### Around The Square

With Mack

Peter Woloszyn isn't a candidate, but he fixed us up with some mighty good cigars last week. We hope he got as much pleasure out of giving them as we did smoking them. They made our holidays more pleasant. Thanks, pal. You must be going to support Ike, too.

We are really not looking for an attack from the Indians, but should there be one, we are going to make a dive for Jim Horton's place. He has protection in a core of varities, and when allowed to choose our own weapon we should find one in Jim's arsenal that would bluff the Indians back to their reservation.

As a matter of fact he is something of a gun collector. He has pistols, rifles and six shooters of both ancient and modern design. If you want an old thumb "buster" he can supply you, or if you want one of these modern, high powered rifles that drill holes in an anvil he can still fix you up. (If you don't know what an anvil is, ask some blacksmith.)

We hung around there for an hour or so the other day and examined a number of these guns. Absolutely that man has enough guns to fight the Korean war.

Well, it has been pretty hot in these parts for some time, but that Tuesday night Norther brought us some "hog killing" weather. When it hit our house we hit the floor and began a search for cover. By daylight we were resting under a stack of wool blankets about a foot high and were still cold. We got up about 5 o'clock and made some coffee, but were shivering so hard we got very little of the warming fluid. We "sawered" it according to custom, but before we could raise the spicer up to our "intake" valve most of it landed on the floor.

Finally we got one of the glass-like straws that you inhale iced tea through, stuck it in the coffee, and did pretty well.

Of course we came to town in our shirt sleeves, but when we saw a thermometer standing at just a little better than 60 degrees, we got so cold we couldn't get our key in the hole at the office door. Finally Frank Tucker came by, and with the aid of Frank and a couple of deputies, we got the door open. Wonder they hadn't pinched us on a DWI charge.

However, if it snows tonight we won't kick—we have our heater up and think the wife has reinstated us with the Gas company. We know she has if that money we swiped from her to buy fish bait, wasn't the money she was holding back for the Gas people.

Now Eastland merchants are to have "Dollar Days" each Saturday, beginning this week. This will be a fine for the buyer if he happens to have a dollar, but it is going to worry merchants more than they might suspect. Where on earth are they going to get anything they can sell for a dollar? Why the tax on a half smoked cheroot would be more than a dollar.

However, we are going to visit all of them Saturday whether we buy anything or not. It will be worth the effort just to find an article that may be purchased for this low price.

We can remember when you could buy a big milk shake for a nickel, or a bowl of chili for a dime, even if it had two spones with it. But brother "them" that days are gone forever."

### Man Committed To Hospital In Wichita Falls

A resident of the Colony community was committed to the Wichita Falls hospital, following a short trial in county court in Eastland Tuesday. Evidence shows that the man had been raising disturbances for some time, and officers have been called on more than one occasion.

Another disturbance was raised over the week-end and when officers lodged him in jail, they decided definite action was necessary.

Two physicians signed proper documents, and the judge gave the man a 90-day commitment.

### Mass Anti-Polio Inoculation At Houston Past Halfway Mark

HOUSTON, July 9 (UP)—Doctors stepped up the pace of inoculations Wednesday as a mass test of gamma globulin, the new serum which may whip poliomyelitis, as the experiment moved past the halfway mark.

An "extremely rare" case of repeat polio was reported at Houston, Monday, and the nation's worst polio epidemic continued unabated. Eight new victims were admitted Tuesday to Houston's two hard-pressed polio treatment centers, pushing the year's total to 440 cases and 18 deaths.

There also was fear the Texas polio surge was spreading to neighboring states.

Oklahoma Fears Epidemic Oklahoma health authorities warned polio incidence was approaching the major epidemic stage. Nineteen new cases were reported Tuesday in Oklahoma, pushing the state's total for the year to 112 with five deaths, compared to 64 cases and three deaths this time last year.

Kansas reported its 60th case for 1952, with three deaths on record, compared to only 22 cases for the corresponding period of 1951.

"This definitely looks like a very bad year for Oklahoma," said Bill Epperson of Oklahoma City, state representative for the National Foundation for Infantile Paralysis.

Repeat Polio Discovered John Richard Hammond, six, was diagnosed Tuesday as a rare case of repeat polio.

The Houston city health department revealed that the child suffered a case of non-paralytic polio in June, 1950. Doctors at the Southwestern polio treatment center at Jefferson Davis hospital, Houston, said such repeat cases are "extremely rare."

The gnatlike Houston experiment with gamma globulin continued with more than half of the 35,000 children inoculated. Half receive the serum and half receive a harm less gelatin.

If a normal percentage of children who receive gelatin contact polio, and those who got GG inoculations do not, doctors will know gamma globulin is a success.

### Goodness Snakes Alive

Some persons having difficulty in co-ordinating thinking are often referred to as "having bats in their belfry." But Fred Maxey, co-owner of the Davis-Maxey Drug store, thought he had rattlesnakes in his chimney last week.

Result—a hurry-up call to the exterminator. The original plan of action was to board up the chimney and eject cyanide gas into it. However, after the arrival of policeman, Tom High, further investigation was decided upon. Maxey, High and several spectators climbed to the house roof and looked down the chimney with the aid of a flashlight.

What they found was not a den of rattlesnakes but a nest of birds. They then got a pole, knocked the nest loose and found that it held four baby chimney swifts.

The birds, when disturbed, make a rattling sound very similar to that which a rattlesnake makes before striking.

To make a short story shorter, half-feathered swifts were placed in the custody of the exterminator, and everyone else returned to work.

### Horton Tire Co. One Of Largest In State; Customers Are Legion At This Pioneer Tire Institution

To think of a tire in Eastland is to think of Jim Horton. So says the man who is one of the outstanding tire dealers in West Texas, and his stock of Sieberling tires is the largest to be found between Fort Worth and Abilene.

