SIXTY-TWO GRADUATES IN CLASS OF 1935

SECOND FREE RODEO CARDED FOR SATURDAY

Bramha Steers and Cows Have Profitted by Rest of Three Weeks, Promising Plenty of Thrills for Big Show.

After a rest of three weeks, those Bramha steers and cows and calves that furnish the background for Merkel's program of free rodeos will be in fine fettle for the coming Saturday's exhibition, which starts at 1:30 p. m.

Regular scheduled rodeo on May 4 was postponed on account of rain, and the three weeks interim occasioned thereby has given opportunity to get the livestock in tiptop shape.

Attention of contestants is again called to the provision in the rules and regulations requiring those eligible in Saturday's performance to register and pay entry fee with Tom Jinkens, arena manager, before 1 p. m. on show day.

At 3 o'clock Saturday afternoon Trent and Divide will be opposing teams in the baseball game.

Nearly Five Inches Rainfall in 15 Days

Four and three-quarters inches of rainfall has been the good fortune of Merkel and this section of Taylor county since the first of May. Thursday night's precipitation was 3-4 inch, and Tuesday and Wednesday of this week added 1-1-2 inches each day. It will be recalled that 1-1-2 inches that fell Saturday morning, May 4, caused postponement of the rodeo and ball game that day.

Since January 1, total rainfall here has amounted to 97-8 inches, as reported by Volunteer Weather Observer Grover Hale.

Funeral for Former Resident Held Firday

Mrs. T. S. Wasson, 57, who lived near Merkel for some twenty years prior to moving to Abilene in 1920, died Thursday morning, May 9, at the West Texas Baptist sanitarium, following an illness of two weeks.

Funeral services were held Friday afternoon at 2:30 from the Nazarene church in Abilene, with Rev. Homer Land, pastor, and Rev. V. B. Atterberry, district evangelist, in charge. Burial was made in the family lot at Rose Hill cemetery here.

Survivors are her husband; four sons, J. T., J. B., Clyde and Billie Wasson, all of Abilene; three daughters, Mrs. E. A. Bovine, Pasadena, Calif., Mrs. E. L. Bovine, McLean, and Mrs. W. H. Gray, Abilene; three half-brothers, Herman, Truett and Fred Rucker, Abilene; her step-mother, Mrs. J. M. Rucker, Caps, and two step-brothers, R. S. Balch, Ranger, and G. O. Balch, Dallas.

R. T. Gray Comes as New WTU Manager

Following a visit here Monday of A. C. Kyle, field representative of the Federal Housing Administration of this district, an organization for the purpose of encouraging building was perfected here, with J. E. Richardson as chairman and O. R. Dye and R. M. Ferguson as committee members.

Just as soon as supplies are received from headquarters at Fort Worth, interested parties may see either one of these men as to building loans. Both local banks are approved lending institutions. Further information will be carried in The Mail from time to time.

Later a canvass of property owners will be made with a view of aiding property owners, by making a complete check of prospects and advising owners how improvements may be made under the FHA plans for loans to be paid out of monthly income.

Farmers, as well as city property owners, may take advantage of this program, their loans to be paid on annual basis.

Launch Program Here To Utilize FHA Plan

As new local manager for the West Texas Utilities company, succeeding J. Olin Lusby, who has been transferred to Ozona, R. T. Gray assumed the management of the local office Tuesday morning, and is being cordially welcomed in business circles.

He has been connected with the utilities company for seven years, having recently been employed in the book-keeping department of the general office at Abilene. Mr. Gray states that he will move his family here just as soon as the school term in Abilene is completed.

His transfer to Ozona comes by way of deserved promotion to Olin Lusby, who since he succeeded Mat Dillingham here, has proved a most capable and efficient executive of the light and power company. He left for his new duties Wednesday morning and Mrs. Lusby will follow shortly to make their home there.

It is with regret that Merkel loses Olin Lusby to Ozona, but his career will be watched with much interest by a host of friends and associates here.

