INDIVIDUAL CITIZENS NEW YEAR'S RESOLUTIONS OUTLINED

Have you made your New Year's Resolutions yet? With world affairs in their usual troubled state, it might be well to consider a few resolutions about being a good citizen during 1954.

We have recently observed "Bill of Rights Day", and most of us are generally familiar with the unique rights and privileges which we enjoy as citizens of the U. S. Here is a "Bill of Responsibilities" prepared by the American Citizenship Committee of the State Bar of Texas, which might serve as a background for our citizenship resolutions for the coming year:

I. It shall be the duty of every citizen to render undivided allegiance to the Constitution of the United States, to work for its betterment and perpetuation, to respect the sovereignty of the people's government, and to defend the nation against all its enemies whomsoever.

II. It shall be the duty of every citizen to be familiar with the Constitution of the United States and to be informed as to what rights and liberties are his, and to use these rights in such manner as is consistent with his own welfare and the welfare of his fellow citizens.

III. It shall be the duty of every citizen to defend with his life the rights and liberties granted to him and to his fellow citizens by the Constitution, to obey the laws of the land and to oppose vigorously any persons whose intention is to transgress the law or to oppress the rights of others.

IV. It shall be the duty of every citizen to make honest, wise and courageous use of the free and secret ballot at every election; to exercise freedom of thought, speech, and worship; to protect the freedom of the press; to safeguard the right of trial by jury and to render willing jury service when called upon; and to perform all other acts conducive to the perpetuation of the rights set forth in the Constitution.

V. It shall be the duty of every citizen to protect and sustain the unwritten liberties and rights vested in him by custom and usage and to perpetuate the ideals of the equality and dignity of the individual, upon which the Constitution is founded.

VI. It shall be the duty of every citizen to be active in the political party of his choice, and to be vigilant of the public officers, to render all possible aid to them, and to serve in public office by appointment or election when qualified and when called upon to do so. It shall be his duty to strive for the selection of public officers of ability and upright character; and when holding public office, to serve in such manner as will subordinate private or minority interest to those of the people at large.

VII. It shall be the duty of every citizen to achieve the highest practicable level of education, and to work for the advancement of education by supporting and improving the public schools and by fostering the desire for education among his fellow citizens.

VIII. It shall be the duty of every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the freedom and welfare of the nation.

IX. It shall be the duty of every citizen to instruct his children in the principles of freedom and to spread the ideals of democratic government at home and abroad.

X. It shall be the duty of every citizen to preserve an attitude of self-reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

INCOME TAX LAWS PERMIT FARMERS TO RECLAIM LOSSES

COLLEGE STATION, Dec. 29

Texas farmers who suffered a net operating loss in 1953 should investigate provisions of federal income tax laws that make allowances for unprofitable farm operations.

Farmers showing a net loss this year can use the loss to offset income in future years, says C. H. Bates, extension farm management specialist. Also, Bates explains, any farmer who paid federal taxes on 1952 income and who operated at a loss during 1953 is eligible to claim refund.

This is done by refiguring tax on 1952 income taking into account this year's deficit. In all 1953 deficiencies are not absorbed, the remaining loss may be carried forward for five years consecutively commencing with 1954.

Whether a farm showed net loss or gain during the year is determined by the figure derived on tax schedule 1040F, page one, line 10. "The computation and claiming of a farm loss is not as easy as it

first appears," says the specialist. "Farmers desiring to claim deficit should consult a competent accountant or a representative of the Internal Revenue Service."

Bates explains farmers should claim the refund when submitting this year's tax return, using form 843. Otherwise, they lose the chances to file losses for the 1952 period when income was subjected to tax.

Many operators are hesitant to report their complete losses, Bates concludes, but a careful tabulation from records should be made and all deficits reported. Actual farm records, however, he warns, should be kept to substantiate losses.

Indigestion Can Prove To Be Serious

Indigestion is so common that many persons hardly give it a thought. So-called indigestion may be caused by trouble in the digestive tract itself or somewhere else in the body. The reason trouble elsewhere in the body may cause indigestion is that the digestive tract, and especially the stomach, is very sensitive to disturbances in other parts of the body. Dr. Geo. W. Cox, State Health Officer, warns not to doctor yourself because indigestion can be due to so many causes that you are apt to be wrong, and delay in seeing your doctor may be serious.