We have known for some time that Horton Tire Co., was not just an ordinary tire store, but after a visit-through his store and four large warehouses, we know it might easily be dubbed as "tire headquarters." We would not want to try and guess how many tires you will find down there, but there are a lot of them. Hundreds and even thousands of them.

If you drive a car, truck, tractor, bull dozer or an airplane, regardless of size, make or model—drive by Jims and you will find both new or used tires to fit it. He doesn't order by the set or the dozen, but by the car loads.

If you need a tire for the old Model T, or a road grader, drop by and they will fix you up so

### Southwest Enjoys Sleeping Under Blankets In July

By UNITED PRESS Southwesterners treasured a memory Wednesday of sleeping under blankets in July.

That was Tuesday, however, and the U. S. weather bureau said effects of a cool front which broke July 8 temperature records at Denver, Oklahoma City, Dallas and Fort Worth and sent the mercury 10 to 20 degrees below normal in New Mexico were already fading.

The heat-seared area, plagued by sections with drought, wind and dust and generally with sizzling temperatures for more than a month, got temporary relief as a Canadian-cool front dropped in to visit briefly.

A 100-degree reading at Alice, Tex., was the only century temperature mark in the Southwest. Beaver, Okla., had a 46 and it was 48 at Guymon and 57 at Oklahoma City, the coolest July 8 on record there. Oklahoma also was treated to rain ranging to a soaking 2.74 inches at Marlow.

The cool air mass drove temperatures to 43 degrees in Denver Monday before it moved into New Mexico and dropped the state's reading from 10 to 20 degrees below normal. Carlsbad recorded a 64-degree low, 30 below the norm.

The mercury fell to 42 at Goodland, Kans., and 56 at Kirksville and St. Joseph, Mo.

At Dallas, the high-riding mercury slumped to a low of 63 degrees, a fall five degrees under the previous July 8 low record, and the cool front kept temperatures in the 70's and 80's across the state. Fort Worth's low of 62 also was an all-time low for July 4, 1924, mark of 56.

But warm air already was beginning to warm the entire Southwest again and the job should be completed by Thursday.

### Yellowjackets Swamp Clyde By Score Of 16-3

The Yellowjackets experienced no difficulty in taking a good game from Clyde at the ABC Field. The score was 16 to 3 in favor of Eastland. Stephen was on the mound, and he gave a good account of himself, by taking 11 strike-outs.

The boys are to play a return game at Clyde Sunday afternoon at 2:30.

During this game Stephen got 2 home runs, and Able, Miller, Harris and Jessup got one each.

Friday the Jackets will meet Throckmorton at the ABC field in Cisco, Friday night and this should be a good game, it is held. The game will start at 8 p.m. and the usual charge of 25c and 35c admission will be charged.

Right at this time Mr. Ables, manager of the Jackets, is trying to arrange for a tournament. The tournament would be staged either the first or 2nd week in August, and at least six teams should participate. If you are in this area and have a team, contact H. C. Ables in Eastland.

The general was up early Wednesday for a pre-breakfast meeting with the Oklahoma delegation, now split 7 for Taft, 4 for Eisenhower and 5 for Gen. Douglas MacArthur.

Later he joined the parade of candidates counting the support of the pivotal, 70-vote California delegation now pledged to Gov. Earl Warren. Taft and Harold E. Stassen held similar "get acquainted" sessions with the Californians Tuesday.

The largest tire we saw was the 2100 x 24. It stands almost six feet high and weighs more than 800 pounds, and would sell for approximately \$1,500.00. A tube would be about one hundred dollars extra. In plain English if a fellow wanted a new set of tires and tubes and one spare, the bill would be slightly more than \$8,000.00. You will find any number of large truck tires in his stock that sell at from \$100.00 up to as high as you would care to go.

A new awning was recently erected in front of the main store. Any truck of legal dimensions may drive in to be serviced. Over-

# Hoover Declares Only GOP Can Save American Freedom

SYKES GOSPEL SINGERS of Los Angeles, Calif. who will appear in Ranger Thursday evening at 8:00, sponsored by the Ranger Lions Club on behalf of their Sight Conservation Program. The program supplies glasses for needy children free of charge. The singers are well known and present endless enjoyment at every appearance. They appear regularly over MBS and make special recordings of spiritual, classic, gospel and folk music.

## BOTH IKE AND TAFT FACTIONS CONCERNED ON COMING CONTESTED DELEGATE SHOWDOWN

IKE MEN EXPECTING LESS SUPPORT ON SECOND VOTE SHOWING

By John L. Steele CHICAGO, July 9 (UP)—Gen. Dwight D. Eisenhower's strategists looked worried but talked confidently Wednesday about the outcome of the Republican convention fight for Georgia, Louisiana and Texas delegates.

After counting and re-counting their potential support through the night, the general's strategists put it this way for the United Press:

Sen. Henry Cabot Lodge, Jr., the Eisenhower campaign manager:

"It looks very good. I'm very confident."

Gov. Thomas E. Dewey of New York: "I think it'll be fine."

Sen. James H. Duff of Pennsylvania: "We'll have a substantial majority of the Pennsylvania delegation and enough votes to put us over."

But some highly-placed Eisenhower's 110-vote victory margin on the "fair play" convention rules test Monday would be repeated in the final floor showdown on the "stolen delegates." Even the most sanguine Eisenhower men conceded their vote on the forthcoming test would be considerably smaller.

The general was up early Wednesday for a pre-breakfast meeting with the Oklahoma delegation, now split 7 for Taft, 4 for Eisenhower and 5 for Gen. Douglas MacArthur.

Later he joined the parade of candidates counting the support of the pivotal, 70-vote California delegation now pledged to Gov. Earl Warren. Taft and Harold E. Stassen held similar "get acquainted" sessions with the Californians Tuesday.

### Candidates To Meet At Union Center Friday

Union Center Home Demonstration Club will sponsor an Ice Cream supper and Food Sale on Friday night, July 11th. It will be at the club house 5 miles north of Rising Star.