Elected to Students' Council. Stephenville, May 16.—Margaret Miller of Merkel was elected Wednesday as a member of the Association of Women Students' council of John Tarleton college for next year.

Thelma Rae Haynes Dies. Little Thelma Rae Jaynes, age 5 years, only child of Mr. and Mrs. F. O. Jaynes of Tahoka, died Monday night of pneumonia at the home of her maternal grandparents, Mr. and Mrs. W. M. Hays, at Salt Branch. The body was carried overland to Tahoka for burial Wednesday morning.

COACH IRVIN RESIGNS TO ACCEPT PRINCIPALSHIP OF HIGH SCHOOL AT CUERO

R. Briggs Irvin, who for the past five years has been principal of the Merkel High school, coach of the Merkel Badgers and teacher of Spanish, is resigning to accept the principalship of the Cuero High school at very substantial raise in salary—about a 50 per cent raise. Briggs Irvin came to us five years ago from Stanton where he had held the coaching position. He has his B. A. from Hardin-Simmons university, his M. A. degree from the University of Texas, and has done work toward his doctor's degree in the University of California.

His work in Merkel High school has been outstanding, both as teacher and coach. During the five years of his leadership, the Badgers have had more than an even break with the teams of like size around us—those teams in class B football. He has been faithful to his trust, has insisted upon and has had clean football, and

his example before the members of the team has not been one that the parents were afraid of.

His work as teacher in and principal of the High school has been very satisfactory to student and parents alike. He will be difficult to replace in Merkel High school. Students will regret to see him go, but his co-workers in the faculty, the student body and the public generally wish him well in his new field of endeavor at Cuero.

Along with Mr. Irvin, the school and town will lose his wife, a loss that will be keenly felt. Mrs. Irvin has taught English and sponsored the Senior class, and her work has been done most efficiently and pleasantly. Her resignation from the school here takes her out of school work, it is learned, as she is not to teach at Cuero. She will be greatly missed, and all Merkel wish her well in her new home.

KEEPING UP WITH TEXAS

John S. Reddit of Lufkin was unanimously elected president pro tem of the senate to serve until the first day of the next session, regular or special.

MERKEL 20 YEARS AGO

(From the Files of Merkel Mail, May 21, 1915.)

Messrs. W. D. Woodroof, T. A. Johnson and R. O. Anderson, each driving their automobile, favored a crowd of Merkelites to a spin to Sweetwater last Thursday evening to visit the Sweetwater high school building and to drive over the Sweetwater paved roads. The latter in his new Chalmers six-cylinder was not supposed to be pathfinder for the evening but once in the lead set a pace that outdid the other two cars. Those going from here were Messrs. R. O. Anderson, J. S. Swann, J. W. Wheeler, J. T. Dennis, T. A. Johnson, De Verle Johnson, W. L. Harkrider, J. T. Toombs, J. P. Sharp, W. D. Woodroof, Luther Grimes, H. L. Easterwood, J. T. Warren, H. M. Morris and Geo. W. Boyce.

E. W. Perminter of this city left Wednesday noon for Bonham, Sherman and other towns in East Texas. He will be away several weeks visiting his old home and meeting old time friends.

William Sanders Merritt entertained twelve of his immediate friends Saturday at the Merritt home on Elm street. The lawns and croquet grounds were beautifully lighted and out-of-door games as well as parlor games and singing were enjoyed.

TEXAS SONGS AND READINGS ON PROGRAM

Seniors Will Vary Graduation Exercises This Year. Adapting the Centennial Motif for Special Features.

The closing exercises of the 1934-35 session of the Merkel Public schools will begin on Friday evening, May 24. All of the exercises, including the sermon, are to be held in Merkel's new combination gymnasium-auditorium, which with the 200 additional steel chairs recently purchased will seat a crowd of about 1100 people. This new addition to the Merkel school system will probably seat three or four hundred more than any other assembling place in Merkel.

As has always been the case, there will be some seats reserved for friends of the graduates. The graduates will give tickets to these. The remainder of the large auditorium will be open to the public at each of these exercises. The general public is cordially invited to attend all of these exercises. Each one of the programs will begin promptly at 8:15 p. m.

