

Bull Town Bulletins

By
Bill Ellis

SATURDAY IS AN IMPORTANT day for voters, who will be asked to choose nominees for their party in a vital election year.

However, there will be one thing noticeably absent on the primary ballots, and that is a chance for voters to vote at that time for the presidential candidates.

For some reason, our political leaders in the state of Texas have chosen to allow the state to remain among the few states which still goes by the 19th century method of naming its presidential delegates through the convention system, rather than allowing each and every voter to make his or her decision at the ballot box.

The convention system of choosing presidential delegates still smacks of the old "smoke-filled room" system of politics, an era which our country has, for the most part, outgrown.

Only once have the two political parties allowed the voters in recent years to mark their ballots for the presidential nominees. That was in 1976, when Jimmy Carter and Walter Mondale were the front runners for the Democrats, and Jerry Ford and Ronald Reagan were leading the Republicans.

Texas voters, by and large, thoroughly enjoyed this manner of indicating their preference in the nominating process, but by the time the 1980 primary came around, the system had been changed back to the old style, where a handful of voters in each precinct can decide how the delegates will be divided.

Personally, we think it's time for Texas to join the 20th century (before the century changes again), and allow each voter to make their choice in the presidential nomination.

Not only is this a more fair way of running the system, but it also should make for a larger voter turnout on the primary dates.

There are some interesting races in this year's Democratic primary, where the area's native son, Kent Hance, is seeking a spot in the senate, and five other candidates are seeking Hance's seat in congress.

But the presidential nomination, where Gary Hart is making a last-ditch effort to unseat Walter Mondale, would have added considerably to the Democratic ballot.

And, as we have mentioned before, the presidential primary gets the candidates into our state and area during the campaign, giving residents an opportunity to go out and see them if they so desire.

It behooves voters, if they agree with this premise, to contact their state officials, and demand that the situation be changed before another election year rolls around.

Our nation has undergone many hardships in the battle to secure the right to vote, which has been guaranteed to everyone, regardless of race, color or sex, as long as they are an American citizen. What right do our state election officials have, to say, "Yes, but in Texas, we're going to do it THIS way?"

Blade Tab Fetes Races In Primary

Candidates in all of the state races which are contested are featured in a special four-page tabloid included in this issue of the Blade.

The special tabloid was arranged by the League of Women Voters, and is presented as a public service by the Bovina Blade to help voters learn more about the candidates for statewide office.

Both Democratic and Republican candidates are featured in the special section.

Poll Places Are Given In Primaries

Polling places for the Democratic primary May 5 were announced this week by Richard Collard, County Democratic party chairman. The polls are as follows:

Precinct 1 (Black) Old Tri-County Elevator office; Precinct 2: Friona Junior High; Precinct 2-1: Friona High School; Precinct 2-2: Friona Community Center; Precinct 3: American Legion Hall, Bovina; Precinct 4: County Courtroom, Farwell; Precinct 5: Lazbuddie High School; Precinct 6: Oklahoma Lane Community Center; Precinct 7: Rhea Community Center; Precinct 8: Dee Willard residence.

The precinct conventions will be held at 2 p.m. at each place.

In the Republican primary, voters in Precinct 3, which includes the western portion of Friona, will be voting at Reeve Chevrolet-Olds in Friona.

In the last primary (1980), the Friona voters drove to Bovina to vote, so the site is being alternated.

STATE, REGIONAL

BHS Track Stars Still In Meets

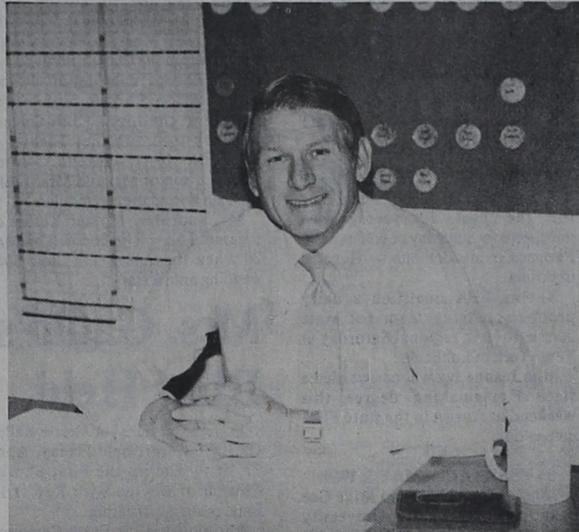

Bovina High School still has track and field stars who are competing in post-season activity.