A place on the program will be arranged so that candidates may have an opportunity to get in their plugs.

Everyone is welcome and a large crowd is expected. All proceeds will go to the Club's general fund.

### Texas Split GOP Enjoys Limelight At Windy City

By Roy Calvin CHICAGO, July 9 (UP)—Texas Republicans, who never before had so much attention, held their place in the limelight Wednesday as angry rival factions went before the GOP convention credentials committee to accuse each other of fraud.

One group would give at least 30 of Texas' 38 delegates to Sen. Robert A. Taft. The other would give 33 to Gen. Dwight D. Eisenhower.

The televised performance before the credentials committee was the next-to-last round of the long and acrimonious fight. The full convention will give the final decision later when it votes on whether to accept or reverse the committee's ruling.

The Texas case was expected to be called up by the credentials committee by noon. The committee had planned to stay in continuous session until it disposed of all contests, but pro-Eisenhower members secured an overnight recess, partly out of the desire to assure a TV audience for the squabble.

The credentials committee majority report was expected to favor the pro-Taft Texans, headed by National Committeeman Henry Zweifel of Fort Worth. Taft backers controlled the credentials committee by a comfortable margin. Eisenhower backers reported to offer a minority report to the convention.

Compromise was more remote than ever.

H. J. Jack Porter of Houston, the Eisenhower faction leader, rejected flatly any suggestion of compromise.

This yearning was on appeal by both sides from the national GOP committee decision—inspired by Taft himself—to split the Texas delegation 22 for Taft and 16 for Eisenhower.

### Horned Toads To Play Baird

The Horned Toads (12-15) groups are to play Baird here Thursday night. An admission fee of 10 and 15 cents will be charged. The boys do not have a sponsor and the charge is made to care for equipment and supplies.

The team has been promised a sponsor for next season.

### TAFT FORCES PLAINLY OPTIMISTIC ON THEIR CHANCE FOR VICTORY

By Raymond Lehr CHICAGO, July 9 (UP)—Sen. Robert A. Taft's campaign managers today displayed a grand optimism Wednesday about their chances of eking out a victory in their second major convention test with supporters of Gen. Dwight D. Eisenhower.

But they admitted the forthcoming floor showdown in the "battle of stolen delegates" will be close.

All of the Taft advisers considered victory at this point important and some regarded it as vital to the senator's hopes for getting the GOP nomination.

Taft himself was expected to discuss his prospects at a news conference during the morning. Taft's chief lieutenants discussed floor strategy early Wednesday with about 40 key Taft men from various states.

When the two-hour conference broke up shortly after 2 a.m., Thomas E. Coleman, Taft floor manager, told reporters that the Taft organization enjoyed "a really good day" Tuesday recruiting delegates.

"I won't make any prediction," he said, "it will probably be close. We're certainly going to win if possible."

The Taft bloc must convert a sizeable number of delegates to reverse the result of Monday's defeat when the Eisenhower forces and allied delegates won a test vote, 658 to 448, in changing convention rules.

Taft and his managers focused attention Tuesday on such states as New York, California, and Michigan—three which voted almost solidly against the Ohio senator on the Monday vote.

### Ex-Scouter Tackle New Breck Coach

BRECKENRIDGE, July 9—Joe Kerbel, ex-Oklahoma University tackle, was the new head football coach Wednesday at Breckenridge High School.

Kerbel, a former pupil of Sooner Coach Bud Wilkinson, replaced T. W. Carpenter of Mineral Wells who held the Breckenridge post for only a few hours. Carpenter was hired to fill the spot left vacant by Cooper Robbins' who moved to Texas A&M, but the Mineral Wells principal resigned the position upon the advice of his physician.

## 'DEMOCRATS BLAMED FOR OUR PRESENT GOVERNMENT STATE

By Rex Chaney CHICAGO, July 9 (UP)—The old gentleman won't soon forget it.

He stood before the 25th Republican national convention, a wisp of a smile on his face, waving his hands in gentle circles to the thundering galleries.

Once or twice he opened his mouth as if to speak, but there was no stopping the demonstration. He waited, his eyes shining with tears as they had four years before when he stood on another Republican convention platform in Philadelphia to receive the acclaim of his party.

Finally the tumult subsided, the delegates returned to their seats, and the brass crash of the bands died away.

A Sign of Appreciation "Ladies and gentlemen," said Herbert Hoover, "that was certainly welcome. I am grateful for it. I will

long remember it." Then the only living ex-president, now approaching his 78th birthday, began reading his prepared speech.

"This is the fifth time I have had the high honor of addressing the conventions of the Republican party.

"From the inexorable course of nature, this is likely to be the last time I shall attend your conventions."

A great roar of "no, no" went up from the audience.

Mr. Hoover paused, smiled faintly, and then went on in a calm, low-pitched voice to declare that American freedom is being lost and that only a Republican victory in November can save it.

Charges Hurlled at Democrats He accused the Democratic administration of spending too much, taxing too heavily, coddling Communism, tolerating corruption, promoting inflation, and committing American boys unnecessarily to die on foreign fields.

"America needs today a new declaration of Independence that will raise the hearts of our people to their spiritual purpose and their eyes into the sunlight of freedom," he said.

The delegates burst into a roar of approval when he charged the administration through the Tehran, Yalta and Potsdam agreements with sacrificing the freedom of 650 million friendly foreign people "on the altar of appeasement of Communism."

At the close of his 46-minute address, which was interrupted 59 times by applause, Mr. Hoover reverted to his opening words—"from the inexorable course of nature, this is most likely to be the last time I will have the honor of attending your conventions."

Again the crowd shouted "no, no."

When he finished, he turned and walked slowly from the platform.

### Club Boys Give Program Tues.

Two of County Agent Cooper's Club boys, Billy Don Harris and Jerry Simms, put on the program at the Lions Club Tuesday at noon, and it was well received.

