

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — House members burned midnight oil in an effort to get a tax bill to the Senate before the mid-point of the brief 30-day session. In the long, long sessions and seemingly endless succession of

approaches, amendments, substitutes and substitutes for the substitutes, it was often difficult to tell who was winning what. Show-down votes indicated that it is still easier for members to agree on what they don't want than on

what they do. Rejected, at least for the time being, was a package bill recommended by the Revenue and Taxation Committee. Its main money-raiser was a sales tax, with exemptions, on items costing \$5 or more. It also included more utilities taxes, natural gas taxes, a transfer of funds from the permanent school fund, a revised franchise tax and a bookkeeping transfer. Also turned down were proposals for a 4 per cent corporate tax by Rep. Bob Eckert of Houston and a 1 per cent general sales tax by Rep. Tom Andrews of Aransas Pass.

Rep. Charles Ballman of DeWitt, chairman of revenue and taxation, was pushing for a package bill that closely tracked Gov. Daniel's recommendations at the beginning of the session. It differed from the committee-written package chiefly in that it included a Pennsylvania-type sales tax, applying only to items listed in the bill.

Despite the House problems, an August 8 finish may still be possible. The Senate, generally swifter and more nearly of one mind on money matters, it agreed on a tax bill in the regular session in approximately one-third the time spent by the House.

Hardest part is getting agreement on one plan from both House and Senate — and finally — from the governor.

FUND BILL PROGRESSES — House has given second reading approval to a bill appropriating \$2,527,000,000 for the next two years.

It is slightly higher than the bill passed earlier by the Senate, and eventually differences will have to be worked out by a conference committee of the two houses.

A group of conservatives in the House were foiled — at least temporarily — in an effort to cut the bill by \$27,000,000 through economy measures. Among items they felt could be deleted or put off were recarpeting the House chamber and refinishing members' desks for \$250,000, adding an office for the governor to the Governor's Mansion for \$50,000, installation of a sprinkler system on the Capitol lawn for \$20,000

Man's Best Friend Rates Special Attention in 4-H Dog Project

Fido never had it so good! That is, if his master or mistress belongs to a 4-H dog care and training club.

The dog care awards program is new in 4-H and was offered on a national scale for the first time this year, according to T. W. Thompson of the National 4-H Service Committee. Mr. Thompson was one of the early planners, and works closely with the Cooperative Extension Service in a consulting capacity. Daily care—including proper feeding, grooming, exercising and health—is the foundation of the learn-by-doing program. Obedience training is also important to both the animal and the owner, Thompson says. The project is appropriate for both farm and city 4-H Clubs.

Backing the dog project with tangible rewards for girls and boys who make the most headway with their pets is the Ralston Purina Company of St.

Louis, Mo. The firm is providing, through the 4-H Service Committee, gold-filled medals for as many as four blue award winners in each county, and a handsome 19-jewel wrist watch for the top-ranking member in the state. Authoritative literature on breeds, handling and exhibiting is made available without charge to 4-Hers, local leaders and Extension agents, Thompson advises.

To be eligible for the state award, the club member must have been in 4-H at least three years and be 14 years or older. Additional information regarding enrollment in the dog care and training program may be obtained from the county Extension office.

and several other expenses of that nature.

Economy group also wanted to trim back some increases in the bill for salaries and travel expenses for state personnel and eliminate paying legislators a salary for the period between November, 1960, when the annual pay amendment was approved, and the start of the session in January.

SCHOOL BILLS MOVE — A bill to provide more liberal state aid for sparsely populated school districts has been approved by the House Education Committee.

Rep. Sam F. Collins of Newton is sponsor of the measure which would provide \$378,000 to pay for 90 additional teachers in rural areas. Most of the extra teachers would be for Negro schools.

Objectors to the bill said it would perpetuate the problem of having school districts too small to provide a strong school program.

On the other side of the Capitol, the Senate Education Committee gave reluctant approval to a more economical teacher pay raise plan than the Hale-Aiken plan it already had approved. Sent to the floor was a bill by Sen. Bruce Reagan of Corpus Christi which would give teachers a .600 a year raise this year, \$200 more in 1963 and \$200 more in 1965. Hale-Aiken provides for \$810 a year more immediately.

ANTI-POLLUTION PUSHED — A bill creating a board to control water pollution is under study by the House Conservation and Reclamation Committee.