This weekend, Marie Pesch will be competing in the state meet at Austin. Marie qualified for state after tossing the shot 38-1 at the regional meet.

Marie also competed in the hurdles event at regional, where she placed fifth in the finals, and in the high jump.

Sonya Mayfield placed seventh in the regional finals in the 200-meter dash.

Bovina High School will be represented in the boys' regional meet this weekend in Lubbock by Richard Shepherd in the long jump, Danny Silva in the 400-meter dash and the mile relay team (Richard Shepherd, Danny Silva, Michael Shepherd and Raymond Rocha).

NEW COACH... Coach Howard Hill is shown on his official first day on the job as head football coach and athletic director of Bovina High School. Coach Hill said that Bovina has a super group of kids and good athletes and that is half of the battle.

BEGINS DUTIES

Howard Hill Is Named BHS Coach

Coach Howard Hill is Bovina's new head football coach and athletic director, replacing coach Helton, it was announced this week by school officials.

Hill grew up in Arlington, graduated from high school there, and attended Arlington State University for two years then graduated from East Texas State.

His wife is LaNell and they have three children, a son who is a student at Texas Tech in Lubbock, a daughter who is married and lives in Springtown and another son in Arlington.

Hill has coached at several places in Texas, rebuilding their athletic programs. He has coached at Springtown, Jacksboro, Round Rock, Frisco and Arlington.

Hill says Bovina has a super group of kids, and good athletes, and he is happy for the opportunity of coaching in Bovina.

'ILLIES

STATE BOUND... Fillies' track star Marie Pesch will be competing this weekend in the state track and field meet at

Austin. Miss Pesch qualified for the state meet in the shot put, after winning the regional event with a heave of 38-1.

ON SATURDAY

State Races Highlight Democratic Primary

Nominations for the U.S. Senate position, as well as the U.S. Representative for the 19th Congressional District will highlight the Democratic primary on Saturday, May 5.

Parmer County voters also will have a contested race for County Sheriff, where challenger Steven K. Hillock will oppose M.C. (Bill) Morgan, who is up for re-election.

Voters in Commissioner's Precinct number one will choose between incumbent Ernest Anthony and challenger T.A. Kelley.

Voters in county Precinct 3 (Farwell area) will also be voting on a commissioner, as longtime commissioner Archie Tarter is opposed by Robert White.

But the senate race will undoubtedly hold the most attraction for state voters. The race is made more interesting on the local level due to the presence of Dimmitt native Kent Hance, who is giving up his post

as U.S. Representative to seek the senate seat.

Hance is one of six candidates in the field, the others being Robert S. Sullivan, David Young, Robert (Bob) Krueger, Lloyd Doggett and Harley Schlanger.

Krueger, Hance and Doggett are generally given the best chances of making the almost-certain runoff. Krueger made the race in 1976 against retiring senator John Tower, and gave the Wichita Falls Republican a close race.

In the race for Hance's position in congress, five candidates have their names on the ballot. They are Delwin Jones, Gary Condra, John Selby, Don R. Richards and Thomas M. Richards.

Five positions on the state level are contested, and all are judicial positions.

One position is the Texas Supreme Court, where the justice for place 2, C.L. Ray, is opposed by Shelby Sharpe and Texas S. Ward.

On the Court of Criminal Appeals, three places are up for election. Candidates for place 1 are Sam Houston Clinton and Oliver Stanley Kitzman.

Opponents for the place 2 spot are Roy E. Greenwood, George Martinez, Buddy Stevens and W.C. (Bill) Davis.

The candidates for the place 3 spot on the Criminal Court are Kerry P. Fitzgerald, George Ellis, Harry Heard, Thomas B. Thorpe, William Phillips, Bill White and Walter Boyd.

District Attorney Johnny Actkinson, County Attorney Charles Aycock, and County Tax Assessor-Collector Hugh Moseley are all unopposed on the ballot. Leland Gustin is unopposed for the spot as County Democratic chairman.

State representative James E. (Pete) Laney is unopposed, as is state senator Bill Sarpalius.