The boys demonstrated farm style pasteurization of milk, showing the necessary degrees of heat necessary to kill various and sundry germs, so often found in milk. Pasteurized milk is never boiled, though it is heated to a certain degree, and the success of the operation depends largely on rapid cooling. This may be done by either placing the treated hot milk container in a box or tub of cracked ice, or by placing it inside a refrigerator.

In larger city plants the heated milk is instantly cooled by causing it to pass over refrigerated pipes. A vote of thanks was given the boys, and to J. M., who never lets anybody down on a program.

### Sykes Singers To Appear In Ranger Thurs.

The Ranger Lions Club is sponsoring the renowned Sykes Gospel Singers in a performance in Ranger at the Recreation Building at 8:00 p.m.

The singing group is well known for its presentation of spirituals, gospels, classic, and folk songs. And has been appearing on the Mutual Broadcasting System for a number of years, as well as being under contract to make records.

The Lions of Ranger are sponsoring this appearance in behalf of the Lion Sight Conservation Program, which buys glasses for needy children.

A special section has been reserved for colored citizens. Eastlanders were especially invited to hear this group Thursday night in Ranger.

### Randolph Based B-29 Crashed Near Gonzales

GONZALES, Texas, July 9—A B-29 Superfortress from Randolph Air Force Base near San Antonio, Tex., crashed six miles west of Gonzales Wednesday.

Twelve men were aboard, according to Randolph officials. One witness said he saw 10 parachutes in the air as the plane went down.

A civilian plane passing the scene of the crash said eight parachutes were in the air.

The plane left Randolph base at 7:14 a.m. and crashed about 7:30 a.m.

Randolph officials said it was the first crash of a plane from the base since March 12.

### Farm Home Is Burned Tuesday

The home of Parker Metcalfe, two miles from Rising Star, was destroyed by fire Tuesday morning. The family was unable to save anything other than the radio. Two dogs tied to a bed, were released by a stranger, who happened to be passing at the time of the fire.

The family resided on the Doc Collins farm.

### Turkey Growers To Meet, Cisco

The Central Texas Turkey Growers Association will hold its regular monthly meeting at 7:30 p.m. in Cisco, July 17.

The meeting will convene in the Cisco First National Bank Building.

Bill Griffin of Santa Anna will be the guest speaker. Members and interested guests are urged to attend.

### White Assails GOP Policy On Agriculture

RYAN, July 8 (UP)—Agriculture commissioner John C. White, attacked the farm price policy of the Republican party as "the groundwork for a second great depression," in a speech to the Texas Pecan Growers annual convention Tuesday night.

White said price supports, while not as desirable as the ideal method of supply and demand, have proved sound economically under present day conditions.

He said the Republican proposal to put farm support prices on a sliding scale basis instead of fixed by law places farmers at the mercy of the "whims of professional politicians, bureaucrats and corporate interests."

### Prevention Plan To Cut Down On Polio Is Noted

AUSTIN.—It is believed that the majority of adults have at one time been infected by the virus of poliomyelitis, usually without manifestations, says Dr. George W. Cox, State Health Officer. In view of the above it is expected that most of the recognized cases will be among children.

Only a small proportion of infected persons are clinically recognizable. When symptoms are manifested, they usually comprise an acute illness with fever, headache, and almost always a characteristic stiffness of the neck and spine. Some degree of paralysis may or may not occur during the first few days of illness.

During the poliomyelitis season the following measures are recommended:

1. Insist upon safe waste disposal so that human excreta is not exposed to disease transmitting vectors.
2. Insist on elimination of fly breeding sources and do not depend upon community wide air plane spraying of fogging machines as a substitute for basic sanitation.
3. Food supplies, including milk, must be protected against contamination.
4. Always demand safe water for drinking or swimming pools.
5. Insist that garbage be kept in covered containers and disposed of by incineration or sanitary fill.

C. S. (Clabe) Eldridge  
—for—  
COUNTY JUDGE  
If elected I shall do my part to get for Eastland County the maximum farm to market roads so badly needed.

### HORTON—

(Continued From Page 1)

all height in Texas is 13 feet, six inches. His awning is 13 feet, 9 inches.

Mr. Horton operates on a volume basis and his customers are legion. A few days ago he got an order from a Fort Worth customer who wanted 30 tires. Could not find them there. Mr. Horton shipped the 30 tires.

Not only is his store and stock the largest in West Texas, but he is also the oldest Sieberling dealer in the area. As best he can figure, he is about the third oldest dealer in all the United States. He has sold Sieberling tires for more than 30 years. We could say a lot more about this tire store, but we must move on to the warehouses.

In reality there are four warehouses, all of them filled almost to capacity. Tires are separated into groups, passenger, truck, tractor, etc., so there is little delay when a special size is called for. Everything is neat and in order.

The re-capping department is of giant size, and tires of almost any size may be handled. This department, alone, is a regular factory, and Mr. Horton has seen to it that efficient help is employed.

At the front of the main store will be found a first class service station where oil and gas may be purchased. Motor fuel is purchased from independent refineries, though various brands of motor oil are stocked. Everything is power operated, for time is an object. Instead of the old lug wrench you will find power driven tools—electric and compressed air, and the old 30-minute job has been reduced to about three or four minutes.

The sale and distribution is the "main object", though this institution could very easily be listed with manufacturers, because of its great size and its payroll.

### Eastland County Included In Proposed Milk Marketing Order

WASHINGTON, D. C.—(OPS)

The U. S. Department of Agriculture today recommended that a Federal order be issued to regulate the marketing of milk in the Central West Texas area, including Eastland County, operation, the order would be similar to the North Texas order.