GRAMMAR GRADUATION. The exercises of the seventh grade are being arranged by Mrs. Len Sublett. Prof. W. A. Stevenson of the Hardin-Simmons university faculty will be their speaker on Friday evening, May 24.

GRADUATION SERMON. On Sunday evening, May 26, at 8:15 o'clock the graduation sermon will be preached by Rev. C. Powell, pastor of the United Methodist church, Abilene. This exercise is to be furnished by High School chorus under the direction of Mrs. Lucy Tracy Haynes.

GRADUATION EXERCISES. On Monday evening, May 27, the graduation exercises of Merkel High school will be held in its new gymnasium. The class consists of 62 members, the largest in the history of Merkel High school.

The program will vary a little from the ordinary in that there will be no speaker. The class itself will give a program of Texas songs and readings. This program, which is being prepared under the direction of Mrs. Lucy Tracy Haynes, will be about one hour in length and will close with the presentation of diplomas to the 62 members of the class of 1935, Merkel High school.

Music was furnished by the young ladies. At the proper time refreshments were served and all expressed themselves to Will as having enjoyed the occasion very much. Those present were Misses Elsie Sharp, Ida Meek, Julia Martin, Ina Mae Adams, Mertie Dupree, Messrs. Lewis Swann, Jake Walters, Frank Armstrong, Merle Burroughs, Elbert Touchstone, Ed Scott and Minor Burns.

Choc Jones honored a few friends Sunday at the Jones home. Mrs. Jones and Miss Ruby assisted in serving the guests. Cut flowers added to the attractiveness of the reception room. At high noon a daintily served dinner, perfect in all its appointments, was enjoyed by Misses Ruby and Elva Payne, Fletcher, Jinkens, Huffaker; Messrs. Burroughs, Dilts and the host.

Ollie J. Shaffer, who has been attending a school of dentistry at Atlanta, Ga., during the winter months, returned home last week to spend the summer with his parents, Mr. and Mrs. J. F. Shaffer.

THE BADGER WEEKLY

SENIORS FIND THAT IT'S NO TIME TO LAUGH

Since the Seniors have begun on their songs for commencement, they are not so enthusiastic. A feeling of regret to leave dear ole' Merkel High school has come into their hearts. When they feel and know that there are only two more weeks of school including examination week, their hearts are made sad because they know that the time to leave M. H. S. and the friends in M. H. S. is not far away. Nevertheless a few smiles are seen on their faces when thoughts of the future come to them.

This year the Seniors are trying an entirely new and different plan. Instead of having a speaker for commencement, the Seniors themselves are giving the program. The program will be based around the theme of "Texas." Texas songs and Texas orations will be given. They are working hard to make their program a great success; and with the talent of the entire Senior class, it will be a success.

Seniors, there is going to be weeping, wailing, and gnashing of teeth on May 25.

Always until about two months until school is out, the Seniors are wanting it to come to a close. When the time for it to close comes nearer and nearer, the Seniors begin to cry for dear old Merkel High school.

Folks, we know it is going to be hard to leave you, but we are consoled a little because we are going to try to go higher. We wish much success to the students of Merkel High, especially the Seniors of Merkel High next year.

"MARGIE GOES MODERN."

The Choral club will present Friday night the one-act operetta, "Margie Goes Modern." Clara Frances Largent has the leading role, and several other girls who have good voices will be among the cast. These have worked hard on this, and hope to make it a success. Let's all be modern and come and see "Margie Goes Modern!"

The Badger Weekly

Published weekly by the students of Merkel High School and sponsored by the Senior class of '35—Mrs. R. B. Irvin, Sponsor.

The Staff:
Editor-in-Chief—Mary Helen Lancaster.
Assistant Editor—Clara Frances Largent.
Society Editor—Vivian Davis.
Sports Editor—Lloyd Robertson.
Joke Editor—Tracy Wood.

Our Seniors

Mildred West.