The only contested races on the GOP ballot are for the U.S. Senate, where Phil Gramm, Rob Mosbacher, Henry C. (Hank) Grover and Ron Paul are running, and for the U.S. Congress, where Larry Combest, Richard Wilder, Ron Fleming and Tom Schaefer are on the ballot.

Polls are open from 7 a.m. until 7 p.m. Saturday, election day.

Kevin's Auto New Local Business

Kevin Hughes will be in charge of repair work on alternators, starters, magnetos, and automotive-tractor air conditioners at Dudley's Auto Company.

He is the new owner at the shop section of Dudley's Auto and the new business is entitled "Kevin's Auto."

Kevin will also be able to provide state inspection stickers for vehicles as soon as his license comes from the state.

Kevin invites customers to come by for a visit.

Kindergarten Registration Is May 9

Parents or guardians who have a child that will be in kindergarten during the 1984-85 school year, should register that child at Ridgelea Elementary School on Wednesday, May 9, from 2:30-3:30 p.m.

To be eligible for kindergarten, a child must be five years of age or over before September 1, 1984.

Parents will need to have a birth certificate and immunization records for their child before he/she can be registered for kindergarten.

KENT HANCE

DON RICHARDS

Blade Endorses Hance, Richards

The Bovina Blade encourages voters to cast their ballots on May 5 for Kent Hance in the U.S. Senate race.

Hance, a native of this area (Dimmitt), would make a great senator for our state.

Of the six candidates for the Democratic nomination, Hance is the only one to have passed a major piece of legislation in congress.

Hance is for continued income tax cuts. Other candidates, such as Bob Krueger, have indicated that a tax increase is unavoidable.

Kent Hance is opposed to allowing strikers to have food stamps. Both Krueger and Lloyd Doggett support food stamps for strikers.

Kent Hance is independent, and is not afraid to say "no" to special interest groups.

Kent Hance is for continued cuts in government spending except for Social Security benefits.

Kent Hance recognizes the value of hard work and independence. That is the kind of thinking he hopes to take to Washington as a senator.

It is vitally important that you cast your vote on May 5 for Kent Hance. He deserves your support.

Don Richards, 36, spent five years working for Congressman Kent Hance as an administrative aide. We feel that this experience as Hance's right hand man has earned Richards a shot at the congressional seat.

Of the five candidates for the U.S. Congress, Richards is the only one with solid working experience. He served on Congressman Hance's staff while Hance was on the Agriculture Committee, and also during the last national farm program.

As Hance's aide, Richards' legislative responsibilities included foreign affairs, the military and a broad range of constituent services. He was cleared by the FBI for a Top Secret Security Clearance so he could be briefed on classified matters involving defense and foreign affairs.

A big issue in the congressional race should be experience. If you examine the candidates, we feel that you will find that the qualifications of Don Richards rise above the others.

And remember, it's DON Richards.

CONDRA FOR ★ CONGRESS ★

We are asking you to support **Gary D. Condra** for the U.S. Congress. Gary is the right man for the job because he has the economic training and experience to help find workable solutions to the problems which face West Texas. There are others in the race who are qualified in professions such as law, medicine, and journalism. But **Gary Condra** is the only candidate who is a recognized professional in the areas of economics and agriculture; not only in West Texas, but in Washington as well.

Gary Condra grew up working on a West Texas farming and ranching operation. He has worked in a feedlot and operated his own irrigated farm. He was trained as an agricultural economist at both Texas Tech and Texas A&M. And Gary has spent the last 10 years as an Extension economist, helping West Texans in 42 counties solve economic problems.

Condra saw the Pecos Valley go out of production and he knows "when Congress talks about the 1985 Farm Bill, it is talking about the survival of West Texas agriculture." As he says, "Agriculture needs profit and stability, not promises and sympathy." Gary also believes that we must have a long-run program with mandatory participation.

Gary Condra knows that the oil and gas industry is an important sector of the West Texas economy. His economic training will be invaluable when Congress considers legislation on the pricing of natural gas and the windfall profits tax. As Gary says, "Congress can pass bills, but it can't repeal the laws of supply and demand."

Gary Condra and his family have made a big commitment to the survival of West Texas. And we have joined them in this commitment. Now we are asking you to do your part by helping hire the right man for the job. You, too, can make a commitment to the survival of West Texas with your personal support and your vote for **Gary D. Condra** for the U.S. Congress in the May 5 Democratic Primary.