Interested persons will have until July, 1952 to submit written views on the recommendation to the Hearing Clerk, U. S. Department of Agriculture, Washington 25, D. C. These will be studied before the Department issues a final decision on an order. Before an order can be put into effect in the Central West Texas area, it must be approved by at least two-thirds of the milk producers who supply the market and who vote in a referendum.

The Federal order, requested by the Central West Texas Producers Association, would classify milk according to use and would establish minimum prices to be paid for each class of milk by milk dealers to producers. The USDA recommended order is based on evidence submitted at a hearing in Abilene, Texas, February 11-15, 1952. The hearing brought out that producers have not been able to negotiate with handlers on milk pricing and on marketing conditions under which producers' milk has been purchased. The evidence indicated that local producers have been paid surplus prices while at the same time handlers had been bringing milk in from outside areas.

The hearing also indicated that inequitable differences in prices have been paid to producers at different locations and that producers associations have not been allowed to check weights and test or to have access to records so as to check utilization. These have resulted in a considerable disparity in returns to producers who are similarly situated. The hearing evidence showed that a Federal milk marketing order might correct these situations and provide for more orderly marketing of milk in the area.

The marketing area in the recommended order includes the 19 cities and towns of Abilene, Balinger, Big Spring, Breckenridge, Brownwood, Cisco, Coleman, Colorado City, Comanche, Eastland, Lamesa, Midland, Odessa, Ranger, San Angelo, Snyder, Stamford, Sweetwater, and Winters. These have a population of about 220,000. The producer proposal had requested a marketing area of 27 counties extending from Comanche County at the eastern end to Ector County at the western end. Providing a marketing area comprised of these 19 cities and towns will simplify administration of the order and make for effective regulation for the area.

For pricing purposes, milk under the order would be divided into two classes according to its use. Milk going into bottled products requiring Grade A milk would be Class I use. Class II use

would include milk for all other uses, chiefly manufacturing uses.

The Class I milk price would be determined at a fixed differential of 35 cents per hundredweight over the price under the North Texas order. This will provide proper price for the area and also maintain the correct relationship between the two markets. This formula would have provided for a May Class I price of \$7.03 per hundred weight.

The Class II would be at a price indicated by a butter-powder formula which would be based on butter prices in the Chicago market and prices received by Chicago area manufacturing plants for spray and roller process nonfat dry milk.

While the minimum Class I milk price will be determined by the North Texas price plus 35 cents, this price will be modified by location adjustments. The milk production in the area is not distributed in proportion to the consuming population. There is a general trend of movement of milk from the eastern part of the area where production conditions are the most favorable to the western part of the area. In view of this, the price established for the central portion of the area would be adjusted upward 20 cents per hundredweight for milk received in plants in the western part of

the area and downward 20 cents for milk received at plants in the eastern part of the area, and would be equal to the North Texas order price in the case of plants located in the North Texas marketing area.

The order provides for a market-wide pool under which milk dealers' payments would be made to individual producers on individual producers on the basis of a uniform or average price, modified by a base rating plan and the same location adjustments as in the case of the Class I price.

The base-rating plan would provide for payment in flush production months based on the individual producer's output in the seasonally short months. The flush months would be April, May, and June and the short months would be October through January under this plan.

Federal orders are authorized by the Agricultural Marketing Agreement Act of 1937. One of

the major purposes of this Act is to bring about orderly marketing conditions for dairy farmers.

In the operation of an order, market-wide information concerning milk supplies and their use is made public. This information assists dairy farmers in adjusting their production to meet market requirements. Such information has not been available in the Central West Texas area.

In authorizing the establishment of minimum prices that handlers must pay to producers for milk, the Act requires that consideration must be given to economic factors which effect supply of pure and wholesome milk,

and that the prices be in the public interest. Federal orders do not regulate wholesale or retail prices of milk consumers. At present 45 milk marketing areas throughout the country are regulated by Federal milk marketing orders.

## IF YOU WANT BIGGER PAYLOADS, YOU WANT A DODGE

For bigger payloads, choose from many Dodge "Job-Rated" trucks—1/2- through 4-ton.

"Job-Rated" engineering makes it possible for you to haul more with the right Dodge truck for your needs.

You haul more economically, because of advantages like lightweight aluminum-alloy pistons and others.

For smoother power and extra load protection, gyrol Fluid Drive is available on 1/2-, 3/4-, 1-ton and Reo-Van models.

Come in for a demonstration—and an extra good deal!

Better weight distribution. The short wheelbase design of Dodge trucks allows more weight to be carried on the front axle. Because the engine is located farther forward and the front axle is moved back, you can haul bigger payloads without overloading.

The right load-carrying units. The frame, axles, springs, and other units that carry the load are "Job-Rated" on Dodge trucks. Each is engineered to provide the strength and capacity needed to support your load. And all are "Job-Rated" to work together!

See us today for the best buy in low-cost transportation . . .

**DODGE "Job-Rated" TRUCKS**

**McGraw Motor Co.**

"We solved our hauling problems with Dodge 'Job-Rated' trucks"

... says **BERNARD J. CARNEY**, Manager, Weyerhaeuser & Denkmann Lumber Yard, Rock Island Lumber Co., Rock Island, Ill.

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job.

"We recently put in service two Dodge 'Job-Rated' 1 1/2-ton models . . . and

they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."

Mrs. Sovo will accompany the group of twenty Indians who will be in German for the Indian Trail Festival July 10 and 11th.

### '13 Cent Killer' Probably Testify In Court Today

HASKELL, Tex., July 9 (UP)—Clifford Livesay, a 36-year-old Amarillo laborer, was expected to testify Wednesday against a charge of murdering 85-year-old Hermit Joshua Blocher for 13 cents.

The state paraded 20 witnesses to the stand Tuesday. Attorneys for Livesay, second man to be tried for the murder of the Bailey county hermit, said defense testimony would require about two hours and District Judge E. A. Bills said the case should reach the jury late Wednesday.

The trial was switched four times on charge of venue before being set for Haskell district court.