What would Merkel High school do without Mildred? She is the pianist for the Choral and Glee clubs. She represented Merkel High school at the county meet and won first place! Mildred is sweet, kind, industrious, and lovable.

Tracy Woods.

There is another Senior in our class this year who holds a very outstanding office—the joke editor, and it can be no one except Tracy. Everybody likes Tracy because he's friendly, humorous, and a good sport.

Vondel Woods.

In line comes Tracy's big brother, Vondel. Vondel has many friends because of his friendly ways, his determination in carrying out his ideals. Hurrah for you, Vondel!

CLASS PLAY NOTES.

Many of you, I am sure, witnessed the great occasion that took place last Friday night at eight o'clock in the new auditorium—the Senior play, "Intruding on Horace." If you did not, you have missed a thing that is essential to life, entertainment.

Did you know that we cleared over a hundred dollars? We took in more money this year than any other year. And to this great miracle we give credit to Mrs. Irvin, who has given her best in work and talent in order to train the cast. The money that we received the class has agreed to give to the buying of more chairs for the New Gym.

NOTICE.

Mr. Glover and Mr. Caple: We wish to offer you our sincere gratitude for your great kindness and generosity in rendering us, free of charge, this portion of The Merkel Mail for our Badger Weekly. We appreciate to the utmost your pleasant and satisfactory co-operation in this great service to us. We wish you a very happy summer and hope that the fish will bite for you better than the mosquitoes.

FROM THE READERS' DIGEST.

Once I wrote a newspaper column in which I undertook to tease Yale men about a football team of theirs which had gone through an unsuccessful season. I spoke of a current book in which a Yale halfback saved a small newsboy by snatching him up from under the wheels of an approaching trolley car and I made the comment: "We do things better at Harvard. When a similar incident occurred in Cambridge, one of our third substitute ends happened to be present. But he didn't bother to pick up the newsboy. He tackled the trolley

BADGER WEEKLY CONTEST COMES TO A CLOSE

The judge's decision has been made in regard to the big "Badger Weekly" contest, which has been going on for the last two weeks. As all the members of the High School faculty were the judges, we know that the decision is correct. The Junior class won. The two columns published by the Juniors with Juanita Huskey as editor were given the decision. We wish to thank each class for its efforts and the reporters of each class particularly. These reporters have certainly been efficient and always ready to do anything that they were called on to do all during the year. Without their help and the help of everyone who was called on the "Badger Weekly" could never have been a success.

We wish to thank everyone of you who has contributed to the "Badger Weekly" very, very much.

Mr. Riddle: "Powder on my coat sleeve."

Letters From the People

(The views expressed in communications to The Mail and published in this column are those of the individuals signed and should not be interpreted as reflecting the editorial opinions or policies of this newspaper.)

To the Editor, The Mail:

On last December 26 in a press dispatch the board of The Methodist Federation of Social Service said: "Only ten per cent of the government's heavy spending has returned to the ordinary man on the street. The greatest benefits, it declared, have gone to the bankers and big business men."

A condition that makes for such "class legislation" will never get the country out of the present morass if we fall into it. It can only make for more "class legislation" in a thousand different forms. And once any class of citizens become dependent upon the government for support it is next to impossible to get rid of them. It is all right to allude to the fact that the government helps the railroads, the bankers and other large interests. The very reason that the government does so is the very reason we are having so much howling from the various mobs for their pound of flesh from the government pot. So, in a sense, those in the higher brackets have no reason to complain, they set the example.

After two years of this sort of experimentation the citizens of the United States are no better off than they were when some of our so-called students of political economy and fi-

ancial wizards set out to solve the riddle of the century: how this country can produce more than it can eat or wear while millions of citizens are faced with the most despicable conditions since the Civil War; how the government can make everybody rich by spending more than it can earn, and last but not at all least, how everybody can be prosperous by permitting Uncle Sam to rob Peter in order to pay Paul. It is a good deal like eating your cake and having it. I cannot see the wisdom of it.

