: President, Mrs. Oscar A. Ahlgren, Whiting, Indiana; First Vice-President, Mrs. Theodore S. Chapman, Jerseyville, Illinois; Second Vice President, two candidates, Mrs. Leonard J.

McCaffrey, Miami, Florida, and R. L. C. Prout, Wakefield, Michigan; Third Vice President, two candidates, Mrs. Earl B. Shoemaker, Sacramento, California, and Miss Chole Gifford, Lexington, Kentucky; Recording Secretary, Mrs. E. Lee Ozbirn, Oklahoma City, Oklahoma; Treasurer, Miss Ethel Foster, Sterling City, Texas; Director of Juniors, Mrs. Arthur Crom San Diego, California.

Important policy resolutions have been submitted for consideration to the 14,500 member clubs in the official call to the convention and will be presented for adoption by the delegate body. They include a statement for higher levels of morality in public and private life; urging the approval of the St. Lawrence Waterway by the 82nd Congress; pledging active support to the rehabilitation of war veterans and urging that all benefits granted to World War II veterans be made available to the veterans of the Korean conflict; recommending that the Miller-Tydings exemption to the Sherman Antitrust Act be repealed; supporting the principle of increased tax exemption in the lower and medium income brackets for the expense of medical care; favoring the establishment in teacher training institutions of programs designed to promote conservation education; and advocating that claims and patents under the mining laws, when located on public domain or in national forests, be limited to those mineral rights now permitted by law and to such surface resources and use actually

CHRYSLER FirePower is so much more than HORSEPOWER

+ It's worth remembering that today's Chrysler V-8 is not a "warmed-over" engine, but basically brand new . . . the first truly new type engine of modern times. It does, indeed, open new horsepower potentials, but what it can mean to you goes way beyond that . . .	+ FirePower is also a better-built engine throughout. It doesn't require premium fuel. It runs with less waste, less heat, less wear, less carbon deposit than other type engines can do. More of your gasoline's energy is turned into actual road power, greater reserve for passing and top speeds when needed . . .
+ FirePower gives your gasoline a better place to work . . . the first hemispherical combustion chamber in a stock-car engine. It makes possible more power from every drop of gas. You feel it the minute you open up a Chrysler, in greater accelerating power than you've ever had at your command . . .	+ Why not drive this revolutionary new-type engine, and feel its wonderful difference for yourself? Let your Chrysler dealer show you how much more than horsepower your money can buy in the engine Chrysler has designed from scratch to do an engine's job better, longer, and more efficiently than previous engines can hope to do!

Bob Wills And Band To Play At Lake Cisco

Bob Wills and his Texas Playboys will play a return engagement at the Lake Cisco Skating Rink in Cisco on Friday night, April 11, under the auspices of the Cisco Post of the American Legion.

The popular orchestra leader will bring his full band, including their girl singer, to Cisco for the program.

The American Legion uses funds from the dances to make improvements in Lake Cisco Park. The big swimming pool will open on May 1, for the benefit of many West Texas schools who are planning annual outings there. The skating rink is open every night.

Firemen Confess Setting 14 Fires

MEDIA, Penn., April 8 (UP)—Police of Delaware County, Pennsylvania report that three volunteer firemen have admitted setting 14 fires which destroyed barns and other buildings valued at nearly one-million dollars.

District Attorney Raymond Start says the three used homemade fuses fashioned of rope and string soaked in oil to start the fires "for the thrill."

T&P Will Give Football Fans Boost In '52

DALLAS, April 8.—Good news for football fans is an announcement by the Texas and Pacific Railway Co. that they will obtain choice tickets to games of the new Dallas Texans professional grid team in the Cotton Bowl and weekend hotel rooms in Dallas for their football-minded passengers this fall.

Through a recent arrangement with the Dallas owners of the new Texans, the Southwest's representative in professional football, the railroad will be allotted a bloc of desirable tickets on the 40-yard line for Sunday afternoon games in the world-famed Cotton Bowl.

Hotel rooms at Dallas' two largest hotels may be reserved through the railroad at the same time and football tickets are purchased, T&P Passenger Department officers explain.

Since college football teams will be playing in the Cotton Bowl on four of the six weekends on which the pro Texans will be meeting National Football League rivals there, train travelers need only to provide their own college game tickets for Saturday afternoons in Dallas—the T&P taking care of weekend hotel space and tickets to the professional games the following Sunday afternoon.

Full information on hotel accommodations, rail and football tickets and train schedules may be obtained at the local Texas and Pacific ticket office.

CALL 601 FOR CLASSIFIED AD SERVICE

STAMP HAILS HAWAII—Hawaiians were so elated over the new 80-cent airmail stamp (inset) showing the Islands' famed Diamond Head landmark that they spread the word far and wide—in a practical way. One florist airtailed, under first-day covers, orchids to 600 stamp collectors throughout the U. S. Above, pretty Pat Barrett, in Honolulu, displays some of the Hawaiian-decorated boxes in which Pan American World Airways sent "Easter bonnets" to mayors and postmasters in all principal cities of the U. S. Some of the straw bonnets—called "papales" are seen at bottom of photo.

Pfc. T. Velasco Awarded First Aid Certificate

ESSINGEN, Germany—American Red Cross European Headquarters reported today that Private First Class Thomas Velasco of Box 28, Olden Texas, has been awarded the Standard First Aid an Army-sponsored course in accident prevention and first aid.

Accidents in Europe are costing American taxpayers over a half-million dollars monthly, according to military sources. The Red Cross was asked to help reduce figures by setting up educational safety courses for service personnel.

Pfc. Velasco, who is with the Aircraft Control & Warning Squadron at Freising, Germany, was chosen for the safety school by his Commanding Officer. He was given instruction in both the prevention of accidents and the proper first aid care of accident victims.

