You Don't Need Much Advice-

... but it is valuable at least twice in your insurance experience. First is, when you get ready to buy insurance, don't select just any kind of an agent or any kind of policy. There's a big difference. Second is, when you have a loss would you rather have your friend at home with year's of insurance experience or some one living in Dallas, St. Louis or elsewhere, to handle your claim? There's another big difference.

If It's Insurance We Write It.