Indigestion appears in various ways. There is the kind that hits suddenly and violently, with pain, nausea or vomiting and takes the "stomach" right out of you. Then there is the kind that creeps up on you, manifesting itself in a feeling of fullness after eating, that lump in your middle, or maybe a burning sensation or gnawing feeling a few hours after eating. Other symptoms are excessive gas, constipation, diarrhea and a sour bad taste.

Dr. Cox says that indigestion is not necessarily dangerous, but can cause you to miss enjoying life. It may interfere with your work or your sleep and may make you a grouch. Sometimes serious digestive troubles begin with mild symptoms and that is the very time your physician can do the most for you. Early diagnosis followed by proper treatment may spare you a serious illness, so do not neglect seeing your doctor if indigestion continues.

Here are some things that contribute to a feeling of well being and discourages indigestion: Eat a variety of foods at regular times and drink plenty of water every day. Relax and eat slowly. Have good companionship at mealtimes. Rest a little while before eating when tired. Balance work with play so that you have enough recreation and exercise geared to your needs, but do not overdo it, get plenty of rest and sleep each night.

George More of Buffalo, N. Y., owns a gate that more than 100,000 persons have passed through to their deaths. Now blocking an alley, it was brought in 1902 from England where it once swung open to the gallows at London's Newgate Prison.

The Michigan conservation department plants approximately a quarter of a million legal-size trout in the state's streams prior to the opening of the trout season every spring.

Chrysler Sets New Record On Long Test Run

The historic Stevens Trophy has been awarded to Chrysler today for "breaking all Indianapolis speed and endurance records for stock cars by completing a 24-hour continuous run with an average speed of 89.89 m.p.h. for 2,157 miles.

Speedway president, Wilbur Shaw, who called the run "the greatest stock car test in the world", presented the trophy to Chrysler Division General Sales Manager E. M. Braden.

The contest board of the AAA, which supervised the run, made it official when Colonel A. W. Huntington, AAA contest board chairman, presented the Chrysler executive with documents certifying the results.

The record was set by a stock 1954 Chrysler FirePower 235-horsepower V-8 New Yorker DeLuxe model which for hour after hour during the grueling run over the roughest and most abrasive hardtop race track in the world reached speeds in excess of 120 m.p.h. and averaged some laps on the sharply-curved, 2 1/2-mile track of over 97 m.p.h. Regular grade gasoline and stock tires were used during the run.

Although 42 planned pit stops were made to insure driver safety, the last previous Indianapolis stock car record of 1,910 miles in 24 hours was broken when the car reached the 1,910-mile mark in approximately 21 hours.

The car was piloted by a three-man team of Indianapolis racing drivers, Tony Bettenhausen, Tinty Park, Illinois, Chrysler dealer and AAA championship driver, led off and was followed at the wheel by Bill Taylor of Temple City, Calif., and Pat O'Connor of North Vernon, Indiana. They drove for two and three-hour periods to insure safe driving during the run, which Chrysler regards primarily as an endurance test.

According to one authority on vital statistics, Dr. Louis I. Dublin, the greatest age attained by a person in modern times for which the records seem reliable is that of a Dane named Christen Jacobsen Drakenberg. He was born Nov. 18, 1626, and died Oct. 9, 1772, so he almost completed 146 years. In 1737, at the age of 111, he married a 60-year-old widow, who died a few years later.

Thursday Club Christmas Party Re-Inacts Majestic Cafe Opening

Thursday, Dec. 17th, 7 p.m., members of the Thursday Afternoon Study Club honored their husbands with a Christmas dinner in the Woman's Club.

Guests arriving were directed into the library where they were served tomato juice cocktails. When dinner was announced guests were surprised to find the dining room converted into an exact replica of the old Majestic Cafe, complete with the calendars, deer heads, and festive Christmas trimmings.

The turkey dinner was served by the very efficient corps of waiters under the capable direction of the head waiter, Ben Hamner. His staff included Cecil Collins, Harold Durham, C. W. Hoffmann, Jim Horton, W. W. Linkenhogor, Milburn Long, Joseph Perkins, Charles Layton and D. L. Houle.