Similar bill was passed by the House last session but died in the Senate. Rep. R. H. Cory of Victoria, sponsor of the measure,

said that unless the state acts now to control pollution, the federal government will take over.

Under the Cory bill, a nine-member commission would be created with power to cancel an industrial firm's permit to operate if it persisted in activities causing water pollution.

A bill to reorganize the State Board of Water Engineers, somewhat along the lines of the State Highway Commission, is also under study by the same committee. Under the proposal by Rep. Franklin Spears of San Antonio, a chief engineer would be in charge of administrative and technical functions and a board would make policy.

LOBBY BILL DEBATE — A bill to provide additional lobby regulation attracted neither friends nor enemies to a hear-

Mrs. Walton Is Host For Union Ridge

The Union Ridge Home Demonstration Club met in the home of Mrs. J. C. Walton Thursday for a salad luncheon.

Mable McRee, president, presided for the business session when she read a questionnaire on "Civil Defense."

Members participated in the program by showing snapshots of themselves—some recent and others made when they were children. These were identified by the group.

Mrs. Clyde Newton was in charge of recreation.

Visitors were Mrs. F. Y. Galt, Mrs. Dent Gibson and Mrs. Ike Turner.

Nine members were present.

Home Demonstration Notes

By LORETA ALLEN

Faylor County Home Demonstration Agents

Only one delegate to the Continental Congress signed the Declaration of Independence on July 4, 1776, according to World Book Encyclopedia. That was John Hancock, president of the Congress. Most of the other members signed on August 2, after a copy of the declaration had been engrossed on parchment.

You missed a real nice style show if you did not come to see the 4-H girls modeling last week. All of the girls were pretty and had done a nice job of sewing. Sue King was first place winner in the senior division. Barbara Brady won first in the dress division for the juniors. Nancy Story was first place winner in the blouse division — incidentally she won first place with her skirt last year. Betsy Orr won the top award in the skirt division. Sue and Barbara will model in the District 7 4-H Dress Revue to be held in Abilene August 3rd.

The look of the dropped waistline is one of the new fashion items for fall, according to Rheba Merle Boyles, extension clothing specialist of the A&M College of Texas. Generally the waistline is hinted at rather than definitely

marked with low placement of belts and pockets.

When it comes to skirts the flare is new. In many designs the flare starts at the pockets on the elongated waistline and spreads gradually to the hem.

There is new interest in women's suits this fall with a flattering feminine softness in fabric and styling.

New textures and bright, youthful colors will be available in all women's wear — dresses, suits and coats. Natural and white will be good, too, especially in coats. Dimensional tweeds are new—and can add drama to any wardrobe.

All-wool plush is new for coatings. Black chinchilla cloth, and alpaca and mohair blends will be fashion right, too.

Appetites may lag a bit on these hot summer days. It's easy to overlook the need for balanced nutritious meals and simply "fill the family" with an assortment of this and that.

To solve this situation, try some of the hearty, nutritious salads suggested in a bulletin by extension foods and nutrition specialists of the A&M College of Texas.

Many tested recipes and special tips for making salads for different kinds of meals and snacks are given in the bulletin, "Salads." Also included are recipes for special salad dressings. Many of you will be especially interested in the low-calorie dressings for fruit and vegetable salads.

Copies of this bulletin and other foods and nutrition information are available now from my office at 317 Pecan Street, in Abilene.

NACOGDOCHES WAS BATTLEGROUND

You could write a book about the battles that were fought for Nacogdoches. Also one about the armies and expeditions that captured this East Texas town.

Two expeditions bent on freeing this land from the Spanish were those of Magee-Gutierrez and Dr. James Long. Both were ill-fated excursions.

As a reminder of this stormy history, one of the oldest of the many historic home still in Nacogdoches today is that of Adolphus Sterne, the Alcalde at the city when it was under Spanish rule. Sam Houston once lived in this same house.

VETERANS INFORMATION

Q — My daughter, although past 18 years of age, has still been receiving a pension payment since she is still in school. She recently got married but will continue in school. Can she still receive her pension payments?

A — Pension payments to children of deceased veterans cease when they marry.

Q — My son was in World War II. Recently he died of natural causes. I have no income. Can I get a pension?

A — Parents may receive compensation payments only when the veteran-son had a service-connected disability. They are not entitled to non-service-connected pension payments.

Q — Will the Government pay my way to the VA hospital when I enter next month for treatment?