How long will this condition continue in this country? How long will a person wonder whether he can to the best of his ability seek to make himself useful to the community without being taxed to death to sustain government in all of its ramifications and branches? Since when has it become necessary for the government to pay farmers to quit raising wheat and meat in order that the hungry can exist? I can define nothing similar to all these things the government is doing than pure fallacy. And,

if permitted in the heat of debate, Sir, I would say we are just having too much d—m government and not enough statesmanship.

I have no fault to find with the President of the United States personally. He is trying to the best of his ability to bring order out of a chaotic condition. I contend there is neither statesmanship nor common sense to some of the policies he now pursues, such as paying farmers to reduce the necessities of life and passing so-called remediable laws that only enrich the big bankers and big

business interest of the country. Every person who accepts this kind of grant is as much a recipient of relief as any person on the direct relief rolls. We contend otherwise, but we know better.

When we learn that "self-preservation is the first law of nature" we who make the nation's living before we do our own will learn how to combat a depression, but not until then.

The motor car is a good customer of everybody..

"I foresee the time when industry shall no longer denude the forests which require generations to mature, nor use up the mines which were ages in making but shall draw its raw material largely from the annual produce of the fields. . . I am convinced that we shall be able to get out of yearly crops most of the basic materials which we now get from forest and mine." Henry Ford

THE map above tells only part of the story—the little-known story of the inter-relation of the Ford V-8 car and the farm. The figures in the map are based on what will be used this year if the Ford Motor Company reaches its intended production of 1,000,000 cars and trucks. WOOL goes into upholstery, floor coverings, lubricants and anti-rust preparations. LEATHER goes into upholstery—and in addition, glues are made from cow hide, and from cow's milk. . . Other parts of cattle, through other processes, yield stearic acid, greases, glycerine (for shock absorbers and body enamel) and soap chips (used in washing machined parts and bodies before painting). HOGS furnish lard oil, oleic acid and brush bristles. GOAT'S HAIR (Mohair) goes into upholstery. BEESWAX goes into electrical imbedding compounds.

COTTON goes into tires, batting, cloth, battery box, timing gears, brake linings and, not least important, into Safety Glass. (Every Ford V-8 car built this year will have Safety Glass in every window, at no extra cost to the car buyer. . . Cotton, in the form of cellulose acetate, is the central part between the two sheets of glass that make up every finished sheet of Safety Glass.) CORN yields butyl alcohol (for enamel finishes and other purposes) and starch (for stiffening cotton linings). LINSEED OIL is the basis for paint—is used in foundry cores—and is one of the ingredients of the beautiful, synthetic baked enamel finish on a Ford V-8. SUGAR CANE yields molasses for solvents, anti-freeze and shock absorber fluids. CASTOR OIL goes into lacquers and artificial

leather suitable for rumble seats, where real leather would be damaged by exposure to the weather. TURPENTINE is used in paints, adhesives and solvents. SOY BEANS are used in making cores for metal castings in our foundry and are also an important part of the baked enamel finish of a Ford V-8 and of the plastic knobs and buttons in the car's interior. LUMBER is used for packing purposes. It is not used for any structural part of the Ford car, which has a welded, all-steel body, reinforced with steel, for maximum safety.

Honors for Merkel Pupils in Contest

As part of the celebration of National Music week Mrs. T. T. Earth took thirteen of her pupils to Abilene to play in the National Piano tournament, which was being conducted all over the United States and other countries.

To make the national honor, the pupil has to play by memory as many as ten pieces by ancient and modern composers, Bach, Mozart, Beethoven, Haydn and Schumann being among the composers that are required.

The list of Merkel pupils and the awards won are as follows: national high honors, Doris Clyde Miller, Mary Jo Russell; national honor, Billie Wood; state honors, Frances Largent, Don Wood; district, Dorothy Nell Haynes, Jeanette Neff, Evelyn Sears, Charles Church, Missie Spurgin, Alice Russell; good rating, Eva Faye Bush, Mary Helen Mashburn. This is an excellent showing for so large a group, as the requirements are very strict, grading being done on time, expression, tone, style, memory and technic.