Blocher, founder of the small town of Progress, near Muleshoe, was found dead in a field last Aug. 15. Livesay and Lester Douglas Stevens, 31, another laborer, were arrested at Amarillo last fall.

Authorities said Blocher had been beaten with a bottle and left to die of exposure. His killers got 13 cents from his pocket, but missed \$14,000 officers later found in fruit jars buried underneath the floor of the old man's shack.

Stevens was found guilty of murder last December and sentenced to die in the electric chair, but the conviction has been appealed.

State witnesses testified the floor of Blocher's shack was dug up in spots before Blocher was killed, but that the would-be robber missed the fruit jar cache of money by six inches.

### Negro Who Ended Discrimination At UT Flunks Out

AUSTIN, July 9—Heruan Marion Sweat, the 39-year-old Negro postman whose four-year court struggle ended segregation at the University of Texas Law School, has flunked out.

Sweat who fought to the U.S. Supreme Court before he gained admission to the law school, revealed Tuesday he has withdrawn "for academic reasons—failure."

He did not plan to attempt readmission later, although "I really wanted to be a lawyer."

Sweat said he had been plagued by poor health and would return to Houston, where he was a mail carrier. He said he expected to spend the remainder of the summer under medical supervision.

He told the Dallas Morning News that he "doubted" he had been graded unfairly by the faculty of the Texas Law School because of his race.

Sweat began his court fight to enter the University of Texas law school, located on the main campus at Austin, in 1946. Two years ago last month, on June 6, 1950, the U. S. Supreme Court ruled Sweat must be admitted under the equal protection clause of the 14th Amendment to the Constitution.

Since the court ruling was made there has been a number of Negro law students at Texas. Other Negroes also are studying in various graduate departments.

### More Veniremen May Be Called In Barber Trial

DALLAS, July 9—It appeared Wednesday that more prospective veniremen might have to be called up for the trial of Robert Barber Jr., 27, of Fort Worth, as the trial ground into its third day of jury selection.

Barber was charged with the \$11,000 armed robbery of Burt's cafe in Dallas. He has already been convicted of the pistol slaying of detective H. E. Cleveland, who went to arrest him in Fort Worth in connection with the cafe holdup.

Barber received a 50-year-sentence for killing the detective. The prosecution has said that it will seek the death penalty for the holdup. Under Texas law armed robbery may be punished by death.

Only six jurors were chosen in the first two days of the trial, four of them on Monday. Most panel members disqualified themselves, saying they could not conscientiously give Barber the death penalty for armed robbery.

### Mounted Search Party Nearing Wrecked Plane

ALBUQUERQUE, N. M., July 9 (UP)—A mounted search party Wednesday continued to inch its way slowly up a rough mountainside east of here toward the scene of a reported crash of a twin-engine plane with six crewmen aboard.

The wreckage spotted by a Kirtland Air Force Base pilot late Tuesday was believed to be that of a JRF-5 amphibious plane, based at Sanford, Fla., Naval Air Station. The plane was last heard from at 7:20 p.m. Monday about 10 miles north of Otto, N. M.

An air search was launched when the plane failed to land at Kirtland Air Base. One of the search pilots reported he spotted what he believed was the wreckage of the plane in the Sandia mountains east of Albuquerque.

WOMEN'S ACTIVITIES

TELEPHONE NEWS TO 601-223

Cole-Muse Wedding Rites Read In Double-Ring Ceremony Sunday

Miss Joyce Marie Cole, daughter of Mr. and Mrs. Odell Cole of Ranger, became the bride of Glen Roy Muse, son of Mr. and Mrs. M. C. Muse, of Plainview, in a candlelit ceremony in the Ranger First Baptist Church at 5 p.m., Sunday, June 29.

The bride, given in marriage by her father, wore a wedding gown of white imported organdy over tulle, designed with a tight fitting bodice and a yoke of illusion outlined with heirloom lace adorned with tiny pearls. The lace and pearls also accented the short, cap sleeves. Her gathered skirt flowed into a full-length train. She wore a finger-tip veil of illusion attached to a halo-brimmed hat of illusion, lace and lilies of the valley. Her bridal bouquet was a white orchid, surrounded by stephanotis and lilies of the valley.

Miss Patsy Wallace was maid of honor. Bridesmaids were Misses Jane Pickens, Cleburne, and Melba Creager. All the bride's attendants wore identical gowns of white organdy over white tulle. Full-length, gathered skirts extended from strapless, tucked bodices. They wore matching stoles over their shoulders. Their head-dresses were white organdy half-hats, outlined with tiny pearls and lilies of the valley. White garden baskets, tied at the handle with white satin bows and filled with white daisies, were carried by the attendants. Jack Cole of Eastland, brother of the bride, served as best man. James Stroope, Waxahachie; John (Buddy) Ross, Pecos; James Barber, Midland, were groomsmen and ushers. Mr. Barber also lighted the altar candles, preceding the ceremony.

The Rev. Ralph Perkins read the double-ring service before a semi-circle of seven-branch candelabra, alternated with large baskets of Majestic daisies. The candelabra and baskets were linked with chains of daisies and emerald foliage. Palm leaves encircled the chancel rail.

Preceding the ceremony, Mrs. F. P. Brasher, Sr., organist, played "I Love You Truly," "Always" and "Clair de Lune." She also accompanied Miss Margaret Pankey of San Angelo, who sang "Because" and "The Lord's Prayer."

The bride carried out the traditional "something old, new, borrowed and blue." For the "something old" she wore her grandmother's wedding ring and carried an imported lace handkerchief of her grandmother's.

The bride's mother wore a rose crepe dress with a lace yoke and white accessories. She had a white gladioli corsage. The bridegroom's mother was attired in a powder blue crepe dress with a lace bodice. She wore white accessories and a corsage of white gladioli.