Scooter's Scoops

By Scooter Russell

Dickie and Mary Evelyn and daughters, Sharon and Leah, also Molly and Eugene Griffin, their son Allan and his friend Toby Dutton, returned home last Friday from a trip to Mangum, Oklahoma, to the annual rattle snake hunt. Mary Evelyn said it was cold and rainy and the snakes stayed under their rocks. Not nearly as many were captured this year, she said, as last year. They did enjoy a trip through the huge flea market though, and had a good time.

Mary Jane Wilson and daughter Pam and children, Kasey and Willie, went last week to Abilene and helped Mary Jane's grandson Kip celebrate his birthday. They went on Friday and came back Sunday. Mary Jane said the trip home was terrible weatherwise. The sand and wind were bad until they reached the caprock, and then it was better.

We congratulate Wayne and Sue McClaran on the birth of their first grandchild, Thomas Trent, born Wednesday of last week, and also to Trent's parents, Joe and Kim Black, and his other Bovina grandparent, Joe Black, Sr.

We want to express our sympathies to Lula White, whose sister Gertie Gatlin, 73, passed away Tuesday of last week. Services were held Friday. Survivors include Lula, and several nieces and nephews.

Elton and Marie Venable had a good time with their grandsons, Bud and Rusty, when they took them to Conchas Lake for a few days of fishing when the boys were out for their Easter break. They went on Thursday before Easter and returned home the following Tuesday.

Our sympathies to Nola Read, whose sister-in-law, Mrs. C.W. "Goldie" Read of Fort Worth passed away last week. She suffered a fatal heart attack at her home in Fort Worth. She was survived by her husband, C.W.

We want to remind you, if you are going to participate in the bike-a-thon, jog-a-thon, muleride or what ever that the Bovina Lions Club and the Cystic Fibrosis will be sponsoring it on May 12. You can pick up forms at Bovina Supermarket, Charles Oil Company or the Lone Star Insurance Company. Prizes are a bicycle and a radio.

Doyle Garner, son of Keith and Laqueta, underwent surgery in High Plains Baptist Hospital in Amarillo Tuesday of last week for bone grafting on both wrists. The surgery was to correct problems caused from

football injuries. This is the third surgery on one wrist and the second for the other one. He will have both wrists in casts for a few weeks. He came home from the hospital last Wednesday.

Sid Lloyd and her brother, Elbert Kelley, have been to College Station and visited with Sid's son, Don, and his wife, Myrna, and their family. Don's daughter Pam, who is a student at Lubbock, drove Sid and Elbert to College Station. Sid's daughter Julia took them to Lubbock. Sid said they had a real nice time and the weather was beautiful.

Tiny Walling is home and getting along fine after having surgery in Muleshoe and later being transferred to a Lubbock hospital. He came home from Lubbock last Saturday.

Members of the family of the late Mr. and Mrs. Wilbur Charles met in Las Vegas, Nevada for a get-together at the home of Mary Kaminski. The group consisted of Jimmy and

Carolyn Charles of Deming, New Mexico; Harry J. and Ruthie Charles of Bovina; Vernon and Ellen Estes of Bovina; Mark and Mary Tom of El Paso; and Mary Kaminski, who hosted the reunion.

While there the group had a good visit, took in some of the shows and one day, Harry J., Ruth, Mark, and Mary Tom enjoyed watching the Ladies' Professional Golf tournament at the Desert Inn Country Club.

This is the first time the family have all been together since 1980, but plans are to meet in Las Vegas once a year. They had a great time together and said the weather was beautiful.

Rev. and Mrs. J.J. Terry have visited family and friends during the past week. They visited in Roswell, New Mexico Tuesday and Wednesday with their daughter, Ludene Davis and her daughter and husband, the Hugh Bakers, also of Roswell. The

family enjoyed dinner together. On Saturday the Terrys were in Matador and visited Brother J.J.'s sister, Mrs. Edna Rodgers. While there their friends, Alberta Conway and Aline Brendle of Dickens met them and the group had lunch together and a nice visit. The Terrys visited in Plainview with Mrs. Terry's sister, Ruby Tucker, before returning to Bovina.

