LOCAL GRADE SCHOOLS TO HAVE OPEN HOUSE

As a part of the local observance of Texas Public School Week, Open House will be held in the Merkel Primary and Elementary School next Tuesday night, March 1, between the hours of 7 and 9 o'clock.

Each of the 20 rooms in these two buildings will feature science experiments, displays and exhibits. Pupils will have charge of the program in most of the rooms. The local Masonic Lodge is offering a \$5.00 cash prize in each building to the room which has the highest percentage of parents to visit on this particular evening.

All local parents and patrons are invited to visit ALL of the rooms in both buildings; to see for themselves what the Merkel boys and girls are now doing in the field of science. Many surprises, including a live volcano, are in store for the visitors.

The two Sunday services will be conducted by the pastor, the J. A. Cooley.

R. M. (Bob) WAGSTAFF seeks 17th District post

R. M. Wagstaff Files For Office Of Congressman

R. M. (Bob) Wagstaff of Abilene has formally announced his candidacy for the office of Congressman from the 17th District.

"Effective representation is the issue in this race," declared Wagstaff.

"The present incumbent has been in Congress for fourteen years, and has not given this district the character of representation to which it is entitled. A change is long past due."

Wagstaff is a member of the law firm of Wagstaff, Harwell, Alvis & Pope, of Abilene, Texas. It is the oldest and largest law firm in this area. He is widely known as an able and experienced lawyer, and for the important legislation which he sponsored as a member of the Texas House of Representatives. The Wagstaff Act, preserving the rights of cities, towns, farmers and ranchers to the use of their own waters; and the Oil and Gas Conservation Statutes, regulating the production of oil and gas, are among the most important laws on the statute books of Texas today.

"The time has come for the people to retire these so-called 'Career Congressmen,'" said Wagstaff. "They are apparently unable to solve the problems which confront our nation. It's time for a change!"

"I believe the time has come for this district to send to Washington an experienced business man and rancher who is more interested in the larger problems of the day than in Pork Barrel Legislation and the next election."

"In the fiscal year ending June 30, 1959, the Government levied more taxes, spent more money, incurred the greatest national debt, more gold, and incurred the greatest deficit ever recorded in time of peace. Nobody knows with certainty how much the Government owes, or is appropriating, because while we are shoveling the money out of the front door in congressional appropriations, the back doors of the Treasury are wide open and the spenders are carrying it out the back door without the let or hindrance of annual congressional appropriations check or justification."

"National defense is in an uncertain state, and it is certain that we are behind the enemy in the missile race. The national debt increases by billions, and no real attempt is being made to balance the budget. An unbalanced budget causes the cost of living to increase each month, and higher and higher taxes take an increasing amount of the individual's income each year. Interest rates on government bonds are the highest in many years, the farm problem is unsolved, the farmer's income is the lowest in fifteen years and burdensome surpluses overhang the market and strain the resources of the Government to pay storage charges. Old Age Assistance has been neglected, and money which might have been used to raise old age pensions to an adequate level has been squandered recklessly. The Social Security system is not actuarially sound and faces a crisis during the next few years. The oil industry faces serious problems and lacks effective leadership in Congress. The Federal Government continues to intrude into the affairs of the states. The only remedy the people have is to retire enough 'Career Congressmen' to bring about a change. You will have an opportunity to express yourselves on May 7th."

"I have made arrangements, upon taking my seat in Congress, to resign completely from the practice of law and to devote my entire time to the interest of the people of this district. They will be my sole clients, and I intend to represent the people of the smallest county in the same manner as the largest. From time to time as the campaign progresses, I will discuss my stand on specific issues."

Mrs. Buntin, Mrs. Baker and Mrs. Curtis McAninch plan to attend the sewing school to be held this week in the auditorium at Taylor Electric Cooperative.

Refreshments of cake and hot chocolate were served to six members.

The next meeting will be an all-day affair in the home of Mrs. Carl Walton, Friday, March 4. The program will be "Hurry Up Meals."

Johnson Club To Meet Monday

The Merkel Johnson-for-President Club will meet in the Taylor Electric Auditorium at 7:30 p. m. Monday, Feb. 29.

FULL HOUSE SEES LOCAL DOCTOR RECEIVE AWARD AT C-C BANQUET

Newsboys appeared with an "Extra" of the Merkel Mail at the Merkel Chamber of Commerce banquet Thursday night just after Dr. Wm. T. Sadler was presented the Outstanding Service Award.

Front page of the paper, featuring a three-column picture of the doctor, was almost completely devoted to stories about him. (See page 2 for reprint).

Booth Warren, president of Merkel's F & M Bank, had presented the award to Dr. Sadler and Mayor Earl Hughes just finished reading a proclamation proclaiming the week of Feb. 22 as "Dr. Wm. T. Sadler Week in Merkel" when 12 newsboys descended on the startled crowd of some 300 persons in the school cafeteria, yelling "Extra, Extra!"

The local boys all around eight or nine years of age, were dressed as typical newsboys and played their part to perfection.

Dr. Bryan Wildenthal, president

of Sul Ross College and guest speaker for the banquet, abandoned the speech he had prepared to talk about small communities.

"There is no substitute for a devoted teacher, or for a devoted doctor such as you have honored here tonight," Dr. Wildenthal said. "A community the size of Merkel can give an interest which the larger cities cannot give, for there is a simple conviction in Merkel to give not only of money, but of time."