The invocation was given by Rev. J. C. Oglesby and the welcome by the club president, Mrs. Frank Castleberry. The program chairman, Mrs. Jos. Perkins, asked Mr. Frank Sparks to take charge of the Thursday Afternoon Study Club auxiliary as its president, and he graciously acknowledged the birthday cake and greetings.

extended the auxiliary on their first anniversary. Mr. Sparks heard reports on the years project, a move to restore the old Majestic Cafe to take care of their needs while their wives do club work, were heard and accepted. Officers for the auxiliary were elected for the coming year.

Ben Hamner, president; Frank Crowell, vice president, and W. W. Linkenhogor, secretary. They were installed in a very impressive and binding ceremony by a sedate group of judges: Cecil Collins, Earl Conner Sr., Turner Collier, Milburn Long, B. W. Patterson and Frank Sparks.

Following a merry exchange of gifts from the tree, the auxiliary adjourned until Christmas 1954.

Hostesses for the affair were Mmes. Fred Davenport, Turner Collier, Robert Perkins, Clyde Young, Earl Conner, R. E. Sikes, M. A. Treadwell and Frank Lovett.

Present for the party were Messrs. and Mmes. Frank Castleberry, Earl Conner Sr., Cecil Collins, Turner Collier, Frank Crowell, Fred Davenport, Harold Durham, Ben Hamner, C. W. Hoffmann, James Horton, D. L. Houle, I. C. Inzer, Hubert Jones, W. W. Linkenhogor, Milburn Long, Arthur Murrell, B. W. Patterson, Jos. M. Perkins, Robert Perkins, Grady Triffin, Frank Sparks, E. R. Handolph Scott, Lex Barker and Phyllis Kirk star in Warner Bros. outdoor adventure of the wild southwest, "Thunder Over The Plains," which opens today at the Majestic Theatre. Set in the lawless period following the Civil War, "Thunder Over The Plains" depicts the story of a cavalry officer, Scott, as he tries to restore law and order in the area of Texas he commands. Phyllis Kirk portrays his wife and Lex Barker, of Tarzan-movie fame, plays a "heavy" for the first time in his screen career. Action, drama and romance are promised by the trio of stars.

NEW FORD TO GO ON DISPLAY AT KING MOTORS IN JANUARY

The long-awaited new Ford 130-horsepower overhead valve Y-block V-8 engine—called by Ford engineers the greatest engine advance since Ford introduced its original V-8 22 years ago—will make its appearance in Ford dealers' showrooms early in January. Hood King, owner of King Motor Co., said today.

King also announced that a new 115-horsepower I-block Mileage Maker Six, replacing the current 101-horsepower 6 cylinder engine, will be introduced in the 1954 Ford passenger cars.

"Ford has built more than 16 million V-8 engines since the late Henry Ford introduced the first V-8 engine in the low-price field in 1932," King said. "I'm proud to say that these new Ford Y-block V-8's embody all the engineering and manufacturing experience we have gained over the years as the largest maker of V-8 engines in the world."

The new overhead valve V-8 engine, with its deep-block construction, is of modern, short-stroke, low-friction, high compression design. Ford engineers say it is smoother, quieter and gives more responsive power with greater economy and longer life.

Horsepower of the new V-8 has been increased from 110-horsepower in the 1953 Ford L-head V-8 to 130—the highest horsepower in its price class. Compression ratio in the V-8 remains at 7.2 to 1 while compression in the 6 cylinder engine has been increased from 7.0 to 1 to 7.2 to 1. Both engines are designed to use regular gasoline.

King said the new Ford V-8 has been under development by Ford engineers for six years. The new V-8, with its 3.50 in. bore and 3.10 in. stroke, is known as an "over-square" design because the diameter of the cylinder is greater than the stroke of the piston. The shorter stroke allows the car to go 21 per cent farther with the same amount of piston travel as the 1953 engine, which means greater economy and longer life.

Together with the new and more powerful I-block 6 cylinder engine, Ford offers the car buyer in 1954 his choice of the two most advanced engines in the high volume field.

Have you ever thought how much water goes into the food you eat?
A tomato is 94 percent water. Likewise, a watermelon is about 95 percent water although milk, a fluid, has 87 percent water. An apple contains 84 percent water and a sirloin steak, 62 percent. Wheat enough to make one loaf of bread requires 150 gallons of water for growing. But it is providential that our food contains these large quantities of water for man himself is 70 percent water. That's why every effort must be made to conserve our water resources. Water is life.

returning the kickoff 69 yards to the Dog 16. Robinson caught the great luling back from behind with a shoestring tackle to keep the run from being a score. It was to little avail, however, as Elam passed to Meyer five plays later from the nine to score and then kicked the extra point.