Leon and Martha Schilling attended Leon's niece's wedding in Lubbock. Debbie Schilling was married to Bert Navar. The Schillings stayed at the KoKo Inn and had a good time with daughter Karen and her friend, who are students at San Angelo State. Accompanying the Schillings to Lubbock were their son Todd and daughter Lisa, who is a student at WTSU in Canyon. They returned to Bovina Sunday.

Have a good week and thanks for helping with Scoops.

When Kent Hance is in Washington, he thinks and votes like a Texan.

We feel it is vital to have someone in the United States Senate who thinks like we do . . . who will look out for us . . . who can protect the family farm . . . who grew up in West Texas and thus knows what West Texas needs . . . who knows the importance of solving West Texas' water problems . . . and who has fought against higher taxes and sponsored legislation that lowered personal income taxes.

Join us in electing Kent Hance to the U.S. Senate . . . our watchdog in Washington to make sure West Texans aren't forgotten.

Temik. The Business Decision.

For Cotton.
 Peak production, cost control, profit, losses, they're part of any business, including a successful cotton farming operation. These days, a farmer has to follow good business practices to stay ahead. And one product that keeps him ahead is TEMIK® aldicarb pesticide. TEMIK® improves the bottom line because it does so much to improve cotton. Controls thrips, plant bugs and mites for 10 solid weeks. Protects developing roots from nematodes. Improves plant vigor. Returns high yields of high quality cotton. And consistently out-performs any other single product. It may seem to cost more per acre. But with all TEMIK® aldicarb does, it actually lowers the cost of producing each pound of cotton. And that means a better return, no matter what the market price. For dependable crop protection and top return on investment, cotton growers stay with products they can count on. Top growers know TEMIK is the Business Decision.

FI, Country Queen Terminate Merger

Friona Industries, Inc. and Country Queen Foods, Inc. have terminated a proposed merger agreement, officials of the two firms announced Wednesday, April 18.

"At this time, we do not think it would be advantageous to consummate the acquisition of Country Queen Foods, although we are not ruling out the possibility of reinstating acquisition proceedings at some future date," said Ron Davenport, chairman, president and chief executive officer of Friona Industries.

The original announcement of the agreement in principal for the acquisition was made on December 21, 1983. Under that agreement, Country Queen Foods shareholders would have received 210,000 shares of Friona common stock, which is traded on the American Stock exchange under the symbol FI.

Friona Industries is engaged in meat processing and distribution; the manufacture and sale of commercial cattle feeds; the retail marketing of animal health supplies; the custom feeding of customer-owned cattle; the purchase, fattening and sale of cattle owned by the Company, and the operation of grain facilities. The Company reported net earnings of \$1.8 million, or 78 cents per share, on sales of \$144 million for the six months ended December 31, 1983.

Country Queen Foods, which is privately held, processes egg products for the restaurant industry and institutional users. It has plants in Grand Rapids, Michigan; Bellview, Florida, and a 50 per cent interest in Country Queen Foods, Ltd., Brampton, Ontario, Canada.

Let the new generation of hybrids do for your sorghum acres what Pioneer has done for Plains corn.

8222 Big yield potential under full irrigation. A widely adapted hybrid, 8222 has produced a superior record under many different environmental conditions. But it's especially adapted to full-season production in this area. Provides outstanding stress tolerance, plus excellent resistance to MDMV and head smut. It's an attractive, medium height hybrid with semi-open heads of bright red, hard-textured grain. Leaves that are above average in width help provide first-rate shading. And outstanding root and stalk strength keeps plants standing for maximum harvest.

8493 Especially adapted for dryland or very limited water conditions, this is a fast maturing hybrid with exceptional drought tolerance. It has the ability to take full advantage of normal early season rainfall; then it makes efficient use of available ground moisture to produce all that the season allows. Under tough growing conditions, the standability of many hybrids often suffers. But not 8493. Strong stalks and roots keep medium height plants standing straight for easy harvest of dark red, high test weight grain. It's the standard for resistance to greenbugs.

8333 Pioneer plant breeders developed this great new hybrid to make the most of what the growing season has to offer. This one has outstanding drought tolerance, too—but you should plant it on good dryland or under limited irrigation to take full advantage of its maturity and yield potential. In irrigation tests throughout the Plains, 8333 has produced exceptional yields. The field appearance of the bronze, hard-textured grain is most attractive. Harvesting is made easy, too, by excellent head exertion and very good standability. For late season plant health, 8333 is highly resistant to MDMV, head smut, and Biotype C greenbugs.