The Red Cross safety program has met with widespread approval by Army and Air Force authorities in Germany, England, and Austria.

Pfc. Velasco is a graduate of Eastland High School and is the grandson of Mr. and Mrs. Jesse Pittman of Olden.

1st Methodist Planning For Summer School

Mr. Ed F. Willman was elected director of the Vacation Church School of the First Methodist Church at a meeting of the board of education of the church Tuesday evening. C. G. Stinchcomb, Jr., general superintendent of the Methodist Church School, pointed out that under the leadership of Mrs. Willman, a complete staff for the summer church Bible school would be selected.

The annual Cisco District vacation church school institute will be held at the First Methodist Church, Rising Star, Thursday, April 10, beginning at 10 o'clock. Mrs. L. E. Corbell of Eastland will lead the district study unit on Junior Department work, "Praise Ye the Lord."

A corps of vacation church school workers will attend the Rising Star meeting to study the work in four departments; namely: kindergarten, primary, junior, and intermediate.

The Cisco district pastors meeting will meet at the same time and place.

\$72 Billion Foreign Aid

U. S. grants and loans to foreign countries since 1949 have totaled \$72 billion, the Chamber of Commerce of the United States reports. That is slightly more than the federal government will collect in direct and hidden taxes from all Americans this year. It is more than was spent by all presidents combined, from George Washington to Warren Harding, including the costs of the Revolutionary War, the War of 1812, the Mexican War, the War Between the States, the Spanish-American War, World War I and numerous intervening Indian wars.

A shower for Mr. and Mrs. Roy Maynard of Carbon, whose home burned Tuesday, is being arranged at this time. Anyone having any item of household furniture, Call Mrs. Andy Taylor at 151-J before noon Wednesday (tomorrow) and she will arrange to have it picked up. There are two boys, age 7 and 10 years.

The Ladies Golf Auxiliary will have a covered dish luncheon at 12 noon Wednesday at Lakeside Country Club. All members are urged to attend and stay for golf in the afternoon.

Now, that It's Spring Again—

... brings to mind all the real joys and pleasant days that only this season of the year can bring. But Spring brings hail and windstorms, too, which are not desirable and sometimes they cause death and much destruction of property, without warning. If you are not carrying windstorm and hail insurance for financial protection against these hazards give us a ring before the dark clouds begin to boil up out of the South and West.

IF IT'S INSURANCE WE WRITE IT.

Your Tax Burden Still Climbing

The federal personal income tax was adopted in 1913, with rates ranging from 1 to 7 per cent. Today rates range from 22.2 to 92 per cent. The corporation tax, when adopted in 1909, amounted to 1 per cent. Today it averages 66 per cent of corporations' earnings. The total tax burden—direct and hidden; federal, state and local—now is approaching 35 per cent for the average American. Those in the \$2,000 to 3,000 income group pay almost 30 per cent of their incomes. These facts were reported by the Chamber of Commerce of the United States in recommending that proposed foreign aid spending be cut from \$10.5 billion to \$5 billion next fiscal year.

How U. S. Aid Is Being Used

The Italian government, with the help of "counterpart funds" made available by U. S. aid, are building a mile-long railway station in Rome. The Chamber of Commerce of the United States says that the station will be longer than New York's Pennsylvania and Grand Central stations, the Cleveland Union Station and all the railroad stations in Chicago, all combined.

Contrasts In Defense Effort

The U. S. plans to spend almost 20 per cent of its gross national production on defense during the coming year. The Chamber of Commerce of the United States reports that by contrast, Great Britain will spend 12.8 per cent; France, 11 per cent; Western Germany, 10.5 per cent. All three are recipients of American aid.

Strict Sanitation Must Be Observed To Prevent Polio

AUSTIN, April 8—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is always more prevalent during the summer months.

Until recently it was generally believed that this infection is transmitted of discharges from the respiratory tract. It is now believed that poliomyelitis is primarily another of the several gastrointestinal infections. Therefore, control measures must emphasize clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the housefly and to destroy its breeding places. All mosquitoes and mosquito breeding places

must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate community sewage disposal systems are not available or feasible, it is important to build and properly maintain sanitary septic tanks. In the event a water system of sewage disposal cannot be secured it is important that at least an approved pit type toilet be constructed and properly maintained.

All raw foods and vegetable should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the State Law concerning the sterilization of dishes and utensils.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Maintain in the home the same sanitary standards that are necessary in community life. Particular attention be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear a physician should be called immediately.

How Much Is Foreign Aid Costing You

FOREIGN AID VS. WELFARE
The U. S. government would have to tax away 45 per cent of the people's income if it tried to pile, onto its present operation, a welfare state comparable to those in European countries which rely on American aid. The Chamber of Commerce of the United States, in reporting that fact, says that no European country has such a high tax rate.

FOREIGN AID VS. TAXES
If all personal incomes left after taxes in the tax brackets of \$4,000 and up were confiscated, they would provide only \$9 billion. The Chamber of Commerce of the United States made that statement in recommending that proposed foreign aid spending be reduced from \$10.5 billion to \$5 billion next fiscal year.

FOREIGN AID VS. FARM WEALTH
The \$72 billion which the U. S. has spent for foreign aid since 1940 is almost four times the \$19 billion net income from farming in the U. S. last year. It is half as much as the \$143 billion total value of all U. S. farm assets. The Chamber of Commerce of the United States recommends that the rate of foreign aid spending, which has been running at the rate of \$6 billion a year for 12 years, be reduced to \$5 billion a year. The federal budget calls for spending \$10.5 billion next fiscal year.