A reception for the couple was held at the Community club following the ceremony. The table was laid with a white, imported organdy cloth over a bouffant petticoat. The circular skirt was appliqued with lace motifs. An arrangement of Majestic daisies flanked by white candles in crystal holders centered the table.

Miss Pankey ladled the punch from the crystal punch bowl. Miss Georgetown Rogers served the three-tiered wedding cake, which was topped with tiny bells and decorated with roses. Others assisting in the dining room were Miss Carol Ann Dominick, Dalhart, cousin of the bride; Mrs. V. E. Dominick, Dalhart; Mmes. Gorman Morton, Ted Bott, Buck Wallace, Lee Dockery, Miss Miriam Reding and Mrs. J. P. Donley.

Mrs. Jack Cole, sister-in-law of the bride, Eastland, was in charge of the bride's book.

Mrs. Muse was wearing a toast brooch and white linen suit with spectator accessories and the white orchid corsage from her bouquet, when the couple left on their honeymoon to parts of New Mexico and Colorado. They plan to make their home at 3501 Bellaire Drive, Fort Worth.

Mrs. Muse received her Associate of Arts degree from Ranger Junior college in 1950 and her B. S. degree in education from Texas Christian University in January. She will resume her teaching position in the Ft. Worth schools in the fall. Mr. Muse received his B. S. Degree from TCU in the spring of 1950. He is now employed in Fort Worth.

Out-of-town guests were Mr. and Mrs. Don Faulk, Mr. Ray Cash, Fort Worth; Mr. and Mrs. W. T. Hill, Deatur; Miss Donna DeArment, Connet Lake, Pa.; Mr. and Mrs. James Stroope, Waxahachie; Mr. and Mrs. Jack Cole, and Weldon, Mr. and Mrs. H. H. Durham, Eastland; John (Buddy) Ross, Mrs. Bill Little, Pecos; James Barber, Midland; Miss Julia Castle, Houston; Miss Jane Pickens, Miss Margaret Pankey, Cleburne; Mr. and Mrs. R. O. Swanner a daughter of Shawnee, Okla. was not able to be present.

The four children brought well filled baskets and a bountiful feast was spread at noon. The afternoon was spent taking pictures and visiting as the family had not been together for 26 years.

Mrs. B. J. Muse and Jo Doyle, Mr. and Mrs. James Davenport and Barbara, Mr. and Mrs. M. C. Muse, Plainview; Mrs. John Cole and Judy, McCamey; Mrs. Maude Conger, Sterling City; Mr. and Mrs. W. W. Houtz, Junction; Mr. and Mrs. V. E. Dominick and Carol, Dalhart; Joe Jones, Mr. and Mrs. Melvin Howe, Mr. and Mrs. A. E. Karster, Dallas; Mr. and Mrs. M. B. Griffin and Gene, Sherman; Misses Judy Gladys Reed and Mary Ellen Rhoades.

Long Drink Time Is Here Again

Summer days, long and lazy, are here. These are the days when everyone wants to be out in the open as much as possible. To have leisure time requires planning ahead of time. A little forethought in uncluttering will save many a last minute rush when an opportunity for a day's pleasure presents itself.

An assortment of tinned and jarred foods on your pantry shelves can afford a delightful quick meal or a picnic lunch at short notice, and save many long hours of preparation. Canned or frozen fruit juices, flavoured, fresh fruits, packaged ice cream and plenty of pale dry ginger ale and sparkling water on hand, mean that you can whip up refreshing drinks in a jiffy for any occasion.

Ginger ale, well chilled, is an excellent refresher at any time, and it mixes well with almost any fruit juice. A spoon of vanilla ice cream in a glass of ginger ale is a truly delicious drink. For an afternoon party, here is a good drink.

Five O'Clock Cooler  
1/2 cup tea infusion  
1/2 cup mint jelly  
1/2 cup sugar  
1 1/2 cups grapefruit juice, sweetened  
1/2 cup food coloring  
1/2 cup pale dry ginger ale  
Fresh mint

Pour hot tea over jelly and sugar; stir until dissolved. Add grapefruit juice and coloring; chill. Divide among 8 tall glasses. Add ice cold ginger ale. Stir gently to mix. Top each with a spray of mint.

W. F. Arney's 75th Birthday Marks Family Reunion

A family reunion was held Sunday July 6th in the W. F. Arney home in Olden, the occasion being the 75th birthday of Mr. Arney.

Children, who were present for the occasion were Mr. and Mrs. W. H. Ward and children, Luther H. Ward, Nina Frances Ward, Rebecca R. Ward, Joe H. Ward, Dallas, Mr. and Mrs. S. A. Steedum and children, Miss Aline Nelms, Bobby Joe Steedum and Mr. and Mrs. A. B. Keen Jr. of Houston; Miss Pearl Ward; Mrs. Naomi Lewis and children, Doris Louise, Joe Ann, June Marie, and W. D. Mrs. Clarence McCoy and children Rodney Lee and Dennis Ray, Mr. and Mrs. John Watson and son, Sammie Wayne, of Eastland; Mmes. Jane Shott, and J. R. Cox and son, Jessie Cox and Billie Dean Medford of Mineral Wells; Mrs. Bessie Wilson, and Martin Taylor of Breckenridge, sister and nephew of the honoree.

The four children brought well filled baskets and a bountiful feast was spread at noon. The afternoon was spent taking pictures and visiting as the family had not been together for 26 years.

Mrs. B. J. Muse and Jo Doyle, Mr. and Mrs. James Davenport and Barbara, Mr. and Mrs. M. C. Muse, Plainview; Mrs. John Cole and Judy, McCamey; Mrs. Maude Conger, Sterling City; Mr. and Mrs. W. W. Houtz, Junction; Mr. and Mrs. V. E. Dominick and Carol, Dalhart; Joe Jones, Mr. and Mrs. Melvin Howe, Mr. and Mrs. A. E. Karster, Dallas; Mr. and Mrs. M. B. Griffin and Gene, Sherman; Misses Judy Gladys Reed and Mary Ellen Rhoades.