The mighty Dogs pushed their lead to two TDs again in the opening minutes of the final period. Taking over on their own 21 following the Eagles kick-off, the Dogs sent Masegee off on another scamper down to the Eagle 23. Then Forney hit Hinds on the 15 for a first down, Masegee fought his way to the 13 and then to the nine, and on his third try raced around left end for the score. Browning's kick was good to give Ranger a 27-14 lead.

The Eagles marched the ball 62 yards following the Ranger kick-off to get back into the game again. Krauskopf returned the kickoff to the 38 from the 15, and Elam hit him with a pass out on the 44 for a first down. Elam then passed incomplete and End Johnny Barnett gained a yard on an end-around play. Elam was hit hard and fumbled on the next play, but Luling came up with the ball on the 50 with enough yardage for a first down. Elam again passed incomplete, but then hit Meyer on the 33 for first down. Elam missed Meyer or his next toss, but then the fine end made a great catch on the 26. Elam passed incomplete, then ran to the 20. A penalty pushed the ball to the Ranger five and from there Elam took it over or first down. Elam's extra point try was good and the score read 27-21.

Ranger could not be denied though. Luling fans went limp as the Dogs put together a 50-yard drive to cinch the game. It took the Dogs 11 plays to score. Masegee took it to the 48, Forney passed to Hinds on the 34 for first down, then carried to the 27 from

where Masegee sped to the 25. A six yard scamper by Forney put the ball on the 19, and then the Ranger quarterback sped to the 18. Masegee took it to the eight, Littlefield powered his way to the 15, Masegee found the left side and then drove over the uprights and the score. Brown's kick was through the uprights and Ranger led 34-21 to end the scoring.

Ranger was on the move again when the game ended after Wheeler intercepted a Luling pass on the 50. Wheeler ran the ball to the 45 on the interception, Masegee took it to the 37 on first down, Littlefield picked up a first down on the 27 and Justice raced to the 22 on an guard around play as time ran out.

ELAM WAS IT

For Luling, Elam was it. The 185-pound all-state lad, ran with the ball or passed on all but four occasions during the game. Only on those four tries did any other Luling player gain a yard. On occasions the snapback went to the Luling quarterback, but he immediately shoveled the ball out to Elam. Elam carried the ball 24 times, had a net gain of 117 yards, and lost 36 for an average of 3.4 yards a try. In addition to that he completed 15 passes for 151 yards.

Krauskopf ran the ball once and gained two yards, Mathieson carried twice for seven yards and End Johnny Barnett made three yards on an end around play. Tom Haley, playing blocking back in Coach Azel Browning's short punt offense, didn't run with the ball a time during the game.

For Ranger, Masegee carried the ball the most, but his teammates came in for a lot of action. Masegee carried the ball 25 times and gained 215 yards, for an average of 8.6 yards a carry. In addition he passed once for six yards.

Forney also had a good afternoon. He carried the ball just five times, but gained 66 yards for a 13.2 average. He also completed five of seven passes for 66 additional yards.

Littlefield ran the ball seven times, made 29 yards for a 4.1 average. Robinson ran the ball twice, gained 12 yards for a six yard average. Browning carried five times for 24 yards and an average of 4.8 yards a try; and Justice ran the ball once, gaining five yards.

Coaches O. C. "Stubby" Warden and Boone Yarbrough reported that all of the team came out of the rugged game in good condition.

court in a decision which lawyers said would affect not only employees of auto dealers but also many dealers in refrigerators, home freezers, air-conditioners, and other appliances, held that: "Howell's local retail establishment was closely supervised by General Motors." GM reserved "sweeping control" over the business and Howell's books were kept to conform to GM's system, Black noted.

"This evidence caused the NLRB to decide that Howell was "an integral part" of GM's nationwide system of distributors, Black said, and "under these circumstances the board was justified in finding that Howell's repeated unfair labor practices tended to lead to dis-

rupts burdening or obstructing commerce among the states. It follows that the board had jurisdiction to act under the facts it found."

The decision runs counter to the drive among business elements and in the GOP to get the NLRB out of the business of regulating small companies and reserving such firms for state regulation.