FORTNIGHTLY STUDY CLUB.

The final meeting of the club year for members of the Fortnightly Study club was held in the home of Mrs. W. T. Sadler Monday evening. Mrs. Asa Sheppard was leader for the lesson on "The Panama Canal and International Trade," discussing as her subject the "Influence of the Canal on Trade Routes of the World." Mrs. Tom Largent gave the "Influence of the Canal on Atlantic Coast Countries, Especially of South America." Miss Evelyn Curb gave a resume of the "Maintenance Problems Connected with the Canal." "A Descriptive Trip Through the Canal" was told by Miss Helen Patterson.

Reports from all outgoing officers were made and "speeches" by incoming officers culminated the evening's program. 1935-1936 year books were distributed and two new members elected: Mrs. Thos. Durham and Mrs. J. A. Grable. The members read the "Club Collect," after which they were adjourned until September 9th, when they will meet in the home of the new president, Mrs. Henry West.

Those present were Mesdames W. S. J. Brown, R. A. Burgess, W. L. Diltz, Ralph Duke, Lige Gamble, C. B. Gardner, R. I. Grimes, Fred Hughes, Briggs Irvin, C. H. Jones, Tom Largent, J. O. Lusby, F. C. McFarland, R. O. Pearson, Jr., W. T. Sadler, A. T. Sheppard, H. C. West, Misses Johnnie Sears, Helen Patterson, Julia Martin, Stell Ledger, Evelyn Curb and Christine Collins.

things you "don't know" about your own shops . . . I'll bet even some of you smart Seniors didn't know that Ruth Foster's Eating Place was called PO-PO! Ruth is really making a GO of her new profession and getting a kick out of it, too . . . She has as her assistant Miss Ellen Langlitz, formerly of Goldthwaite . . . In this little shop you are not only impressed with the real cordial hospitality, but with the sanitary conditions prevailing . . . Ruth specializes in fresh chicken salad, barbecued pig and barbecued beef sandwiches. And did I shout when I tried her iced coffee, my favorite drink, and the only place in town to my knowledge that serves it . . . AND 24-HOUR service, that's Sumpin' . . . These summer days you'll find Ruth's "whole-meal-sandwiches" just the thing!

Since my visit to BIRD BROS. SERVICE STATION I'm more than ever convinced that they are the cure for all your mechanical ills . . . NEVER before have I found so many EXPERTS in one small shop. Stace Bird is the Doc who can make the old motor purr . . . He has a complete repair shop . . . Max Swafford is the new radio expert . . . Max is to be commended as a night school student in the Texas School of Radio at Abilene. He RBALLY can fix your radio, and, speaking of radios, HAVE you tried out one of their new Motor Ola Radios in your car? They're marvelous, and such a luxury . . . Spencer Bird is front man, expert dispenser of that good Sinclair gasoline . . . He proudly proclaimed the high qualities of High Pressure Water that is so easy on the chassis . . . An Air Grease Gun and Spring Spray that is guaranteed to take the squeak out of Fords . . . A new "low" in Brunswick tires listened good, and here's something for you night owls to remember, "Their super-service carries 24 hours around the clock!" In congratulating the Seniors, the BIRD BROTHERS ask them to come up and see 'em some time.

I don't believe I can overemphasize the importance of patronizing your home industries . . . THE MERKEL HOME LAUNDRY is a CREDIT to any town . . . Whether your family wash constitutes the laundering of only the finer linens or the entire washing, the work personally supervised by Miss Lena Webb is exquisitely done . . . Let her driver, always prompt, call and deliver your clothes crisp and clean on the same day . . . That's service with a smile for you!

Mrs. Neill found lovely gifts which had been left for her.

After a short business session, Mrs. Campbell directed cleverly planned games and contests, and at the refreshment hour a dainty plate of jello, whipped cream and cake was served to Mesdames Brown, Joyner, Kyle Blackaby, J. L. Wilson, Warren Smith, Earl Walker, Ted McGehee, Callahan, Byers Petty and the hostess.