A — Transportation may be provided if necessary but only when application for such paid transportation is made in advance. Prior authorization for travel MUST be secured from the VA.

Q — What is the burial allowance provided by the VA?
A — The VA is authorized to pay \$250 toward an eligible veteran's burial expenses. Claims must be filed within two years after the veteran's permanent burial or cremation.

Farm Facts

Production of citrus fruits in the United States increased from about 3 million tons in 1935-36 to a high of 8.2 million in 1956-57. It is expected to attain new heights in the 1960's, according to the U. S. Department of Agriculture.

Oranges led in volume produced and in the upward trend. Grapefruit were second in production volume. Production of grapefruit increased sharply until the late 1940's but declined abruptly following freeze damage to groves in Texas. Output of lemons and tangerines has almost doubled since 1935.

The 1959-60 orange crop was about 127 million boxes. Of this tonnage, Florida produced 75%; California, 22%; and Texas, Arizona, and Louisiana, 3%.

About 9% of all citrus was processed in 1935-36 as compared with about 57% in 1959-60. Processors used the following percentages of the 1959-60 citrus crop: oranges, 64%; grapefruit, 42%; lemons, 48%; tangerines, 19%; tangelos, 16%; and limes, 88%.

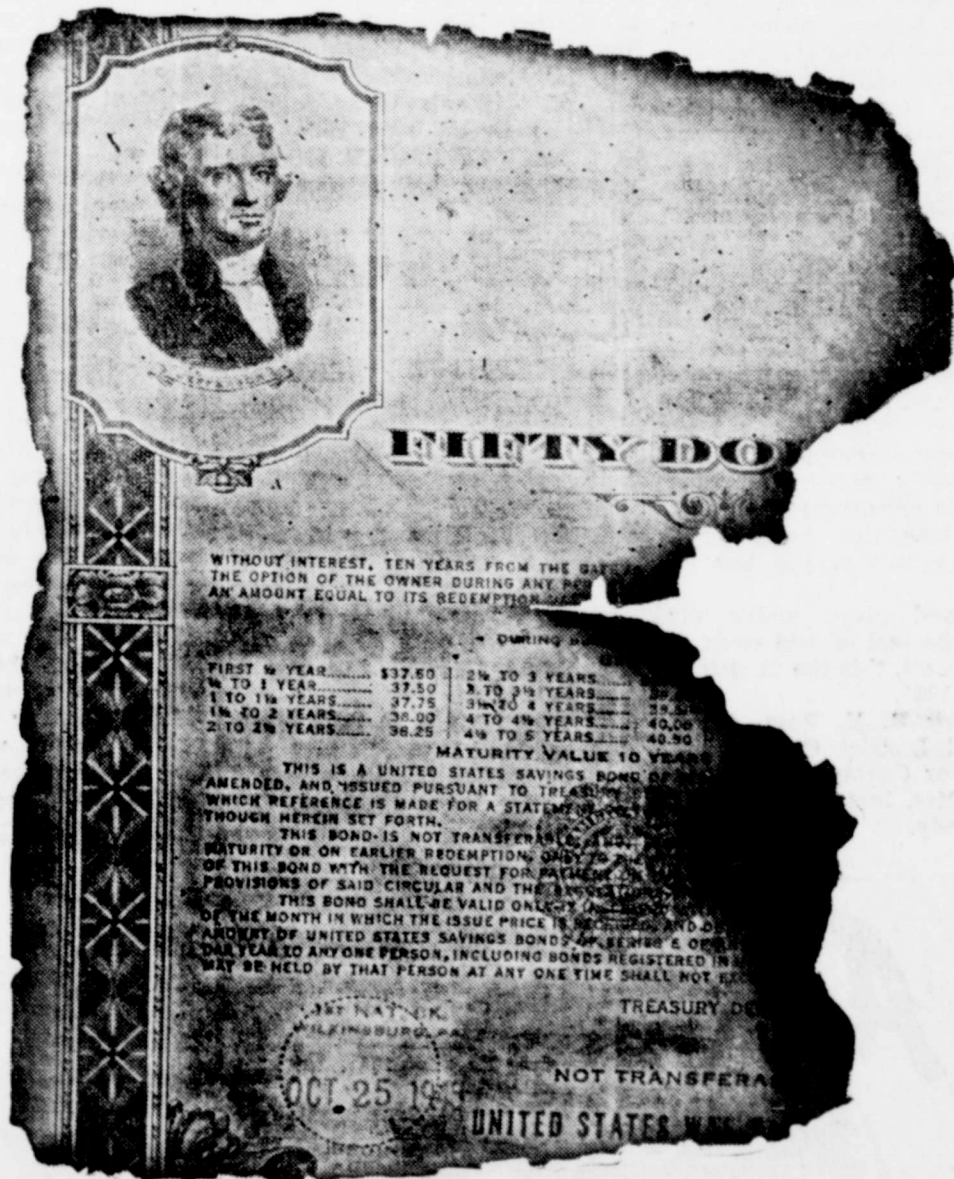

Citrus fruit production has almost tripled in 25 years.

Per capita consumption of processed citrus in 1960 was about 63 pounds (fresh equivalent basis) and that of fresh citrus was about 84 pounds. Per capita consumption of processed citrus increased until 1944-45 and then declined.

ing before the House State Affairs Committee.

Pro and con views were presented solely by members of the House before the measure was sent to subcommittee for study. Proposed bill would require lobbyists to file a report showing who received any amount above \$10 spent to influence legislation. It would also prohibit a lobbyist's calling a member off the floor during session without advance permission.

Critics declared the legislators

didn't need a law to enable them to stay put at their desks if they wanted to.

BEST TAX IS NO TAX — Citizens for Fair Taxation, an anti-sales tax committee, announced, as expected, that its poll showed a majority against a retail sales tax.

It also seemed to show that the people polled were not very much in favor of any kind of new tax. CFT announced that 78 per cent of those opposed were against a retail sales tax on items of 25 cents or more, and 61 per cent were against selective excise or sales taxes if they hit any of the necessities. Eighty per cent were against a personal income tax.