Choose the combination best suited to your land and your conditions—and get ready for a great sorghum crop.

A special session of the legislature still looms on the horizon. If there does happen to be a special session, the proposals of Perot's committee will be considered at that time. I feel that many of the proposals of Perot's committee are very good, but there are also some that I do not feel will enhance education in the least.

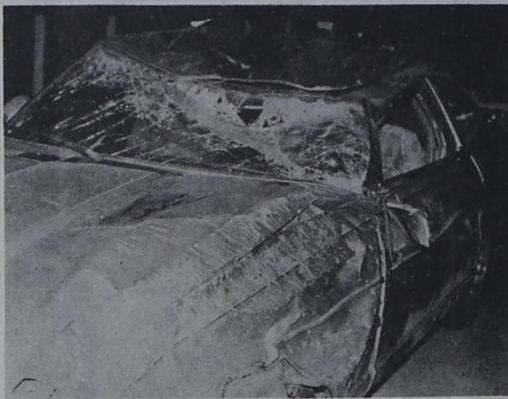

If you feel this way about any of the proposals then you can have your opportunity to express yourself at a public hearing on May 17, 1984 at the Region XVI Education Service Center in Amarillo. I hope that if you feel strongly about any of the proposals that you will make it known at this hearing.

We are in a time of very rapid change in education. We want to do everything in our power to make it

the best system possible, but we do not want changes to be made just for the sake of change.

If you know that you cannot be in Amarillo on May 17, and you would like to express yourself please come by the superintendent's office and pick up a copy of a questionnaire on which you can mark your response and mail the form directly to Austin. Using this method your voice will be heard in Austin by the Texas Education Agency and the Legislature.

Please help us as we strive to provide the very best education possible for the young people in Bovina and throughout the state. Working together we can accomplish much more than we can working individually.

MORE reasons why you should choose an International Axial-Flow combine

1. MORE BUSHELs per day
2. MORE BUSHELs per acre
3. MORE BUSHELs per gallon of fuel
4. MORE DOLLARS per bushel

Increase your harvesting productivity by stepping up to an International Axial-Flow combine.

Proof of an Axial-Flow's superior performance was confirmed in a survey of more than 3100 Axial-Flow owners who compared their Axial-Flow to the combine of "equal size" that they previously owned. The reports, from wheat, corn, soybean and rice producers, prove the efficiency of Axial-Flow.

This comprehensive survey shows that an International Axial-Flow combine is more productive because it can "squeeze" more bushels out of every acre, every hour of harvesting time and every gallon of fuel. In addition, gentler handling of the crop holds dockage to a minimum to provide a higher price at the elevator.

International Axial-Flow is the only full line of rotary combines. There are four basic models for small grain, corn and soybeans plus three rice models, the most productive hillside combine and a pull-type model.

MORE BUSHELs per day, MORE BUSHELs per acre, MORE BUSHELs per gallon of fuel and MORE DOLLARS per bushel - that's International Axial-Flow productivity and efficiency. Stop in soon for complete details.

Gobers Head Hance Drive

Kent Hance, one of the major Democratic candidates for the United States Senate, today announced that Dale and Tonya Gober, Leland and Geneva Gustin, and Mrs. Peggy Snider will be his coordinators in Parmer County.

In making the announcement Hance said, "The Gustins, Gobers and Mrs. Snider will bring the kind of vigorous effort and grass roots organizational skills that will be an important part of our campaign."

Parmer County is one of the more than 230 counties that the Hance campaign has organized throughout the State of Texas. "I'm proud of our county organizations, and the role they are playing in my race for the Senate," Hance said. "These county

organizations prove the strength of our campaign statewide."

Mr. and Mrs. Gober, who live in Bovina, said, "Our campaign committee in Parmer County will be second to none in this state." Peggy Snider, from Farwell, added, "We'll work hard to turn out the vote for Kent Hance, because we believe he will provide the kind of independent leadership in the United States Senate that will best serve the needs of Texans."

Leland and Geneva Gustin live in Friona. "We're going to do all we can to see that Kent Hance is elected, because he's the most qualified candidate in the election," the Gustins said.