"Your leaders are to be congratulated for keeping alive the simple virtues in Merkel through the recognition of such a man as Dr. Sadler," he added.

Guests present from Hambley, Dress Air Force Base, Tunnah, Dallas, Fort Worth, Abilene and Clyde were welcomed in an address by Sylvan Mellinger, Merkel merchant. Mack Fisher, superintendent of schools and outgoing director, introduced the guests.

Dr. Don Warren, son of the banker and an associate of Dr. Sadler's in Sadler-Clinic Hospital, was master of ceremonies.

The new Chamber of Commerce president Earl Watts was introduced by Nolan Palmer outgoing president.

Mrs. Mary Hargrove C-C secretary presented other officers and directors.

New officers are Kent Satterwhite vice president and Adelle Elkins secretary-treasurer. New directors are Mrs. Almada Bullock, Mrs. W. T. Sadler and John Shannon. Holdover directors are Johnny Hammond, Clyde Bartlett and Newt Logan.

Dr. Sadler, who also has extensive ranching interests, was honored for his 35 years of service to this community. He owns and operates his own 17-bed hospital, is active in community affairs and gives his support and time to youth organizations and athletic teams.

ELECTRIC CO-OP PANEL HEARS 'RIGHTS' TALK

John Davenport of Austin, state membership representative of the Texas Electric Cooperatives, formerly associated with electric co-op work in Georgia, told 45 members of the Taylor Electric Cooperative educational committee and guests meeting at the Pleasant Hill Community Center Friday that co-op's belief is "basic right of ownership."

He said when cooperatives began to organize in Georgia they were told to do their work in the small towns and rural areas, but as suburban development began to spring up they encompassed much of the territory developed by the cooperatives. He said cities then began to accuse them of invasion.

Georgia co-op leaders got together and decided all they wanted was to keep what they had

and expressed willingness to pay ad valorem tax on their property, Davenport said. Even this was not satisfactory and the battle ended up in the lap of state lawmakers.

Voiced Opinions

Davenport said interested members of the electrical cooperatives flocked to hearings on the matter to voice their opinions. He said in the end legislation was passed with about the same proposals as the leaders mapped out in the beginning.

Helping educate people of Georgia on the matter were members of "minutemen programs." These people belonged to groups like the educational committee which met at Pleasant Hill Friday morning.

The local group was organized in 1957, holding its first meeting on Feb. 13, 1958 with 28 active members, according to Mrs. R. G. Toombs of Merkel, committee secretary. It was the first "minutemen type" meeting for Texas cooperatives and the seventh in the nation, she said.

Today membership has climbed to 52, representing the eight counties serviced by the co-op. These members (man and wife each serve on the committee) are selected by the co-op's board of directors.

Counties Represented

Counties represented are Taylor, Jones, Nolan, Fisher, Callahan, Coke, Eastland and Shackelford.

Percy Witt of Sweetwater was elected chairman of the group for 1960 at the morning's officer election supervised by Bill Tippen representing the co-op's legal counsel of Bradbury, Tippen & Brown, Abilene. Witt succeeds R. L. Vinson of Rt. 6, Abilene, who was elected a member-at-large.

Weldon Edwards of Clyde was elected vice - chairman succeeding Witt. Mrs. Toombs was re-elected secretary, and Earl Watts of the co-op's office at Merkel was re-elected treasurer. Other members - at - large are B. J. Gist of Hamby and R. G. Toombs.

The group's bylaws were amended to allow old officers to serve until new ones are selected. Sometimes, such as this year, this becomes necessary due to a late meeting date.

Lunch Served

Lunch was served after the above business.

Several state representatives and candidates visited with the group following the luncheon. They included Max Carrier of Roby, incumbent, 91st district; Truett Latimer of Abilene, incumbent 84th district; Don Norris of Abilene 84th district; Keith Wheatley of Stamford, 85th district; Charles Davison of Abilene, 84th district; and Scott Bailey of Cisco, 76th district.

Besides those already mentioned, the following educational panel member - families were represented: Leo Chrane Rt. 2, Abilene; Mansfield Foster, Rt. 2, Winters; Odell Freeman, Rt. 2, Trent; Lonnie Lewis, Nolan; Jake McMillon, Lawn; H. E. Nicholas, Guion; Joe Seymour, Merkel; and F. N. Taylor, Ovalo.

Lester Dorton of Merkel is the cooperative manager.

N-O-T-I-C-E

A representative of the office of Burl King, tax assessor-collector, will be at the Home State Bank at Trent Thursday, March 3, from 9 a. m. to 3 p. m. with new 1960 license plates for sale.

Girl Scouts, Brownies Attend Abilene Program

Monday, Feb. 22, marked the observance of the "Thinking Day Program," which annually honors Lady Baden Powell of England and Juliette Low, the founders of Girl Scouts. They brought scouting to America 48 years ago.

All troops and leaders of the Merkel Brownies and Girl Scouts attended the program held at Lincoln Junior High in Abilene for Brownies and Scouts of Taylor County.

Senior Girl Scouts of Abilene presented the program. Many of them had attended the International Girl Scout Round-up at Colorado, and gave an account of their experiences. A colored movie of the Round-Up was shown. A film, "Peace Fire" was lighted following the showing of the wood, burned at the Round-Up. Peace Fire were used, and each girl took pieces of the wood to be burned during the Thinking Day Program around the world.

The Girl Scout, through this circle of world-wide friendship, works toward peace for all.