A majority in the CFT poll favored the abandoned property bill, raising franchise taxes on interstate corporations and a corporation income tax.

UP THE CANYON
By TOM RUSSOM

Well, the cotton farmers are wanting sunshine on the cotton and the stockmen are wanting another shower to keep the grass and weeds growing.

We will agree that the cotton does need sunshine. Some of it is knee high and not a bloom on it. One man's guess is as good as another as to the outcome of the cotton crop.

The feed is fine all over our area and should make a lot of feed without any more rain.

Some of the farmers are wanting to buy cattle to put on field pasture, but the price is still holding some of them off from buying. However, with so much pasture everywhere, the price may hold up for some time, and could hold through our summer months.

All the sheep raisers will agree that this year has been too wet for lambs to do too good. However, ewes are real fat.

The Canyon received up to 4 inches of rain over the weekend which was a pretty good dose after all the other rains that have fallen.

I can still remember how long it would take us to gouge the dirt out of our noses and eyes during that awful drought we had in the Fifties. I prefer to gouge mud from between my toes anytime.

Buddy King, son of Mr. and Mrs. Allen King, has returned home after a fine visit with his brother, Allen Jr., of North Platt, Neb. He reports a wonderful trip.

Mr. and Mrs. Louis Butman and children have returned from a trip to San Antonio and other points in South Texas.

Mr. and Mrs. Herbert Swinney and Mr. and Mrs. Harold Swin-

TROPICAL PINEAPPLE PIE

3 Tablesp. butter or margarine
 1 1/2 cups coconut
 9-oz. can crushed pineapple (do not drain)
 1 cup water
 1 Tablesp. lemon juice
 1/2 cup sugar
 1/4 teasp. salt
 2 eggs, separated
 1 pkg. lemon gelatin
 1/2 cup PET Instant (in dry form)

Melt butter in 10-in. skillet. Add coconut and mix well with fork. Cook over medium heat, stirring often, until coconut is golden brown. Set aside 2 table-spoons of mixture to decorate pie. Press rest firmly on bottom and sides of 9-in. pie pan. In 1 1/2-qt. saucepan mix pineapple, 1/2 cup water, lemon juice, sugar, salt and egg yolks. Cook and stir over medium heat until mixture reaches full, all-over boil. Take off heat. Stir in gelatin until dissolved. Chill until very thick, but not set. Put egg whites, 1/2 cup water and PET Instant into 1-qt. bowl. Beat with rotary hand beater, or with electric mixer at high speed, until stiff. Fold into chilled pineapple mixture. Let stand a few minutes, until mixture starts to set. Put into coconut shell. Decorate top with set-aside coconut. Chill until firm, about 3 hrs., before serving.