Mrs. Terry Barrett accompanied her sister, Mrs. Morris, Henshaw of Sweetwater to St. Louis, Mo., over the holiday week end to visit with Mrs. Henshaw's husband who is stationed at Ft. Leonard Wood, Mo.

Linda Dalton returned home with them for a weeks visit.

Rev. and Mrs. J. Morris Bailley and children, Evelyn and Robert are vacationing for the next ten days in Colorado. They will visit with relatives in Waco before returning home.

Mr. and Mrs. Woody Howell and daughters, Beverly and Sandra of Abilene were the visitors here Sunday in the homes of Mr. and Mrs. L. W. Dalton and Mrs. J. W. Dendy.

WCSA Meets In O. M. White Home Monday

Members of the Woman's Society of Christian Service, meeting in the home of members at 9:30 a.m. for the remainder of the summer, met Monday morning in the home of Mrs. O. M. White, at Leon Plant Village.

Mrs. W. P. Leslie president presided over a short business session and announced that the group would meet next Monday, July 14th in the home of Mrs. L. C. Brown, 501 Foch Street.

Mrs. Frank Crowell gave the devotional using as her subject, "Faith."

Others present were Mmes. James Horton, B. O. Hatrell, R. C. Ferguson, Frank Castleberry, Wilber Laney and Guy Quinn.

Mrs. Leslie gave the closing prayer.

Mrs. I. C. Inzer Tells Stories For Children

Mrs. I. C. Inzer told the stories Saturday morning for the Children's Story Hour sponsored each first in the month by the Thursday Afternoon Club.

She told "Tim Chick" by Edith Patterson Meyer; "Little Squeaky Bug," story of the firefly, by Bill and Berners Martin; "Wait A Minute" selection from Fireside Tales.

Mrs. Dixie Williamson was hostess and assisted in entertaining the children.

Present were Beverly Moser, Julie Moser, Bobby Frank O'Steen, Willie O'Steen, Julia Lynn Inzer, Sarah Sims, Sue Cook, Kitty Fields, Patricia Ann Liles, Yvonne Green, Julie Frost, and Gail Ethridge of El Paso.

PERSONALS

Mr. and Mrs. D. J. Walker have returned from their vacation trip which included visits to Mr. and Mrs. W. G. Harris and Terry at Woodboro, and a fishing trip in Corpus Christi, where many fish were caught.

Mr. and Mrs. Jack Brown and son Dog of Dallas were the holiday week end guests in the home of Mr. Brown's parents, Dr. and Mrs. L. C. Brown.

Tim and Leanne Barrett have returned home after having visited since last Wednesday with their grandparents. Mr. and Mrs. Charles Watson, and Mr. and Mrs. John Barrett of Sweetwater. They are the children of Mr. and Mrs. Terry Barrett.

Linda Dalton returned home with them for a weeks visit.

Democrats Scoff At GOP 'Hot Air'

WASHINGTON, July 9 (UP)—Candidates for the Democratic presidential nomination added their bit to the Republican national convention hullabaloo Wednesday by scoffing at Gen. Douglas MacArthur's keynote address as "meaningless orator" and "empty promises."

Sen. Estes Kefauver of Tennessee charged that MacArthur made "a political football" out of U. S. foreign policy. Averell Harriman said the general's speech was filled with "self contradictions."

Sen. Richard B. Russell didn't join his rivals in deriding MacArthur. The Georgian, at Little Rock to see the Arkansas delegation, predicted he will receive 300 votes on the first ballot at the Democratic national convention which opens in Chicago July 21.

Kefauver, who claims to have 402 pledged first ballot votes, headed into Illinois Wednesday following a three-day tour of Minnesota. He said in a speech at Eveleth, Minn., Tuesday night that MacArthur's speech was a mass of "plattitudes and inconsistencies—a series of generalities which show that he has not been keeping up with what his party was doing while he was in Tokyo."

Harriman said in a statement released during a visit with West Virginia Democratic leaders in Charleston that MacArthur showed "a complete ignorance of the simplest economic facts."

"He claimed our standard of living has been cut almost in half since 1951," Harriman said, "whereas the truth is we have the highest standard of living ever about one-third higher after taking count of taxes and price rises."

Hospital Gifts

Gifts continue coming in for the needs of the hospital. Mrs. H. F. Veixillion gave twelve salt and peppers, one stew kettle and one small tray; Mrs. E. E. Wood gave one sheet, bath towel and cap towel; Martha's Confectionery in the Hotel, gave six slumber light flashlights for patient use.

Mr. Jack Pybas, salesman from Dallas, who was a patient in our hospital after wrecking his Cadillac just east of the city, donated one hundred dollars to be used for some needy child or accident patient who might not be able to pay.

The two air conditioners on top of the hospital are the gifts of the Eastland Chamber of Commerce and were removed from the Holywood-Maxwell Company. They were completely reconditioned by Parks Poe of the Coca Cola Co., and are now operating to the complete comfort of everyone in the building.

The Police Department of our city donated a finger printing press for the use of newly born babies on their birth certificates.

Mrs. Seibert Worley gave one Green Stamp Book, Anita Laurent gave three Green Stamp Books and one Blue book.

We need more blue stamp books. Also scales for weighing adult patients. Ten dollars toward the purchase of these scales has been offered by Mrs. Ed Castleberry. They will cost fifty dollars.

Signed by Gift Committee.

PERSONALS

The Rev. and Mrs. Leslie Seymour of Cisco were in Eastland Tuesday morning, accompanied by their house guest, Dr. and Mrs. H. Glover, and Mr. and Mrs. G. E. Simpson of Americus, Ga.

Norman Durham of Austin was the week end guest here in the home of his parents, Mr. and Mrs. Harold Durham.
